Methods of Instruction

- Distance Learning

Lecture:

1. Students will view a documentary entitled "Gay Sex in the 70's" and discuss in both small groups and then subsequently in the larger group, the visual, musical, camera angles, use of pause or silence, etc., leading the audience to "feel" the loss of freedom introduced in the gay male community by the AIDS epidemic. Small groups will create a list of techniques utilized by the film, the lists will be discussed in the larger class and then the class will slowly view the relevant sections of the film, stopping to discuss the techniques. The professor will be moderating the discussion.

Distance Learning

1. Students will view the short documentary film, "Screaming Queens," and discuss via asynchronous chat, the use of vintage still photographs as B roll to support the interviews with participants in the riots. Students will also compare and contrast an uninterpreted oral history with an interpreted and constructed documentary narrative. The professor will be moderating the discussion. Students will be discussing the use of imagery.
