

SIERRA COLLEGE ASSOCIATE DEGREE REQUIREMENTS 2024-2025

Sierra College Philosophy for General Education: General education is designed to introduce students to the variety of means through which people comprehend the modern world. General education introduces the content and methodology of the major areas of knowledge: the humanities and fine arts, the natural sciences and the social sciences. The general education program provides the opportunity for students to develop the intellectual skills, information technology facility, affective and creative capabilities, social attitudes and appreciation for cultural diversity that will make them effective learners and citizens.

Note: Students who possess a baccalaureate or higher degree completed at a college or university accredited through a CHEA (Council for Higher Education Accreditation) recognized Regional Accrediting Agency will have satisfied Sierra College general education and competency requirements for the Associate of Arts or Associate of Science degree. International coursework from non-United States regionally accredited institutions cannot be used to waive Sierra College General Education.

I. General Education Breadth Requirements

A. Natural Sciences

(For an AS degree: must complete a laboratory science. Laboratory courses/course combinations are indicated by an asterisk.)
