Overview

Sociology is a disciplined quest for the understanding of human behavior—particularly in post-industrial society. Through a systematic analysis of society, its groups, institutions and processes, sociologists hope to better understand and predict human behavior. The introductory course provides a foundation in sociological concepts, with the goal of having students acquire the perspective in sociology and the ability to see their personal position in a societal context. Other sociology courses focus on social problems, race and ethnic relations, gender and gender identity, and the family.

TRANSFER REQUIREMENTS in Sociology are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements. Positions for which four-year graduates in Sociology are qualified include, but are not confined to, research, social work, personnel and corrections/probation work.

Social Justice Studies for Transfer

AA-T Degree

The Social Justice Studies Program utilizes an interdisciplinary approach to the study of social justice. The program explores the intersection of identities, for example race, class, gender and sexual orientation, and analyzes the socio-economic, cultural, environmental, and political influences on inequity and social justice.

The Associate in Arts in Social Justice Studies for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor's degree in Social Justice or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting

the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor's degree.

To earn the Associate in Arts in Social Justice for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of "C" or better; and
- completion of the California State University-General Education-Breadth (CSU GE) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.
