District Mission and Institutional Outcomes

Mission Statement

The mission of Sierra College is to provide an inclusive and safe educational environment where learners are supported while challenging themselves and achieving their goals.

Vision Statement

Sierra College will be the preferred destination for higher education and training in our region while eliminating achievement gaps among our students.

Core Values

The following core values will establish our ethical principles and will guide our institutional decision-making. Sierra College will:

1. Empower students in their education.
2. Strive toward student success and continuous improvement.
3. Be an inclusive and equitable community.
4. Be responsive to the education and workforce needs of our local community and businesses.
5. Demonstrate collaboration with all stakeholders in decision making.
6. Manage all resources in a manner that is sustainable and responsible.
7. Support and model excellence and innovation in teaching, learning, scholarship, and creativity.

Sierra College Promise

Since its first days, the promise of Sierra College has been to provide a challenging and supportive learning environment for students having diverse goals, abilities, and needs interested in transfer, career and technical training, and lifelong learning.

While Sierra College is focused on our immediate service area (https://www.sierracollege.edu/about-us/board/) and its surrounding communities, we welcome all students, whether from other parts of California, other states (https://www.sierracollege.edu/admissions/costs.php), or from outside the US (https://www.sierracollege.edu/student-services/support-programs/international-students/). Whether a student’s goal is to transfer (https://www.sierracollege.edu/student-services/transfer-center.php) to a four-year college or university, earn an associate’s degree or certificate (http://catalog.sierracollege.edu/degrees-certificates/), learn job skills (https://academics.sierracollege.edu/community-education-0/), or engage in lifelong learning (https://academics.sierracollege.edu/oshers-lifelong-learning-institute-ollis/), Sierra College has a place for them.

In order to ensure Sierra College is meeting its promise, the college regularly reviews the progress of our students (https://www.sierracollege.edu/planning-governance/) through assessing learning outcomes and monitors to ensure that students, regardless of background, are achieving their educational goals (https://www.sierracollege.edu/equity.php).

Student Learning Outcomes

Student learning outcomes (https://www.sierracollege.edu/slo/students/islos) state the expected knowledge, skills, and abilities students possess as a result of utilizing services and completing a course, a certification or a degree. At Sierra College, instructional programs define student learning outcomes for their content areas and link them to courses, certificates and degrees. Student learning outcomes for individual programs may be found on the Sierra College website. Course student learning outcomes are included in the class schedule. The general education sequence supports students’ attainment of the college’s institutional outcomes, as do the student learning outcomes for student services. These outcomes align with our district mission, support our vision, and reflect our core values.

Institutional Outcomes

Students attend Sierra College for a variety of reasons. Based on their own educational goals and experiences, students will develop skills in the following areas:

Communication

1. Read—Use active reading skills to comprehend and interpret information and ideas from a variety of texts, including academic prose (such as textbooks, literature, primary and secondary sources, and scholarly journals), technical documentation (such as manuals, charts, graphs, and reports), and media sources (such as newspapers, magazines, websites and online databases).
2. Write—Communicate thoughts, ideas, and information effectively in writing in a variety of modes and for a variety of purposes. Accurately and persuasively convey information and ideas using logic, reasoning, and effective rhetorical strategies. Use correct grammar, spelling, punctuation, diction, style, and format.
3. Listen—Demonstrate active listening skills in classroom, community, personal, and professional situations. Interpret and respond appropriately to verbal and nonverbal communication in a variety of contexts.
4. Dialogue—Interact in a variety of dynamic situations by assessing the needs of the audience, creating a message, adapting to audience feedback, and responding appropriately. Through dialogue, build mutual understanding with individuals from various backgrounds.

Technology and Information Competency

1. Demonstrate Technical Literacy—Efficiently and accurately use current computer and other relevant technologies to acquire, process, and present information. Organize and maintain records.
2. Apply Technology—Use computer applications and other technologies in the learning process, real-world scenarios, and the workplace. Organize and maintain records.
3. Access Information—Recognize the need for information; choose and narrow topic. Formulate search questions. Gather, organize, and discriminate among various sources of information.
4. Evaluate and Examine Information—Filter information for relevance and accuracy. Apply criteria to determine credibility. Utilize data gathered to draw conclusions. Construct meaning from expanding and conflicting information. Credit sources according to academic standards.

Critical and Creative Thinking

1. Inquire—Identify and understand questions or problems across disciplines and in practical applications. Develop hypotheses.
2. Analyze—Investigate and assess the validity or relevance of arguments, claims, or contentions supported by data, observation, experience, testing or analysis. Distinguish fact from opinion. Develop an interpretation with an awareness of different views and reasoning.
3. Problem Solve—Use sound reasoning to specify solutions and consequences. Test hypotheses using methods appropriate to the problem (such as the scientific method, mathematical reasoning, and principles of logic).
4. Express—Acquire an appreciation and involvement in the creation or performance of works of fine art, craft, music, drama, and/or culture. Participate in games, sports, dance, and outdoor pursuits based on individual interests and capabilities.

Citizenship

1. Ethics—Develop and apply ethical reasoning and decision making skills in academics, in the workplace, and in global and local communities. Value honesty, civility, empathy, interpersonal competence, social responsibility, and peaceful conflict resolution.
2. Diversity—Recognize, understand, and respect diversity of belief, culture, value, ability, gender, race, age, and sexual orientation.
3. Sustainability/Global Awareness—Develop values and behaviors that respect the natural environment. Evaluate social justice issues and identify social responsibilities to elicit social change. Recognize the ethical implications of political, social, and economic institutions.
4. Personal Responsibility—Accept personal responsibility by recognizing oneself as the principal cause for opportunities and experiences. Effectively develop, apply and manage a healthy lifestyle and emotional well-being; self-motivate through planning and acting to accomplish goals. Recognize the value of life-long learning.

A Brief History of Sierra College

The origin of Sierra College is somewhat uncertain. Some have said that the College may have begun with the establishment of Sierra Normal College and Business Institute in 1882. It was a small, private college at the location of today’s Placer High School in Auburn. Most think that Sierra College is an outgrowth of the Placer Union High School District.

In 1914, the Placer Union High School District was born, stretching from Loomis to Lake Tahoe. That same year, college-level classes were offered. The new college was named Placer Junior College. It was the fourth oldest
junior college in California at the time and only one of nine statewide; the faculty numbered four.

Due to enrollment loss caused by World War I, Placer Junior College was abandoned by 1920, but the college idea never completely died. In 1936, the college was reestablished, again in Auburn, with the enthusiastic support of local voters. It is 1936 that Sierra College uses as its official date of birth.

Three wings of buildings were constructed to serve primarily Placer Junior College, but Placer High School students shared many of the facilities, instructors and organizational structure with the new college. Enrollment numbered about 100 and the college athletes went by the name “Spartans.” The college grew steadily and by 1938, 200 students were enrolled.

Enrollment crested at 282 in 1939, but events quickly overtook the college in the 1940s. The 1941 attack on Pearl Harbor essentially ended enrollment by men as many went off to serve their country. Additionally, enrollment dropped significantly when Japanese-Americans were forced into internment camps. The student population dropped to 53 by 1943. The college eliminated the “Junior” from its name, becoming Placer College.

The war’s end brought returning veterans, the end of internment, and the GI Bill of Rights. Enrollment in the post-war years exploded as a result. 1946 saw 467 students—about half were veterans. 856 were enrolled in 1949 and the Placer College facility was bursting at the seams. The College had reached full capacity, and efforts to find a new college location began. Area population continued to grow and the need for new facilities grew acute. In 1953, Placer College was renamed Sierra College and its athletes gained a new nickname—the “Wolverines.”

In 1957, the new Sierra Junior College District successfully passed a bond measure to pay for new facilities. In 1958, a site selection committee considered thirty-five possible locations and the present Rocklin site was chosen.

By 1961, the new Rocklin campus opened and enrollment reached 1,500. In 1962, Nevada County joined Placer County in forming a huge new Sierra Junior College District, which then had more square miles—3,200—than students.

Enrollment boomed in the 1960s. By the end of the decade, Sierra College boasted 100 full-time faculty members and nine new campus buildings. Enrollment was nearly 4,000. However, as fast as new facilities could be built, they were filled. The next several decades saw significant student population growth. From 1970 to 1990, enrollment jumped from 4,000 to nearly 14,000, and, by the year 2000, the college enrolled approximately 18,000 students.

In 1996, the 105-acre Nevada County Campus was opened. Twelve locations had been considered in that county until property between Grass Valley and Nevada City was chosen.

Leased centers were opened in the Tahoe/Truckee and Roseville areas. Classes were also taught at local high schools and community centers.

In recent years, successful bond issues provided for an expansion of the Nevada County Campus and the creation of a permanent Tahoe-Truckee Campus. In 2008, the Tahoe-Truckee campus inaugurated its brand-new facilities. Located on beautiful McIver Hill next to Interstate 80, the state-of-the-art “green” campus overlooks historic Truckee. In 2008, a new Mathematics and Technology Building was constructed on the Rocklin campus.

In 2010, as the result of the passage of the voter-approved Measure G Bond in November 2004, new buildings on the Nevada County Campus opened, including a computer lab and buildings for the arts and public safety.

Sierra College continues to be in the vanguard of innovative projects. The award-winning mechatronics training program is a national leader in cutting-edge electronics and robotics.

Beyond the classroom, Sierra College operates an outstanding Natural History Museum. Specializing in evolution and paleontology, the museum is open to the public with its high-quality displays and hosts thousands of visitors annually, including attendance at the yearly Dinosaur Days event. The Sierra College Press functions as the only complete academic press operated by a community college in the United States. It often publishes with Heyday, an award-winning California publisher in Berkeley. The Associated Students of Sierra College (ASSC) partners with college-wide programs and student clubs to cosponsor numerous meaningful activities on campus that celebrate environment, human cultures, political awareness, gender and sexual equality, and many other important issues. Student athletes compete in numerous intercollegiate sports within the California Community College Athletic Association, the Big 8 Conference and the Northern California Football Conference. Men and women student athletes have earned eight California State Championships for Sierra.

Sierra College’s outstanding academic reputation, excellent technologies and training programs, and updated facilities led to increases in student enrollment. Projections of future “for credit” enrollment top 25,000.

The Sierra Community College District includes all of Placer and Nevada Counties and part of El Dorado and Sacramento Counties. In recent years, Placer and Nevada Counties have been two of California’s fastest growing areas.

The College District continues to experience dramatic growth and change. The future is bright as new technologies evolve, offering greater educational accessibility for students—both today and tomorrow.

Since its first days, the promise of Sierra College has been to provide a challenging and supportive learning environment for students having diverse goals, abilities, and needs interested in transfer, career and technical training, and lifelong learning. The College continues this mission as it adapts to meet the ever-changing needs of students.

General Information
Accreditation

Sierra College is accredited by the Accrediting Commission for Community and Junior Colleges (ACCJC), which operates under the Western Association of Schools and Colleges, an institutional accrediting body recognized by the Council for Higher Education Accreditation and the United States Department of Education.

Contact information:

The Accrediting Commission for Community and Junior Colleges
Western Association of Schools and Colleges
10 Commercial Boulevard, Suite 204
Novato, CA 94949

Telephone Number: (415) 506-0234
Email Address: accjc@accjc.org
Website: www.accjc.org (http://www.accjc.org)

Accreditation is a voluntary system of self regulation developed to evaluate overall educational quality and institutional effectiveness, providing assurance to the public that Sierra College meets the Standards; the education earned is of value to the student who earned it; and employers, trade or profession-related licensing agencies, and other colleges and universities can accept a student's credential as legitimate.

For more information about Accreditation at Sierra College, please visit our Accreditation and SLOs website (https://www.sierracollege.edu/slo/ accreditation/).

Instructional Programs

General Education
A range of courses to help students gain breadth of knowledge about the environment, natural sciences, social and behavioral sciences, humanities, English, communication and analytical thinking, awareness of cultural differences, and the importance of maintaining health and fitness.

Educational Programs
Organized sequences of courses leading to a defined objective, a degree, a certificate, a diploma, a license, or transfer to another institution of higher education.

Transfer Curriculum
Courses that meet general education and lower-division major requirements equivalent to the first two years at a four-year university to which students may transfer with junior standing.

Career and Technical Education
Certificates and degrees designed to prepare students for entry into professional level employment opportunities, or update job skills in the rapidly changing workplace.

Basic Skills
Both nondegree-applicable credit courses and noncredit courses in reading, writing, mathematics, and English as a Second Language (ESL).

Contract Course
Course offered under a contract pursuant to Educational Code 78021 with a public or private agency, corporation, association, or other organization.

Center for Applied Competitive Technologies (CACT)
Serves small to medium sized manufacturing and technology companies by providing technical assistance, technology transfer, and workforce training. Services are delivered via demonstration sites, workshops, and business consulting. For further information click here (https://academics.sierracollege.edu/business-training-and-development/).

Community Education Program
Provides convenient classes and activities to meet the needs and interests of our diverse community for enrichment and personal and professional growth. Classes are offered in areas of business, career, computers, creative arts, food, health, home and garden, music, and more. Additionally, special activities such as sports camps, motorcycle training, bus trips and global travel are offered. The Kaleidoscope schedule of not-for-credit, fee-based classes is published in spring, summer, and fall. Classes are open for the admission of adults and those minors who, in the judgment of the governing board, may benefit from the program. Students shall be charged a fee not to exceed the cost of maintaining the classes. For further information see the Community Education website (https://academics.sierracollege.edu/community-education-0/).

Distance Learning
Online courses may be accessed from anywhere at anytime through an Internet connection. Hybrid courses, which are a combination of online and on-ground formats, are also offered.

Field Trips
Trips sponsored by the various instructional divisions to provide students with the enriching experience of visiting such locations as the Sierra - Nevada, the ocean, and the desert. Additional fees may be assessed.

Internship Program
Work site learning which provides students an opportunity for hands-on experience, application of classroom learning and exploration and development of skills and knowledge in a particular field or profession. Sierra College offers a two-level internship program. The lower level, called Internship 94, is a Career Exploration internship in which the primary focus is for a student to learn more about a particular field or profession, without extensive previous knowledge or experience. The upper level placements, called Internship 95, are designed for advanced students to expand their knowledge and skills in an area related to their college major.

Noncredit
Noncredit is an educational gateway offering courses that develop foundational skills, strengthen self-sufficiency and provide pathways to higher education and/or employment. Designed for a diverse student population, courses improve access to college, enhance job opportunities, and promote lifelong learning.

Osher Lifelong Learning Institute (OLLI)
Provides noncredit, tuition-free instruction specifically designed to serve the interests of adults 55+ years of age. Classes are short term, typically four to six weeks in length. A variety of course topics are offered, including art, film, fitness, music, nutrition, and literature. For further information see the OLLI website at www.sierracollege.edu/olli (http://www.sierracollege.edu/olli/).

Short-term or Fast-track Classes
Classes not a full semester in duration. Each class designated short-term or fast-track has its own add, drop, withdrawal, refund, and pass/no pass deadlines.

Student Services
Services include, but are not limited to academic, transfer, and career counseling, Student Help Center, Success Center, financial aid, housing, tutoring, EOPS/CARE, CalWORKs, TRiO, health services and support for disabled students, former foster youth, and veterans; as well as crisis intervention services.

Governance
The Sierra College community determines its educational and other policies through a participatory governance process involving students, classified support staff, faculty and administration. A senate formed by each group advocates the group’s interests. Each organization represents its constituency with a formal voice in determining educational policy, pro-
cedures, and regulations as well as coordinating representatives on committees and councils.

The Student Senate actively represents the students in the College’s committee work and planning. The organization also promotes student activities and clubs as well as providing information on current events for the student body.

The Classified Senate represents the College’s support staff on professional matters.

The Academic Senate, under authority from Title 5 of the California Code of Regulations, represents all faculty on academic and professional matters.

The Management and Confidential Senate represents educational administrators, supervisory, and confidential employees on professional matters.

The Strategic Council consists of five representatives from each of the constituency groups. The purpose of the Council is to present and discuss the concerns and interests of the constituent groups; to collaborate with the Superintendent/President by conveying the interests of the constituent groups on the strategic direction of the college; to share in decision-making by advising the Superintendent/President in the development of policies and procedures; and to assist in disseminating information to the college community.

The Board of Trustees is the elected governing body of the Sierra Joint Community College District and has the final authority to establish policy for current and long-range educational plans and programs, promote orderly growth and development, and ensure fiscal responsibility. Board Policies and Administrative Procedures may be found here (https://www.sierracollege.edu/about-us/leadership/board-of-trustees.php).

Advisory Committees

To insure that meaningful curricula in the career technical programs are maintained, department advisory committees, comprised of specialists in the subject matter area, meet to advise on program emphasis and change. Individual committee members are listed on the appropriate department overview pages in this catalog.

Sierra College Foundation

The Foundation seeks private funds to support Sierra College students and programs, assisting in the development of a trained workforce that promotes the economic development and viability of the community. The Foundation assists students in pursuit of higher education by offering scholarships, book vouchers, computers, and emergency grants.

Foundation accomplishments include: establishment of a million dollar scholarship endowment; establishment of a technology endowment; funding for the implementation of WiFi on all campuses; establishment of an emergency fund endowment to provide grants to students facing one-time emergencies; and funding and equipment for the Sierra College Veterans Resource Center. The Foundation offers refurbished computers to students with financial need; supports former foster youth attending Sierra College with care packs; and offers approximately $300,000 in scholarships annually.

The Foundation is supported by financial contributions (cash, stocks, planned gifts, memorials, bequests, real estate, trusts) and activities (wine and food tastings, auctions, golf tournaments, dinners, the auto fair and other fund-raising events). For additional information or to contribute, please visit the website at www.sierracollege.edu/foundation (http://www.sierracollege.edu/foundation/), call the Foundation Office at (916) 660-7020, or write to:

Sierra College Foundation
5100 Sierra College Boulevard
Rocklin, CA 95677

Speakers Bureau

The Speakers Bureau is designed to acquaint community members with Sierra College and its fine staff. Faculty and staff are available to address a variety of timely subjects at meetings of community groups and organizations. For information, contact Marketing/Public Relations, (916) 660-7272.

Student Trustee

Administration, Faculty, Staff, and Emeritus

Staffing Policy

Sierra College, recognizing that as a community college it should reflect the ideals and standards of the community, wishes to reiterate and emphasize its long-standing policy of non-discrimination in the employment of faculty and staff.

Administration

A

Jill Alcorn
Associate Dean, Continuing Education
B.A., Loyola Marymount University
M.A., California State University, Northridge

B

Kimberly Bateman
Dean, Sierra College - Tahoe-Truckee Campus
B.A., Sierra Nevada College
M.A., Humboldt State University
Ph.D., Pacifica Graduate Institute

Rebecca P. Bocchicchio
Assistant Superintendent/Vice President, Instruction
B.A., California Polytechnic State University, San Luis Obispo
M.A., University of California, Davis
Ph.D., University of California, Davis

Erik W. Cooper
Dean, Planning, Research and Resource Development
B.A., California State University, Sacramento
M.S., University of Oregon
Ed.D., California State University, Sacramento

Ryan C. Davis
Assistant Superintendent/Vice President, Human Resources
B.A., University of California, Riverside
M.Ed., National University
J.D., University of the Pacific, McGeorge School of Law

William H. Duncan, IV
Superintendent/President
B.S., California State University, Bakersfield
M.B.A., California State University, Bakersfield

Beth C. Ervin
Dean, Enrollment Services
B.A., San Diego State University
M.A., San Francisco State University
Ed.D., University of California, Davis

Anne Fleischmann
Dean, Liberal Arts
B.A., Haverford College
M.A., Columbia University, New York City
Ph.D., University of California, Davis

Bobby Gosal
Dean, Student Retention and Completion
B.A., University of California, Davis
M.A., California State University, Sacramento

Darlene D. Jackson
Associate Dean, Business Technology
B.S., University of California, Davis
M.A., Mills College

Nancy E. James
Dean, Nursing and Allied Health
B.S.N., University of Cincinnati
M.S.N., Ohio State University

Rachel Johnson
Dean, Kinesiology and Athletics/ Athletic Director

B.S., University of Tampa
M.S., Eastern New Mexico University

Randy Lehr
Dean, Sciences and Mathematics
B.S., Winona State University
M.S., University of Minnesota
Ph.D., University of Minnesota

Susan J. Lucyga
Educational Director, Professional and Organizational Development
B.A., University of Hawaii, Manoa
M.A., Old Dominion University
Ed.D., California State University, Sacramento

Patrick Marasso
Associate, Dean Liberal Arts
B.F.A., California State University, Long Beach
M.A., California State University, Sacramento

Lucas D. Moosman
Executive Dean, Student Success - Instruction
B.A., University of Redlands
M.A., University of California, Berkeley

Stephanie A. Ortiz
Executive Dean, Sierra College - Nevada County Campus
B.A., California State University, Fullerton
M.S., California State University, Long Beach

Sabrina L. Pape
Dean, Library and Learning Resource Center
B.A., State University of New York at Geneseo
M.L.S., State University of New York at Geneseo

Steven Roberson
Associate Dean, Kinesiology/Assistant Athletic Director
B.A., California State University, Sacramento
M.S., Ohio University
Ed.D., California State University, Sacramento

Amy Schulz
Dean, Career, Continuing, and Technical Education
B.A., University of California, Davis
M.B.A., University of Texas, Rio Grande Valley
Ph.D., Saybrook University

Erik Skinner
Assistant Superintendent/Vice President, Administrative Services
B.A., Grinnell College
M.P.A., University of Michigan, Ann Arbor
Faculty

A

Barry Abrams
Professor, English
B.A., Claremont McKenna College
M.A., University of California, Los Angeles
Ph.D., University of California, Los Angeles

Scott Adams
Professor, Theatre Arts
B.A., California State University, Sacramento
M.A., California State University, Sacramento

Allison Aguilar
Assistant Professor, Counseling
M.S., California State University, Sacramento

Charles Albright
Professor, Mathematics
B.A., California State University, Sacramento
B.A., California State University, Sacramento
M.A., California State University, Sacramento

Mohammed Aly
Assistant Professor, Biological Sciences
M.D., Cairo University

Kirkman Amyx
Professor, Photography
B.F.A., Art Center College of Design
M.F.A., San Jose State University

Jacqueline M. Anderson
Professor, Mathematics
B.A., Westmont College
M.S., University of Nevada, Reno

Matt S. Archer
Professor, Anthropology/Women and Gender Studies
B.A., University of California, Los Angeles
M.A., University of Texas at Austin
Ph.D., University of Texas at Austin

Barry E. Brown

B

Daniel J. Balaguy
Professor, Mathematics
B.A., California State University, Sacramento
M.S., University of Montana

Jay Batchelder
Professor, English
B.A., California State University, Sacramento
M.A., California State University, Sacramento

Iza Bedolla
Assistant Professor, Counseling
B.A., California State University, Sacramento
M.A., California State University, Sacramento

April M. Bird
Professor, Biological Sciences
B.S., University of California, Santa Cruz
M.S., University of Oregon

Juan Blanco
Campus Life Coordinator
B.A. California State University, Chico
M.A., University of Denver

Sean A. Booth
Professor, Geography
B.S., University of Oregon
M.A., California State University, Chico

Michelle D. Boucher
Professor, Human Development and Family
B.A., California State University, Sacramento
M.A., California State University, Sacramento

Laura J. Brahce
Professor, Biological Sciences
B.A., University of Colorado, Boulder
M.P.H., University of Michigan

Scott C. Bramlett
Professor, Disabled Student Programs and Services Counseling
A.A., Sierra College
B.S., California State University, Chico
M.S., California State University, Sacramento

Joshua Breese
Professor, English
B.A., Humboldt State University
M.A., California State University, Sacramento

Michael C. Brelle
Professor, Chemistry
B.S., California State University, Chico
Ph.D., University of California, Santa Cruz

Marcia L. Brock
Professor, English as a Second Language
B.A., Eastern Kentucky University
M.A., Eastern Kentucky University
M.A., California State University, Sacramento
Professor, Computer Science
B.S., University of California, San Diego
M.S., University of California, San Diego

Darci D. Brownell
Professor, Athletics/Health Education/Kinesiology/Recreation Management
B.A., California State University, Sacramento
M.S., National University

Julie D. Bruno
Professor, Communication Studies
B.A., San Francisco State University
M.A., San Francisco State University

Charles T. Buchwald
Professor, Mathematics
A.S., Palomar College
B.S., California State University, San Marcos
M.S., California State University, San Marcos

Kacey Bullock
Assistant Professor, Library Science
B.A., William Jessup University
M.L.I.S., San Jose State University

Denise Bushnell
Professor, Business
B.S., University of Alabama
M.B.A., Walden University

Dominic Calabrese
Professor, Physics
B.S., DePaul University
M.S., University of Nebraska, Lincoln
Ph.D., University of Nebraska, Lincoln

Katharine L. Campi
Professor, Psychology
B.S., State University of New York at Cortland
M.A., University of California, Davis
Ph.D., University of California, Davis

Kimberly Cantrell
Assistant Professor, Communication Studies
B.A., San Diego State University
M.A., Arizona State University

Keely N. Carroll
Professor, Biological Sciences
B.S., California State University, Sacramento
M.S., California State University, Sacramento

Sara K. Casler
Professor, Spanish
B.A., Pacific University
M.A., Miami University

Julie Casperson Schultz
Assistant Professor, English as a Second Language
B.S., California State University, Chico
M.A., California State University, Sacramento

Sohnya Castorena
Assistant Professor, Anthropology
B.A., University of San Diego
Ph.D, Temple University

Brenna M. Chapman
Professor, Art/Art History/Women and Gender Studies
B.A., University of California, Davis
M.A., University of California, Davis

Florence L. Charlie
Professor, Counseling
B.A., California State University, Sacramento
M.A., California State University, Sacramento

Keri Clemens
Professor, Chemistry
B.S., University of California, Davis
Ph.D., University of California, Davis

Stephanie M. Coday
Professor, Psychology/Women and Gender Studies
B.A., San Diego State University
M.A., Alliant International University

Nathan Conkle
Professor, English
B.A., San Francisco State University
M.A., San Francisco State University
Ed.D., California State University, Sacramento

Mary V. Conway
Professor, Athletics/Health Education/Kinesiology/Recreation Management
A.A., Packer Collegiate Institute
B.S., City University of New York, Brooklyn College
M.S., University of Illinois, Chicago

Ivor E. Cooper
Professor, English
B.A., Newbold College
M.A., Loma Linda University

Angelina N. Coughlin
Professor, Applied Art and Design/Women and Gender Studies
B.F.A., Brooks Institute

Adriel B. Cruz
Professor, Biological Sciences
B.S., University of California, Davis
M.S., California State University, Sacramento

Suzanne J. Davenport
Professor/Coordinator, Distance Learning
B.A., California State University, Chico
M.A., Goddard College
M.S., California State University, East Bay

Vicki L. Day
Professor, Mathematics
B.S., Washington State University
M.A.T., University of California, Davis
Jesus de la Torre
Assistant Professor, Welding Technology
B.A., Sonoma State University

Ralph S. de Unamuno
Professor, History
B.A., University of California, Los Angeles
B.A., University of California, Los Angeles
M.A., University of California, Los Angeles

Michael V. Deaver
Professor, Political Science
B.A., University of California, Los Angeles
M.A., George Washington University
Ph.D., New York University

Scott R. Decker
Professor, Athletics/Health Education/Kinesiology/Recreation Management
B.A., University of California, Davis
M.A., United States Sports Academy

Sonia Delgadillo
Professor, English as a Second Language
B.A., San Francisco State University
M.A., San Francisco State University

Daniel Diaz Romero
Assistant Professor, Athletics/Health Education/Kinesiology/Recreation Management/Assistant Football Coach
B.S., University of California, Davis
M.A., Western Governor's University
M.S., University of Central Missouri

Esmaeil Djamali
Assistant Professor, Chemistry
B.S., Barry College
Ph.D., University of California, San Diego

Michael R. Dobeck
Professor, Computer Science
B.S., California State University, Sacramento

Claire Dodson
Assistant Professor, Mathematics
B.A., University of California, Santa Cruz
M.A., University of Oregon

Holly Dodson
Professor, Earth Science
B.S., University of California, Riverside
M.A., University of California, Santa Barbara

Heather Donovan
Professor, English
B.A., California State University, Sacramento
M.A., California State University, Sacramento

Leah Drew
Assistant Professor, Nursing
A.A., Arapahoe Community College
B.A., Texas College
M.S., University of Arizona

David E. Dunn

Professor, Astronomy
B.S., University of California, Davis
M.S., University of Iowa
Ph.D., University of Iowa

E
Debra M. Eastman
Professor, Human Development and Family
B.S., University of California, Davis
M.A., Washington State University

Brigitte Elder
Professor, Psychology
B.A., University of California, Los Angeles
M.A., University of California, Davis
Ph.D., University of California, Davis

Barbara Erysian
Professor, Mathematics
B.S., California State University, Chico
M.S., University of Oregon

Sandra C. Escobar
Professor, Art
B.A., California State University, Northridge
M.A., California State University, Northridge
M.F.A., California State University, Chico

Heather Eubanks
Professor, Athletics/Health Education/Kinesiology/Recreation Management
B.A., California Lutheran University
M.A., Azusa Pacific University

F
Gita Faroughi
Assistant Professor, Computer Science
B.S., California State University, Sacramento
M.S., California State University, Sacramento

Elena F. Farrelly
Professor, Counseling
B.A., State University of New York at Albany
M.S., State University of New York at Albany

Jason File
Professor, Humanities
B.A., University of California, San Diego
M.A., University of North Carolina

Ruth N. Flores
Professor, Extended Opportunity Programs and Services/CalWORKs Counseling
B.A., California State University, Sacramento
M.S., California State University, Sacramento

Kent Fortin
Professor, English
B.A., Western Washington University
M.F.A., University of Washington, Seattle

Wende D. Fortner
Professor/Coordinator, Health Services
Tara Franks
Assistant Professor, Communication Studies
B.A., California State University, Sacramento
M.A., San Diego State University
Ph.D., Arizona State University

John C. Fusano
Professor, Athletics/Health Education/Kinesiology/Recreation Management
B.A., California State University, Sacramento
M.A., Saint Mary’s College of California

Jason S. Gantt
Professor, Athletics/Health Education/Kinesiology/Recreation Management
B.S., California State University, Sacramento
M.S., California State University, Sacramento

Louie Garcia
Assistant Professor, Building Industries
B.S., University of Phoenix
M.B.A., University of Phoenix

Laurel J. Gardner
Professor, English
A.B., Stanford University
M.A., San Jose State University
Ph.D., University of South Carolina, Columbia

Kristine D. Gilbert
Professor, Environmental Sciences and Sustainability
B.A., University of California, Davis
M.S., California State University, Chico

Jason R. Giuliani
Professor, Chemistry
B.S., California State University, Chico
Ph.D., University of California, Davis

Brian M. Gosney
Professor, Counseling
B.S., California Polytechnic State University, San Luis Obispo
M.A., California Polytechnic State University, San Luis Obispo

Rene I. Gottwig
Professor, Mathematics
B.A., Pacific Lutheran University
M.S., California State University, Sacramento

Emine Gunhan
Professor, Biological Sciences
M.D., Ankara University
M.S., Louisiana State University
Ph.D., University of California, Davis

Michael F. Halbern
Professor, Mechatronics
B.A., California State University, Long Beach
M.A., California State University, Long Beach

Christopher Hall
Professor, English
B.A., Humboldt State University
M.A., Humboldt State University

Debra L. Hammond
Professor, Theatre Arts
B.A., California State University, Sacramento
M.F.A., University of California, Los Angeles

Donald C. Harris
Professor, Physics
B.S., Ohio State University
Ph.D., Ohio State University

Lynn Harrison Benavidez
Professor, Mathematics
B.A., University of California, San Diego
M.S., Washington State University

Craig Hassler
Assistant Professor, Business
B.S., University of Southern California
J.D., University of San Francisco
M.S., Syracuse University

Stuart D. Hay
Professor, Chemistry
B.S., California Polytechnic State University, San Luis Obispo
M.S., California State University, Sacramento

Kurt D. Heisinger
Professor, Business
B.S., California State University, Long Beach
M.S., California State University, Long Beach

Jane Hemmerling
Professor, English
B.A., California State University, Long Beach

Diana E. Higashi
Professor, Fashion
B.A., San Francisco State University

Debra J. Hill
Professor, Mathematics
B.S., University of California, Davis
Matthew Holdgagte  
**Assistant Professor, Biological Sciences**  
B.S., University of New Hampshire  
Ph.D, Portland State University  

Jennifer A. Hurst-Crabb  
**Professor, Counseling**  
B.A., Sonoma State University  
M.A., John F. Kennedy University  

Dianna R. Hylton  
**Professor, Nursing**  
B.A., California State University, Sacramento  
B.A., California State University, Sacramento  
M.S., California State University, Sacramento  

Roy Ingram  
**Assistant Professor, Mechatronics**  
A.S., Sierra College  

Winsome E. Jackson  
**Professor, Political Science/Women and Gender Studies**  
B.A., University of Vermont  
M.P.A., Suffolk University  
Ed.D., University of San Francisco  

Todd A. Jensen  
**Professor, Business**  
B.S., California State University, Chico  
M.B.A., University of Oregon  
Certified Public Accountant  

Michelle A. Johnson  
**Professor, English**  
B.A., California State University, Sacramento  
M.A., California State University, Sacramento  

Katie Juras  
**Professor, Counseling**  
A.A., Sierra College  
B.A., California State University, Sacramento  
M.S., California State University, Sacramento  

Christine D. Karau  
**Professor, Business**  
B.A., California State University, Sacramento  
M.A., Chapman University, Orange  
M.A., University of Nebraska, Lincoln  

Sabina Karr  
**Professor, Nursing**  
A.D.N., Cameron University  
B.S.N., California State University, Fullerton  
F.N.P., University of California, Davis  
M.S.N., University of Phoenix  

Jennifer Kattman  
**Professor, Sociology**  
B.A., California State University, Sacramento  
M.A., California State University, Sacramento  

Lori A. Kearney-Capaul  
**Professor, Human Development and Family**  
A.A., Sierra College  
B.A., California State University, Sacramento  
M.A., California State University, Sacramento  

Marga Kelly  
**Professor, Spanish**  
B.A., Brigham Young University  
M.A., Brigham Young University  

Jay G. Kesler  
**Professor, Mathematics**  
B.A., University of California, San Diego  
M.A., California State University, Sacramento  

Sonia Klenner  
**Professor, Nutrition and Food Science**  
B.S., California State University, Sacramento  
M.S., San Diego State University  

Katherine Knox  
**Assistant Professor, Business**  
B.S., California State University, Sacramento  
M.B.A, Saint Mary’s College of California  
M.S., Golden Gate University  
M.A.C, Golden Gate University  

Monique Kolster  
**Assistant Professor, Biological Sciences**  
B.A., University of California, Santa Barbara  
M.S., University of Montana  

David A. Kuchera  
**Professor, History**  
B.A., California State University, Sacramento  
M.A., California State University, Sacramento  

Susan L. Kurnett  
**Professor, Chemistry**  
B.A., University of California, Irvine  
M.S., California State University, Sacramento  

Mark Kwoka  
**Professor, Disabled Student Programs and Services Counseling**  
B.S., Oregon State University  
M.S., California State University, Sacramento  

Rebecca J. Kyler  
**Professor, Mathematics**  
B.A., State University of New York at Plattsburgh  
B.S., University of North Dakota  
M.Ed., University of North Dakota  

Michelle Laird  
**Assistant Professor, Psychology**  
B.A., California State University, Sacramento  
M.B.A., Webster University
Ph.D., Walden University

Laurence I. Lambert
Professor, French
B.A., California State University, Sacramento
M.A., California State University, Sacramento

Aaron P. Lawrence
Professor, Counseling
B.A., University of Alaska, Anchorage
M.S., California State University, Fullerton

Susie N. Le
Professor, Extended Opportunity Programs and Services/CalWORKs Counseling
B.A., California State University, Sacramento
M.S., California State University, Sacramento

Karen Le Grand
Assistant Professor, Biological Sciences
B.A., California State University, Northridge
Ph.D., University of California, Davis

Robert C. Lennartz
Professor, Psychology
B.S., University of Southern California
Ph.D., University of California, Irvine

Mieke Lisuk
Assistant Professor, History
B.A., California State University, Sacramento
M.A., California State University, Sacramento

Adriana A. Lopez
Professor, Counseling
B.A., University of San Francisco
M.S., Oklahoma State University

Kristen A.K. Lopez
Professor, Counseling
B.A., University of California, Los Angeles
M.S., California State University, Sacramento

Patricia L. Lord
Professor, English
B.A., California State University, Chico
M.A., California State University, Chico

Katherine P. Lucero
Professor, Mathematics
B.S., California Polytechnic State University, San Luis Obispo
M.S., California Polytechnic State University, San Luis Obispo

Michelle S. Macfarlane
Professor, Agriculture
B.S., California State University, Chico
M.S., University of California, Davis

Paul G. Macias
Professor, English
B.A., University of Montana
B.A., University of Montana

M.A., California State University, Sacramento

Vernon J. Martin
Professor, Philosophy
B.A., University of California, Santa Cruz
M.A., University of North Texas

Nancy J. Martinis
Professor, Counseling
B.A., California State University, Sacramento
M.S., National University

Cherie Mathews
Professor, Counseling
A.A., Diablo Valley College
B.A., California State University, East Bay
M.S., California State University, East Bay

Jessica M. Mayer
Professor, English as a Second Language
B.A., California State University, Chico
M.A., California State University, Sacramento

Ralph McGill
Assistant Professor, Administration of Justice
B.A., New College of California

Karin McGuire
Professor, CalWORKs Counseling
A.A., American River College
B.S., California State University, Sacramento
M.A., Chapman University

Greg M. McLaughlin
Professor, Music
B.M., California State University, Sacramento
M.A., California State University, Sacramento

Patricia McPhee
Assistant Professor, Nursing
B.S.N., California State University, Sacramento
M.S.N., University of Phoenix

Andre Mendoza
Assistant Professor/Coordinator, Learning Resource Center
B.A., California State University, Sacramento
M.A., California State University, Sacramento

David Miramontes Quinones
Assistant Professor, Counseling
B.A., California State University, Sacramento
M.S., California State University, Sacramento

Jennifer L. Molina-Stidger
Professor, Anthropology/Women and Gender Studies
B.A., University of California, Davis
M.A., University of New Mexico

Richard S. Monsen
Assistant Professor, Information Technology
B.S., California State University, Sacramento

Michele L. Morgan
Professor, Mathematics
B.S., California Polytechnic State University, San Luis Obispo
Catherine J. Morris  
Professor, Counseling  
B.A., California State University, Sacramento  
M.A., California State University, Sacramento

Rebekah Moule  
Assistant Professor, Mathematics  
B.S., Biola University  
M.S., California State University, Long Beach

Mithia Mukutmoni  
Professor, Nutrition and Food Science  
B.S., University of California, Irvine  
Ph.D., University of California, Davis

Keri R. Muma  
Professor, Biological Sciences  
B.S., University of the Pacific  
M.S., University of the Pacific

Sandra M.A. Muraki  
Professor, Counseling  
B.A., University of California, Los Angeles  
M.A., California State University, Northridge

Brandie Murrish  
Professor, Athletics/Health Education/Kinesiology/Recreation Management  
B.S., California Lutheran University  
M.S., California State University, Northridge  
M.Ed., Grand Canyon University

Brianna Nathaniel  
Assistant Professor, Health Sciences  
B.A., University of California, Santa Barbara

Vera Nelson  
Professor, Athletics/Health Education/Kinesiology/Recreation Management  
B.A., California Polytechnic State University, San Luis Obispo  
M.S., California State University, Sacramento

Barbara J. Nelson-Burns  
Professor, English  
B.A., Arizona State University  
M.F.A., Arizona State University

Christina Nemec  
Assistant Professor, English  
B.A., Louisiana State University, Shreveport  
M.F.A., University of California, Irvine

Andrea N. Neptune  
Professor, English  
B.A., California State University, Sacramento  
M.A., California State University, Sacramento  
M.A., California State University, Dominguez Hills

Jesus Nevarez  
Assistant Professor, Counseling  
B.A., Southern New Hampshire University

Sabrina L. Newsome  
Professor, Mathematics  
A.A., Napa Valley College  
B.S., University of California, Davis  
M.A.T., University of California, Davis

Ben S. Noonan  
Professor, Athletics/Health Education/Kinesiology/Recreation Management  
A.A. Santa Rosa Junior College  
B.A., Bemidji State University  
M.S., Texas A and M University-Kingsville

Annette A. Nylander  
Professor, Information Technology  
A.S., Sierra College  
B.A., The Union Institute  
M.B.A., DeVry University, Keller Graduate School of Management

Bethany Okusako  
Assistant Professor, Counseling  
B.A., San Diego State University  
M.A., California State University, Sacramento

Christopher Old  
Professor, Counseling  
B.A., College of William and Mary  
M.A., University of Virginia

Brook Oliver  
Professor, Counseling  
B.A., California Polytechnic State University, San Luis Obispo  
M.S., California State University, Hayward

Tony J. Osladil  
Professor, Mechatronics  
B.S.E.E., University of Detroit Mercy

Kimberly Osteen-Petreshock  
Assistant Professor, Music  
B.M., Arizona State University  
M.A., Northern Arizona University  
D.A., Arizona State University

Vincent Pacheco  
Assistant Professor, Applied Art and Design  
B.S., University of California, Davis  
M.F.A., University of California, Davis

Jennifer Packer  
Assistant Professor, Art  
B.A., Rutgers State University  
M.A., University of California, Santa Barbara

Sudha Parambil  
Assistant Professor, Mathematics  
B.S., University of Calicut
M.S., University of Calicut

Mary Beth E. Pattengale  
Professor, Mathematics  
B.S., California Polytechnic State University, San Luis Obispo  
M.S., California Polytechnic State University, San Luis Obispo

Philip H. Pattengale  
Professor, Engineering  
A.A., Fresno City College  
B.S., California Polytechnic State University, San Luis Obispo  
M.S., California State University, Sacramento

Robin S. Persiani  
Professor, English as a Second Language  
B.A., University of California, Santa Barbara  
M.A., Northern Arizona University

Warren R. Place  
Professor, Biological Sciences  
B.S., Humboldt State University  
Ph.D., University of California, Davis

Lauren Poluha  
Assistant Professor, Music  
B.M., University of Michigan  
M.A., University of California, Los Angeles  
Ph.D, University of California, Los Angeles

Rhiannon Porter  
Professor, Chemistry  
B.S., California Polytechnic State University, San Luis Obispo  
Ph.D, University of California, Davis

Melissa A. Prinzing  
Professor, Business  
B.S., California Polytechnic State University, San Luis Obispo  
M.B.A., California Polytechnic State University, San Luis Obispo

Rebecca D. Quinn  
Professor, English/Women and Gender Studies  
B.A., University of Massachusetts  
M.A., University of New Hampshire  
M.Phil., City University of New York

Jill S. Rafael  
Professor, Mathematics  
B.S., University of Calgary  
M.S., University of Calgary

Zenaido Ramos-Bustos  
Assistant Professor, Spanish  
B.A., California State University, Stanislaus  
M.A., University of Illinois, Chicago

Megan Randolph  
Assistant Professor, History  
A.A., Sierra College  
A.S., Sierra College  
B.A., California State University, Sacramento

M.A., California State University, Sacramento

Thomas G. Read  
Professor, Business  
B.S., University of California, Berkeley  
M.B.A., University of California, Los Angeles

Michelle Reisinger  
Assistant Professor, Nursing  
M.S., California State University, Dominguez Hills

Barry A. Rice  
Professor, Astronomy  
B.S., Rensselaer Polytechnic Institute  
Ph.D., University of Arizona

Natalie Rishe  
Professor, Applied Art and Design  
B.F.A., University of Nevada, Reno  
M.F.A., University of California, Davis

Patricia A. Ritchie-Reese  
Professor, Mathematics  
B.A., California State University, Sacramento  
M.A., California State University, Sacramento

Trevor Roberti  
Professor, Chemistry  
B.S., California State University, Long Beach  
Ph.D., University of California, Santa Cruz

Heather R. Roberts  
Professor, Biological Sciences  
B.S., Texas A and M University  
M.S., Baylor University  
Ph.D., Texas Tech University

Overview

The Administration of Justice program offers students an Associate Degree for Transfer which prepares students for transfer into the California State University system. In addition, there are three associate degrees offered with specific areas of concentration. Each concentration has specific core courses that are required of all students. Courses are available in law enforcement, specializing in police activities that promote public safety and service to the community; courts, specializing in responsibilities to the public through the trial system of adjudication; and corrections, where sentenced individuals are subjected to society’s effort to provide accountability and correct the deviant behavior.

The Administration of Justice program also offers a number of POST certified peace officer training courses, including PC 832 Arrest and Firearms, as well as Modules III and II of the POST Regular Basic Course (Law Enforcement Academy). Successful completion of the two modules allows students to be hired as Level III or Level II Reserve Peace Officers in California. The Department also offers some in-service POST training courses for continuing professional development.

TRANSFER MAJOR REQUIREMENTS in Administration of Justice are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements. Four-year graduates in Administration of Justice are qualified for career pathways in law enforcement, the courts and corrections.

Faculty

Ralph McGill
Assistant Professor, Administration of Justice
B.A., New College of California

Blair H. Spaulding
Professor/Coordinator, Administration of Justice
B.A., University of California, Santa Barbara

Administration of Justice for Transfer

AS-T Degree

The Associate in Science in Administration of Justice for Transfer (AS-T) degree program allows students to recognize the importance of ethics and professionalism within the criminal justice field; analyze and apply legal principles to the daily operations of law enforcement, the courts and corrections; and analyze and critically evaluate information to solve problems within the criminal justice field.

The Associate in Science in Administration of Justice for Transfer degree (AS-T) prepares students to transfer into the CSU system to complete a bachelor’s degree in Criminal Justice, Administration of Justice or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU...
system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor's degree.

To earn the Associate in Science in Administration of Justice for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of "C" or better; and
- completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746. It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

### Administration of Justice—Corrections

#### AA or AS Degree
The Corrections curriculum prepares students for careers in corrections, probation and parole. Students must fulfill the following major requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth pattern (p. 300);
- or Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

### Reserve Peace Officer

**Certificate of Achievement**

The Sierra College Administration of Justice Department is recognized by the CA Commission on Peace Officer Standards and Training (POST) as a certified Presenter of POST Law Enforcement Modular Academy Training courses, Modules III and II. The Reserve Peace Officer Certificate of Achievement would be issued to students who have successfully completed both of these courses, making them eligible to serve as Level III or Level II Reserve Peace Officers respectively. The certificate is designed to focus on providing specific career technical skills; it is not equivalent to an associate degree.

### Courses

Understanding course descriptions (p. 312)
ADMJ 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

ADMJ 0050. Introduction to Administration of Justice
Units: 3
Hours: 54 lecture
Exploration of the history and philosophical roots of the U.S. justice system; in-depth study of the system and its sub-systems with emphasis on the total environment in which they operate; roles and role expectations of professionals as perceived from within and outside of the system; study of theories of crime, punishment, rehabilitation; exploration of research methodology of the discipline; analysis of the system interrelationship with society, punishments and incarceration alternatives. (C-ID AJ 110) (CSU, UC)

ADMJ 0051. Traffic Investigations and Enforcement
Units: 3
Hours: 54 lecture
Study of traffic management and enforcement. Emphasis on traffic law enforcement procedures, Vehicle Code violations, public safety, and collision investigations. (CSU)

ADMJ 0052. Criminal Court Process
Units: 3
Hours: 54 lecture
Comprehensive examination of the origin, development, philosophy and legal basis of criminal procedures in California; procedural statutes, case law, constitutional law and judicial rules governing pre-arrest, arrest, custody, crime charging, motions; applicable rules of discovery and evidence; California grand jury system; pretrial court procedures; adult and juvenile court procedures; verdict, sentencing and the appellate process. (C-ID AJ 122) (CSU)

ADMJ 0053. Police Field Operations
Units: 3
Hours: 54 lecture
History and development of patrol philosophy; field activities including patrol, complaints, requests for services, field interviews, searches, arrests, traffic problems, disturbances and other community or criminal incidents. (CSU)

ADMJ 0054. Introduction to Investigation
Units: 3
Hours: 54 lecture
Fundamentals of investigation; addresses the techniques, procedures, and investigation of crime, including organization of crime scene searches and recording; collection and preservation of evidence; sources of information; surveillance; interview and interrogation; follow-up investigation; resources; scientific analysis of evidence, case preparation and the role of the investigator in the trial process. (C-ID AJ 140) (CSU)

ADMJ 0055. Concepts of Criminal Law
Units: 3
Hours: 54 lecture
Historical development, philosophy of common and statutory law, and constitutional provisions related to due process; definitions, classifications, and general elements of crimes as applied to the administration of justice; legal research, review of case law, methodology, and concepts of law as a social force and analysis of criminal liability, defense to crimes and the classification of crimes against persons, property, morals and public welfare. (C-ID AJ 120) (CSU, UC)

ADMJ 0056. Introduction to Evidence
Units: 3
Hours: 54 lecture
Origin, development, philosophy and legal basis of evidence; types of evidence; ways of presenting evidence; judicial decisions and statutory rules of evidence governing the admissibility of testimony, writings, materials and objects at a criminal trial; constitutional and procedural considerations affecting searches, seizures, admissions, confessions and methods of identification. (C-ID AJ 124) (CSU)

ADMJ 0057. Juvenile Law and Procedure
Units: 3
Hours: 54 lecture
Organization, functions and jurisdiction of juvenile agencies; the processing and detention of juveniles; techniques of handling juvenile offenders and victims; prevention and suppression of delinquency; diagnosis and referral; community resources; law and court procedures. (C-ID AJ 220) (CSU)

ADMJ 0058. Community and the Justice System
Units: 3
Hours: 54 lecture
In-depth survey of the relationship between the criminal justice system and the community; causal and symptomatic aspects of community misunderstanding, lack of cooperation and mistrust; the concept that community relations develop through a continuing process of interaction between the criminal justice system and members of the public. Methods for understanding how such a relationship is developed, changed and maintained. Examines the complex, dynamic relationship between communities and the justice system in addressing crime and conflict with an emphasis on the challenges and prospects of administering justice within a diverse multicultural population. (C-ID AJ 160) (CSU, UC)

ADMJ 0060. Defensive Tactics for Law Enforcement
Unit: 1
Hours: 36 (18 lecture, 18 laboratory)
Skills and techniques to address combative subjects both armed and unarmed; includes take downs, control holds, escapes, handcuffing, and weapon retention or removal. (not transferable)

ADMJ 0061A. Firearms Familiarization
Units: 2
Hours: 54 (27 lecture, 27 laboratory)
Introductory course covering history of firearms, types and selection of weapons, ammunition and auxiliary equipment, firearm nomenclature, principles of safe shooting, weapon safety, maintenance and care, legal and moral aspects of weapon usage for both law enforcement and non-law enforcement, and development of individual shooting skills and safety. Qualifying at the firing range with a handgun. Safety fee required. (not transferable)
ADMJ 0061B. Advanced Firearms  
Units: 2  
Prerequisite: Completion of any of the following: ADMJ 61A; 61B; 61C; 112; 115; 120; Basic Police Academy course certified by California POST  
Hours: 54 (27 lecture, 27 laboratory)  
An advanced course further developing skills and theory introduced in ADMJ 61A, with practical applications in varied complex settings. Emphasis on further study and practice of functional testing of firearms, sight alignment adjustments, and self-evaluation of shooting performance. Development of additional skills and knowledge necessary to teach firearm safety and techniques to enhance shooting skills. Safety fee required. (not transferable)  

ADMJ 0061C. Firearms: Semi-Automatics  
Units: 2  
Hours: 54 (27 lecture, 27 laboratory)  
Practical semi-automatic handgun course. Includes history and evolution of semi-automatics, types and uses, nomenclature, ammunition, marksmanship techniques, malfunctions, safety, and development of individual shooting skills. Safety fee required. (not transferable)  

ADMJ 0061D. Firearms Instructor  
Units: 2  
Prerequisite: Successful completion of ADMJ 61A, 61B and 61C; or completion of ADMJ 61B and a Peace Officer Standards and Training (POST) certified Police Academy; or equivalent firearms training as determined by the Administration of Justice Program Coordinator  
Hours: 54 (36 lecture, 18 laboratory)  
Knowledge and skills to train others in firearm safety, marksmanship and range program development. Includes fundamentals of marksmanship, curriculum development, firearms safety, range management, handgun/shotgun theory and nomenclature, developing qualification courses and diagnosing shooting problems through practical shooting exercises. Firearms Instructor certificate issued for those achieving 80% on the written examination and range qualifications. (not transferable)  

ADMJ 0061E. Firearms Instructor POST  
Units: 2.5  
Prerequisite: Successful completion of a California Commission on Peace Officer Standards and Training (POST) certified Police Academy and possess a POST basic certificate  
Hours: 80 (36 lecture, 44 laboratory)  
Knowledge and skills to train police officers in firearm safety, marksmanship and range program development. Includes fundamentals of marksmanship, curriculum development, firearms safety, range management, handgun/shotgun theory and nomenclature, developing qualification courses and diagnosing shooting problems through practical shooting exercises. Firearms Instructor certificate issued for those achieving 80% on the written examination and range qualifications. Safety fee required. (not transferable)  

ADMJ 0062. Introduction to Corrections  
Units: 3  
Hours: 54 lecture  
Provides a history and critical analysis of the various types of punishment, alternatives to punishment, and impact of punishment on the criminal justice system; explanations of criminal behavior; functions and objectives of the criminal justice system concerned with institutionalization, probation, parole, and other sentencing alternatives; critical examination of the types of correctional institutions, their clients, and contemporary correctional issues. (C-ID AJ 200) (CSU)  

ADMJ 0067. Managing the Adult Offender  
Units: 3  
Advisory: Completion of ADMJ 62 with grade of "C" or better  
Hours: 54 lecture  
Survey course emphasizing behavior and characteristics of male and female offenders and the role of the correctional employee. Institutional environment, inmate subcultures, values, victimology, and gangs also discussed and analyzed. Population management issues, statistics, inmate rights, discipline and contemporary custody and treatment techniques identified and studied. (CSU)  

ADMJ 0069. Institutional Corrections and Casework  
Units: 3  
Formerly known as ADMJ 63 and 66  
Prerequisite: Completion of ADMJ 62 or 67 with grade of "C" or better  
Hours: 54 lecture  
Institutional security levels, operations, and design. Inmate classification, institutional programs, treatment and intervention modalities and casework responsibility. Fiscal issues, legislation, current issues and societal attitudes affecting corrections. Custodial and ancillary career opportunities. Tours of various correctional institutions required. (CSU)  

ADMJ 0070. Substantive Law - Crimes and Punishments  
Units: 3  
Hours: 54 lecture  
An in-depth study of Penal Code and other codes which have an application to law enforcement and administration of justice. Includes misdemeanor and felony violations of the criminal statutes involving crimes against persons and property, public peace, dangerous weapons, narcotics, and vice violations. (CSU)  

ADMJ 0071. Substantive Law - Current Drugs and Laws  
Units: 3  
Hours: 54 lecture  
Study of current drugs of abuse including identification, street terms, prices, methods of use, history, and recognizing persons under the influence. Current law and law enforcement trends. Introduction to human physiology and drugs. (CSU)  

ADMJ 0073. Report Writing for Criminal Justice  
Units: 3  
Hours: 54 lecture  
Techniques for effectively communicating factual information in a clear, concise and thorough manner in the various types of reports used within the criminal justice system; emphasis on criminal justice terminology, use of English, and organization of information; practical experience in interviewing, note taking and report writing throughout the criminal justice system. (CSU)  

ADMJ 0074. Computer Use in Criminal Justice  
Units: 3  
Hours: 72 (54 lecture, 18 laboratory)  
An introduction to system strategies and computer techniques used by law enforcement agencies. Computer procedures, terminology, and program applications that produce crime support data. Database applications found in law enforcement identification, CAD (Computer Assisted Dispatch) systems, statistics, investigations and records management systems. (CSU)
ADMJ 0075. Values and Ethics in Criminal Justice  
Units: 3  
Hours: 54 lecture  
Stresses the importance of values and ethics and appropriate moral judgments necessary in the administration of justice field. Provides an understanding of values and integrity which must be displayed, and communication skills necessary to be an effective criminal justice practitioner. (CSU)

ADMJ 0076. Street and Prison Gangs  
Units: 3  
Hours: 54 lecture  
Theories of gang membership and behavior; law enforcement, community, and correctional intervention; characteristics and activities of prison and street gangs; impact on correctional and law enforcement operations and society. (CSU)

ADMJ 0077. Terrorist Tactics and the Role of the First Responder  
Units: 3  
Hours: 54 lecture  
Through the use of case studies, first responders gain knowledge and understanding of terrorist behavior, typologies of terrorism and extremism, its ideology and role in domestic and international terrorism, preventative measures, threat, vulnerability and risk assessment procedures, weaponry, post-blast issues and other concerns. (CSU)

ADMJ 0078. Introduction to Public Safety Dispatch  
Units: 3  
Also known as FIRE 80 and HSCI 80  
Hours: 54 lecture  
Overview of the critical role of the Public Safety Dispatcher as first point-of-contact for coordinating emergency responses; exploration of advancements in telecommunications and emergency notifications systems; use of proper radio codes and crisis-intervention techniques used to calm and communicate with distraught callers; awareness of job requirements and hiring process for career pathways in Public Safety Dispatching. (CSU)

ADMJ 0080. Introduction to Crime Scene Investigation  
Units: 3  
Hours: 54 lecture  
Fundamentals of crime scene investigation and the forensic sciences for the basic investigator and field crime scene technician; addresses the theory, techniques, and procedures for evidence identification and collection at major and minor crime scenes; preservation of evidence, chain of custody; roles and responsibilities of investigators; scientific principals of forensics; inter-agency collaboration and resources; proper documentation in preparation for criminal trials. (CSU)

ADMJ 0088. Computer Forensics Fundamentals  
Units: 3  
Also known as IT 165  
Advisory: Completion of ADMJ 54 and IT 120 with grades of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Introduction to the methods used to properly conduct a computer forensics investigation, beginning with a discussion of ethics, while mapping the objectives of the International Association of Computer Investigative Specialists (IACIS) certification. Topics covered include an overview of computer forensics as a profession; the computer investigation process; understanding operating systems boot processes and disk structures; data acquisition and analysis; technical writing; and a review of familiar computer forensics tools. Also includes exploration and practice of 21st century career skills: Analysis/Solution Mindset. (CSU)

ADMJ 0089. Fraud Examination  
Units: 3  
Advisory: Completion of ADMJ 54 with grade of "C" or better  
Hours: 54 lecture  
Covers principles and methodology of fraud detection and deterrence. Includes topics such as skimming, cash larceny, check tampering, register disbursement schemes, billing schemes, payroll and expense reimbursement schemes, non-cash misappropriations, corruption, accounting principles and fraud, fraudulent financial statements, and interviewing witnesses. (CSU)

ADMJ 0095. Internship in Administration of Justice  
Units: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

ADMJ 0110. PC 832 - Arrest  
Units: 2  
Hours: 44 (36 lecture, 8 laboratory)  
Covers ethics, courts, community relations, laws of arrest, use of force, search and seizure, investigations, and arrest and control methods. Meets California Penal Code Section 832 requirement for individuals having limited Peace Officer powers to complete a training course prescribed by the Commission on Peace Officer Standards and Training (POST). No longer meets modular Police Academy requirements. May be repeated for credit to meet legally mandated education/training requirements. (not transferable)

ADMJ 0112. PC 832 - Firearms  
Units: 0.5  
Advisory: Completion of ADMJ 110 with grade of "C" or better  
Hours: 24 (8 lecture, 16 laboratory)  
Covers use of lethal force, shooting principles, safety guidelines and range qualifications. Meets California Penal Code Section 832 firearms requirement for individuals having limited Peace Officer powers to complete a training course prescribed by the Commission on Peace Officer Standards and Training (POST). Students are required to present a California Department of Justice certification of no disqualifying criminal history preventing attendance, due on the first day of instruction. May be repeated for credit to meet legally mandated education/training requirements. (pass/no pass grading) (not transferable)
ADMJ 0115. POST Module III Academy Training  
Units: 8  
Advisory: Completion of ADMJ 61A, ADMJ 73, and ENGL N with grades of "C" or better  
Hours: 179 (131 lecture, 48 laboratory)  
Satisfies Module III training requirements of the Commission on Peace Officer Standards and Training Module III. Covers professionalism and ethics, report writing, preservation of evidence, crimes against the justice system, vehicle operations, traffic enforcement, laws of search and seizure, custody, arrest/control/baton, emergency care, firearms/chemical agents, community policing, information systems and cultural diversity issues. Students are required to obtain California Department of Justice certification of no disqualifying criminal history preventing attendance, due on the first day of instruction. Students must also possess a valid driver's license and vehicle insurance during the course. Safety and materials fees required. May be repeated for credit to meet legally mandated education/training requirements. (not transferable)

ADMJ 0120. POST Module II Academy Training  
Units: 9.5  
Advisory: Completion of ADMJ 61C, ADMJ 73, and ENGL N with grades of "C" or better  
Hours: 231 (143 lecture, 88 laboratory)  
Satisfies training requirements of the Commission on Peace Officer Standards and Training Module II. Covers community relations, criminal laws, search and seizure, evidence, report writing, enforcement techniques, crime scene investigation, property crimes, crimes against persons, investigations, arrest and control, firearms/chemical agents, crimes against the justice system, and cultural diversity/discrimination. Students are required to have successfully completed Commission on Peace Officer Standards and Training Module III training standards and to obtain California Department of Justice certification of no disqualifying criminal history preventing attendance, due on the first day of instruction. Students are required to possess a valid driver's license and vehicle insurance during the course. Students are also required to have passed the POST Entry Level Law Enforcement Test Battery (PELLETB) with a minimum t-score of 42 within one year prior to the first day of class. Safety and materials fees required. May be repeated for credit to meet legally mandated education/training requirements. (not transferable)

ADMJ 0151. Administration of Justice Pathways  
Units: 2  
Hours: 40 lecture  
Covers career pathways in the Administration of Justice. Includes educational planning of available degree programs, labor market research, and the hiring process: development of a resume, background investigations, personal history statements, interview dynamics, and hiring examinations. (not transferable)

ADMJ 0200. Impact of Abuse and Violence  
Units: 3  
Hours: 54 lecture  
Covers historical, cultural, psychological and social precursors and effects of the three primary forms of domestic violence: spousal/partner, child and elder abuse. Responsibilities and roles of law enforcement, prosecution, court, corrections, medical and social service professionals are studied. Crisis intervention, multi-disciplinary investigation and interviewing, forensic examination and adjudication issues are addressed. Examines other legal issues including mandated reporting and protective orders and explores both prevention and intervention resources available in the community. (not transferable)

ADMJ 0610. Special Weapons and Tactics - Advanced  
Units: 0.5  
Prerequisite: Completion of POST Basic Academy and employment as a Peace Officer assigned to a Special Weapons and Tactics team  
Hours: 24 (5 lecture, 19 laboratory)  
Reality based training focusing on team challenges designed to test a SWAT team's methods and capabilities. Emphasis on team movement, hostage rescue, advanced firearms usage, physical endurance, and team problem exercises. May be repeated for credit to meet legally mandated requirements. (pass/no pass grading) (not degree applicable)

ADMJ 0630. Professional Training for Criminal Justice Personnel  
Units: 0.5-3  
Prerequisite: Appropriate federal and/or state certification (POST/STC) entry standards  
Hours: 54 laboratory per unit  
Satisfies required standards for law enforcement personnel in areas of knowledge, techniques and perishable skills. Emphasis on laws of arrest; search and seizure; first aid and CPR; firearms; defensive tactics; illegal drugs, officers safety; civil liability; ethics; communication skills; interview and interrogations; investigations; crime scene processing; and report writing. May be repeated for credit to meet legally mandated education/training requirements. (pass/no pass grading) (not degree applicable)

ADMJ 0631. Spanish for Law Enforcement  
Units: 0.5  
Prerequisite: Completion of PC 832 - Arrest, POST Module III Academy Training or POST Basic Academy  
Hours: 9 lecture  
Functional Spanish course designed for law enforcement personnel. Students learn the basic commands to complete a car stop, handcuffing and the Miranda advisement. (pass/no pass grading) (not degree applicable)

ADMJ 0632. Crime Scene Investigations for the Patrol Officer  
Units: 0.5  
Prerequisite: Completion of POST Basic Academy  
Hours: 16 lecture  
Fine tune the skills obtained in the Basic Academy regarding crime scene investigations for the patrol officer. Topics include fingerprinting, chain of evidence, videographing and the recognition of evidence and the importance of recording placement. (pass/no pass grading) (not degree applicable)

ADMJ 0633. Media Relations for Law Enforcement  
Units: 0.5  
Hours: 9 lecture  
Designed to prepare the line officer to work with the media and give a press release. (pass/no pass grading) (not degree applicable)

ADMJ 0634. Report Writing Review for Law Enforcement  
Units: 0.5  
Prerequisite: Completion of PC 832 - Arrest, POST Module III Academy Training, or POST Basic Academy  
Hours: 9 lecture  
Course designed for law enforcement personnel who need a refresher report writing course. (pass/no pass grading) (not degree applicable)
ADMJ 0635. Interview and Interrogation for Law Enforcement
Units: 0.5
Prerequisite: Completion of POST Basic Academy
Hours: 9 lecture
Designed to provide officers with the knowledge to recognize distinct differences between interviews and interrogations. Covers legal issues and how to obtain truth from suspects, witnesses and victims. (pass/no pass grading) (not degree applicable)

ADMJ 0636. Basic Traffic Collision Investigation
Unit: 1
Prerequisite: Completion of POST Basic Academy
Hours: 24 (18 lecture, 6 laboratory)
Designed to provide officers with knowledge and skills to conduct traffic collision investigations and develop reasonable cause for establishing fault pursuant to California Vehicle Code Section 40600. (pass/no pass grading) (not degree applicable)

ADMJ 0637. Drug Abuse Recognition
Unit: 1
Prerequisite: Completion of POST Basic Academy
Hours: 24 lecture
Provides officers with the knowledge and skills to recognize signs and symptoms of drug influence, the DAR 7-step system, drug trends, how drugs affect the central nervous system, drug laws, report preparation and expert court testimony. (pass/no pass grading) (not degree applicable)

Program Student Learning Outcomes
- Justify the importance of ethical behavior as it relates to the social contract between citizens and the justice system.
- Demonstrate effective oral and written communication skills.
- Demonstrate competency in the functional relationships between the three components of the criminal justice system (Law Enforcement, Courts, and Corrections).
- Develop skills necessary to successfully engage a career in the Administration of Justice field.
- Analyze and critically evaluate information to solve problems within the Criminal Justice field.
- Analyze and apply constitutional and legal principals to the Administration of Justice contemporary society.

Gain hands-on skills to design, build and manufacture in the Computer Numeric Control (CNC) machining courses held in our state-of-the-art machining center. This program is affiliated with Gene Haas Foundation of Haas Automation, the largest CNC machine tool builder in the western world.

Learn the latest technologies and get exposure to the entire spectrum of manufacturing. Delve into computer modeling and creation. Design for technology applications on our brand-new Haas machines.

Advanced Manufacturing

AS Degree
The Sierra College Advanced Manufacturing Program prepares students for C.N.C. machining and is also ideal for students who need to upgrade prior machine shop training to comply with the current needs of industry.

For the degree, students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth pattern (p. 300);
- or Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

- ADVM 0068: Advanced Mill 4th and 5th Axis (3 units)
- DES 0001: Technical Drafting I (3 units)
- DES 003D: Design for Additive Manufacturing - 3D Printing (3 units)
- WELD 0001A: Introductory Welding for Metalworking (2 units)

Select 4-7 units from the following:

- DES 0002: Technical Drafting II
- DES 0012: Geometric Dimensioning and Tolerancing
- MECH 0004: Fundamentals of Mechatronics
- WELD 0002A: Wire Feed Welding Processes - Career Path
- WELD 0003B: Gas Tungsten Arc Welding (TIG) - Career Path

Total Units: 28.5-31.5

Advanced Manufacturing Certificate of Achievement

The Advanced Manufacturing certificate of achievement provides a comprehensive understanding of the skills necessary for success in the Advanced Manufacturing industry. This program is designed to enable the student to enter industry with problem-solving skills in design, production, planning, materials handling, quality control, inspection and programming with computer-aided controls. The student, upon the successful completion of the program, will have job-entry skill and career advancement opportunities.

A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

Courses

Understanding course descriptions (p. 312)

ADVM 0062. Introduction to Computer Aided Design and Manufacturing (CAD/CAM)

Units: 2.5
Hours: 81 (27 lecture, 54 laboratory)
Introduction to CAD/CAM using Fusion 360. Covers practical on-the-job skills needed for precision machining. Students will learn skills needed to read and understand detailed drawings, create a process plan for machining parts, create 3D CAD files from 2D drawings, create 2D drawings from 3D models, plan and create CNC toolpaths and export G-code for manufacturing. (not transferable)

ADVM 0063. Design and 2-D Manufacturing of 3-D Objects

Units: 2
Hours: 72 (18 lecture, 54 laboratory)
Students will learn the basic working principles of water jet cutting, laser cutting, laser engraving, plasma cutting, CNC and manual press brake machinery. Class projects will be modeled using computer software and then cut, engraved, or formed using the appropriate manufacturing process for the job. (not transferable)

ADVM 0064. Computer-Aided 2D Design

Units: 3
Formerly known as WELD 64
Hours: 90 (36 lecture, 54 laboratory)
Study of Computer Numerically Controlled (CNC) cutting systems in the 2D world using industry standard hardware and development software. Topics include design principles, copyright, selection of materials, billing of materials and job estimating, basic G and M code commands, use of consumables, cut quality evaluation, and trouble-shooting techniques. (not transferable)

ADVM 0066. CNC Machining Level 1

Units: 3
Formerly known as WELD 66
Advisory: Completion of ADVM 62 with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Intermediate course making billet aluminum parts from start to finish using HAAS CNC milling machines. Fusion 360 will be used to model and program class assignments which are then posted to HAAS machines where students will learn how to set up and operate HAAS CNC vertical machining centers. After the parts have been machined, students will use common industry measuring and inspection techniques to insure their parts are in tolerance. (not transferable)

ADVM 0067. CNC Machining Level 2

Units: 3
Formerly known as WELD 67
Prerequisite: Completion of ADVM 66 with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Applications using multi-axis CNC machining. Developing complicated part geometry with Computer Aided Design (CAD), importing files, planning machine operations, and developing machine codes by Computer-Aided Machining (CAM) with multi-axis focus. Includes simulation modeling used to proof the assigned laboratory exercises and set-up for 3+2 and 4th and 5th axis operation of CNC machining centers. (not transferable)
ADVM 0068. Advanced Mill 4th and 5th Axis
Units: 3
Prerequisite: Completion of ADVM 67 with grade of “C” or better
Hours: 90 (36 lecture, 54 laboratory)
Advanced CNC machining 4th and 5th axis Mill work. Developing complicated part geometry with Computer Aided Design (CAD), Post process CAM tool path development, planning machine operations, and developing machine codes and techniques for cost effectiveness. CNC Lathe operations. (CSU)

Program Student Learning Outcomes (PSLOs)
• Create and analyze basic CAD drawing files for use in mechanical systems
• Evaluate an industrial process based on principles of Computer Integrated Manufacturing
• Identify necessary tools and describe tool offsets and part offsets for machining designed parts
• Design programming using CAM and basic G code to machine parts on a CNC turning center and CNC milling center that meet the part specification
• Describe and evaluate Geometric Dimensioning and tolerancing of parts from design

Overview
Sustainable agriculture is an integrated system of plant and animal production practices having a site-specific application that will, over the long-term, satisfy human food and fiber needs; enhance environmental quality and the natural resource base upon which the agriculture economy depends; make the most efficient use of nonrenewable resources and on-farm resources and integrate, where appropriate, natural biological cycles and controls; sustain the economic viability of farm operations and enhance the quality of life for farmers and society as a whole.

TRANSFER AND MAJOR REQUIREMENTS in Agriculture are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements.

Sustainable Agriculture
AS Degree and/or Certificate of Achievement (formerly Agriculture)
The Sustainable Agriculture major combines the skills and knowledge to incorporate economic viability, environmental stewardship and social responsibility in food and farming systems. This broad-based degree/certificate combines plant and soil science, animal science and business in a hands-on approach to prepare students for the workforce or for transfer to a four-year institution. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. For the degree, students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:
• Sierra College Associate Degree Requirements (p. 292);
• California State University General Education Breadth (CSU GE) (p. 300) pattern;
A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

**Sustainable Agriculture Business**

**Skills Certificate**

Designed to give students the small sustainable farm business management knowledge and abilities to successfully enter the workforce as a small farm owner or manager. This skills certificate focuses on skills and knowledge relative to the principles of agribusiness management, sustainable agriculture and direct farm marketing. This is a specialty certificate designed to provide career technical skills; it is not equivalent to an associate degree.

Total Units: 10

**Courses**

Understanding course descriptions (p. 312)

AGRI 0028. Independent Study

Units: 1-3

Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

AGRI 0095. Internship in Agriculture

Units: 0.5-4

Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

AGRI 0156. Introduction to Plant Science

Units: 4

Formerly known as HORT 2

Also known as BIOL 21

Advisory: Eligibility for ENGL 1A

Hours: 108 (54 lecture, 54 laboratory)

Emphasizes structure, growth, physiology and reproduction of flowering plants and their responses to modifications and environment; including propagation, media, soil and plant nutrition. Explores the interrelationship of plant science with other life sciences and technology. Applies principles of plant science to agricultural systems. (CSU, UC)

AGRI 0159. Integrated Pest Management

Units: 3

Formerly known as HORT 52

Hours: 54 lecture

Comprehensive study of integrated pest management with emphasis on sustainable management practices of landscape and small crop pests. Includes identification and study of insects, weeds, plant diseases, vertebrate pests, and beneficial organisms. Studies least toxic pest control strategies, labeling, formulations and safe handling of pesticides. (CSU)

AGRI 0160B. Methods of Propagation

Unit: 1

Formerly known as HORT 134B

Hours: 54 laboratory

Provides an advanced level of skill, technique and experience in spring plant production. In-depth studies of propagation materials, sexual and asexual reproduction, transplanting and planting. Preparation and use of propagation and planting media. (not transferable)

**Urban and Wildland Forestry**

**Skills Certificate**

Designed to prepare students for employment as utility foresters who assess trees and other vegetation in utility right-of-ways to prevent interference with high voltage lines and other utility equipment. Utility Foresters work independently in urban and wildland areas, and interface with land owners to explain required vegetation management. A skills certificate is designed to provide technical skills; it is not equivalent to an associate degree.

- or Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).
AGRI 0164. Sustainable Tree Care  
Units: 3  
Formerly known as HORT 40  
Hours: 90 (36 lecture, 54 laboratory)  
Sustainable horticultural principles and practices for management and care of trees in urban and landscape settings. Includes tree biology and culture, proper tree selection, maintenance, planting, staking, pruning techniques, tree hazard assessment, and risk management. Current issues in urban forestry and trees in the urban environment will be covered. (CSU)

AGRI 0196. Introduction to Sustainable Agriculture  
Units: 3  
Hours: 54 lecture  
Introduction to the concepts and principles of agroecology as applied to the design and management of sustainable agricultural systems. Includes examination of case studies connecting sustainable agriculture principles to farming practices. (CSU, UC)

AGRI 0198. Food, Society and the Environment  
Units: 3  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Multiple perspectives and global connections between the environment, society and food production. Emphasis on agriculture's central position between nature and society and its key role in humanity's search for a productive and sustainable environment. (CSU, UC)

AGRI 0200. Introduction to Animal Science  
Units: 4  
Advisory: Eligibility for ENGL 1A  
Hours: 108 (54 lecture, 54 laboratory)  
A scientific approach to the field of animal science and the interrelationships of domestic animals and their contribution to the modern agriculture industry. Introduces various disciplines, including cell function, genetics, anatomy and physiology, reproduction, nutrition, animal health, animal products and animal behavior. (C-ID AG-AS 104) (CSU, UC)

AGRI 0203. Animal Feeds and Nutrition  
Units: 4  
Formerly known as AGRI 12  
Advisory: Eligibility for ENGL 1A  
Hours: 108 (54 lecture, 54 laboratory)  
An introduction to the feeds and nutrition of animals including basic digestive system anatomy and physiology; composition and selection of feeds; characteristics of nutrients; principles of nutrition; nutrient requirements of non-ruminant and ruminant animals; and formulating diets to meet these requirements. (CSU)

AGRI 0212. Direct Farm Marketing  
Units: 2  
Hours: 36 lecture  
Overview of direct farm marketing. Includes innovative marketing alternatives for the small to medium size grower, proven methods of product development, promotion, pricing and distribution. (not transferable)

AGRI 0213. Agriculture Mechanics  
Units: 3  
Hours: 90 (36 lecture, 54 laboratory)  
Shop skills essential to mechanized agriculture, including welding, metal and wood fabrication tools, electrical and plumbing. Proper selection, use, repair, and safety of the tools and equipment will be emphasized. (CSU)

AGRI 0215. Introduction to Agricultural Business and Economics  
Units: 3  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Provides an overview of the role agriculture business and economics play in United States and world economies and how these aspects impact the agricultural producer in day to day management, the consumer and the food system. Production and supply, marketing and demand, resource allocation and commodity pricing will be discussed as well as social and economic challenges of agriculture in urban and industrialized economies emphasizing California. (CSU, UC)

AGRI 0221. Introduction to Soil Science  
Units: 3  
Advisory: Eligibility for ENGL 1A  
Hours: 90 (36 lecture, 54 laboratory)  
Soils as natural bodies formed by interactive environmental processes, classification and characteristics. Soil response to use and management including erosion, moisture retention, structure, cultivation, organic matter and microbiology. Laboratory topics include soil type, classification, soil reaction, soil fertility and physical properties of soil. (C-ID AG-PS 128 L) (CSU, UC)

Program Student Learning Outcomes (PSLOs)

• Assess the interdependence of relationships that exist between plants, animals, the environment and humans.
• Evaluate the economic importance of agriculture to various societies/ cultures.
• Assess the impacts of agricultural production practices on the environment and society.
• Relate the biology of plants and or animals to agricultural management practices.

Overview

Allied Health offers alternatives to nursing and medicine for students interested in healthcare professions. Careers include Dental Hygiene, Licensed Vocational Nursing, Medical Assisting, Physical Therapy Assistant, Respiratory Therapist, Radiology Technician, Sonography, and others. Allied Health at Sierra College is designed to help identify and train for these alternative healthcare careers and to prepare students for
success working in hospitals, clinics, dental offices and long term care facilities.

Carey Shannon
Assistant Professor, Allied Health
B.A., University of Nevada, Reno

Allied Health Advisory Committee

Certificates of Achievement
- Allied Health-General Option (p. 45)
- Medical Assisting (p. 46)

Allied Health - General Option

AS Degree and/or Certificate of Achievement
The Allied Health General Option is designed as a gateway into allied health professions and to prepare students for success in Allied Health degree and certificate programs at Sierra and other institutions. This may include training programs for professions such as Dental Hygiene, LVN, Medical Assistant, Occupational Therapy Assistant, Physical Therapy Assistant, Respiratory Care, Radiography Technician, Sonography and others. Some variation in degree/certificate requirements may exist for particular Allied Health programs, therefore, it is essential that students refer to the catalog of their intended transfer institution and contact a counselor to ensure that all required coursework is completed. For the degree, students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth pattern (p. 300);
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

Allied Health - Pre-Nursing Option

AS Degree

Successful completion of the Associate in Science, Allied Health # Pre# Nursing Option, prepares the student with the knowledge, skills and qualities necessary to apply to most nursing programs. The program includes the prerequisites for necessary for most registered nursing programs at community colleges and may be transferable to nursing majors at various universities. Some variation in degree requirements may exist for a particular program; therefore, it is essential that students refer to the catalog of their intended institution and contact a counselor to ensure that all required coursework is completed. For the degree, students must fulfill the following major requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

### Courses

Understanding course descriptions (p. 312)

¹ CHEM 0002A is preferred for most Nursing programs. Speak with a counselor to discuss Chemistry options.
ALH 0001. Electronic Health Record/Billing
Units: 2.5
Prerequisite: Completion of BIOL 55, BUS 250, HED 2, and HSCI 3 with grades of "C" or better
Hours: 63 (36 lecture, 27 laboratory)
How to document the total patient encounter in the Electronic Health Record using a current vendor product along with Medisoft Clinical Practice Management which incorporates the electronic billing process. (letter grade only) (not transferable)

ALH 0002. Medical Coding
Units: 2.5
Hours: 63 (36 lecture, 27 laboratory)
Students will acquire basic knowledge of the functions of coding in the ambulatory medical setting. In addition, students will learn to interpret and locate codes in both the CPT (Current Procedural Terminology) and ICD-10-CM (International Classification of Disease, clinical modification) manuals. (letter grade only) (not transferable)

ALH 0003. Introduction to Pharmacology for Medical Assisting
Units: 2.5
Hours: 63 (36 lecture, 27 laboratory)
Introduction to the principles of pharmacology and medication forms, routes of administration, and common medication for each body system as used in the ambulatory setting. (letter grade only) (not transferable)

ALH 0004. Physical Exam Procedures
Units: 3
Hours: 90 (36 lecture, 54 laboratory)
Prepares students to perform clinical tasks within the scope of practice of a medical assistant. Skill competencies include preparation of exam rooms, acquisition of patient history and vital signs, introduction to oral medication administration, nutritional education planning, orthopedic bracing/casting, handling office emergencies, and performing CPR and electrocardiograms. (letter grade only) (not transferable)

ALH 0005. Medical Office Procedures
Units: 3
Prerequisite: Completion of ALH 1, 2, 3, and 4 with grades of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Designed for the Clinical Medical Assistant to learn legal/ethical and accepted procedures for any ambulatory setting. (letter grade only) (not transferable)

ALH 0006. Medical Office Laboratory Procedures
Units: 3
Prerequisite: Completion of ALH 1, 2, 3, and 4 with grades of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Students will acquire skills to competently implement and evaluate standard laboratory tests as performed in medical offices or general lab settings. Emphasis on specimen collection, handling and storing procedures, analysis and interpretation of normal and abnormal lab values. Acquire phlebotomy skills that prepare students to practice within their scope of work as a medical assistant. (letter grade only) (not transferable)

ALH 0007. Medical Asepsis and Surgical Procedures
Units: 3
Prerequisite: Completion of ALH 1, 2, 3, and 4 with grades of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Students will acquire knowledge to apply theory to practice while assisting with minor office surgeries and wound care. Sterile and aseptic techniques, sterile field and instrument sanitization procedures and protocols prepare students with the necessary skills to practice within the scope of practice of a medical assistant. (letter grade only) (not transferable)

ALH 0008. Medication Administration and Injection Procedures
Units: 3
Prerequisite: Completion of ALH 1, 2, 3, and 4 with grades of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Students will acquire and apply knowledge of various routes of medication administration and the related injection safety, techniques, and site selection. Medication dosage calculations, medication side effects and emergencies pertaining to medication administration will prepare students to practice within the scope of practice of a medical assistant. (letter grade only) (not transferable)

ALH 0009. Medical Assisting Clinical Practicum Experience
Units: 3
Prerequisite: Completion of ALH 5, 6, 7, and 8 with grades of "C" or better
Hours: 162 laboratory
Students will acquire clinical Medical Assisting experience in the work setting under the supervision of a licensed physician in a Board-Certified medical office setting or outpatient facility. (letter grade only) (not transferable)

ALH 0010. Introduction to Phlebotomy
Units: 3
Hours: 91 (43 lecture, 48 laboratory)
Introduction to the principles of Phlebotomy. Emphasis on phlebotomy techniques, infection control, safety, specimen collection and handling, medical and legal considerations, patient care and preparation and performance in venipunctures, capillary punctures, and basic laboratory tests expected of the entry level phlebotomy position (CPT 1). Upon successful completion of ALH 10 and ALH 11, students will be eligible to sit for the phlebotomy exam to become a Certified Phlebotomy Technician I (CPT 1) with the state of California. (letter grade only) (CSU)

ALH 0011. Phlebotomy Clinical Practicum Experience
Units: 0.5
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in ALH 10
Hours: 40 laboratory
Students will acquire Phlebotomy experience in the work setting under the supervision of a certified phlebotomist. The clinical practicum is conducted as a non-paid clinical laboratory experience. Students will perform at least 50 venipuncture procedures on patients that represent a variety of age groups and medical conditions. Emphasis on phlebotomy techniques, infection control, safety, specimen collection and handling, medical and legal considerations, patient care and preparation and performance in venipunctures, capillary punctures, and basic laboratory tests expected of the entry level phlebotomy position (CPT 1). (letter grade only) (CSU)
ALH 0020. Introduction to Allied Health

Unit: 1

Hours: 18 lecture

Introduction to career choices in the Allied Health field. Topics include: education and career mapping, job outlooks, occupational and professional requirements, pay ranges, and employer expectations. Students will get hands-on experience related to various Allied Health occupations and gain insight into job roles and responsibilities through guest speakers. Course includes an overview of health care delivery systems, associated career opportunities, infection control, and laws governing patient confidentiality. Students will have the opportunity to participate in organized field trips. (letter grade only) (CSU)

Program Student Learning Outcomes
- Demonstrate an understanding of the functions of the organ systems of the human body.
- Use the Scientific Method to investigate biological questions and critically evaluate and effectively communicate scientific data.
- Understand and apply foundational knowledge for a future allied health career or program of study.

Anthropology

Overview

Anthropology is the academic discipline concerned with the study of the biological and cultural development of mankind. The approach is comparative and holistic, focusing attention on the physical behavioral characteristics of humans, the range of their variations worldwide and the constants which cut across all human activity. Anthropological studies include people throughout the world since the beginning of human life.

TRANSFER MAJOR REQUIREMENTS in Anthropology are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements. Positions for which four-year graduates in Anthropology are qualified are archaeologist, anthropology instructor, environmental consultant and state and national park anthropologist.

Degrees/Certificates

Anthropology for Transfer

AA-T Degree

Anthropology is the study of humans, past and present. To understand the full sweep and complexity of cultures across all of human history, anthropology draws and builds upon knowledge from the social and biological sciences as well as the humanities and physical sciences. A central concern of anthropologists is the application of knowledge to the solution of human problems. Historically, anthropologists in the United States have been trained in one of four areas: sociocultural anthropology, biological/physical anthropology, archaeology and linguistics. Anthropologists often integrate the perspectives of several of these areas into their research, teaching and professional lives.

The Associate in Arts in Anthropology for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor’s degree in Anthropology or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor’s degree.

To earn the Associate in Arts in Anthropology for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:
- completion of all courses required for the major with grades of “C” or better; and
- completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICITION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

ANTH 0006. Introduction to Linguistic Anthropology  
Units: 3  
Advisory: Completion of ENGL 1A with grade of “C” or better  
Hours: 54 lecture  
Explore the many different ways people communicate. Examine how language is linked the way we see the world, ourselves and each other. Investigate how language works and how it changes over time. Study beliefs about language and their impacts. Examine how people use language to build and share meaning, to form, perform and change identities as well as to enact or resist power. (C-ID ANTH 130) (CSU, UC)

ANTH 0007. Native Peoples of California  
Units: 3  
Hours: 54 lecture  
Anthropological survey of the indigenous peoples and cultures of California. Emphasizes ecological knowledges/practices, languages, material culture, social organizations, religion, mythologies, world view, and artistic representations and responses to change. Critical examination of the impact of tribal nations on each other as well as the interactions with other groups of people. Examines current conditions of Native American tribes and communities in California as well as contributions of indigenous Californians to the cultures of the Americas. Field trips may be required. (CSU, UC)

ANTH 0008. Cultural Anthropology  
Units: 3  
Hours: 54 lecture  
Introduction to the study of human culture. Examines continuity and diversity in lifeways, knowledge, perspectives, practices and social institutions. Examples drawn from many different cultures and addresses multiple aspects of people’s lives. Explores cultural change and intercultural interactions at local and global scales. Addresses the contemporary relevance of culture, cultural humility and cultural anthropology. (C-ID ANTH 120) (CSU, UC)

ANTH 0015. Introduction to Forensic Anthropology  
Units: 3  
Hours: 54 lecture  
Survey of the history and theory of archaeology. Emphasis placed on techniques of archaeological data collection and analysis, cultural innovations and variations, reconstruction and interpretation of the past, and Cultural Resource Management work. Field trips may be required. (C-ID ANTH 150) (CSU, UC)

ANTH 0027. Anthropology of Sex, Gender and Sexuality  
Units: 3  
Hours: 54 lecture  
Anthropological survey of the indigenous peoples and cultures of California. Emphasizes ecological knowledges/practices, languages, material culture, social organizations, religion, mythologies, world view, and artistic representations and responses to change. Critical examination of the impact of tribal nations on each other as well as the interactions with other groups of people. Examines current conditions of Native American tribes and communities in California as well as contributions of indigenous Californians to the cultures of the Americas. Field trips may be required. (CSU, UC)
ANTH 0009. Magic, Witchcraft, Ritual, Myth and Religion
Units: 3
Hours: 54 lecture
Exploration of supernatural beliefs and practices around the world and over time. Analysis of the forms and functions of myths, rituals, altered states of consciousness, spirit possession, religious movements, witchcraft, and curing. Investigation of the relationship between science, supernatural belief systems, and medicine. Examples drawn from many different cultures and addresses multiple aspects of people's religious and spiritual lives. (CSU, UC)

ANTH 0010. Introduction to Forensic Anthropology
Units: 3
Hours: 54 lecture
Overview of forensic anthropology, an applied field of physical anthropology. Emphasis on current techniques used in the analysis of human skeletal remains, medico-legal procedures, and the role of the anthropologist in the investigative process. Examines the basics of bone biology, methods of skeletal analysis, and recognition of bone trauma and pathological processes. (CSU, UC)

ANTH 0014. Global Problems
Units: 3
Hours: 54 lecture
An anthropological approach to the study of major global problems and current world situations. Examine the multidimensional impacts of global capitalism and assess participation within it. Course utilizes a critical approach and emphasizes knowledge from indigenous and other social movements which resist and advocate for alternatives. Highlights discussions about practical strategies for personal and collective positive global impacts. (CSU, UC)

ANTH 0027. Anthropology of Sex, Gender and Sexuality
Units: 3
Hours: 54 lecture
Introduction to the study of sex, gender and sexuality from multiple anthropological perspectives, including biological, cultural, linguistic and archaeological. Examine the diversity and complexities of human sexes, genders and sexualities in many different sociocultural, historical, and cross-species contexts. Investigate complex interactions of biological and cultural systems in the development and dynamics of sexes, genders and sexualities. Discuss relevant issues and current research pertaining to sex, gender and sexuality. (CSU, UC)

ANTH 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

Program Student Learning Outcomes (PSLOs)
- Identify, gather, and evaluate anthropologically relevant data; explain and apply anthropological theories and concepts.
- Use anthropological data to generate representations of diverse human dynamics including linguistic, cultural, physical, and archaeological characteristics.
- Discuss anthropologically informed and relevant perspectives regarding the interaction between biology and culture.
- Critically investigate and analyze how one's personal life relates to linguistic, biological, archaeological, and behavioral aspects of the human condition.

Applied Art and Design

Contact Information

Overview
Applied Art and Design is an academic discipline which focuses on the principles and practical applications of art, design, photography, computer graphics, imaging and animation. Study of the foundations of design, creative problem solving, portfolio development and internship experiences, all prepare students for transfer programs and career opportunities. Within the AA/AS degree or certificate options, students may concentrate in Graphic Design, Illustration, or Multimedia. Students who successfully complete the Applied Art and Design major can expect to find entry level employment in such areas as digital illustration, graphic design for print and internet, multimedia, animation, photographic retouching and pre-press operation.

Applied Art and Design—Digital Media
(formerly Applied Art and Design-Multimedia)

AA or AS Degree

Successful completion of the curriculum in Digital Media qualifies students for entry level positions as interactive media designers, computer game designers, interface designers, animators and on-line web designers. This option also prepares students for transfer to a four-year college program in Digital Media. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Interssegmental General Education Transfer Curriculum (IGETC) (p. 307).

Total Units 24
Applied Art and Design—Graphic Design

Successful completion of the curriculum in Graphic Design qualifies students for entry level positions in graphic design, Web design, desktop publishing and packaging design. This option also prepares students for transfer to a four-year college program in Graphic Design. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

Applied Art and Design—Illustration

Successful completion of the curriculum in Illustration qualifies students for entry level positions as digital illustrators for use in graphic design, advertising and book and card illustration. This option also prepares students for transfer to a four-year college program in Illustration. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

Applied Art and Design—Digital Media
(formerly Applied Art and Design-Multimedia)

Certificate of Achievement

The certificate in Digital Media qualifies students for entry level positions as interactive media designers, computer game designers, interface designers and on-line web designers. The certificate is designed to focus on providing specific career technical skills; it is not equivalent to an associate degree.

Applied Art and Design—Film and Video Production
Certificate of Achievement

Successful completion of the curriculum in Film and Video Production program provides a comprehensive understanding of the skills necessary for successful employment in the Film and Video Production industry. This program is designed to meet the needs of students interested in seeking entry-level positions in filmmaking and video production. Additionally, students could choose to start their own business in commercial video production after the completion of the program. The certificate is designed to focus on providing specific career technical skills; it is not equivalent to an associate degree.

Total Units: 32-34

### Digital Animation

**Skills Certificate**
Designed for students interested in becoming proficient in digital animation and filmmaking. Valuable for those preparing for careers in animation and gaming, or upgrading their skills. This is a specialty skills certificate designed to provide career technical skills; it is not equivalent to an associate degree.
### Digital Illustration
**Skills Certificate**
Designed for students interested in becoming proficient in illustration. Valuable for those preparing for careers in illustration, animation and gaming, or for those upgrading their skills. This is a specialty skills certificate designed to provide career technical skills; it is not equivalent to an associate degree.

### Graphic Design
**Skills Certificate**
Designed for students interested in becoming proficient with design concepts, software and image manipulation related to creating print and publication design. Valuable for those preparing for a career as a graphic designer, or for those upgrading their skills. This is a specialty skills certificate designed to provide career technical skills for print design and publication software; it is not equivalent to an associate degree.

### Courses
Understanding course descriptions (p. 312)
AAD 0012. Visual Communication  
*Units: 3*  
Also known as COMM 12  
Hours: 54 lecture  
Study of visual communication including design principles, aesthetics, visual perception, non-verbal messages, relationship to verbal communication, audience analysis, mass media and persuasion. Historical overview of visual media as well as current trends and technology. (C-ID JOUR 170) (CSU, UC)  

AAD 0020. Portfolio Development and Presentation  
*Units: 3*  
Advisory: Completion of AAD 70, 75, or 85 with grade of "C" or better  
Function and use of the portfolio as a marketing device for artists and designers. Styles, materials, resources in portfolio design. Evaluation of professional goals and image building. Students create and present both a print and digital portfolio of their work as a final project. For advanced students. (CSU)  

AAD 0028. Independent Study  
*Units: 1-3*  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)  

AAD 0030. Photographing Works of Art  
*Units: 0.5*  
Also known as PHOT 30  
Hours: 13 (7 lecture, 6 laboratory)  
Methods and procedures involved in reproducing works of art into digital files for cataloging, portfolios, publication and show submissions. Covers equipment needed for both artificial and natural light situations, camera considerations, proper exposure, and presentation of copy work for both two-dimensional and three-dimensional art. Students must furnish presentation materials. (CSU)  

AAD 0044. Sketching for Design  
*Units: 3*  
Hours: 72 (36 lecture, 36 activity)  
Introduction to concept sketching techniques for design, illustration, photography and multimedia utilizing a variety of drawing media and creative problem solving concepts. Emphasis on developing visual communication skills for advertising, graphics, illustration, product design, and storyboarding for time-based media. (CSU)  

AAD 0052. Publication Design I  
*Units: 3*  
Advisory: Completion of AAD 60 or AAD 70 with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Introductory course in use of computer for page layout and composition. Critical application of basic computer operating principles. Emphasis on publication design and the use of type and layout as key elements in graphic communication. Covers importing text and graphics, arranging publication pages, and producing camera ready artwork for reproduction. (CSU)  

AAD 0053. Publication Design II  
*Units: 3*  
Prerequisite: Completion of AAD 52, 54 or 62 with grade of "C" or better  
Hours: 72 (36 lecture, 36 activity)  
Page layout for developing and producing high-quality multi-page documents. Emphasis on publication design, production, typography, graphics, and pre-press. Includes research and application of effective magazine layout concepts, cover design, grid theory, graphics, text elements and printing standards and processes. (CSU)  

AAD 0054. Typography  
*Units: 3*  
Prerequisite: Completion of AAD 52, 53, 61, 62, or 75 with grade of "C" or better  
Advisory: Completion of AAD 60 with grade of "C" or better  
Hours: 72 (36 lecture, 36 activity)  
A professional and historical approach to understanding typographic principles and form, effects of type on the style and communication in print and screen. Includes study of historical and contemporary graphics and typographic design, conceptualizing, developing and refining typographical forms, methods for analyzing typographic usage, and proper application of type in a variety of print publications, screen environments, hand drawn and computer generated typed forms. (CSU)  

AAD 0055. Illustration  
*Units: 3*  
Also known as ART 55  
Prerequisite: Completion of AAD 44, 60, 62, 75 or ART 4A with grade of "C" or better  
Hours: 72 (36 lecture, 36 activity)  
Professional practices of illustration, including concept development, communication of ideas, identification and use of appropriate styles and techniques, time management, pricing and contracts, and presentation of finished artwork. (CSU)  

AAD 0060. Graphic Design: Principles and Process  
*Units: 3*  
Advisory: Completion of AAD 44, AAD 70, ART 2, or ART 4A, with grade of "C" or better  
Hours: 72 (36 lecture, 36 activity)  
Introductory course emphasizing concept development, fundamental principles of design and design solutions. Exploration of materials and techniques for visualizing and presenting ideas, analyzing and critiquing design and combining diverse elements in effective layouts from concept through final critique. (CSU)  

AAD 0061. Graphic Design II: Digital Design and Production  
*Units: 3*  
Prerequisite: Completion of AAD 52, 62, or 75 with grade of "C" or better  
Advisory: Completion of AAD 60 with grade of "C" or better  
Hours: 90 (27 lecture, 63 activity)  
Advanced problem solving skills in graphic design through projects and critique. Use of the computer to design and produce full color graphics and print materials, including industry standards and procedures for working with art directors, service bureaus, and printers in pre-press operations. (CSU)
AAD 0062. Graphic Computer Illustration
Units: 3
Advisory: Completion of AAD 44, AAD 60, AAD 70, or ART 4A with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Computer illustration for effective graphic communication. Emphasis on software tools and techniques in creation of graphic illustrations for use in a wide range of media including print, multimedia, and World Wide Web. Application of design principles, the use of type and layout in combination with illustrations through class projects. Covers importing text and graphics, developing and executing design concepts, and producing camera ready artwork for reproduction using appropriate file formats and standards for integration into other electronic media. (CSU, UC)

AAD 0066. Business Practices for the Applied Arts
Units: 3
Hours: 54 lecture
Introduction to business practices for graphic designers, multimedia and illustration artists and other creative service providers. Initial client contact to final billing process; basic elements of running a small studio; following an Applied Art and Design creative project from inception to completion; discussion of copyright protection; building relationships and contracts with clients and suppliers. (CSU)

AAD 0070. Introduction to Digital Design
Units: 3
Hours: 72 (36 lecture, 36 activity)
Introduction to fundamental concepts and techniques of art and design on the computer. Includes basic computer skills, digital image capture, image manipulation, drawing, page layout, and preparation of images for print, web or multimedia. Students develop creative projects using current graphics software. (C-ID ARTS 250) (CSU, UC)

AAD 0071. Introduction to Digital Painting
Units: 3
Also known as ART 71
Prerequisite: Completion of AAD 44 or ART 4A with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Introduction to the concepts, tools, and techniques of drawing and painting using creative software. Exploration of traditional artistic techniques in a digital environment. Includes development of skills such as building form, creating color, composing subjects and describing space. Development of portfolio-quality projects in both digital form and print. (CSU)

AAD 0073. Digital Art Studio: Concepts and Practices
Units: 3
Also known as ART 73
Prerequisite: Completion of ART 4A or AAD 44 with grade of "C" or better
Advisory: Completion of AAD 70 with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Introduction to the tools, concepts, and processes for digital art creation with an emphasis on experimental animation, video, mixed media, digital imaging, installation, and new genres. Topics include integration of traditional design, color, and compositional principles with contemporary digital tools in an art studio context. (CSU, UC)

AAD 0075. Introduction to Digital Imaging
Units: 3
Also known as PHOT 75
Advisory: Completion of AAD 70 with grade of "C" or better
Hours: 72 (36 lecture, 36 activity)
Introduction to the acquisition and computer manipulation of photographs for design and photography. Analysis and critique of images from initial concept to final project creation. Basic scanning, image adjustments, retouching, compositing, and file preparation for printing and other uses. (CSU, UC)

AAD 0076. Advanced Projects in Digital Imaging
Units: 3
Also known as PHOT 76
Prerequisite: Completion of PHOT 75 or AAD 75 with grade of "C" or better
Hours: 72 (36 lecture, 36 activity)
Advanced digital project development using Photoshop. Creating original images from a variety of input devices including scanners and digital cameras. Speed building in editing techniques. Integration of other software programs. Evaluations and critiques of completed projects. (CSU)

AAD 0079. Introduction to Digital Filmmaking
Units: 3
Also known as COMM 31A
Hours: 90 (36 lecture, 54 laboratory)
Use of digital cameras for producing short form video projects. Introduction to principles, techniques and the terminology of video production and digital filmmaking. Guided classroom exercises and projects, including pre-production planning, video and audio recording techniques, on-location set-ups and studio set-ups, lighting for filmmaking, and basic video editing and output. (CSU)

AAD 0082. Intermediate Digital Filmmaking
Units: 3
Prerequisite: Completion of AAD 79/COMM 31A with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Examines the pre-production, production and post-production process of filmmaking at an intermediate level. Students produce advanced digital films that incorporate industry standard pre-production preparation such as script writing, storyboarding, and development of a production book. The production process incorporates sound recording, mixed soundtracks, camera work with an emphasis on visual metaphors, and detailed lighting schemes. Post-production focuses on advanced picture and sound editing techniques along with formatting for distribution. (CSU)

AAD 0083. Introduction to Three-Dimensional Modeling
Units: 3
Advisory: Completion of AAD 70 and ART 4A with grades of "C" or better
Hours: 108 (27 lecture, 81 laboratory)
Three-dimensional modeling on the computer including construction of three-dimensional forms, use of surface textures, application of lighting effects, and animation of completed constructions. Students will create original projects including environments, objects, buttons, three-dimensional texts and animations for use in fine art, graphic design, multimedia and the World Wide Web. (CSU)
AAD 0085. Introduction to Web Design  
Units: 3  
Advisory: Completion of AAD 70 or 75 with grade of "C" or better  
Hours: 90 (36 lecture, 36 laboratory, 18 activity)  
An introduction to web design, covering topics and strategies necessary for the creation and design of websites. Topics include HyperText Markup Language (HTML); Cascading Style Sheets (CSS); design issues specific to web delivery; the creation and optimization of graphics and images for the web; accessibility; search engine optimization and current industry standards. (CSU)

AAD 0086. Intermediate Web Design  
Units: 3  
Prerequisite: Completion of AAD 85 with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Intermediate course in front-end web design. Current topics in website creation covered as they relate to visual design and user interfaces such as strategies for combining layout, graphics, text, typography, and interactivity in fully functioning websites. Special topics include coverage of industry standards and current technologies. (CSU)

AAD 0087. Content Management Systems for Designers  
Units: 3  
Prerequisite: Completion of AAD 85 with grade of "C" or better  
Advisory: Completion of AAD 86 with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Intermediate level course in front-end Web development and design with a focus on using CMS (Content Management Systems). Students learn how to install a CMS; work on a local server for development; enhance the site functionality with plugins, widgets, and themes; customize the appearance of the site to meet brand requirements; manage visitor interactions; and manage updates and security issues. (CSU)

AAD 0088. History of Filmmaking  
Units: 3  
Hours: 54 lecture  
Enter level film history course covering the birth of cinema to present-day. Also covers cinema's relationship to new media and digital technology. Students will acquire general knowledge of film language that is the product of its historical and cultural contexts. Historical study begins in Europe and the United States where cinema was first developed and moves across various regions around the world as it relates to cinematic history. (CSU, UC)

AAD 0089. Documentary Filmmaking  
Units: 3  
Also known as PHOT 89  
Prerequisite: Completion of AAD 79/COMM 31A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Examines the principles, techniques and terminology that are specific to documentary filmmaking. Students produce documentary films that incorporate industry standard pre-production preparation such as creating contracts, research, location surveys, and script writing. Major topics include camera operation, capturing b-roll, location sound recording, mixing, editing and formatting for distribution. (CSU, UC)

AAD 0090. Interaction Design  
Units: 3  
Prerequisite: Completion of AAD 85 with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to Interaction Design for the web and devices with a focus on User Experience and User Interface design. The use of CSS, HTML and JavaScript for creating interactive elements and animations will be covered. Use of scripts, animation and multimedia tools and processes will be covered, as will the use of forms and inputs. Stylistic concerns, content development and design process will be examined. Students create original websites focusing on integrating interactivity and animation in a meaningful way. (CSU)

AAD 0093. Introduction to Motion Graphics  
Units: 3  
Prerequisite: Completion of AAD 79 with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Application of graphic design principles to filmmaking and video production using various forms of animation and visual effects. Exploration of traditional and experimental approaches to creating dynamic visual content for use in video, design and animation. Topics include the integration of text, video, graphics, and sound into short animation pieces as well as components for larger productions. Aesthetic, conceptual and technological considerations discussed and applied. (CSU, UC)

AAD 0094. Digital Animation  
Units: 3  
Prerequisite: Completion of AAD 70, AAD 44, or ART 4A with grade of "C" or better  
Advisory: Completion of AAD 79 with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Study of animation structure, concepts, development of storyboard, creation of graphics, use of timeline, and stage. Explores techniques of cell animation, rotoscoping, key framing, camera moves, angles and cuts, lip sync, acquisition, creation and manipulation of sound effects. Projects published for use on the Web, video, film and social media. (CSU)

AAD 0095. Internship in Applied Art and Design  
Units: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Program Student Learning Outcomes (PSLOs)

- Generate design solutions integrating concept, content and form, and produce a workflow consisting of the many phases of the design process.
- Critique and communicate elements and principles of design as applied to contemporary and historical design.
- Create designs for various delivery methods such as print, web and multimedia, utilizing the appropriate formats required.
- Prove a command of industry standard software applications in preparation for the job market in the fields of design, illustration and/or multimedia.
• Develop a portfolio of work that illustrates the styles, medium and subject area interest of the student.
• Demonstrate knowledge of the key principles of copyright, fair use, public domain and the use of appropriated images and content in design projects.

Overview
The faculty of the Art Department is committed to the objective of making the arts of the past and present available to the students through historical surveys and the studio experience. It is believed that this heritage of thought and skill, going beyond our immediate time and culture, will enrich the students’ lives, their personal view of their world and their communication of ideas, through added knowledge and inter-cultural understanding.

TRANSFER MAJOR REQUIREMENTS in Art are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements. Positions for which four-year graduates in Art are qualified are professional artist, teacher, fine artist and crafts artist. (Student art work may be retained by the Department, at its discretion, for one year)

Faculty
Brenna M. Chapman
Professor, Art/Art History/Women and Gender Studies
B.A., University of California, Davis
M.A., University of California, Davis

Sandra C. Escobar
Professor, Art
B.A., California State University, Northridge
M.A., California State University, Northridge
M.F.A., California State University, Chico

Jennifer Packer
Assistant Professor, Art
B.A., Rutgers State University
M.A., University of California, Santa Barbara

Degrees/Certificates
Associate Degree for Transfer
• Studio Art (p. 60)

Studio Arts for Transfer
AA-T Degree
Studio Arts is a program that provides students with broad exposure to the visual arts through basic requirements in two and three-dimensional studio and art history. Program curriculum introduces students to the fundamental concerns of art, including lab and material safety, visual literacy, design, problem solving and critical thinking. Through various hands-on projects, students develop the skills necessary to approach problems, analyze constraints and requirements and use appropriate techniques to invent creative solutions in a variety of media.

The Associate in Arts in Studio Arts for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor’s degree in Studio Arts or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor’s degree.

To earn the Associate in Arts in Studio Arts for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:
• completion of all courses required for the major with grades of “C” or better; and
• completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

### Studio Art

#### AA Degree

(formerly Art)

The AA program in Studio Art is intended to prepare students for entry-level positions in the fine and applied art fields. The program seeks to provide breadth through basic requirements in two and three-dimensional studio and art history courses. Additional course work is selected by students toward specific career alternatives such as fine artist, graphic designer, crafts person, illustrator, or computer artist. Employment opportunities in these fields are highly dependent on the quality and breadth of one's artistic portfolio. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (CSU GE) (p. 300) pattern;
- Interssegmental General Education Transfer Curriculum (IGETC) (p. 307).

### Total Units

27

---

**Courses**

Understanding course descriptions (p. 312)
ART 0002. Two-Dimensional Design Foundations  
*Units: 3*
Formerly known as ART 6A  
*Hours: 90 (36 lecture, 54 laboratory)*  
Introduction to the concepts, applications, and historical references related to two-dimensional design and spatial composition, including the study of the elements of art and principles of design as they apply to three-dimensional space and form. Development of visual vocabulary for creative expression through lecture presentations and use of appropriate materials for non-representational three-dimensional studio projects. (C-ID ARTS 101) (CSU, UC)

ART 0003. Three-Dimensional Design Foundations  
*Units: 3*
*Hours: 90 (36 lecture, 54 laboratory)*  
Introduction to the concepts, applications, and historical references related to three-dimensional design and spatial composition, including the study of the elements of art and principles of design as they apply to three-dimensional space and form. Development of visual vocabulary for creative expression through lecture presentations and use of appropriate materials for non-representational three-dimensional studio projects. (C-ID ARTS 101) (CSU, UC)

ART 0004A. Drawing I  
*Units: 3*
*Hours: 90 (36 lecture, 54 laboratory)*  
Introduction to drawing, including gesture and contour drawing; rendering of volumetric form showing light and shadow; description of forms in space; and basic principles of compositional arrangement. Instruction in the use of black and white drawing media including pencil, charcoal, and ink. References to various historical and cultural styles and techniques. (C-ID ARTS 110) (CSU, UC)

ART 0004B. Drawing II  
*Units: 3*
Prerequisite: Completion of ART 4A with grade of "C" or better  
*Hours: 90 (36 lecture, 54 laboratory)*  
Continued exploration of the various concerns of drawing, including gesture and contour drawing, rendering of volumetric form showing light and shadow, description of forms in space, and basic principles of compositional arrangement using color drawing media including pencils, pastels, and inks. Drawing studied with reference to various historical, contemporary, and cultural styles and techniques. Creative studies in scale, non-traditional materials, and substrates also explored. (C-ID ARTS 205) (CSU, UC)

ART 0005A. Figure Drawing I  
*Units: 3*
Prerequisite: Completion of ART 4A with grade of "C" or better  
*Hours: 90 (36 lecture, 54 laboratory)*  
Introduction to drawing the human figure from direct observation using live models and a variety of black and white drawing media and techniques. Topics include an introduction to human anatomy and the historical and contemporary roles of figure drawing in Western art. Students practice objective, descriptive approaches to drawing the figure. (C-ID ARTS 200) (CSU, UC)

ART 0005B. Figure Drawing II  
*Units: 3*
Prerequisite: Completion of ART 5A with grade of "C" or better  
*Hours: 90 (36 lecture, 54 laboratory)*  
Advanced drawing of the human figure from direct observation of live models. Continued explorations of the human form in space, anatomical construction, proportions, and composition with emphasis on the use of color. Study of figurative art in non-Western historical and cultural contexts. Students practice subjective, expressive interpretations of the human figure, building on fundamental drawing skills to develop personalized approaches to drawing with use of various techniques covering various historical and contemporary approaches to drawing. (CSU, UC)

ART 0006C. Color Theory  
*Units: 3*
*Hours: 90 (36 lecture, 54 laboratory)*  
Basic principles and properties of color. Theoretical study and direct studio projects of such colorists as Josef Albers and Johannes Itten. Study of the physics of light and color; physiology of color vision; psychological and compositional effects of color use; cultural interpretations and traditions; history of color theory and its impact on art and design. (C-ID ARTS 270) (CSU, UC)

ART 0007A. Oil Painting I  
*Units: 3*
Advisory: Completion of ART 4A with grade of "C" or better  
*Hours: 90 (36 lecture, 54 laboratory)*  
An introduction to the techniques and concepts of oil painting. Painting techniques explored in historical/cultural contexts, with emphasis on perceptual skills and creative responses to materials and subjects. Compositional strategy, introduction to color theory, and sources of inspiration are explored through in-class and independent painting assignments. (CSU, UC)

ART 0007B. Oil Painting II  
*Units: 3*
Prerequisite: Completion of ART 7A with grade of "C" or better  
*Hours: 90 (36 lecture, 54 laboratory)*  
Further in-depth study of oil painting techniques and concepts. Painting techniques explored in historical/cultural contexts, with emphasis on perceptual skills and creative responses to materials and subjects. Compositional strategy, color theory, and sources of inspiration are explored through in-class and independent painting assignments, with emphasis on development of personal expression and style. (CSU, UC)

ART 0008A. Watercolor Painting I  
*Units: 3*
Prerequisite: Completion of ART 4A with grade of "C" or better  
*Hours: 90 (36 lecture, 54 laboratory)*  
Introduction to watercolor as a transparent painting medium through exploration of traditional watercolor methods and techniques. Topics include composition, color use, development of sources of personal inspiration, and the study of watercolor in the context of the historical Western tradition. (C-ID ARTS 210) (CSU, UC)
ART 0008B. Watercolor Painting II
Units: 3
Prerequisite: Completion of ART 8A with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Advanced, in-depth study of the techniques and processes of painting in transparent watercolor. Continued exploration of design and composition with emphasis on the subjective and expressive use of color, including abstract and non-objective approaches. Students practice subjective uses of watercolor to develop personal style. Watercolor painting studied in relation to non-Western historical and cultural contexts. (CSU, UC)

ART 0009A. Acrylic Painting I
Units: 3
Advisory: Completion of ART 4A with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
An introduction to the techniques and concepts of acrylic painting. Painting techniques explored in historical, cultural, and contemporary contexts, with emphasis on perceptual skills and creative responses to materials and subjects. Compositional strategy, introduction to color theory, and sources of inspiration explored through in-class and independent painting assignments. (C-ID ARTS 210) (CSU, UC)

ART 0009B. Acrylic Painting II
Units: 3
Prerequisite: Completion of ART 9A with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Further in-depth study of acrylic painting techniques and concepts. Painting techniques explored in historical/cultural contexts, with emphasis on perceptual skills and creative responses to materials and subjects. Compositional strategy, color theory, and sources of inspiration are explored through in-class and independent painting assignments, with emphasis on development of personal expression and style. (CSU, UC)

ART 0012A. Sculpture I
Units: 3
Hours: 90 (36 lecture, 54 laboratory)
Introduces the fundamental issues of sculpture through a variety of materials, processes and techniques. Skills acquired in a wide range of techniques and materials, both traditional (wood, metal, plaster) as well as non-traditional (fabric, video projections, performance, sustainable/salvaged/recycled materials). Emphasis on conceptual idea development, connecting metaphorical ideas and symbolic meaning to the crafting/making of sculptural objects. (CSU, UC)

ART 0012B. Sculpture II
Units: 3
Prerequisite: Completion of ART 12A with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
In-depth exploration of sculpture philosophy and materials with a focused emphasis toward development of personal direction and individual style. Students work with a variety of materials to create works of art. (CSU, UC)

ART 0017. Ceramic Sculpture/Handbuilding
Units: 3
Hours: 90 (36 lecture, 54 laboratory)
Exploration of various ceramic hand-forming methods with clay as a medium; cultural, traditional, and contemporary ceramics techniques explored through the development of three-dimensional projects. Emphasis on handbuilding and hand forming techniques. (CSU, UC)

ART 0018A. Ceramics I
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 90 (36 lecture, 54 laboratory)
Introduction to the ideas, techniques, history and tradition of the art and craft of ceramics. Designed for students interested in working with clay, the course provides experiences in making functional as well as sculptural pieces using a variety of techniques. Emphasizes well-thought-out forms, designs and functional uses along with good craftsmanship. Ceramics explored through handbuilding projects, wheel throwing, decorating and glazing of ceramic works. A rigorous exploration of clay as a craft and art form. (CSU, UC)

ART 0018B. Ceramics II
Units: 3
Prerequisite: Completion of ART 18A with grade of "C" or better
Advisory: Eligibility for ENGL 1A
Hours: 90 (36 lecture, 54 laboratory)
Students integrate techniques and concepts learned in introductory ceramics to produce works of a more prioritized and personal nature. Introduces advanced techniques and concepts of using clay for creative expression to produce a fundamentally more self-directed portfolio using the potter’s wheel and or hand building techniques. Provides increased sensitivity to the materials, to aesthetic design, and to further development of individual and imaginative use of the materials. Glaze technology is introduced. (CSU, UC)

ART 0019. Figure Sculpture
Units: 3
Advisory: Completion of ART 12A with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Introduction to figure sculpture using the live model. Emphasis on understanding the human figure as it relates culturally to contemporary and traditional sculptural concepts. Introduction to a variety of construction materials beginning with clay, plaster and mixed media. (CSU, UC)

ART 0020. Raku Ceramics
Units: 3
Hours: 90 (36 lecture, 54 laboratory)
Introduction to Raku, a traditional ceramics process. Explores origins and cultural developments and their application to the contemporary world. Includes fabrication techniques, glaze chemistry, firing techniques, and design theory. (CSU, UC)

ART 0022. Metal Arts
Units: 3
Hours: 90 (36 lecture, 54 laboratory)
Exploration of metalworking techniques, design principles, and material use for sculpture, functional and nonfunctional art forms. Common welding processes, forming, bending, and blacksmithing techniques for ferrous and nonferrous metals. (CSU)

ART 0024. Advanced Metal Arts
Units: 3
Prerequisite: Completion of ART 22 with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Advanced exploration of metal techniques, design principles, and material use for sculpture and functional and nonfunctional art forms. Emphasis on development of a personal creative vision, furthering technical skills, and complex problem solving. Includes ferrous and nonferrous metal machining, advanced welding techniques, advanced forming methods, and public outdoor art installation. (CSU)
ART 0028. Independent Study  
*Units: 1-3*
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

ART 0032A. Introduction to Fiber Arts  
*Units: 3*
Formerly known as ART 32  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to basic materials, methods and vocabulary used in fiber and textile media as well as the hands-on development of expressive visual ideas. Develop familiarization with materials and basic understanding of several off-loom construction techniques. Emphasis on techniques requiring little specialized equipment with materials that are found readily in the environment. Contemporary and historical development and cultural relevance of the fiber media is also explored. (C-ID ARTS 282) (CSU, UC)

ART 0033. Art Metal Casting  
*Units: 3*
Hours: 90 (36 lecture, 54 laboratory)  
Foundations of art casting techniques and skills with an emphasis on the elements of art and principles of design. Introduction to mold making, wax working, traditional and nontraditional metal casting methods, chasing finishing for bronze and aluminum. (CSU)

ART 0034. Collage and Assemblage  
*Units: 3*
Formerly known as ART 303  
Hours: 90 (36 lecture, 54 laboratory)  
Explores the variation and formation of an altered surface with found and constructed materials. The application of historical and contemporary techniques and concepts provides the foundation for creating two and three dimensional works of art. Development of a personal visual language is essential to this course. (CSU)

ART 0040A. Printmaking I  
*Units: 3*
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to printmaking processes. Direct practice in wood cut, lino cut, and collagraph; planographic processes, such as monotype and monoprint; drypoint, a form of intaglio printing using a non-toxic etching process; stencil techniques; chine colle; color printing; registration; and traditional and contemporary printmaking practices. Students practice skills required to work in a shared studio environment using an etching press, and practice hand-pressing using various implements. Most inks used are soy-based and non-toxic. (C-ID ARTS 220) (CSU, UC)

ART 0040B. Printmaking II  
*Units: 3*
Prerequisite: Completion of ART 40A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Further in-depth study of printmaking processes. Direct practice in relief, intaglio, collagraph, monotype, and digital prints and transfers. Exploration of traditional and contemporary printmaking practices. Techniques of creating and labeling print editions. Students practice skills required to work in a shared studio environment using an etching press, and practice hand-pressing using various implements. Most inks used are soy-based and non-toxic. (CSU, UC)

ART 0041. Introduction to Jewelry and Metalsmithing  
*Units: 3*
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to a wide range of methods, techniques, and materials used to create jewelry and small-scale metal artwork and objects. Includes examination of the history and contemporary practices of jewelry-making and small metal casting/fabrication with a global cultural perspective. (CSU)

ART 0052. Portrait Drawing and Painting  
*Units: 3*
Advisory: Completion of ART 4A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to drawing and painting the human portrait from live models. Basic proportions, facial features, basic rendering and painting techniques, and portrayal of individual portrait characteristics with a variety of drawing and painting media. Historical study of the art form of portraiture integrated into studio projects. (CSU, UC)

ART 0055. Illustration  
*Units: 3*
Also known as AAD 55  
Prerequisite: Completion of AAD 44, 60, 62, 75 or ART 4A with grade of "C" or better  
Hours: 72 (36 lecture, 36 activity)  
Professional practices of illustration, including concept development, communication of ideas, identification and use of appropriate styles and techniques, time management, pricing and contracts, and presentation of finished artwork. (CSU)

ART 0071. Introduction to Digital Painting  
*Units: 3*
Also known as AAD 71  
Prerequisite: Completion of AAD 44 or ART 4A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to the concepts, tools, and techniques of drawing and painting using creative software. Exploration of traditional artistic techniques in a digital environment. Includes development of skills such as building form, creating color, composing subjects and describing space. Development of portfolio-quality projects in both digital form and print. (CSU)

ART 0073. Digital Art Studio: Concepts and Practices  
*Units: 3*
Also known as AAD 73  
Prerequisite: Completion of AAD 4A or AAD 44 with grade of "C" or better  
Advisory: Completion of AAD 70 with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to the tools, concepts, and processes for digital art creation with an emphasis on experimental animation, video, mixed media, digital imaging, installation, and new genres. Topics include integration of traditional design, color, and compositional principles with contemporary digital tools in an art studio context. (CSU, UC)

ART 0095. Internship in Art  
*Units: 0.5-4*
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)
Program Student Learning Outcomes (PSLOs)

- Differentiate and evaluate verbally or in written form a work of art (his or her own art, the work of other students, and/or historical works of art) in terms of technical and aesthetic success and historical/cultural references.
- Analyze problem, formulate/invent idea then execute and use appropriate techniques to build or construct a solution/project that meets assignment criteria.
- Practice and demonstrate appropriate, safe and sustainable studio/lab practices, when inventing and producing solutions, to meet assigned project criteria.
- Use both pre-compiled knowledge and devise alternative knowledge structures to demonstrate understanding of works of art. Identify, analyze, and/or create images and objects which may contain multiple meanings and ways of communicating.
- Identify and analyze the achievements and contributions of significant artists and cultures throughout history.

Overview

Art history encompasses the study of visual objects from the earliest human creations to the contemporary world. We live in an increasingly visual world, and the discipline of art history provides students a framework for critically interacting with that world. Through historical surveys and introduction to critical theory, students are equipped with the skills to recognize and analyze the style, form, and context of objects in isolation and in comparison. At the core of this study is verbal and written fluency in visual literacy. Students will be able to recognize and thoughtfully scrutinize the fundamental relationships between art and production, materials, individual creativity, communication, power, value systems, and culture.

Degrees/Certificates

Art History for Transfer

AA-T Degree
Art History is a program that provides students with an understanding of the history of visual arts and architecture. The program curriculum introduces students to the different art historical methodologies that shape the study of art of the past and present. Students examine art objects stylistically and contextually while highlighting a relationship between the object and the cultural values and beliefs of its creators. Students also explore the role of the artist, the patrons and the audience of art throughout history. The courses emphasize the fundamentals of visual analysis resulting in critical thinking and writing, as well as visual literacy.

The Associate in Arts in Art History for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor's degree in Art History or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor's degree.

To earn the Associate in Arts in Art History for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of “C” or better; and
- completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

Total Units 21

Courses

Understanding course descriptions (p. 312)

ARHI 0101. Art Appreciation  
Units: 3
Formerly known as ART 10  
Hours: 54 lecture  
Introductory course for non-art majors offering a look at works of art through the study of theory, terminology, themes, design principles, media, techniques, with an introduction to the visual arts across time and diverse cultures. (C-ID ARTH 100) (CSU, UC)

ARHI 0110. Survey of Western Art I: Prehistory through the Middle Ages  
Units: 3
Formerly known as ART 1A  
Hours: 54 lecture  
Survey of developments in European and Near Eastern art and visual culture from Paleolithic times through the Middle Ages, including Mesopotamia, Egypt, Greece, Rome, and early Christian and Islamic cultures. Significant monuments and artworks of each major culture discussed, analyzed, and placed within historical context. Special attention paid to architectural monuments as both political and religious structures, the development of figural sculpture, and the evolving debate over the rightful ownership of ancient objects. (C-ID ARTH 110) (CSU, UC)

ARHI 0120. Survey of Western Art II: Renaissance Traditions  
Units: 3
Formerly known as ART 1B  
Hours: 54 lecture  
Survey of developments in western art and visual culture from 1400-1850. Significant artists and monuments of each major period and region discussed, analyzed, and placed within historical context. Special attention given to the evolving status of the artist, the development of major European art institutions, and the functions of art and architecture within society. (combined with ARHI 130, C-ID ARTH 120) (CSU, UC)

ARHI 0130. Survey of Western Art III: Modern through Contemporary  
Units: 3
Formerly known as ART 1C  
Hours: 54 lecture  
Study of the historical development of art and architecture in Europe and the United States from early-nineteenth century to contemporary practices. Significant artists and structures of each major region and period discussed and analyzed within their historical contexts with special attention given to the changing status of the artist, the development of major Western art institutions and the functions of art and architecture in society. (combined with ARHI 120, C-ID ARTH 120) (CSU, UC)

ARHI 0132. History of Women in Art  
Units: 3
Formerly known as ART 1E  
Hours: 54 lecture  
Surveys women in the arts of western civilization both as art subjects and artists. Includes introduction of critical approaches to gender, class, race, sexuality, and identity as they influence art production and representation in various cultures and time periods. (CSU, UC)

ARHI 0134. History and Aesthetics of Photography  
Units: 3
Formerly known as ART 11  
Also known as PHOT 10  
Hours: 54 lecture  
Historical and thematic survey of photography as an art form and communication tool from its invention to the present. Explores various critical perspectives including aesthetic and design principles, influential themes, periods, and photographers. Investigates technical considerations, photography's role in the development of mass culture and other societal influences. (CSU, UC)

ARHI 0140. History of the Arts of Africa, the Americas, and Oceania  
Units: 3
Formerly known as ART 1G  
Hours: 54 lecture  
Study of various art forms of the cultures of Africa, the Americas, and Oceania from prehistoric times to the present. (C-ID ARTH 140) (CSU, UC)

ARHI 0150. History of Asian Art  
Units: 3
Formerly known as ART 1D  
Hours: 54 lecture  
Study of the painting, sculpture, architecture and other art forms of India, China, Japan, Korea, and Southeast Asia from prehistoric times to present. (C-ID ARTH 130) (CSU, UC)

ARHI 0155. History of Islamic Art  
Units: 3
Formerly known as ART 1F  
Hours: 54 lecture  
Survey of the art and architecture produced by the wide and varied cultures that can be considered Islamic. Fourteen hundred years of visual culture from Spain to North Africa to the Middle East to South and South East are covered. In addition, special attention paid to the Islamic diaspora and the role of Islamic artists in the contemporary world today. (CSU, UC)

Program Student Learning Outcomes (PSLOs)

- Differentiate and evaluate verbally or in written form a work of art (his or her own art, the work of other students, and/or historical works
of art) in terms of technical and aesthetic success and historical/cultural references.

- Analyze problem, formulate/invent idea then execute and use appropriate techniques to build or construct a solution/project that meets assignment criteria.
- Practice and demonstrate appropriate, safe and sustainable studio/lab practices, when inventing and producing solutions, to meet assigned project criteria.
- Use both pre-compiled knowledge and devise alternative knowledge structures to demonstrate understanding of works of art. Identify, analyze, and/or create images and objects which may contain multiple meanings and ways of communicating.
- Identify and analyze the achievements and contributions of significant artists and cultures throughout history.

Astronomy

Division Office
V 211, Rocklin Campus

Overview

The Astronomy curriculum introduces students to basic topics such as the characteristics of the Solar System, the nature of the sun and other stars, the galaxy we exist in, its extent and evolution.

Several different level courses are presented in a multi-mode instructional fashion—for example, multi-media, planetarium presentations and laboratory and field experiences. Special emphasis is placed on the understanding of observable celestial phenomena and events familiar to the individual's natural environment. The program is not designed to prepare students for Astronomy majors and does not presume extensive backgrounds in science and mathematics.

Courses

Understanding course descriptions (p. 312)

ASTR 0002. Introduction to Planetary Systems
Units: 3
Advisory: Completion of ENGL N with grade of "C" or better
Hours: 54 lecture
General principles and fundamental facts of astronomy associated with planetary systems. Includes historical developments of planetary astronomy, basic principles of planetary system observations and analysis, and general concepts for interpreting the night sky with charts and almanacs. Particular detail given to the formation, evolution, and current condition of the Sun and Solar System, as well as current knowledge of other planetary systems. (CSU, UC)

ASTR 0005. Introduction to Stars, Galaxies, and the Universe
Units: 3
Advisory: Completion of ENGL N with grade of "C" or better
Hours: 54 lecture
General principles and fundamental facts of astronomy emphasizing stars, galaxies, and the universe. Includes historical developments of astronomy, basic principles of astronomical observations and analysis, and general concepts for interpreting the night sky with charts. Particular detail given to structure and evolution of stars, general characteristics of deep sky objects (star clusters, nebulae, and galaxies), large-scale structure of the Universe, and cosmology. (CSU, UC)

ASTR 0007. Life in the Universe
Units: 3
Formerly known as INT 11
Hours: 54 lecture
Study of the emerging discipline of astrobiology. Designed for science and non-science majors. Relevant principles of biology, astronomy, and earth science used in searching for life in the universe. Includes cultural and philosophical implications of life existing elsewhere in the universe. (CSU, UC)

ASTR 0010. Elementary Astronomy
Units: 3
Advisory: Completion of ENGL N with grade of "C" or better
Hours: 54 lecture
General principles and the fundamental facts of astronomy. Includes historical developments of astronomy, the formation, evolution and current condition of sun and solar system, stellar structure and evolution, deep sky objects (star clusters, nebulae, galaxies), structure of universe, and cosmology. Not open to students who have successfully completed both ASTR 2 and ASTR 5. (CSU, UC)

ASTR 0011. Observational Astronomy
Unit: 1
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in ASTR 2, 5, or 10
Advisory: Completion of ENGL N with grade of "C" or better
Hours: 54 laboratory
Basic interpretation of astronomical observations through telescopes, binoculars, computers, cameras, and other simple measuring equipment. Use of planetarium to facilitate recognition of constellations, stars, planetary motions, and study coordinate systems and celestial motions. Development of observational skills to study outdoor sky and outcomes of indoor laboratory experiments. Emphasis on quantitative and qualitative analysis of variety of astronomical data. (CSU, UC)
**ASTR 0014. Astrophotography and Imaging**  
*Unit: 1*

Prerequisite: Completion with grade of "C" or better or concurrent enrollment in ASTR 2, 5, or 10  
Advisory: Completion of ENGL N with grade of "C" or better

Hours: 54 laboratory  
Basic principles and practices of astrophotography and image processing. Astronomical observations and data collection associated with the use of telescopes, binoculars, computers, cameras, and other related equipment. Development of observational techniques and data analysis procedures for the study of the outdoor sky with related indoor experiments and studies. Particular emphasis placed on quantitative and qualitative analysis of a variety of astronomical data collected with cameras. NOTE: About 5 nights of activities will be required. (CSU, UC)

**ASTR 0025. Frontiers in Astronomy**  
*Units: 3*

Prerequisite: Completion of ASTR 5 or 10 with grade of "C" or better

Hours: 54 lecture  
Topics at the forefront of astronomical research including an in-depth look beyond introductory astronomy. Emphasis on theoretical principles and supporting observational data. Includes relativity and warped spacetime, black holes, dark matter, quasars, gravitational waves, grand unified and super symmetry theories, and other recent developments in cosmology. (CSU, UC)

**ASTR 0028. Independent Study**  
*Units: 1-3*

Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

---

**Program Student Learning Outcomes (PSLOs)**

- Demonstrate knowledge and skill in Observational Astronomy, correlating the observable sky to events in the cosmos.
- Explain knowledge and skill in Celestial Navigation, evaluating the significance of important astronomical phenomena.
- Operate a variety of Optical Systems, demonstrating proficiency in their use.
- Use various Imaging Systems to produce high quality image data products, demonstrating overall mastery of image reduction skills.
- Analyze basic science and core physics, to discover how they apply to astronomy.
- Use concepts from planetary astronomy to investigate the types of different planetary classes and other objects in the solar system.
- Develop an understanding of solar physics - the sun's method of energy production, its anatomy, solar phenomena, and life history.
- Relate core concepts in basic science to stellar astronomy, assessing the various factors that are important to stellar evolution.
- Synthesize information from various sources (classroom instruction, online resources, etc.) to produce a coherent understanding of galactic/extragalactic astronomy.
- Evaluate concepts in cosmology, relating concepts in underlying physics and observations to scientific frameworks of our universe's formation and evolution.
- Critique new findings in the frontiers of astrophysics, assessing and appraising their conceptual frameworks.

- Investigate astrobiology, and relate concepts of life, evolution, and the universe to what can be observed.

  B.S., California State University, Sacramento  
  M.S., California State University, Sacramento
Courses

Understanding course descriptions (p. 312)

ATHL 0100. Baseball Training
Units: 0.5-3
Formerly known as PHED 102
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced baseball skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Stresses baseball training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate baseball. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0101. Basketball Training
Units: 0.5-3
Formerly known as PHED 106
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced basketball skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Stresses basketball training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate basketball. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0102. Cross Country Training
Units: 0.5-3
Formerly known as PHED 115
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced cross country skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Stresses knowledge of running and training skills, strategy, and appreciation for developing improved fitness awareness through distance training. Intended for students with varsity high school experience who are preparing for competitive intercollegiate cross country. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0105. Springboard Diving Training
Units: 0.5-3
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced diving skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Stresses diving training, skills, knowledge, strategy, and appreciation. Intended for students with high school and/or recreational experience who are preparing for competitive intercollegiate diving. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0106. Football Training
Units: 0.5-3
Formerly known as PHED 101
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced football skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Stresses football training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate football. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0107. Golf Training
Units: 0.5-3
Formerly known as PHED 103
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced golfing skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Stresses golf training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate golf. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0109. Soccer Training
Units: 0.5-3
Formerly known as PHED 116
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced soccer skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Stresses soccer training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate soccer. May be taken four times for credit. (CSU, UC-with unit limitation)
ATHL 0110. Softball Training  
*Units: 0.5-3*  
Formerly known as PHED 111  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced softball skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Stresses softball training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate softball. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0111. Swimming Training  
*Units: 0.5-3*  
Formerly known as PHED 107  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced swimming skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Stresses swimming training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate swimming. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0112. Tennis Training  
*Units: 0.5-3*  
Formerly known as PHED 104  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced tennis skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Stresses tennis training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate tennis. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0113. Track and Field Training  
*Units: 0.5-3*  
Formerly known as PHED 105  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced track or field event skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Stresses physical training, skills, knowledge, and appreciation of track and field events. Intended for students with varsity high school experience who are preparing for competitive intercollegiate track and field. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0115. Beach Volleyball Training  
*Units: 0.5-3*  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced volleyball skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Stresses beach volleyball training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate beach volleyball. May be taken four times for credit. (CSU)

ATHL 0116. Volleyball Training  
*Units: 0.5-3*  
Formerly known as PHED 110  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced volleyball skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Stresses volleyball training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate volleyball. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0117. Water Polo Training  
*Units: 0.5-3*  
Formerly known as PHED 108  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced water polo skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Stresses water polo training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate water polo. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0118. Wrestling Training  
*Units: 0.5-3*  
Formerly known as PHED 112  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced wrestling skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Stresses wrestling training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate wrestling. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0150. Intercollegiate Baseball (M)  
*Units: 1-3*  
Formerly known as PHED 161  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced baseball skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Intercollegiate baseball competition conducted through NCAA and California Community College Athletic Association (CCCAA) rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0151. Intercollegiate Basketball (M)  
*Units: 1-3*  
Formerly known as PHED 143  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced basketball skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Intercollegiate men's basketball competition conducted through NCAA and California Commission on Athletics rules. May be taken four times for credit. (CSU, UC-with unit limitation)
ATHL 0152. Intercollegiate Basketball (W)
Units: 1-3
Formerly known as PHED 123
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced basketball skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate women's basketball competition conducted through NCAA and California Commission on Athletics rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0153. Intercollegiate Football (M)
Units: 1-3
Formerly known as PHED 142
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced football skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate football competition conducted through NCFA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0154. Intercollegiate Golf (M)
Units: 1-3
Formerly known as PHED 162
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced golf skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate men's golf competition conducted through NCAA and California Commission on Athletics rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0155. Intercollegiate Golf (W)
Units: 1-3
Formerly known as PHED 127
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced golf skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate women's golf competition conducted through NCAA and California Commission on Athletics rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0156. Intercollegiate Soccer (W)
Units: 1-3
Formerly known as PHED 124
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced soccer skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate women's soccer competition conducted through FIFA laws of the game and CCCAA rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0157. Intercollegiate Softball (W)
Units: 1-3
Formerly known as PHED 131
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced softball skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate women's softball competition conducted through NCAA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0158. Intercollegiate Swimming (M)
Units: 1-3
Formerly known as PHED 165
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced swimming skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate men's swimming and diving competition conducted through NCAA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0159. Intercollegiate Swimming (W)
Units: 1-3
Formerly known as PHED 134
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced swimming skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate women's swimming and diving competition conducted through NCAA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0161. Intercollegiate Tennis (W)
Units: 1-3
Formerly known as PHED 132
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced tennis skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate women's tennis competition conducted through NCAA and California Commission on Athletics rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0162. Intercollegiate Volleyball (W)
Units: 1-3
Formerly known as PHED 122
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced volleyball skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate women's volleyball competition conducted through NCAA and California Commission on Athletics rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0163. Intercollegiate Water Polo (M)
Units: 1-3
Formerly known as PHED 146
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced water polo skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate men's water polo competition conducted through NCAA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0164. Intercollegiate Water Polo (W)
Units: 1-3
Formerly known as PHED 137
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced water polo skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate women's water polo competition conducted through NCAA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)
ATHL 0165. Intercollegiate Wrestling (M)
Units: 1-3
Formerly known as PHED 145
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced wrestling skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate wrestling competition conducted through NCAA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0166. Intercollegiate Beach Volleyball (W)
Units: 1-3
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced beach volleyball skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate women's beach volleyball competition conducted through NCAA and California Community College Athletic Association Rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0167. Intercollegiate Cross Country (W)
Units: 1-3
Formerly known as PHED 126
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced cross country skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate women's cross country competition conducted through NCAA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0169. Intercollegiate Track and Field (W)
Units: 1-3
Formerly known as PHED 133
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced track and field skills, conditioning and previous competitive experience
Hours: 58 laboratroy per unit
Intercollegiate women's track and field competition conducted through NCAA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0199. Intercollegiate Sports Conditioning
Units: 0.5-2.5
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced sport specific skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Instruction in sport-specific strength and conditioning protocols related to improving muscular strength, power, agility, and speed. Principles of sport-specific technical and tactical methodology presented. May be taken four times for credit. (CSU, UC-with unit limitation)

Program Student Learning Outcomes (PSLOs)

• Identify and practice high safety standards, support environmental needs, and provide a safe positive experience for other participants (students, student athletes, visiting athletes, community, and faculty).
• Demonstrate a measurable improvement in one or more fitness or sport specific components.
• Demonstrate essential motor skills to fit a variety of activities. Student will be able to describe and perform activities reflecting increased knowledge and ability over the semester.
• Develop personal responsibility and the importance of different leadership roles.
• Distinguish principles of healthy weight management through exercise and nutrition.
• Create a balance between physical fitness, social well-being, health, and academic success.

Automotive Technology

Contact Information

Division
Business and Technology
Dean

Division Office
B 3, Rocklin Campus

Overview
The Automotive Technology Curriculum is designed to prepare students to become competent technicians and gain employment in the automotive industry at the completion of the program and to upgrade skills of those already in the field.

Automotive Technology Advisory Committee

• Dave Burkhard, Instructor, San Juan High School
• Robert Butler, Owner, Pacific Auto, Auburn
• Bill Cardwell, Car Care Center, Sacramento
• Lynn Cardwell, Car Care Center, Sacramento
• Art Coppock (Retired), Snap-on Tools, Sacramento
• Vic Delius, Service Manager, Weaver Chevrolet, Alta
• Russ French, Fleet Operations Supervisor, City of Rocklin
• Bill Happ, Woodcreek High School, Roseville
• Steve Ledbetter, Emeritus Professor, Sierra College
• David Lewis, Engineer, Department of Consumer Affairs, Engineering and Technology Research, Sacramento
• Tom Ley, Service Manager, Future Nissan, Roseville
• Mark Means, Instructor, Woodcreek High School, Roseville
• Michelle Oberg, Bureau of Automotive Repair, Citrus Heights
• Dick Panciera, Service Manager (Retired), Reliable Pontiac and Cadillac, Roseville
• John Panelli (Retired), Sierra College Automotive, Colfax
• Alan Rowley, Technician, Monroe Transmission
• Scott Ruskauff, Owner, Back to Life Auto, Lincoln
• Greg Sahr, Technician, Duncan’s Auto Service
• John Scalaro, Snap-on Equipment
• Thomas Serpico, Service Manager, Future Nissan
• Vince Wisniewski, Snap-on Tools

Courses

Understanding course descriptions (p. 312)

AUTO 0028. Independent Study

Units: 1-3

Designed for students interested in furthering their knowledge at an independent study level where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

AUTO 0095. Internship in Automotive Technology

Units: 0.5-4

Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

AUTO 0100. Basic Automotive Services and Repair

Units: 4

Hours: 108 (54 lecture, 54 laboratory)

Presents introductory automotive technical skills used by entry-level service technicians. Course content includes vehicle operation, tool usage, practical measuring skills, fasteners, electrical meter usage, common automotive services and problem solving techniques. Class projects are performed in an automotive shop environment to provide a hands-on experience with common industry tools and equipment. Emphasis is placed on basic shop service operations which meet Automotive Service Excellence (ASE) maintenance and light repair standards. This course will help the student prepare for the ASE G1 service exam. (not transferable)

AUTO 0140. Automotive Skill Development

Units: 3

Prerequisite: Completion of AUTO 100 with grade of "C" or better

Hours: 110 (26 lecture, 84 laboratory)

Covers basic automotive component diagnosis, service and repair for major vehicle systems including: brakes, suspension, heating, air conditioning, electrical, engines and transmissions. Shop activities are designed to further develop skill, speed, and experience capabilities of automotive majors to meet industry diagnostic and repair performance expectations. Emphasis is placed on shop service operations which meet Automotive Service Excellence (ASE) maintenance and light repair standards. This course will help students prepare for the ASE G1 service exam. (not transferable)

AUTO 0800. Basic Automotive Services and Repair

Units: 0

Hours: 108 (54 lecture, 54 laboratory)

Presents introductory automotive technical skills used by entry-level service technicians. Course content includes vehicle operation, tool usage, practical measuring skills, fasteners, electrical meter usage, common automotive services and problem solving techniques. Class projects are performed in an automotive shop environment to provide a hands-on experience with common industry tools and equipment. Emphasis is placed on basic shop service operations which meet Automotive Service Excellence (ASE) maintenance and light repair standards. This course will help the student prepare for the ASE G1 service exam. (pass/no pass grading) (noncredit)

AUTO 0840. Automotive Skill Development

Units: 0

Prerequisite: Completion of AUTO 100 with grade of "C" or better AUT 800 with grade of "Pass"

Hours: 110 (26 lecture, 84 laboratory)

Covers basic automotive component diagnosis, service and repair for major vehicle systems including: brakes, suspension, heating, air conditioning, electrical, engines and transmissions. Shop activities are designed to further develop skill, speed, and experience capabilities of automotive majors to meet industry diagnostic and repair performance expectations. Emphasis is placed on shop service operations which meet Automotive Service Excellence (ASE) maintenance and light repair standards. This course will help students prepare for the ASE G1 service exam. (pass/no pass grading) (noncredit)

Program Student Learning Outcomes (PSL0s)

- Develop industry required skills for students to gain automotive service entry level jobs such as lube technicians or technician aids.
• Provide courses for currently employed automotive service students to advance their skill and knowledge to be qualified for advanced placement job (journeyman).
• Support the automotive industry training needs by providing certification/license training courses.

Overview
The Biological Sciences Department offers course work in Anatomy, Biology, Botany, Microbiology, Physiology and Zoology.

TRANSFER AND MAJOR REQUIREMENTS in Biological Sciences are available in the Counseling Center. Transfer students planning to major in Biology, Botany, Zoology, Ecology, Microbiology, Anatomy, Physiology, Forestry, Wildlife Management, Natural Resources, Medicine, Dentistry, Veterinary Medicine, Optometry and Pharmacy should consult with a counselor for specific transfer requirements.

Biology for Transfer
AS-T Degree
This program provides students with a strong foundation in biology. Upon completion of this degree, students will be able to apply the scientific method to design, conduct experiments, and test hypotheses; conduct scientific literature review, critically evaluate, and interpret biological information; outline the organization and integration of biological systems; apply laboratory and/or field skills necessary to
answer biological questions; and, as an informed and responsible individual, evaluate contemporary biological issues that have social and/or ethical implications.

The Associate in Science in Biology for Transfer degree (AS-T) prepares students to transfer into the CSU system to complete a bachelor's degree in biology, or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing within the CSU system. Students are also given priority admission consideration to their local CSU campus but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor's degree.

To earn the Associate in Science in Biology for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of at least 2.0, including both of the following:

- completion of all courses required for the major with grades of “C” or better; and
- completion of the Intersegmental General Education Transfer Curriculum for Science, Technology, Engineering, and Mathematics (IGETC for STEM) (p. 307) pattern. (Students transferring to a CSU campus must complete Area 1C Oral Communication to be eligible for admission.)

NOTE: The California State University General Education Breadth pattern (CSU GE) is NOT an option for this degree.

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

**RESTRIC** **Tuesday: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.**

**Total Units: 36-38**

1. IGETC for STEM is only an option for students earning AS-T degrees in Biology for Transfer and/or Chemistry for Transfer. IGETC for STEM certification requires the following courses before transfer:
   - All courses in Areas 1 (except 1C for UC-bound students), 2, and 5 of the traditional IGETC;
   - Two courses in Area 3 - one course in Area 3A and one course in Area 3B; and
   - Two courses in Area 4 from two different disciplines.

The following deferred courses must be completed after transfer:
   - One remaining lower-division general education course in Area 3;
   - One remaining lower-division general education course in Area 4; and
   - One course in Area 6 for UC-bound students who have not satisfied the requirement through proficiency.

(The deferred lower-division courses must be replaced with calculus and/or science courses that are required to be taken before transfer to the university.)

## Biological Sciences

### AS Degree

The Biological Science curriculum provides students with the opportunity to meet the requirements for transferring to four-year colleges in the areas of Agriculture, Animal Science, Biochemistry, Bioengineering, Biological Sciences, Biotechnology, Chiropractic, Clinical Lab Technician, Curator, Dental Hygiene, Dentistry, Environmental Studies, Forestry, Nutrition/Dietetics, Occupational Therapy, Plant Science, Pharmacy, Physical Therapy, Premedical, Nursing, Range Management, Veterinary Medicine, Wildlife/Fisheries Biologist and Zoologist, or entry level positions in related fields. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

Watershed Ecology

**AS Degree**

The Watershed Ecology Technician's (WET) program offers courses leading to an associate in science degree. Watershed ecology includes the study of all aspects of the environment including organisms within an entire watershed-the land area draining into the major creeks and river systems. The program can serve as the basic preparation for entry-level positions with organizations and governmental agencies that perform a variety of environmental studies. Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

**Total Units: 26-29**

1 Only 3 units total may be taken from the BIOL 0016 and BIOL 0017 field study courses. Courses are grouped according to specific interests, but students are not limited to a specific emphasis. Students opting to take BIOL 0001 are advised to consult with a counselor regarding pre/corequisites.

### Watershed Ecology

#### Certificate of Achievement

Watershed ecology includes the study of all aspects of the environment including organisms within an entire watershed—the land area draining into the major creeks and river systems. The certificate program can serve as the basic preparation for entry-level positions with organizations and governmental agencies that perform a variety of environmental studies. A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

### Courses

Understanding course descriptions (p. 312)

#### BIOL 0001. General Biology

**Units: 4**

Prerequisite: Completion of CHEM 1A, CHEM 3A/3B, or higher level chemistry course with grade of "C" or better; AND completion of MATH D or equivalent with grade of "C" or better; AND eligibility for ENGL 11 Advisory: Eligibility for ENGL 1A

Hours: 108 (54 lecture, 54 laboratory)

First course in the General Biology sequence for biology majors and pre-allied health students. Covers general biological concepts, with an emphasis on cellular and molecular biology, genetics, and evolution. (C-ID BIOL 190) (CSU, UC)
BIOL 0002. Botany
Units: 4.5
Prerequisite: Completion of BIOL 1 with grade of "C" or better; AND completion of MATH D or equivalent with grade of "C" or better
Advisory: Eligibility for ENGL 1A
Hours: 144 (54 lecture, 90 laboratory)
Introduction to botany, including classification, morphology, anatomy, physiology, diversity, ecology, and evolution emphasizing members of the Kingdoms Plantae, Fungi, Protista, and Prokaryotae. Topics relating to flowering plants stressed. Correlation of topics with scientific method and modern biological research. Non-life science majors see BIOL 14. (C-ID BIOL 155) (CSU, UC)

BIOL 0003. General Zoology
Units: 4.5
Prerequisite: Completion of BIOL 1 or BIOL 33 with grade of "C" or better; AND completion of MATH D or equivalent with grade of "C" or better
Advisory: Eligibility for ENGL 1A
Hours: 144 (54 lecture, 90 laboratory)
Detailed survey of the animal kingdom stressing evolution and ecology of animals and functional anatomy of their major organ systems. Recommended for life science majors, premedical, preveterinary and related professional programs. (C-ID BIOL 150) (CSU, UC-with unit limitation)

BIOL 0004. Microbiology
Units: 5
Prerequisite: Completion of high school chemistry, CHEM A, or higher level chemistry course with grade of "C" or better
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 162 (54 lecture, 108 laboratory)
Introduction to the biochemistry, morphology, physiology, genetics, and classification of microorganisms. Emphasis on the significance of microorganisms to human health and global ecology. Laboratory topics include traditional and modern techniques of microbial classification, recombinant DNA technology, and bacteriophage biology. Students enrolling in BIOL 4 after having taken BIOL 8A will lose credit for BIOL 8A. (CSU, UC-with unit limitation)

BIOL 0005. Human Anatomy
Units: 5
Prerequisite: Eligibility for ENGL 11
Advisory: Completion of BIOL 55, 56, HSCI 3, or previous science course with grade of "C" or better, or experience in health care field; completion of MATH D with grade of "C" or better; eligibility for ENGL 1A
Hours: 162 (54 lecture, 108 laboratory)
Structural organization, relationships among structures, and histology of the human body: gross and microscopic structure of the integumentary, skeletal, muscular, nervous, endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary and reproductive systems, from cellular to organ system levels of organization. This is a rigorous course in human anatomy primarily intended for nursing, allied health, kinesiology, and other health related majors. Cadaver prosections used for instruction. Nonmajors see BIOL 55, 56, and 56L. Students enrolling in BIOL 5 after having taken BIOL 7A will lose credit for BIOL 7A. (C-ID BIOL 110B) (CSU, UC-with unit limitation)

BIOL 0005X. Success in Anatomy
Unit: 1
Corequisite: Concurrent enrollment in BIOL 5
Hours: 18 lecture
Optional course for students concurrently enrolled in BIOL 5 to gain a deeper understanding of course material through discussions focused on anatomical concepts, terminology, and the implementation of anatomical knowledge to clinical and problem solving situations. Advanced study techniques, necessary for success in science courses, are modeled to strengthen student self-awareness, confidence, and ability to monitor learning. (CSU, UC)

BIOL 0006. Human Physiology
Units: 5
Prerequisite: Completion of CHEM 2A or 1A or 3A/3B; AND BIOL 5 or 7A/7B or 55 with grades of "C" or better
Advisory: Completion of MATH D with grade of "C" or better; completion of a non-majors general biology course with grade of "C" or better; and eligibility for ENGL 1A
Hours: 126 (72 lecture, 54 laboratory)
Study of the physiology, integration, and homeostasis of the human body from chemical through organism levels. Organ systems covered are integumentary, muscular, nervous, sensory, cardiovascular, lymphatic and immune, respiratory, urinary, digestive, endocrine, and reproductive system. Experiments using living and non-living models are performed in lab using methods of data acquisition, recording systems, and analysis of data. Primarily intended for Nursing, Allied Health, Kinesiology, and other health or life science majors. (C-ID BIOL 120B) (CSU, UC-with unit limitation)

BIOL 0007A. Human Anatomy I
Units: 2.5
Prerequisite: Eligibility for ENGL 11
Advisory: Completion of BIOL 55, 56, HSCI 3, or previous science course with grade of "C" or better, or experience in health care field; completion of MATH D with grade of "C" or better; eligibility for ENGL 1A
Hours: 72 (36 lecture, 36 laboratory)
Structure, relationships among structures, and histology of the human body from cellular to organ system levels of organization. Includes integumentary, skeletal, nervous, and sensory systems. Cadaver prossections are used for instruction. The sequence of BIOL 7A/7B is equivalent to BIOL 5. Students enrolling in BIOL 5 after having taken BIOL 7A will lose credit for BIOL 7A. (combined with BIOL 7B, C-ID BIOL 110B) (CSU, UC-with unit limitation)

BIOL 0007B. Human Anatomy II
Units: 2.5
Prerequisite: Completion of BIOL 7A with grade of "C" or better
Hours: 72 (36 lecture, 36 laboratory)
Structure, relationships among structures, and histology of the human body from cellular to organ system levels of organization. Includes muscle, cardiovascular, lymphatic, endocrine, respiratory, digestive, urinary and reproductive systems. Cadaver prossections are used for instruction. The sequence of BIOL 7A/7B is equivalent to BIOL 5. (combined with BIOL 7A, C-ID BIOL 110B) (CSU, UC-with unit limitation)
BIOL 0008A. Microbiology I

Units: 2.5
Prerequisite: Completion of high school chemistry, CHEM A, or higher level chemistry course with grade of "C" or better
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 81 (27 lecture, 54 laboratory)
Introduction to the biochemistry, morphology, classification and physiology of microorganisms, especially bacteria. Emphasis on the significance of microorganisms to human health and global ecology. The sequence of BIOL 8A/8B is equivalent to BIOL 4. Students enrolling in BIOL 4 after having taken BIOL 8A will lose credit for BIOL 8A. (CSU, UC-with unit limitation)

BIOL 0008B. Microbiology II

Units: 2.5
Prerequisite: Completion of BIOL 8A with grade of "C" or better
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 81 (27 lecture, 54 laboratory)
Introduction to microbial genetics and metabolic regulation, viruses, microbial control, host defense, immunization, epidemiology, mechanisms of pathogenicity, and significance of microorganisms, especially bacteria and viruses. Emphasis on the significance of microorganisms to human health and global ecology. Laboratory topics include traditional and modern techniques of microbial classification, recombinant DNA technology, and bacteriophage biology. The sequence of BIOL 8A/8B is equivalent to BIOL 4. (CSU, UC-with unit limitation)

BIOL 0010. Introduction to Biology

Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Designed for non-life science majors desiring an introductory biology course without a lab. Introduces the main concepts of biology, covering molecular and cell biology, heredity and nature of genes, biotechnology, evolution, diversity of life, and principles of ecology. Students enrolling in BIOL 11 after having taken BIOL 10 will lose credit for BIOL 10. (CSU, UC-with unit limitation)

BIOL 0011. Concepts of Biology

Units: 4
Advisory: Eligibility for ENGL 1A and MATH 12
Hours: 108 (54 lecture, 54 laboratory)
Designed for non-life science majors desiring an introductory biology course with a lab. Introduces the main concepts of biology, covering molecular and cell biology, heredity and nature of genes, biotechnology, evolution, diversity of life, and principles of ecology. Students enrolling in BIOL 11 after having taken BIOL 10 will lose credit for BIOL 10. Not recommended for students who have completed BIOL 56 and 56L. (CSU, UC-with unit limitation)

BIOL 0013. Field Methods in Ecology

Units: 3
Formerly known as BIOL 13B
Advisory: Completion of BIOL 14 strongly recommended
Hours: 90 (36 lecture, 54 laboratory)
Introduction to methods for sampling and studying environmental parameters of ecosystems and organisms. Identification of microscopic and macroscopic organisms, quantitative and qualitative field research techniques and procedures applicable to environmental assessment and population monitoring. Field trips required. (CSU)

BIOL 0014. Natural History, Ecology and Conservation

Units: 4
Also known as ESS 14
Advisory: Eligibility for ENGL 1A
Hours: 108 (54 lecture, 54 laboratory)
Introduction to the study of biology and ecology of organisms and ecosystems of the world, with an emphasis on California. Special focus on significance of functioning ecosystems and human influence on environmental (CSU, UC)

BIOL 0015. Marine Biology

Units: 4
Advisory: Eligibility for ENGL 11
Hours: 108 (54 lecture, 54 laboratory)
Introduction to basic biological and ecological principles of major saltwater environments. Stress conservation and appropriate utilization of marine resources. Designed for both science and non-science majors. Laboratory hours partially fulfilled by required field trips. Hiking and boat travel may be necessary. Camping and entrance fees may be required. Students may be required to provide their own transportation on field trips. (CSU, UC)

BIOL 0016A. Local Ecosystems of Placer County

Units: 0.5
Hours: 13 (7 lecture, 6 laboratory)
Field study that introduces local natural areas and their inhabitants. Selected ecosystems in Placer County are investigated in the field to identify and study the characteristic plants and animals and discover their relationships with the physical environment. Students may be required to provide their own transportation. (CSU)

BIOL 0016B. Local Ecosystems of Nevada County

Units: 0.5
Hours: 13 (7 lecture, 6 laboratory)
Field study that introduces local natural areas and their inhabitants. Selected ecosystems within Nevada County are investigated in the field to identify and study the characteristics of plants and animals and discover their relationships with the physical environment. Students may be required to provide their own transportation. (CSU)

BIOL 0016C. Vernal Pools and the California Prairie

Units: 0.5
Hours: 13 (7 lecture, 6 laboratory)
Field study that explores the ecological past, present, and future of California’s Great Valley ecosystems. Emphasis on remaining natural areas and conservation efforts. Special attention given to grasslands and vernal pool habitats. Students may be required to provide their own transportation. (CSU)

BIOL 0016D. Biology of Waterfowl and Marsh Birds

Units: 0.5
Hours: 13 (7 lecture, 6 laboratory)
Field identification and observation of marsh birds (primarily ducks, geese, swans, and wading birds). Includes general waterfowl biology and ecology. Emphasizes evolution, migration, reproductive cycles, current population trends, and habitat needs. Operational needs and conflicts of national and local wildlife refuge system are discussed. Students may need to provide their own transportation. (CSU)
BIOL 0016E. Ecology of the Sierran Conifer Forest
Units: 0.5
Hours: 13 (7 lecture, 6 laboratory)
Field study that introduces forest biology/ecology, emphasizing interrelationships between the Sierran forest inhabitants (animals, plants, fungi) and their environment. Study sites include a variety of forest and other associated mountain ecological communities. Depending on season offered, special topics may include: fungi biology, wildflower ecology, tree anatomy and physiology, forest nutrient cycles, forest birds, and soil organisms. Students may be required to provide their own transportation. (CSU)

BIOL 0016G. Weekend Field Paleontology and Ancient Environments
Units: 1-2
Also known as ESCI 16G
Hours: 30 (12 lecture, 18 laboratory) per unit
Investigations into the ecology of environments in the geologic past through field work at fossil sites. Comparisons/contrasts made between ancient (fossil) communities and the current (living) communities of selected study sites. Differences and similarities between the plants and animals used as evidence to reconstruct ancient ecological communities. Students may be required to provide their own transportation. (CSU)

BIOL 0016H. Ecology of the Mendocino Coast
Unit: 1
Hours: 30 (12 lecture, 18 laboratory)
Field study examining the Northern California Coast and its diverse ecological environments. Using the Fort Bragg/Mendocino/Fort Ross areas, investigates the biological relationships found in: the redwood, riparian, pygmy, mixed evergreen and closed-cone pine forests, and the shoreline communities of tidepool, sandy beach, dune, prairie and scrub. Plants, animals, environmental factors and effects of human activities are assessed for each of the ecological communities examined. Hiking may be necessary. Camping and entrance fees may be required. Students may be required to provide their own transportation. (CSU)

BIOL 0016I. Biology of Mono Lake and the Great Basin
Unit: 1
Hours: 30 (12 lecture, 18 laboratory)
Field study investigating the natural history and ecology of the Great Basin with special emphasis on Mono Lake and the Mono Basin. Examines physical, biological, historical, and ecological aspects that make the Mono Basin unique. Emphasis on biological and ecological aspects of the Mono Basin. Students may be required to provide their own transportation. (CSU)

BIOL 0016J. Ecology of Point Reyes National Seashore
Unit: 1
Hours: 30 (12 lecture, 18 laboratory)
Field study exploring the coastal mosaic of Point Reyes National Seashore and vicinity. Using the ecological communities present (forests, shoreline, pond and prairie), this area provides a rich biological "laboratory" to study its unique organisms and natural ecosystems, including grasslands, mudflats, forests, marshes, cliffs, beach, and dune sites. Depending on season offered, emphasis may be on wildflowers, mushrooms, owls, elk, reptiles or other life forms. Hiking may be necessary. Camping and entrance fees may be required. Students may be required to provide their own transportation. (CSU)

BIOL 0016K. Foothill Ecology of the Sierran Nevada
Unit: 1.5
Hours: 45 (18 lecture, 27 laboratory)
Field study investigating the ecology of the foothills to mid-montane zones of the Sierra Nevada. Focus on major terrestrial and aquatic ecosystems and ecological islands from 500 to 6000 feet elevation. Camping fees may be required. Students may be required to provide their own transportation. (CSU)

BIOL 0016L. Aquatic and Riparian Environments of California Waterways
Unit: 1.5
Hours: 45 (18 lecture, 27 laboratory)
Field study of the biological diversity and ecology of aquatic environments and the biology of water life. Focuses on the "water cycle" and its biological importance and human interactions. Ponds, vernal pools, streams, rivers, lakes, springs, meadows, bogs, marshes (fresh and salt), shorelines, deltas, and bay/estuary environments are investigated. Study sites may include Lake Tahoe, the American River, San Francisco Bay and other aquatic locations. Hiking or boat travel may be necessary. Camping, entrance and transportation fees may be required. Students may be required to provide their own transportation. (CSU)

BIOL 0016M. Marine Mammals and Birds
Unit: 1.5
Hours: 45 (18 lecture, 27 laboratory)
Field study of the biology of marine mammals and marine birds. Shore and pelagic organisms are studied, emphasizing California-associated species and their habitats. Field and lecture topics include: ecology, evolution, behavior, reproduction, distribution, anatomy, physiology, identification, and population status of whales, true and eared seals, sea otters, shore, bay and pelagic birds. Hiking and boat travel may be necessary. Camping and entrance fees may be required. Students may be required to provide their own transportation. (CSU)

BIOL 0016N. Ecology of the Modoc Plateau
Unit: 1.5
Hours: 45 (18 lecture, 27 laboratory)
Field study of volcanic and cold desert landscapes found in the Modoc Plateau region of California/Oregon. Ecosystems and environmental relationships stressed. Areas of emphasis include forest ecology, fresh water marsh/watershed, environmental factors, volcanic geology, plant succession, and human influences. Study sites include Lava Beds National Monument and Tule Lake Wildlife Refuge. Hiking may be necessary. Camping, entrance and transportation fees may be required. Students may be required to provide their own transportation. (CSU)

BIOL 0016O. Ecology of the High Sierra and White Mountain
Units: 2
Hours: 54 (27 lecture, 27 laboratory)
Field study which examines high-elevation mountain ecosystems using the high Sierra Nevada and White-Inyo Mountain Range of California as specific study sites. Observation and study of sub-alpine and alpine ecosystems like forests, montane chaparral, meadows, aquatic habitats, alpine tundra, and fell-fields. Fees may be required for camping and other activities. Students may be required to provide their own transportation. (CSU)
BIOL 0016P. Death Valley and Desert Ecosystems  
**Units:** 2  
Field study that explores the unique desert ecosystems of Death Valley National Park and nearby areas. Extreme differences of elevation from high mountains to below sea level provide a rich variety of desert environments, plants, and animals. Field work emphasizes identification of animals and plants (many unique to these exotic desert habitats), their special physical and behavioral adaptations to the harsh desert climate and habitats, and the effects of human activities upon the fragile desert ecosystems. Hiking may be necessary. Camping, entrance and transportation fees may be required. Students may be required to provide their own transportation. (CSU)

BIOL 0016Q. Ecology of Mid-Western North America  
**Units:** 2  
Field introduction to ecology of the major biomes, communities and life zones of the Midwestern and Western regions of the United States, emphasizing plains grasslands, montane forests, desert badlands, alpine zones, and aquatic habitats. Each ecological area explored as to its climate, common plants and animals, range, distribution, relationships, geology, historical changes, paleoecology and other environmental factors. Fossil and other evidence of past environments compared to present communities. Hiking may be necessary. Camping, entrance and transportation fees may be required. (CSU)

BIOL 0016R. Canyon Lands of the Southwest  
**Units:** 2  
Field study to explore the unique geographical and ecological features of the Southwestern United States, including Grand Canyon, Arizona; Zion, Bryce, and nearby natural areas in Utah; and Canyonlands National Park in Utah. Study sites include a variety of semi-arid regions associated with the Grand Canyon, including mountainous terrains, deserts, canyons, and river bottoms. Hiking may be necessary. Camping, entrance and transportation fees may be required. (CSU)

BIOL 0016S. Ecology of the American River  
**Units:** 0.5  
Field study that introduces the ecology of the Sutter Buttes. The area is situated between the Sierra Nevada and the Feather River, and exemplifies the biogeography of the American River. Students may be required to provide their own transportation. (CSU)

BIOL 0016T. Coastal Habitats of Northern California  
**Units:** 2  
Field course exploring the unique biological and ecological features of the California north coast, which may include Redwoods National Park, Prairie Creek Redwoods, and Big Lagoon. Coastal ecosystems studied include the redwood forest, coastal grassland, rocky tidepool, marshes, stream, bog, coastal strand, and mixed-evergreen forest (their climate, geology, ecology, and plant and animal diversity). The human impacts of a growing population with resource demands discussed. Hiking may be necessary. Camping, entrance and transportation fees may be required. Students may be required to provide their own transportation. (CSU)

BIOL 0016U. Coastal Habitats of Central California  
**Units:** 2  
Field study of the unique features of the central California coast between Morro Bay, Big Sur, Monterey Bay, and Point Reyes National Seashore. Coastal habitats explored, identifying coastal plants, animals, and geologic processes, and emphasizing the interrelationships characteristic of coastal environments. Environments studied include sandy beach, ocean bay, tidepool, mudflat, coastal forests, oak woodland, grasslands and coastal scrub. Areas are contrasted with other coastal regions. Human impacts and living styles viewed as they effect the natural environments. Hiking and boat travel may be necessary. Camping, entrance and transportation fees may be required. (CSU)

BIOL 0016V. Deserts of Southern California  
**Units:** 2  
Field study of the "hot" deserts of Southern California (the Mojave and Sonoran/Colorado Deserts and regional variations), discovering their unique animals and plants which are adapted to these extreme and beautiful environments. Deserts compared to nearby coastal habitats or the desert ecosystems in Arizona (depending on local conditions). California study sites visited include, at least, Joshua Tree National Park, Mojave Desert, Salton Sea, and Anza-Borrego State Park. Focuses upon the interdependency between the physical environments and the biological inhabitants that live there. Hiking may be necessary. Camping, entrance and transportation fees may be required. Students may be required to provide their own transportation. (CSU)

BIOL 0016W. Biology/Ecology of the Klamath and the Southern Cascade  
**Units:** 2  
Field study that introduces the biology/ecology of the Klamath and southern Cascade Mountain Ranges. Study sites include a variety of locations and habitats such as Mt. Lassen, Crater Lake, and Marble Mountains. Special topics include ecological succession and montane biogeography. Fees for camping and transportation may be required. (CSU)

BIOL 0016Y. Ecology of Selected Wilderness Ecosystems  
**Units:** 2  
Field study of selected wilderness sites, comparing their biological inventory, ecological relationships, physical environments, and sensitivity to human interactions and activities. Both qualitative and quantitative field survey techniques are used to record ecological data at each study site. Management techniques, history, and objectives of wilderness preservation and resource use conflicts are emphasized. Camping and transportation fees may be required. Students may be required to provide their own transportation. (CSU)

BIOL 0016Z. Ecology of the American River  
**Units:** 0.5  
Field study of the aquatic, riparian, and associated ecosystems of Sierra Nevada river systems with specific attention to the American River system. Students may be required to provide their own transportation. (CSU)

BIOL 0017B. Ecology of the Sutter Buttes  
**Units:** 0.5  
Field study that introduces the ecology of the Sutter Buttes. The area is investigated in the field to identify and study the characteristic plants and animals and discover their relationships with the physical environment. Students may be required to provide their own transportation. Moderate hiking will be required. (CSU)

BIOL 0021. Introduction to Plant Science  
**Units:** 4  
Also known as AGRI 156  
Advisory: Eligibility for ENGL 1A  
Hours: 108 (54 lecture, 54 laboratory)  
Emphasizes structure, growth, physiology and reproduction of flowering plants and their responses to modifications and environment; including propagation, media, soil and plant nutrition. Explores the interrelationship of plant science with other life sciences and technology. Applies principles of plant science to agricultural systems. (CSU, UC)
BIOL 0023. Wildflower Identification
Unit: 1
Hours: 26 (13 lecture, 13 activity)
Plant identification, terminology, keying, uses, and ecology. Field trips may require ability to hike moderate distances on unlevel ground. (CSU)

BIOL 0024. Wildland Trees and Shrubs (Dendrology)
Units: 4
Advisory: Eligibility for ENGL 1A
Hours: 108 (54 lecture, 54 laboratory)
Botanical characteristics, taxonomy, physiology, and community relationships of the major trees and shrubs in the Western United States. Discussion of commercial uses and geographic ranges of these plants. Identifying specimens under field conditions and using herbarium specimens. (CSU)

BIOL 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

BIOL 0030. Introduction to Ornithology
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to the general ecology, evolution, and physiology of birds, with an emphasis on northern California avifauna. (CSU, UC)

BIOL 0033. Introduction to Zoology
Units: 4
Advisory: Eligibility for ENGL 1A
Hours: 108 (54 lecture, 54 laboratory)
A survey of the animal kingdom emphasizing the evolution, structure, function, ecology, and natural history of major groups of animals. Designed for nonscience majors. (CSU, UC-with unit limitation)

BIOL 0035. Introduction to Entomology
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to the general ecology, evolution, and physiology of insects, with examples from the insect fauna of northern California. Describes the key relationships (medical, agricultural, etc.) insects have with humans. Recommended for general education students or other majors interested in entomology. (CSU, UC)

BIOL 0036. Introduction to Mammalogy
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to the general ecology, evolution, and physiology of mammals, with an emphasis on species of northern California. Topics include: identifying characteristics, local species, ecological relationships, human interactions, and behavioral, structural, and physiological adaptations. Recommended for general education students or other majors interested in mammals. (CSU)

BIOL 0055. General Human Anatomy and Physiology
Units: 4
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 108 (54 lecture, 54 laboratory)
An overview of the basic anatomy and physiology of all body systems. Designed for non-science majors and those interested in human anatomy and physiology. Experiments and observations performed on models, nonliving systems, and oneself. (CSU, UC-with unit limitation)

BIOL 0056. Biology: A Human Perspective
Units: 3
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 54 lecture
Principles of biology and how they relate to humans. Emphasis on the human organism, including anatomy, physiology, medicine, research, genetics, evolution, ecology and human impacts on the environment. Not recommended for Biological Sciences majors or students who have completed BIOL 11. (CSU, UC-with unit limitation)

BIOL 0056L. Biology: A Human Perspective Laboratory
Unit: 1
Corequisite: Concurrent enrollment in BIOL 56
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 54 laboratory
Optional laboratory course to be taken with BIOL 56. Topics parallel lecture course, including anatomy, physiology, medicine, research, genetics, evolution, ecology and human impacts on the environment. (CSU, UC-with unit limitation)

BIOL 0095. Internship in Biological Sciences
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Program Student Learning Outcomes (PSLOs)
• Apply the scientific method to design, conduct experiments, and test hypotheses.
• Conduct scientific literature review, critically evaluate, and interpret biological information.
• Outline the organization and integration of biological systems.
• Apply laboratory and/or field skills necessary to answer biological questions.
• As an informed and responsible individual, evaluate contemporary biological questions that have social and/or ethical implications.

Business
Contact Information
Division
Business and Technology
Dean
Amy Schulz
Overview
The business discipline offers training in nine major areas: Accounting, Administrative Professional, Business Administration, Business Entrepreneurship, General Business, Management, Marketing and Real Estate. For Information Technology (formerly known as Computer Information Systems) and Computer Science, see separate catalog listings. The Business department plays a vital role in preparing students for their careers. Experience has demonstrated the importance of a background in general education for all students planning a career in business.

TRANSFER MAJOR REQUIREMENTS in Business Administration are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements. Graduates in Business Administration are qualified for positions in Accounting, Finance, Management, Marketing and Business Teacher Education.

AA and AS degrees can be earned in the major areas of business. Also some transfer majors may earn AA/AS degrees. Certificates may be earned in some areas of business.

Faculty
Denise Bushnell
Professor, Business
B.S., University of Alabama
M.B.A., Walden University

Craig Hassler
Assistant Professor, Business
B.S., University of Southern California
J.D., University of San Francisco
M.S., Syracuse University

Kurt D. Heisinger
Professor, Business
B.S., California Polytechnic State University, San Luis Obispo
M.B.A., University of California, Davis
Certified Public Accountant
Certified Management Accountant

Todd A. Jensen
Professor, Business
B.S., California State University, Chico
M.B.A., University of Oregon
Certified Public Accountant

Christine D. Karau
Professor, Business
B.A., California State University, Sacramento
M.A., Chapman University, Orange
M.A., University of Nebraska, Lincoln

Degrees/Certificates
Associate Degree for Transfer
• Business Administration for Transfer (p. 83)

Associate Degrees
• Accounting (p. 83)
• Business Information Worker (p. 84)
• General Business (p. 85)
• Interdisciplinary Entrepreneurship (p. 84)
• Management (p. 85)
• Marketing (p. 85)
• Real Estate (p. 86)

Certificates of Achievement
• Accounting (p. 83)
• Business Information Worker (p. 84)
• General Business (p. 85)
• Interdisciplinary Entrepreneurship (p. 84)
• Management (p. 85)
• Marketing (p. 85)
• Real Estate (p. 86)
• Retail Management (p. 86)
• Taxation (p. 86)
Skills Certificates

- Business Information Worker - Applications (p. 87)
- Business Information Worker - Communications (p. 87)
- Interdisciplinary Business Entrepreneurship (p. 87)
- Payroll Professional (p. 87)
- Small Business Bookkeeping (p. 88)

Noncredit Certificates

Computer Basics (p. 88)

- Entrepreneurship for Makers (p. 88)

Business Administration for Transfer

AS-T Degree

Business Administration is designed to provide a broad knowledge of the functional areas of a business while developing managerial skills, communication skills, technical abilities and decision-making capability. Students will analyze and critically evaluate information to solve business problems, evaluate and use appropriate technology in the changing business environment, analyze ethical and social issues in business situations and make business and economic decisions that reflect professional responsibility.

The Associate in Science in Business Administration for Transfer degree (AS-T) prepares students to transfer into the CSU system to complete a bachelor's degree in Business Administration or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor's degree.

To earn the Associate in Science in Business Administration for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of "C" or better; and
- completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

Accounting

AA or AS Degree and/or Certificate of Achievement

Successful completion of the curriculum in accounting prepares students for positions as accounting clerks, bookkeepers, payroll clerks or entry-level accountants. For the degree, students must fulfill the following major requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (CSU GE) (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

Business Information Worker

**AA or AS Degree and/or Certificate of Achievement**
(formerly Information Technology-Business Information Worker)

The Business Information Worker (BIW) program prepares students for entry-level employment in the field of Business Information Technology. Emphasis is on practical, career-oriented skills for professional office environment positions using current computer application programs for processing and presenting text, numerical data and graphics, as well as applying basic oral and written business communication. This program of courses aligns with the California Community College’s statewide BIW career preparation pathway. For the degree, students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (http://catalog.sierracollege.edu/student-resources/general-education/associate-degree-requirements/);
- California State University General Education Breadth (CSU GE) (http://catalog.sierracollege.edu/student-resources/general-education/california-state-university-general-education-breadth-requirements/) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (http://catalog.sierracollege.edu/student-resources/general-education/intersegmental-general-education-transfer-curriculum-igetc/).

A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

### Interdisciplinary Entrepreneurship

**AA or AS Degree and/or Certificate of Achievement**
(formerly Business Entrepreneurship)

This degree provides foundational business skills for entrepreneurs in any discipline and is fully customizable to fit students’ goals. Students receive classroom learning mixed with apprenticeships and internships to help them launch new ventures. The program offers a robust core of business classes for those interested in starting a business with an opportunity to focus on managing capital. Students completing this program will have a solid understanding of accounting practices for their enterprise. In addition, students will identify and design sustainable, socially-minded business opportunities. For the degree, students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);

Real Estate

AA or AS Degree and/or Certificate of Achievement

The curriculum in Real Estate provides individuals with the technical knowledge and academic background to be competitive in the real estate industry. Successful coursework completion allows individuals to sit for the California Real Estate Salesperson Examination. (For up-to-date licensing requirements refer to the California Department of Real Estate at http://dre.ca.gov.) Career opportunities in real estate and related occupations include real estate salesperson, loan processor, property manager and escrow and title officer. For the degree, students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

• Sierra College Associate Degree Requirements (p. 292);
• California State University General Education Breadth (CSU GE) (p. 300) pattern;
• Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

Sierra College Catalog 2021-2022
Entrepreneurship for Makers  
Noncredit Certificate of Completion  
This certificate is for existing and potential entrepreneurs with a focus on makers. It provides a course of study that enables students, who are interested in pursuing or enhancing their “maker” talents, to develop critical entrepreneurial skills.

**Small Business Bookkeeping**  
Skills Certificate  
The Small Business Bookkeeping curriculum prepares students to be bookkeepers for small to mid-sized businesses. This skills certificate also provides a foundation for students to run a bookkeeping business. A skills certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

Understanding course descriptions (p. 312)
BUS 0131. Payroll: Taxes, Withholdings and Payments
Units: 3
Formerly known as BUS 12
Advisory: Completion of BUS 144 or BUS 201 with grade of "C" or better
Hours: 54 lecture
Covers payroll-related topics including employee benefits, payment methods and requirements, withholdings for federal and California income taxes, Social Security, and Medicare. Additional topics include deposit and reporting requirements, voluntary and involuntary deductions, and Internal Revenue Code enforcement and penalties. This class is part of a three-class series designed to prepare students for accounting careers and payroll industry certification. (not transferable)

BUS 0132. Payroll: Accounting, Management, International Issues and Ethics
Units: 3
Formerly known as BUS 13
Advisory: Completion of BUS 144 or BUS 201 with grade of "C" or better
Hours: 54 lecture
Covers payroll-related topics including recordkeeping and records retention; accounting principles, practices, and systems; payroll management; U.S. citizens working abroad and foreign citizens working in the U.S.; and ethics. This class is part of a three-class series designed to prepare students for accounting careers and payroll industry certification. (not transferable)

BUS 0144. Accounting Fundamentals for Business Owners and Entrepreneurs
Units: 3
Formerly known as BUS A
Hours: 54 lecture
An introductory course for students without previous study in bookkeeping or accounting. Provides practical skills for bookkeepers, account clerks, business owners, managers, administrative assistants and others needing practical knowledge of basic accounting. Includes basic accounting principles, payroll, sales and purchasing cycles. This course is not a prerequisite for BUS 1. (not transferable)

BUS 0145. Planning, Financing and Operating a Small Business
Units: 3
Formerly known as BUS B
Advisory: Completion of BUS 144 with grade of "C" or better
Hours: 54 lecture
Practical study of the accounting and financial management methods essential for the efficient operation of small businesses. Provides entrepreneurs with skills to prepare and analyze financial statements, tax planning, ratio analysis and financial projections; and manage cash flow, accounts receivable, accounts payable, inventory management, and break-even analysis. (not transferable)

BUS 0146. Computerized Accounting for Windows
Units: 3
Formerly known as BUS 8
Prerequisite: Completion of BUS 144 or BUS 201 with grade of "C" or better
Hours: 54 lecture
Introduction to the principles and procedures of accrual accounting using an industry computer accounting program. Accounting applications include general ledger, purchases and accounts payable, sales and accounts receivable, payroll, merchandise inventory, and job costing. Includes completion of the accounting cycle, preparation of financial statements, and analysis of financial statements for service and retail organizations. (not transferable)

BUS 0159. New World of Work - 21st Century Skills
Units: 2
Hours: 36 lecture
Interactive lessons designed to teach college students, adult learners, and workforce development representatives the transferable skills all modern workers need for success in our global economy. Topics include: Adaptability, Analysis/Solution Mindset, Collaboration, Communication, Digital Fluency, Entrepreneurial Mindset, Empathy, Resilience, Self-Awareness and Social/Diversity Awareness. (CSU)

BUS 0201. Financial Accounting I
Units: 3
Formerly known as BUS 1
Hours: 54 lecture
Principles of accounting and recording transactions within the accounting cycle. Students analyze financial statements, compare and contrast different forms of business entities, and discuss internal controls for entities to reduce the risk of fraud. Topics also include the preparation of a bank reconciliation, petty cash transactions, inventories, and cost of goods sold. (combined with BUS 202, C-ID ACCT 110) (CSU, UC)

BUS 0202. Financial Accounting II
Units: 3
Formerly known as BUS 2
Prerequisite: Completion of BUS 201 with grade of "C" or better
Hours: 54 lecture
Concepts of accounts receivable and how to account for bad debts and depreciation of assets. Study of current and long term liabilities and how to account for them, including accounts payable, payroll taxes, mortgages, and bonds. Covers the concept of equity including stocks and dividends. Financial ratio analysis tools also help students quickly assess the overall financial health of a business. (combined with BUS 201, C-ID ACCT 110) (CSU, UC)

BUS 0203. Managerial Accounting
Units: 3
Formerly known as BUS 3
Prerequisite: Completion of BUS 202 with grade of "C" or better
Hours: 54 lecture
Examination of how managers use accounting information in decision-making, planning, directing operations, and controlling operations. Focus on cost terms and concepts, cost behavior, cost structure, and cost-volume-profit analysis. Examination of profit planning, standard costs, operations, and capital budgeting, cost control, and accounting for costs in manufacturing organizations. (C-ID ACCT 120) (CSU, UC)

BUS 0210. Ethical Studies in Accounting and Business
Units: 3
Formerly known as BUS 10
Advisory: Completion of ENGL 1A; and BUS 144 or BUS 201 with grades of "C" or better
Hours: 54 lecture
Explores ethics that must be addressed by bookkeepers, small business employees, and accountants. Topics in ethics include ethical foundations for personal and professional practice. A variety of case studies are evaluated to gain perspective into ethical lapses, fraud, and legal liability. Prevention techniques for and consequences of unethical and fraudulent behavior in the workplace and society are examined. (CSU)
BUS 0215. Personal Finance  
*Units:* 3  
Formerly known as BUS 101  
Prerequisite: Completion of Elementary Algebra or appropriate placement  
Hours: 54 lecture  
Practical approach to personal finance principles. Offers a basic understanding of spending, saving, budgeting, borrowing, lending and investing money; credit and debit cards, credit reports/scores, identity theft, insurance, compound interest, retirement, estate planning, and investments. The social, psychological, and economic issues related to financial planning will be explored in addition to calculating the financial impacts of their decisions. This course will emphasize the principles to develop economic decision-making skills. Students will create a personal financial plan, including goals, budgets and a savings plan. (CSU, UC)

BUS 0216. Investments  
*Units:* 3  
Formerly known as BUS 19  
Hours: 54 lecture  
Introduction to investment opportunities, principles and practices. Includes investments in government and corporate securities, mutual funds, real estate, and tax advantaged securities. (CSU)

BUS 0220. Federal Income Taxation of Individuals  
*Units:* 3  
Formerly known as BUS 9  
Hours: 54 lecture  
Study of the United States individual income tax system. Rights and responsibilities of taxpayers under the Internal Revenue Code. Introduction to filing status, exemptions, income exclusions and inclusions, capital gains/losses, itemized deductions, employee business expenses, sale of home, and tax planning. (CSU)

BUS 0221. Federal and California Individual Taxation  
*Units:* 4  
Formerly known as BUS 14  
Advisory: Completion of BUS 201 with grade of "C" or better  
Hours: 72 lecture  
Study of the United States and California individual income tax system. Rights and responsibilities of taxpayers under the Internal Revenue Code. Introduction to filing status, exemptions, income exclusions and inclusions, capital gains/losses, itemized deductions, employee business expenses, sale of home, and tax planning. (CSU)

BUS 0222. Taxation for Businesses and Specialized Returns  
*Units:* 4  
Formerly known as BUS 15  
Prerequisite: Completion of BUS 220 or BUS 221 with grade of "C" or better  
Advisory: Completion of BUS 201 with grade of "C" or better  
Hours: 72 lecture  
Continuing study of income tax compliance with an emphasis on the taxation of business entities including corporations, partnerships, limited liability companies, S corporations, estates, and trusts. Topics include tax and non-tax characteristics of business entities, income tax filing requirements, business income/expenses/deductions/credits, differences in book and taxable income, selection of accounting methods and periods, and advising business taxpayers. (CSU)

BUS 0223. Tax Representation, Practices and Procedures  
*Units:* 2  
Formerly known as BUS 16  
Prerequisite: Completion of BUS 220 or BUS 221 with grade of "C" or better  
Hours: 36 lecture  
Practices and requirements for Enrolled Agents and other tax professionals. Topics include how to represent a client before the IRS including the need for a power of attorney, compiling supporting documentation, collection processes, and appeals. Requirements for Enrolled Agents to practice in front of the IRS, record maintenance, and electronic filing requirements will also be discussed. (CSU)

BUS 0241. Entrepreneurship - Starting a Small Business  
*Units:* 3  
Formerly known as BUS 141  
Hours: 54 lecture  
Develops skills in evaluating, articulating, refining, and pitching a new product or service offering, either as a new business idea or as an additional offering in an existing business. Examines the steps and process of starting a new business from the logistics of establishing the business, supply chain planning, initial financing, building a management team, and forecasting. (CSU)

BUS 0242. Entrepreneurship - Small Business Management  
*Units:* 3  
Formerly known as BUS 140  
Hours: 54 lecture  
Practical aspects of managing a small business. Focus will be on how to grow and manage an existing business (including independent contractors/freelancers and online businesses). Areas of coverage include: forms of ownership, franchising, and preparing a business plan; financing growth for a business; accounting and marketing fundamentals; managing human resources, technology, regulation, how to grow/scale, professional networking and insurance requirements. (CSU)

BUS 0243. Social Entrepreneurship  
*Units:* 3  
Formerly known as BUS 143  
Hours: 54 lecture  
Introduction to social entrepreneurship: the practice of identifying and designing sustainable, socially-minded enterprises. Challenges students as change agents to combine innovation, resources and opportunity to address social and environmental problems. (CSU)

BUS 0250. Computer Applications for Business  
*Units:* 3  
Formerly known as IT 10  
Hours: 72 (54 lecture, 18 laboratory)  
An overview of business and academic use of common office application software for word processing, spreadsheets, charting data, databases, and presentations. Using current operating system software, managing files, using online tools, transmitting files via the Internet. Common computer hardware and software system concepts; impact of computers on society, networks and security. (CSU)
BUS 0251. Creating Business Documents with Word  
Units: 3  
Formerly known as IT 20  
Advisory: Completion of BUS 250 and SKDV 10 with grades of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Design and use of "what-if" analysis, static and dynamic web pages, financial functions, data and lookup tables, amortization schedules and templates. Includes working with multiple worksheets and workbooks, analyzing worksheet results, sorting and querying a worksheet database, using macros, and integrating software. (CSU)

BUS 0252. Excel for Business Applications  
Units: 3  
Formerly known as IT 25  
Advisory: Completion of BUS 250 and SKDV 10 with grades of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Advanced word processing techniques, including styles and outlines, generating form letters, mailing labels and envelopes using mail merge, working with master documents, indexes and tables of content, creating reports using wizards and templates, applying macros, integrating software, creating web pages and online forms. (CSU)

BUS 0255. Introduction to the Virtual Entrepreneur  
Units: 3  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Explores topics such as setting up a freelance or consulting business out of a virtual office structure, time and organizational management, effective communication using digital platforms, and how to work independently. Students will identify, evaluate, and employ various managing techniques such as online networking, creating websites, utilizing Web-based resources, manage skills, services, and products in preparation for the gig economy. Examines organizational concepts, decision making, ethics, customer service, bidding for jobs, finding consulting opportunities, financial aspects of a virtual office, programs/software, security and hardware needed in a virtual office. (not transferable)

BUS 0260. Introduction to Business  
Units: 3  
Formerly known as BUS 20  
Hours: 54 lecture  
A survey in business providing a multidisciplinary examination of how culture, society, economic systems, legal, international, political, financial institutions, and human behavior interact to affect a business organization's policy and practices within the U.S. and a global society. Demonstrates how these influences impact the primary areas of business including: organizational structure and design, leadership, human resource management, organized labor practices, marketing, organizational communication, technology, entrepreneurship, legal, accounting, financial practices, stocks and securities market. (C-ID BUS 110) (CSU, UC)

BUS 0261. Customer Service Skills  
Units: 3  
Formerly known as BUS 116  
Hours: 54 lecture  
Provides the student with understanding and knowledge of the importance of meeting customer needs in a service economy. Emphasis on developing specific skills and abilities critical to providing excellent customer service. Introduction to the concepts of internal and external customers, customer satisfaction and retention. Topics include communicating with customers, developing a positive attitude, handling complaints and ethical issues. (CSU)

BUS 0265. Business Communications  
Units: 3  
Formerly known as BUS 102  
Prerequisite: Completion of ENGL 1A with grade of "C" or better  
Hours: 54 lecture  
Applies the principles of effective communication to the creation of letters, memos, emails, and written and oral reports for a variety of business situations. The course emphasizes planning, organizing, composing, and revising business documents using word processing software for written documents and presentation-graphics software to create and deliver professional-level oral reports. (C-ID BUS 115) (CSU)

BUS 0266. Introduction to Oral Communication  
Units: 3  
Formerly known as BUS 85  
Advisory: Completion of ENGL N or equivalent with grade of "C" or better or placement by matriculation assessment process recommended  
Hours: 54 lecture  
Introduction to oral communication necessary in the workplace and community. Involves verbal/nonverbal techniques, listening skills, group dynamics, interviewing processes, conflict management, basic research techniques and delivering oral presentations with emphasis on business situations. Build interpersonal communication skills and enhance public speaking skills through interactive activities in a supportive environment. (CSU)

BUS 0270. Business Law  
Units: 3  
Formerly known as BUS 48  
Hours: 54 lecture  
Fundamental legal principles pertaining to business transactions. Introduction to the legal process. Topics include sources of law and ethics, contracts, torts, agency, criminal law, business organizations, and judicial and administrative processes. (C-ID BUS 125) (CSU, UC)

BUS 0271. Law and Society  
Units: 3  
Formerly known as BUS 49  
Hours: 54 lecture  
Introduction to the law as an instrument of social and political control in society. Topics include sources of law and ethics, contracts, torts, agency, judicial and administrative processes, employment law, forms of business organizations, and domestic and international governmental regulations. (C-ID BUS 120) (CSU, UC)
BUS 0273. International Business Practices  
**Units:** 3  
Formerly known as BUS 55  
Advisory: Eligibility for ENGL 1A or equivalent  
Hours: 54 lecture  
Foundations for understanding the global marketplace and effective international business practices and procedures. Students identify/compare cultural differences and acquire skills necessary for interacting with foreign business professionals. Topics include: international trade, importing/exporting, currencies and exchange, ethics, international travel, technological impacts, and careers in international business. (CSU)

BUS 0275. Management Concepts and Applications  
**Units:** 3  
Formerly known as BUS 100  
Hours: 54 lecture  
Career focused course that explores management concepts. Includes the four management functions of planning, controlling, leading, and organizing, with emphasis on practical application of skills in communication, leadership, decision-making, staffing, motivation, delegation, and team-building to supervise others. Students are given opportunities to apply newly acquired ideas and techniques to workplace situations. (CSU)

BUS 0276. Organizational Behavior and Human Relations  
**Units:** 3  
Formerly known as BUS 99  
Advisory: Completion of ENGL 1A with grade of "C" or better  
Hours: 54 lecture  
Closely examines the collective behavior of an organization’s individuals and groups. The content and activities focus on the fundamentals of Organizational Behavior—how to diagnose organizational problems, motivate, resolve conflicts, negotiate, lead organizational change efforts, and reduce stress. Carefully examines the interactions among people within organizations to satisfy employee needs while achieving organizational objectives. (CSU)

BUS 0277. Human Resource Management  
**Units:** 3  
Formerly known as BUS 103  
Advisory: Completion of ENGL N with grade of "C" or better or placement by matriculation assessment process recommended  
Hours: 54 lecture  
A foundational management course for understanding how to manage human capital. Topics, practical application projects and case studies that demonstrate the importance of human resources to drive innovation and competitive advantage. Five functional areas covered include staffing, human resource development, employee relations, workplace health and safety, and compensation. (CSU)

BUS 0280. Introduction to Marketing  
**Units:** 3  
Formerly known as BUS 120  
Hours: 54 lecture  
Explore the fundamental concepts, relationships, and structure necessary for an overall understanding of the field of marketing. Includes marketing research, identifying and selecting target markets, understanding consumer behavior, and making product, pricing, distribution, and promotion decisions. (CSU)

BUS 0281. Advertising  
**Units:** 3  
Formerly known as BUS 121  
Hours: 54 lecture  
Analyze the principles and practices of effective advertising. Marketing research, consumer behavior, target marketing, and media strategy are examined as tools for effective advertising. Creative methods and strategies are examined for the development of various types of advertising. (CSU)

BUS 0282. Marketing in the Digital Age  
**Units:** 3  
Formerly known as BUS 122  
Advisory: Completion of BUS 280 and BUS 250 with grades of "C" or better or equivalent  
Hours: 54 lecture  
Exploration, analysis and development of effective and innovative marketing techniques using digital tools available in an evolving world of technology and digital information. Emphasis is on developing marketing tools and programs using the latest technological tools to enhance your marketing efforts on and through the internet. (CSU)

BUS 0283. Retailing  
**Units:** 3  
Formerly known as BUS 123  
Hours: 54 lecture  
Examines concepts and principles involved in making decisions for retail firms. Types of retailers, sales methods, customer relations, store organization, principles of pricing, visual merchandising, buying and advertising are covered. Current retail strategies, brick and mortar stores, catalogs, home shopping networks, and E-retailing are examined. Activities, design and layout of various stores, window decorations, color choices, music, display styles and other retail needs will be analyzed. This course is recommended for any student ever considering working in the retail field, owning their own business or managing a business in the future. (CSU)

BUS 0284. Selling Dynamics  
**Units:** 3  
Formerly known as BUS 124  
Hours: 54 lecture  
Demonstrates the importance of effective personal selling techniques, communication skills and organizational success. The course will examine the personal selling philosophy and career opportunities in professional consumer and business selling. Explore the presentation process, presentation strategies and trade shows. Techniques are illustrated in the steps of selling: approach, sales demonstration, overcoming objections, negotiation, closing, and servicing the sale. Examine the social, ethical, and legal issues of selling. This course is recommended for any student who wants to develop better personal and selling techniques for resume, job or promotion opportunities. (CSU)

BUS 0290. Real Estate Principles  
**Units:** 3  
Formerly known as BUS 40  
Hours: 54 lecture  
Fundamental real estate course covering laws and principles of California real estate; gives understanding, background, and terminology necessary for advanced study in specialized courses. Helpful to those preparing for the real estate salesperson license examination. (CSU)
BUS 0291. Real Estate Practice
Units: 3
Formerly known as BUS 41
Advisory: Completion of BUS 290 with grade of "C" or better
Hours: 54 lecture
Day-to-day operations in real estate, including listing, prospecting, advertising, financing, sales techniques, escrow, and ethics. Helpful to those preparing for the real estate salesperson license examination. (CSU)

BUS 0292. Legal Aspects of Real Estate
Units: 3
Formerly known as BUS 47
Advisory: Completion of BUS 290 with grade of "C" or better
Hours: 54 lecture
Study of the practical aspects of California real estate law, including sources of law, government regulation, property ownership divisions, transfer, title, contracts, escrow, and landlord/tenant relationships. (CSU)

BUS 0809. Personal Investment and Retirement Planning for Retirees
Units: 0
Hours: 8 lecture
Course designed for older adults. Techniques are offered to manage investments during retirement, includes generating both income and growth for investments, fixed income, stocks, mutual funds, annuities. May be repeated. (noncredit)

BUS 0815. Personal Finance
Units: 0
Hours: 54 lecture
Practical approach to personal finance principles. Offers a basic understanding of spending, saving, budgeting, borrowing, lending and investing money; credit and debit cards, credit reports/scores, identity theft, insurance, compound interest, retirement, estate planning, and investments. The social, psychological, and economic issues related to financial planning will be explored in addition to calculating the financial impacts of their decisions. This course will emphasize the principles to develop economic decision-making skills. Students will create a personal financial plan, including goals, budgets and a savings plan. (pass/no pass grading) (noncredit)

BUS 0841. Entrepreneurship - Starting a Small Business
Units: 0
Hours: 54 lecture
Develops skills in evaluating, articulating, refining, and pitching a new product or service offering, either as a new business idea or as an additional offering in an existing business. Examines the steps and process of starting a new business from the logistics of establishing the business, supply chain planning, initial financing, building a management team, and forecasting. (pass/no pass grading) (noncredit)

BUS 0856. Beginning Computer Keyboarding
Units: 0
Formerly known as IT 835
Hours: 36 (27 lecture, 9 laboratory)
Introduces touch typing of alphabetic, numeric, and symbol keys. It covers keyboarding techniques, speed-and-accuracy development, and essential computer-keyboarding information. This course is specifically designed for the beginning typist as well as those who have been typing for a long time using improper technique. Not recommended for students with one year of high school keyboarding. (pass/no pass grading) (noncredit)

BUS 0857. Beginning Computer Familiarization
Units: 0
Formerly known as IT 820
Advisory: Completion of BUS 856 with grade of "Pass"
Hours: 36 (27 lecture, 9 laboratory)
This introductory course develops basic computer skills needed for college-level courses, workplace productivity, and personal enrichment. It provides the individuals who are new to computing or who have very little computing experiences with slower paced, general, non-technical information as well as in-class hands-on instruction reinforcement. This course introduces use of common computer terminology and concepts, file management, electronic mail, online course management system, and internet. (pass/no pass grading) (noncredit)

BUS 0858. Beginning Computer Applications
Units: 0
Formerly known as IT 830
Advisory: Completion of BUS 856 and BUS 857 with grades of "Pass"
Hours: 36 (27 lecture, 9 laboratory)
Designed to introduce students to the use of word processing, spreadsheet, presentations, and database programs. It provides the individuals who are new to computing or who have very little computing experiences with slower paced, general, non-technical information as well as in-class hands-on instruction reinforcement. The course includes basic operations of creating, editing, formatting, saving, retrieving, and printing documents. (pass/no pass grading) (noncredit)

BUS 0859. New World of Work - 21st Century Skills
Units: 0
Formerly known as BUS 800
Hours: 36 lecture
Interactive lessons designed to teach college students, adult learners, and workforce development representatives the transferable skills all modern workers need for success in our global economy. Topics include: Adaptability, Analysis/Solution Mindset, Collaboration, Communication, Digital Fluency, Entrepreneurial Mindset, Empathy, Resilience, Self-Awareness and Social/Diversity Awareness. (pass/no pass grading) (noncredit)

Program Student Learning Outcomes (PSLOs)
- Communicate effectively in oral and written forms.
- Analyze and critically evaluate information to solve a variety of business problems.
- Evaluate and use appropriate technology in the changing business environment.
- Display competency in the functional area of business related to the student's certificate or degree.
- Analyze ethical and social issues and make business decisions that reflect professional responsibility.

Dean
Randy Lehr
Overview

The Chemistry program at Sierra College is designed to meet the needs of the diverse community of interests served by the community college. A full program of chemistry for the professional scientist is offered through analytical chemistry and a two-semester course in organic chemistry. A separate track is offered for nursing students that presents general inorganic, organic and biochemistry in a one-year sequence. The Chemistry Department also has a strong commitment to the student with no prior chemistry, or to those whose background is weak.

The entire program is taught with a strong emphasis on the laboratory. In the more advanced classes, students receive hands-on experience with a wide variety of instruments.

TRANSFER MAJOR REQUIREMENTS in Chemistry are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements. Four-year graduates in Chemistry are qualified for positions in research, industry, education, engineering and the allied medical fields.

Degrees/Certificates

Associate Degree for Transfer

- Chemistry for Transfer (p. 94)
- UC Transfer Pathway (UCTP): Chemistry (p. 95)

Associate Degree

- Chemistry (p. 95)

Chemistry for Transfer

AS-T Degree

This program provides students with a strong foundation in chemistry, covering the composition, structure, properties, and reactions of substances. Courses in general chemistry, organic chemistry, physics, and calculus are required. Upon completion of this degree, students will demonstrate proficiency in chemistry concepts and scientific communication, and apply critical thinking skills to problem solving.

The Associate in Science in Chemistry for Transfer degree (AS-T) prepares students to transfer into the CSU system to complete a bachelor's degree in chemistry, or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing within the CSU system. Students are also given priority admission consideration to their local CSU campus but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor's degree.

To earn the Associate in Science in Chemistry for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of “C” or better; and
- completion of the Intersegmental General Education Transfer Curriculum for Science, Technology, Engineering or Mathematics (IGETC for STEM) (p. 307) pattern.¹ (Students transferring to a CSU campus must complete Area 1C Oral Communication to be eligible for admission.)

NOTE: The California State University General Education Breadth pattern (CSU GE) is NOT an option for this degree.

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

Ph.D., University of California, Davis

Trevor Roberti
Professor, Chemistry
B.S., California State University, Long Beach
Ph.D., University of California, Santa Cruz

Mark F. Springsteel
Professor, Chemistry
B.S., California State University, Fullerton
Ph.D., University of California, Davis

Eric Yu
Assistant Professor, Chemistry
B.S., University of California, Davis
M.S., University of California, San Diego
It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

**RESTRICTION:** International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

**Total Units:** 37-38

1 IGETC for STEM is only an option for students earning AS-T degrees in Biology for Transfer, Chemistry for Transfer, UCTP, Chemistry, and/or UCTP Physics. IGETC for STEM certification requires the following courses before transfer:
   - All courses in Areas 1 (except 1C for UC-bound students), 2, and 5 of the traditional IGETC;
   - Two courses in Area 3 - one course in Area 3A and one course in Area 3B; and
   - Two courses in Area 4 from two different disciplines.

The following deferred courses must be completed after transfer:
   - One remaining lower-division general education course in Area 3;
   - One remaining lower-division general education course in Area 4; and
   - One course in Area 6 for UC-bound students who have not satisfied the requirement through proficiency.

(The deferred lower-division courses must be replaced with calculus and/or science courses that are required to be taken before transfer to the university.)

### UC Transfer Pathway (UCTP): Chemistry

#### AS-T Degree

The UC Transfer Pathway in Chemistry prepares students to transfer into the UC system to complete a bachelor's degree in Chemistry.

In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

Students must fulfill the major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete the following general education pattern:

- Intersegmental General Education Transfer Curriculum for Science, Technology, Engineering or Mathematics (IGETC for STEM) (p. 307) pattern.

Completion of two years of formal schooling at the sixth grade level or higher in an institution where the language of instruction is not English with grades of "C" or better.

Equivalent proficiency demonstrated by a specified minimum score on College Board SAT II tests in languages other than English; or a score of 3, 4, or 5 on any languages other than English College Board Advanced Placement (AP) Examinations; or a score of 5 or higher on any languages other than English International Baccalaureate (IB) Higher Level Examinations.

Completion of two years of formal schooling at the sixth grade level or higher in an institution where the language of instruction is not English with grades of "C" or better.

Total Units: 67-77
IGETC for STEM is only an option for students earning AS-T degrees in Biology for Transfer, Chemistry for Transfer, UCTP. Chemistry, and/or UCTP Physics. IGETC for STEM certification requires the following courses before transfer:

- All courses in Areas 1 (except 1C for UC-bound students), 2, and 5 of the traditional IGETC;
- Two courses in Area 3 - one course in Area 3A and one course in Area 3B; and
- Two courses in Area 4 from two different disciplines.

The following deferred courses must be completed after transfer:

- One remaining lower-division general education course in Area 3;
- One remaining lower-division general education course in Area 4; and
- One course in Area 6 for UC-bound students who have not satisfied the requirement through proficiency.

(The deferred lower-division courses must be replaced with calculus and/or science courses that are required to be taken before transfer to the university.)

Courses

Understanding course descriptions (p. 312)

CHEM 0000A. Preparation for College Chemistry
Units: 4
Prerequisite: Completion of first year high school algebra or MATH A with grade(s) of "C" or better; eligibility for ENGL N
Advisory: Eligibility for ENGL 1A
Hours: 108 (54 lecture, 54 laboratory)
A nontransferable course primarily intended to prepare students for college general chemistry. Includes a brief review of math operations important in chemistry, metric system, formulas, equations, gas laws, and solutions through related lecture and laboratory exercises. (not transferable)

CHEM 0001A. General Chemistry I
Units: 5
Prerequisite: Completion of CHEM A or equivalent with grade of "C" or better; and completion of MATH D with grade of "C" or better, or placement by matriculation assessment process, or equivalent; and satisfactory score on the Chemistry Placement Examination
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 162 (54 lecture, 108 laboratory)
Introduction to the general principles of chemistry with emphasis upon quantitative relationships. Properties of matter related whenever possible to present concepts of atomic structure and to the periodic table. Includes atomic structure, the mole concept, gas laws, stoichiometry, redox, states of matter, solutions, and an introduction to modern theories of chemical bonding through related lecture and laboratory exercises. Students enrolling in CHEM 1A after having completed CHEM 3A will lose credit for CHEM 3A. Note: Not open to students who have completed CHEM 3B. CHEM 1A/1B sequence may be started any semester. (C-ID CHEM 110) (combined with CHEM 1B, C-ID CHEM 120S) (CSU, UC-with unit limitation)

CHEM 0001B. General Chemistry II
Units: 5
Prerequisite: Completion of CHEM 1A or 3B with grade of "C" or better
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 162 (54 lecture, 108 laboratory)
A continuation of CHEM 1A. Includes modern theories of bonding, acid-base theory, equilibrium, thermodynamics, electro-chemistry, nuclear chemistry, chemical kinetics, and a brief introduction to organic and biochemistry through related lecture and laboratory exercises. Note: CHEM 1A/1B sequence may be started any semester. (combined with CHEM 1A or CHEM 3A/3B, C-ID CHEM 120S) (CSU, UC-with unit limitation)

CHEM 0001X. Problem Solving for Chemistry 1A
Unit: 1
Prerequisite: Completion of CHEM A or equivalent with grade of "C" or better; and completion of MATH D with grade of "C" or better, or placement by matriculation assessment process, or equivalent; and satisfactory score on the Chemistry Placement Examination
Corequisite: Concurrent enrollment in CHEM 1A
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 18 lecture
Optional problem solving course to accompany CHEM 1A. Students use critical thinking and problem solving strategies to solve general chemistry problems in topics that include atomic structure, the mole concept, gas laws, stoichiometry, redox, intermolecular forces, solid state chemistry, solution chemistry, and chemical bonding. (CSU)

CHEM 0001Y. Problem Solving for Chemistry 1B
Unit: 1
Prerequisite: Completion of CHEM A or equivalent with grade of "C" or better
Corequisite: Concurrent enrollment in CHEM 1B
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 18 lecture
Optional problem solving course to accompany CHEM 1B. Students use critical thinking and problem solving strategies to solve general chemistry problems in topics that include equilibrium, chemical kinetics, acid-base theory, thermodynamics, electro-chemistry, nuclear chemistry, and brief introductions to organic and biochemistry. (CSU)

CHEM 0002A. Introduction to Chemistry I
Units: 5
Prerequisite: Completion of MATH A with grade of "C" or better; or placement by matriculation assessment process, or equivalent
Advisory: Eligibility for ENGL 1A; completion of CHEM A with grade of "C" or better or equivalent
Hours: 162 (54 lecture, 108 laboratory)
Designed to meet the requirements for certain nursing, dental hygiene, physical therapy, agriculture, and forestry programs (Inorganic Chemistry). An introduction to the fundamental principles of general inorganic chemistry through related lecture and laboratory exercises. (C-ID CHEM 101) (CSU, UC-with unit limitation)
CHEM 0002B. Introduction to Chemistry II  
**Units:** 5  
**Prerequisite:** Completion of CHEM 2A with grade of "C" or better  
**Advisory:** Eligibility for ENGL 1A  
**Hours:** 162 (54 lecture, 108 laboratory)  
Designed to meet the requirements for certain nursing, dental hygiene, physical therapy, agriculture, and forestry programs (Organic and Biochemistry). A study of the major classes of organic compounds, including nomenclature, structure, properties, and isomerism. Emphasizes the chemistry and metabolism of carbohydrates, lipids, and proteins, including nucleo-protein and enzymes through related lecture and laboratory exercises. (C-ID CHEM 102) (CSU, UC-with unit limitation)

CHEM 0002X. Problem Solving for Chemistry 2A  
**Unit:** 1  
**Prerequisite:** Completion of one year high school algebra or MATH A with grade of "C" or better  
**Corequisite:** Concurrent enrollment in CHEM 2A  
**Advisory:** Eligibility for ENGL 1A; completion of high school chemistry or CHEM A with grade of "C" or better; completion of two years of high school algebra or MATH D with grade(s) of "C" or better  
**Hours:** 18 lecture  
Optional problem solving course to accompany CHEM 2A. Students use critical thinking and problem solving strategies to solve chemistry problems in topics that include atomic structure, the mole concept, gas laws, stoichiometry, redox, acid-base theory, equilibrium, nuclear chemistry, and chemical bonding. (CSU)

CHEM 0002Y. Problem Solving for Chemistry 2B  
**Unit:** 1  
**Prerequisite:** Completion of CHEM 2A with grade of "C" or better  
**Corequisite:** Concurrent enrollment in CHEM 2B  
**Advisory:** Eligibility for ENGL 1A  
**Hours:** 18 lecture  
Optional problem solving course to accompany CHEM 2B. Students use critical thinking and problem solving strategies to solve organic and biochemistry problems. Both lecture and discussion groups utilized. (CSU)

CHEM 0003A. General Chemistry I - Part 1  
**Units:** 3  
**Prerequisite:** Completion of MATH D with grade of "C" or better, or placement by matriculation assessment process, or equivalent  
**Corequisite:** Concurrent enrollment in CHEM 3X  
**Advisory:** Eligibility for ENGL 11 strongly recommended  
**Hours:** 90 (36 lecture, 54 laboratory)  
The first semester of a two-semester course in general chemistry consisting of that material normally included in one semester of CHEM 1A. Topics covered include the mole concept, chemical nomenclature, gas laws, stoichiometry. This sequence fulfills the prerequisite for CHEM 1B. Students enrolling in CHEM 1A after having taken CHEM 3A will lose credit for CHEM 3A. (combined with CHEM 3B, C-ID CHEM 110) (combined with CHEM 3B and 1B, C-ID CHEM 120S) (CSU, UC-with unit limitation)

CHEM 0003B. General Chemistry I - Part 2  
**Units:** 3  
**Prerequisite:** Completion of CHEM 3A with grade of "C" or better  
**Corequisite:** Concurrent enrollment in CHEM 3Y  
**Advisory:** Eligibility for ENGL 11 strongly recommended  
**Hours:** 90 (36 lecture, 54 laboratory)  
The second semester of a two-semester course in general chemistry consisting of that material normally included in one semester of CHEM 1A. Topics include atomic structure, states of matter, solutions, and chemical bonding. This sequence fulfills the prerequisite for CHEM 1B. (combined with CHEM 3A, C-ID CHEM 110) (combined with CHEM 3A and 1B, C-ID CHEM 120S) (CSU, UC-with unit limitation)

CHEM 0003X. Problem Solving for Chemistry 3A  
**Units:** 2  
**Prerequisite:** Completion of MATH D with grade of "C" or better, or placement by matriculation assessment process, or equivalent  
**Corequisite:** Concurrent enrollment in CHEM 3A  
**Advisory:** Eligibility for ENGL 11 strongly recommended  
**Hours:** 36 lecture  
Problem solving course to accompany CHEM 3A. Students use critical thinking and problem solving strategies to solve general chemistry problems in topics that include the mole concept, chemical nomenclature, gas laws, and stoichiometry. (pass/no pass grading) (not transferable)

CHEM 0003Y. Problem Solving for Chemistry 3B  
**Units:** 2  
**Prerequisite:** Completion of CHEM 3A with grade of "C" or better  
**Corequisite:** Concurrent enrollment in CHEM 3B  
**Advisory:** Eligibility for ENGL 11 strongly recommended  
**Hours:** 36 lecture  
Problem solving course to accompany CHEM 3B. Students use critical thinking and problem solving strategies to solve general chemistry problems in topics that include atomic structure, chemical bonding, states of matter, and solutions. (pass/no pass grading) (not transferable)

CHEM 0005. Chemistry - Quantitative Analysis  
**Units:** 4  
**Prerequisite:** Completion of CHEM 1B with grade of "C" or better  
**Advisory:** Eligibility for ENGL 11 strongly recommended  
**Hours:** 144 (36 lecture, 108 laboratory)  
Theory and techniques of quantitative chemical measurement, including gravimetric, volumetric, and introductory instrumental analysis. Required for all chemistry, chemical engineering, medicine, dentistry, veterinary medicine, and related majors. (CSU, UC)

CHEM 0012A. Organic Chemistry I  
**Units:** 5  
**Prerequisite:** Completion of CHEM 1B with grade of "C" or better  
**Advisory:** Eligibility for ENGL 11 strongly recommended  
**Hours:** 162 (54 lecture, 108 laboratory)  
An extensive course in the chemistry of the compounds of carbon, which emphasizes structure, kinetics, thermodynamics, spectroscopy, and synthesis. The laboratory provides direct experience with the reaction, synthesis, purification, identification, and characterization (IR, GC, TLC, bp, mp, chemical tests) of organic compounds. Discussions about the emerging field of "Green Chemistry" and performance of Green Chemistry experiments in the laboratory. Required for majors in chemistry as well as many other related fields. (C-ID CHEM 150; and, combined with CHEM 12B, C-ID CHEM 160S) (CSU, UC)
CHEM 0012B. Organic Chemistry II  
*Units: 5*  
*Prerequisite: Completion of CHEM 12A with grade of "C" or better*  
*Advisory: Eligibility for ENGL 11 strongly recommended*  
*Hours: 162 (54 lecture, 108 laboratory)*  
Focuses on carbon based molecules and emphasizes structure, kinetics, thermodynamics, spectroscopy, and synthesis. Includes the emerging field of “Green Chemistry.” Required for majors in Chemistry as well as many other related fields. (combined with CHEM 12A, C-ID CHEM 160S) (CSU, UC)

CHEM 0028. Independent Study  
*Units: 1-3*  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

CHEM 0095. Internship in Chemistry  
*Units: 0.5-4*  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

CHEM 0140. Survey of Chemistry and Physics  
*Units: 4*  
Also known as PHYS 140  
*Prerequisite: Completion of MATH D with grade of "C" or better, or placement by matriculation assessment process*  
*Hours: 108 (54 lecture, 54 laboratory)*  
A conceptual introduction to the basic principles of physics and chemistry including matter, physical and chemical properties, forces and motion, energy, electromagnetism, electromagnetic waves, atomic structure, bonding, solutions and chemical reactions. The interdependence of chemistry and physics will be emphasized. This course is intended for non-science majors. (C-ID CHEM 140) (CSU, UC)

Program Student Learning Outcomes (PSLOs)  
- Demonstrate proficiency in chemistry concepts by scoring above the national median in the subject matter ACS (American Chemical Society) exams.  
- Demonstrate proficiency in scientific communication.  
- Apply critical thinking skills to problem solving.

Communication Studies

Contact Information

Division  
Liberal Arts  
Dean  
Anne Fleischmann

Associate Dean  
Patrick Marasso

Division Office  
W 107, Rocklin Campus

Overview

The Communication Studies program focuses on how people use messages and symbols to generate meaning, critique and relate to one another across various contexts, cultures, channels and media. Providing inquiry into performances of the self and our communities, attending to issues of power and diversity and producing works of media and performance toward social justice; communication is a diverse discipline that serves as the basis for an ever-expanding understanding of how we all communicate.

Students may transfer as Communication Studies majors to the university level and/or use their education as introductory training for careers in social science, media, journalism, broadcasting, public information, media research, public opinion analysis, government and multimedia design.

Faculty

Julie D. Bruno  
Professor, Communication Studies  
B.A., San Francisco State University  
M.A., San Francisco State University

Kimberly Cantrell  
Assistant Professor, Communication Studies  
B.A., San Diego State University  
M.A., Arizona State University

Tara Franks  
Assistant Professor, Communication Studies  
B.A., California State University, Sacramento  
M.A., San Diego State University  
Ph.D., Arizona State University

Jenifer R. Vernon  
Professor, Communication Studies  
B.A., The Evergreen State College  
M.A., University of Oregon  
Ph.D., University of California, San Diego

Margaret M. Williams  
Professor, Communication Studies  
B.A., California State University, Sacramento  
M.A., California State University, Sacramento  
Ed.D., University of California, Davis

Degrees/Certificates

Associate Degrees for Transfer  
- Communication Studies for Transfer (p. 101)  
- Journalism for Transfer (p. 102)

Communication Studies for Transfer

AA-T Degree

Communication Studies is a broadly based discipline that includes public speaking, mass and mediated communication, journalism, interpersonal, intercultural and group communication. The degree program allows students to critically analyze information and arguments, evaluate and
create effective oral and written messages, write and deliver effective presentations and formulate communication solutions to problems in professional and personal contexts. This degree program will prepare students to transfer as Communication Studies majors to the university level as well as use their education as an introduction to careers in fields such as journalism, public relations, fundraising, law, broadcasting, mediation, human resources, customer relations, business management and education.

The Associate in Arts in Communication Studies for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor's degree in Communication Studies or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor's degree.

To earn the Associate in Arts in Communication Studies for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of “C” or better; and
- completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

**RESTRICTION:** International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

### Journalism for Transfer

#### AA-T Degree

The Associate in Arts in Journalism for Transfer (AA-T) degree program provides students with a strong foundation in journalism by engaging, researching and producing works in a variety of accepted media, journalistic (AP) and performance-based styles.

The Associate in Arts in Journalism for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor's degree in Journalism, Communication with a Journalism or Media Studies concentration, or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing within the CSU system. Students are also given priority admission consideration to their local CSU campus but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor's degree.

To earn the Associate in Arts in Journalism for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of “C” or better; and
- completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

**RESTRICTION:** International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

</tbody>
</table>
COMM 0001. Fundamentals of Public Speaking  
Units: 3  
Prerequisite: Eligibility for ENGL N  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
An introduction to the theory and techniques of public speaking in a democratic society including essential principles and skills of public speaking. Discovery, development, and criticism of popular speaking in public discourse through research, reasoning, creative expression, culture, organization, composition, and presentation including informative, persuasive, and storytelling modes. Research and formal outlines are required for all major speeches. (C-ID COMM 110) (CSU, UC- with unit limitation)

COMM 0002. Argumentation and Rhetorical Criticism  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
An exploration of argumentation and the influence of rhetoric on thought in theory and cultural practice. Includes critical evaluation of claims, how to conduct expertise-based research, share evidence, engage in reasoning and critical thinking, and recognize popular forms of communication fallacies. (C-ID COMM 120) (CSU, UC)

COMM 0003. Small Group Communication  
Units: 3  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Principles of communication in a variety of small group contexts. Explores theory, application, and evaluation of small group communication processes. Topics critically engage the nuances of problem solving, conflict management, decision making, and leadership in relational and cultural settings. Content may include some individual public speaking and speech outlining. (C-ID COMM 140) (CSU, UC)

COMM 0005. Communication Foundations  
Units: 3  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Introduction to concepts and skills needed for effective communication in a variety of contexts. Includes practical experiences and skill building in small group, interpersonal, intercultural and public speaking contexts. (CSU, UC-with unit limitation)

COMM 0006. Performance of Diverse Literatures  
Units: 3  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Introduction to performance studies and issues of diversity and social justice through a focus on key texts that bring these issues to light. Through the analysis, selection, and interpretation of genres such as poetry, oral history, prose, and dramatic works, students deepen their appreciation for literature, gain skill in performance, and insight into the role of voice, identity, and social justice. Focus on critiquing performance in context and the application of oral interpretation techniques, analysis of literature for themes, script writing, delivery, and the production of solo and group performance events. (C-ID COMM 170) (CSU, UC)

COMM 0007. Intercultural Communication  
Units: 3  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Emphasis on knowledge and skill to develop greater competence in intercultural communication at both global and local levels. A study of research and theory of communication between cultures. Topics of examination include social and historical processes that have influenced cultures, societal perspectives, and contexts for theoretical and practical application of intercultural communication skills. (C-ID COMM 150) (CSU, UC)

COMM 0008. Interpersonal Communication  
Units: 3  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Exploration of relationships through the principles and theories of interpersonal communication. Analysis and study includes an examination of (non)verbal transactions, dynamics of communication in personal and professional contexts, as well as development of ability to participate competently in relationships formed with others and in groups. (C-ID COMM 130) (CSU, UC)

COMM 0010. Communication Theory, Methods, and Practice  
Units: 3  
Advisory: Eligibility for ENGL 1A; completion with grade of "C" or better or concurrent enrollment in COMM 1 or 5  
Hours: 54 lecture  
Study of communication theory and practice through an examination of critical approaches, key concepts, and methods that serve as specializations to the field. Application of methods through hands-on research and a culminating capstone project. (C-ID COMM 180) (CSU, UC)

COMM 0012. Visual Communication  
Units: 3  
Also known as AAD 12  
Hours: 54 lecture  
Study of visual communication including design principles, aesthetics, visual perception, non-verbal messages, relationship to verbal communication, audience analysis, mass media and persuasion. Historical overview of visual media as well as current trends and technology. (C-ID JOUR 170) (CSU, UC)

COMM 0028. Independent Study  
Units: 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)
COMM 0031A. Introduction to Digital Filmmaking  
*Units: 3*  
Also known as AAD 79  
Hours: 90 (36 lecture, 54 laboratory)  
Use of digital cameras for producing short form video projects. Introduction to principles, techniques and the terminology of video production and digital filmmaking. Guided classroom exercises and projects, including pre-production planning, video and audio recording techniques, on-location set-ups and studio set-ups, lighting for filmmaking, and basic video editing and output. (CSU)

**COMM 0070. Mass Communication: Media and Society**  
*Units: 3*  
Formerly known as COMM 15  
Advisory: Completion of ENGL 1A with grade of "C" or better  
Hours: 54 lecture  
Survey of mass communication focused on juxtapositions of media, society, and journalism. Examines the historical connections between race/class/gender/sex and other various identity positions, and how we analyze and critique media as part of national and international cultures. (C-ID JOUR 100) (CSU, UC)

**COMM 0071. Newswriting and Reporting Techniques**  
*Units: 3*  
Formerly known as COMM 21  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
An introduction to gathering, synthesizing/organizing and writing news in various journalistic and media styles across multiple platforms. Includes role journalists play in relating voice and agency, as well as evaluating legal issues and ethical implications. Introduction to the role of reporting and writing based on original interviews, storytelling, and research to produce content and define context. Addresses the history of journalism and the effects of mass communication and media on the self and broader cultures and society. (C-ID JOUR 110) (CSU, UC)

**COMM 0072. Multimedia Reporting**  
*Units: 3*  
Formerly known as COMM 30  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Introduction to multimedia storytelling with a journalism emphasis. Techniques explored include use of video, photos, audio, animation, and text to convey interactive news and feature stories through the Internet and other electronic media. Also includes techniques in digital research, critical thinking, and synthesis. (C-ID JOUR 120) (CSU)

**COMM 0078. Media Practicum I**  
*Units: 3*  
Prerequisite: Eligibility for ENGL 1A  
Hours: 72 (36 lecture, 36 activity)  
Application of the principles of Journalism and Communication Studies to develop work for distribution to a campus and community audience. Includes weekly assignments to access a variety of student media across multiple platforms, including print, podcast, radio, and online, to develop news and non-fiction feature products. Practical experience in visual communication, online setting, multimedia journalism and emerging mass-communication technologies. (C-ID JOUR 130) (CSU)

**COMM 0079. Media Practicum II**  
*Units: 3*  
Prerequisite: Completion of COMM 78 with grade of "C" or better  
Advisory: Completion with grade of "C" or better, or concurrent enrollment in ENGL 1B or 1C  
Hours: 72 (36 lecture, 36 activity)  
Intermediate student media practicum that regularly produces a news or feature non-fiction product with a communication and/or media emphasis by and for students and distributed to a campus or community audience. Includes weekly news assignments that provide practical experience in design/layout, visual, online, multimedia journalism, emerging technologies and performance. May include a variety of student media across multiple platforms, including print, broadcast, podcast, radio, and online. (C-ID JOUR 131) (CSU)

**COMM 0095. Internship in Communication Studies**  
*Units: 0.5-4*  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

**Program Student Learning Outcomes (PSLOs)**

- Perform in relation to individuals and audiences in a variety of communication contexts.
- Recognize and engage culture, power, and the diversity of human experience in communication.
- Critique symbolic and relational communicative processes through face-to-face and digital interaction.
- Produce works of media and performance toward social justice.

**Overview**

The Computer Science curriculum prepares students for careers in computer programming and for transfer to state colleges and universities for further study in computer sciences or information science. The curriculum offers students both the theory and practical experience for entry level positions of employment. There are computer courses for non-science majors as well as science majors. In all cases, students should consult with a counselor for specific transfer requirements.
The Computer Science curriculum meets the Data Processing Management Association mode curriculum for undergraduate computer information systems education.

**Certificate of Achievement**

- Computer Science—Embedded Systems (p. 106)

**Computer Science for Transfer**

**AS-T Degree**

The Associate in Science in Computer Science for Transfer degree (AS-T) program provides students with a strong foundation in Computer Science. Upon completion of the program, students will demonstrate an ability to analyze problems and craft appropriate algorithmic solutions; apply knowledge of computing and mathematics appropriate to the discipline; interpret data, think critically and apply the scientific method; research and assess new ideas and information; and interpret technical information, as well as listen effectively to, communicate orally with and write clearly for a wide range of audiences.

The Associate in Science in Computer Science for Transfer degree (AS-T) prepares students to transfer into the CSU system to complete a bachelor’s degree in Computer Science or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor’s degree.

To earn the Associate in Science in Computer Science for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of “C” or better; and
- completion of the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus must complete Area 1C Oral Communication to be eligible for admission.)

NOTE: The California State University General Education Breadth pattern (CSU GE) is NOT an option for this degree.

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

**Computer Science—Computer Science**

**AA or AS Degree**

The curriculum in Computer Science prepares students for transfer to California State University, Sacramento and to many other university Computer Science degree programs. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (CSU GE) (p. 300) pattern;
• Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

### Computer Science—Management Information Systems

#### AA or AS Degree

The curriculum in Management Information Systems has special emphasis on development, installation and maintenance of business software applications. Students must fulfill the following major requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (CSU GE) (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

### Courses

Understanding course descriptions (p. 312)

**CSCI 0010. Introduction to Computing**

*Units: 3*

Advisory: Completion of MATH A with grade of "C" or better

Survey of computer science technologies and methods. Introduction to computer hardware and software, structured programming, operating system concepts, communications and social impacts of computer technology. Explore current and emerging topics such as robotics, computer security and artificial intelligence. (CSU, UC)

**CSCI 0012. Programming Concepts and Methodology I**

*Units: 3*

Prerequisite: Completion of CSCI 10 with grade of "C" or better

Introduces the discipline of computer science using a high level language utilizing programming and practical hands-on problem solving. (C-ID COMP 122) (CSU, UC)

**CSCI 0013. Programming Concepts and Methodology II**

*Units: 3*

Prerequisite: Completion of CSCI 12 with grade of "C" or better

Application of software engineering techniques to the design and development of large programs; data abstraction and structures and associated algorithms. (C-ID COMP 132) (CSU, UC)
CSCI 0014. Data Structures
Units: 3
Prerequisite: Completion of CSCI 66 with grade of "C" or better; and completion with grade of "C" or better, or concurrent enrollment in CSCI 26
Advisory: Completion of CSCI 13 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
A comprehensive introduction of data structures for computer science. Topics include: lists, stacks, trees, hash tables, and heaps. Associated algorithms are also covered: searching, sorting, traversal, path finding, spanning tree, and network flow. C++ is used as the implementation language. (CSU, UC)

CSCI 0021. The Game Development Process
Units: 3
Advisory: Completion of MATH D with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Introduction to the history, technology, ethics, and design of computer games. A generally accessible course about the process of creating computer games from concept to implementation, including documentation, storyboards, character design, gameplay, animation and marketing. Students use these concepts to create a complete computer game of their own design. Programming experience not required. (CSU, UC)

CSCI 0026. Discrete Structures for Computer Science
Units: 3
Prerequisite: Completion of CSCI 12 and MATH 12 with grades of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Introduction to the essential discrete structures used in Computer Science, with emphasis on their applications. Includes elementary formal logic and set theory, elementary combinatorics, recursive programming and algorithm analysis, Boolean algebra, digital logic, combinatorial circuits, graph theory, circuit design and minimization, and computer arithmetic. (C-ID COMP 152) (CSU, UC)

CSCI 0027. Visual Basic .NET Programming I
Units: 3
Prerequisite: Completion of CSCI 10 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Introduction to methods and techniques of Visual Basic .NET programming. Includes coverage of user interface design, variables, decisions, menus, functions, object-oriented programming, looping, arrays, and printing. Designed to bring students up to the necessary skill and knowledge level for an intermediate-level programming course. (CSU)

CSCI 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC with unit limitation)

CSCI 0039. Introduction to Computer Architecture and Assembly Language
Units: 3
Prerequisite: Completion of CSCI 10 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Assembly language programming techniques and introductory computer architecture concepts. Topics include addressing modes; pseudo operations; stack processing; subroutine linkage; arithmetic and logical operations; input and output; digital logic. Programs are designed, coded, tested, and debugged. (C-ID COMP 142) (CSU, UC)

CSCI 0046. System Programming with C
Units: 3
Prerequisite: Completion of CSCI 12 with grade of "C" or better
Advisory: Completion of CSCI 50 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Introduction to the C language and system programming on a Unix-like operating system. Topics include the standard C library, memory allocation, file I/O, permissions, system calls, networking, and process management. Development in a Unix environment will cover editors, shell scripting, makefiles, source code control, and debugging. (CSU, UC)

CSCI 0050. Introduction to Unix/Linux
Units: 3
Prerequisite: Completion of CSCI 10 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
An introduction to the Unix and Linux operating systems with an emphasis on system programming. Topics include the filesystem, permissions, regular expressions, processes, networking, basic system administration, and shell scripting. Extensive hands-on experience using the command line interface. (CSU, UC)

CSCI 0052. Introduction to SQL
Units: 3
Prerequisite: Completion of CSCI 10 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Survey of SQL (Structured Query Language). Includes database models, database design, table and view definition, transaction and data manipulation, queries and reports, data integrity, stored procedures, triggers, recovery and security. Hands-on experience using a popular SQL database. (CSU)

CSCI 0054. Visual Basic .NET Programming II
Units: 3
Prerequisite: Completion of CSCI 27 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Intermediate Visual Basic .NET programming. Includes coverage of multtier applications, database applications, databases using related tables, database updates, using Web forms, Web forms database and updates, XML Web services, and writing database reports using Crystal Reports. (CSU, UC)

CSCI 0059P. Web Programming with PHP
Units: 3
Formerly known as CSCI 303
Prerequisite: Completion of CSCI 12 or 27 with grade of "C" or better
Advisory: Completion of CSCI 62 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Create dynamic, session-oriented, data-driven web sites using the PHP scripting language. Covers processing fill-out forms, database backends, session management, authentication and searching. (CSU)

CSCI 0062. Web Programming I
Units: 3
Prerequisite: Completion of CSCI 10 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Introduction to methods and techniques of Web programming. Includes coverage of HyperText Markup Language (HTML), Cascading Style Sheets (CSS), and Extensible HyperText Markup Language (XHTML). Designed to bring students up to the necessary skill and knowledge level for an intermediate Web programming course. (CSU)
CSCI 0066. Object-Oriented Programming Using C++  
Units: 3  
Prerequisite: Completion of CSCI 12 with grade of "C" or better  
Advisory: Completion of CSCI 46 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
An introduction to the concepts of object-oriented programming and the application of the C++ language. Extensive programming practice using C++ as the vehicle toward modular, reusable object-oriented code. (CSU, UC)  

CSCI 0076A. Game Programming  
Units: 3  
Prerequisite: Completion of CSCI 12 with grade of "C" or better  
Advisory: Completion with grade of "C" or better or concurrent enrollment in CSCI 13  
Hours: 72 (54 lecture, 18 laboratory)  
Explore the algorithms, data structure, and techniques used to program computer video games. Emphasis on arcade-style video games (new and classic) written in Java. Topics include 2D animation, sprites, interaction, music, and sound. Underlying issues include graphical user interface programming, multi-threaded applications, real-time programming, use of sophisticated APIs, and societal impacts of computer gaming. (CSU, UC)  

CSCI 0079. Mobile Device Programming  
Units: 3  
Formerly known as CSCI 309  
Prerequisite: Completion of CSCI 12 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Introduction to creating applications for mobile devices including Apple iPhone, iPad, and Google Android. Topics include touch interfaces, GUI elements, sensor input, simple animation and game play, network communication, and database access. (CSU)  

CSCI 0095. Internship in Computer Science  
Units: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)  

Program Student Learning Outcomes (PSLOs)  
- Engage in continuous learning as well as research and assess new ideas and information to provide the capabilities for lifelong learning.  
- Read and interpret technical information, as well as listen effectively to, communicate orally with, and write clearly for a wide range of audiences.  
- Analyze a problem and craft an appropriate algorithmic solution.  
- Apply knowledge of computing and mathematics appropriate to the discipline.  
- Interpret data, think critically and apply the scientific method.  

Deaf Studies  

Contact Information  

Division  
Liberal Arts  

Dean  
Anne Fleischmann  

Associate Dean  
Patrick Marasso  

Division Office  
W 107, Rocklin Campus  

Overview  

The Deaf Studies curriculum provides students with the knowledge and skills of American Sign Language (ASL). It also focuses on the uniqueness of ASL as a language, of the Deaf culture, the history of the Deaf Community, of Deaf educational practices and the Interpreting profession. The curriculum is designed to assist students in determining which area of Deaf Studies to enter or to aide them in the area they are currently pursuing.  

Degrees/Certificates  

Deaf Studies—American Sign Language  
AA Degree and/or Certificate of Achievement  

The Deaf Studies program offers courses leading to a certificate as well as an Associate of Arts degree. The Deaf Studies—American Sign Language degree program is designed to prepare students to transfer to a four-year baccalaureate program as a Deaf Studies major. The degree and certificate program helps develop Sign Language skills fluent enough to communicate as skilled signers for personal or work-related use. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. For the degree, students must fulfill the following major requirements with grades of “C” or better: complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:  

- Sierra College Associate Degree Requirements (p. 292);  
- California State University General Education Breadth (p. 300) pattern;  
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).  

A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

Courses

Understanding course descriptions (p. 312)

DFST 0001. American Sign Language I

*Units: 4*

Hours: 72 lecture

Introduction to the fundamental principles of American Sign Language (ASL). Preparation for visual/gestural communication including basic information relating to Deaf culture, intensive work on comprehension skills and grammatical structures. (CSU, UC)

DFST 0002. American Sign Language II

*Units: 4*

Prerequisite: Completion of DFST 1 with grade of "C" or better

Hours: 72 lecture

Continuation of American Sign Language I (ASL I). Designed for students who wish to enhance their proficiency in ASL usage and stresses continued development of basic conversational skills with emphasis on vocabulary and expressive skills. (CSU, UC)

DFST 0003. American Sign Language III

*Units: 4*

Prerequisite: Completion of DFST 2 with grade of "C" or better

Hours: 72 lecture

Continuation of American Sign Language II (ASL II). Shifts from comprehension to production of ASL. Further study of vocabulary and grammatical patterns. Continues to develop ASL competencies in numerous conversational settings. Brings ASL fluency to a point of self-generated ASL for the purpose of furthering language use in ASL. (CSU, UC)

DFST 0004. American Sign Language IV

*Units: 4*

Prerequisite: Completion of DFST 3 with grade of "C" or better

Hours: 72 lecture

Continuation of American Sign Language III. Advanced study of ASL grammar. Further development and refinements of ASL skills and fluency. Intensive work on expressive and receptive skills. Further study of Deaf cultural issues. (CSU, UC)

DFST 0010. Introduction to Deaf Studies

*Units: 3*

Hours: 54 lecture

Introduces topics central to the Deaf and Deaf community, including audiology, interpreting, education, culture, history, linguistics, sociology, and psychology. Designed to introduce basic information regarding the American Deaf experience in the United States: Deaf Community, Deaf Culture and American Sign Language. (CSU, UC)

DFST 0028. Independent Study

*Units: 1-3*

Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

DFST 0095. Internship in Deaf Studies

*Units: 0.5-4*

Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Program Student Learning Outcomes (PSLOs)

- Analyze receptive skills in ASL and draw reasonable inferences from observations.
- Cultivate an openness to new ideas about Deaf awareness and cultural appreciation by reading and examining new ideas from ASL material.
- Create a story or dialogue in ASL using correct grammar and syntax at the appropriate signing level.
- Select appropriate signs demonstrating expressive skills in ASL by using correct grammar and syntax.
- Recognize, understand and apply the variations/etiquettes of Deaf Culture norms.

Drafting and Engineering Support

Contact Information

Division
Business and Technology
Dean
Amy Schulz
Overview

The Drafting and Engineering Support curriculum is designed to prepare students for careers in industry as engineering support technicians who plan, prepare and interpret engineering sketches for design and drafting relative to mechanical and architectural designs, civil structures and developments, weldments, electronic circuits, or landscape architecture and design. Includes sketching and the application of Computer Aided Drafting and Design (CADD) software to the creation of graphic representations and simulations in support of engineering projects.

AA and AS degrees as well as certificates can be earned in the Drafting and Engineering Support Program. The certificate programs do not satisfy AA/AS degree requirements but do qualify students for a certificate in the field of study.

Drafting and Engineering Support Advisory Committee

- J.T. Doupnik, Architect, Gary Doupnik Manufacturing, Loomis
- Eric Driever, Architect, William Paddon Associates, Roseville
- Pam Emrick, Designer, Pasco Scientific, Roseville
- Terence J. Green, Architect, William Paddon Associates, Roseville
- Philip Hawkins, Architect, PHA and Associates, Auburn
- Anatole Hulewsky, Designer, ALH and Associates, Fair Oaks
- Stephen M. Jung, Architect, Gordon Rogers and Company, Rocklin
- Eric Kim, CAD Designer, Visual Enterprises, Citrus Heights
- Michael Manasco, Designer, Stantec, Sacramento
- John Masha, P.E., Civil Engineer, MJM Engineering Consultant, Folsom
- Earl McGuire, Engineer, McGuire Engineering, Placerville
- Michael Kent Murphy, AIA, Michael Kent Murphy Architect, Auburn
- Floyd Riffey, Senior Designer, Aerojet—Tech Systems, Sacramento
- Gordon Rogers, Architect, Gordon Rogers and Company, Rocklin
- Christine Thompson, Designer, Lionakis Beaumont, Sacramento
- Phil Titus, AIA, Rauschenbach Marvelly Becker Architects, Sacramento
- Marni Vincent, Design and Build Assistance, Colfax

- Drafting Essentials (p. 111)
- Mechanical Drafting Specialist (p. 111)

Drafting and Engineering Support—Architectural/Civil

AA or AS Degree and/or Certificate of Achievement
(formerly Engineering Support Technology—Architectural)

Successful completion of the curriculum in Drafting and Engineering Support—Architectural/Civil prepares students for entry-level positions as document support technicians in the fields of architecture, interior design and kitchen/bath design. For the degree, students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

Drafting and Engineering Support—Mechanical/Civil

AA or AS Degree and/or Certificate of Achievement
(formerly Engineering Support Technology—Mechanical/Civil)

Successful completion of the curriculum in Drafting and Engineering Support—Mechanical/Civil prepares students for entry-level positions as document support technicians in the fields of mechanical and civil engineering. For the degree, students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at
Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

### Architectural Drafting Specialist

#### Skills Certificate

Designed to give students the advanced drafting support knowledge and abilities required to enter the workforce at the specialist level. Focuses on skills relative to specialized architectural documentation such as is used in architectural and civil construction trades. Appropriate for students seeking retraining. This is a specialty skills certificate designed to provide career technical skills; it is not equivalent to an associate degree.

### Mechanical Drafting Specialist

#### Skills Certificate

Designed to give students the advanced drafting support knowledge and abilities required to enter the workforce at the specialist level. Focuses on skills relative to specialized mechanical documentation such as is used in aerospace and automotive drafting. Appropriate for students seeking retraining. Will help successful candidates prepare to sit for the professional ASME (American Society of Mechanical Engineers) Y14.5 Geometric Dimensioning and Tolerancing certification exam. This is a specialty skills certificate designed to provide career technical skills; it is not equivalent to an associate degree.

### Courses

Understanding course descriptions (p. 312)

**DES 0001. Technical Drafting I**

**Units:** 3

Formerly known as EST 1

Hours: 90 (36 lecture; 54 laboratory which may be scheduled TBA)

Fundamental use of design equipment to create both two dimensional technical sketches and two and three dimensional computer generated (CAD) working drawings that are used for product definition. Introduction to product and process definition as specified by engineering design disciplines. This course teaches introductory 3D AutoCAD skills. Designed for students with no previous experience in engineering design/drafting. (CSU)
DES 0002. Technical Drafting II
Units: 3
Formerly known as EST 2
Prerequisite: Completion of DES 1 with grade of "C" or better or equivalent as determined by instructor
Hours: 90 (36 lecture; 54 laboratory which may be scheduled TBA)
Intermediate concepts of engineering design including sections, auxiliaries, threads, fasteners, and dimensional tolerancing. Basic concepts of Geometric Dimensioning and Tolerancing. Design for manufactureability and assembly explored to include material selection and properties of materials. This course teaches intermediate/advanced 3D AutoCAD skills. Designed for students who have attained a fundamental knowledge of the processes and practices of engineering design/drafting. (CSU)

DES 0003D. Design for Additive Manufacturing - 3D Printing
Units: 3
Hours: 90 (36 lecture, 54 laboratory)
Introduction to design for 3D printing through machine operation and use of design software to create geometric models to satisfy defined requirements. Introduction to product design process and exploration of additive manufacturing (3D printings) impact on that process, as well as manufacturing. Designed for students with no prior experience with 3D printing or design. (not transferable)

DES 0010. Civil Applications of Computer-Aided Design
Units: 3
Formerly known as EST 10
Prerequisite: Completion of DES 2 or 20 with grade of "C" or better or equivalent as determined by instructor
Hours: 90 (36 lecture, 54 laboratory which may be scheduled TBA)
Development of drafting skills used in the areas of industrial and civil engineering support. Emphasis on land division, determination of location and direction, development of plots based upon legal description and the fundamentals of utilizing surveying data as applied to preliminary and final maps. Designed for students who have attained an intermediate knowledge of the processes and practices of engineering design/drafting support. Introduction to AutoCAD Civil 3D software. (CSU)

DES 0011. Three-Dimensional Modeling
Units: 3
Formerly known as EST 11
Prerequisite: Completion of DES 2 or DES 3D or MECH 44 or ENGR 22A or ADVM 66 with grade of "C" or better; or equivalent as determined by instructor
Hours: 90 (36 lecture; 54 laboratory which may be scheduled TBA)
Processes employed in developing design solutions using a feature based parametric solid modeler. Includes 3D part and assembly modeling, and the development of 2-dimensional part, assemblies, welding and sheet metal drawings per ASME standards. SolidWorks is the solid modeler used. (CSU, UC)

DES 0012. Geometric Dimensioning and Tolerancing
Units: 3
Formerly known as EST 12
Prerequisite: Completion of DES 2 or DES 11 or ADVM 66 or ENGR 22B with grade of "C" or better or equivalent as determined by instructor
Hours: 54 lecture
Expands upon basic knowledge of dimensioning mechanical drawings by adding form and feature controls in order to clearly define parts. Review of basic dimensioning and tolerancing. Topics, as defined in ASME Standards, include geometric tolerancing symbols and terms, rules of geometric dimensioning and tolerancing, datums, material condition symbols, tolerances of form and profile, tolerances of orientation and runout, location tolerances and virtual condition. (CSU)

DES 0020. Architectural Drawing I
Units: 3
Formerly known as EST 20
Hours: 90 (36 lecture; 54 laboratory which may be scheduled TBA)
Introduction to the fundamentals of residential construction and design documentation. Drawings of a residence are developed and detailed, to include sketches, site plan and floor plans, foundation, elevations, and section views. AutoCAD instruction is incorporated to develop CAD drawings and electronic data sets. (CSU)

DES 0021. Architectural Drawing II
Units: 3
Formerly known as EST 21
Prerequisite: Completion of DES 20 with grade of "C" or better or equivalent as determined by instructor
Hours: 90 (36 lecture; 54 laboratory which may be scheduled TBA)
Advances the skills and knowledge of residential architectural drawing production started in DES 20. Course focuses on production of residential architectural drawings of a 2-story wood framed house in the context of current and relevant building codes, construction materials and methods, industry standard work flow, production and graphic standards through the use of a drawing software application. Additional skills of software utilization, drawing management, complex drawing creation and printing will be covered. This course teaches intermediate AutoCAD skills. (CSU)

DES 0022. Architectural Drawing III-BIM (Building Information Modeling)
Units: 3
Prerequisite: Completion of DES 21 with grade of "C" or better or equivalent as determined by instructor
Hours: 90 (36 lecture; 54 laboratory which may be scheduled TBA)
Continuation of the architectural design started in DES 20 and 21. Students utilize Building Information Modeling (BIM) using REVIT software to develop commercial architectural documentation (including electronic data sets) in adherence to the International Building Code (IBC) and local county and state codes. (CSU)

DES 0028. Independent Study
Units: 1-3
Formerly known as EST 28
Designed for students interested in furthering their knowledge at an independent study level. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)
**DES 0040. Managing the Computer-Aided Design (CAD) Environment**

*Units: 3*

Formerly known as EST 40

Prerequisite: Completion of DES 10, 11 or 22 with grade of "C" or better, or equivalent as determined by instructor

Advisory: Completion of DES 3D with grade of "C" or better

Hours: 90 (36 lecture; 54 laboratory which may be scheduled TBA)

Designed for the advanced drafting and engineering support student. Topics include proper CAD management skills and the development of "as built" models used in the manufacturing, architectural, and civil disciplines. Focus on utilizing, creating and instituting CAD standards, policies and procedures. Development of prototypes integral to the design process in their chosen area of concentration (mechanical, civil and/or architecture). (CSU)

**DES 0095. Internship in Drafting and Engineering Support**

*Units: 0.5-4*

Formerly known as EST 95

Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

**Program Student Learning Outcomes (PSLOs)**

- Demonstrate computer aided drafting practices that conform to business and industry CAD standards.
- Demonstrate a working knowledge of the design process and the importance of concurrent engineering principles.
- Apply appropriate, current and relevant industry standards in preparing technical documentation for the appropriate discipline of their study.
- Develop complete working drawings in discipline of study for use in manufacturing/building application.

**Earth Science**

**Contact Information**

**Division**  
Sciences and Mathematics

**Dean**  
Randy Lehr

**Associate Dean**  
Ishtar Thomas-Lane (Interim)

**Division Office**  
V 211, Rocklin Campus

**Overview**

These courses give a general educational background of the earth's geology, atmosphere, oceans, and its place in time and space.

TRANSFER MAJOR REQUIREMENTS are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements. Positions for which four-year graduates in the disciplines in Earth Science are qualified include teaching, research, industry, regional planning, environmental analysis and others in the minerals-fuels industries.

**Faculty**

Holly Dodson  
Professor, Earth Science  
B.S., University of California, Riverside  
M.A., University of California, Santa Barbara

**Degrees/Certificates**

**Associate Degree for Transfer**

- Geology for Transfer (p. 113)

**Associate Degree**

- Geology (p. 114)

**Geology for Transfer**

**AS-T Degree**

Geology investigates our planet Earth from diverse perspectives, spanning from the smaller scale study of its building blocks (minerals) to the larger scale study of its dynamism (Theory of Plate Tectonics), as well as its history and the relationship between the physical environment and the evolution of life. This is accomplished by viewing the planet as a system, where there are interactions between the lithosphere, the atmosphere, the hydrosphere and the biosphere.

Within this context, students develop strong critical thinking, problem solving, communication and technical skills to work in a relatively large set of career fields beyond that of Geology, such as Hydrology, Geophysics, Oceanography, Meteorology and Environmental Science. The required curricular sequence also provides the necessary skills in the physical sciences and mathematics required for junior standing at baccalaureate institutions. Thus, future Earth Scientists acquire both a global and sequential way to approach topics, with an emphasis on the interdisciplinary nature of the field and also enhance their expertise through hands-on laboratory work, readying themselves for the applied nature of the workforce (industry, consulting and government agencies).

The Associate in Science in Geology for Transfer degree (AS-T) prepares students to transfer into the CSU system to complete a bachelor's degree in Geology or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major.

Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor's degree.

To earn the Associate in Science in Geology for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of "C" or better; and
- completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus or IGETC must complete Area 1C Oral Communication to be eligible for admission.)
The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

Geology

AS Degree

A two-year associate degree in Geology prepares students to work in entry-level technical positions in the geological profession, including such fields as environmental assessment and mitigation, hydrology, mining, agronomy, conservation and interpretation. Additional professional opportunities are available for students with advanced degrees. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of ‘C’ or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

• Sierra College Associate Degree Requirements (p. 292);
• California State University General Education Breadth (p. 300) pattern;
• Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

Courses

Understanding course descriptions (p. 312)

ESCI 0001. Physical Geology
Units: 3
Formerly known as GEOL 1
Prerequisite: Eligibility for ENGL 1A
Advisory: Concurrent enrollment in ESCI 1L
Hours: 54 lecture
Dynamic nature of earth's geologic processes. Earthquakes, volcanoes, mountain building, landslides, rocks, minerals, fossils, erosion, glaciation, deserts, shorelines, groundwater, and plate tectonics. (C-ID GEOL 100) (CSU, UC)

ESCI 0001L. Physical Geology Laboratory
Unit: 1
Formerly known as GEOL 1L
Prerequisite: Completion of or concurrent enrollment in ESCI 1
Hours: 54 laboratory
Minerals, rocks, fossils, aerial photos, topographic and geologic maps. Field trip(s) may be required during regular lab time. (C-ID GEOL 100L) (CSU, UC)

ESCI 0002. California Geology
Units: 3
Formerly known as GEOL 2
Advisory: Completion of ESCI 10 with grade of "C" or better
Hours: 54 lecture
An introduction to the geology of California, including tectonic processes, geologic structures, physiographic provinces, local rocks and minerals, landforms, natural resources, geologic history, and natural hazards in the state. (C-ID GEOL 200) (CSU, UC)

ESCI 0003. Historical Geology
Units: 3
Formerly known as GEOL 3
Corequisite: Concurrent enrollment in ESCI 3L
Advisory: Completion of ESCI 1 and 1L with grades of "C" or better
Hours: 54 lecture
An introduction to Earth's history and the life it supports. Includes geologic dating, plate tectonics, stratigraphy, fossils, biological evolution, the planet's origin, and the processes that have influenced paleogeography during the past 4.6 billion years. Designed for Geology majors. (C-ID GEOL 110) (CSU, UC)

ESCI 0003L. Historical Geology Laboratory
Unit: 1
Formerly known as GEOL 3L
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in ESCI 3
Advisory: Completion of ESCI 1 and ESCI 1L
Hours: 54 laboratory
Hands-on learning in the topics of Earth history. Includes geologic dating, fossils, plate tectonics, minerals and rocks, biological evolution, the planet's origin, and the processes that have influenced paleogeography and life history during the past 4.6 billion years. (C-ID GEOL 110L) (CSU, UC)

ESCI 0007. Energy, Environment, and Climate
Units: 3
Also known as ESS 7
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Analysis of the nature of energy and the environmental impact of its societal use in the context of Earth's record of changing climate. Explores current global climate change due to post-1750 greenhouse gas emissions and strategies for mitigation and adaptation to changing climate predictions, emphasizing future alternative energy sources. Designed for students majoring in areas related to the environmental sciences and/or those interested in developing a substantiated understanding of the role played by citizens in ensuring a healthy environment for future generations. (CSU, UC)

ESCI 0008. Earth's Natural Resources
Units: 3
Corequisite: Concurrent enrollment in ESCI 8L
Advisory: Completion of ESCI 1 and ESCI 1L
Hours: 54 lecture
Introduction to Earth's natural resources, including energy, minerals, water, and ecosystems. Emphasis on the interplay between human activities and the environment. Designed for students majoring in environmental sciences and/or those interested in developing a substantiated understanding of the role played by citizens in ensuring a healthy environment for future generations. (CSU, UC)

ESCI 0009. Earth's Natural Systems: Hydrology
Units: 3
Corequisite: Concurrent enrollment in ESCI 9L
Advisory: Completion of ESCI 1 and ESCI 1L
Hours: 54 lecture
Introduction to Earth's water systems, including the hydrologic cycle, water resources, and water quality. Designed for students majoring in environmental sciences and/or those interested in developing a substantiated understanding of the role played by citizens in ensuring a healthy environment for future generations. (CSU, UC)

ESCI 0010. Introduction to Earth Science
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to concepts of geology, oceanography, meteorology, and astronomy for science or nonscience majors. (C-ID GEOL 120) (CSU, UC)
ESCI 0010L. Introduction to Earth Science Laboratory  
Unit: 1  
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in ESCI 10  
Hours: 54 laboratory  
Exploration of the solid Earth, its atmosphere, hydrosphere, and place in the solar system. Learning through investigation and systematic laboratory procedures, focused on the physical and chemical systems of the Earth such as the tectonic cycle, rock cycle, hydrologic cycle, weather and climate. Field trip(s) may be required during regular lab time. (C-ID GEOL 120L) (CSU, UC)  

ESCI 0015. Introduction to Oceanography  
Units: 3  
Advisory: Eligibility for ENGL 1A or equivalent  
Hours: 54 lecture  
Physical, chemical, and biological aspects of our ocean environment with emphasis on geologic processes. (CSU, UC)  

ESCI 0015L. Introduction to Oceanography Laboratory  
Unit: 1  
Prerequisite: Completion of or concurrent enrollment in ESCI 15  
Hours: 54 laboratory  
Exploration of the ocean environment, including physical, chemical and biological aspects. Learning through investigation and systematic laboratory procedures. (CSU, UC)  

ESCI 0016G. Weekend Field Paleontology and Ancient Environments  
Units: 1-2  
Also known as BIOL 16G  
Formerly known as GEOL 16G  
Hours: 30 (12 lecture, 18 laboratory) per unit  
Investigations into the ecology of environments in the geologic past through field work at fossil sites. Comparisons/contrasts made between ancient (fossil) communities and the current (living) communities of selected study sites. Differences and similarities between the plants and animals used as evidence to reconstruct ancient ecological communities. Students may be required to provide their own transportation. (CSU)  

ESCI 0028. Independent Study  
Units: 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)  

ESCI 0050. Geology of National Parks and Monuments  
Units: 3  
Formerly known as GEOL 50  
Hours: 54 lecture  
Investigation of geology and geologic history in the formation of North American national parks and monuments including the Grand Canyon, Bryce, Zion, and Yosemite. (CSU, UC)  

ESCI 0054A. Sierra Nevada and Western Basin and Range Provinces  
Units: 0.5  
Formerly known as GEOL 51A  
Hours: 9 lecture  
Field lecture course designed to teach students the geology of portions of the Sierra Nevada and Western Basin and Range Provinces. Sites along I-80 and old highway 40 are examined. (CSU)  

ESCI 0054B. Great Valley and Coast Range Provinces  
Units: 0.5  
Formerly known as GEOL 51B  
Hours: 9 lecture  
Field lecture course designed to teach students the geology of portions of the Great Valley and the Coast Range Provinces. Sites along I-80, the Russian River, the Pacific Coast, and the San Andreas Fault are examined. (CSU)  

ESCI 0054C. Great Valley, Coast Ranges, and Sutter Buttes  
Units: 0.5  
Formerly known as GEOL 51C  
Hours: 9 lecture  
Field lecture course designed to teach students the geology of portions of the Great Valley, the Coast Ranges, and the Sutter Buttes. Sites west from Roseville through Woodland and Capay Valley to Clear Lake, the Central Sacramento Valley, and the Sutter Buttes are examined. (CSU)  

ESCI 0054D. Western Sierra Nevada and the Mother Lode  
Units: 0.5  
Formerly known as GEOL 51D  
Hours: 9 lecture  
Field lecture course designed to teach students the geology of portions of the Western Sierra Nevada and the Mother Lode. Sites along Highway 49 are examined. Entrance and transportation fees may be required. (CSU)  

ESCI 0054E. Major Rock Units of the Northern Sierra  
Units: 0.5  
Formerly known as GEOL 51E  
Hours: 9 lecture  
Field lecture course designed to teach students the geology of major rock units of the Northern Sierra Nevada. Moderate day hike is involved. Entrance fees may be required. (CSU)  

ESCI 0055A. Weekend Field Geology - Eastern Sierra  
Unit: 1  
Hours: 18 lecture  
Weekend field trip to the eastern Sierra Nevada. A 1 hour and 50 minute pre-session will be held prior to the trip. Hiking may be necessary. Camping, entrance, and transportation fees may be required. (CSU)  

ESCI 0055B. Weekend Field Geology - Yosemite  
Unit: 1  
Hours: 18 lecture  
Weekend field trip to Yosemite covering the origin, evolution, and geology of Yosemite National Park and surrounding areas. A 1 hour and 50 minute pre-session will be held prior to the trip. Hiking may be necessary. Camping, entrance, and transportation fees may be required. (CSU)  

ESCI 0055C. Weekend Field Geology - Point Reyes  
Unit: 1  
Hours: 18 lecture  
Exploration of the natural history of the Point Reyes area, emphasizing its geologic history and geomorphology. Camping, entrance and transportation fees may be required. (CSU)  

ESCI 0055D. Weekend Field Geology - Southern Coast Range  
Unit: 1  
Hours: 18 lecture  
Exploration of the natural history of southern Coast Ranges. May include national parks (eg. Carrizo Plain, Pinnacles) and selected areas of the San Andreas Fault. Some hiking required. Camping and/or park entrance fees may be required. A 1 hour and 50 minute classroom pre-session is required. (CSU)
ESCI 0055E. Weekend Geology and Volcanoes of Northeastern California
Units: 1
Hours: 18 lecture
Exploration of the natural history of the volcanoes and mountains of northeastern California. May include national parks (e.g. Lassen, Lava Beds). Some hiking required. Camping and/or park entrance fees may be required. A 1 hour and 50 minute classroom pre-session is required. (CSU)

ESCI 0055F. Weekend Field Geology
Units: 1
Formerly known as GEOL 52F
Hours: 18 lecture
Weekend (sometimes including Friday) field trips to selected locations of geologic interest in California and bordering areas. Hiking may be necessary. Camping, entrance and transportation fees may be required. (CSU)

ESCI 0056A. Field Geology of Western North America - Death Valley
Units: 2
Hours: 54 (27 lecture, 27 laboratory)
One-week field experience to Death Valley and eastern Sierra Nevada. Emphasis placed on the geologic history of the area. We will be seeing rocks spanning over 1 billion years of earth history. A three-hour pre-session prior to the trip is required. Hiking may be necessary. Camping, entrance, and transportation fees may be required. (CSU)

ESCI 0056B. Field Geology of Western North America - Geology of Utah
Units: 2
Hours: 54 (27 lecture, 27 laboratory)
Field course covering the National Parks of northern Arizona, and Utah including, but not limited to: Zion, Bryce, Canyonlands, Grand Canyon, Monument Valley, Arches, and Capitol Reef. Entrance and transportation fees may be required. (CSU)

ESCI 0056C. Field Geology of Western North America - Western Deserts
Units: 2
Hours: 54 (27 lecture, 27 laboratory)
Field experience covering areas of the Southern California desert, including Carrizo Plain, Barstow, Joshua Tree National Park, Salton Sea, and Anza Borrego State Park. Emphasis will be placed on the geologic history of the region. A three-hour pre-session prior to the trip is required. Hiking may be necessary. Camping, entrance, and transportation fees may be required. (CSU)

ESCI 0056D. Field Geology in the Sierra Nevada
Units: 2
Hours: 36 lecture
Exploration of the natural history of the Sierra Nevada. May include national parks (e.g. Yosemite, Sequoia, Kings Canyon, Mono Lake). Some hiking required. Camping and/or park entrance fees may be required. A 2 hour and 50 minute classroom pre-session is required. (CSU)

ESCI 0056E. Geology of the Cascade Volcanoes
Units: 2
Hours: 36 lecture
Exploration of the natural history of the volcanoes and mountains of the Cascade Range of western North America. May include national parks (e.g. Lassen, Lava Beds, Crater Lake, Mount Saint Helens, Rainier). Some hiking required. Camping and/or park entrance fees may be required. A 2 hour and 50 minute classroom pre-session is required. (CSU)

ESCI 0056F. Field Geology of Western North America
Units: 2
Formerly known as GEOL 53F
Hours: 54 (27 lecture, 27 laboratory)
One-week field experience to selected areas of geologic interest. Emphasis placed on the geologic history of the many parks and monuments of the west. A three-hour pre-session prior to the trip is required. Hiking may be necessary. Camping, entrance and transportation fees may be required. (CSU)

ESCI 0056G. Coastal Geology
Units: 2
Hours: 36 lecture
Exploration of the natural history of the western American coast. May include national parks (e.g. Pfeiffer, Point Reyes, Redwoods). Some hiking required. Camping and/or park entrance fees may be required. A 2 hour and 50 minute classroom pre-session is required. (CSU)

ESCI 0095. Internship in Earth Science
Units: 0.5-4
Formerly known as GEOL 95
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Program Student Learning Outcomes (PSLOs)
- Apply the fundamental principles of Earth Science to natural phenomena.
- Solve Earth Science problems using field data.
- Critique, properly manipulate, and present laboratory data needed to solve Earth Science problems.
- Assemble and critique literature relevant to Earth Science investigations.
- Relate Earth Science concepts to real events such as earthquakes, volcanic eruptions, or severe weather events.

Overview
Economics is the academic discipline that deals with the way societies produce and consume goods and services. As a descriptive discipline, it is concerned with accurate portrayals of national economies, as well as
those of regions, firms and individuals. As an analytical discipline its tools are used to order, modify and describe economic activity.

TRANSFER MAJOR REQUIREMENTS in Economics are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements. Positions for which four-year graduates in Economics are qualified are found in government service, banking and industry.

Degrees/Certificates

Economics for Transfer

AA-T Degree

The Associate in Arts in Economics for Transfer degree (AA-T) program provides students with a strong foundation in Economics. Upon completion of the program, students will use critical thinking to demonstrate an understanding of major Economics concepts, including solving quantitative problems with such issues as opportunity costs, markets and profit maximization; analyze the basic principles underlying the economic way of thinking; list and distinguish basic economic terms; and analyze the supply and demand model.

The Associate in Arts in Economics for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor's degree in Economics or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor's degree.

To earn the Associate in Arts in Economics for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of “C” or better; and
- completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

Courses

Understanding course descriptions (p. 312)

**ECON 0001A. Principles of Macroeconomics**

*Units: 3*

Prerequisite: Completion of two years of high school algebra or MATH D with grade of "C" or better, or placement by matriculation assessment process

*Hours: 54 lecture*

Introductory course focusing on aggregate economic analysis. Topics include: market systems, aggregate measures of economic activity, macroeconomic equilibrium, money and financial institutions, monetary and fiscal policy, international economics, and economic growth. (C-ID ECON 202) (CSU, UC)

**ECON 0001B. Principles of Microeconomics**

*Units: 3*

Prerequisite: Completion of two years of high school algebra or MATH D with grade of "C" or better, or placement by matriculation assessment process

*Hours: 54 lecture*

Introductory course focusing on choices of individual economic decision-makers. Topics include scarcity, specialization and trade, market equilibrium, elasticity, production and cost theory, market structures, factor markets, and market failure. (C-ID ECON 201) (CSU, UC)
ECON 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

Program Student Learning Outcomes (PSLOs)
• Apply critical thinking skills to evaluate the credibility of economic theories, concepts, and research.
• List and distinguish basic economic terms.
• Analyze the basic principles underlying the economic way of thinking.
• Analyze the supply and demand model.

Overview
The education department offers students the opportunity to explore the field of education by gaining experience working with students in a school setting. Students interested in an AA degree that helps prepare them for a career teaching in public and private elementary schools should also see the Liberal Studies major.

Degrees/Certificates
Associate Degree for Transfer
• Elementary Teacher Education for Transfer (p. 119)

Associate Degree
• Liberal Studies - Elementary Education (p. 120)

Elementary Teacher Education for Transfer AA-T Degree
This program is designed for prospective California State University transfer students who intend to become elementary school teachers. Upon completion of this degree, students will be able to identify principles that underlie effective relationships with others, basic observation tools, and basic lesson plans; identify academic requirements and experiences needed to obtain a teaching credential; define the role and function of the teacher in the public elementary school setting; and explain the ways in which a student’s social environment, motivation, and behavior impact student learning.

The Associate in Arts in Elementary Teacher Education for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor's degree in Liberal Studies, or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing within the CSU system. Students are also given priority admission consideration to their local CSU campus but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor's degree.

To earn the Associate in Arts in Elementary Teacher Education for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:
• completion of all courses required for the major with grades of “C” or better; and
• completion of the California State University-General Education-Breadth (CSU GE) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

Liberal Studies - Elementary Education

AA Degree
This program, designed for students interested in teaching in public and private elementary schools, prepares students for transfer to four-year colleges and universities. It provides exposure to the fields of natural sciences, social sciences, humanities, composition and critical thinking. Students transferring to CSUS as Liberal Studies majors must take all courses listed below. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements in the three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

Total Units: 49

Courses

EDU 0007. Tutoring Elementary Students in Reading
Units: 3
Prerequisite: Eligibility for ENGL 11 or completion of ENGL 1A with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
An opportunity to learn and practice basic methods of tutoring elementary school children in reading. Combines lecture/discussion with field experience doing extensive tutoring at local elementary school. Negative TB test and fingerprint clearance required. Satisfies one of the two required field experience courses for the CSUS Liberal Studies Program. (CSU)

EDU 0010. Introduction to Elementary Education with Field Experience
Units: 3
Advisory: Completion of HDEV 1 with grade of "C" or better; eligibility for ENGL 1A
Hours: 90 (36 lecture, 54 laboratory)
Introduction to the concepts and issues related to teaching diverse learners in contemporary K-12 schools. Topics include teaching as a profession and career, historical and philosophical foundations of the American education system, contemporary educational issues, California's content standards and frameworks, and teacher performance standards. In addition to class time, requires a minimum of 45 hours of structured field work in public school elementary classroom that represent California's diverse student population. Fulfills one of the early field experiences for the CSUS Liberal Studies major. Negative TB test and fingerprint screening required. (C-ID EDUC 200) (CSU, UC)

EDU 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

EDU 0095. Internship in Education
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Program Student Learning Outcomes (PSLOs)

- Identify principles that underlie effective relationships with others, basic observation tools, and basic lesson plans.
- Identify academic requirements and experiences needed to obtain a teaching credential.
- Define the role and function of the teacher in the public elementary school setting.
• Explain the ways in which a student’s social environment, motivation, and behavior impact student learning.

Overview

The Engineering Department offers courses that satisfy the lower division engineering requirements of most California colleges and universities. Students may begin their study of chemical, civil, electrical, or mechanical engineering at Sierra College. Job openings abound in many engineering fields.

TRANSFER MAJOR REQUIREMENTS in Engineering are available in the Counseling Center. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

• Sierra College Associate Degree Requirements (p. 292);
• California State University General Education Breadth (p. 300) pattern;
• Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

Degrees/Certificates

Associate Degree

• Engineering (p. 121)

Certificates of Achievement

• Civil Engineering Technology (p. 122)
• General Engineering Technology (p. 122)

Engineering

AA or AS Degree

The Engineering major recognizes a concentration in the field of Engineering. Successful completion of the curriculum in Engineering prepares engineering students for transfer to four-year colleges or universities. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

• Sierra College Associate Degree Requirements (p. 292);
• California State University General Education Breadth (p. 300) pattern;
• Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

Civil Engineering Technology
Certificate of Achievement
Successful completion of the curriculum in Civil Engineering Technology will prepare students for entry-level positions as civil engineering technicians. The certificate is designed to provide knowledge and career technical skills in mathematics, physics, chemistry and civil engineering to assist engineers in fields such as surveying, construction, architecture, environmental, material testing, public utilities and land use. The certificate is not equivalent to an associate degree.

Total Units

Courses

Understanding course descriptions (p. 312)
ENGR 0010. Engineering Survey Measurements  
Units: 4  
Prerequisite: Completion of MATH 27 with grade of "C" or better  
Advisory: Completion with grade of "C" or better or concurrent enrollment in ENGR 22A  
Hours: 108 (54 lecture, 54 laboratory)  
Theory and practice with total stations (with and without data collectors), leveling instruments, and tapes. Creation of a boundary and topographic survey requiring traverse adjustment and area within irregular boundaries. Mock construction project requiring a construction survey including field staking. Problems including horizontal and vertical curves, slopes and alignments, cut and fill, topographic maps and volume calculation. Introduction to GPS. Designed for engineering students and required for Civil Engineering majors. (C-ID ENGR 180) (CSU, UC)  

ENGR 0017. Introduction to Circuit Theory  
Units: 3  
Prerequisite: Completion of MATH 32, PHYS 210 and PHYS 210L with grades of "C" or better; completion with grade of "C" or better or concurrent enrollment in MATH 33  
Hours: 54 lecture  
Introduction to circuit analysis. Includes all basic, passive circuit elements and operational amplifiers. Covers constant and time variant circuit networks; network analysis and simplification techniques; response of circuit networks, natural and forced; steady state sinusoidal circuit analysis development from the network differential equations; power calculations; analysis involving operational amplifiers. (CSU, UC)  

ENGR 0017L. Circuit Theory Laboratory  
Unit: 1  
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in ENGR 17; and completion of PHYS 210 and 210L with grades of "C" or better  
Hours: 54 laboratory  
Designed to parallel ENGR 17. Experimental verification of circuit analysis concepts. Laboratory exercises include DC, transient and AC measurements on circuits including resistors, capacitors, inductors and operational amplifiers. Digital logic circuits are also addressed. Basic electrical instrumentation is used. (CSU, UC)  

ENGR 0022A. Engineering Drawing and CAD  
Units: 3  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to the graphical methods, equipment and software used to produce and interpret engineering drawings. Fundamentals of technical drawing including sketching, geometric constructions, orthographic projection, dimensioning, sectional views, auxiliary views, threads and fasteners, and pictorial projection. Emphasis on the production of two-dimensional working drawings utilizing freehand sketching and computer-aided drafting (CAD) hardware and software. (CSU)  

ENGR 0022B. Descriptive Geometry and Solid Modeling  
Units: 3  
Formerly known as ENGR 23  
Prerequisite: Completion of ENGR 22A; or DES 1 and 2 with grade(s) of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Fundamental principles of descriptive geometry with application to technical drawing and engineering problems. Visualizing spatial relationships from orthographic drawings. Includes sketches and computer-aided drafting (CAD) projects. Provides an introduction to solid modeling including part and assembly modeling. Designed for Engineering and Drafting and Engineering Support majors. (CSU, UC)  

ENGR 0028. Independent Study  
Units: 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)  

ENGR 0035. Statics  
Units: 3  
Prerequisite: Completion of PHYS 205, PHYS 205L, and MATH 31 with grades of "C" or better  
Advisory: Completion of ENGR 22A with grade of "C" or better  
Hours: 54 lecture  
Introduces the concepts of engineering based on forces in equilibrium. Includes concentrated forces, distributed forces, forces due to friction, and inertia as they apply to machines, structures, and systems. Upon completion, students should be able to solve problems which require the ability to analyze systems of forces and bodies in static equilibrium. (C-ID ENGR 130) (CSU, UC)  

ENGR 0037. Manufacturing Processes  
Units: 3  
Advisory: Completion of ENGR 22A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Application of multiple fabrication techniques including tools and materials required for the manufacture of a mechanical assembly. Introduction to design and documentation of a final product. Manufacturing processes in the areas of forming, joining, material removal, casting, assembly and prototyping which includes hands on use of manufacturing equipment. Each student fabricates a final project based on principles of manufacturing. (CSU, UC)  

ENGR 0045. Materials Science  
Units: 3  
Prerequisite: Completion of PHYS 205 and 205L with grades of "C" or better; and completion with grade of "C" or better or concurrent enrollment in CHEM 1A  
Basic principles of physical and chemical behavior of metals, polymers, composites and ceramics in engineering applications; topics include bonding, crystalline structure and imperfections, diffusion, kinetics, phase diagrams, corrosion, mechanical and electrical properties. Laboratory experiments analyze actual behavior of materials; topics include metallurgy, mechanical properties of metals and heat treatment. (CSU, UC)  

ENGR 0095. Internship in Engineering  
Units: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)
ENGR 0110. Introduction to Engineering Design
Units: 3
Hours: 54 lecture
Explores the branches of engineering, the functions of an engineer, and the industries in which engineers work. Explains the engineering education pathways and explores effective strategies for students to reach their full academic potential. Presents an introduction to the methods and tools of engineering problem solving and design including the interface of the engineer with society and engineering ethics. Develops communication skills pertinent to the engineering profession. Introduces the fundamentals of engineering design, problem solving, planning, prototyping and some fabrication. (C-ID ENGR 110) (CSU, UC)

ENGR 0150. Introduction to the Engineering Profession
Unit: 1
Hours: 18 lecture
Exploration of the engineering profession, focusing on branches of engineering and relationships between them, spectrum of work functions, professionalism and ethics. Includes orientation to Sierra College engineering program, evaluation of engineering as a personal career choice and participating in engineering activities. (CSU, UC)

ENGR 0220. Programming and Problem Solving in Engineering
Units: 4
Prerequisite: Completion of MATH 30 and PHYS 205 and 205L with grades of "C" or better. Advisory: PHYS 205 may be taken concurrently
Hours: 108 (54 lecture, 54 laboratory)
Utilizes the MATLAB environment to provide students with a working knowledge of computer-based problem-solving methods relevant to science and engineering. It introduces the fundamentals of procedural and object-oriented programming, numerical analysis, and data structures. Examples and assignments in the course are drawn from practical applications in engineering, physics, and mathematics. (C-ID ENGR 220)(CSU, UC)

Program Student Learning Outcomes (PSLOs)
• Identify and differentiate between the attributes of the various engineering disciplines as related to education and the workforce.
• Read, analyze, and compose industry standard technical engineering drawings.
• Model physical systems correctly through the use of engineering concepts and then apply advanced mathematical techniques to solve the system.
• Create technical reports that identify, analyze, and assess results taken from experiments that are performed within the engineering lab.
• Construct actual physical models from instructions and diagrams given to them by an instructor.

Overview
The Department of English faculty subscribes to the idea that the language and literary arts are a basic and a chief way of discovering who we are, especially if “we” is defined broadly to take in the whole of past and present culture as it resides in the English language. We offer students the means of appreciating excellence in the literary language of the past and of developing excellence in their present uses of language. We believe that this experience can enhance a sense of personal identity as that sense is put in relation to “our” manifestations of identity in the past.

TRANSFER MAJOR REQUIREMENTS in English are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements.

Degrees/Certificates

Associate Degree for Transfer

- English for Transfer (p. 125)

English for Transfer AA-T Degree

This program is designed to award the Associate in Arts in English for Transfer degree (AA-T) to those students who have completed a specialization in English. The major provides students with a comprehensive study of composition, literary analysis and rhetorical strategies. Students will be able to identify the major themes, works, authors and movements in literature, particularly British and American literature. Students are trained in composition and given a solid background to explore literature as an intellectual discipline and an art. The required courses help students hone critical thinking, research, rhetoric and writing skills.

The Associate in Arts in English for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor's degree in English or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor's degree.

To earn the Associate in Arts in English for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of “C” or better; and
- completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)
The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

Total Units 21

Courses

Understanding course descriptions (p. 312)
ENGL 0002. Structure of English
Units: 3
Prerequisite: Completion of ENGL 1A with grade of "C" or better
Hours: 54 lecture
Study of structure of English grammar, both descriptive and prescriptive. Introduction to terminology and structure of traditional grammar; analysis of standard rules for agreement, punctuation, pronoun reference, etc.; introduction to varied methods of language acquisition among culturally diverse populations. For students who plan to teach or who are particularly interested in grammar as it relates to writing. Intended to meet CSU requirement for Liberal Studies major. (CSU, UC)

ENGL 0011. Analytical and Critical Thinking in Reading
Units: 3
Prerequisite: Placement by matriculation assessment process OR completion of ENGL N with grade of "C" or better
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Designed to teach critical thinking and critical examination of texts and other printed material. Emphasizes principles of critical thinking, logic and fallacies, reasoning strategies, author's purpose and bias, research evaluation, propaganda, advertising, and reading for academic purpose. Includes instruction in analyzing digital texts. (CSU)

ENGL 0012. Writing in the Workplace
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Principles and practices of workplace writing. Includes organizing, writing, and revising clear, readable documents for the workplace, such as letters, memos, emails, summaries, reports, job application documents, instructions, proposals, and business graphics. (CSU)

ENGL 0016. Introduction to LGBTIQ Literature
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Survey course consisting of an introduction to and critical analysis of selected LGBTIQ (Lesbian, Gay, Bisexual, Transgender, Intersex, Queer) texts over a range of historical periods and genres, including essay, poetry, autobiography, short fiction, novel, and drama. Significant coverage of and emphasis on the cultural and historical contexts that shaped the production of LGBTIQ literature. (CSU, UC)

ENGL 0017. Introduction to Shakespeare and Popular Culture
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Presents Shakespeare's plays as works of popular culture that have been and continue to be reinvented in a range of artistic forms. This course will involve reading, viewing, discussing, and writing about selected plays of Shakespeare in correlation with contemporary texts. Includes discussion and analysis of the original historical context, contemporary critical views and interpretations, and adaptations of Shakespeare's original texts. (CSU, UC)

ENGL 0018. Creative Writing (Non-Fiction)
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Composition of non-fiction prose, with non-fiction reading and analysis assignments drawn from the following genres: autobiography and memoir, philosophical/contemplative reflections, travel writing, nature writing and political/social commentary. Includes discussion and criticism, in workshop mode, of original student writing. (CSU, UC)

ENGL 0019. Introduction to Creative Writing
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Composition of imaginative writing, with reading assignments of literary models in poetry, fiction, and drama. Includes analysis of the models as well as discussion and criticism, in a workshop mode, of original student poems, fiction, and plays. (C-ID ENGL 200) (CSU, UC-with unit limitation)

ENGL 0020. Creative Writing (Poetry)
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Writing poetry, with reading assignments of literary models in classical, modern, and contemporary poetry. Includes analysis of the models as well as discussion and criticism, in a workshop mode, of original student poems. (CSU, UC)

ENGL 0021. Creative Writing (Fiction)
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Writing fiction, with reading assignments of literary models in short story and/or novel. Includes analysis of the models as well as discussion and criticism, in a workshop mode, of original student prose. (CSU, UC)

ENGL 0024. Introduction to Literary Criticism and Critical Concepts
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to the issues, concepts, and contexts central to literary interpretation, with particular concentration on the relationships of aesthetics, culture, history, politics, issues of race, gender, and class, to conceptions of literary meaning and developments in literary form. Includes surveys and history of major approaches to literary criticism and applications of these approaches to literary analysis. (CSU, UC)

ENGL 0027. Literature by Women
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Survey of women's literature, including novels/novellas, the short story, poetry, drama, and essays. Within the literature, which spans time, culture, and genre, we will explore patterns and themes involving women's personal, psychological, political, economic, intellectual, social, and cultural lives. (CSU, UC)

ENGL 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)
ENGL 0029. Introduction to Drama as Literature  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Introduction to drama as literature emphasizing the critical analysis of individual plays; the analysis and exploration of the social, historical, and critical contexts of the writing and performance of dramatic literature; and exploration and analysis of the changing nature of its performance and reception. Class explores significant works of drama from a variety of cultures and historical periods. Intended for both English and Drama majors and non-majors. (CSU, UC)  

ENGL 0030A. American Literature - Beginnings through Civil War  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Survey of major authors, themes and genres of American literature from its beginnings through the Civil War. Students may begin with either 30A or 30B. (C-ID ENGL 130) (CSU, UC)  

ENGL 0030B. American Literature - Civil War to the Present  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Survey of major authors, themes and genres of American literature from the Civil War to the present. Students may begin with either 30A or 30B. (C-ID ENGL 135) (CSU, UC)  

ENGL 0032. Introduction to Poetry  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Develops a critical appreciation of poetry as genre through study of selected poets and historical periods; examines poetic structures, styles, themes, and contexts. Students read representative works in English as well as selected works in translation. (CSU, UC)  

ENGL 0033. Introduction to Shakespeare (The Drama)  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Reading and discussion of selected plays of Shakespeare; includes discussion of the historical context and contemporary critical views. (CSU, UC)  

ENGL 0034. Introduction to the Novel  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Reading, discussion, and critical analysis of selected novels from the eighteenth century to present. Includes discussion of the historical context and contemporary critical views. (CSU, UC)  

ENGL 0035. Introduction to the Short Story  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  

ENGL 0037. American Film Masterpieces  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Development of a critical appreciation of the motion picture as art and literature. Emphasis on American films. (CSU, UC-with unit limitation)  

ENGL 0038. International Film Masterpieces  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Development of a critical appreciation of the motion picture as art and literature. Emphasis on International films. (CSU, UC-with unit limitation)  

ENGL 0040. The Filmed Novel  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Intended to increase students' knowledge of and appreciation for the genres of the novel and the film while developing an understanding of the challenges of adapting one art form into another. Serves as an introduction to the history and terminology of these art forms and provides the basic knowledge necessary to analyze them. Covers the choices made by the screenwriters and directors as they sought to overcome the problems posed by transforming the novel into a movie. (CSU, UC)  

ENGL 0042. The Documentary Film  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Development of a critical appreciation of modern documentary film across a variety of subject matter: sports, advertising, politics, music, art, biography, foreign affairs, business, science, and history. (CSU, UC)  

ENGL 0044. Children's Literature  
Units: 3  
Also known as HDEV 44  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Examination of high quality children's literature, both classic and contemporary, including criteria for selection, uses in child development and education, and practices in presentation and analysis. It includes the discussion of the history of children's literature and current issues such as censorship, literacy, multiculturalism, and diversity. This course is intended for prospective and current teachers, preschool aides, early child education (ECE) majors, librarians, parents, and students interested in the field of literature for children ages 0-13. (C-ID ENGL 180) (CSU, UC)  

ENGL 0045. Young Adult Literature  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
An examination of high quality literary works written for young adults, including discussion of literary form, the criteria for selection, practice in presentation and analysis, and aesthetic appreciation in young readers. Includes the discussion of the history of young adult literature and current issues such as censorship, literacy, multiculturalism, and diversity. May include representative writers such as Shakespeare, Dickens, Twain, and Tolkien as well as contemporary, diverse writers such as Angelou, Lowry, Rowling, Salinger, and Zusak. (CSU, UC)
ENGL 0046A. English Literature  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Survey of English literature from the Anglo-Saxon period through the mid 18th century. Study of selected major authors and texts of each period as well as significant or representative minor authors and texts. Incorporates analysis of the development of literary forms, developments and transformations of central themes, and developments in the historical, socioeconomic, and cultural contexts of the literature. Students may begin with either 46A or 46B. (C-ID ENGL 160) (CSU, UC)

ENGL 0046B. English Literature  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Survey of British, British Empire, and Commonwealth authors from the Romantic Movement through the late 20th to early 21st century. Includes works of principal Romantic, Victorian, and 20th century poets, novelists, playwrights, and/or essayists, as well as selected works of significant and representative minor authors. Incorporates analysis of the development of literary forms, developments and transformations of central themes, and developments in the historical, socioeconomic, and cultural contexts of the literature. Students may begin with either 46A or 46B. (C-ID ENGL 165) (CSU, UC)

ENGL 0047A. World Literature  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Survey of world literature in translation from the ancient world through the 16th Century. Includes representative works from major world literary cultures and eras; explores traditions where appropriate. Incorporates analysis of the development of literary forms, developments and transformations of central themes, and developments in the historical, and cultural contexts of the literature. Includes cross-cultural analysis and exploration of cross-cultural influences in literary culture. Students may begin with either 47A or 47B. (C-ID ENGL 140) (CSU, UC)

ENGL 0047B. World Literature  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Survey of world literature in translation from the seventeenth through twenty-first centuries. Includes representative works from major world literary cultures and eras, including post-colonial developments; explores literary traditions in defined cultural contexts. Incorporates analysis of the development of literary forms, developments and transformations of central themes, and developments in the historical, and cultural contexts of the literature. Includes cross-cultural analysis and exploration of cross-cultural influences in literary culture. Students may begin with either 47A or 47B. (C-ID ENGL 145) (CSU, UC)

ENGL 0048. Literature of Science Fiction  
Units: 3  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Major themes and types of science fiction literature, its primary artists, and its literary and historical relevance. (CSU, UC)

ENGL 0050L. Mastering College Academic Literacy Laboratory  
Unit: 1  
Prerequisite: Completion of ENGL 570 and 570L with grades of "C" or better or placement by matriculation assessment process; AND completion with grade of "C" or better, or concurrent enrollment in, ENGL 50  
Hours: 54 laboratory  
Application of inferential comprehension and research strategies to a variety of college level texts. (not transferable)

ENGL 0802. Foundations of Academic Literacy  
Units: 0  
Prerequisite: Placement by matriculation assessment process  
Hours: 80 activity  
Course prepares students to begin English N, an integrated developmental college composition and reading course. Reading comprehension, composition, grammar, and sentence development skills are addressed. (pass/no pass grading) (noncredit)

ENGL 0812. Poetry Writing and Experiment  
Units: 0  
Hours: 8 to 18 lecture as scheduled  
Designed for older adults interested in exploring the writing of poetry. Exercises and experiments with language in writing poetry. Uses primarily American poets (from Walt Whitman to Susan Howe and from George Oppen to Emily Dickinson) to determine how writers use image, form, sound and rhythm effectively. Develops a language with which to speak about the craft of poetry. May be repeated. (noncredit)

ENGL 0814. Selected Topics in Creative Writing  
Units: 0  
Hours: 8 to 54 lecture as scheduled  
Course for older adults interested in exploring creative writing. Exercises in creative writing, drawing ideas from personal observation and experience. Overcome obstacles of how and where to begin writing, what to write about, and how to shape ideas into a variety of formats - creative paragraphs, short stories, nonfiction and fiction. Experiment with various styles, structures and forms of writing. Focus and topics will vary with each offering. May be repeated. (noncredit)

ENGL 0815. Selected Topics in Literature  
Units: 0  
Hours: 8 to 54 lecture as scheduled  
Course for older adults interested in exploring literature. Study of selected styles of work and/or authors in literature. Examination of theme and impact of work on society. Includes discussion of the influences of the geographic, economic, cultural, and physical setting at the time of writing. May be repeated. (noncredit)

Program Student Learning Outcomes (PSLOs)

- Use standard rules of grammar, punctuation, diction and syntax.
- Write well organized, developed, edited, logically sound analyses and arguments.
- Apply MLA documentation style in researched writing.
- Apply reading strategies in order to critically analyze texts.
- Interpret and analyze literary works.
- Compose, evaluate, and revise original creative works and practice conventions of various genres.

Overview

English as a Second Language (ESL) is a program for non-English-speaking students. Courses are offered for all fluency levels and are based on innovative curriculum and a variety of methods and techniques to fit different learning styles. The program serves students who speak a large variety of languages and offers seven levels of courses from novice to advanced college. At least one year of ESL adult education is recommended for resident students entering at the novice level. There are four courses at most levels: writing, grammar, reading/vocabulary and listening/speaking.

Faculty

Marcia L. Brock
Professor, English as a Second Language
B.A., Eastern Kentucky University
M.A., Eastern Kentucky University
M.A., California State University, Sacramento

Julie Casperson Schultz
Assistant Professor, English as a Second Language
B.S., California State University, Chico
M.A., California State University, Sacramento

Sonia Delgadillo
Professor, English as a Second Language
B.A., San Francisco State University
M.A., San Francisco State University

Jessica M. Mayer
Professor, English as a Second Language
B.A., California State University, Chico
M.A., California State University, Sacramento

Robin S. Persiani
Professor, English as a Second Language
B.A., University of California, Santa Barbara
M.A., Northern Arizona University

Degrees/Certificates

Skills Certificate
ESL Academic Preparedness (p. 130)

English as a Second Language Academic Preparedness Skills Certificate
The ESL Academic Preparedness Skills Certificate recognizes advanced-low level proficiency in English language writing, reading, listening/speaking and grammar skills. This skills certificate may be used to demonstrate academic preparedness for college courses as well as workplace-ready language skills. This skills certificate is not equivalent to an associate degree.

Total Units: 0

Courses

Understanding course descriptions (p. 312)

ESL 0020C. Introduction to Academic Reading and Writing

Units: 5
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 530C with grade of "C" or better
Advisory: Concurrent enrollment in ESL 25G and 25L
Hours: 90 lecture
Introduction for non-native speakers to academic reading and writing, beginning rhetorical analysis, analytical summary-response, timed-writing, editing, and beginning research. (CSU)

ESL 0024P. Accent Reduction and Pronunciation for ESL Students

Unit: 1
Prerequisite: Placement by ESL matriculation assessment process at or above the ESL 530 level or completion of ESL 5200 with grade of "C" or better
Advisory: Concurrent enrollment in ESL 5300 and/or ESL 25L
Hours: 18 lecture
Focuses on accent reduction for non-native speakers of English. Offers intensive practice and refinement of pronunciation skills that enable students to sound more like native-speakers of English. (not transferable)

ESL 0025C. Advanced Reading and Writing

Units: 6
Prerequisite: Completion of ESL 530C or 830C or ESL 20C with grade of "C" or better
Hours: 108 lecture
Language acquisition and development for college-level vocabulary, reading, writing, and research. Prepares students for academic coursework including critical and literary analysis of cultural perspectives including contributions and social experiences of under-represented ethnic or racial groups, essay writing, summary and paraphrasing, research papers, incorporation of academic sources, timed-writing, and revision editing. Prepares students for ENGL 1A. (CSU, UC)

ESL 0025G. Academic Grammar and Editing

Units: 3
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 530C or 5300 with grade of "C" or better
Advisory: Concurrent enrollment in ESL 20C
Hours: 54 lecture
Multi-skill course emphasizing academic grammar and editing skills for non-native speakers. Focus on verb tense usage and sequence, clauses, passive voice for academic writing, conditionals, editing strategies, and application of grammar appropriate to writing purpose. Open to students eligible for ESL 20 or ESL 30. (CSU)

ESL 0025L. Academic Listening and Speaking

Units: 3
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 5300 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Speaking and listening course for non-native speakers with emphasis on advanced oral skills and tasks necessary to succeed in academic situations, including note-taking, listening comprehension, and academic speaking tasks. Open to students eligible for ESL 540 or ESL 30. (CSU)

ESL 0030C. Academic Reading and Writing

Units: 5
Prerequisite: Placement by matriculation assessment process or completion of ESL 20C or ESL 540C with grade(s) of "C" or better
Hours: 108 (90 lecture, 18 laboratory)
Essay organization, incorporation of academic sources, timed-writing, and revision editing. Emphasizes critical thinking skills and evaluation of academic texts for research purposes. Prepares students for ENGL 1A.
Course equivalent to ESL 30W and 30R. Students enrolling in ESL 30W and/or ESL 30R will lose credit for ESL 30W and/or ESL 30R. (CSU, UC-with unit limitation)

ESL 0512T. ESL Through Basic Computer Technology

Units: 3
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or 805 with grade of "Pass" or concurrent enrollment in ESL 510S or completion with grade of "Pass" or concurrent enrollment in ESL 810S.
Advisory: Concurrent enrollment in ESL 5100 and ESL 512T or ESL 512P (or ESL 812T or ESL 812P)
Hours: 90 lecture
Novice-High integrated skills course for non-native speakers of English focusing on written production for college, vocational and community success. Emphasis on comprehension and analysis of level-appropriate authentic materials and written responses using focused paragraphs and level-appropriate vocabulary and grammar. (not degree applicable)

ESL 0510C. Novice-High Integrated Writing, Reading and Grammar

Units: 5
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or 805 with grade of "Pass" and completion with grade of "C" or better or concurrent enrollment in ESL 510S or completion with grade of "Pass" or concurrent enrollment in ESL 810S.
Advisory: Concurrent enrollment in ESL 5100 and ESL 512T or ESL 512P (or ESL 812T or ESL 812P)
Hours: 90 lecture
Novice-High integrated skills course for non-native speakers of English focusing on written production for college, vocational and community success. Emphasis on comprehension and analysis of level-appropriate authentic materials and written responses using focused paragraphs and level-appropriate vocabulary and grammar. (not degree applicable)

ESL 0510O. Novice-High Integrated Listening, Speaking, and Grammar

Units: 3
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or 805 with grade of "Pass"
Advisory: Concurrent enrollment in ESL 510C or 810C and ESL 512T or ESL 512P (or ESL 812T or ESL 812P)
Hours: 54 lecture
Novice-high course for non-native speakers. Course topics for college, community, and career may include instructional videos, public service announcements, and adapted videos to develop oral language production and listening comprehension using level-appropriate vocabulary and grammar. (not degree applicable)
ESL 0510S. ESL Novice-High Skills for Success  
**Unit:** 1  
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or 805 with grade of "Pass" and completion with grade of "C" or better or concurrent enrollment in ESL 510C or completion with grade of "Pass" or concurrent enrollment in ESL 810C  
Advisory: Concurrent enrollment in ESL 5100 (or 8100) and ESL 512T or ESL 512P (or ESL 812T or ESL 812P)  
Hours: 18 lecture  
Integrated skills course for non-native English speakers to support student success in ESL 510C. Topics include writing and editing, grammar improvement, support services, and success strategies. (not degree applicable)  

ESL 0512G. Basic Grammar  
**Units:** 2-3  
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or ESL 805 with grade of "Pass"  
Hours: 36 lecture (2 units); 54 lecture (3 units)  
Basic grammar skills for non-native English speakers with focus on sentence-level usage. (not degree applicable)  

ESL 0512P. Basic Pronunciation for ESL Students  
**Unit:** 1  
Prerequisite: Eligibility for ESL 510 or 520 levels  
Advisory: Concurrent enrollment in ESL 510 or 520 level courses  
Hours: 18 lecture  
Course focuses on the learning of basic pronunciation skills for non-native speakers of English. It offers intensive practice of commonly occurring vowel and consonant sounds and combinations of sounds with an introduction to intonation and stress using novice-high and low-intermediate vocabulary level. (not degree applicable)  

ESL 0512T. ESL through Basic Computer Technology  
**Unit:** 1  
Prerequisite: Eligibility for ESL 510 or 520 levels  
Hours: 27 (9 lecture, 18 activity)  
Introduction for non-native speakers of English to basic computer vocabulary, keyboarding, mySierra basics, Canvas basics, Microsoft Word basics and use of ESL software and internet sites. Prepares students for ESL 515 and supports coursework at the ESL 510 and 520 levels. (not degree applicable)  

ESL 0520C. Intermediate Integrated Writing, Reading, and Grammar  
**Units:** 5  
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 510C with grade of "C" or better or completion of ESL 810C with grade of "Pass" and completion with grade of "C" or better or concurrent enrollment in ESL 520S or completion with grade of "Pass" or concurrent enrollment in ESL 820S  
Advisory: Concurrent enrollment in ESL 5200 (or 8200) and either ESL 522T or ESL 522F (or ESL 822T or ESL 822F)  
Hours: 90 lecture  
Intermediate level integrated skills course for non-native speakers of English focusing on written production for college, vocational, and community success. Emphasis on comprehension and analysis of level-appropriate authentic materials and written responses using focused multi-paragraph writing and level-appropriate vocabulary and grammar. (not degree applicable)  

ESL 0520O. Intermediate Integrated Listening, Speaking, and Grammar  
**Units:** 3  
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 5100 with grade of "C" or better or completion of ESL 8100 with grade of "Pass"  
Advisory: Concurrent enrollment in ESL 520C or 820C and ESL 522T or ESL 522F (or ESL 822T or ESL 822F)  
Hours: 54 lecture  
Intermediate course for non-native speakers. Course topics for college, community, and career may include authentic academic lectures, TED talks, and media such videos to develop oral language production and listening comprehension using level-appropriate vocabulary and grammar. (not degree applicable)  

ESL 0520S. Intermediate Level Skills for Success  
**Unit:** 1  
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 510S with grade of "C" or better, or completion of ESL 810S with grade of "Pass," and completion with grade of "C" or better or concurrent enrollment in ESL 520C or completion with grade of "Pass" or concurrent enrollment in ESL 820C  
Advisory: Concurrent enrollment in ESL 5200 (or 8200) and ESL 522T or ESL 522F (or ESL 822T or ESL 822F)  
Hours: 18 lecture  
Integrated skills course for non-native English speakers to support student success in ESL 520C. Topics include writing and editing, grammar improvement, support services, and success strategies. (not degree applicable)  

ESL 0522F. Intermediate ESL Through Film  
**Unit:** 1  
Prerequisite: Eligibility for ESL 520 or 530 levels  
Hours: 27 (9 lecture, 18 activity)  
Intermediate speaking and listening skills for non-native speakers of English through film. Popular American films enhance cultural competency and build fluency in the exchange of ideas in small groups. Includes viewing of films and film excerpts, lectures, group discussions, oral presentations, and reading and writing summaries and reviews. (not degree applicable)  

ESL 0522G. Intermediate Grammar  
**Units:** 3  
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 512G with grade of "C" or better or ESL 812G with grade of "Pass" or completion of ESL 510C with grade of "C" or better or ESL 810C with grade of "Pass"  
Hours: 54 lecture  
Intermediate grammar skills for non-native English speakers with focus on verbs, modifiers, word order, and sentence structure. (not degree applicable)  

ESL 0522T. Intermediate ESL through Computer Technology  
**Unit:** 1  
Prerequisite: Eligibility for ESL 520 or 530 levels  
Advisory: Completion of ESL 512T with grade of "C" or better recommended  
Hours: 27 (9 lecture, 18 activity)  
Intermediate language skills for non-native speakers of English for computer vocabulary, keyboarding, basic office programs (Word, PowerPoint) on ground and in the cloud, college programs (mySierra, Canvas), search engines for research and use of ESL software and internet sites. Supports coursework at the ESL 520 and 530 levels. (not degree applicable)
ESL 0530C. Intermediate-High Integrated Writing, Reading, and Grammar
Units: 5
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 520C with a grade of "C" or better, or completion of ESL 820C with a grade of "Pass", and completion with grade of "C" or better, or concurrent enrollment in ESL 530S
Advisory: Concurrent enrollment in ESL 5300 and either ESL 522T or ESL 522F (or ESL 822T or ESL 822F)
Hours: 54 lecture
Intermediate-high level integrated skills course for non-native speakers of English focusing on written production for college and career. Emphasis on comprehension and analysis of level-appropriate authentic materials with genre-based and essay style writing, vocabulary and grammar. (not degree applicable)

ESL 0530O. Intermediate-High Integrated Listening, Speaking and Grammar
Units: 3
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 520O with grade of "C" or better or completion of ESL 8200 with grade of "Pass"
Advisory: Concurrent enrollment in ESL 530C or 830C and ESL 522T or ESL 522F (or ESL 822T or ESL 822F)
Hours: 54 lecture
Intermediate-high course for non-native speakers of English focusing on oral production. Course topics for college, community, and career may include authentic academic lectures, TED talks, and media such as videos to develop oral language production and listening comprehension using level-appropriate vocabulary and grammar. (not degree applicable)

ESL 0530S. Intermediate-High Level Skills for Success
Unit: 1
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 520S or completion of ESL 820S with grade of "Pass", and completion with grade of "C" or better or concurrent enrollment in ESL 530C or completion with grade of "Pass" or concurrent enrollment in 830C
Advisory: Concurrent enrollment in ESL 5300 and ESL 522T or ESL 522F (or ESL 822T or ESL 822F)
Hours: 18 lecture
Integrated skills course for non-native English speakers to support student success in ESL 530C. Topics include writing and editing, grammar assessment and improvement, vocabulary development, support services, and success strategies. (not degree applicable)

ESL 0532G. Intermediate-High Grammar
Units: 3
Prerequisite: Placement by matriculation assessment process or completion of ESL 520C or 522G with grade of "C" or better or ESL 820C or 822G with grade of "Pass"
Hours: 54 lecture
Intermediate-high grammar skills for non-native English speakers with focus on error correction, verbs, clauses, and complex sentence structure. (not degree applicable)

ESL 0540C. Introduction to Academic Reading/Writing for Non-Native Speakers
Units: 5
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 530R and 530W with grades of "C" or better
Advisory: Concurrent enrollment in ESL 25G
Hours: 108 (90 lecture, 18 laboratory)
Introduction for non-native speakers to essay organization, timed-writing, and editing, as well as comprehension and evaluation of academic texts. Prepares students for the 30 level courses. Course equivalent to 540R and 540W, combined. Not open to students who have successfully completed ESL 540R or 540W. (not degree applicable)

ESL 0800. Introduction to College ESL
Units: 0
Prerequisite: Placement by ESL matriculation assessment process
Hours: 90 lecture
Novice-level course of listening, speaking, reading, vocabulary, grammar and writing skills to prepare students for novice-high, credit ESL courses. Emphasis on common situations and functions of college, vocation, and community. Activities include introduction to college resources and basic use of computers. Consistent attendance is required. (pass/no pass grading) (noncredit)

ESL 0805. English for Work Success
Units: 0
Hours: 48-96 activity as scheduled
Novice-level vocational English as a Second Language focusing on workplace language needs and skills. Emphasis on listening and speaking in workplace situations and related grammar, structure, vocabulary, reading and writing skills. May be repeated. (pass/no pass grading) (noncredit)

ESL 0810C. Novice-High Integrated Writing, Reading and Grammar
Units: 0
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 800 or 805 with grade of "Pass" and completion with grade of "C" or better or concurrent enrollment in ESL 510S or completion with grade of "Pass" or concurrent enrollment in ESL 810S
Advisory: Concurrent enrollment in ESL 810O and either ESL 812T or ESL 812P (or ESL 512T or ESL 512P)
Hours: 90 lecture
Novice-High integrated skills course for non-native speakers of English focusing on written production for college, vocational and community success. Emphasis on comprehension and analysis of level-appropriate authentic materials and written responses using focused paragraphs and level-appropriate vocabulary and grammar. (pass/no pass grading) (noncredit)

ESL 0810O. Novice-High Integrated Listening, Speaking and Grammar
Units: 0
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or 805 with grade of "Pass" and completion with grade of "C" or better or concurrent enrollment in ESL 810S or completion with grade of "Pass" or concurrent enrollment in ESL 810S
Advisory: Concurrent enrollment in ESL 810O and either ESL 812T or ESL 812P (or ESL 512T or ESL 512P)
Hours: 90 lecture
Novice-High course for non-native speakers. Course topics for college, community, and career may include instructional videos, public service announcements, and adapted videos to develop oral language production and listening comprehension using level-appropriate vocabulary and grammar. (pass/no pass grading) (noncredit)
ESL 0810S. ESL Novice-High Skills for Success
Units: 0
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or 805 with grade of "Pass" and completion with grade of "C" or better or concurrent enrollment in ESL 510C or completion with grade of "Pass" or concurrent enrollment in 810C
Advisory: Concurrent enrollment in ESL 8100 and ESL 812T or ESL 812P (or ESL 512T or ESL 512P)
Hours: 18 lecture
Integrated skills course for non-native English speakers to support student success in ESL 510C. Topics include writing and editing, grammar improvement, support services, and success strategies. (pass/no pass grading) (noncredit)

ESL 0812G. Basic Grammar
Units: 0
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or 805 with grade of "Pass" or completion of ESL 800 with grade of "C" or better
Hours: 36-64 lecture as scheduled
Basic grammar skills for non-native English speakers with focus on sentence-level usage. (pass/no pass grading) (noncredit)

ESL 0812P. Basic Pronunciation for ESL Students
Units: 0
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or 805 with grade of "Pass"
Advisory: Concurrent enrollment in ESL 810 or 510 level courses
Hours: 18 lecture
Course focuses on the learning of basic pronunciation skills for non-native speakers of English. It offers intensive practice of commonly occurring vowel and consonant sounds and combinations of sounds with an introduction to intonation and stress using novice-high and low-intermediate vocabulary level. (pass/no pass grading) (noncredit)

ESL 0812T. ESL Through Basic Computer Technology
Units: 0
Prerequisite: Eligibility for ESL 810/510 or 520 levels
Hours: 27 (9 lecture, 18 activity)
Introduction for non-native speakers of English to basic computer vocabulary, keyboarding, mySierra basics, LMS basics, Microsoft Word basics and use of ESL software and internet sites. Supports coursework at the ESL 510/810 and 520/820 levels. (pass/no pass grading) (noncredit)

ESL 0820C. Intermediate Integrated Writing, Reading, and Grammar
Units: 0
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 510C with grade of "C" or better or completion of ESL 810C with grade of "Pass" and completion with grade of "C" or better or concurrent enrollment in ESL 520S or completion with grade of "Pass" or concurrent enrollment in ESL 820S
Advisory: Concurrent enrollment in ESL 8200 (or 5200) and either ESL 822T or ESL 822F (or ESL 522T or ESL 522F)
Hours: 90 lecture
Intermediate level integrated skills course for non-native speakers of English focusing on written production for college, vocational, and community success. Emphasis on comprehension and analysis of level-appropriate authentic materials and written responses using focused multi-paragraph writing and level-appropriate vocabulary and grammar. (pass/no pass grading) (noncredit)

ESL 0820O. Intermediate Integrated Listening, Speaking and Grammar
Units: 0
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 5100 with grade of "C" or better or completion of ESL 8100 with grade of "Pass"
Advisory: Concurrent enrollment in ESL 820C or 520C and ESL 822T or ESL 822F (or ESL 522T or ESL 522F)
Hours: 54 lecture
Intermediate course for non-native speakers. Course topics for college, community, and career may include authentic academic lectures, TED talks, and media such videos to develop oral language production and listening comprehension using level-appropriate vocabulary and grammar. (pass/no pass grading) (noncredit)

ESL 0820S. Intermediate Level Skills for Success
Units: 0
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 510S with grade of "C" or better, or completion of ESL 810S with grade of "Pass," and completion with grade of "C" or better or concurrent enrollment in ESL 520C or completion with grade of "Pass" or concurrent enrollment in ESL 820C
Advisory: Concurrent enrollment in ESL 8200 or 5200 and ESL 822T or ESL 822F (or ESL 522T or ESL 522F)
Hours: 18 lecture
Integrated skills course for non-native English speakers to support student success in ESL 820C. Topics include writing and editing, grammar improvement, support services, and success strategies. (pass/no pass grading) (noncredit)

ESL 0822F. Intermediate ESL Through Film
Units: 0
Prerequisite: Eligibility for ESL 520 (or ESL 820) or 530 levels
Hours: 27 (9 lecture, 18 activity)
Intermediate speaking and listening skills for non-native speakers of English through film. Popular American films enhance cultural competency and build fluency in the exchange of ideas in small groups. Includes viewing of films and film excerpts, lectures, group discussions, oral presentations, and reading and writing summaries and reviews. (pass/no pass grading) (noncredit)

ESL 0822G. Intermediate Grammar
Units: 0
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 512G with grade of "C" or better or ESL 812G with grade of "Pass" or completion of ESL 510C with grade of "C" or better or ESL 810C with grade of "Pass"
Hours: 54 lecture
Intermediate grammar skills for non-native English speakers with focus on verbs, modifiers, word order, and sentence structure. (pass/no pass grading) (noncredit)

ESL 0822T. Intermediate ESL through Computer Technology
Units: 0
Prerequisite: Eligibility for ESL 520 (or ESL 820) or 530 levels
Advisory: Concurrent enrollment in ESL 821T with grade of "Pass" or completion of ESL 512T with grade of "C" or better recommended
Hours: 27 (9 lecture, 18 activity)
Intermediate language skills for non-native speakers of English for computer vocabulary, keyboarding, basic office programs (Word, PowerPoint) on ground and in the cloud, college programs (mySierra, Canvas), search engines for research and use of ESL software and internet sites. Supports coursework at the ESL 820 and higher (ESL 520 and higher) levels. (pass/no pass grading) (noncredit)
ESL 0830C. Intermediate-High Integrated Writing, Reading, and Grammar
Units: 0
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 520C with grade of "C" or better, or completion of ESL 820C with grade of "Pass", and concurrent enrollment in or completion with grade of "C" or better in ESL 530S or completion with grade of "Pass" in ESL 830S
Advisory: Concurrent enrollment in ESL 530O or 830O and ESL 522T or ESL 522F (or ESL 822T or ESL 822F)
Hours: 90 lecture
Intermediate-high level integrated skills course for non-native speakers of English focusing on written production for college and career. Emphasis on comprehension and analysis of level-appropriate authentic materials with genre-based and essay style writing, vocabulary and grammar. (pass/no pass grading) (noncredit)

ESL 0830O. Intermediate-High Integrated Listening, Speaking, and Grammar
Units: 0
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 520C with grade of "C" or better, or completion of ESL 820C with grade of "Pass"
Advisory: Concurrent enrollment in ESL 530C or 830C and ESL 522T or ESL 522F (or ESL 822T or ESL 822F)
Hours: 54 lecture
Intermediate-high course for non-native speakers. Course topics for college, community, and career may include authentic academic lectures, TED talks, and media such videos to develop oral language production and listening comprehension using level-appropriate vocabulary and grammar. (pass/no pass grading) (noncredit)

ESL 0830S. Intermediate-High Level Skills for Success
Units: 0
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 520S with grade of "C" or better, or completion of ESL 820S with grade of "Pass"
Advisory: Concurrent enrollment in ESL 530C or 830C and ESL 522T or ESL 522F (or ESL 822T or ESL 822F)
Hours: 18 lecture
Integrated skills course for non-native speakers to support student success in ESL 830C. Topics include writing and editing, grammar assessment and improvement, vocabulary development, support services and success strategies. (pass/no pass grading) (noncredit)

ESL 0832G. Intermediate-High Grammar
Units: 0
Prerequisite: Placement by matriculation assessment process or completion of ESL 520C or 522G with grade of "C" or better or ESL 820C or 822G with grade of "Pass"
Hours: 54 lecture
Intermediate-high grammar skills for non-native English speakers with focus on error correction, verbs, clauses, and complex sentence structure. (pass/no pass grading) (noncredit)

Program Student Learning Outcomes (PSLOs)
- Integrate form and usage to produce and understand level-appropriate written and oral English discourse following language conventions, and using acceptable grammatical forms, word order and purpose.
- Devise meaning accurately from aural discourse and orally construct sociolinguistically appropriate and accurate language for community, vocational, and academic functions using authentic, level-appropriate language and skills.
- Decode, comprehend, and analyze English texts applying lexical and reading skills and strategies for intensive and extensive purposes.
- Compose level-appropriate academic writing in English applying developmental, organizational, grammatical, lexical and mechanical skills through the use of the writing process.
- Expand English language skills for workplace and community needs.

Overview
The Environmental Sciences and Sustainability program at Sierra College provides students with the opportunity to meet the requirements to transfer to four-year colleges in the environmental fields including Environmental Studies and Environmental Science. The program provides students with a common interdisciplinary base with which to address issues of environmental health, sustainability and global stewardship. Students will have the opportunity to apply principles from a range of fields including the physical and life sciences, social sciences and philosophy, as well as technical skills utilized in ecosystem assessment and the expanding field of solar energy.

Faculty

- Environmental Studies (p. 137)

Environmental Science for Transfer
AS-T Degree
This program provides students with a strong foundation in environmental sciences. Upon completion of this degree, students will be able to identify and describe the essential components of earth’s natural environment.
its physical, biological, energy-related, and ecological elements; describe and analyze core environmental problems, their causes and consequences, and practical solutions; evaluate and apply principles of sustainability to human activity on earth; apply the scientific method to design, conduct experiments, and test hypotheses; critically evaluate and interpret environmental information; and, as informed and responsible individuals, evaluate contemporary environmental issues that have social and/or ethical implications.

The Associate in Science in Environmental Science for Transfer degree (AS-T) prepares students to transfer into the CSU system to complete a bachelor's degree in environmental sciences, or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing within the CSU system. Students are also given priority admission consideration to their local CSU campus but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor's degree.

Successful completion of the Environmental Science for Transfer curriculum will prepare students for transfer to four-year colleges or universities. The major has been designed to meet lower-division requirements for certain majors at transfer institutions. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

To earn the Associate in Science in Environmental Science for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of “C” or better; and
- completion of the Intersegmental General Education Transfer Curriculum for Science, Technology, Engineering, and Mathematics (IGETC for STEM) (http://catalog.sierracollege.edu/student-resources/general-education/intersegmental-general-education-transfer-curriculum-igetc/) pattern.1 Students transferring to a CSU campus must complete Area 1C Oral Communication to be eligible for admission.

NOTE: The California State University General Education Breadth pattern (CSU GE) is NOT an option for this degree.

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

### Total Units: 41-45

#### Environmental Sciences

**AS Degree**

Successful completion of the Environmental Sciences curriculum will prepare students for transfer to four-year colleges or universities in areas including environmental studies and sciences, wildlife conservation biology, ecology, forestry, toxicology, waste management, and others. Environmental Sciences is the combination of biological, chemical, geological, and mathematical principles as they apply to the environment and environmental problems. Commonly, environmental science is thought of as the study of solving these problems, such as degradation and pollution of the environment, that may have been caused by humans. Environmental science also focuses on preserving and managing natural resources. The major has been designed to meet lower-division requirements for Environmental Sciences majors at transfer institutions. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

Environmental Studies

AA Degree

Successful completion of the Environmental Studies curriculum will prepare students for transfer to four-year colleges or universities in areas including sustainability, environmental policy, regulations and law, land use planning, environmental education, environmental justice, and others, or entry level positions in related fields. While there is a required foundation of environmental science, ecology and conservation, the environmental studies degree includes more emphasis on the political, economic, and social aspects related to the environment and sustainability rather than the biological, chemical geological and mathematical aspects. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:
Sierra College Associate Degree Requirements (http://catalog.sierracollege.edu/student-resources/general-education/associate-degree-requirements/);

California State University General Education Breadth (http://catalog.sierracollege.edu/student-resources/general-education/california-state-university-general-education-breadth-requirements/) pattern;

Intersegmental General Education Transfer Curriculum (IGETC) (http://catalog.sierracollege.edu/student-resources/general-education/intersegmental-general-education-transfer-curriculum-igetc/).

Count Units 21-26

1 A maximum of 2 units may be taken from the BIOL 0016, BIOL 0017, BIOL 0023 and ESCI 0016, 0054 and 0055 field studies courses.

Courses

Understanding course descriptions (p. 312)

ESS 0001. Introduction to Environmental Sciences and Sustainability

Units: 3

Formerly known as INT 1

Advisory: Eligibility for ENGL 1A

Hours: 54 lecture

A study of the natural world and how it is influenced by human activity. This course will introduce and analyze the scientific basis of major environmental issues and evaluate potential solutions within the context of diverse human cultures and societies. Topics include principles of physical and biological systems, biogeochemical cycles, global climate, natural laws, land, air and water resources, consumption and waste, pollution, toxicology, human population growth, and sustainability on a local, regional and global level. (CSU, UC)
ESS 0001L. Introduction to Environmental Science Laboratory
Unit: 1
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in ESS 1
Hours: 54 laboratory
Hands-on, inquiry-based learning in topics associated with environmental science. Laboratory and field studies including applications of physical science principles, ecological studies, and exposure to sustainability issues related to human society. Promotes critical thinking, problem solving, scientific and environmental literacy. May include field trip(s) during or in lieu of lab time. (CSU, UC)

ESS 0006. The Sierra Nevada
Units: 3
Formerly known as INT 6
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Integrated study of the Sierra Nevada including its physical attributes, geological characteristics, origin and development, flora and fauna, water resources, historical and economic significance, and influences on literature, art, and culture. Includes contemporary environmental, economic, and management issues in the Sierra. (CSU, UC)

ESS 0006F. Sierra Nevada Field Trip
Units: 0.5-1
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in ESS 6
Hours: 18 lecture per unit
Field lecture course designed to be taken concurrently with ESS 6. A field study of selected sites in the Sierra Nevada ecoregion, comparing their biological inventory, ecological relationships, physical environments, and sensitivity to human interactions and activities. Moderate hiking and/or camping may be involved. (CSU)

ESS 0007. Energy, Environment, and Climate
Units: 3
Also known as ESCI 7
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Analysis of the nature of energy and the environmental impact of its societal use in the context of Earth’s record of changing climate. Explores current global climate change due to post-1750 greenhouse gas emissions and strategies for mitigation and adaptation to changing climate predictions, emphasizing future alternative energy sources. Designed for students majoring in areas related to the environmental sciences and/or those interested in developing a substantiated understanding of the role played by citizens in ensuring a healthy environment for future generations. (CSU, UC)

ESS 0008. California Water
Units: 4
Hours: 108 (54 lecture, 54 laboratory)
Interdisciplinary examination of California water ecosystems, infrastructure, uses, and impacts. Students will learn about: hydrology; aquatic ecosystems including rivers, lakes, wetlands, estuaries, and marine environments; water infrastructure including dams, levees, aqueducts, and wastewater treatment facilities; groundwater recharge, withdrawal, use and impacts; the role of water in agricultural, urban, environmental and political systems; water quality; water storage and transfers; water policy; and conflicts arising from water scarcity. May include field trips during or in lieu of lab time. Students may be required to provide their own transportation. (CSU, UC)

ESS 0010. Conservation of Natural Resources
Units: 3
Formerly known as AGRI 190 and NATR 10
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Use and protection of natural resources, including soil, water, forest, mineral, plant, and animal life. Ecological principles, history of the conservation movement, modern problems in resource use, and the citizen’s role in conservation. (CSU, UC)

ESS 0013. Environmental Regulations
Unit: 1
Formerly known as BIOL 13A
Advisory: Completion of BIOL/ESS 14, ESS 1 or ESS 10 with grade of "C" or better
Hours: 18 lecture
Survey of major California environmental regulations and relevant federal regulations. Designed using case study analyses to explore environmental laws applicable to water, land and air resources. (CSU)

ESS 0014. Natural History, Ecology and Conservation
Units: 4
Also known as BIOL 14
Advisory: Eligibility for ENGL 1A
Hours: 108 (54 lecture, 54 laboratory)
Introduction to the study of biology and ecology of organisms and ecosystems of the world, with an emphasis on California. Special focus on significance of functioning ecosystems and human influence on biological environment. (CSU, UC)

ESS 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

ESS 0095. Internship in Environmental Studies and Sustainability
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses. (CSU-with unit limitation)

Program Student Learning Outcomes (PSLOs)
- Identify and describe the essential components of earth's natural environment, the physical, chemical, and biological components of the earth's systems, and show how they function.
- Describe and analyze core environmental problems, their causes, consequences, and practical solutions.
- Appreciate the ethical, cross-cultural, and historical context of environmental issues and the links between human and natural systems.
- Investigate the role of governmental policy, citizen involvement, and/or ethics/values/morals in influencing human interaction with the environment.
• Demonstrate an integrative, interconnective and interdisciplinary approach to environmental issues, with a focus on sustainability.

Ethnic Studies

Overview

Ethnic Studies is an interdisciplinary program of study that focuses on the experiences, contributions, and knowledge produced by historically underrepresented racially minoritized groups in the United States; with an intersectional focus on Native Americans, Black/African Americans, Asian Americans and the Chicana & Latina communities. The Ethnic Studies department houses the Chicana/o Studies Associated of Arts Degree.

TRANSFER MAJOR REQUIREMENTS in Ethnic Studies (including Black/African American Studies, Native American Studies, Asian American Studies, & Chicana/o Studies) are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements. Positions for which four-year graduates in Ethnic Studies are qualified include careers in the public, private, and nonprofit sectors, and other helping professions.

Degrees/Certificates

Associate Degrees

• Chicana and Chicano Studies (p. 140)
• Social and Behavioral Sciences (p. 141)

Chicana and Chicano Studies

AA Degree

The Chicana and Chicano Studies (CHS) program at Sierra College offers students an interdisciplinary approach to a growing and dynamic field of study that draws from Anthropology, Art, History, Literature, Political Science, Psychology, Social Science, Sociology and Spanish. The Chicana and Chicano Studies Program prepares students for further study in Chicana and Chicano Studies or a social science or humanities course of study leading to BA, MA, and/or Ph.D. degrees. Chicana and Chicano Studies provides students with career opportunities in education, social work, law, public administration, community development, the arts, ecology, health, law enforcement, and business. Upon completion of the program, students will use critical thinking to gain a greater understanding of the diverse and complex experiences of persons who identify as American Latino, Chicana, Chicano, Chicanx, Xicana, Xicano, Chican@, Hispana, Hispanic, Hispano, Indio-Hispano, Latina, Latino, Latinx, Mexican American, South/Caribbean or Central American. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

• Sierra College Associate Degree Requirements (p. 292);
• California State University General Education Breadth (p. 300) pattern;
• Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

**Social and Behavioral Sciences**

**AA or AS Degree**
(formerly Social Science)

The Social and Behavioral Sciences degree provides students with a broad perspective on human behavior. Successful completion of the curriculum in Social and Behavioral Sciences offers students a breadth of knowledge that could be focused into single discipline degrees as well as applied to an interdisciplinary degree. By drawing from a select group of disciplines, students will study about themselves and others as members of a larger society. Topics and discussions strengthen students’ ability to gather and apply information, evaluate how societies and social subgroups operate, gain knowledge to apply to life and think critically. The courses emphasize a span of social and behavioral disciplines. Students should choose the emphasis appropriate to their transfer institution or areas of interest. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

ETHN 0003. Race, Ethnicity and Inequality
Units: 3
Also known as SOC 3
Hours: 54 lecture
Examines the historical and contemporary impacts of the social constructs of race and ethnicity in the United States. Closely analyzes racial and ethnic inequalities within social institutions such as politics, economics, education, housing, health and medicine, and criminal justice. Explores anti-racist movements, strategies, and practices to eliminate racial and ethnic inequality. (CSU, UC)

ETHN 0011. Introduction to Ethnic Studies
Units: 3
Formerly known as SSCI 10
Hours: 54 lecture
Introduction to the diverse cultural, social, economic, historical, and political issues relating to the past and present experiences and life circumstances of Asian Americans, Latinx Americans, Black Americans, and Native Americans, along with other racial and ethnic groups. From a socio-historical perspective, the intersections of race and ethnicity with class, gender, sexuality, religion, spirituality, national origin, immigration status, ability, and age will be explored. (CSU, UC)

ETHN 0013. Dialogues in American Culture
Units: 3
Formerly known as SSCI 13
Hours: 54 lecture
Introduces students to a variety of contemporary topics through guest lectures and discussions. Explores the rich diversity of people, cultures, and opportunities within America, emphasizing theoretical and practical understanding of diversity. Employing a wide range of interdisciplinary social and behavioral science perspectives. The lecture-discussions and films explore topics including ethnicity, aging, (dis) ability, social class, gender, sexual orientation, religion, race, identity, politics and science. (CSU, UC)

ETHN 0018A. The African American Experience in American History to 1877
Units: 3
Also known as HIST 18A
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
History of African Americans from the pre-European West African city state kingdoms to the end of Reconstruction; major events in America’s development emphasizing the role of people of African descent in the political, social and economic life of the United States; the institution of slavery; free blacks in the North and the abolitionist movement. (CSU, UC)

ETHN 0018B. The African American Experience in American History since 1877
Units: 3
Also known as HIST 18B
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
History of African Americans in the United States since the Civil War; major events in America’s development emphasizing the role of people of African descent in the political, social and economic life of the United States; Reconstruction; Jim Crow era; Booker T. Washington and W.E.B. DuBois; the Civil Rights Movement; and African Americans in the Reagan-Bush and Clinton eras. (CSU, UC)
ETHN 0020. Introduction to African American Studies  
Units: 3  
Formerly known as SSCI 20  
Hours: 54 lecture  
Introduction to the study of African American culture and experience in the United States. Places the African American experience at the center of the discourse and incorporates methodology from other disciplines that serve as a foundation for integrative and comparative perspectives. A critical examination of the African American experience and its antecedents. (CSU, UC)  

ETHN 0023. Chicano/Mexican American History  
Units: 3  
Also known as HIST 23  
Hours: 54 lecture  
Comprehensive survey of the history of Mexican Americans, from the Pre-contact era to the present. Emphasis on experiences and contributions of Chicanas/os in the United States regarding culture, economy, government, law, education and politics. Includes a study of the United States Constitution. (CSU, UC)  

ETHN 0025. Native American History  
Units: 3  
Also known as HIST 25  
Hours: 54 lecture  
History of Native American nations and peoples from Pre-Contact to the present. Covers the impact of European contact, trade, and colonization; examines the effects of United States political, economic, and social policies on Native Americans throughout U.S. history with an emphasis on the U.S. Constitution and Federal Indian Law. Emphasis on Native American peoples’ attempts to protect their sovereignty, retain their cultural identity, and revitalize their societies across time. (CSU, UC)  

ETHN 0028. Independent Study  
Units: 1-3  
Formerly known as SSCI 28  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)  

ETHN 0030. Introduction to Chicano/o Studies  
Units: 3  
Formerly known as SSCI 16  
Hours: 54 lecture  
Introductory study of the Mexican American/Latino experience in the United States. Offers an interdisciplinary approach to the examination of art, literature, film, language, ethnomusicology, culinary culture, folklore, religion, gender and immigration. Examines race, ethnicity and culture in the Chicano/Latino community and the creation of Ethnic Studies programs in the United States. (CSU, UC)  

ETHN 0035. Immigrants and Refugees in America: The European Experience  
Units: 3  
Formerly known as SSCI 35  
Hours: 54 lecture  
Survey of immigration, acculturation, assimilation and cultures of peoples from northern, western, southern, eastern and central Europe. Includes a comparative overview of pre-immigration, immigration and post-immigration experiences of the people from these groups to the United States. (CSU, UC)  

ETHN 0045. Native American Cultures and the Impact of Federal Policy  
Units: 3  
Formerly known as SSCI 45  
Hours: 54 lecture  
In-depth study of Native American cultures and the impact of state and federal laws pertaining to tribal sovereignty and self-governance. Covers the effects of and resistance to colonization and cultural appropriation upon Native American cultures and religions. Students gain a practical understanding of the legal, political and cultural challenges faced by Native American tribal nations in our own region and across the country. (CSU, UC)  

ETHN 0047. Introduction to Hip Hop and Social Justice  
Units: 3  
Also known as SOC 47  
Hours: 54 lecture  
Defining Hip Hop as both a noun and a verb, this course takes a critical look at the history, role, and influence of Hip Hop on social reality. Evaluates both the impact Hip Hop has had on culture and the manipulation of Hip Hop within social institutions. Builds a framework of understanding for socio-political and cultural conditions in exploring Hip Hop as a vehicle to social change and justice. (CSU, UC)  

ETHN 0050. Ethnic Images in Film  
Units: 3  
Formerly known as SSCI 50  
Hours: 54 lecture  
Interdisciplinary approach to study the intersections of ethnic culture, race, socio-economic class, and gender in the United States through the medium of film. Examines film content for representation and accuracy, the multiple dimensions of media stereotypes, and the authenticity of diverse ethnic experiences with particular emphasis on gender, race and class. Note: not a course in film making or film criticism. (CSU, UC)  

ETHN 0053. Introduction to Native American Studies  
Units: 3  
Formerly known as SSCI 41  
Hours: 54 lecture  
Survey of the cultures of Native American people of North America focusing on the social, religious, economic, and artistic nature of various native groups. Examination of the antiquity, distribution, and linguistic history of native cultures. Addresses the contemporary status of native cultural traditions taking into account social change and adaptation. Emphasis on geographic, cultural, historical, and botanical environment of local native cultures. An optional field trip may be included. (CSU, UC)  

Program Student Learning Outcomes (PSLOs)  
• Read and discuss the influences of race, ethnicity, religion, economic status, gender, and sexual orientation.  
• Evaluate and examine theories of race relations and the persistence of racism, classism, and sexism.  
• Analyze the concepts of individual/institutional racism, cycles of oppression, matrix of domination and policies of exclusion.  
• Identify, recognize and appreciate the extensive contributions of historically marginalized people in the formation of the U.S.

Fashion Industries
AS Degree and/or Certificate of Achievement
The Fashion Industries program is designed to provide students with the necessary background for a variety of careers in the fashion industry or as a basis for advanced study. For the degree, students must fulfill the following major requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

• Sierra College Associate Degree Requirements (p. 292);
• California State University General Education Breadth (p. 300) pattern;
• Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

Fashion Design
Skills Certificate
Designed to give students basic support knowledge and abilities required to enter the workforce. Focuses on skills relative to the fields of fashion design, fashion consulting, alterations, wardrobe styling and personal
Shopping. This is a specialty skills certificate designed to provide career
technical skills; it is not equivalent to an associate degree.

Total Units 15

Courses

Understanding course descriptions (p. 312)

FASH 0001. Introduction to Fashion

Units: 3

Hours: 54 lecture

Exploration of the diversity and complexities of the fashion business. Career opportunities and qualifications are studied. The relationship between the fashion world and the public, including sources of fashion, influences on fashion, and fashion prediction and promotion, are addressed. (CSU)

FASH 0002. Fashion Analysis and Selection

Units: 3

Hours: 54 lecture

Consideration of the psychological, sociological, and physical factors which have an impact on dress. Principles of design as they relate to clothing and appearance. Consumer issues related to the selection and use of clothing. (CSU)

FASH 0003. Textiles

Units: 3

Hours: 54 lecture

Introduction to the study of characteristics and uses of natural and synthetic fibers and fabrics. Emphasizes evaluation and selection of textile products. (CSU, UC)

FASH 0004A. Basic Clothing Construction

Units: 3

Hours: 108 (27 lecture, 81 laboratory)

Techniques of garment construction; use of commercial patterns, pattern alterations, and fitting techniques; comparison of construction techniques and costs between ready-to-wear and custom-made clothing; the social and psychological aspects of clothing selection, with emphasis on basic design principles. (CSU)

FASH 0004B. Intermediate Clothing Construction

Units: 3

Prerequisite: Completion of FASH 4A with grade of "C" or better

Hours: 108 (27 lecture, 81 laboratory)

Intermediate and advanced techniques of garment construction. Designed for individuals with basic knowledge of sewing principles. Development and improvement of skills in working with designer patterns; techniques of handling specialty fabrics, including knit fabrics; use of sergers. (CSU)

FASH 0007. Fashion Promotion

Units: 3

Hours: 54 lecture

Emphasis on the role of promotion in the selling and advertising of fashion goods. All avenues of fashion promotion explored and evaluated including: advertising, publicity, special events, fashion show production, direct marketing and target market research. Promotion skills developed through the planning and promotion of special events. (CSU)

FASH 0008. Fashion Illustration

Units: 3

Hours: 108 (36 lecture, 72 laboratory)

Illustration techniques with emphasis on figure proportions used in the fashion industry. Various media used to communicate fashion and apparel details. Illustration software presented with focus on technical drawings. (CSU)

FASH 0012. Fashion History

Units: 3

Advisory: Completion of ENGL N with grade of "C" or better

Hours: 54 lecture

Fashion and adornment through the ages to the present. Emphasis on the historical flow and how fashion themes are reinterpreted or influence designs in later periods including the present. Provides a basis for understanding and appreciating fashion as well as how the times and environment affect styling, colors, fabric and details. Field trip may be required. (CSU)

FASH 0013. Buying for the Fashion Industry

Units: 3

Hours: 54 lecture

Examines the roles and responsibilities of fashion industry buyers and merchandising managers that must balance the needs of retailers, objectives of vendors, and preferences of consumers. The roles of trend forecasting, inventory analysis and assortment planning are discussed as they relate to the fashion industry. Introduction to domestic and international fashion markets and market weeks. Prepares students for fashion industry careers as vendors, buyers, or retailers of fashion goods and services. (CSU)
FASH 0014. Visual Merchandising
Units: 3
Hours: 72 (36 lecture, 36 activity)
Introduces contemporary display techniques, equipment, and materials for designing three-dimensional product presentations within the retail environment. Emphasis is placed on fashion items and includes the use of mannequins and dress forms. Students complete a window display on campus. Field trips required. (CSU)

FASH 0015. Clothing and Culture
Units: 3
Hours: 54 lecture
Study of clothing and its relationship to culture, society, and the individual. The psychological and sociological influences of dress, the physical aspects of appearance, and the influences of gender, sexuality, ethnicity, and class on the development of personal identity are explored through the study of style in traditional cultures, popular culture and everyday life. (CSU)

FASH 0016. Fashion Portfolio Development
Units: 3
Prerequisite: Completion of FASH 4A, 7, 8, and 14 with grades of "C" or better
Hours: 72 (36 lecture, 36 activity)
Creation and use of fashion portfolio for college transfer to a four year school and/or job interviews in the fashion industries. Students brand and market themselves highlighting individual skills and strengths. Exploration of different presentation styles includes print and digital material. As a culmination of study, students present the portfolio in interview format as final project. For advanced students. (not transferable)

FASH 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

FASH 0095. Internship in Fashion
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Program Student Learning Outcomes (PSLOs)
- Demonstrate theoretical and practical knowledge of fashion design and merchandising.
- Create elements of fashion merchandising and design that reflect creative expression.
- Critique elements and principles of design in Fashion design and merchandising.
- Develop skills in teamwork through group projects.
- Use computer skills to work with fashion industry software.

Overview
The Fire Technology program prepares students for a career in the fire service and provides educational and training opportunities for employed and volunteer firefighters.

The Associate Degree and Certificate programs incorporate the standardized Fire Technology curriculum identified by the offices of the California State Chancellor and State Fire Marshal. Elective courses are those developed under the guidelines of related fire service training and educational programs such as CFSTES (California Fire Service Training and Education System), DOT (Department of Transportation), FEMA (Federal Emergency Management Agency), F.S.T.E.P. (Fire Service Training and Education Program) and NFA (National Fire Academy).

Most Fire Technology courses, up to 30 units, may be transferred to CSU.

- Nevada/Placer County (East Side) Training Officers, Nevada and Placer Counties, CA
- Placer County Fire Chiefs, Placer County, CA
- Placer County Training Officers, Placer County, CA
- USFS-Tahoe National Forest, Nevada City, CA

Firefighter Academy
The Firefighter Academy is offered through partnerships with the Placer and Nevada County Fire Chiefs’ Associations and The City of Roseville Fire Department. Sierra College is recognized by the California State Fire Marshal and the State Board of Fire Services as an Accredited Regional Training Program.
Required Academy prerequisites are FIRE 0001 and HSCI 0002. Students accepted into the Academy must enroll in FIRE 0100 (576 hours) and FIRE 0100A (80 hours).

The Firefighter Academy is offered in two different formats: 1) Full-time Monday through Friday and 2) an extended format (evenings and weekend classes), which enables students to maintain employment while preparing for a career in the fire service. The fall Academy is held late July through December, in the spring, January through May, and at our Nevada County Campus January to May. The required 80% academic standard for the Firefighter I Academy is rigorous. Candidates need to be aware at the outset that this will place extraordinary demands on their time and resources.

Individuals completing the Academy and passing the certification testing process (FIRE 101), which includes State Fire Training didactic and manipulative skills testing, may obtain their State and National certified Firefighter I Certificate. The Fire Academy also incorporates all Firefighter II training requirements and after successfully completing the certification testing process, the task book and experience requirement, one year as a volunteer or reserve firefighter or six months as a full-time paid firefighter with a California fire department, candidates may obtain Firefighter II certification. The California State Fire Marshal's Firefighter I and II curriculum is nationally accredited by the International Fire Service Accreditation Congress (IFSAC) and the National Board on Fire Service Professional Qualifications (Pro Board). Other Certificates of Training awarded upon completion of the Academy include: (subject to change)

- Introduction to the Incident Command System—IS 100 and IS 200
- National Incident Management System (NIMS) IS 700A, and IS 800
- Confined Space Awareness
- Hazardous Materials First Responder—Operational
- Hazardous Materials First Responder—Decontamination
- Fire Control 3B
- Fire Control 4
- Firefighter Survival
- Vehicle Extrication
- CAL FIRE Basic Wildland Firefighter
- S-130 Basic Wildland Firefighter
- S-190 Beginning Fire Behavior
- L-180 Human Factors in the Wildland Fire Service
- S-134 LCES

Acceptance into the Fire Academy is by an application process which includes a physical examination upon acceptance into the Academy. Applications for the Academy are available in April for the fall academy and October for the spring academy.

**Firefighter II ACADEMY**

This course is designed to meet the State Fire Marshal's training and certification requirements for Firefighter II.

**Firefighter II Academy**

This course is designed to meet the State Fire Marshal's training and certification requirements for Firefighter II.

**Fire Company Officer Courses**

The following Fire Technology courses are part of the State Fire Marshal's certification track for FIRE OFFICER. These courses are designed for individuals currently employed as professional or volunteer firefighters. Individuals without this experience will be unable to contribute to the educational process and utilize the information in a timely manner.

Degrees/Certificates

Associate Degree

- Fire Company Officer (p. 148)
- Fire Technology (p. 148)

Certificate of Achievement

- Fire Academy (p. 149)
- Fire Company Officer (p. 149)
- Fire Technology (p. 148)

Skills Certificate

- Firefighter II (p. 150)

Fire Company Officer

AS Degree

Successful completion of the Degree, Fire Officer/Company Officer, prepares the student with the knowledge, skills and abilities necessary to promote and be a successful first-line supervisor. The program includes California State recognized course work that directly benefit students who may wish to promote within the fire service to supervisory position. Some variation in degree requirements may exist for a particular program; therefore, it is essential that students refer to the catalog of their intended institution and contact a counselor to ensure that all required coursework is completed. For the degree, students must fulfill the following major requirements with grades of “C” or better; complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC). (p. 307)

A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

### Fire Academy Certificate of Achievement

This certificate program provides a comprehensive understanding of the skills necessary for successful employment in the Fire Service industry. This program is designed to meet the needs of students interested in seeking entry-level firefighting positions by completing a California State Fire Training Accredited Region Training Fire Academy. Fire Academy Certificate of Achievement Certification includes the completion of FIRE 0100 and FIRE 0100A. Correquisites for FIRE 100 include: FIRE 1 and HSCI 2 (Fire Protection Organization & Emergency Medical Technician). Career opportunities include: Seasonal Firefighter, Intern Firefighter, Volunteer Firefighter, and Career Firefighter. A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

### Fire Company Officer Certificate of Achievement

This certificate program provides a comprehensive understanding of the skills necessary for success as a Company Officer/first line supervisor in the Fire Service industry. This program is designed to meet the needs of in-service professionals interested in promoting to a supervisory position and for those seeking to advance their knowledge in this area. Fire Company Officer Certificate of Achievement Certification includes the completion of the courses listed below. Career opportunities include: Fire Captain, Fire Engineer/Driver-Operator, or Lieutenant.

A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

Courses
Understanding course descriptions (p. 312)

FIRE 0001. Fire Protection Organization
Units: 3
Hours: 54 lecture
Provides an overview to fire protection and emergency services; career opportunities in fire protection and related fields; culture and history of emergency services; fire loss analysis; organization and function of public and private fire protection services; fire departments as part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protection systems; introduction to fire strategy and tactics; life safety initiatives. (C-ID FIRE 100X) (CSU-with unit limitation)

FIRE 0003. Fire Behavior and Combustion
Units: 3
Advisory: Completion with grade of "C" or better or concurrent enrollment in FIRE 1
Hours: 54 lecture
Theory and fundamentals of how and why fires start, spread, and are controlled; an in-depth study of fire chemistry and physics, fire characteristics of materials, extinguishing agents, and fire control techniques. (C-ID FIRE 140X) (CSU-with unit limitation)

FIRE 0004. Fire Protection Equipment and Systems
Units: 3
Advisory: Completion with grade of "C" or better or concurrent enrollment in FIRE 1
Hours: 54 lecture
Provides information relating to the features of design and operation of fire alarm systems, water-based suppression systems, special hazard fire suppression systems, water supply for fire protection and portable fire extinguishers in accordance with local, state and national guidelines. (C-ID FIRE 120X) (CSU-with unit limitation)

FIRE 0005. Fire Prevention Technology
Units: 3
Advisory: Completion with grade of "C" or better or concurrent enrollment in FIRE 1
Hours: 54 lecture
Fundamental knowledge relating to the field of fire prevention. Topics include: history and philosophy of fire prevention; organization of a fire prevention bureau; use and application of codes and standards; plans review; fire inspections; fire and life safety education; and fire investigation. (C-ID FIRE 110X) (CSU-with unit limitation)

FIRE 0007. Fundamentals of Fire Service Operations
Units: 3
Advisory: Completion with grade of "C" or better or concurrent enrollment in FIRE 1
Hours: 54 lecture
Fundamentals of fire department organization, management, and resources, and the use of those resources to control various emergencies. Includes safety, operational considerations, evaluation of tactics and strategies with a focus on making behavioral changes for positive outcomes. (CSU-with unit limitation)

FIRE 0008. Building Construction for Fire Protection
Units: 3
Advisory: Completion with grade of "C" or better or concurrent enrollment in FIRE 1
Hours: 54 lecture
Components of building construction related to firefighter and life safety. Elements of construction and design of structures as key factors when inspecting buildings, preplanning fire operations, and operating at emergencies. (C-ID FIRE 130X) (CSU-with unit limitation)

FIRE 0010. Principles of Fire and Emergency Services Safety and Survival
Units: 3
Hours: 54 lecture
Introduces the basic principles and history related to the national firefighter life safety initiatives, focusing on the need for cultural and behavior change throughout the emergency services. (C-ID FIRE 150X) (CSU-with unit limitation)

FIRE 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU-with unit limitation)

FIRE 0050. Basic Wildland Firefighter Training
Units: 3
Hours: 61 (54 lecture, 7 laboratory)
Training in proper techniques to effectively and safely perform as a member of a fire crew in controlling and suppressing wildfire. Includes physics of fire behavior, complexities and inter-relationships of weather, topography, and wildland fuel beds in fire behavior, Incident Management Organization, personal safety, situational awareness and hazard recognition. Meets NWCG S-130, S-190, S-134, L-180 and I-100 requirements. (CSU-with unit limitation)

FIRE 0073. Fire Hydraulics
Units: 3
Hours: 54 lecture
Investigate the principles and characteristics of water and water flow, water supply systems, fire apparatus and pumps, and fire streams. Review of applied mathematics; hydraulic laws; and application of formulas and mental calculation to hydraulics and water supply problems, as applied to the fire service. (CSU-with unit limitation)
FIRE 0074. Fire Apparatus and Equipment  
**Units:** 3  
Advisory: Completion with grade of "C" or better or concurrent enrollment in FIRE 1  
Hours: 54 lecture  
Principles and techniques for maintaining and operating fire service pumping and other mobile apparatus. Fire service equipment and apparatus troubleshooting; principles and techniques of preventive maintenance; construction and operation of fire service pumps and pump accessories; basic highway operating techniques for fire apparatus; fire apparatus specifications and testing procedures. (CSU-with unit limitation)

FIRE 0075. Wildland Fire Control  
**Units:** 3  
Hours: 54 lecture  
Principles and techniques of wildland fire prevention, behavior, control, and suppression. Covers legal areas of wildland fire protection, mutual aid, fire investigating and reporting methods, and ecology factors of wildland and urban interface fires. Complies with S-190, Basic Wildland Fire Behavior certification. (CSU-with unit limitation)

FIRE 0078. Fire Tactics and Strategy  
**Units:** 3  
Prerequisite: Completion of FIRE 1 with grade of "C" or better or equivalent as determined by the Fire Technology Program Coordinator  
Hours: 54 lecture  
Provides the principles of fire control through utilization of manpower, equipment, extinguishing agents, fire command and control procedures. (C-ID FIRE 160X) (CSU)

FIRE 0079. Fire Investigation  
**Units:** 3  
Advisory: Completion of FIRE 1 and 8 with grades of "C" or better  
Hours: 54 lecture  
Introduces the general practices involved in fire investigation. Topics include determining the cause of fires (accidental, suspicious, and incendiary); types of fires; related laws; introduction to incendiary fires; motives for starting fires; recognizing and preserving evidence; interviewing witnesses and suspects; and arrest, detention, and court procedures. (CSU)

FIRE 0080. Introduction to Public Safety Dispatch  
**Units:** 3  
Also known as ADMJ 78 and HSCI 80  
Hours: 54 lecture  
Overview of the critical role of the Public Safety Dispatcher as first point-of-contact for coordinating emergency responses; exploration of advancements in telecommunications and emergency notifications systems; use of proper radio codes and crisis-intervention techniques used to calm and communicate with distraught callers; awareness of job requirements and hiring process for career pathways in Public Safety Dispatching. (CSU)

FIRE 0095. Internship in Fire Technology  
**Units:** 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

FIRE 0097. Ethical Leadership in the Classroom  
**Units:** 0.5  
Formerly known as FIRE 639  
Hours: 9 lecture  
An examination of fundamental ethical values of fire service instructors by exploring examples of ethical behavior in the classroom environment. Includes basic concepts, terms and theories of ethical decision making, code of ethics, and concepts in ethical leadership. (C-ID FIRE 251X) (CSU)

FIRE 0098. Fire Technology Career Pathways  
**Units:** 2  
Hours: 40 lecture  
Career exploration in fire technology. Includes educational planning of available degree programs, labor market research, and the hiring process: development of a resume, background investigations, personal history statements, interview dynamics, and hiring examinations. (not transferable)

FIRE 0099. Introduction to Fire Academy  
**Unit:** 1  
Advisory: Completion of ENGL N with grade of "C" or better  
Hours: 32 (11 lecture, 21 laboratory)  
Designed to prepare students with the basic knowledge and skills necessary to succeed in the Firefighter I Academy. Topics include: ropes and knots, donning and doffing SCBA's, fire hose rolls and loads, physical fitness, fire department duties, responsibilities and conduct. (not transferable)

FIRE 0100. Firefighter Academy  
**Units:** 17  
Prerequisite: Completion of FIRE 1 and HSCI 2 with grades of "C" or better, possession of a current Emergency Medical Technician certificate, and submission of a physician's physical verification, including a spirometry test  
Corequisite: Concurrent enrollment in FIRE 100A  
Advisory: Completion of FIRE 99 with grade of "C" or better  
Hours: 580 (181 lecture, 399 laboratory)  
Designed for entry level firefighters. Approved by the California State Board of Fire Services and California State Fire Marshal's Office. Fulfills all educational and training requirements for Firefighter I and II. Leads to State and/or National Firefighter I certification and upon completion of experience requirement, certification of Firefighter II. Includes: Structural Firefighting, Wildland Firefighting, Hazardous Materials, Incident command system, Auto Extrication, and Firefighter Survival. Certificate of Completion issued with grade of "C" or better in both FIRE 100 and 100A. Physically demanding program. Materials fee required. (not transferable)

FIRE 0100A. Fire Academy Physical Training  
**Units:** 2.5  
Formerly known as KIN 97  
Corequisite: Concurrent enrollment in FIRE 100  
Hours: 80 (28 lecture, 52 laboratory)  
Designed for Firefighter I Academy Trainees, emphasizing lifetime fitness, principles of physical fitness, individual fitness programs, managing body composition, stress indicators and management, nutrition, and development of muscular strength and cardiovascular efficiency. (CSU)
FIRE 0101. Firefighter Certification Testing  
Unit: 1  
Prerequisite: Completion of FIRE 100 with grade of C or better or, 1) A signed statement by the agency’s Fire Chief or designee stating the sponsored student has completed all SFT training requirements and skills sheets for Firefighter-I, or 2) Documentation of approval from the California State Fire Training for a certification retest, or 3) Completion of a Firefighter I academy and applying for certification testing  
Hours: 56 (8 lecture, 48 laboratory)  
Prepares students to meet the State Fire Training (SFT) requirements for Firefighter I (FFI) and II (FFII) including the capstone knowledge and skills necessary to pass FFI FFII. Upon successful completion, students receive a pass letter from SFT and a FFI and FFII pass certificate from the college. (pass/no pass grading) (not transferable)

FIRE 0102. Firefighter II Training  
Units: 4.5  
Prerequisite: Certified Firefighter I or equivalent as determined by the Fire Technology Program Coordinator; possession of a current Emergency Medical Technician certificate; and submission of a physician’s physical verification, including a spirometry test  
Hours: 128 (56 lecture, 70 laboratory)  
Provides the skills and knowledge needed for the entry level firefighter to perform his/her duties safely, effectively, and competently. Covers general knowledge germane to the profession, fire department communications, fireground operations, rescue operations, prevention, preparedness and maintenance. (not transferable)

FIRE 0103. Cal Fire Basic Firefighter  
Units: 9  
Prerequisite: Completion of FIRE 170 with grade of “C” or better, and possess Public Safety First Aid and CPR certification or equivalent as determined by the Program Coordinator  
Hours: 219 (139.5 lecture, 79.5 laboratory)  

FIRE 0170. Hazardous Materials - Operational Level  
Units: 0.5,1  
Formerly known as FIRE 41  
Hours: 16 lecture for 0.5 unit; 24 lecture for 1 unit  
First responder course covering common alarms, roles and responsibilities, legal aspects, exposure and response safety, medical surveillance, recognition and identification, basic chemistry, personal protective equipment, scene management, preincident planning and table-top exercises. Meets federal and state training requirements. (CSU-with unit limitation)

FIRE 0171. Introduction to Wildland Fire Behavior S-190  
Units: 0.5  
Hours: 9 lecture  
Wildland fire behavior factors important for understanding fire spread principles and applying safe and effective suppression techniques. Meets standards prescribed by the National Wildfire Coordinating Group and the CA Incident Command Certification System for S-190 certification. (not transferable)

FIRE 0172. Intermediate Wildland Fire Behavior S-290  
Units: 2  
Prerequisite: Completion of FIRE 171 with grade of "C" or better or a certified S-190 course as prescribed by the National Wildfire Coordinating Group  
Hours: 40 lecture  
Aligns with S-290 Intermediate Fire Behavior of the National Wildfire Coordinating Group (NWCG). Provides professional development related to the topic of wildland fire behavior. Provides instruction in the identification and prediction of wildland fire behavior in various fuel types and under varying weather conditions. Prepares municipal, county, state, and federal fire personnel to meet certification standards set forth by the National Inter-agency Incident Management System. (C-ID FIRE 241X) (not transferable)

FIRE 0173. Hazardous Materials - Incident Commander  
Unit: 1  
Formerly known as FIRE 202  
Prerequisite: Completion of FIRE 241 with grade of "C" or better or a certified Hazardous Materials First Responder Operational course; and I-100 (Basic Incident Command System) or equivalent as determined by the Fire Technology Program Coordinator  
Hours: 24 lecture  
Provides participants with the capability to assume the role of Incident Commander, as defined in the Occupational Safety and Health Act Hazardous Waste Operations (OSHA HAZWOPR) regulation, during an emergency response to an actual or potential hazardous materials release. (C-ID FIRE 232X) (not transferable)

FIRE 0174. Human Resource Management for Company Officers - CO 2A  
Units: 2  
Prerequisite: Completion of FIRE 102 with grade of "C" or better or completion of California State Firefighter II educational requirements  
Completion of California State Firefighter II educational requirements  
Hours: 40 lecture  
Aligns with Company Officer 2A of the Company Officer Program. This course provides information on the use of human resources to accomplish assignments, evaluating member performance, supervising personnel, and integrating health and safety plans, policies, and procedures into daily activities as well as the emergency scene. (C-ID FIRE 200X) (CSU-with unit limitation)

FIRE 0175. General Administrative Functions for Company Officers - CO 2B  
Unit: 1  
Prerequisite: Completion of FIRE 102 with grade of "C" or better or completion of California State Firefighter II educational requirements  
Advisory: Completion of FIRE 174 with grade of "C" or better  
Hours: 24 lecture  
Aligns with Company Officer 2B of the Company Officer Program. Provides information on general administrative functions and the implementation of department policies and procedures and addresses conveying the fire department’s role, image, and mission to the public. (C-ID FIRE 210X) (CSU-with unit limitation)
FIRE 0176. Fire Inspections and Investigation for Company Officers - CO 2C
Units: 2
Prerequisite: Completion of FIRE 102 with grade of "C" or better or completion of California State Firefighter II educational requirements
Hours: 40 lecture
Designed for working firefighters. Provides information on conducting incident size-up, developing an initial plan of action involving single and multi-unit operations for various types of emergency incidents to mitigate the situation following agency safety procedures; conducting pre-incident planning; and developing and conducting a post-incident analysis. One of a series of courses required for Company Officer certification by California State Fire Training. (CSU-with unit limitation)

FIRE 0177. All-Risk Command Operations for Company Officers - CO 2D
Unit: 1.5
Prerequisite: Completion of California State Firefighter II educational requirements; completion of FIRE 173 and FIRE 241 with grades of "C" or better
Hours: 40 (24 lecture, 16 laboratory)
Designed for working firefighters. Provides information on conducting fire investigations to determine preliminary cause and to secure the incident scene and preserve evidence. (C-ID FIRE 220X) (CSU-with unit limitation)

FIRE 0178. Wildland Incident Operations for Company Officers - CO 2E
Unit: 1.5
Prerequisite: Completion of California State Firefighter II educational requirements; completion of FIRE 172 and FIRE 177 with grades of "C" or better or provide copies of S-290 (classroom delivery only) and HAZ MAT Incident Commander certifications, or equivalent as determined by the instructor
Hours: 40 (24 lecture, 16 laboratory)
Designed for working firefighters. Provides information on evaluating and reporting incident conditions, analyzing incident needs, developing and implementing a plan of action to deploy incident resources completing all operations to suppress a wildland fire, establishing an incident command post, creating an incident action plan, and completing incident records and reports. This Company Officer course is one of a series required for Company Officer certification by California State Fire Training. (CSU-with unit limitation)

FIRE 0179. Instructional Methodology - Instructor I
Unit: 1.5
Advisory: IS-100.B (Introduction to the Incident Command System) and IS-700.A (FEMA - National Incident Management System)
Hours: 40 (24 lecture, 16 laboratory)
Designed for working firefighters, this course provides information on developing lesson plans for instructional training, including preparing instructional aids, and evaluation instruments. The Instructor I is also able to adapt a lesson plan and complete the reporting requirements to the local jurisdiction. Course is one of a series required for Company Officer Certification by California State Fire Training. (CSU-with unit limitation)

FIRE 0180. Instructional Development - Instructor II
Unit: 1.5
Prerequisite: Completion of FIRE 179 with grade of "C" or better
Advisory: IS-100.B (Introduction to the Incident Command System) and IS-700.A (FEMA - National Incident Management System)
Hours: 40 (24 lecture, 16 laboratory)
Designed for those seeking to become fire service instructors and provides the skills and knowledge needed for the intermediate level professional instructor to perform his or her duties safely, effectively, and competently. At the end of this course, candidates for Instructor II certification are able to develop lesson plans and evaluation instruments, teach and deliver instruction, and evaluate and coach other instructors. The Instructor II is also able to analyze resources and formulate a program budget. (CSU-with unit limitation)

FIRE 0181. Fire Investigation 1A, Basic Fire Investigation
Units: 2
Formerly known as FIRE 154
Prerequisite: Completion of FIRE 3 with grade of "C" or better
Hours: 39.5 lecture
Designed for fire investigators and law enforcement officers responsible for conducting fire investigations. This course provides information on securing the fire scene and determining the origin and cause of the fire. Topics include responsibilities of a fire investigator, securing the fire ground, conducting an exterior and interior survey, analyzing fire patterns, interpreting individual fire patterns, discriminating the effects of explosions, examining and removing fire debris, reconstructing the area of origin, inspecting the performance of building systems. (not transferable)

FIRE 0182. Fire Investigation 1B, Evidence and Documentation
Units: 2
Formerly known as FIRE 154
Prerequisite: Completion of FIRE 181 with grade of "C" or better
Hours: 33.5 lecture
Designed for fire investigators and law enforcement officers responsible for conducting fire investigations. This course provides information on scene documentation and evidence collection/preservation. Topics include photographing the scene, diagramming the scene, constructing investigative notes, processing evidence and establishing chain of custody, processing victims and fatalities, selecting evidence for analysis, maintaining a chain of custody, preparing a fire investigation report, and disposing of evidence. (not transferable)

FIRE 0183. Fire Investigation 1C, Preparation for Legal Proceedings
Units: 2
Formerly known as FIRE 155
Prerequisite: Completion of FIRE 181, 182 and ADMJ 110 with grades of "C" or better
Hours: 40 lecture
Designed for fire investigators and law enforcement officers responsible for conducting fire investigations. This course provides information on legal considerations for a court proceeding. Topics include coordinating expert resources, formulating an opinion, presenting investigative findings, and testifying during legal proceedings. (not transferable)
FIRE 0190. Human Resource Management for Chief Fire Officers - 3A  
Unit: 1  
Prerequisite: Meet the educational requirements for Company Officer by one of the following: completion of FIRE 174, 175, 176, 177, 178, and 179 with grades of "C" or better; or completion of Office of the State Fire Marshal Company Officer 2A, 2B, 2C, 2D, 2E, and Instructor I courses; or equivalent as determined by the Fire Technology Program Coordinator.  
Hours: 26 lecture  
Designed for Company Officers advancing to the Chief Officer classification. Provides basic knowledge of human resource requirements related to the roles and responsibilities of a Chief Fire Officer. Includes developing plans for providing employee accommodation, developing hiring procedures, establishing personnel assignments, describing methods of facilitating and encouraging professional development, developing an ongoing education training program, developing promotion procedures, developing proposals for improving employee benefits, and developing a measurable accident and injury prevention program. (not transferable)

FIRE 0191. Budget and Fiscal Responsibilities for Chief Fire Officers - 3B  
Unit: 1  
Prerequisite: Meet the educational requirements for Company Officer by one of the following: completion of FIRE 174, 175, 176, 177, 178, and 179 with grades of "C" or better; or completion of Office of the State Fire Marshal Company Officer 2A, 2B, 2C, 2D, 2E, and Instructor I courses; or equivalent as determined by the Fire Technology Program Coordinator.  
Hours: 18 lecture  
Provides a basic knowledge of the budgeting requirements related to the roles and responsibilities of a Chief Fire Officer, including developing a budget management system, developing a division or departmental budget, and describing the process for ensuring competitive bidding. (not transferable)

FIRE 0192. General Administrative Functions for Chief Fire Officers - 3C  
Unit: 1  
Prerequisite: Meet the educational requirements for Company Officer by one of the following: completion of FIRE 174, 175, 176, 177, 178, and 179 with grades of "C" or better; or completion of Office of the State Fire Marshal Company Officer 2A, 2B, 2C, 2D, 2E, and Instructor I courses; or equivalent as determined by the Fire Technology Program Coordinator.  
Hours: 24 lecture  
Provides a basic knowledge of the administration requirements related to the roles and responsibilities of a Chief Fire Officer, including directing a department record management system, analyzing and interpreting records and data, developing a model plan for continuous organizational improvement, developing a plan to facilitate approval, preparing community awareness programs, and evaluating the inspection program of the authority having jurisdiction (AHJ). (not transferable)

FIRE 0193. Emergency Service Delivery Resp. for Chief Fire Officers - 3D  
Unit: 1  
Prerequisite: Meet the educational requirements for Company Officer by one of the following: completion of FIRE 174, 175, 176, 177, 178, and 179 with grades of "C" or better; or completion of Office of the State Fire Marshal Company Officer 2A, 2B, 2C, 2D, 2E, and Instructor I courses; or equivalent as determined by the Fire Technology Program Coordinator.  
Hours: 24 lecture  
Provides a basic knowledge of the emergency service requirements related to the roles and responsibilities of a Chief Fire Officer, including developing a plan for the integration of fire services resources, developing an agency resource contingency plan, evaluating incident facilities, supervising multiple resources, developing and utilizing an incident action plan, obtaining incident information to facilitate transfer of command, developing and conducting a post-incident analysis, and maintaining incident records. (not transferable)

FIRE 0241. I-200: Incident Command System  
Units: 0.5  
Hours: 12 lecture  
Aligns with I-200: Incident Command System of the Federal Emergency Management Agency (FEMA) ICS Program. This course is an introduction to the Incident Command System (ICS) National Training curriculum. Includes principles and features, organization overview, incident facilities, resources, and common responsibilities. ICS 200 certification is the minimum requirement for attending ICS 200 level courses and functioning in a Unit Leader position during an incident. (C-ID FIRE 231X) (not transferable)

FIRE 0242. I-300: Intermediate ICS for Expanding Incidents  
Unit: 1  
Prerequisite: Completion of FIRE 241 with grade of "C" or better  
Hours: 24 lecture  
Covers organization and staffing, incident resources management, organizing for incidents or events, incident and event planning and air operations within the Incident Command System national training curriculum. (pass/no pass grading) (not transferable)

FIRE 0243. I-400: Advanced ICS for Complex Incidents  
Units: 0.5  
Prerequisite: Completion of FIRE 242 with grade of "C" or better  
Hours: 16 lecture  
Covers command and general staff, unified command, major incident management and area command within the Incident Command System national training curriculum. (pass/no pass grading) (not transferable)

FIRE 0608. Basic Structural Firefighter  
Units: 4.5  
Hours: 150 (55 lecture, 95 laboratory)  
Enter-level course for volunteer firefighters. Topics include fire behavior, safety, personal protective equipment, forcible entry, rescue, ground ladders, hoses, fire streams and nozzles, and fire control principles. (not transferable) (not degree applicable) (pass/no pass grading)

FIRE 0618. Fire Control 4  
Units: 0.5  
Prerequisite: Completion of Fire 100 and 170 with grades of "C" or better or equivalent as determined by the Program Coordinator.  
Hours: 16 (8 lecture, 8 laboratory)  
This course provides the knowledge and skills that prepare a firefighter to extinguish an ignitable liquid fire, control a flammable gas fire, and develop an incident action plan for a pipeline emergency. (not transferable) (not degree applicable) (pass/no pass grading)
FIRE 0632. Auto Extrication
Units: 0.5
Hours: 24 (9.5 lecture, 14.5 laboratory)
Provides the knowledge and skills to prepare a firefighter to extricate victim(s) from a common passenger vehicle in a safe and effective manner. (not transferable) (not degree applicable) (pass/no pass grading)

FIRE 0634. Driver Operator 1A
Unit: 1.5
Prerequisite: Hold a valid Class C driver’s license
Hours: 40 (23 lecture, 17 activity)
Provides information on fire apparatus, preventative maintenance and driving/operating. Topics include routine tests, inspections, and servicing functions; operate, back, maneuver, and turn a fire apparatus in a variety of conditions; and operate all fixed systems and equipment on a fire apparatus. Students must provide full structural personal protective equipment and fire apparatus for the final two days of class. Fulfills the requirements for a Class C Firefighter Endorsement. (not transferable) (not degree applicable) (pass/no pass grading)

FIRE 0635. Driver/Operator 1B - Pumping Apparatus Operations
Unit: 1.5
Prerequisite: Completion of FIRE 634 with grade of "C" or better, and completion of Firefighter 1, or equivalent as determined by the Fire Technology Program Coordinator, and hold a valid Class C Firefighter endorsed driver’s license
Hours: 40 (18 lecture, 22 activity)
Provides information on pumping apparatus preventive maintenance and operations. Topics include routine tests, inspections, and servicing functions; producing hand, master, and foam fire streams, relay pump operations; and supplying water to fire sprinkler and standpipe systems. Students must provide full structural personal protective equipment and fire apparatus for the final three days of class. (not transferable) (not degree applicable) (pass/no pass grading)

FIRE 0637. Confined Space Awareness
Units: 0.5
Hours: 9 lecture
Instruction in identifying a permit and non-permit required confined space, the hazards associated with confined spaces, target industries and hazards, state regulations, communications and equipment requirements. This course does not qualify participants to make permit required entries. (not transferable) (not degree applicable) (pass/no pass grading)

FIRE 0638. Low Angle Rope Rescue Operational
Units: 0.5
Hours: 24 (8 lecture, 16 laboratory)
Designed to equip the student with the techniques and methods for using rope, webbing, hardware friction devices and litters in low angle rescue situations. Areas covered include rope and related equipment, anchor systems, safety lines, stretcher lashing and rigging, mechanical advantage systems and single and two line rescue systems. (not transferable) (not degree applicable) (pass/no pass grading)

FIRE 0640. Hazardous Materials Technician 1A, Basic Chemistry
Units: 2
Prerequisite: Completion of FIRE 170 with grade of "C" or better or approved Federal/State equivalent course
Hours: 40 lecture
Basic aspects of chemistry and physics related to management of a hazardous materials incident. Covers physical and chemical properties of matter, atomic structure, periodic table, metals and non-metals, salts, hydrocarbons and derivatives, forms of energy, the combustion process, flammable and combustible liquids. Meets standards prescribed by the CA State Fire Marshal, and Office of Emergency Services. (not transferable) (not degree applicable) (pass/no pass grading)

FIRE 0641. Hazardous Materials Technician 1B, Applied Chemistry
Unit: 1.5
Prerequisite: Completion of FIRE 640 with grade of "C" or better or approved Federal/State equivalent course(s)
Hours: 40 (24 lecture, 16 laboratory)
Basic terminology and theory of chemistry as it relates to hazardous materials. Covers chemical aspects of the hazard classes, toxicology, including hazard and risk assessment, function and use of detection instruments, monitoring hazardous atmospheres and use of a field identification kit to identify unknown solids and liquids. Meets standards prescribed by the CA State Fire Marshal and Office of Emergency Services. (not transferable) (not degree applicable) (pass/no pass grading)

FIRE 0642. Hazardous Materials Technician 1C, Incident Considerations
Unit: 1.5
Prerequisite: Completion of FIRE 641 with grade of "C" or better or approved Federal/State equivalent course(s)
Hours: 40 (26 lecture, 14 laboratory)
Hazardous materials on-scene incident considerations. Covers data research, meteorological considerations, protective actions, personal protective equipment, incident command aspects, site safety concepts, legislative and regulatory measures influencing emergency response and contingency planning. Meets standards prescribed by the CA State Fire Marshal and Office of Emergency Services. (not transferable) (not degree applicable) (pass/no pass grading)

FIRE 0643. Hazardous Materials Technician 1D, Tactical Field Operations
Unit: 1.5
Prerequisite: Completion of FIRE 642 with grade of "C" or better or approved Federal/State equivalent course(s)
Hours: 40 (24 lecture, 16 laboratory)
Experience with tactical field operations. Covers confinement, control, hazmat triage and sabotage, performing in chemical protective clothing, preservation of evidence, decontamination, and emergency medical system considerations. Meets standards prescribed by the CA State Fire Marshal and Office of Emergency Services. (not transferable) (not degree applicable) (pass/no pass grading)

FIRE 0644. Hazardous Materials Specialist 1F
Unit: 1.5
Prerequisite: Completion of FIRE 643 with grade of "C" or better or approved Federal/State equivalent course(s)
Hours: 40 (32 lecture, 8 laboratory)
Introduction to mitigation techniques. Includes plugging, patching and repairing methods; advanced chemical field identification testing procedures, and fixed facility repair considerations. Part one of a two part series leading to certification as a Hazardous Materials Specialist. Meets requirements of CA Code of Regulations Title 8, Section 519(q). (not transferable) (not degree applicable) (pass/no pass grading)
FIRE 0645. Hazardous Materials Specialist 1G  
**Unit:** 1  
**Prerequisite:** Completion of FIRE 644 with grade of "C" or better or approved Federal/State equivalent course(s)  
**Hours:** 40 (16 lecture, 24 laboratory)  
Covers material presented in Hazardous Materials Courses 1A-1F in an environment of scenario based full scale exercises. Participants evaluated for their ability to perform and be certified as a member of a Hazardous Materials Team. (not transferable) (not degree applicable) (pass/no pass grading)  

FIRE 0650. Rescue Systems I  
**Unit:** 1.5  
**Prerequisite:** Completion of FIRE 638 with grade of "C" or better or completion of a State Fire Marshal approved Low Angle Rope Rescue Operational course  
**Hours:** 40 (21 lecture, 19 laboratory)  
Rescue systems, ropes and related equipment, heavy object operations, breaking and breaching operations, ladder rescues, and emergency shoring. Required for CA Urban Search and Rescue basic and light operational level training. (not transferable) (not degree applicable) (pass/no pass grading)  

**Program Student Learning Outcomes (PSLOs)**  
- Analyze and apply measures to resolve problems in areas of fire suppression, fire prevention and EMS.  
- Recognize the importance of ethics, professionalism and diversity within the fire technology field.  
- Communicate effectively in both oral presentations and written reports.  
- Demonstrate technical, cognitive, and psycho#motor skills necessary to achieve and maintain employment in the fire service.  
- Demonstrate knowledge and understanding of the fire service industry.

W 107, Rocklin Campus  

**Overview**  
The United States is taking an active role in world affairs, and it is desirable for Americans to have knowledge of foreign languages and cultures. Learning a foreign language will benefit students and prepare them for any career. The acquisition of desired practical communication skills is the primary objective of the World Languages Department at Sierra College. Courses are organized around grammatical themes imbedded in cultural topics, requiring critical thinking, analysis and practical implication. Instruction on the Communicative Method integrates the five key learning objectives of Speaking, Listening, Reading, Writing and Cultural Competence.  

**TRANSFER MAJOR REQUIREMENTS in Foreign Language** are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements. Four-year graduates in Foreign Language are qualified for positions in teaching, business, foreign services, law enforcement, nursing, secretarial and diplomatic services.  

**Career Opportunities in French**  
Bilingual: teacher, professor, transcriber, sales representative, customer service representative, web publisher, medical/health worker, realtor, IRS/franchise tax board worker, social services case worker, community outreach specialist, human resources specialist;  

Business: international relations consultant, international business personnel, foreign exchange trader, publishing specialist, foreign correspondent, foreign publications/textbook editor, research assistant, importer/exporter, translator/interpreter, international account manager, international banking officer, airline personnel, public relations officer;  

Culture/Tourism: cultural events coordinator, travel agent, translator/interpreter, guide;  

**Faculty**  
Laurence I. Lambert  
Professor, French  
B.A., California State University, Sacramento  
M.A., California State University, Sacramento  

**Courses**  
Understanding course descriptions (p. 312)  

FREN 0001. Elementary French - Level I  
**Units:** 4  
**Hours:** 72 lecture  
Listening, speaking, reading, and writing in French. Fundamentals of French pronunciation and grammar. Introduction to the culture of the French-speaking people. Corresponds to two years of high school study. (CSU, UC)  

FREN 0002. Elementary French - Level II  
**Units:** 4  
**Prerequisite:** Completion of FREN 1 or two years of high school French with grade(s) of "C" or better  
**Hours:** 72 lecture  
Continuation of FREN 1 with greater emphasis on speaking and writing. Explores culture, historical figures, and events of the areas where French is spoken. (CSU, UC)
FREN 0003. Intermediate French - Level I
Units: 4
Prerequisite: Completion of FREN 2 or three years of high school French with grade(s) of "C" or better
Hours: 72 lecture
Designed for those who have had previous training in the French language. Review of grammar with increased emphasis upon speaking and linguistic structure of the language, reading of excerpts from works of French-speaking authors, study of cultural distinctions among the French-speaking peoples, and writing at the intermediate level. (CSU, UC)

FREN 0004. Intermediate French - Level II
Units: 4
Prerequisite: Completion of FREN 3 or four years of high school French with grade(s) of "C" or better
Hours: 72 lecture
Designed for those who have had previous training in the French language. Study of advanced grammar with increased emphasis upon the skills of reading and interpreting works of French literature. Greater focus upon writing and speaking skills. (CSU, UC)

FREN 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

Program Student Learning Outcomes (PSLOs)
• Improve listening skills in target language and draw reasonable conclusions from observations.
• Improve reading skills in target language while examining important contributions to literature in relevant cultures.
• Improve writing skills in target language while examining new ideas from the relevant cultures.
• Improve speaking skills in target language and develop problem-solving skills by working productively with others.
• Cultivate openness to new ideas and an informed appreciation of relevant cultures.

Overview
The Geography Department offers transfer courses to four-year colleges in diverse academic disciplines such as Geography, Geographic Information Systems (GIS), Earth Science, Environmental Science, Meteorology, Climatology, Natural Resource Management, Tourism and Recreation, Urban Planning, International Studies, Anthropology and related social sciences. Emphasis in advancing geographic literacy, global awareness and sustainability in the fields of physical and human geography; field study classes provide experiential and interpretive training. Additional technical courses provide expertise in the exciting and fast-growing field of GIS and GeoSpatial technologies. A skills certificate is offered in GIS.

Sean A. Booth
Professor, Geography
B.S., University of Oregon
M.A., California State University, Chico

Geographic Information Systems (GIS) Advisory Committee
• Daniel Armstrong, GIS Specialist, Open Spatial, Rocklin
• Marc Ball, IT Specialist, City of Roseville
• Diana Carolan, GIS Specialist, Nevada County
• Michael Farrauto, Surveyor and GIS Specialist, Andregg Geomatics, Auburn
• Matt Freemont, Environmental Planner and GIS Specialist, HELIX, Folsom
• Dave Hansen, GIS Specialist, U.S. Bureau of Reclamation, Sacramento
• Kermit Hellem, GIS Manager, Sacramento Municipal Utility District
• Abe Hendricks, CAD and GIS Specialist, Placer County Water Agency, Auburn
• Scott Herbert, GIS Sales, California Surveying and Drafting Supply, Inc., Sacramento
• Colin Hobson, GIS Specialist, Open Spatial, Rocklin
• Hugh Howard, Geography and GIS Professor, American River College, Sacramento
• Brian Johnson, GIS Specialist, City of Roseville
• Dave Krolick, GIS Specialist, ECORP Consulting, Rocklin
• Justin Narkter, Public Works Specialist, City of Rocklin
• Steve Rhyne, GIS Specialist, Fehr and Peers, Roseville
• Sebastian Roberts, GIS Specialist, Nevada County
• Jeff Swager, GIS Specialist, ECORP Consulting, Rocklin
• Justin Wages, Land Manager, Placer Land Trust, Auburn

Geography for Transfer
AA-T Degree
The Associate in Arts in Geography for Transfer degree (AA-T) program provides students with a strong foundation in Geography. Upon completion of the program, students will demonstrate knowledge of global physical and environmental processes; formulate an appreciation of world cultural diversity, including demographics, ethnic studies, agricultural practices, economic development and resource consumption; generate solutions for a sustainable future; holistically assess integrative environmental and cultural phenomena based on location
and maps; assemble and analyze spatial information (such as maps, data, surveys, qualitative observations), using traditional and modern mapping technology methods; and integrate cultural, environmental and geographic technology methods.

The Associate in Arts in Geography for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor’s degree in Geography or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor’s degree.

To earn the Associate in Arts in Geography for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of “C” or better; and
- completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

**RESTRICTION:** International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

### Geographic Information System (GIS) Skills Certificate

Designed for students to gain a solid foundation in GIS theory and related technologies, such as GPS and remote sensing. Sequence of courses builds upon each other to provide hands-on technical skills demanded of the professional workforce, culminating with a professional map portfolio and repertoire of spatial analysis skills. Opportunities for internships and entry-level positions are abundant, provided students learn industry-standard software, GPS skills, database management and mapping design. Students must choose from additional courses, such as computer-aided design (CAD), database management, computer programming, surveying, spatial analysis and are encouraged to participate in an internship. A skills certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

### Courses

Understanding course descriptions (p. 312)

**GEOG 0001. Physical Geography**

**Units:**  3

Advisory Eligibility for ENGL 1A

Hours:  54 lecture

Explore Earth’s landscape and environmental processes, including the Earth’s atmosphere, weather, climate regions, hydrosphere, oceans, clouds, rivers, biosphere, and the Earth landforms, such as mountain building and river systems. Emphasis on the holistic understanding landscape patterns and environmental systems as they relate to location. Also examines human influence on the natural world. (C-ID GEOG 110) (combined with GEOG 1L, C-ID GEOG 115) (CSU, UC)
GEOG 0001L. Physical Geography Laboratory
Unit: 1
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in GEOG 1
Hours: 54 laboratory
Earth's physical systems, atmosphere, weather and climate, landforms and fluvial systems; includes map reading and investigating remote sensing, GPS, and Geographic Information Systems (GIS). (C-ID GEOG 111) (combined with GEOG 1, C-ID GEOG 115) (CSU, UC)

GEOG 0002. Cultural Geography
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Population, migration, religion, languages, agriculture, economic development and exploration of how humans interact with their environment. Analysis of differences of cultures including housing types, agricultural techniques, and popular and folk customs. Investigation of humans as the primary modifier of the physical landscape within the limits of the Earth's natural resources. (C-ID GEOG 120) (CSU, UC)

GEOG 0003. Geography of California
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
An introduction to California's diversified geography including climate, landforms, natural vegetation, and water resources, the cultural landscapes of ethnic diversity, our Native American past, urban and agricultural regions, and the economic challenges of the future. Emphasis on cultural diversity, human alteration of the landscape, contemporary problems and resource competition. (C-ID GEOG 140) (CSU, UC)

GEOG 0004. Weather and Climate
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
The elements and controls of weather and climate - atmospheric heating, the heat budget, air circulation and winds, moisture, clouds, and precipitation; world climates, their classifications; data collection and interpretation, investigate global climates to microclimates. (C-ID GEOG 130) (CSU, UC)

GEOG 0005. World Regional Geography
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
An introduction to the world's major geographic regions; their cultural practices, politics, economics, religions, history and environmental characteristics. Location and analysis of important geographic features including mountains, rivers, countries and major cities of Asia, Australia, Africa, North America, Europe and South America. (C-ID GEOG 125) (CSU, UC)

GEOG 0015. Field Geography of Northern California
Units: 0.5
Hours: 13 (7 lecture, 6 laboratory)
Explore the natural and cultural history of a region in Northern California. This field course provides an introduction to the area's diversified geography including its location, physical landforms, economic diversity, urban settlement patterns and an overview of historical and cultural features. May involve light hiking and overnight camping. (CSU)

GEOG 0016. Field Geography
Units: 1-2
Hours: 30 (12 lecture, 18 laboratory) per unit
Field lecture courses to regions of geographic interest to include physical, cultural, urban and/or historical elements. (C-ID GEOG 160) (CSU)

GEOG 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

GEOG 0085. Application of Geospatial Technologies
Unit: 1
Hours: 18 lecture
Investigation of Geographic Information Systems (GIS) case studies used in industry and government; explores how industry uses GIS with emphasis on natural resource management and watershed analysis. Additional focus on remote sensing, aerial photography, GPS technology. (CSU)

GEOG 0086. Global Positioning System (GPS) for GIS
Unit: 1
Hours: 18 lecture
Global Positioning System (GPS) theory, techniques, and case studies, GPS set-up, spatial database organization, field collection, editing, and integration into the GIS. Culminates with final GPS mapping project. (CSU)

GEOG 0090. Introduction to Geographic Information Systems (GIS)
Units: 4
Hours: 72 lecture
Study of Geographic Information Systems (GIS) and its applications to spatial data management. Focus on project design, data acquisition, database management, geographic analysis, and map design. Explores how GIS solves spatial problems, such as those in natural resources, earth and life sciences, environmental planning, local government, business, transportation, and other related fields. (C-ID GEOG 155) (CSU, UC)

GEOG 0091A. Beginning Geospatial Design
Unit: 1
Hours: 18 lecture
Introduction to Geographic Information Systems (GIS) cartographic and database design. Emphasis on GIS and mapping design for practical applications in the fields of natural resource management, disaster mapping, urban planning, business and other related fields. GIS skills include organizing geographic features and attributes, classifying data, labeling, symbology, and proper layout to create maps for GIS analysis. (CSU)

GEOG 0091B. Intermediate Geospatial Design
Unit: 1
Prerequisite: Completion with a grade of "C" or better or concurrent enrollment in GEOG 90 or 91A
Hours: 18 lecture
Builds on basic principles of beginning GIS Design, creating and editing maps, organizing GIS data for spatial analysis, and producing map layouts. (CSU)
GEOG 0093. Advanced GIS  
Units: 4  
Prerequisite: Completion of GEOG 90 with grade of "C" or better  
Hours: 72 lecture  
Builds on Intermediate GIS focusing on advanced technical skills and mapping, such as working with spatial databases, GIS models, vector and raster analysis, cartographic presentation and various outputs. Student completes a research project and assembles a map portfolio. (CSU)

GEOG 0094. Geospatial Analysis  
Units: 3  
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in GEOG 90 or 91B  
Hours: 54 lecture  
Geospatial analysis reveals patterns, relationships, and trends that solve real-world challenges. With GIS tools, students create surface contours, derive slopes, calculate flow direction, draw watersheds, determine line of sight and identify hotspots. GIS modeling and extensions are used. (CSU)

GEOG 0095. Internship in Geography  
Units: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Program Student Learning Outcomes (PSLOs)

- Demonstrate knowledge of global physical and environmental processes, locations and develop an appreciation of landscapes.
- Formulate an appreciation of world cultural diversity, including demographics, ethnic studies, agricultural practices, economic development, resource consumption and generate solutions for a sustainable future.
- Utilizing the concept of a region as a geographic unit of study, holistically assess integrative environmental and cultural phenomenon based on location and maps.
- Assemble and analyze spatial information (maps, data, surveys, qualitative observations, etc.), using traditional and modern mapping technology methods.
- Applying experiential learning and real-world applications, field studies integrate cultural, environmental and geographic technology methods.

W 107, Rocklin Campus

Overview

The United States is taking an active role in world affairs, and it is desirable for Americans to have knowledge of foreign languages and cultures. Learning a foreign language will benefit students and prepare them for any career. The acquisition of desired practical communication skills is the primary objective of the World Languages Department at Sierra College. Courses are organized around grammatical themes imbedded in cultural topics, requiring critical thinking, analysis and practical implication. Instruction on the Communicative Method integrates the five key learning objectives of Speaking, Listening, Reading, Writing and Cultural Competence.

TRANSFER MAJOR REQUIREMENTS in Foreign Language are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements. Four-year graduates in Foreign Language are qualified for positions in teaching, business, foreign services, law enforcement, nursing, secretarial and diplomatic services.

Career Opportunities in German

Bilingual: teacher, professor, transcriber, sales representative, customer service representative, web publisher, medical/health worker, realtor, IRS/franchise tax board worker, social services case worker, community outreach specialist, human resources specialist;

Business: international relations consultant, international business personnel, foreign exchange trader, publishing specialist, foreign correspondent, foreign publications/textbook editor, research assistant, importer/exporter, translator/interpreter, international account manager, international banking officer, airline personnel, public relations officer;

Culture/Tourism: cultural events coordinator, travel agent, translator/interpreter, guide;

Courses

Understanding course descriptions (p. 312)

GER 0001. Elementary German - Level I  
Units: 4  
Hours: 72 lecture  
Introduction to German language and culture, including speaking, listening, linguistic and grammatical structure, reading, pronunciation and intonation patterns. Corresponds to two years of high school study. (CSU, UC)
GER 0002. Elementary German - Level II

Units: 4
Prerequisite: Completion of GER 1 or two years of high school German with grade(s) of "C" or better
Hours: 72 lecture
Designed for those who have had previous training in the German language. Continuation of GER 1. Emphasis on speaking, listening, linguistic and grammatical structure, reading, writing. Further study of learning pronunciation and intonation patterns, together with continued discussion of unique cultural characteristics of the German-speaking peoples. Students continue to memorize dialogues, become knowledgeable of utilizing a substantial vocabulary, and conduct translations of culturally meaningful reading selections. (CSU, UC)

GER 0028. Independent Study

Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

Program Student Learning Outcomes (PSLOs)

- Improve listening skills in target language and draw reasonable conclusions from observations.
- Improve reading skills in target language while examining important contributions to literature in relevant cultures.
- Improve writing skills in target language while examining new ideas from the relevant cultures.
- Improve speaking skills in target language and develop problem-solving skills by working productively with others.
- Cultivate openness to new ideas and an informed appreciation of relevant cultures.

Courses

Understanding course descriptions (p. 312)

HED 0001. Standard First Aid/Community CPR
Units: 3
Hours: 54 lecture
Theory and detailed demonstration of first aid care of the injured. Students learn to assess a victim’s condition and incorporate proper treatment. Standard first aid, CPR, and AED certifications granted upon successful completion of requirements. Recognition and treatment for cardiac and respiratory emergencies, first aid for bleeding, shock, burns, poisoning, stroke, and various injuries. (C-ID KIN 101) (CSU, UC)

HED 0002. Health Education
Units: 3
Hours: 54 lecture
Studies aspects of mental, emotional, and physical health. Emphasis placed on knowledge for development of attitude, understanding, and practice of a preventive life style for healthy living and optimal wellness. Specific instructional areas include chronic diseases, physical activity, nutrition, weight management, birth control methods, human sexuality, alcohol, tobacco, and illicit chemical use, stress, and factors that contribute to wellness and longevity. Experience in personal health assessment and the changing of health behaviors is stressed. (CSU)

HED 0010. Health and Aging
Units: 3
Hours: 54 lecture
Basic principles and concepts of the aging process; includes the physical, social, emotional, and mental components of health. Benefits of health promotion and preventive action for the aging are also explored. (CSU)

Program Student Learning Outcomes (PSLOs)
- Demonstrate the basic skills of first aid and CPR.
- Distinguish principles of healthy weight management through exercise and nutrition.
- List and practice the six components of wellness and/or the five components of health-related fitness.
- Demonstrate knowledge of how the heart functions.
- Create a balance between physical fitness, social well-being, and academic success.

Emergency Medical Sciences

AS Degree and/or Certificate of Achievement
The purpose of this proposal is to help prepare the Sierra College student for an entry-level Emergency Medical Technician (EMT) position and to help advance the careers of those already in the field who have received noncredit training and/or non-degree educational preparation thus far. The need for the program is based on the demand by employers (both public and private) and on the increased level of college education and training required for entering or pursuing any career progression in the
field. The California State EMS (Emergency Medical Services) Authority has maintained that state EMT licensing meet the standard of care requirements of the National Registry of Emergency Medical Technicians (NREMT) and the US Department of Transportation (USDOT). The National Standards requirement for EMT certification is recognized for reciprocal certification in 48 states. For the degree, students must fulfill the following major requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0, and complete one of the following general education patterns:

- Associate Degree Requirements; (http://catalog.sierracollege.edu/student-resources/general-education/associate-degree-requirements/)
- California State University General Education Breadth pattern; (http://catalog.sierracollege.edu/student-resources/general-education/california-state-university-general-education-breadth-requirements/) or
- Intersegmental General Education Transfer Curriculum (IGETC) (http://catalog.sierracollege.edu/student-resources/general-education/intersegmental-general-education-transfer-curriculum-igetc/).

### Health Science

### AS Degree

The curriculum in Health Science focuses on providing a broad base of knowledge and skills to support students’ development into competent health care professionals. The objective of the degree is to provide a foundation for continued study in Health Science or related field at a four-year college or university and for employment in the healthcare fields. Students will develop a breadth of understanding and skills in health science, human health and human physiology. The curriculum encompasses courses that are relevant to many healthcare careers including: health administration, occupational therapy, environmental health, clinical laboratory, dental hygiene, paramedic, registered nursing, respiratory therapy, physical therapy, and physician's assistant. For the degree, students must fulfill the following major requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0, and complete one of the following general education patterns:

- Associate Degree Requirements; (p. 292)
- California State University General Education Breadth pattern; (p. 300) or
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

### Emergency Medical Sciences

### Skills Certificate

Designed to give students the knowledge and skills required to enter into the EMS workforce. The focus is on the application of emergency medical skills relative to starting a career in the field of prehospital care. This skills certificate will provide the technical career skills and EMS certifications that are minimal occupation requirements, and are recognized at the State and National Level. This skills certificate provides career technical skills; it is not equivalent to an associate degree.

### Pre-Paramedic Skills Certificate

Designed to provide prerequisite knowledge required to be successful in a paramedic program course of study. Students are introduced to the paramedic skills and advanced life support protocols, and will develop a strong baseline knowledge of medical terminology, human anatomy, physiology, and pathology. Sierra College has partnered with the CSUS (California State University Sacramento) Paramedic Program in selecting this course of study in preparing students with the greatest opportunity to be successful. This skills certificate provides career technical skills; it is not equivalent to an associate degree.

### Courses

Understanding course descriptions (p. 312)

---

**HSCI 0002. Emergency Medical Technician**

*Units: 9*

Advisory: Completion of HSCI 3, HSCI 7 or BIOL 55 with grade of "C" or better; eligibility for ENGL 11

*Hours: 225 (139 lecture, 86 laboratory)*

Provides knowledge and critical thinking skills necessary to deliver emergency medical care in a prehospital environment. Covers legal and moral aspects, scene safety, primary and secondary patient assessments, intervention and stabilization skills, proper use of emergency medical equipment, awareness of bloodborne pathogens and communicable diseases, recognition of signs and symptoms, and pathophysiology of medical emergencies and traumatic injuries. Includes practical hands-on skills training and interactive simulations. Includes certification for American Heart Association CPR professional and bloodborne pathogen and infection control. Tactical EMS training and a state certification in "TEMS First Responder Operations". Clinical experience is an assigned field and/or clinical observation. Attendance and participation is mandatory; a cumulative score of 80% on all written quizzes and exams, and passing score on all practical skills testing are required for qualification for national and state EMT certification. Meets updated National Education Standards for EMT curriculum, and all requirements of the California Code of Regulations Title 22, the California EMS Authority and the National Registry of Emergency Medical Technicians (NREMT). Upon successful completion, student is eligible to take the NREMT EMT examination and qualify for a California State EMT certification. Students must be 18 years of age at start of course; provide a Tuberculosis (TB) Blood Test (Quantiferon) or a negative chest x-ray; provide proof of immunizations for Mumps, Measles, Rubella (MMR); Varicella zoster-vaccination or positive titer; Hepatitis B series completion and titer; or Hepatitis B series in progress and a signed declination; Diphtheria, Tetanus and Pertussis (Tdap); current influenza vaccine; Student are required to take a drug screen test demonstrating the absence of evidence of controlled substance use, and provide criminal background screening satisfying the requirements of the State EMS Authority and EMT program clinical providers. (CSU)

**HSCI 0003. Medical Terminology**

*Units: 3*

*Hours: 54 lecture*

Comprehensive overview of the medical language using a systems oriented approach of the human body. Covers the formation, spelling, correct pronunciation, and proper usage of common medical terms and abbreviations. The terminology is relative to the medical applications used within a wide variety of health care professions. Course meets the prerequisite requirements of numerous allied health care training programs, and is highly recommended as a preparatory course for EMT, Paramedic and Nursing programs. (CSU)
HSCI 0007. Emergency Medical Responder  
Units: 3.5  
Hours: 80 (62 lecture, 18 laboratory)  
Provides the knowledge and practical skills training required to be certified as an Emergency Medical Responder (EMR). Comprehensive training includes oxygen therapy and delivery, basic airway adjuncts, positive pressure ventilation, bleeding control, extremity splinting and spinal immobilization. Emphasizes a systematic patient assessment, critical thinking and medical interventions at the first responder level. Provides the mandated training for recognizing the risks of bloodborne pathogens, infection control, body substance isolation (BSI), and personal protection equipment in accordance with OSHA standard 29 CFR 1910.1030 specific to the EMS first responder and healthcare professional. Upon completion with a grade of "C" or better, students are issued a certificate of completion and are eligible to apply for an EMR certification through the state of California. (CSU)  

HSCI 0012. Professional CPR and Infection Control  
Units: 0.5  
Hours: 16 (10 lecture, 6 activity)  
Provides the American Heart Association (AHA) Basic Life Support/ CPR certification for Healthcare Providers. Also provides mandated training for recognizing risks of bloodborne pathogens, infection control, body substance isolation (BSI), and personal protection equipment in accordance with OSHA standard 29 CFR 1910.1030 specific to the healthcare professional. (not transferable)  

HSCI 0030. Functional Anatomy and Pathophysiology For EMS Professionals  
Units: 3  
Prerequisite: Completion of HSCI 2 with grade of "C" or better, or current state certification as an Emergency Medical Technician  
Hours: 54 lecture  
Designed for students pursuing careers in Emergency Medical Services (EMS) and advanced levels of prehospital care. Provides overview of functional anatomy, symptomology and pathophysiology of disease, medical emergencies, and effects of traumatic injuries. EMS management and review of field treatment protocols enhance ability to treat and stabilize emergency medical situations in the field. (CSU)  

HSCI 0050. Introduction to Advanced Life Support  
Units: 3.5  
Prerequisite: Completion of HSCI 2 with grade of "C" or better, or a similar state certified EMT course; must be currently certified as an EMT in the state of California or certified through the National Registry of Emergency Medical Technicians (NREMT)  
Advisory: Completion of HSCI 3 and BIOL 55 with grades of "C" or better  
Hours: 80 (60 lecture, 20 laboratory)  
Introduction to the advanced knowledge and critical thinking skills necessary to prepare for a paramedic program, advanced emergency medical technician (AEMT) training, registered nursing (RN), physician assistant (PA), and other allied health training programs. Assessment based course focuses on advanced life support (ALS) interventions; electrocardiogram (EKG) recognition and interpretation; pharmacology; advanced airway management; intravenous and intraosseous fluid and drug infusion; basic anatomy, physiology and principles of pathophysiology; introduction to local, state and national ALS protocols. Practical skills labs focus on improving patient assessment techniques, managing realistic case study scenarios, and introduction to AEMT, paramedic skills, protocols, and interventions. Course format is interactive and simulates the intense pace and discipline required of AEMT, paramedic and other allied health vocational training. Mandated student participation, passing of written exams and practical skills assessments required for completion. Course is approved for eighty (80) hours of instructor based continuing education (CE) by the National Registry of Emergency Medical Technicians (NREMT) and as a California state EMS CE Provider. (CSU)  

HSCI 0051. Advanced Emergency Medical Technician (AEMT) Didactic  
Units: 6  
Prerequisite: Current AHA Healthcare Provider CPR certification and current California State EMT certification required  
Advisory: Completion of HSCI 3, HSCI 50, and BIOL 55 with grades of "C" or better; eligibility for ENGL 11  
Hours: 144 (90 lecture, 54 laboratory)  
Provides academic preparation and psychomotor skills training to prepare the student for HSCI 52, the Advanced Emergency Medical Technician (AEMT) clinical and field Internship. Successful completion of HSCI 51 and HSCI 52 make the student eligible to take the National Registry of EMTs (NREMT) Advanced EMT certification exam. Topics include Limited Advanced Life Support (LALS) knowledge, application and problem solving skills necessary to work as an AEMT in the Emergency Medical Services (EMS) field for an ambulance service, fire department, hospital emergency department or other specialized service. A "C" letter grade, as well as successful completion of the HSCI 51 exit exam and psychomotor skills test, are required to be eligible for HSCI 52. This course conforms to the 2007 National EMS Scope of Practice Model and the 2009 EMS National Education Standards, complies with Title 22, Division 9, Chapter 3 of the California State Code of Regulations, and is approved by the Sierra Sacramento-Valley Emergency Medical Services Agency. Field trips or off-campus lab assignments are required. (not transferable)
**HSCI 0052. Advanced Emergency Medical Technician - Clinical/Field Experience**  
*Units: 3.5*

Prerequisite: Completion of HSCI 2 and HSCI 51 with grades of "C" or better, or equivalent training. HSCI 52 must be completed no more than seven months after the completion of HSCI 0051; current AHA Healthcare Provider CPR certification and current California State EMT certification required; must submit to a drug screen test demonstrating the absence of any evidence of controlled substance use and provide a criminal background check satisfying the requirements of the State EMS Authority, and the AEMT program clinical providers; must provide two negative TB tests by two-step PPD process, or a negative chest x-ray; provide proof of immunizations for Mumps, Measles, Rubella (MMR); Varicella zoster-vaccination or positive titer; Hepatitis B status screening or signed declination; Diphtheria, Tetanus and Pertussis (Tdap); current influenza vaccine  
Advisory: Completion of HSCI 3, HSCI 50, and BIOL 55 with grades of "C" or better; eligibility for ENGL 11  
Hours: 200 laboratory  
Provides the supervised clinical and field experience training requirements for Advanced Emergency Medical Technician, at the limited advanced life support (LALS) scope of practice. Successful completion of HSCI 51 and HSCI 52 makes the student eligible to take the National Registry of EMTs (NREMT) Advanced Emergency Medical Technician (AEMT) certification exam. Course is approved by the Sierra Sacramento Valley - Emergency Medical Services (EMS) Agency, and conforms to the 2007 National EMS Scope of Practice Model, the 2009 EMS National Education Standards and complies with Title 22, Division 9, Chapter 3 of the California State Code of Regulations. (not transferable)

**HSCI 0053. Paramedic - Advanced Life Support Part 1**  
*Units: 7*

Prerequisite: Completion of HSCI 2 with grade of "C" or better; admission into the California State University Sacramento, Paramedic Program; current California State Emergency Medical Technician (EMT) Certification; current American Heart Association Healthcare Provider CPR certification  
Advisory: Completion of HSCI 50, BIOL 55 and HSCI 03 with grade of "C" or better  
Hours: 200 (90 lecture, 110 laboratory)  
Part one of a four-part series of courses providing the foundational knowledge required for the paramedic level of care in the Emergency Medical System (EMS). Theory and psychomotor application of prehospital care including the anatomy and physiology related to body systems and the impact of trauma, disease processes and medical disorders for common obstetric, pediatric, and geriatric patient emergencies. Students will learn to identify abnormal physical assessments and apply appropriate priority interventions. Competencies in accessing and evaluating patient monitoring technologies, integrating advanced life support theories to perform paramedic skills related to prehospital care standards for medical emergencies and disorders. Students will receive certified training in Advanced Cardiac Life Support (ACLS). (CSU)

**HSCI 0054. Paramedic - Advanced Life Support Part 2**  
*Units: 8*

Prerequisite: Completion of HSCI 53 with grade of "C" or better; current enrollment in the CSU Sacramento Paramedic Program  
Hours: 254 (92 lecture, 162 laboratory)  
Part two of a four-part series of courses providing the foundational knowledge required for the paramedic level of care in the Emergency Medical System (EMS). Theory and psychomotor application of prehospital care including the anatomy and physiology related to body systems and the impact of trauma, disease processes and medical disorders for common obstetric, pediatric, and geriatric patient emergencies. Students will learn to identify abnormal physical assessments and apply appropriate priority interventions. Competencies in accessing and evaluating patient monitoring technologies, and integrating advanced life support theories to perform paramedic skills related to prehospital care standards for traumatic injuries and medical emergencies. Students will receive certified training in Pediatric Advanced life Support (PALS), International Trauma Life Support (ITLS), Advanced Medical Life Support (AMLS) and Emergency Vehicle Operations (EVOC). (CSU)

**HSCI 0055. Paramedic Clinical Experience**  
*Units: 5*

Prerequisite: Completion of HSCI 54 with grade of "C" or better; current enrollment in the CSU Sacramento Paramedic Program  
Hours: 246 (18 lecture, 228 laboratory)  
Part three of a four-part series providing the foundational knowledge required for the paramedic level of care in the Emergency Medical System (EMS). The Clinical section provides student with an acute clinical care experience under the direct supervision of a Registered Nurse and Paramedic preceptor. The student will identify abnormal physical assessments and be able to apply appropriate priority interventions. Students will be exposed to dynamic clinical environments including the emergency department and labor and delivery. Supervised clinical training on advanced human simulation; participation in Homeland Security First Emergency Response Training; 24 hours assigned in EMS field ride-a-longs. (CSU)

**HSCI 0056. Paramedic Field Internship**  
*Units: 10*

Prerequisite: Completion of HSCI 55 with grade of "C" or better; current enrollment in the CSU Sacramento Paramedic Program  
Hours: 498 (18 lecture, 480 laboratory)  
Part four of a four-part series providing the foundational knowledge required for the paramedic level of care in the Emergency Medical System (EMS). The Field Internship section provides the paramedic student the culminating field experience minimum of 480 hours on an Advanced Life Support (ALS) ambulance and/or fire engine. The paramedic student will work in a variety of patient care situations under the direct supervision of a Paramedic Preceptor, and will demonstrate the ability to perform an assessment, identify abnormal physical findings, and be able to apply appropriate priority interventions while working in dynamic field environments. (CSU)
HSCI 0080. Introduction to Public Safety Dispatch  
Units: 3  
Also known as ADMJ 78 and FIRE 80  
Hours: 54 lecture  
Overview of the critical role of the Public Safety Dispatcher as first point-of-contact for coordinating emergency responses; exploration of advancements in telecommunications and emergency notifications systems; use of proper radio codes and crisis-intervention techniques used to calm and communicate with distraught callers; awareness of job requirements and hiring process for career pathways in Public Safety Dispatching. (CSU)  

HSCI 0600. Emergency Medical Technician Continuing Education  
Unit: 1  
Prerequisite: Must be eligible for certification or re-certification as an EMT in the State of California  
Hours: 24 (16 lecture, 8 laboratory)  
Provides 24 hours of continuing education required for state re-certification as an Emergency Medical Technician (EMT). Reviews current standards for airway management and ventilation, patient assessment, cardiac care and resuscitation, injury management and stabilization, legal and ethical issues, vital signs, assisting with medication administration, and review of the updated and optional EMT scope of practice. Students update their psychomotor skills and demonstrate proficiency in organized skills labs. Students that successfully complete the course receive a certificate of completion. May be repeated for credit to meet legally mandated continuing education and re-certification requirements. (pass/no pass grading) (not degree applicable)  

Program Student Learning Outcomes (PSLOs)  
• Demonstrate and confirm knowledge of current industry standards by successfully completing all course requirements and successfully passing the certifying written examination of the National Registry of Emergency Medical Technicians.  
• Demonstrate effective and clear communication skills required for patient care, completing critical skills and incident management, using both verbal and written medical summarizations.  
• Demonstrate ability to perform a primary assessment on a medical or trauma patient, manage a simulated emergency scenario, and determine the appropriate critical care interventions.  
• Determine the role of legal, ethical, and professional standards of conduct within the Emergency Medical Services and other health care professions.  
• Demonstrate proficiency of all required practical skills as mandated to qualify for the National Registry of Emergency Medical Technicians Certification and for EMT and EMR licensing with the State of California.

Overview  
History is an academic discipline concerned with the manner by which people and institutions of all kinds have become transformed with the passage of time. In the study of history it is more important to learn the skills of finding, interpreting and relating historical information than it is simply to memorize historical data. Through the study of history, students can acquire the techniques of gathering and applying information to gain a perspective on the human condition.  

TRANSFER MAJOR REQUIREMENTS in History are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements. Positions for which four-year graduates in History are qualified include teaching, state and national park historian, historical archaeologist and government positions. There are broad areas in the job market where a liberal arts background is needed.

Degrees/Certificates  
History for Transfer  
AA-T Degree  
History is a broadly based discipline that explores the human condition through its historical development. Courses explore a variety of regions and time periods, using both primary and secondary sources to examine the people, institutions, ideas and events of the past and present. By developing skills in critical thinking and expanding their understanding of cultural diversity, students will strengthen their understanding of the past and perspective on the future.  

The Associate in Arts in History for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor's degree
in History or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor's degree.

To earn the Associate in Arts in History for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of “C” or better; and
- completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

### Additional Information:

Students seeking California State University, Sacramento's Secondary Teaching Credential should follow the pre-credential Social Science Subject Matter Program with either the History or Social Science Major option. See the CSUS catalog under History (Pre-Credential Preparation) or Social Science (Pre-Credential Preparation) for major requirements. History majors may elect to take the CSET exams in Social Science in lieu of completing the subject matter program. For more information on the CSET: Social Science, click here ([https://www.ctcexams.nesinc.com/TestView.aspx?f=HTML_FRAG/CA_CSET114_TestPage.html](https://www.ctcexams.nesinc.com/TestView.aspx?f=HTML_FRAG/CA_CSET114_TestPage.html)).

### Courses

Understanding course descriptions (p. 312)

**HIST 0004A. Western Civilization to 1715**

*Units: 3*

*Advisory: Eligibility for ENGL 1A*

*Hours: 54 lecture*

Survey of the development of western culture from its beginning to 1715; exploration of the scope and definition of western culture and civilization interrelating political and social events with art, literature, and philosophy; covering the ancient Middle East, Greece, Rome, Late Antiquity, the Medieval era, and early Modern Europe. (C-ID HIST 170) (CSU, UC)

**HIST 0004B. Western Civilization since 1715**

*Units: 3*

*Advisory: Eligibility for ENGL 1A*

*Hours: 54 lecture*

Survey of European history and the development of western culture, from 1715 to present, interrelating political and social events with art, literature, and philosophy; covering the Ancient Regime, the Age of Democratic Revolutions, industrialization, the rise of fascism and communism, the two world wars, the Cold War, the postwar era, and the European Union. (C-ID HIST 180) (CSU, UC)

**HIST 0017A. History of the United States to 1877**

*Units: 3*

*Hours: 54 lecture*

History of the United States from its origins to 1877. Emphasis on evolution of colonial societies, the American Revolution and the establishment of the Republic, Constitution and constitutional developments, and emergence of a national political tradition; ethnic and racial pluralism of settlement, growth and development; the market revolution and emergence of democracy; institution of slavery, territorial expansion, and events, issues, and developments culminating in the Civil War and the Reconstruction of the South. (C-ID HIST 130) (CSU, UC)

**HIST 0017B. History of the United States since 1865**

*Units: 3*

*Hours: 54 lecture*

History of the United States from 1865 to the present. Emphasis on national political, economic, intellectual, and social trends and their impact on constitutional law; industrialization and urbanization; evolution of American ethnic, cultural and racial pluralism; and role of United States in world affairs. Also addresses California state and local issues in a broad, national context. (C-ID HIST 140) (CSU, UC)
HIST 0018A. The African American Experience in American History to 1877
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
History of African Americans from the pre-European West African city state kingdoms to the end of Reconstruction; major events in America's development emphasizing the role of people of African descent in the political, social and economic life of the United States; the institution of slavery; free blacks in the North and the abolitionist movement. (CSU, UC)

HIST 0018B. The African American Experience in American History since 1877
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
History of African Americans in the United States since the Civil War; major events in America's development emphasizing the role of people of African descent in the political, social and economic life of the United States; Reconstruction; Jim Crow era; Booker T. Washington and W.E.B. DuBois; the Civil Rights Movement; and African Americans in the Reagan-Bush and Clinton eras. (CSU, UC)

HIST 0019A. History of Traditional East Asia
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Survey of the major cultural, social, and political traditions and institutions of India, China, Japan, and Southeast Asia from the earliest civilizations to the 17th century. Includes imperial and dynastic developments, artistic and philosophical expression, economies and commerce, and impact of pan-Asian Buddhist and Muslim movements. (CSU, UC)

HIST 0019B. History of Modern East Asia
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
East Asia from the 17th century to present. Includes Asian societies on the eve of modernization, regional responses to Western imperialism, modern nationalist movements, Asia during the two world wars, and role of Asia in modern global economics and diplomacy. Comparisons of China, Japan, and Indian subcontinent; reference to Korea and Southeast Asia. (CSU, UC)

HIST 0020. California History
Units: 3
Hours: 54 lecture
Comprehensive survey of the history of California from prehistoric to contemporary times. Emphasis on the environment and the three main eras of human settlement: California Indian, Spanish and Mexican, and American periods. Study of diverse Indian groups; various movements of people over time and different perspectives on government, law, economics, and culture. Local, state, regional, national, Pacific Rim, and global issues. (CSU, UC)

HIST 0021. Contemporary United States History
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Study of American social, political and economic history since 1945; course emphasis on the impact of the Cold War and the struggles of civil rights and social justice that have shaped contemporary America. Also examined: the effects of globalization, technology, environmental challenges and religion in the post-war era. (CSU, UC)

HIST 0022. American Military History
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture

HIST 0023. Chicano/Mexican American History
Units: 3
Also known as ETHN 23
Hours: 54 lecture
Comprehensive survey of the history of Mexican Americans, from the Pre-contact era to the present. Emphasis on experiences and contributions of Chicanas/os in the United States regarding culture, economy, government, law, education and politics. Includes a study of the United States Constitution. (CSU, UC)

HIST 0024. Russian History - 10th Century to Present
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Survey of Russian history from the 10th century to the present. Includes the Slavic, Kievan, Muscovite, and Imperial eras through the Revolutions of 1917, the rise and fall of the Soviet Union, and the post-Soviet era. Emphasis on the major political, social, economic, and cultural trends that define Russian and Soviet civilizations. (CSU, UC)

HIST 0025. Native American History
Units: 3
Also known as ETHN 25
Hours: 54 lecture
History of Native American nations and peoples from Pre-Contact to the present. Covers the impact of European contact, trade, and colonization; examines the effects of United States political, economic, and social policies on Native Americans throughout U.S. history with an emphasis on the U.S. Constitution and Federal Indian Law. Emphasis on Native American peoples' attempts to protect their sovereignty, retain their cultural identity, and revitalize their societies across time. (CSU, UC)
HIST 0026. Women in World History
Units: 3
Advisory: Eligibility for English 1A
Hours: 54 lecture
A broad and general exploration of women's historical involvement around the world from prehistory to the present. Emphasis on women's experiences and contributions to historical developments regarding social, economic, and cultural life, government, politics, personal issues, race and racism, ethnicity, sexuality and gender. Explores the ideologies, issues, and events that have shaped the lives, roles, and contributions of women to determine the role of women in politics, economics and society. (CSU, UC)

HIST 0027. Women in American History
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Survey of women's roles in American history from its pre-colonial origins to the present. Emphasis on women's experiences and contributions to historical developments regarding social, economic, and cultural life, government, politics, personal issues, the U.S. Constitution, race and racism, ethnicity, sexuality and gender. (CSU, UC)

HIST 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

HIST 0049. The American West
Units: 3
Advisory: Eligibility for English 1A
Hours: 54 lecture
History of the movement of the American people from the eastern coast of North America to the Pacific Ocean, including the history of the trans-Mississippi West from the 16th century to the present. Included will be the numerous historical issues associated with the region, including cultural contact and conflict, economic development, visions and meanings of the West, human interaction with nature and the environment, relationship between western states and the federal government, tourism, the growth of the sunbelt cities, and the shifting nature of race, class, gender, and power in the region. (CSU, UC)

HIST 0050. World History to 1500
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Survey to 1500 of the political, economic, social, geographic, and religious/philosophical characteristics of the major world civilizations and the interactions among these civilizations. (C-ID HIST 150) (CSU, UC)

HIST 0051. World History since 1500
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Survey from 1500 of the political, economic, social, and cultural developments of world civilizations with a special emphasis on exploring interactions among these civilizations. (C-ID HIST 160) (CSU, UC)

HIST 0095. Internship in History
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Program Student Learning Outcomes (PSLOs)

• Investigate the history of other time periods and societies and compare to the contemporary world and one's own society.
• Convey historical arguments in writing.
• Demonstrate knowledge of the relationship between the Constitution and the political and social developments of the United States.
• Demonstrate knowledge of the roles of geography, culture, race, class, gender, and ethnicity in history.
• Differentiate primary and secondary sources and describe how each are used to make historical claims.

Overview

The Human Development and Family degree program provides students with the necessary education for work in child development programs at various levels: assistant teacher, associate teacher, teacher, master teacher, site supervisor and director. It also includes instruction in infant care, preschool, school-age care, and children's advocacy. Course work prepares students who wish to go into the field of teaching, as well as work with families and social services.

Specific courses in the human development area afford students the opportunity to enhance their quality of life and to meet general education requirements through courses in lifespan development, marriage, management, family, parenting and diversity.

The California Commission on Teacher Credentialing grants permits to those preparing to teach children in early childhood education programs and in after-school child care programs. These permits, known as Child Development Permits, authorize service in state funded child care and development programs. The course work provided by the Sierra College Human Development and Family Department is approved by the California Commission on Teacher Credentialing as meeting the requirements for the California Child Development Permits. Specific permit requirements are listed after the Sierra College degrees. Human Development and
Family course work also satisfies teaching requirements mandated by the California Department of Social Services licensing requirements for Title 22 (licensed) and Title 5 (State funded) programs.

**Early Childhood Education for Transfer AS-T Degree**

The Associate in Science in Early Childhood Education for Transfer degree (AS-T) provides a clearly articulated curricular track to complete a bachelor’s degree in Early Development, Care and Education (EDCE) for students who wish to transfer to CSU Sacramento. Completion of this degree involves a cohort of Sierra College students who meet for classes in Placer County as part of a partnership with CSUS. The cohort structure provides for additional student support, while the format better meets the needs of working adults. The degree provides a curricular track for students planning to transfer to other CSU campuses with the following bachelor’s degrees: Child Development, Child and Adolescent Development, Human Development and Education.

The required courses are part of the CA Curriculum Alignment Project, Lower Division 8 coursework and expose students to the core principles and practices of the field in order to build a foundation for future personal, academic, or career paths. Students will be able to identify and evaluate factors that influence children’s development; analyze early childhood programs for developmentally appropriate practices and program effectiveness; and exhibit professionalism within the field of Early Childhood Education by demonstrating skills relevant to the field.

Additionally, this degree is designed to facilitate students’ successful transfer to CSU campuses that prepare them for advanced study in a variety of graduate programs, as well as a variety of careers such as teaching, Child Development Specialist, Program Directors and Child Life Specialists. With a BA in ECE/Child Development, students are eligible for the Master Teacher and Site Supervisor levels of the CA Child Development Permit, using the Alternative Qualifications category.

Students earning an Associate in Science in Early Childhood Education for Transfer degree and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor’s degree.

To earn the Associate in Science in Early Childhood Education for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of C or better; and
- completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students
transferring to a CSU campus using IGETC must complete Area 1C
Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

Child Development Pre-Service Elementary Teacher AA Degree

Completion of the Child Development Pre-Service Elementary Teacher Program prepares students for a career serving children and families in elementary school settings. Coursework focusing on care and education of the school age child prepares students to work in school settings, while general education courses prepare students to complete required multi-subject exams to become credentialed teachers.

Upon completion, students will be prepared to enter the Accelerated Child Development BA and Teaching Credentials Pathway, or ACT, at California State University, Sacramento and complete the CBest basic skills exam. Students gain student teaching hours in Title 1 schools in both tutoring and special education, which apply to post-BA credential requirements. Students will be prepared to work in the extended learning workforce as paraprofessionals, aides, or before- and after-school caregivers.

At the expense of the student, all students must gain physical clearance and show proof of immunizations to measles, pertussis, influenza, and tuberculosis. Additionally, a background screening is required prior to student teaching.

Students should be aware that this program leads into an (optional) accelerated program at CSUS. For that reason, 63.5 units are required. Students are strongly recommended to complete Health Education 2, Human Development 4, and take the CBest exam in addition to the required 63.5 units. Completing Human Development 4 will allow students to obtain a Teacher permit through the California Commission on Teacher Credentialing.

In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

Students must fulfill the following major requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education (CSU GE) Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

### Associate Teacher Skills Certificate

The Associate Teacher Skills Certificate allows the student to work as a fully qualified teacher in a private early care and education (Title 22) program, serving infants/toddlers, preschool-age children, and school-age children in before-and-after school programs. Once the unit requirements for this certificate are fulfilled, it is recommended that students meet with a Human Development full time faculty member on how to obtain an Associate Teacher Permit through the Commission on Teacher Credentialing. With the Associate Teacher Child Development Permit, an individual can work as an assistant or associate teacher in a publicly funded early childhood education program, and serves as a coordinator of curriculum and development. This certificate, when combined with completing the minimum requirements to be a teacher of infants and toddlers in privately funded early childhood education programs (as required by Title 22 of the California Social Services Code of Regulations). Additionally, students with this certificate qualify as an associate teacher of infants and toddlers in publicly funded early childhood education programs (as required by Title 5 California Code of Regulations). A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

### Site Supervisor Skills Certificate

A Child Development Site Supervisor supervises a child care and development program operating at a single site; provides service in the care, development and instruction of children in a child care and development program, and serves as a coordinator of curriculum and development. This certificate, when combined with completing the requirement for an AA/AS degree and appropriate work experience, enables the student to be able to apply to the Commission on Teacher Credentialing for a Child Development Permit at the Site Supervisor level and also enables the holder to apply to be a California Mentor Teacher. A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

Work experience of 350 days of 3 plus hours per day within 4 years, including at least 100 days of supervising adults in a licensed child care facility

All course work must be completed with grades of “C” or better.
Courses

Understanding course descriptions (p. 312)

HDEV 0001. Human Development Through the Lifespan
Units: 3
Hours: 54 lecture
Study of the physical, cognitive, psychosocial and emotional changes in development through the life span. Focuses on practical application of developmental principles and patterns of growth from conception through late adulthood, including death and bereavement processes. Designed as a foundation course for careers in social service, psychological, health and medical fields. (CSU, UC-with unit limitation)

HDEV 0002. Principles and Practices of Teaching Young Children
Units: 3
Hours: 54 lecture
Examination of the underlying theoretical principles of developmentally appropriate practices in early care and education. Emphasis on the role of the early childhood educator, the importance of teacher-child relationships, curriculum, and effective teaching strategies and environmental design for supporting development in young children. This course includes a review of the historical roots of early childhood programs, and the evolution of the professional practices promoting advocacy, ethics, and professional identity including career pathways and professional standards. (C-ID ECE 120) (CSU)

HDEV 0003. Observation and Assessment
Units: 3
Prerequisite: Completion of HDEV 1 or 9 with grade of "C" or better; completion of HDEV 2 with grade of "C" or better
Hours: 54 lecture
The appropriate use of assessment and observation tools and strategies to document young children’s development, learning and behavior. Emphasizes use of findings to inform and plan learning environments and experiences. Recording strategies, rating systems, portfolios, and multiple assessment tools will be explored, along with strategies for collaboration with families and professionals. Child observations will be conducted and analyzed. (C-ID ECE 200) (CSU)

HDEV 0004. Child, Family, and Community
Units: 3
Hours: 54 lecture
An examination of the processes of socialization focusing on the interrelationship of family, school, and community. Examines the influence of historical and socio-cultural contexts. Explores the role of collaboration between family, community, and schools in supporting children’s development. (C-ID CDEV 110) (CSU, UC)

HDEV 0005. Introduction to Curriculm
Units: 3
Prerequisite: Completion of HDEV 1 or 9 with grade of "C" or better; completion of HDEV 2 with grade of "C" or better
Hours: 54 lecture
Presents an overview of knowledge and skills related to providing developmentally appropriate curriculum and environments for all young children. Explores teaching strategies and curriculum development based on theoretical frameworks, observation, and assessment. Emphasizes the teacher’s role in supporting development and learning across the curriculum, including all content areas. (C-ID ECE 130) (CSU)

HDEV 0007. Health, Safety, and Nutrition
Units: 3
Formerly known as HDEV 6 and 8
Hours: 54 lecture
Laws, regulations, standards, policies, procedures, and best practices related to health, safety, and nutrition in early childhood settings. Includes prevention strategies, nutrition, and meal planning for various ages and planning educational experiences integrated into daily routines designed to teach children positive health, safety, and nutrition habits. (C-ID ECE 220) (CSU)

HDEV 0009. Child Growth and Development
Units: 3
Hours: 54 lecture
This course examines the major physical, cognitive/language, social and emotional developmental milestones for children from conception through adolescence. Emphasis on interactions between maturational processes and environmental factors. While studying developmental theory, students will evaluate individual differences, and analyze characteristics of development at various stages according to developmental theories. Designed as a foundation course for careers in early childhood and for those seeking a teaching credential. (C-ID CDEV 100) (CSU, UC-with unit limitation)

HDEV 0010. Practicum Experience in Early Childhood Education
Units: 3
Prerequisite: Completion of HDEV 3 and 5 with grades of "C" or better
Corequisite: Concurrent enrollment in HDEV 10
Advisory: Completion of HDEV 25 with grade of "C" or better
Hours: 54 lecture
Focuses on child centered, play-oriented approaches to teaching, learning, and assessment. Knowledge of developmentally appropriate curriculum content areas will also be emphasized as students design and evaluate experiences that promote development and learning for all young children. Students must co-enroll in HDEV 10L to secure their practicum/student teaching space in a local high quality child development program. (combined with HDEV 0010L C-ID ECE 210) (CSU)

HDEV 0010L. Practicum Experience in Early Childhood Education Lab
Unit: 1.5
Prerequisite: Completion of HDEV 3 and 5 with grades of "C" or better
Corequisite: Concurrent enrollment in HDEV 10
Advisory: Completion of HDEV 25 with grade of "C" or better
Hours: 90 laboratory
Ninety hours of student teaching experience will be required for this course, in addition to enrollment in the lecture portion of HDEV 10. Students will be placed in pre-selected local classroom settings within district boundaries. Please see class schedule for student teaching placement meeting information, as well as immunization requirements. (combined with HDEV 0010 C-ID ECE 210) (CSU)

HDEV 0011. Infant and Toddler Development
Units: 3
Hours: 54 lecture
A study of infants and toddlers from pre-conception to age three including physical, cognitive, language, social, and emotional growth and development. Applies theoretical frameworks to interpret behavior and interactions between heredity and environment. Emphasizes the role of family and relationships in development. (CSU)
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
</tr>
</thead>
</table>
| HDEV 0012. Infant/Toddler Care and Education | Units: 3
 Hours: 54 lecture
Applies current theory and research to the care and education of infants and toddlers in group settings. Examines essential policies, principles and practices that lead to quality care and developmentally appropriate curriculum for children birth to 36 months. (CSU) |
| HDEV 0013. School Age Child | Units: 3
Advisory: Completion of HDEV 9 with grade of "C" or better
Hours: 54 lecture
Study of the child from 6-12 years of age, including physical, cognitive, social, and moral development. Fundamentals of planning educational and recreational programs with an emphasis on developmentally appropriate practice. (CSU) |
| HDEV 0014. Programs for School Age Children | Units: 3
Prerequisite: Completion of HDEV 13 with grade of "C" or better
Advisory: Completion of HDEV 9 with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Study of principles and standards for school-age child development programs. Emphasis on implementation of recommended practices in supervised laboratory settings. Includes planning and presenting developmentally appropriate activities in all curriculum areas. Meets specialization requirement, with HDEV 13, of Master Teacher Child Development Permit. (CSU) |
| HDEV 0019. Introduction to Children with Exceptional Needs | Units: 3
Prerequisite: Completion of HDEV 1 or 9 with grade of "C" or better
Corequisite: Concurrent enrollment in HDEV 19L
Hours: 54 lecture
Overview of the developmental issues, characteristics, and learning differences of children from birth to adolescence with exceptional needs, including gifted and talented. Current educational strategies including assessment and curriculum design will be presented. Community resources, advocacy, and challenges for children with exceptional needs and their families will be examined. (CSU) |
| HDEV 0019L. Introduction to Children with Exceptional Needs Lab | Units: 0.5
Prerequisite: Completion of HDEV 1 or 9 with grade of "C" or better; completion of or concurrent enrollment in HDEV 19
Hours: 30 laboratory
Provides experience working in a school environment with children and youth who have disabilities. Designed as a laboratory for those who have completed or are concurrently enrolled in HDEV 19. Covers skills for students who want to be general educators, special educators, school and social service providers and/or community members, who are essential in providing inclusive/integrated environments for differently-abled children and youth. Environmental modifications including classroom, school, agency, and community settings are studied. Classroom modifications in curriculum, assessment, behavior management, and instructional methods are examined. This course meets the requirement for special education in inclusive settings. (CSU) |
| HDEV 0021. Psychology of Intimate Relationships and Family | Units: 3
Also known as PSYC 110
Hours: 54 lecture
Study of the meaning and functions of intimate relationships and family. Consideration given to the nature of commitments, sexuality, alternative relationships, communication, conflict resolution, economics, parenting, crises, and marital separation. Recommended for majors in Human Development and Family and for those in human service careers. (CSU, UC) |
| HDEV 0022. The Family | Units: 3
Also known as SOC 4
Advisory: Completion of SOC 1 with grade of "C" or better
Hours: 54 lecture
A sociological approach to the analysis of the family as a social institution. Of particular interest are the changing structure of family, gender roles, dating, marriage, intimacy, relationships, and parenting. (C-ID SOCI 130) (CSU, UC) |
| HDEV 0023. Dynamics of Parenthood | Units: 3
Formerly known as HDEV 23ABCD
Hours: 54 lecture
A survey of historical and contemporary attitudes toward parenting. Review of research on child-rearing practices and parent-child relationships. Exploration of current approaches for effective interaction and communication of family members. Emphasis on the influence of personality, developmental stage, family structures, ethnic and cultural factors. (CSU) |
| HDEV 0025. Teaching in a Diverse Society | Units: 3
Also known as PSYC 110
Hours: 54 lecture
Examines the impact of various societal influences on the development of children's social identity. Covers developmentally appropriate, inclusive, and anti-bias approaches. Self-examination and reflection on issues related to social identity, stereotypes, and bias will be emphasized. (C-ID ECE 230) (CSU) |
| HDEV 0028. Independent Study | Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU) |
| HDEV 0029. Storytelling and Puppetry | Units: 3
Formerly known as HDEV 17 and 18
Hours: 54 lecture
Storytelling and puppetry explored as a means of enhancing oral language, listening skills and creativity in young children. Examines stories from many cultures. Emphasizes the art of telling stories. Focuses on the methods, materials, and experiences needed to use storytelling and puppetry effectively with children. Hands-on involvement with practical application for teachers, teacher aides, librarians, therapists, recreation leaders, church and youth group leaders, artists, dramatists, and parents. (CSU) |
HDEV 0030. Creative Process in Children
Units: 3
Hours: 54 lecture
Introduction to the aesthetic development and creative expression of children. Exploration of art methods, materials, creative process, and developmental stages. Enables students to implement effective teaching strategies for encouraging children's artistic and overall creative development. (CSU)

HDEV 0038. Adult Supervision and Mentoring in Early Care and Education
Units: 3
Prerequisite: Completion of HDEV 2 and 9 with grades of "C" or better
Methods and principles of supervising student teachers, volunteers, staff, and other adults in early childcare and education settings. Emphasis is on the roles and development of early childhood professionals as mentors and leaders. (CSU)

HDEV 0040. Administration I: Programs in Early Childhood Education
Units: 3
Prerequisite: Completion of HDEV 2 and 9 with grades of "C" or better
Advisory: Completion of HDEV 3 and 5 with grades of "C" or better
Introduction to the administration of early childhood programs. Covers program types, budget, management, regulations, laws and development and implementation of policies and procedures. Examines administrative tools, philosophies, and techniques needed to organize, open, and operate an early care and education program. (CSU)

HDEV 0041. Personnel and Leadership in Early Childhood Education
Units: 3
Formerly known as HDEV 41A/41B/41C
Prerequisite: Completion of HDEV 40 with grade of "C" or better
Advisory: Completion of HDEV 9 with grade of "C" or better
Effective strategies for personnel management and leadership in early care and education settings. Includes legal and ethical responsibilities, supervision techniques, professional development, and reflective practices for a diverse and inclusive early care and education program. (CSU)

HDEV 0043. Music and Movement for Young Children
Units: 3
Hours: 54 lecture
Theoretical perspectives and practical applications of the use of music and movement with children from infancy to age eight in group settings. Emphasis on exploration of music and movement as ways to involve young children with cultural diversity and traditions, creative expression, promotion of an understanding of the connection to healthy living and physical activity, and stimulation of brain development. Methods and materials used in singing, rhythms, creative music, reading and listening, development of music and movement lesson plans, and creation of inexpensive musical instruments. (CSU)

HDEV 0044. Children's Literature
Units: 3
Also known as ENGL 44
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Examination of high quality children's literature, both classic and contemporary, including criteria for selection, uses in child development and education, and practices in presentation and analysis. It includes the discussion of the history of children's literature and current issues such as censorship, literacy, multiculturalism, and diversity. This course is intended for prospective and current teachers, preschool aides, early childhood education (ECE) majors, librarians, parents, and students interested in the field of literature for children ages 0-13. (C-ID ENGL 180) (CSU, UC)

HDEV 0046. Language and Literacy
Units: 3
Hours: 54 lecture
Designed to support educators in the area of early language and literacy development. Focus on planning and implementing developmentally appropriate experiences that enhance the quality and quantity of oral language, provide for a print-rich environment and assist children in their growing understanding of print. Encourages literacy learning in a meaningful context and provides strategies for working with families and diverse populations. (CSU)

HDEV 0047. Math and Science in Early Childhood Education
Units: 3
Hours: 54 lecture
Designed to support educators in the development of math and science skills in children ages 0-8. Exploration of fundamental math and science concepts and principles, as well as guidance in selecting and implementing appropriate math and science activities in an integrated curriculum. (CSU)

HDEV 0050. Introduction to Family Child Care
Units: 3
Advisory: Completion of HDEV 9 with grade of "C" or better
Hours: 54 lecture
Provides students an overview of what is needed to open and operate an in-home child care program. Topics include licensing requirements, the role of regulatory agencies, business practices, health and safety practices, developmentally appropriate practices for mixed aged groupings, behavior guidance, supportive environments for both families and children, planning play-based curriculum in the home, and environmental design considerations. (not transferable)

HDEV 0051. Bilingual Education: Introduction to Educating English Learners
Units: 3
Advisory: Concurrent enrollment in EDU 7 or EDU 10
Hours: 54 lecture
Introduction to the concepts of bilingual education as it pertains to English Language Learners in California and the greater United States. Topics include the history of bilingual education, relevant legislation, first and second language acquisition theories, and linguistic development. The course involves required observation and tutoring of English Language Learners using materials and strategies responsive to the students' primary language and assessed levels of English proficiency. (CSU)
HDEV 0061. Nutrition throughout the Life Cycle
Units: 3
Also known as NUTF 13
Advisory: Completion of NUTF 10 with grade of "C" or better
Hours: 54 lecture
Examination of nutritional requirements, concerns, and interventions during several stages of the life cycle, from preconception to old age. Analysis of cultural, environmental, physical, and economic factors affecting nutritional status. Practical application of adequate nutrition through dietary selection and promotion of health throughout each life cycle stage. (CSU)

HDEV 0095. Internship in Human Development and Family
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

HDEV 0800. Music and Movement for Young Children
Units: 0
Hours: 54 lecture
Theoretical perspectives and practical applications of the use of music and movement with children from infancy to age eight in group settings. Emphasis on exploration of music and movement as ways to involve young children with cultural diversity and traditions, creative expression, promotion of an understanding of the connection to healthy living and physical activity, and stimulation of brain development. Methods and materials used in singing, rhythms, creative music, reading and listening, development of music and movement lesson plans, and creation of inexpensive musical instruments. (pass/no pass grading) (noncredit)

HDEV 0802. Storytelling and Puppetry
Units: 0
Hours: 54 lecture
Storytelling and puppetry explored as a means of enhancing oral language, listening skills and creativity in young children. Examines stories from many cultures. Emphasizes the art of telling stories. Focuses on the methods, materials, and experiences needed to use storytelling and puppetry effectively with children. Hands-on involvement with practical application for teachers, teacher aides, librarians, therapists, recreation leaders, church and youth group leaders, artists, dramatists, and parents. (pass/no pass grading) (noncredit)

HDEV 0803. Language and Literacy
Units: 0
Hours: 54 lecture
Designed to support educators in the area of early language and literacy development. Focus on planning and implementing developmentally appropriate experiences that enhance the quality and quantity of oral language, provide for a print-rich environment and assist children in their growing understanding of print. Encourages literacy learning in a meaningful context and provides strategies for working with families and diverse populations. (pass/no pass grading) (noncredit)

HDEV 0804. Creative Process in Children
Units: 0
Hours: 54 lecture
Introduction to the aesthetic development and creative expression of children. Exploration of art methods, materials, creative process, and developmental stages. Enables students to implement effective teaching strategies for encouraging children's artistic and overall creative development. (pass/no pass grading) (noncredit)

HDEV 0805. Math and Science in Early Childhood Education
Units: 0
Hours: 54 lecture
Designed to support educators in the development of math and science skills in children ages 0-8. Exploration of fundamental math and science concepts and principles, as well as guidance in selecting and implementing appropriate math and science activities in an integrated curriculum. (pass/no pass grading) (noncredit)

Program Student Learning Outcomes (PSLOs)
- Identify and evaluate factors that influence child/human development from various theoretical perspectives and current research findings.
- Analyze early childhood lab sites and/or community schools for developmentally appropriate practices and program effectiveness.
- Exhibit professionalism within the field of Early Childhood Education by demonstrating skills relevant to the field that include incorporating meaningful curriculum, content knowledge, culturally and linguistically appropriate learning environments, and observation, documentation, and assessment of young children.

Overview
The study of Humanities offers an approach which integrates the arts, literature, history, music, philosophy and other disciplines. The program focuses on the culture of human civilization from classic antiquity through the Middle Ages and Renaissance to the Modern Era. The objective of the Humanities is to give a sense of wholeness to human experience.

Faculty
Jason File
Professor, Humanities
B.A., University of California, San Diego
M.A., University of North Carolina

Johnnie D. Terry
Professor, Humanities/Lesbian, Gay, Bisexual and Transgender Studies/Philosophy/Women and Gender Studies
B.A., San Diego State University
M.A., San Diego State University

Degrees/Certificates

Associate Degrees

- Humanities—Asian Studies (p. 179)
- Humanities—Diverse Perspectives (p. 179)
- Humanities—General (p. 179)

Humanities—Asian Studies

AA Degree

The AA degree in Humanities—Asian Studies provides preparation for upper-division course work in Humanities at a four-year university. The degree will guide students to examine the Asian experience through its ideas (philosophy), through its commitment to its culture, traditions and rituals (religions) and through its applied practices (the disciplines for self-development of body/mind health, meditation and martial arts). Courses are offered which provide opportunities for self-discovery and the construction of a coherent outlook and critical reason. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

Humanities—General

AA Degree

The AA degree in Humanities—General provides preparation for upper division course work in Humanities at a four-year university. The degree acquaints students with the relevant eras, ideas, ideals, values and terminology endemic to the field as expressed in art, music, drama, literature, philosophy and religion. The Humanities—General AA degree pattern affords students the widest array of Humanities coursework from which to choose to satisfy transfer institution requirements. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be
completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;

### Courses

Understanding course descriptions (p. 312)

**HUM 0001. Introduction to Humanities I**

*Units: 3*

Advisory: Eligibility for ENGL 1A

Hours: 54 lecture

Introduction to the western cultural tradition through a survey of its religion, art, philosophy, literature, music, and architecture; covers prehistory through the Middle Ages. (CSU, UC)
HUM 0002. Introduction to Humanities II
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to the western cultural tradition through a survey of its religion, art, philosophy, literature, music, and architecture; covers the Renaissance through the modern world. (CSU, UC)

HUM 0003. Introduction to Asian Humanities
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Survey of the religion, art, philosophy, literature, music, and architecture of Asia - from prehistory to the present - with an emphasis on India, China and Japan. (CSU, UC)

HUM 0005. Classical Roots of the Contemporary Western World
Units: 3
Formerly known as HUM 300G
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
An examination of the Classical World's influence on the Contemporary Western World with special emphasis on theology, body image, love and sex, gender roles, democracy, conceptions of the good life, and entertainment based upon evidence from the art, architecture, literature, and philosophy of the Classical World. (CSU, UC)

HUM 0009. Introduction to Women, Gender and Religion
Units: 3
Also known as WMST 3
Hours: 54 lecture
Religion from a feminist perspective through a cross-cultural examination of major religious traditions of the East and West, as well as tribal faith practices. Emphasis on the historical role of women and gender in rituals, sacred texts, institutional structures, doctrine and religious iconography with respect to the impact on contemporary women regarding faith, politics and identity. (CSU, UC)

HUM 0010. World Religions
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Interdisciplinary survey of the beliefs and practices of the world's major religious traditions; focuses on primal religions, Hinduism, Judaism, Taoism, Confucianism, Buddhism, Christianity and Islam. (CSU, UC)

HUM 0015. Introduction to Mythology
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
The major elements of western mythology, its history and development as part of the human experience and its influence on art, literature and politics. (CSU, UC)

HUM 0017. Introduction to Atheism
Units: 3
Hours: 54 lecture
Introduction to the philosophy of atheism, its historical roots, major thinkers, and expressions in art, literature and philosophy. Includes history of free inquiry and thought, secular humanism, humanistic ethics and scientific naturalism. (CSU, UC)

HUM 0020. Introduction to the Hebrew Bible
Units: 3
Hours: 54 lecture
Introduction to the texts of the Hebrew Bible ("Old Testament" or "Torah") and associated writings from the Ancient Near East. Analyzes the texts in their historical and cultural context, and surveys their various genres (poetry, prophecy, law, mythology, history, wisdom, etc.) Explores the relationship between Hebrew Scriptures and archaeology, literature, history, current Biblical scholarship, and women's studies. (CSU, UC)

HUM 0021. Introduction to the New Testament
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to New Testament literature in its cultural and historical context. Employs methods of critical analysis of Biblical materials, surveying issues related to their authorship, genre and content. Explores the historical Jesus, literary depictions of Jesus in the gospels, the career and writings of the apostle Paul, the structure and beliefs of the early Christian church, and Christian apocalypticism. Emphasizes the impact of the New Testament on western culture. (CSU, UC)

HUM 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

HUM 0095. Internship in Humanities
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

HUM 0300H. Italian Culture and Civilization
Units: 3
Hours: 54 lecture
Introduction to Italian life and culture through the examination of art, literature, architecture, music, films, and popular culture. (CSU)

Program Student Learning Outcomes (PSLOs)

- Critically evaluate cultural artifacts (e.g., a work of architecture, music, art, literature, philosophy) using the disciplinary language of the Humanities.
- Analyze past cultural achievements in the context of present day intellectual expressions.
- Evaluate a cultural artifact in the context of the historical era in which it was produced.
- Create clear, cogent and coherent essays on topics relevant to the discipline of Humanities.

Overview

Information Technology programs prepare students for a wide array of Information Technology (IT) career paths. IT encompasses computer professional careers and positions, from Tech Support to Cyber Security, and from Office Work to Business Analyst. Careers in IT deal with the design, creation, management, maintenance, and business use of the varied components of computer systems, including software, hardware, networks, and the cloud. The field spans a broad range of industries, including technology, healthcare, finance, retail, government and education; and includes jobs that involve business computer applications, databases, technical and customer support services, web authoring/developing, Internet information research, network administration, and cybersecurity. Some courses prepare students for industry certifications such as CompTIA’s, A+, Network+, Security+, or Microsoft’s MSCE. The curriculum also provides valuable computer experience and training for students who are enrolled in other disciplines of the College.

Faculty

Richard S. Monsen
Assistant Professor, Information Technology
B.S., California State University, Sacramento

Annette A. Nylander
Professor, Information Technology
A.S., Sierra College
B.A., The Union Institute
M.B.A., DeVry University, Keller Graduate School of Management

Information Technology Advisory Committee

• City of Roseville, Roseville, CA
• California Department of Water Resources
• California Prison Industry Authority, Folsom, CA
• Cisco, Greater Sacramento Region
• El Dorado County, El Dorado County, CA
• Emergency Medical Services Authority, State of California, Rancho Cordova, CA (HQ)
• Hewlett Packard, Roseville, CA
• Kai Partners
• Placer County, Placer County, CA
• Sutter Health, Sacramento, CA (HQ)

Degrees/Certificates

Associate Degrees

• Information Technology—Cybersecurity (p. 182)
• Information Technology—Data Analytics (p. 183)
• Information Technology—IT Technician (p. 183)
• Information Technology—Network Technician (p. 183)

Certificates of Achievement

• Information Technology—Cybersecurity (p. 182)
• Information Technology—Data Analytics (p. 183)
• Information Technology—IT Technician (p. 183)
• Information Technology—Network Technician (p. 183)

Skills Certificates

• Data Specialist (p. 184)
• Information Assurance and Cyber Defense (p. 184)
• IT Technician (p. 184)

Information Technology—Cybersecurity

AA or AS Degree and/or Certificate of Achievement
(formerly Computer Information Systems—Networking and Security)

Successful completion of the curriculum in Cybersecurity prepares students to advance their Information Technology careers as network administrators and cyber security professionals. Many of the courses also help prepare students for industry recognized certification exams. For the degree, students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

• Sierra College Associate Degree Requirements (http://catalog.sierracollege.edu/student-resources/general-education/associate-degree-requirements/);
• California State University General Education Breadth (CSU GE) (http://catalog.sierracollege.edu/student-resources/general-education/california-state-university-general-education-breadth-requirements/) pattern;
• Intersegmental General Education Transfer Curriculum (IGETC) (http://catalog.sierracollege.edu/student-resources/general-education/intersegmental-general-education-transfer-curriculum-igetc/).

A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

### Information Technology—Data Analytics

**AS Degree and/or Certificate of Achievement**

Data analysis is the process of inspecting, cleansing, transforming and modeling data with the goal of discovering useful information and supporting decision-making. Almost all industries examine large amounts of data to uncover hidden patterns, correlations and other insights. This degree will start you on a path to finding the answers needed in any environment by teaching how to work with and understand the data.

For the degree, students must fulfill the following major requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (http://catalog.sierracollege.edu/student-resources/general-education/associate-degree-requirements/);
- California State University General Education Breadth (CSU GE) (http://catalog.sierracollege.edu/student-resources/general-education/california-state-university-general-education-breadth-requirements/)
- Interssegmental General Education Transfer Curriculum (IGETC) (http://catalog.sierracollege.edu/student-resources/intersegmental-general-education-transfer-curriculum-igetc/).

A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

### Information Technology—IT Technician

**AA or AS Degree and/or Certificate of Achievement**

(formerly Computer Information Systems—IT Technician)

The IT Technician program prepares students for entry level positions in computer retail, helpdesk, system administration, computer application installation, and technically oriented administrative roles. Many of the courses also help prepare students for industry recognized certification examinations. For the degree, students must fulfill the following major requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (http://catalog.sierracollege.edu/student-resources/general-education/associate-degree-requirements/);
- California State University General Education Breadth (CSU GE) (http://catalog.sierracollege.edu/student-resources/general-education/california-state-university-general-education-breadth-requirements/)
- Interssegmental General Education Transfer Curriculum (IGETC) (http://catalog.sierracollege.edu/student-resources/intersegmental-general-education-transfer-curriculum-igetc/).

A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

### Information Technology—Network Technician

**AS Degree and/or Certificate of Achievement**

The Network Technician program prepares students to work in the Information Technology industry performing a variety of network related jobs, such as Network Technician, Network Administrator, and Network Engineer. Students learn important skills like installation, configuration and troubleshooting of complex computer networks. This program also
prepares students to take Cisco's CCNA certification, which is the premier industry-recognized certification in data networking. Many of the courses in this program also help prepare students for other industry recognized certification exams such as the CompTIA A+, Network+ and Security+ certifications.

For the degree, students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (http://catalog.sierracollege.edu/student-resources/general-education/associate-degree-requirements/);
- California State University General Education Breadth (CSU GE) (http://catalog.sierracollege.edu/student-resources/general-education/california-state-university-general-education-breadth-requirements/) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (http://catalog.sierracollege.edu/student-resources/general-education/intersegmental-general-education-transfer-curriculum-igetc/).

A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

Total Units 22

**Data Specialist Skills Certificate**

This skills certificate provides students with the specific knowledge and skills needed for an entry-level data analyst position or to expand their current job skills to include basic data analytics. Today's business decisions are data driven and the skills developed in this sequence of classes will allow you to help businesses understand their data better. A skills certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

Total Units 10

**Courses**

Understanding course descriptions (p. 312)
IT 0015. Business Information Systems  
Units: 3  
Formerly known as CIS 62  
Advisory: Eligibility for ENGL 1A  
Hours: 72 (54 lecture, 18 laboratory)  
Examination of information systems and their role in business. Focus on information systems, database management systems, networking, e-commerce, ethics and security, computer systems hardware and software components. Application of these concepts and methods through hands-on projects developing computer-based solutions to business problems. Also includes exploration and practice of 21st century career skills: Digital Fluency - Professional Networking (Social Media), Collaboration – Teamwork, Social/Diversity Awareness. (C-ID ITIS 120) (CSU)

IT 0028. Independent Study  
Units: 1-3  
Formerly known as CIS 28  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

IT 0055. Database Management  
Units: 3  
Formerly known as CIS 90  
Advisory: Completion of BUS 252 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Discover the intricacies of relational databases using the current version of Microsoft Access. Includes designing database structures: tables, queries, forms, reports, and macros. Also includes integrating with the Web, Excel and other programs. Emphasis on hands-on learning. Also includes exploration and practice of 21st century career skills: Analysis/Solution Mindset, Critical Thinking, Problem Solving and Digital Fluency. (CSU)

IT 0060. Project Management Concepts and Software  
Units: 3  
Formerly known as CIS 136  
Advisory: Completion of IT 55 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Explores Project Management concepts and terminologies along with the use of Microsoft Office Project and other project management tools through discussions, hands-on exercises and classroom learning experiences. Includes WBS, budgeting, and resource allocation and other important PM topics such as Scope and Project Team Development. Helps prepare students to use the software package in their daily duties as a project manager or project assistant. Also includes exploration and practice of 21st century career skills: Adaptability, Collaboration and Social/Diversity Awareness. (not transferable)

IT 0065. Data Analytics/Visualization Using Tableau  
Units: 3  
Formerly known as CIS 91  
Advisory: Completion of BUS 252 and IT 55 with grades of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Learn how to use Tableau, a leading data analysis and visualization tool, to bring the world's data into views that everyone can use and understand. Go beyond basic charts by building powerful dashboards and drill down reports to support business decision makers or help explain visually the global impact of a single voice. (not transferable)

IT 0070. Systems Analysis and Design  
Units: 3  
Advisory: Completion of BUS 250 and IT 15 with grades of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
This course is a detailed study of business systems analysis and design theory and application techniques. Issues in systems analysis and design, from project identification, requirements, specification and analysis, design to implementation and maintenance, will be presented. Focus will be on tools and principles related to object oriented systems analysis and design. Attention is given to the role of the systems analyst within the business environment. Also includes exploration and practice of 21st century career skills: Adaptability, Analysis/Solution Mindset, and Communication. (CSU)

IT 0075. Python for Many Uses  
Units: 3  
Advisory: Completion of IT 105 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Learn to use Python to manipulate data for analytics, to manage IoT devices and/or for creating scripts to improve network security. This course will start at a very basic level and work up to applied solutions for real world work environments. (CSU)

IT 0080. IoT - Internet of Things  
Units: 3  
Advisory: Eligibility for ENGL 1A; Completion with grades of "C" or better or concurrent enrollment in IT 75 and IT 105 recommended  
Hours: 72 (54 lecture, 18 laboratory)  
Introduction to the Internet of Things (IoT), where people, processes, things, and data are connected via emerging Internet technologies. A variety of networking and computer hardware devices will be integrated into end-to-end systems to solve practical problems. (CSU)

IT 0090. IT Fundamentals  
Unit: 1.5  
Hours: 36 (27 lecture, 9 laboratory)  
Designed to prepare students to identify and explain basic computer components, set up a basic workstation, conduct basic software installation, establish basic network connectivity, identify compatibility issues, and identify/prevent basic security risks. Further, this course will prepare students in the areas of safety and preventative maintenance of computers. This course is intended for students who are considering a career in IT and later considering the pursuit of completing IT 100 and the CompTIA A+ certification exam. (not transferable)

IT 0095. Internship in Information Technology  
Units: 0.5-4  
Formerly known as CIS 95  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)
IT 0100. Information and Communication Technology Essentials
Units: 4
Formerly known as CIS 26
Prerequisite: Completion of IT 100 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Provides an introduction to the computer hardware and software skills needed to help meet the growing demand for entry-level ICT professionals. Focuses on the fundamentals of computer hardware and software as well as advanced concepts such as security, networking, and the responsibilities of an ICT professional. Preparation for CompTIA's A+ certification exam. Also includes exploration and practice of 21st century career skills: Self Awareness, Communication, Social/Diversity Awareness. (C-ID ITIS 110) (CSU)

IT 0105. Computer Network Fundamentals
Units: 3
Formerly known as CIS 65
Prerequisite: Completion of IT 100 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Introduces the architecture, structure, functions, components, and models of the Internet and other computer networks. The principles and structure of IP (Internet Protocol) addressing and the fundamentals of Ethernet concepts, media, and operations are introduced to provide a foundation for further study of computer networks. Uses OSI (Open Systems Interconnection) and TCP (Transmission Control Protocol) layered models to examine the nature and roles of protocols and services at the application, network, data link, and physical layers. Preparation for the CompTIA Network+ certification exam. Also includes exploration and practice of 21st century career skills: Digital Fluency and Resilience. (C-ID ITIS 150) (CSU)

IT 0110. Installing, Configuring and Administering a Client OS
Units: 3
Formerly known as CIS 141
Advisory: Completion of IT 105 with grade of "C" or better
Setup and support for a desktop operating system using a current desktop operating system in a networked environment. Creation of local and domain-level accounts, creation of shared resources, use of network services, remote access, resource management and monitoring, and security considerations. Also includes exploration and practice of 21st century career skills: Analysis/Solution Mindset, Digital Fluency and Adaptability. (CSU)

IT 0115. Server Systems Administration
Units: 3
Formerly known as CIS 142
Prerequisite: Completion of IT 105 with grade of "C" or better
Advisory: Completion of IT 15 with grade of "C" or better
Provides knowledge and skills required to build, maintain, troubleshoot and support Microsoft server OS technologies. Covers environmental issues, disaster recovery, physical/software security procedures, industry terminology and concepts, server roles, specializations, and interaction within the overall computing environment. Also includes exploration and practice of 21st century career skills: Analysis/Solution Mindset, Communication, Collaboration. (C-ID ITIS 155) (CSU)

IT 0120. Introduction to Information Systems Security
Units: 3
Formerly known as CIS 147
Prerequisite: Completion of IT 105 with grade of "C" or better
Advisory: Completion of IT 115 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Introduction to the fundamental principles and topics of Information Technology Security and Risk Management at the organizational level. Addresses hardware, software, processes, communications, applications, and policies and procedures with respect to organizational Cybersecurity and Risk Management. Preparation for the CompTIA Security+ certification exams. (C-ID ITIS 160) (CSU)

IT 0125. Routing and Switching Essentials
Units: 3
Formerly known as CIS 66
Prerequisite: Completion of IT 105 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Architecture, components, and operations of routers and switches in a small network. Configuring a router and a switch for basic functionality. Configure and troubleshoot routers and switches and resolve common issues with RIPv1, RIPv2, single-area and multi-area OSPF, virtual LANs, and inter-VLAN routing in both IPv4 and IPv6 networks. Along with IT 105, prepares students for the current version of the Cisco Certified Entry-level Network Technician (CCENT) certification examination. Also includes exploration and practice of 21st century career skills: Analysis/Solution Mindset, Collaboration, and Adaptability. (CSU)

IT 0130. Cisco CCNA 3 Enterprise Networking, Security and Automation
Units: 3
Prerequisite: Completion of IT 125 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
This is the third of three courses that are aligned to the CCNA Certification Exam. In Enterprise Networking, Security, and Automation, students will take the skills and knowledge that they learned in the previous two courses and apply them to wide area networks (WANs). WANs are large, complex networks that require advanced understanding of network operation and security. This class also introduces students to two important areas of networking: virtualization and automation. By the end of this course, students will be able to configure, troubleshoot, and secure enterprise network devices. Students will be versed in application programming interfaces (APIs) and the configuration management tools that make network automation possible. When students have completed ENSA, they will have gained the practical experience they need to prepare for the CCNA certification exam. (CSU)

IT 0140. Implementing Network Security and Firewalls
Units: 3
Prerequisite: Completion of IT 120 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Firewalls are one of the primary tools used to prevent unauthorized access to corporate networks. Students will learn how to design and configure firewalls to allow access to key services while maintaining an organization's security, as well as how to implement firewall-to-firewall Virtual Private Networks (VPNs). Also includes exploration and practice of 21st century career skills: Analysis/Solution Mindset, Collaboration, and Adaptability. (CSU)
IT 0145. Introduction to Cybersecurity: Ethical Hacking  
Units: 3  
Formerly known as CIS 152  
Prerequisite: Completion of IT 120 with grade of "C" or better  
Advisory: Completion of CSCI 50 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Immerses IT Professionals in hands-on intensive environment providing in-depth knowledge and experience with current essential security systems. Provides understanding of perimeter defenses and leads to scanning and attacking networks; no real networks are harmed. Students learn how intruders escalate privileges and the steps to be taken to secure a system. Also covers Intrusion Detection, Policy Creation, Social Engineering, DDoS Attacks, Buffer Overflows, and Virtual Creation. Focus includes legal and regulatory requirements, ethical issues, basic methodology and technical tools used for ethical hacking and penetration tests. Students establish a pre-test agreement with the enterprise, discover and exploit vulnerabilities, participate as a member of a pen test team and prepare a penetration test report. Also includes exploration and practice of 21st century career skills: Self-Awareness and Empathy. (CSU)

IT 0150. Principles of Cybersecurity Analysis  
Units: 3  
Formerly known as CIS 153  
Prerequisite: Completion of IT 120 with grade of "C" or better or CompTIA Security+ certification as determined by the Information Technology Department Chair  
Hours: 72 (54 lecture, 18 laboratory)  
Focuses on the critical knowledge and skills required to prevent, detect and combat cybersecurity threats; includes the application of behavioral analytics to improve the overall state of IT security. Covers exam objectives relating to the CompTIA Cybersecurity Analyst (CSA+) industry certification. (CSU)

IT 0155. Virtualization Concepts and Technologies  
Units: 3  
Formerly known as CIS 148  
Advisory: Completion of IT 105 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Knowledge and skills necessary to understand and implement Virtualization Concepts. The core concepts of creating and managing virtual machines, network servers, and network design presented. Labs demonstrate benefits associated with virtualization such as fault tolerance and high availability. Successful completion of this course meets the educational requirement for VMware certification. Also includes exploration and practice of 21st century career skills: Adaptability and Analysis/Solution Mindset. (CSU)

IT 0165. Computer Forensics Fundamentals  
Units: 3  
Formerly known as CIS 88  
Also known as ADMJ 88  
Advisory: Completion of ADMJ 54 and IT 120 with grades of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Introduction to the methods used to properly conduct a computer forensics investigation, beginning with a discussion of ethics, while mapping the objectives of the International Association of Computer Investigative Specialists (IACIS) certification. Topics covered include an overview of computer forensics as a profession; the computer investigation process; understanding operating systems boot processes and disk structures; data acquisition and analysis; technical writing; and a review of familiar computer forensics tools. Also includes exploration and practice of 21st century career skills: Analysis/Solution Mindset. (CSU)

IT 0170. AWS Cloud Foundations  
Unit: 1.5  
Hours: 36 (27 lecture, 9 laboratory)  
Intended for students who seek an overall understanding of cloud computing concepts, independent of specific technical roles. This course provides a detailed overview of cloud concepts, Amazon Web Services (AWS) core services, security, architecture, pricing, and support. Can be used to prepare for the AWS Cloud Practitioner exam. (CSU)

IT 0175. AWS Cloud Architecting  
Units: 3  
Prerequisite: Completion of IT 105 and IT 170 with grades of "C" or better  
Advisory: Completion of IT 15 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Covers the fundamentals of building IT infrastructure on Amazon Web Services (AWS). The course is designed to teach solutions architects how to optimize their use of the AWS Cloud by understanding AWS services and how they fit into cloud-based solutions. Although architectural solutions can differ depending on the industry, type of application, and size of the business, this course emphasizes best practices for the AWS Cloud that apply to all of them. It also recommends various design patterns to help you think through the process of architecting optimal IT solutions on AWS. Throughout the course, students will explore case studies that showcase how some AWS customers have designed their infrastructures and the strategies and services that they have implemented. Finally, this course provides opportunities for students to build a variety of infrastructures through a guided, hands-on approach. (CSU)

IT 0865. CompTIA Network+ Exam Prep  
Units: 0  
Formerly known as CIS 865  
Advisory: Completion of IT 105 with grade of "C" or better or equivalent  
Hours: 12 lecture  
Intended to prepare students to take and pass the CompTIA Network + Certification Exam. Students taking this class should have taken IT 105 class or equivalent, and have a thorough understanding of the key concepts covered in exam. The course will discuss the layout and content areas of the exam, example test questions, and high-level review of key concepts when needed. (pass/no pass grading) (noncredit)

IT 0890. IT Fundamentals  
Units: 0  
Hours: 36 (27 lecture, 9 laboratory)  
Designed to prepare students to identify and explain basic computer components, set up a basic workstation, conduct basic software installation, establish basic network connectivity, identify compatibility issues, and identify/prevent basic security risks. Further, this course will prepare students in the areas of safety and preventative maintenance of computers. This course is intended for students who are considering a career in IT and later considering the pursuit of completing IT 100 and the CompTIA A+ certification exam. (pass/no pass grading) (noncredit)

Program Student Learning Outcomes (PSLOs)

- Design LAN and WAN logical topologies that support various sized organizations.
- Assess security risks and identify ways to minimize their threat and/or impact.
- Analyze various operating system options and make recommendations based on organization needs.
• Demonstrate digital literacy and work habits required for a successful virtual business.
• Evaluate effectiveness of web-based business tools for successful operation of a virtual business.
• Develop and implement common deliverables for virtual office entrepreneur.
• Diagnose common software and hardware problems.
• Analyze and integrate software solutions for the business environment.
• Demonstrate professional communication and customer services skills.
• Demonstrate computer literacy.
• Analyze scenarios, investigate options, and appropriately apply workplace computer programs.
• Demonstrate file management proficiency.

Overview
The United States is taking an active role in world affairs, and it is desirable for Americans to have knowledge of foreign languages and cultures. Learning a foreign language will benefit students and prepare them for any career. The acquisition of desired practical communication skills is the primary objective of the World Languages Department at Sierra College. Courses are organized around grammatical themes imbedded in cultural topics, requiring critical thinking, analysis and practical implication. Instruction on the Communicative Method integrates the five key learning objectives of Speaking, Listening, Reading, Writing and Cultural Competence.

TRANSFER MAJOR REQUIREMENTS in Foreign Language are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements. Four-year graduates in Foreign Languages are qualified for positions in teaching, business, foreign services, law enforcement, nursing, secretarial and diplomatic services.

Career Opportunities in Italian
Bilingual: teacher, professor, transcriber, sales representative, customer service representative, web publisher, medical/health worker, realtor, IRS/franchise tax board worker, social services case worker, community outreach specialist, human resources specialist;

Business: international relations consultant, international business personnel, foreign exchange trader, publishing specialist, foreign correspondent, foreign publications/textbook editor, research assistant, importer/exporter, translator/interpreter, international account manager, international banking officer, airline personnel, public relations officer;

Culture/Tourism: cultural events coordinator, travel agent, translator/interpreter, guide;

Courses
Understanding course descriptions (p. 312)
ITAL 0001. Elementary Italian - Level I
Units: 4
Hours: 72 lecture
Intensive instruction in understanding, speaking, reading, and writing elementary Italian. Basic grammar, regular and some irregular verbs in the present tense of the indicative mood. Daily practice in speaking and writing. Corresponds to two years of high school study. (CSU, UC)

ITAL 0002. Elementary Italian - Level II
Units: 4
Prerequisite: Completion of ITAL 1 or two years of high school Italian with grade(s) of "C" or better
Hours: 72 lecture
Intensive basic grammar, greater emphasis on speaking and writing. Emphasis on culture and events of the areas where Italian is spoken. (CSU, UC)

ITAL 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

Program Student Learning Outcomes (PSLOs)

• Improve listening skills in target language and draw reasonable conclusions from observations.
• Improve reading skills in target language while examining important contributions to literature in relevant cultures.
• Improve writing skills in target language while examining new ideas from the relevant cultures.
• Improve speaking skills in target language and develop problem-solving skills by working productively with others.
• Cultivate openness to new ideas and an informed appreciation of relevant cultures.

Courses

Understanding course descriptions (p. 312)

JPN 0001. Elementary Japanese - Level I
Units: 4
Hours: 72 lecture
Introduction to Japanese language; reading, writing, with emphasis on speaking. Pronunciation, sound system, intonation, basic vocabulary and grammar of spoken Japanese. Grammar emphasis is word order, postpositions, and some conjugation in simple sentences. Introduction to geography, customs and culture of Japan. Students required to learn Hiragana script and Kanji characters. Corresponds to two years of high school study. (CSU, UC)

JPN 0002. Elementary Japanese - Level II
Units: 4
Prerequisite: Completion of JPN 1 or two years of high school Japanese with grade of "C" or better
Hours: 72 lecture
Continuation of JPN 1 with increased emphasis on reading, writing and grammatical forms. Stress vocabulary, idioms, postpositions, and grammar. Study of more complex subordinate phrases and clauses. Includes Hiragana, as well as, Katakana and simple Kanji ideographs. Further study of geography, customs, and culture of Japan. (CSU, UC)

JPN 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

Kinesiology

Contact Information

Division
Kinesiology and Athletics
Dean
Rachel Johnson
Associate Dean
Steven Roberson
Division Office
Ft, Rocklin Campus

Overview

The Kinesiology program offers a wide variety of courses that improve physical fitness, sport skills and dance performance abilities. The courses are designed to provide physiological results and wholesome social interchange. Lower division curricula for majors are dependent upon California university and out-of-state university requirements.

Faculty

Darci D. Brownell
Professor, Athletics/Health Education/Kinesiology/Recreation Management
B.A., California State University, Sacramento
Kinesiology involves the study of physical activity and its impact on health, society and quality of life. Students will create a balance between physical fitness, social well-being, health and academic success; distinguish principles of healthy weight management through exercise and nutrition; identify and practice the fundamental concepts of wellness and fitness; demonstrate essential motor skill patterns to fit a variety of activities and identify and practice high safety standards, support environmental needs and provide a positive experience for participants.

The Associate in Arts in Kinesiology for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor's degree in Kinesiology, Physical Education, or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing within the CSU system. Students are also given priority admission consideration to their local CSU campus but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor's degree.

To earn the Associate in Arts in Kinesiology for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of "C" or better; and
- completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and
American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

**RESTRICTION:** International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

### Fitness Trainer

(Formerly Nutrition and Fitness Trainer)

This certificate program provides a comprehensive understanding of Fitness and Personal Training. Students will gain the necessary skills and knowledge for entry-level employment in health clubs and recreation centers. The certificate curriculum prepares students for the American Council on Exercise Personal Trainer Certification Exam, allowing students greater employment opportunities as personal trainers, group fitness instructors and advanced fitness specialists. A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

**Total Units:** 22-23
Courses
Understanding course descriptions (p. 312)

**KIN 0003A. Cardio Fitness - Level I**
*Units: 0.5-2*
Formerly known as PHED 3A
Hours: 36 activity per unit
Designed to educate students in the areas of basic aerobic and cardiovascular fitness using a variety of fitness equipment, as well as evaluate and improve present aerobic fitness level. (CSU, UC-with unit limitation)

**KIN 0003B. Cardio Fitness - Level II**
*Units: 0.5-2*
Formerly known as PHED 3B
Hours: 36 activity per unit
Designed to educate students in the areas of aerobic circuit training as well as evaluate and improve present aerobic fitness level. (CSU, UC-with unit limitation)

**KIN 0004. Cross Training**
*Units: 2*
Formerly known as PHED 87
Hours: 54 (18 lecture, 36 activity)
Daily physical fitness training utilizing aerobic and anaerobic training methods including: swim workouts, resistance training, stationary exercise equipment and running. (CSU, UC-with unit limitation)

**KIN 0005A. Weight Training**
*Units: 0.5-2*
Formerly known as PHED 5A
Hours: 36 activity per unit
Weight training as a lifetime fitness activity; progressive resistance exercises with free weights and weight machines to develop muscular strength and endurance. (CSU, UC-with unit limitation)

**KIN 0005B. Strength Training - Circuit and Power Lifting**
*Units: 0.5-2*
Formerly known as PHED 5B
Hours: 36 activity per unit
Strength training exercises in progressive circuit and power lifting with free weights and weight machines. Designed to develop core strength, muscular strength and endurance. (CSU, UC-with unit limitation)

**KIN 0006. Physical Fitness**
*Units: 0.5-2*
Formerly known as PHED 6
Hours: 36 activity per unit
Emphasis on life-long exercise principles using a variety of muscular strength and endurance, aerobics and flexibility workouts. Examines cardio-respiratory fitness, exercise principles, and how to design and evaluate fitness programs/workouts. Students experience different types of workouts and are encouraged to apply the information to their own body and level of conditioning. (CSU, UC-with unit limitation)

**KIN 0007. Aerobic Fitness**
*Units: 0.5-2*
Formerly known as PHED 7
Hours: 36 activity per unit
Creative exercises to promote a wide range of flexibility, muscular strength and endurance, and cardiovascular endurance. Includes a choreographed warm-up, aerobic segment, floorwork, and warm-down utilizing a variety of calisthenic and dance techniques and skills. (CSU, UC-with unit limitation)

**KIN 0009. Cardio Kickboxing**
*Units: 0.5-2*
Formerly known as PHED 13
Hours: 36 activity per unit
An intense non-contact cardiovascular workout utilizing kicking and punching techniques for differing fitness levels to include: warm-up, cardiovascular segment, muscle conditioning exercises, stretching, and cool down. (CSU, UC-with unit limitation)

**KIN 0010. Fitness and Weight Management Boot Camp**
*Units: 2-3*
Formerly known as PHED 22
Hours: 54 (18 lecture, 36 activity) 2 units; 72 (36 lecture, 36 activity) 3 units
Encourages a healthy attitude toward exercise, wellness and weight management. Topics include assessing and improving fitness levels, as well as nutrition, healthy living, and active lifestyle strategies that are involved in attaining and maintaining appropriate levels of wellness. Students with body mass indexes of 25 or over are best suited for this course because of the emphasis on weight management. (CSU, UC-with unit limitation)

**KIN 0011. Instructional Methods for Group Fitness**
*Units: 3*
Formerly known as PHED 85
Hours: 72 (36 lecture, 36 activity)
Addresses methods of instruction in leading group exercise in health clubs, resorts, institutions, corporate programs or medically supervised exercise programs. Topics include movement choreography, communication and cueing, music selection and counting. Practical application of kinesiology and muscle physiology are used to design various music based class formats and other current group fitness trends. (CSU)

**KIN 0012. Instructional Methods for Personal Trainers**
*Units: 3*
Hours: 72 (36 lecture, 36 laboratory)
Emphasizes the development of instructional skills based on learning modalities and pedagogical practices for individuals working as a personal trainer in the fitness industry. Activities focused on those used to develop muscular endurance, muscular strength, muscular hypertrophy, and flexibility using various equipment options. Practical application of exercise science principles in anatomy, physiology, kinesiology, and exercise physiology used for exercise instruction and program design. (CSU)
KIN 0018. Peaceful Self Defense  
Units: 0.5-2  
Formerly known as PHED 69  
Hours: 36 activity per unit  
Introduction to fundamental principles, concepts, and theories of martial arts. Includes basic self defense, nonviolent self defense strategies, cardio conditioning, strength building exercises, flexibility training, nutrition, deep relaxation, and meditation with a focus on mind-body connection as it pertains to the art of physical combat. Benefits students of all skill levels. (CSU, UC-with unit limitation)

KIN 0019. Basic Self Defense  
Units: 1-2  
Formerly known as PHED 66  
Hours: 36 activity per unit  
Basic level course designed to teach students how to recognize and avoid potential threats, and to mentally and physically prepare themselves to respond to physical attacks if they should occur. Covers responses to a variety of attack situations including pushes, grabs, chokes, punches, kicks, rear attacks, ground attacks, and assaults with handguns, long-guns and knives. Special emphasis is placed on takedowns, disarming and controlling attackers. (CSU, UC-with unit limitation)

KIN 0020. Multi Self Defense System  
Units: 0.5-2  
Formerly known as PHED 80  
Hours: 36 activity per unit  
A multi combat self defense system combining the martial arts of Escrima (stick and knife fighting), Jujitsu, and Kenpo. Focus on teaching application of principles leading to utilizing ordinary items to help defend oneself. Emphasis on strengthening the body and improving endurance. (CSU, UC-with unit limitation)

KIN 0021. Tai Chi  
Units: 0.5-2  
Formerly known as PHED 14  
Hours: 36 activity per unit  
Ancient Chinese martial art that improves balance and coordination, promotes health, and reduces stress. Emphasizes meditation in motion and self-defense. Focus on mind/body harmony through balancing body energy (chi). (CSU, UC-with unit limitation)

KIN 0022. Self-Defense for Personal Safety  
Unit: 1.5  
Formerly known as PHED 63  
Hours: 54 (18 lecture, 36 laboratory)  
Provides individuals with information about personal safety and develops skills to avoid harm. Covers awareness in a variety of locations, such as home, workplace, school, online environment, car and parking lot. Topics include avoidance and awareness of potential dangers, appropriate responses, self-defense strategies (physical and non-physical), legal aspects of self-defense, physical fitness, sensitivity to violent crime victims, and the psychological factors involved in victimization. (CSU)

KIN 0023. Badminton  
Units: 0.5-2  
Formerly known as PHED 11  
Hours: 36 activity per unit  
Fundamental techniques of badminton skills including: service, drop shots, clear shots, forehand and backhand strokes. Covers strategy of singles and doubles play, rules, and game etiquette. Provides an opportunity for competition. (CSU, UC-with unit limitation)

KIN 0024. Tennis  
Units: 0.5-2  
Formerly known as PHED 16  
Hours: 36 activity per unit  
Fundamental techniques of service, forehand, volleys, and backhand. Covers strategy, rules, and etiquette. Provides an opportunity for competition in both singles and doubles play. (CSU, UC-with unit limitation)

KIN 0025. Golf  
Units: 0.5-2  
Formerly known as PHED 10  
Hours: 36 activity per unit  
Development of sufficient basic proficiency in golf to recognize and enjoy it as a lifetime activity; includes U.S.G.A. rules, etiquette and the fundamental mechanics involved in the use of irons and woods. (CSU, UC-with unit limitation)

KIN 0026. Flag Football  
Units: 0.5-2  
Formerly known as PHED 29  
Hours: 36 activity per unit  
Tactical theory and practice of flag football skills and knowledge including: passing, kicking, receiving, blocking, defending and rushing. Covers the strategy of team play, rules and etiquette. Provides the opportunity for skill development and competition. (CSU, UC-with unit limitation)

KIN 0027. Recreational Basketball  
Units: 0.5-2  
Formerly known as PHED 23  
Hours: 36 activity per unit  
Introduction to basketball as a recreational/cardio sport, designed to assist students in acquiring basic skills and increasing aerobic fitness, balance, and advanced fitness levels, while actively participating in basketball activities. (CSU, UC-with unit limitation)

KIN 0028. Independent Study  
Units: 1-3  
Formerly known as PHED 28  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

KIN 0029. Self Defense for Personal Safety  
Unit: 1.5  
Formerly known as PHED 63  
Hours: 54 (18 lecture, 36 laboratory)  
Provides individuals with information about personal safety and develops skills to avoid harm. Covers awareness in a variety of locations, such as home, workplace, school, online environment, car and parking lot. Topics include avoidance and awareness of potential dangers, appropriate responses, self-defense strategies (physical and non-physical), legal aspects of self-defense, physical fitness, sensitivity to violent crime victims, and the psychological factors involved in victimization. (CSU)

KIN 0031A. Soccer Level I  
Units: 0.5-2  
Formerly known as PHED 27A  
Hours: 36 activity per unit  
Fundamental theory and practice of soccer skills and knowledge including: passing, dribbling, shooting, formations, and strategy. Primary emphasis on the application of skills, rules, and introduction to strategy in game play. (CSU, UC-with unit limitation)

KIN 0031B. Soccer Level II  
Units: 0.5-2  
Formerly known as PHED 27B  
Hours: 36 activity per unit  
Tactical theory and practice, including small group attacking, small group defending, team attacking and team defending. Primary emphasis on tactics and strategy within the game. (CSU, UC-with unit limitation)

KIN 0032. Tennis  
Units: 0.5-2  
Formerly known as PHED 16  
Hours: 36 activity per unit  
Fundamental techniques of service, forehand, volleys, and backhand. Covers strategy, rules, and etiquette. Provides an opportunity for competition in both singles and doubles play. (CSU, UC-with unit limitation)
KIN 0032B. Advanced Tennis
Units: 0.5-2
Hours: 36 activity per unit
Advanced techniques of service, forehand, and backhand. Also advanced return of serve techniques and strategies. Provides an opportunity for more intense competition in both singles and doubles play. (CSU, UC-with unit limitation)

KIN 0033. Volleyball
Units: 0.5-2
Formerly known as PHED 26
Hours: 36 activity per unit
Fundamental skills, rules, and strategies of volleyball. Primary emphasis on the application of skills and strategy needed to play volleyball. (CSU, UC-with unit limitation)

KIN 0034. Beach Volleyball
Units: 0.5-2
Hours: 36 activity per unit
Provides instruction and practice in fundamental beach volleyball techniques. Individual skills, such as passing, setting, hitting, blocking and serving, as well as team offensive and defensive strategies. (CSU, UC-with unit limitation)

KIN 0035A. Futsal - Level I
Units: 0.5-2
Hours: 36 activity per unit
Introductory course includes game strategy, tactics, and laws of the game. Futsal is a modified form of soccer played indoors on a hard surface with a low bouncing ball. Students develop basic skills in dribbling, passing, heading, shooting and receiving, along with offensive and defensive strategies. (CSU, UC-with unit limitation)

KIN 0035B. Futsal - Level II
Units: 0.5-2
Advisory: Completion of KIN 35A with grade of "C" or better
Hours: 36 activity per unit
Students develop advanced tactical theory and practice, including small group attacking, small group defending, team attacking and team defending. Primary emphasis on tactics and strategy within the game. (CSU, UC-with unit limitation)

KIN 0040. Water Exercise for Fitness
Units: 0.5-2
Formerly known as PHED 8
Hours: 36 activity per unit
Designed to improve muscle tone and cardiovascular fitness. Exercises conducted in the water, utilizing the resistance of water against body movement. Strength and conditioning exercises are integrated with aerobic exercises so that students may have the potential for maximum benefit in a short time. Suitable for students with injuries or physical limitations. (CSU, UC-with unit limitation)

KIN 0041. Fundamentals of Swimming
Units: 0.5-2
Formerly known as PHED 36
Hours: 36 activity per unit
Development of physical and mental adjustment to the water. For non-swimmers through advanced. Basic instruction in swimming, use of swimming equipment, water safety skills, water entry and exit, and water exercises and techniques. Instruction and practice in developing aerobic fitness. (CSU, UC-with unit limitation)

KIN 0042. Swimming Conditioning
Units: 0.5-2
Formerly known as PHED 39
Hours: 36 activity per unit
Development of muscular and cardiovascular endurance. Instruction in distance training, interval training, water exercise, sprint training, stroke techniques, equipment usage, and water games associated with swimming. (CSU, UC-with unit limitation)

KIN 0050A. Ballet I
Units: 0.5-2
Formerly known as PHED 56A
Hours: 36 activity per unit
Introduction to fundamentals of classical ballet focusing on the development of technique through proper alignment, flexibility and strength. Elements of history, terminology and appreciation of ballet as an art form are explored. (CSU, UC)

KIN 0050B. Ballet II
Units: 0.5-2
Formerly known as PHED 56B
Advisory: Completion of KIN 50A with grade of "C" or better
Hours: 36 activity per unit
Continuation of classical ballet training, exploring elements of ballet history, musicality, terminology, technique, and performance. Pointe technique and character dance are also presented. (CSU, UC)

KIN 0051. Jazz Dance
Units: 0.5-2
Formerly known as PHED 54
Hours: 36 activity per unit
Fundamentals of jazz dance with emphasis on ballet basics, flexibility, coordination, weight transference, isolation, floor and barre work, including jazz history, composition basics, stylization, and improvisation. (CSU, UC)

KIN 0053. Ballroom Dance
Units: 0.5-2
Formerly known as PHED 51D
Hours: 36 activity per unit
Basic skills in social and ballroom dance steps, including Swing, Salsa, Tango, Waltz, Fox Trot, Cha-Cha, Rumba, Mambo, and Samba. Includes dance etiquette, development of rhythm, and the history of social dances. (CSU, UC)

KIN 0054. Modern Dance
Units: 0.5-2
Formerly known as PHED 53
Hours: 36 activity per unit
Development and improvement in body alignment, flexibility, strength endurance, balance coordination, relaxation coordination and modern dance techniques so that the body can be used as an instrument of creative expression. (CSU, UC)

KIN 0055. Line Dance
Units: 0.5-2
Formerly known as PHED 51C
Hours: 36 activity per unit
Basic skills in line dancing. Traditional, past and current dances are taught. Includes development of rhythm and the history of line dances. (CSU, UC)
KIN 0062. Fundamentals of Yoga  
*Units: 0.5-2*  
Formerly known as PHED 55  
Hours: 36 activity per unit  
Development of basic Yoga postures, breathing practices, stretching, and relaxation techniques as a method to improve flexibility, decrease stress and improve physical and mental well-being. (CSU, UC-with unit limitation)

KIN 0065. Yoga History and Culture  
*Units: 3*  
Hours: 54 lecture  
Designed as a survey of the history and culture of yoga, both as a historical practice and a physical discipline. Students will learn about yoga’s transformation from ancient to contemporary times, Ayurveda nutrition and yoga as a career option. (letter grade only) (CSU)

KIN 0066. Yoga Pedagogy Lecture  
*Units: 3*  
Hours: 54 lecture  
Designed as an introduction to teaching the physical discipline of Hatha yoga. Students will learn about different types of Hatha yoga, anatomy, injury prevention, cueing, ethics, and development of their own yoga class. (CSU)

KIN 0068. Introduction to Meditation  
*Units: 0.5-2*  
Formerly known as PHED 68  
Hours: 36 activity per unit  
Exploration of the body/mind connection through techniques of visualization, affirmation, concentration and meditation. (CSU)

KIN 0069. Mat Pilates  
*Units: 0.5-2*  
Formerly known as PHED 19  
Hours: 36 activity per unit  
Designed to improve “core” muscles of the torso, improve posture, suppleness, and elongate the body. Targets legs, back, hips, and abdominal muscle groups. Includes warm up, muscle strengthening exercises, muscle endurance exercises, flexibility training, and cool down. Student must provide Yoga or Pilates “sticky” mat. (CSU, UC-with unit limitation)

KIN 0070. Yoga Pedagogy Lab  
*Unit: 1*  
Prerequisite: Concurrent enrollment in or completion of KIN 66 with grade of “C” or better  
Hours: 54 laboratory  
Designed as an introduction to the physical discipline of Hatha yoga. Students will learn alignment, adjustments, and cueing for yoga postures. Students will also develop and teach their own yoga class. (CSU)

KIN 0071. Adapted Aquatics  
*Units: 0.5-2*  
Formerly known as PHED 73  
Advisory: Physician’s approval recommended for participation  
Hours: 36 activity per unit  
For physically and/or developmentally challenged individuals, providing individually prescribed exercises, adaptive and/or modified swimming, and exercises designed to improve ambulation, balance, and cardiorespiratory endurance. (CSU, UC-with unit limitation)

KIN 0072. Adapted Aerobic Fitness  
*Units: 0.5-2*  
Formerly known as PHED 74  
Advisory: Physician’s approval recommended for participation  
Hours: 36 activity per unit  
Aerobic fitness training for individuals with developmental and or physical challenges. Emphasis on improving individual levels of aerobic fitness through the use of fitness machines. Class activities adapted and modified to meet individual needs. (CSU, UC-with unit limitation)

KIN 0073. Adapted Individualized Exercises  
*Units: 0.5-2*  
Formerly known as PHED 72  
Advisory: Physician’s approval recommended for participation  
Hours: 36 activity per unit  
The purpose of this class is to improve joint flexibility, muscle endurance and muscle strength in students having difficulty with ambulation, balance, and/or motor skills. Individualized Progressive Resistance exercise programs will be developed based on the student’s physical and or developmental abilities, physician’s recommendation, and student’s personal goals. (CSU, UC-with unit limitation)

KIN 0080. ACE Personal Trainer Preparation  
*Units: 3*  
Formerly known as PHED 32  
Hours: 54 lecture  
Synthesis of principles and theories in exercise physiology, kinesiology, nutrition, and basic behavioral sciences. Application of principles to physical fitness testing and exercise program design and implementation. Prepares students for the American Council on Exercise (ACE) personal trainer certification examination. (CSU)

KIN 0081. Introduction to Kinesiology  
*Units: 3*  
Formerly known as PHED 81  
Hours: 54 lecture  
Introduces the interdisciplinary approach to the study of human movement. An overview of the importance of the sub-disciplines in kinesiology are discussed along with career opportunities in teaching, coaching, allied health, and fitness professions. (C-ID KIN 100) (CSU, UC-with unit limitation)

KIN 0082. Sports Officiating  
*Units: 2*  
Formerly known as PHED 82  
Hours: 54 (36 lecture, 18 laboratory)  
Officiating team and individual sports. Emphasizes officiating concepts, skills, fundamentals and etiquette of basketball, baseball/softball, volleyball and soccer. Students are required to perform physical activities associated with officiating. (CSU)

KIN 0083. Physiology of Fitness  
*Units: 3*  
Formerly known as PHED 83  
Hours: 54 lecture  
Introductory course in sports physiology with special emphasis on body systems and how each adapts and responds to physical movement. Review of training strategies implemented to increase functionality of organ systems to improve physical fitness and performance. Provides students with exposure to a variety of performance goals and fitness levels including exercise for health, fitness, recreation, and sports competition. (CSU, UC-with unit limitation)
KIN 0084. Care and Prevention of Athletic Injuries  
Units: 3  
Formerly known as PHED 84  
Hours: 54 lecture  
Designed for students interested in the prevention, evaluation and care of athletic injuries. Introduction to theoretical concepts and practical skills necessary for the proper and effective management of common athletic injuries and medical conditions. Includes the prevention, recognition, evaluation, management and rehabilitation of injuries, taping techniques, and emergency procedures. (CSU, UC)

KIN 0086. Psychology of Sport  
Units: 3  
Formerly known as PHED 86  
Hours: 54 lecture  
Surveys the theory, research, and applications of psychology pertaining to exercise and sports. Presents current topics and issues relevant to sport psychology. Designed for students interested in coaching, athletic training and personal performance. (CSU)

KIN 0087A. Theory of Baseball  
Units: 3  
Formerly known as PHED 89A  
Hours: 54 lecture  
Study and analysis of competitive baseball. Emphasis on defense, offense, pitching, base running, and team strategy. Designed for students with baseball experience and/or the desire to coach baseball at any level. (CSU, UC-with unit limitation)

KIN 0087B. Theory of Basketball  
Units: 3  
Formerly known as PHED 89B  
Hours: 54 lecture  
Study and analysis of competitive basketball. Emphasis on defense, offense, individual and team skill development, rules and games preparation and strategy. Designed for students with basketball experience and/or the desire to coach basketball at any level. (CSU, UC-with unit limitation)

KIN 0087C. Theory of Football  
Units: 3  
Formerly known as PHED 89F  
Hours: 54 lecture  
Study and analysis of competitive football. Emphasis on defense, offense, special teams and strategies. Designed for students with football experience and/or the desire to coach football at any level. (CSU, UC-with unit limitation)

KIN 0087D. Theory of Soccer  
Units: 3  
Formerly known as PHED 89H  
Hours: 54 lecture  
Theories of offensive and defensive strategies in competitive soccer. Includes study, analysis, and critique of skills and strategies in preparation for all levels of soccer competition. Designed for students with soccer experience and/or the desire to coach soccer at any level. (CSU, UC-with unit limitation)

KIN 0087E. Theory of Softball  
Units: 3  
Formerly known as PHED 89C  
Hours: 54 lecture  
Study and analysis of competitive softball. Emphasis on defense, offense, pitching, baserunning, team strategies, stats recording and scorekeeping. Designed for students with softball experience and/or the desire to coach softball at any level. (CSU, UC-with unit limitation)

KIN 0087F. Theory of Volleyball  
Units: 3  
Formerly known as PHED 89G  
Hours: 54 lecture  
Study and analysis of competitive volleyball. Emphasis on defense, offense, individual and team skill development, rules and games preparation and strategy. Designed for students with volleyball experience and/or the desire to coach volleyball at any level. (CSU, UC-with unit limitation)

KIN 0088. Introduction to Coaching Team Sports  
Units: 3  
Formerly known as PHED 88  
Hours: 54 lecture  
Designed for students interested in coaching team sports. Emphasizes the components of team concepts and the organizational skills needed to implement and conduct a team sport program. (CSU, UC-with unit limitation)

KIN 0095. Internship in Kinesiology  
Units: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

KIN 0096. Sports Activities  
Units: 0.5-2  
Formerly known as PHED 93  
Hours: 36 activity per unit  
Intra-class competition in the group activities of basketball, flag football, volleyball, soccer, ultimate sports and softball. (CSU, UC-with unit limitation)

KIN 0100. Coaching the Young Athlete  
Units: 3  
Hours: 54 lecture  
Students will be introduced to the challenges of age and gender specific considerations in training of young athletes. Topics include training guidelines for young athletes, stages of athletic development, long-term training plans, specific strategies of motivation related to age groups, and providing an environment that promotes learning and fun. (CSU)

KIN 0101. Sport First Aid for Coaches  
Units: 3  
Hours: 54 lecture  
Provides new and experienced coaches with the action steps for the care and prevention of athletic injuries and illnesses. Includes performing physical assessments; strategies for reducing athletes' risk of injury or illness; developing a medical emergency plan; returning athletes to play; and educating athletes and coaches on the effects and dangers of performance enhancers. (CSU)
KIN 0802. Adaptive Motor Skill Development  
Units: 0  
Formerly known as PHED 802  
Advisory: Physician’s approval recommended for participation  
Hours: 54 laboratory  
Physical activities to meet the varied needs of substantially disabled students. Activities include team sports, jogging/walking, weight training, Special Olympic training, swimming, and yoga. May be repeated. (noncredit)  

Program Student Learning Outcomes (PSLOs)  
• Establish a measurable improvement in one or more fitness components.  
• Distinguish principles of healthy weight management through exercise and nutrition.  
• Identify and practice high safety standards, support environmental needs, and provide a safe positive experience for other participants (students, student athletes, visiting athletes, community, faculty).  
• Demonstrate essential motor skills to fit a variety of activities. Describe and perform exercises reflecting increased knowledge and ability over the semester.  
• Generate knowledge of physical education and/or the benefits of exercise.

Overview  
Lesbian, Gay, Bisexual and Transgender Studies is an interdisciplinary program. Courses emphasize the history and culture of Lesbian, Gay, Bisexual and Transgendered persons and especially the way that sexual orientation/gender identity and expression intersect with ethnic and racial, socioeconomic, creelal and political identities.

Faculty  
Johnnie D. Terry  
Professor, Humanities/Lesbian, Gay, Bisexual and Transgender Studies/Philosophy/Women and Gender Studies  
B.A., San Diego State University  
M.A., San Diego State University

Degrees/Certificates  
Lesbian, Gay, Bisexual and Transgender Studies  
AA Degree  
LGBT Studies is an interdisciplinary and multicultural major that emphasizes the history and culture of Lesbian, Gay, Bisexual and Transgendered persons. The degree acquaints students with the way that sexual orientation/gender identity and expression intersect with ethnic and racial, socioeconomic, creedal and political identities. The major provides preparation for upper division course work in LGBT Studies, Women’s Studies and Gender Studies at a four-year university. Students will be prepared for a variety of social service careers and for working in education. Most employers today welcome employees with expertise in diversity, including knowledge and experience with LGBT issues. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:
• Sierra College Associate Degree Requirements (p. 292);
• California State University General Education Breadth (p. 300) pattern;
• Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

#### Courses

Understanding course descriptions (p. 312)

**LGBT 0001. Introduction to LGBT Studies/Queer Theory**

*Units: 3*

Formerly known as HUM 27

Also known as WMST 2

Advisory: Eligibility for ENGL 1A

Hours: 54 lecture

A broad and general exploration of Lesbian, Gay, Bisexual, Transgender, Queer Studies and its relationship to Feminism. Emphasis on Sexual Orientation/Gender Identity and Expression and their intersections with Race/Ethnicity, Class, the LGBT Rights movement in the United States and globally. (C-ID SJS 130) (CSU, UC)

**LGBT 0002. Queer (LGBTIQ) Film History**

*Units: 3*

Formerly known as HUM 26

Hours: 72 (36 lecture, 36 activity)

Historical representations of Lesbian, Gay, Bisexual, Transgender and Queer sexualities in mainstream commercial cinema, as well as underground and independent films, from the silent era to the present. Examines theoretical approaches to the study of queer cinema, the way social attitudes shape cultural representation, and the relationship between audience interpretation and filmmakers’ intentions. An emphasis on the way that sexual orientation/gender identity intersects with race/ethnicity and socioeconomic background. (CSU, UC)

**LGBT 0010. LGBT Narratives**

*Unit: 1*

Hours: 18 lecture

Introduction to LGBT narratives including biographical, literary, scientific, political and visual cultural. Designed for students interested in Spectrum’s Oral History Project. (not transferable)

**LGBT 0028. Independent Study**

*Units: 1-3*

Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

**LGBT 0095. Internship in LGBT Studies**

*Units: 0.5-4*

Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

#### Program Student Learning Outcomes (PSLOs)

- Define and correctly utilize definitions regarding sexual orientations (lesbian, gay, bisexual, asexual, pansexual, demisexual, etc.), gender identities and expressions.
- Describe and evaluate the LGBT rights movement in the United States, both as one community and as individual components of an LGBT community with divergent interests, i.e., the lesbian trajectory, the gay male trajectory, the bisexual trajectory, the transgender trajectory, the intersex trajectory and the development of a queer trajectory.
- Describe the history of representations of LGBT, etc., persons in literature, film, and other media.

Courses from the following departments are included in the interdisciplinary Arts and Cultures associate degree:

- Anthropology
- Art History
- Communication Studies
Degrees/Certificates

Arts and Cultures

AA Degree

This program provides an introduction to critical thinking, multicultural studies and the arts for students interested in strengthening their analytical and communication skills and/or transferring to four-year colleges and universities. This degree builds a knowledge base appropriate for students transferring to arts and humanities programs at four-year institutions or for students building a base for transfer specialization in areas of emphasis that require primarily upper-division coursework, such as Social Work, Multicultural and Gender Studies, or World Arts and Cultures. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

LIBS 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

LIBS 0095. Internship in Library Science
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Program Student Learning Outcomes (PSLOs)

• Demonstrate research competency.
• Analyze and evaluate results of searches.
• Apply national library cataloging standards to the processing of library materials.
• Apply the processes and functions of the areas of a modern library.

Overview
Mathematics is a dynamic and developing field of study. It is the foundation and language of all scientific endeavor. Mathematics contributes in direct and important ways to business, finance, engineering, health and public policy.

A degree in Mathematics or Statistics provides many challenging and rewarding career opportunities. These include teaching, research in engineering fields, molecular structures, genetics and medicine, robotics, digital imagery, computer-aided design, economic forecasting and environmental design and modeling.

TRANSFER AND MAJOR REQUIREMENTS in Mathematics are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements.

Alternatives to Traditional Lecture Format for Algebra
Some instructors teach algebra using a traditional lecture format while others use platforms that require the use of a computer and/or the Internet. Check the Mathematics Department Web Page at http://math.sierracollege.edu/ to determine the appropriate platform for your learning style.

Preparation for Mathematics Courses
• All prerequisite courses must be completed with grades of "C" or better.
• Two years of high school algebra means "Algebra I and Algebra II."
• It is strongly recommended that students without recent math coursework complete the assessment process. Contact the Assessment-Placement Center for further information.

Degrees/Certificates

Associate Degree for Transfer
• Mathematics for Transfer (p. 202)

Associate Degree
• Mathematics (p. 203)

Mathematics for Transfer

AS-T Degree
The Associate in Science in Mathematics for Transfer (AS-T) degree includes curriculum focusing on the mastery of calculus, linear algebra and differential equations. Students will master these concepts using algebraic and visual models in pure and applied contexts and be able to communicate mathematically.

The Associate in Science in Mathematics for Transfer degree prepares students to transfer into the CSU system to complete a bachelor’s degree in Mathematics or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor’s degree.

To earn the Associate in Science in Mathematics for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

• completion of all courses required for the major with grades of “C” or better; and

• completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

Mathematics

AA or AS Degree

The Mathematics major recognizes a concentration in the field of Mathematics. Successful completion of the curriculum in Mathematics and the associated electives prepare Mathematics students for transfer to four-year colleges or universities. The program in Mathematics outlined below is typical of lower-division requirements for four-year colleges and universities: some requirements vary from college to college. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

Total Units: 21-23

Courses

Understanding course descriptions (p. 312)

MATH 0000A. Elementary Algebra

Units: 4-5

Hours: 72 lecture (4 units); 90 lecture (5 units)

Real numbers and their properties, first degree equations and inequalities, graphs of linear equations in two variables, systems of linear equations in two variables, properties of integer exponents, polynomial operations, basic factoring, rational expressions, radical expressions, quadratic equations, and applied problems and problem solving. (not transferable)

MATH 0000B. Plane Geometry

Units: 4

Prerequisite: Completion of MATH A with grade of "C" or better or placement by matriculation assessment process

Hours: 72 lecture

Study of points, lines, angles, polygons, triangles, similarity, congruence, geometric proofs, area, volume, perimeter, the circle, right triangle trigonometry. (not transferable)

MATH 0000D. Intermediate Algebra

Units: 4-5

Prerequisite: Completion of MATH A with grade of "C" or better or placement by matriculation assessment process

Hours: 72 lecture (4 units); 90 lecture (5 units)

Exponents, radicals, complex numbers, factoring, linear and quadratic equations and inequalities; linear, quadratic, exponential and logarithmic functions; graphing, and systems of equations. (not transferable)

MATH 0000E. Practical Mathematics

Units: 6

Hours: 108 lecture

Gain an appreciation of mathematics and its applications and develop a growth mindset towards mathematics. Students persevere through problem solving, enhancing their quantitative reasoning. Topics to be covered are: numeracy, arithmetic, proportional reasoning, algebraic reasoning, trigonometric reasoning, data analysis. Students will develop the marketable skills needed to apply mathematics to analyze, model and interpret real world data. (not transferable)

MATH 0000G. B-STEM Intermediate Algebra

Units: 5

Hours: 90 lecture

B-STEM Intermediate Algebra is a one semester course for business, science, technology, engineering and math majors covering the topics of linear equations and applications, absolute value equations and inequalities, factoring, operations on rational and radical expressions, functions including composition and inverses, quadratic functions and graphs, exponential and logarithmic expressions and equations, and systems of equations. Computational techniques developed in beginning algebra are prerequisite skills for this course. This course is appropriate for students on a business or STEM pathway and have some knowledge of beginning algebra or who have had at least two years of high school algebra but have not used it for several years. (not transferable)

MATH 0010. Problem Solving

Units: 4

Prerequisite: Completion of Intermediate Algebra or appropriate placement

Hours: 72 lecture

Individual and small-group problem solving geared toward real life situations and nontraditional problems. Problem solving strategies include: draw a diagram, eliminate possibilities, make a systematic list, look for a pattern, guess and check, solve an easier related problem, subproblems, use manipulatives, work backward, act it out, unit analysis, use algebra, finite differences, and many others. Divergent thinking and technical communication skills of writing and oral presentation are enhanced. Designed to teach students to think more effectively and vastly increase their problem solving ability. (CSU)
MATH 0012. College Algebra
Units: 4, 6
Prerequisite: Completion of MATH D or MATH G with grade of "C" or better, or placement by matriculation assessment process
Hours: 72 lecture (4 units); 108 lecture (6 units)
Study of algebra topics beyond MATH D; including functions, graphs, logarithms, systems of equations, matrices, analytic geometry sequences, mathematical induction, and introduction to counting techniques. (CSU-with unit limitation, UC-with unit limitation)

MATH 0012S. Just in Time Support for Math 12 College Algebra
Units: 2
Corequisite: Concurrent enrollment in Math 12
Hours: 36 lecture
Just in time support covering the core prerequisite skills, competencies, and concepts from College Algebra. Intended for students who are concurrently enrolled in MATH 12. Topics include competencies from Intermediate Algebra that are needed to understand the basics of College Algebra. (not degree applicable) (pass/no pass grading)

MATH 0013. Elementary Statistics
Units: 4
Prerequisite: Completion of MATH D or E with grade of "C" or better; or appropriate placement
Hours: 72 lecture
Introduction to the basic concepts of statistics. Emphasis on statistical reasoning and application of statistical methods. Topics include: graphical and numerical methods of descriptive statistics; methods of sampling; basic elements of probability; binomial, normal, and sampling distributions; the Central Limit Theorem; confidence interval estimates and hypothesis testing procedures for one and two population means and proportions; chi-square tests for goodness-of-fit and independence; linear regression and correlation; and an introduction to analysis of variance (ANOVA). Applications using data from business, economics, education, psychology, and the social and life sciences. (C-ID MATH 110) (CSU, UC-with unit limitation)

MATH 0013A. Elementary Statistics with Support (Part 1)
Units: 3
Prerequisite: Completion of MATH D or E with grade of "C" or better; or appropriate placement.
Hours: 54 Lecture
Part one of a two-part course in elementary statistics. Provides additional instructional support to enhance learning and promote conceptual understanding of statistics. Emphasis on statistical reasoning and application of statistical methods. Topics include: graphical and numerical methods of descriptive statistics; methods of sampling; basic elements of probability; binomial, normal, and sampling distributions; and the Central Limit Theorem. Applications using data from business, economics, education, psychology, and the social and life sciences. (CSU-with unit limitation, UC-with unit limitation)

MATH 0013B. Elementary Statistics with Support (Part 2)
Units: 3
Prerequisite: Completion of MATH 13A with grade of "C" or better
Hours: 54 Lecture
Part two of a two-part course in elementary statistics. Provides additional instructional support to enhance learning and promote conceptual understanding of statistics. Emphasis on statistical reasoning and application of statistical methods. Topics include: confidence interval estimates and hypothesis testing procedures for one and two population means and proportions; chi-square tests for goodness-of-fit and independence; linear regression and correlation; and an introduction to analysis of variance (ANOVA). Applications using data from business, economics, education, psychology, and the social and life sciences. (CSU-with unit limitation, UC-with unit limitation)

MATH 0015. Discrete Mathematics
Units: 4
Prerequisite: Completion of MATH 30 with grade of "C" or better
Hours: 72 lecture
Study of set theory, relations and functions, logic, combinatorics and probability, algorithms, computability, matrix algebra, graph theory, recurrence relations, number theory including modular arithmetic. Various forms of mathematical proof are developed: proof by induction, proof by contradiction. (CSU, UC)

MATH 0016A. Calculus for Social and Life Sciences
Units: 4
Prerequisite: Completion of MATH 12 with grade of "C" or better or placement by matriculation assessment process
Advisory: Not recommended for students with grade of "C" or better in MATH 30
Hours: 72 lecture
Review of functions, limits, differentiation and integration of algebraic functions, calculus for exponential and logarithmic functions, applications of calculus in social and life sciences. This course is not intended for students majoring in mathematics, engineering, physics, or chemistry. (CSU, UC-with unit limitation)

MATH 0016B. Calculus for Social and Life Sciences
Units: 4
Prerequisite: Completion of MATH 16A or 30 with grade of "C" or better
Advisory: Completion of MATH 27 with grade of "C" or better
Hours: 72 lecture
Differentiation and integration of trigonometric functions, functions of several variables, partial derivatives, double integrals, introduction to differential equations, sequences and series, applications of calculus in the social and life sciences. (CSU, UC-with unit limitation)
MATH 0017. Concepts of Mathematics
Units: 3
Prerequisite: Three years of high school mathematics which includes two years of algebra and one year of geometry; or MATH D and B with grades of "C" or better; or placement by matriculation assessment process
Hours: 54 lecture
Exploration of mathematical patterns and relations, formulation of conjectures based on the explorations, proving (or disproving) the conjectures. Includes different problem solving techniques, number theory, probability, statistics, sequences and series, and geometry. Intended for students interested in elementary education. (CSU, UC-with unit limitation)

MATH 0017S. Concepts of Mathematics Support
Units: 2
Corequisite: Concurrent enrollment in Math 17
Hours: 36 lecture
Concurrent support for competency and concepts from Euclidean Geometry. Intended for students concurrently enrolled in Math 17. (not degree applicable) (pass/no pass grading)

MATH 0018. The Nature of Mathematics
Units: 3
Prerequisite: Completion of Intermediate Algebra or appropriate placement
Hours: 54 lecture
Introduces students to the art and application of mathematics in the world around them. Topics include mathematical modeling, voting and apportionment, and mathematical reasoning with applications chosen from a variety of disciplines. Not recommended for students entering elementary school teaching or business. (CSU, UC-with unit limitation)

MATH 0019. Mathematical Concepts for Elementary School Teachers
Units: 3
Prerequisite: Completion of Intermediate Algebra or MATH D with grade(s) of "C" or better or placement by matriculation assessment process
Hours: 54 lecture
Introduces students to the art and application of mathematics in the world around them. Topics include mathematical modeling, voting and apportionment, and mathematical reasoning with applications chosen from a variety of disciplines. Not recommended for students entering elementary school teaching or business. (CSU, UC-with unit limitation)

MATH 0020. Mathematical Concepts for Elementary School Teachers Support
Units: 1.5
Corequisite: Concurrent enrollment in Math 20
Hours: 27 lecture
Intended for students interested in elementary education. (CSU, UC-with unit limitation)

MATH 0021. Pre-Calculus Mathematics
Units: 4
Prerequisite: Completion of MATH D or MATH G with grade of "C" or better, or placement by matriculation assessment process
Hours: 72 lecture
Preparation for calculus. Study of polynomials, rational functions, exponential and logarithmic functions, systems of linear equations, matrices, determinants, rectangular and polar coordinates, conic sections, complex number systems, mathematical induction, binomial theorem, and sequences. Recommended for students who plan to take MATH 30. (CSU, UC-with unit limitation)

MATH 0022. Integral Calculus
Units: 4
Prerequisite: Completion of MATH 21 and MATH 28 with grades of "C" or better, or placement by matriculation assessment process
Hours: 72 lecture
Introduction to integral calculus. Content includes limits, continuity, differentiation and integration of algebraic, trigonometric, exponential, logarithmic, hyperbolic and other transcendental functions; as well as application problems. (C-ID MATH 210) (combined with MATH 31, C-ID MATH 900S) (CSU, UC-with unit limitation)

MATH 0023. Analytical Geometry and Calculus II
Units: 4
Prerequisite: Completion of MATH 22 with grades of "C" or better, or placement by matriculation assessment process
Hours: 72 lecture
Preparation for calculus. Study of polynomials, rational functions, exponential and logarithmic functions, systems of linear equations, matrices, determinants, rectangular and polar coordinates, conic sections, complex number systems, mathematical induction, binomial theorem, and sequences. Recommended for students who plan to take MATH 30. (CSU, UC-with unit limitation)

MATH 0024. Modern Business Mathematics
Units: 3
Prerequisite: Two years of high school algebra or MATH D or MATH G with grade(s) of "C" or better, or placement by matriculation assessment process
Hours: 54 lecture
Applications of mathematics in economics and business contexts. Topics include tables and graphs, functions, finance (interest and exponential models), rates of change including applications and optimization, and linear programming. (CSU)

MATH 0024S. Just in Time Support for Math 24 Modern Business Mathematics
Unit: 1.5
Corequisite: Concurrent enrollment in Math 24
Hours: 27 lecture
Just in time support option covering the core prerequisite skills, competencies, and concepts for Modern Business Mathematics. Intended for students who are concurrently enrolled in MATH 24. Topics include numeracy; computational skills; the vocabulary of algebra; simplification, manipulation and evaluation of expressions and functions; solving and graphing linear equations and inequalities in one and two variables; solving and graphing systems of equations in two variables; factoring; algebraic operations on polynomial and rational expressions. Recommended for students taking Math 24 with little or no recent algebra knowledge. (not degree applicable) (pass/no pass grading)

MATH 0025. Linear Algebra
Units: 4
Prerequisite: Completion of MATH 27 with grade of "C" or better or placement by matriculation assessment process
Hours: 72 lecture
Preparation for calculus. Study of polynomials, rational functions, exponential and logarithmic functions, systems of linear equations, matrices, determinants, rectangular and polar coordinates, conic sections, complex number systems, mathematical induction, binomial theorem, and sequences. Recommended for students who plan to take MATH 30. (CSU, UC-with unit limitation)

MATH 0026. Pre-Calculus Mathematics
Units: 4
Prerequisite: Completion of MATH 27 with grade of "C" or better, or placement by matriculation assessment process
Hours: 72 lecture
Preparation for calculus. Study of polynomials, rational functions, exponential and logarithmic functions, systems of linear equations, matrices, determinants, rectangular and polar coordinates, conic sections, complex number systems, mathematical induction, binomial theorem, and sequences. Recommended for students who plan to take MATH 30. (CSU, UC-with unit limitation)
MATH 0031. Analytical Geometry and Calculus II  
Units: 4  
Prerequisite: Completion of MATH 30 with grade of “C” or better  
Hours: 72 lecture  
Continuation of MATH 30. Content includes techniques of integration, improper integrals, applications of integration, infinite series, parametric equations and polar coordinates. (C-ID MATH 220) (combined with MATH 30, C-ID MATH 900S) (CSU, UC-with unit limitation)  

MATH 0032. Analytical Geometry and Calculus III  
Units: 4  
Prerequisite: Completion of MATH 31 with grade of “C” or better  
Hours: 72 lecture  
Continuation of MATH 31. Vectors and analytic geometry in the plane and space; functions of several variables; partial differentiation, multiple integrals, and application problems; vector functions and their derivatives; motion in space; and surface and line integrals, Stokes’ and Green’s Theorems, and the Divergence Theorem. (C-ID MATH 230) (CSU, UC)  

MATH 0033. Differential Equations and Linear Algebra  
Units: 6  
Prerequisite: Completion of MATH 31 with grade of “C” or better  
Advisory: Completion of MATH 32 with grade of “C” or better strongly recommended  
Hours: 108 lecture  
First and second order ordinary differential equations, linear differential equations, numerical methods and series solutions, Laplace transforms, modeling and stability theory, systems of linear differential equations, matrices, determinants, vector spaces, linear transformations, orthogonality, eigenvalues and eigenvectors. (C-ID MATH 910S) (CSU, UC)  

MATH 0042. Business Calculus  
Units: 4  
Prerequisite: Completion of MATH D or MATH G with grade of ”C” or better, or placement by matriculation assessment process  
Advisory: Completion of MATH 12 strongly recommended, especially for students who have not recently taken MATH D or MATH G  
Hours: 72 lecture  
Introduction to differential and integral calculus with particular emphasis on applications in the fields of business, economics, and social sciences. Includes: concepts of a function, limits, derivatives, integrals of polynomial, exponential and logarithmic functions, optimization problems, and calculus of functions of more than one variable. Recommended for Business Majors transferring to CSU, Sacramento. Not recommended for students with credit for MATH 30. (C-ID MATH 140) (CSU, UC-with unit limitation)  

MATH 0042S. Just in Time Support for Math 42 Business Calculus  
Units: 2  
Corequisite: Concurrent enrollment in Math 42  
Hours: 36 lecture  
Just in time support option covering the core prerequisite skills, competencies, and concepts for Business Calculus. Intended for students who are concurrently enrolled in MATH 42. Topics include numeracy; computational skills; the vocabulary of algebra; simplification, manipulation and evaluation of expressions and functions; solving and graphing linear equations and inequalities in one and two variables; solving and graphing systems of equations in two variables; factoring; algebraic operations on polynomial and rational expressions. Recommended for students taking Math 42 with little or no recent algebra knowledge. (not degree applicable) (pass/no pass grading)  

MATH 0584. Math Success-Overcoming Math Anxiety  
Unit: 1  
Hours: 18 lecture  
Designed to assist students to recognize common fears and misconceptions of mathematics and develop personal strategies to overcome math and test anxiety. Specific study skills and strategies are discussed. Individual math learning styles are analyzed. (not degree applicable)  

MATH 0800S. Just in Time Support for B-STEM Intermediate Algebra  
Units: 0  
Corequisite: Concurrent enrollment in Math G  
Hours: 54 lecture  
Just in time support option covering the core prerequisite skills, competencies, and concepts for Intermediate Algebra. Intended for students who are concurrently enrolled in MATH G - B-STEM Intermediate Algebra. Topics include: numeracy, computational skills, the vocabulary of algebra, evaluation of expressions and functions, solving and graphing linear equations and inequalities in one and two variables, solving and graphing systems of equations in two variables, factoring, algebraic operations on polynomial and rational expressions. Recommended for students taking Math G – B-STEM Intermediate Algebra with little or no recent algebra knowledge. (pass/no pass grading) (noncredit)  

MATH 0812S. Just in Time Support for Math 12 College Algebra  
Units: 0  
Corequisite: Concurrent enrollment in Math 12  
Hours: 36 lecture  
Just in time support covering the core prerequisite skills, competencies, and concepts from College Algebra. Intended for students who are concurrently enrolled in Math 12. Topics include competencies from Intermediate Algebra that are needed to understand the basics of College Algebra. (pass/no pass grading) (noncredit)  

MATH 0813S. Just in Time Support for Elementary Statistics  
Units: 0  
Corequisite: Concurrent enrollment in MATH 13  
Hours: 36 lecture  
Just in time support covering the core prerequisite skills, competencies, and concepts for Elementary Statistics. Intended for students who are concurrently enrolled in MATH 13. Topics include concepts from arithmetic, pre-algebra, elementary and intermediate algebra, and descriptive statistics that are needed to understand the basics of college-level statistics. Concepts are taught through the context of descriptive data analysis including an introduction to technologies such as Desmos, Excel, StatCrunch, Minitab, SPSS or graphing calculators. Recommended for students taking MATH 13 with little or no recent algebra knowledge. (pass/no pass grading) (noncredit)
MATH 0824S. Just in Time Support for Math 24 Modern Business Mathematics
Units: 0
Formerly known as MATH 824
Corequisite: Concurrent enrollment in Math 24
Hours: 27 lecture
Just in time support option covering the core prerequisite skills, competencies, and concepts for Modern Business Mathematics. Intended for students who are concurrently enrolled in MATH 24. Topics include numeracy; computational skills; the vocabulary of algebra; simplification, manipulation and evaluation of expressions and functions; solving and graphing linear equations and inequalities in one and two variables; solving and graphing systems of equations in two variables; factoring; algebraic operations on polynomial and rational expressions. Recommended for students taking Math 24 with little or no recent algebra knowledge. (noncredit)

MATH 0842S. Just in Time Support for Math 42 Business Calculus
Units: 0
Formerly known as MATH 842
Corequisite: Concurrent enrollment in Math 42
Hours: 36 lecture
Just in time support option covering the core prerequisite skills, competencies, and concepts for Business Calculus. Intended for students who are concurrently enrolled in Math 42. Topics include numeracy; computational skills; the vocabulary of algebra; simplification, manipulation and evaluation of expressions and functions; solving and graphing linear equations and inequalities in one and two variables; solving and graphing systems of equations in two variables; factoring; algebraic operations on polynomial and rational expressions. Recommended for students taking Math 42 with little or no recent algebra knowledge. (noncredit)

Program Student Learning Outcomes (PSLOs)
• Use mathematical techniques to translate, model, and solve applied problems.
• Differentiate between expressions and equations; and, using appropriate mathematical techniques, simplify expressions and solve equations.
• Interpret and construct visual models of mathematical concepts.
• Clearly communicate mathematical information, concepts, and processes to others.
• Develop a growth mindset, math sophistication, and confidence.

Mechatronics

B 3, Rocklin Campus

Overview
Mechatronics is the study of electronics, mechanics and computer control in one cohesive hands-on, project-based program. The field of Mechatronics includes robotics, industrial automation, industrial process control and electro-mechanical systems. Mechatronics systems include ATMs and copy machines, elevators, medical diagnostic equipment, automated package handling, ski lifts, water processing facilities, industrial robots and large-scale food and beverage manufacturing. There are associate degree and certificate options. More information can be found at the Sierra College Mechatronics Department website: http://www.realskillsrealjobs.com.

Mechatronics Technology

AA or AS Degree and/or Certificate of Achievement

Successful completion of the curriculum in Mechatronics Technology prepares students for positions in businesses and industries that manufacture, utilize, or repair equipment incorporating electronics, mechanics, pneumatics, hydraulics and programming. For the degree, students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

Electro-Mechanical Skills Certificate

Completion of the skills certificate provides students with the underlying principles and hands-on techniques of basic electronics and basic mechanics, thereby preparing them for entry-level electro-mechanical technician positions. Emphasis is on use of electronic test equipment for troubleshooting as well as tools and processes of manufacturing as applied to industrial materials. A skills certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

Courses

Understanding course descriptions (p. 312)

MECH 0001. The Science of Electronics

Units: 3
Formerly known as CIE 1
Hours: 54 lecture
Survey of electronics technology presented in the context of the principles of science. Application of the scientific method to topics ranging from basic circuits to microprocessors, including electronic music, robotics, electric vehicles, fiber optics, semiconductors, and medical imaging. Scientific, historical, political, and economic connections to electronics technology. (CSU)

MECH 0004. Fundamentals of Mechatronics

Units: 4
Formerly known as CIE 4
Hours: 108 (54 lecture, 54 laboratory)
Introduction to mechatronics, which combines electronics, mechanics, pneumatics, and hydraulics, under computer control; as applied to robotics and automation. Presented through hands-on, project-based experiments that demonstrate industrial applications. (CSU)

MECH 0008. Introduction to Electronics

Units: 3
Formerly known as CIE 8
Hours: 54 lecture
General principles, concepts, terminology, and applications of electronics in the context of mechatronics technology. (CSU)

MECH 0010. Fundamentals of Electronics

Units: 4
Formerly known as CIE 10
Advisory: Concurrent enrollment in MECH 14
Hours: 126 (54 lecture, 72 laboratory)
A fundamental study of electronic devices, circuits, and systems as applied to robotics, computers and industrial automation. Presented through hands-on, project-based experiments. (CSU)

MECH 0014. Fabrication Techniques

Units: 2
Formerly known as CIE 14
Advisory: Concurrent enrollment in MECH 10
Hours: 72 (18 lecture, 54 laboratory)
Introduction course covering the function and construction of electronic projects and equipment. Includes design and fabrication of enclosures, single and double-sided printed circuit boards, safe use of power and hand tools, through-hole, point-to-point and surface-mount soldering, rework techniques, and wiring. Research component vendors and develop a spreadsheet-based Bill Of Materials. (CSU)

MECH 0025. Computers for Robotics and Automation

Units: 4
Formerly known as CIE 25/CIS 25/CST 25
Hours: 108 (54 lecture, 54 laboratory)
Concentrated study of computer hardware and software as applied to industrial automation and robotics. Includes hardware and software installation, configuration, upgrading, diagnostics, troubleshooting, and repair. Topics include communication protocols, basic input/output system (BIOS), power-on self test (POST) procedures, disk operating system (DOS), Windows, Linux, and local area network (LAN) fundamentals. Industrial applications include data acquisition, and robotic control. (CSU)
MECH 0028. Independent Study
Units: 1-3
Formerly known as CIE 28
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

MECH 0044. Mechatronic Processes and Materials
Units: 2
Formerly known as CIE 44
Application of tools and materials required for design, installation and repair of mechatronic systems. Each student fabricates a final project applying system-based mechatronic principles and skills. (CSU)

MECH 0054. Mechatronics System
Units: 4
Formerly known as CIE 54
Prerequisite: Completion of MECH 4 with grade of "C" or better
Hours: 108 (54 lecture, 54 laboratory)
Full integration of mechatronic principles into complete closed-loop systems such as automated production equipment and industrial robots. Topics include sensors, optical encoders, analog-to-digital and digital-to-analog conversion, closed-loop AC and DC motor control, hydraulic power concepts, hydraulic motors, pneumatic and hydraulic valves and actuators and fluid power computer simulation tools. (CSU)

MECH 0090. Microcontroller Embedded Systems
Units: 4
Formerly known as CIE 90
Prerequisite: Completion of MECH 10 and MECH 14 with grades of "C" or better
Hours: 108 (54 lecture, 54 laboratory)
Study of microcontroller based embedded systems using industry standard hardware and development software. Topics and laboratory exercises covering system architecture, applications of embedded systems, real world interfacing, software development, test and troubleshooting techniques. (CSU)

MECH 0095. Internship in Mechatronics
Units: 0.5-4
Formerly known as CIE 95
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Program Student Learning Outcomes (PSLOs)
• Analyze pneumatic/hydraulic and VFD/electric-motor control diagrams and construct them with appropriate hardware.
• Analyze, construct and test electrical and electronic circuits from schematic diagrams.
• Fabricate and assemble mechanical assemblies from technical drawings using hand and machine tools.
• Analyze, construct and test automated systems including electronic sensors, mechanical actuators and computer control.
• Demonstrate the ability to create PLCs and microcontroller programs and properly interface them to input and output devices.

Overview
It is the mission of the Music Department to provide for every level of student and community member an affordable and accessible musical education in an atmosphere that embraces academic excellence, diversity and innovation. Whether students are interested in musical career and technical training, transfer to a four year institution, or lifelong learning, the Music Department will help foster a deeper awareness of the value that music plays in our students and in our community. The Sierra College Music Department encourages students and community members alike to follow their musical passion by developing their musical skills so they can make significant musical contributions to their lives and communities.

TRANSFER MAJOR REQUIREMENTS in Music are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements.

Music for Transfer

AA-T Degree
The Associate in Arts in Music for Transfer program provides students with an opportunity to pursue their transfer goals through coursework in music theory, ear-training, sight-singing, applied music, and performance.

The Associate in Arts in Music for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor’s degree in Music, or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing within the CSU system. Students are also given priority admission consideration to their local CSU campus but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor’s degree.

To earn the Associate in Arts in Music for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

• completion of all courses required for the major with grades of “C” or better; and
• completion of the California State University-General Education-Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

Music AA or AS Degree
The Music degree includes vocal and instrumental components, as well as courses in music, history and theory. The general program is designed to provide students with a foundation in music theory and history. Performance opportunities in both vocal and instrumental music enhance a student’s understanding and skill level. The Music degree prepares students for careers in music performance, education, composition, conducting, retail music industry, music publishing and music therapy. The degree also prepares students for further study at a four-year institution. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

• Sierra College Associate Degree Requirements (p. 292);
• California State University General Education Breadth (p. 300) pattern;
• Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

Media and Public Event Production
Certificate of Achievement

The Media and Public Event Production Certificate addresses both current and emerging media and public event production technologies, which are presented both as a vehicle for creative endeavor and commercial activity. Opportunities are created for the development of relevant techniques in media content creation, content management, and public event technical support in a vast range of professional settings. Course offerings are both individually configured and strategically interrelated to facilitate the attainment of students' professional goals in a wide breadth of production scenarios. Skillsets developed can prove vital to activity in diverse fields including commercial music, theatre arts, marketing, science, education, journalism, hospitality, entertainment, law enforcement, art, and audio/video/multimedia content creation, management, and presentation.

Students of Media Content and Public Event Production become qualified for positions in areas such as audio/video/multimedia media content production, sound reinforcement, multimedia presentation support, systems design and integration, stagecraft, lighting design, production equipment transport, stage management, event promotion, and artist management. Students also develop skillsets necessary for successful long-term professional activity in today's multifaceted and increasingly entrepreneurial scenarios of gainful employment.

A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

Courses

Understanding course descriptions (p. 312)

MUS 0002. Music Appreciation

Units: 3

Hours: 54 lecture

Foundation course recommended for all students seeking a basis for the understanding and enjoyment of music. Discussion of music elements, orchestral instruments, vocabulary, and historical styles and periods using time-proven masterworks. (C-ID MUS 100) (CSU, UC)

MUS 0003A. Ear Training I

Unit: 1

Prerequisite: Completion of MUS 10 with grade of "C" or better or equivalent knowledge of music notation

Advisory: Concurrent enrollment in MUS 6A and MUS 40A

Hours: 44 (18 lecture, 26 laboratory)

This course applies and develops materials of MUS 6A used for musical analysis and dictation of rhythms, intervals, chords and melodies plus sight singing of short, simple diatonic melodies. (C-ID MUS 125) (CSU, UC)

MUS 0003B. Ear Training II

Unit: 1

Prerequisite: Completion of MUS 3A with grade of "C" or better

Advisory: Concurrent enrollment in MUS 6B and MUS 40B

Hours: 40 (14 lecture, 26 laboratory)

This course applies and develops the rhythmic, melodic and harmonic materials of MUS 6B through ear training, sight singing, analysis and dictation. (C-ID MUS 135) (CSU, UC)

MUS 0004A. Advanced Ear Training I

Unit: 1

Prerequisite: Completion of MUS 3B with grade of "C" or better

Advisory: Concurrent enrollment in MUS 9A and MUS 40C

Hours: 40 (14 lecture, 26 laboratory)

This course applies and develops the rhythmic, melodic and harmonic materials of MUS 9A through ear training, sight singing, analysis and dictation. (C-ID MUS 145) (CSU, UC)

MUS 0004B. Advanced Ear Training II

Unit: 1

Prerequisite: Completion of MUS 4A with grade of "C" or better

Advisory: Concurrent enrollment in MUS 9B and MUS 40D

Hours: 40 (14 lecture, 26 laboratory)

This course applies and develops the rhythmic, melodic, and harmonic materials of MUS 9B through ear training, sight singing, analysis, and dictation. (C-ID MUS 155) (CSU, UC)
MUS 006A. Music Theory I  
Units: 3  
Prerequisite: Completion of MUS 10 with grade of "C" or better or equivalent knowledge of music notation  
Advisory: Completion of MUS 40A with grade of "C" or better or equivalent piano skill; completion with grade of "C" or better or concurrent enrollment in MUS 3A  
Hours: 54 lecture  
Through guided composition and analysis, incorporates the following concepts: rhythm and meter; basic properties of sound; intervals; diatonic scales and triads; diatonic chords, basic cadential formulas and phrase structure; dominant seventh; figured bass symbols; and non-harmonic tones. Develops skills in handwritten notation. (C-ID MUS 120) (CSU, UC)  

MUS 006B. Music Theory II  
Units: 3  
Prerequisite: Completion of MUS 6A with grade of "C" or better or passing score on examination  
Advisory: Completion of MUS 40B with grade of "C" or better or equivalent piano skill; completion with grade of "C" or better or concurrent enrollment in MUS 3B  
Incorporates the concepts from MUS 6A. In addition, through guided composition and analysis, includes: an introduction to two-part counterpoint; voice leading involving four-part chorale writing; diatonic harmony; and an introduction to secondary/applied chords and modulation. (C-ID MUS 130) (CSU, UC)  

MUS 007. Composition with Electronic Media  
Units: 3  
Advisory: Completion of MUS 10 and 40A with grades of "C" or better or equivalent keyboard skills and ability to read music notation  
Hours: 72 (54 lecture, 18 laboratory)  
Introduction to electronic music creation, audio synthesis, sequencing, MIDI technology, and computer-aided music notation. Areas of coverage include signal flow, creation of sound patches and tracks, computer-aided score notation, and hardware/computer-aided sequencing. (CSU)  

MUS 009A. Music Theory III  
Units: 3  
Prerequisite: Completion of MUS 6B with grade of "C" or better  
Advisory: Completion of MUS 40C with grade of "C" or better or equivalent piano skill; completion with grade of "C" or better or concurrent enrollment in MUS 4A  
Hours: 54 lecture  
Incorporates the concepts from MUS 6B. In addition, through writing and analysis, includes: introduction to chromatic harmony; secondary/applied chords; modulation; borrowed chords; introduction to Neapolitan and augmented-sixth chords. (C-ID MUS 140) (CSU, UC)  

MUS 009B. Music Theory IV  
Units: 3  
Prerequisite: Completion of MUS 9A with grade of "C" or better  
Advisory: Completion of MUS 40D with grade of "C" or better or equivalent piano skill; completion with grade of "C" or better or concurrent enrollment in MUS 4B  
Hours: 54 lecture  
Incorporates the concepts from MUS 9A. In addition, through writing and analysis, includes: post-Romantic techniques such as borrowed chords and modal mixture, chromatic mediant, Neapolitan and augmented-sixth chords, 9th, 11th and 13th chords, altered chords and dominants; and 20th century techniques such as: Impressionism, tone rows, set theory, pandiatonicism and polytonalism, meter and rhythm. (C-ID MUS 150) (CSU, UC)  

MUS 010. Music Fundamentals  
Units: 3  
Hours: 54 lecture  
An elementary course designed to provide the basic musical skills, knowledge, and competencies necessary for reading or listening to music. Covers elements of music, scales, notation, rhythm, and sight reading. No prior musical training necessary. Note: Not open to students who are taking or have successfully completed MUS 3A-3B or MUS 6A-6B. (CSU, UC-with unit limitation)  

MUS 011. Introduction and History of Jazz  
Units: 3  
Hours: 54 lecture  
Introduction to the history of jazz from traditional European, African and Latin origins to various contemporary and fusion styles. Contributions of great jazz artists studied. Focus placed on developing critical skills applicable to listening to jazz arrangements and improvisation. (CSU, UC)  

MUS 012A. Survey of Music History and Literature to 1750  
Units: 3  
Hours: 54 lecture  
Study of the history of Western art music from antiquity through the Baroque Era including the influences of the Catholic Church, contributions of various personalities and cultures with selected readings, recordings, and score study. (CSU, UC)  

MUS 012B. Survey of Music History and Literature from 1750 to Present  
Units: 3  
Hours: 54 lecture  
Study of the history of Western art music from the end of the Baroque era to the present, including contributions of other cultures with selected readings and recordings. (CSU, UC)  

MUS 013. Introduction to Music: History of Rock and Roll  
Units: 3  
Hours: 54 lecture  
History of Rock and Roll music in social, political, cultural, and economic context. Includes guided listening and video presentations to show the evolution of Rock from its roots to current stylistic trends. (CSU, UC)  

MUS 014. Introduction to Commercial Music Production  
Units: 3  
Advisory: Completion of MECH 10 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Emphasis on audio concepts including basic and essential audio theory, development of critical listening skills, and perception of audio in the form of acoustic and electrical energy. Discussion and exercises in signal flow, recording facility configuration, sound reinforcement system set-up and working within different acoustic environments. Introductory training in equipment selection and placement as well as basic tracking techniques are offered. (CSU)  

MUS 015. Audio Recording  
Units: 3  
Advisory: Completion with grade of "C" or better or concurrent enrollment in MUS 14  
Hours: 72 (54 lecture, 18 laboratory)  
Studio media content production techniques with targeted training on capture of individual instrumental and vocal sources. Coverage of analogue and digital multi-track recording techniques. Overview of basic and essential audio concepts. Opportunity for practical implementation of signal processing techniques and use of related technology such as digital signal processing. Small group multi-track projects will be required. (CSU)
MUS 0016. Media Content and Public Event Technology
Units: 3
Advisory: Completion of MUS 10 and MUS 40A with grades of "C" or better
Hours: 72 (36 lecture, 18 laboratory)
Orientation to areas of professional activity in the fields of media content creation and public event technical support. Introduction to public and private-sector entities and areas of independent, entrepreneurial professional practice. Training in concepts including basic and essential audio theory, development of critical listening skills, and perception of audio in the form of acoustic and electrical energy. Discussion and exercises in signal flow, media production facility configuration, sound reinforcement system set-up and working within different acoustic environments. Introductory training in production equipment selection and configuration. (CSU)

MUS 0018. Live Sound
Units: 2
Advisory: Completion with grade of "C" or better or concurrent enrollment in MUS 16
Hours: 72 (18 lecture, 54 laboratory)
Training provided in a variety of public event technical support scenarios where sound reinforcement is required, including live musical performance, theatrical production, AV/multimedia, and corporate event support. Students will receive introductory training in sound system components and configuration, venue and event evaluation, production techniques and logistics, and production-related business practices. Students will engage in hands-on training in PA system setup, operation, troubleshooting, teardown, transport, and maintenance procedures. (CSU)

MUS 0025. Introduction to Entertainment Industry
Units: 3
Hours: 54 lecture
Exploration of non-performance career options in multiple areas of the media content management and public event technical support industries. Areas of emphasis include professional practices in the music and theatrical production fields including marketing, publishing, copyrighting, licensing, and contracts. Students will be introduced to strategies for working with unions, guilds, artists, producers, managers, and performance venue personnel. (CSU)

MUS 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

MUS 0029. Audiovisual Event Production
Units: 3
Prerequisite: Completion of MUS 16 with grade of "C" or better
Hours: 72 (36 lecture, 36 activity)
Training in audiovisual technical support for public events. Students will receive introductory training in multimedia presentation, meeting/conference support system components and configuration, venue and event needs evaluation, production logistics, in-house system design and integration, and audiovisual related business practices. Students will engage in hands-on training in system design, setup, transport, installation, operation, maintenance, troubleshooting, and repair procedures. (CSU)

MUS 0039A. Beginning Voice
Units: 2
Formerly known as MUS 39
Hours: 54 (18 lecture, 36 activity)
Introductory study of efficient vocal production and performance. Beginning exercises for breath management, extending the vocal range, increasing vocal resonance and volume, and singing in an expressive manner introduced. Vocal exercises and solos are performed to demonstrate these skills. (CSU, UC)

MUS 0039B. Intermediate Voice
Units: 2
Prerequisite: Completion of MUS 39A with grade of "C" or better
Hours: 54 (18 lecture, 36 activity)
In-depth study of specific elements of efficient vocal technique and performance. Includes vowel purity, belt singing, and managing stage fright. Vocal exercises and songs from various music styles are performed, including selections made by students. (CSU, UC)

MUS 0039C. Advanced Voice I
Units: 2
Prerequisite: Completion of MUS 39B with grade of "C" or better
Hours: 54 (18 lecture, 36 activity)
In-depth study of specific elements of efficient vocal technique and performance. Includes breath management in relation to posture, expressive singing via physical movement, unifying the register and range extension, resonance and vocal registers, expressive singing, stage presence, and the International Phonetic Alphabet (IPA) to sing Italian songs. Vocal exercises and songs from various music styles are performed including selections made by students. (CSU, UC)

MUS 0039D. Advanced Voice II
Units: 2
Prerequisite: Completion of MUS 39C with grade of "C" or better
Hours: 54 (18 lecture, 36 activity)
In-depth study of specific elements of efficient vocal technique and performance. Includes breath management using an efficient onset and release, managing the performance, resonance balancing using consonants, and song analysis to prepare a vocal piece for performance. (CSU, UC)

MUS 0040A. Beginning Piano I
Units: 2
Hours: 54 (36 lecture, 18 laboratory)
Beginning instruction in the fundamentals of playing piano. Note reading and basic playing techniques are introduced. Designed to develop musicianship and facility. (CSU, UC)

MUS 0040B. Beginning Piano II
Units: 2
Prerequisite: Completion of MUS 40A with grade of "C" or better or equivalent piano skill with permission of instructor
Hours: 54 (36 lecture, 18 laboratory)
Continuation of MUS 40A using more advanced materials. Developing skills in harmonizing a melody, playing scales, sight-reading, chord inversions and repertoire. (CSU, UC)

MUS 0040C. Intermediate Piano I
Units: 2
Prerequisite: Completion of MUS 40B with grade of "C" or better or equivalent with permission of the instructor
Hours: 54 (36 lecture, 18 laboratory)
Continuation of MUS 40B, with music drawn from intermediate levels. Ensemble playing, sight-reading and harmonization skills and knowledge. Individual needs and interests considered. (CSU, UC)
MUS 0040D. Intermediate Piano II  
**Units:** 2  
Prerequisite: Completion of MUS 40C with grade of "C" or better or equivalent with permission of instructor  
Hours: 54 (36 lecture, 18 laboratory)  
Continuation of MUS 40C, with music drawn from intermediate, late intermediate to early advanced levels. Ensemble playing, sight-reading, harmonization and improvisation developed. Individual needs and interests considered. (CSU, UC)  

**MUS 0042. Chamber Singers**  
**Unit:** 1.5  
Prerequisite: Enrollment Limitation: audition required; auditions generally occur the first week of class, and include sight singing, preparation of a short musical excerpt, and an aural skills assessment  
Hours: 54 (18 lecture, 36 laboratory)  
Explores the literature and performance practices of vocal ensembles from the Renaissance to the present. Public performances, festivals, and field trips required. May be taken four times for credit. (C-ID MUS 180) (CSU, UC)  

**MUS 0046. Jazz Ensemble**  
**Unit:** 1.5  
Prerequisite: Enrollment Limitation: audition required; auditions generally occur the first week of class and require demonstrated ability to play at least one instrument commonly used in jazz ensemble  
Advisory: Three to four years experience on instrument  
Hours: 54 (18 lecture, 36 laboratory)  
Rehearsal and performance of literature written for instrumental jazz ensemble, with emphasis on current musical trends. Study of improvisation. Public performances required. May be taken four times for credit. (C-ID MUS 180) (CSU, UC)  

**MUS 0047. Vocal Jazz Ensemble**  
**Unit:** 1.5  
Prerequisite: Enrollment Limitation: audition required; auditions generally occur the first week of class, and include sight singing, improvisation and preparation of a short musical excerpt, and an aural skills assessment  
Advisory: Previous choral experience  
Hours: 54 (18 lecture, 36 laboratory)  
Study and performance of modern and vocal jazz styles, tone production, and rhythms. Public performances and field trips required. May be taken four times for credit. (C-ID MUS 180) (CSU, UC)  

**MUS 0048. Concert Choir**  
**Unit:** 1.5  
Prerequisite: Enrollment Limitation: audition required; auditions generally occur the first week of class, and include ability to match pitch and produce a good tone  
Hours: 54 (18 lecture, 36 laboratory)  
A variety of choral experience performing repertoire, both sacred and secular, from the medieval, baroque, classical, romantic and modern periods of music history. Focuses on performance practice, musical style and poetic interpretation. May be taken four times for credit. (C-ID MUS 180) (CSU, UC)  

**MUS 0049. Jazz Improvisation Performance Ensemble**  
**Unit:** 1.5  
Prerequisite: Enrollment Limitation: audition required; auditions generally occur the first week of class and require demonstrated ability to play a melodic instrument and read music in the treble or bass clef  
Advisory: Three to four years experience on instrument  
Hours: 54 (18 lecture, 36 laboratory)  
Fundamentals of jazz improvisation, including chord-scale application. Analysis of diverse styles of the great jazz artists through recordings and transcriptions. Development of a unique improvisational style as applied to performance. May be taken four times for credit. (C-ID MUS 180) (CSU, UC)  

**MUS 0050. Wind Ensemble**  
**Unit:** 1.5  
Prerequisite: Enrollment Limitation: audition required; auditions generally occur the first week of class, and include demonstrated ability to play an instrument found in a wind or chamber ensemble  
Advisory: Three to four years experience on instrument  
Hours: 54 (18 lecture, 36 laboratory)  
Training in the interpretation and performance of standard band literature, with emphasis on sight reading new band music. Advanced students given the opportunity for solo work. At least one public performance given each semester. May be taken four times for credit. (C-ID MUS 180) (CSU, UC)  

**MUS 0051. Applied Music**  
**Unit:** 1  
Formerly known as MUS 51A  
Prerequisite: Enrollment Limitation: audition before music faculty of level appropriate repertoire demonstrating technical and interpretive skills and ability to read music; limited to declared music majors only  
Advisory: Three to four years experience on an instrument or voice prior to enrollment. Concurrent enrollment in an appropriate ensemble: MUS 42, 46, 47, 48, 50, or 54  
Hours: 40 (7 lecture, 33 laboratory)  
Individualized study of departmentally approved fine art performance curriculum. Emphasis on the progressive development of skills needed for solo performance. Student evaluated through a juried performance and a departmental recital. May be taken four times for credit. (C-ID MUS 160) (CSU, UC-with limitation)  

**MUS 0054. Symphonic Band**  
**Unit:** 1.5  
Prerequisite: Enrollment Limitation: audition required; auditions generally occur the first week of class, and include demonstrated ability to play a symphonic band instrument  
Advisory: Three to four years experience on instrument  
Hours: 54 (18 lecture, 36 laboratory)  
Training in the interpretation and performance of standard band literature, with emphasis on sight reading new band music. Advanced students given the opportunity for solo work. At least one public performance each semester. May be taken four times for credit. (C-ID MUS 180) (CSU, UC)  

**MUS 0057A. Beginning Guitar**  
**Unit:** 1.5  
Hours: 36 (18 lecture, 18 activity)  
Learning fundamentals of the guitar: components of instrument, reading music notations, key structure and chord structure (open position), and finger picking. Students required to supply own instruments. (CSU, UC)
MUS 0057B. Beginning Guitar
Unit: 1.5
Prerequisite: Completion of MUS 57A with grade of "C" or better or equivalent with permission of instructor
Hours: 36 (18 lecture, 18 activity)
Further study of guitar fundamentals, including advanced finger picking and strumming techniques; two and three part note reading; and expanded notation and rhythmic development. Students required to supply own instruments. (CSU, UC)

MUS 0058A. Intermediate Guitar
Unit: 1.5
Prerequisite: Completion of MUS 57B with grade of "C" or better or equivalent with permission of instructor
Hours: 36 (18 lecture, 18 activity)
Learning chromatics, chord structure in closed positions, harmony as applied to pieces, and major and minor scales. These techniques applied to compositions in group performance. Students required to supply own instruments. (CSU, UC)

MUS 0058B. Intermediate Guitar
Unit: 1.5
Prerequisite: Completion of MUS 58A with grade of "C" or better or equivalent with permission of instructor
Hours: 36 (18 lecture, 18 activity)
Further study of chord melody construction. Learning moveable chords and application to song types, including 9th, 11th, and 13th chords. Students required to supply own instruments. (CSU, UC)

MUS 0810. Selected Topics in Music
Units: 0
Hours: 8 to 54 lecture as scheduled
Course designed for older adults. Study of selected styles and periods of music. Includes discussion of musical elements, composition, orchestration, vocabulary and history for the selected topics. May be repeated. (noncredit)

Program Student Learning Outcomes (PSLOs)

- Through the study of scale construction and key signatures, play major and minor scales in flat and sharp key signatures and scales in two octaves with both hands at a steady tempo.
- Apply solfege and/or counting techniques to an example of rhythmic notation in simple and compound meters in all keys and modes.
- Take melodic and rhythmic dictation with diatonic melodies that have some altered notes in simple and compound meters.
- Identify various intervals for their qualities (perfect, major, minor, augmented and diminished) in all major and minor keys and modes in notational form as well as aural form.
- Compare and contrast instrumental and vocal music of the major music periods from Ancient to 21st Century describing the historical origins and developments, socioeconomic influences and representative instruments and musical ensembles.
- Define and identify five properties of music sound: pitch, dynamics, timbre, meter and rhythm.
- Acquire physical, interpretive, and technical skills to perform level-appropriate repertoire.

Overview

Courses from the following departments are included in the interdisciplinary Natural Science associate degree:

- Agriculture
- Anthropology
- Astronomy
- Biological Sciences
- Chemistry
- Earth Science
- Environmental Studies and Sustainability
- Geography
- Mathematics
- Physics
- Psychology

Degrees/Certificates

Natural Science

AA or AS Degree

The Natural Science degree is designed for students who are pursuing transfer majors in the Natural Sciences, including Astronomy, Biological Science, Chemistry, Geography, Geology, Physics and related disciplines. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 300).

**Nursing Assistant**

**Contact Information**

Division: Nursing and Allied Health
Overview
The Nursing Assistant course is designed to prepare students for employment providing direct patient care in long term care facilities. There are no degree patterns or transfer majors in this area. Students desiring eligibility for certification testing must earn a grade of "C" or better on each test and complete the CDPH required training hours for the program (60 hours theory/100 hours clinical).

Acceptance into the Precertification Nursing Assistant Training course is through an application process. The application packet consists of a completed application signed by the student and submission of transcripts or assessment results verifying completion of the course prerequisite.

A physical examination and TB clearance are required (at the student’s expense) prior to the first day of class. These must be current and within 3 months of the class start date. The student must be clear of any health conditions that could create a hazard to the student, fellow employees, or patients.

Drug testing and background screening are required. Students must complete livescan fingerprinting prior to the first day of class. Criminal background clearance is required to become a CNA.

Students must obtain an approved uniform and required patient care equipment, obtain a Basic Life Support certificate from the American Heart Association designated for Healthcare Providers and be responsible for transportation to and from clinical facilities.

Upon successful completion of the 160 CDPH program, the student is eligible to take the state certification exam (student is responsible for testing fees) to become a CNA.

Course
Understanding course descriptions (p. 312)

NRSA 0003. Precertification Nursing Assistant Training
Units: 6.5
Hours: 202 (85 lecture, 117 laboratory)
Introduction to nursing practice based on the humanistic philosophy of Abraham Maslow. Includes basic skills necessary to assist in satisfying the patient’s physical, psychological, social, and cultural needs. Students must be fingerprinted and submit documentation related to received conviction; certification may be denied. Students must meet regulatory requirements for class attendance, health clearance, background check clearance, and valid social security number to participate in the course. Upon successful completion, students are eligible to take the State of California Certification Examination to become a Nursing Assistant qualified for employment in an acute or long-term health care facility. Testing and certification fees are required. (letter grade only) (not transferable)

Program Student Learning Outcomes (PSLOs)
- Describe the fundamental concepts of the Omnibus Budget Reconciliation Act (OBRA) and California Title 22 regulations for safe and quality care in long term care settings.
- Successfully complete the State Competency Test for Nursing Assistants (American Red Cross).

Overview
Students completing the Registered Nursing Program earn an AS or AA degree in Registered Nursing. In order to receive complete and accurate information concerning the nursing programs, students are urged to first read the information on the Sierra College website carefully and then seek further information or clarification from the nursing department or counseling staff as necessary.

Baccalaureate and graduate nursing programs in four-year colleges and universities differ widely in transfer and credit-granting policies, requirements and course offerings. Students planning on transferring to obtain a baccalaureate degree in nursing should review appropriate college catalogs.

Faculty
Leah Drew
Assistant Professor, Nursing
A.A., Arapahoe Community College
B.A., Texas College
M.S., University of Arizona

Dianna R. Hylton
Professor, Nursing
B.A., California State University, Sacramento
B.A., California State University, Sacramento
M.S., California State University, Sacramento

Sabina Karr
Professor, Nursing
A.D.N., Cameron University
B.S.N., California State University, Fullerton
F.N.P., University of California, Davis
M.S.N., University of Phoenix
The nursing courses include theory classes and supervised concurrent clinical practice in local health care agencies. Clinical practice may occur days, evenings, nights and weekends and is assigned by nursing faculty. At the expense of the student, a physical exam and proof of freedom of communicable disease and/or immunizations for the protection of the student and patients are required upon admission and prior to the first day of class. Students must also purchase an approved uniform and instructional materials required to achieve program objectives, maintain Basic Life Support training certification from the American Heart Association designated for Healthcare Providers and be responsible for transportation to and from clinical facilities. Drug testing and background screening are required. Readiness/assessment testing may be required. Completion of the most current version of the Test of Essential Academic Skills (TEAS) with a cumulative score of 62% or higher is required.

In order to receive complete and accurate information concerning the nursing programs, students are urged to first read the information on the Sierra College website carefully and then seek further information or clarification from the nursing department or counseling staff as necessary.

**Registered Nursing Admission Requirements**

Application packets are evaluated for completeness and applicant admission eligibility. Application packets that are incomplete are not considered for admission. A complete application packet consists of the following:

- completed application signed by the applicant;
- official transcripts for all colleges (including Sierra College) referenced in the application, including those documenting fulfillment of prerequisite courses;
- official high school transcripts if using high school mathematics courses to meet the mathematics prerequisite;
- official course descriptions for all prerequisite courses taken outside of Sierra College (official course descriptions must match the year and semester the course was completed as documented on the transcript);
- TEAS results with a score of 62% or higher;
- for veterans, a copy of DD Form 214 Certificate of Release or Discharge from Active Duty;
- current and active e-mail address.

The qualifying score using the Chancellor's Predictor of Success formula is 84% or higher. The nursing department complies with all academic regulations and requirements.

Licensed vocational nurses and others with previous nursing education
Nursing Program.
Advanced Placement Policy for Associate Degree
Nursing Program
Licensed vocational nurses and others with previous nursing education
and/or experience may receive credit and/or seek advanced placement
in the program (see below). In order to be a graduate of the program
and receive an associate degree in Registered Nursing, all program and
associate degree requirements must be met.
Admission of any student eligible for advanced placement in the program following an academic evaluation is on a space available basis. Students re-entering the program receive priority.
Students may obtain further information regarding program placement policies from the Sierra College website.

30-Unit Licensed Vocational Nursing Option
The 30-unit Licensed Vocational Nursing (LVN) option is offered on a space available basis for LVNs currently licensed in California. Requirements include completion (or challenge) of acceptable college level courses in physiology and microbiology with grades of "C" or better prior to enrollment in the program and completion (or challenge) of NRSR 0023 and NRSR 0024 in sequence. Those who complete this option do not graduate or receive a degree.

Upward Mobility LVN to RN Option
Licensed Vocational Nurses (LVNs) wishing to obtain licensure as a Registered Nurse through the upward mobility option must meet the following criteria to be considered for admission:

- successful completion of an accredited LVN program;
- active, unrestricted California LVN license;
- meet the program prerequisite and admission requirements as well as the above mentioned LVN program clinical experience.

Upon admission, the student must complete NRSR 0023, NRSR 0024, and the remaining required program and general education courses. LVNs interested in pursuing an Associate Degree Nursing and taking National Council Licensure Examination (NCLEX) to be a Registered Nurse may be admitted to the Upward Mobility program on a space available basis. Readiness/Assessment testing is required.

Upward Mobility Admission Requirements
See the Registered Nursing Admission Requirements (p. 218).

Registered Nursing

AA or AS Degree
Students must fulfill the nursing program requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 300).

Students already holding an associate degree in another major do not need to complete the general education requirements listed immediately above, unless they wish to obtain an AA or AS degree in Registered Nursing.

Students who have baccalaureate or higher degrees are only required to fulfill the nursing program requirements and registered nursing courses, to be awarded an associate degree.

Total Units: 78-84

1 Students must be admitted to the Associate Degree Nursing Program before enrolling in the registered nursing courses. The registered nursing courses must be completed (or challenged) in sequence.

Students who complete the nursing program requirements and registered nursing courses without completing all of the associate degree requirements may take the Licensure Examination as NON-GRADUATES, but these students are not graduates of the program and do not receive degrees.

### Board of Registered Nursing Licensure Requirements

Upon applying to the California Board of Registered Nursing for examination and licensure, students must be fingerprinted and submit documentation related to any received conviction; licensure may be denied.

In accordance with Regulation 480 of the State Board of Registered Nursing, a person convicted of any offense, other than a minor traffic violation, may not qualify to be licensed as a registered nurse. Questions regarding this regulation may be addressed to the California State Board of Registered Nursing.

### Courses

Understanding course descriptions (p. 312)
NRSR 0024. Advanced Medical Surgical and Maternal-Newborn Nursing
Units: 11
Prerequisite: Completion of NRSR 23 with grade of “C” or better
Hours: 396 (99 lecture, 297 laboratory)
Theory and correlated clinical practice related to the application of the
nursing process based on Roy’s Adaptation Model for multiple adult and
geriatric clients with complex health problems experiencing acute illness.
Students learn to promote adaptation for the maternal-newborn clients
experiencing illness/stressors. Students further develop skills and apply
theory introduced in previous semesters in varied and more complex
settings, and gain additional theory and skills related to new clinical areas
and levels of responsibility. (letter grade only) (CSU)

NRSR 0025. High Risk Obstetrical/Newborn Nursing
Units: 0.5
Prerequisite: Enrolled as an LVN to RN upward mobility student
Hours: 16 (7 lecture, 9 laboratory)
Provides the LVN upward mobility student with the content/concepts for
the management of nursing care for the obstetrical and newborn patient
with complex nursing needs, such as a high-risk intrapartum, complicated
birth, and post delivery care of maternal/newborn patients. Content builds
upon the basic obstetrical nursing content the student received in the
vocational nursing program and meets BRN curriculum requirements.
(CSU)

Program Student Learning Outcomes
(PSLOs)

• Apply the nursing process based on Roy’s Adaptation Model to
  support and promote health when caring for clients in all states of the
  life continuum within a variety of healthcare settings.
• Communicate effectively with clients, families, and within the health
care team using therapeutic and interpersonal strategies and learned
  skills.
• Teach health maintenance and promotion to clients and their
  families, and to members of the community.
• Interact collaboratively as a member of the health care team and
  assume leadership responsibilities in coordinating care for groups of
  clients in structured health care systems.
• Demonstrate the principles of client advocacy: accept responsibility
  for nursing practice and function and accountability within the legal
  scope of registered nursing practice.
• Assume responsibility and accountability for professional growth and
  lifelong learning.

Overview
The Nutrition and Food Science curriculum is designed to provide students
with knowledge of nutrition principles and skills in food preparation
techniques. The curriculum provides education for transfer to upper
division institutions for careers in foods, food preparation or food service,
dietetics and dietary health care and promotes optimum health to
maximize one’s physical, social and economic potential.

Degrees/Certificates
Nutrition and Dietetics for Transfer
AS-T Degree
This program provides students with a strong foundation in nutrition,
dietetics, and food science. Upon completion of this degree, students
will be able to evaluate personal energy and nutrient requirements and
food sources using current dietary assessment tools; demonstrate the
understanding of the physiological processing of nutrients as they relate
to energy balance, metabolism and physical activity; evaluate the impact
of external variables on food safety, food choices, food beliefs, and disease
risk; and identify dietary and lifestyle modifications for improving health
throughout the life cycle.

The Associate in Science in Nutrition and Dietetics for Transfer degree
(AS-T) prepares students to transfer into the CSU system to complete a
bachelor’s degree in nutrition, or a major deemed similar by a CSU campus.
Students earning an associate degree for transfer and meeting the CSU
minimum transfer admission requirements are guaranteed admission with
junior standing within the CSU system. Students are also given priority
admission consideration to their local CSU campus but not to a particular
campus or major. Upon transfer, students will be required to complete no
more than 60 additional prescribed units to earn a bachelor’s degree.

To earn the Associate in Science in Nutrition and Dietetics for Transfer
degree, students must complete 60 CSU-transferable semester units with
a minimum grade point average of 2.0, including both of the following:

• completion of all courses required for the major with grades of
  “C” or better; and
• completion of the California State University General
  Education Breadth (CSU GE) (p. 300) pattern or
  the Intersegmental General Education Transfer Curriculum
  (IGETC) (p. 307) pattern. (Students transferring to a
  CSU campus using IGETC must complete Area 1C Oral
  Communication to be eligible for admission.)
The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

**RESTRICTION:** International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

### Courses

Understanding course descriptions (p. 312)

**NUTF 0005. Food Preparation for Nutrition and Life Fitness**

*Units: 3*

Advisory: Eligibility for ENGL 1A

Hours: 90 (36 lecture, 54 laboratory)

Focuses on the application of food science principles. Emphasis on ingredient function and interaction, food preparation techniques, sensory evaluation, food safety and sanitation, and nutrient composition of foods. Modification of recipes to optimize nutrient content. (C-ID NUTR 120) (CSU)

**NUTF 0010. Principles of Nutrition**

*Units: 3*

Advisory: Eligibility for ENGL 1A

Hours: 54 lecture

Scientific concepts of nutrition related to the function of nutrients in basic life processes and current health issues with emphasis on individual needs. The specific nutrient needs throughout the lifespan will also be examined. (C-ID NUTR 110) (CSU, UC)

**NUTF 0013. Nutrition Throughout the Life Cycle**

*Units: 3*

Also known as HDEV 61

Advisory: Completion of NUTF 10 with grade of "C" or better

Hours: 54 lecture

Examination of nutritional requirements, concerns, and interventions during several stages of the life cycle, from preconception to old age. Analysis of cultural, environmental, physical, and economic factors affecting nutritional status. Practical application of adequate nutrition through dietary selection and promotion of health throughout each life cycle stage. (CSU)

**NUTF 0014. Sports Nutrition**

*Units: 3*

Advisory: Completion of NUTF 10 with grade of "C" or better

Hours: 54 lecture

Presents fundamental nutrition concepts and applies them to individuals interested in physical activity, exercise, and sport. Nutrition topics include short-term and long-term nutrient intake, hydration status, supplement use, and body composition as they relate to physical performance. Basic fitness information regarding the key components of fitness, energy systems, and energy balance will also be explored. (CSU)

**NUTF 0028. Independent Study**

*Units: 1-3*

Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

**NUTF 0095. Internship in Nutrition and Food Science**

*Units: 0.5-4*

Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

### Program Student Learning Outcomes (PSLOs)

- Evaluate personal energy and nutrient requirements and food sources using current dietary assessment tools.
- Demonstrate the understanding the physiological processing of nutrients as they relate to energy balance, metabolism and physical activity.
- Evaluate the impact of external variables on food safety, food choices, food beliefs, and disease risk.
- Identify dietary and lifestyle modifications for improving health throughout the life cycle.

### Personal Development

**Overview**

The department of Personal Development is the instructional component of the College's counseling services. Courses provide a broad foundation in academic, career and personal success strategies to help students achieve their goals and participate as productive members of our society. Opportunities for practical application serve to build knowledge and skills in key areas such as planning and goal setting, decision-making, cultural
competency, personal responsibility, self-awareness, critical thinking, emotional intelligence and communication. The objective of Personal Development is to promote student success by strengthening essential academic, career and life skills.

Courses
Understanding course descriptions (p. 312)

PDEV 0006. Career Planning
Units: 3
Hours: 54 lecture
Individual assessments of personality, interests, values, and skills to help identify appropriate careers and college majors. Occupational research, research on educational requirements, goal setting, decision-making, and job search strategies including networking, resume writing, interviewing and portfolio development. (CSU)

PDEV 0008. Introduction to College
Units: 0.5-2
Hours: 9 lecture per .5 unit
Introduction to higher education, college terms, student resources, student success practices, steps to choosing a career direction, related interest area, program and/or major, the college catalog, degree/certificate requirements, and an overview of the transfer process to four-year colleges/universities. Students formulate an educational plan to increase success in reaching educational goals. (CSU, UC-with unit limitation)

PDEV 0009. Assertiveness Training
Unit: 1
Hours: 18 lecture
Step by step strategies for becoming more assertive, rather than passive or aggressive. Learn verbal and nonverbal skills for communicating with people more authentically, effectively and fairly. Examines cultural and social differences in assertive communication. (CSU)

PDEV 0012. Peer Mentor Training
Units: 3
Hours: 54 lecture
Experiential introduction to the method and process of being a skilled helper in academic peer support programs. Emphasis on communication skills, relationship development, knowledge of higher education, college policies and resources with the goal of promoting the academic and psychosocial factors that contribute to college and life success. (CSU)

PDEV 0021. Career Exploration through Self Assessment
Units: 0.5-1
Hours: 9 lecture per .5 unit
Introduction to the career decision making process using career assessment and educational planning tools. Includes self assessment of personality, values, interests and skills; analysis and exploration of course of study and career options; development of a career action plan; and creation of a student educational plan. (CSU)

PDEV 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

PDEV 0052. Student Leadership Development
Units: 2
Hours: 36 lecture
Leadership in student government, campus clubs and non-academic contexts. Application of practical leadership skills on out-of-class projects; includes planning and running effective meetings, parliamentary procedure, group leadership and motivation techniques. (CSU)
PDEV 0070. Stress and Well Being  
Units: 3  
Hours: 54 lecture  
An overview of stress, including types, causes, effects and explores solutions to mitigate its negative impacts. Explores the relationship between psychological and socio-cultural factors in creating stress and affecting ones ability to manage it. Introduces coping techniques including meditation, cognitive strategies and the practice of wellness. (CSU, UC)  

PDEV 0094. Career Exploration Internship  
Units: 0.5-4  
Exposure to business/industry under the direction of a worksite supervisor, related to student’s educational or occupational goals. Develops career awareness, experience and knowledge with a focus on job skills that enhance academic learning. Mandatory orientation session and faculty approval to determine eligibility. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)  

PDEV 0095. Internship in Personal Development/Human Services  
Units: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)  

PDEV 0800. Career Essentials - Looking Inside  
Units: 0  
Hours: 10 lecture  
Introduction to the career decision-making process using career assessment tools to formulate a career profile. Includes self assessment of personality, values, interests, skills and learning style. (pass/no pass grading) (noncredit)  

PDEV 0801. Career Essentials - Exploring the World of Work  
Units: 0  
Prerequisite: Completion of PDEV 800 with grade of “Pass”  
Hours: 8 lecture  
Introduction to the world of work including industry sectors, career clusters and pathways. Overview of current and projected trends in expanding career areas, educational/training requirements, salary and outlook. Research career options using a variety of resources. Develop understanding of decision-making process and apply to career choices. (pass/no pass grading) (noncredit)  

PDEV 0802. Career Essentials - Getting Hired  
Units: 0  
Hours: 10 lecture  
Overview and explanation of the job search process, including the role of social media, personal branding and evolving employer expectations. Understanding and application of current job search techniques including finding and researching positions and companies, networking, resume writing, interviewing, and evaluating and negotiating job offers. (pass/no pass grading) (noncredit)  

Program Student Learning Outcomes (PSLOs)  
- Demonstrate ability to access college and/or community resources to achieve goals.
Philosophy for Transfer
AA-T Degree

Philosophy is a broadly based discipline that examines the fundamental questions that arise in disparate areas of human experience. Courses are both historically and topically organized and emphasize the analysis of primary sources, the importance of critical thinking, the relationship between conclusions, justifications and logic. By developing reasoning skills, students will strengthen clarity of language usage, fortify argumentation skills and master the language and topics of the discipline of philosophy.

The Associate in Arts in Philosophy for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor’s degree in Philosophy or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor’s degree.

To earn the Associate in Arts in Philosophy for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of “C” or better; and
- completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

**RESTRICTION:** International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

**Courses**

Understanding course descriptions (p. 312)
PHIL 0002. Introduction to Philosophy: Ethics
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
The concept of morality and values, Western systems of ethics including Virtue Ethics, Utilitarianism, Kantian ethics, Feminist Moral Theory and their application to contemporary moral dilemmas. (C-ID PHIL 120) (CSU, UC)

PHIL 0004. Introduction to Critical Thinking
Units: 3
Prerequisite: Completion of ENGL 1A with grade of "C" or better
Hours: 54 lecture
A study of the principles of inductive and deductive inference and their practical applications in everyday situations such as analyzing, criticizing, and advocating ideas, evaluation of arguments, and problem solving. Examines the uses of language, formal and informal fallacies, syllogistic argument forms and the scientific method. Develops the ability to integrate principles of critical thinking with the techniques of effective written argument. (C-ID PHIL 110) (CSU, UC)

PHIL 0006. Introduction to Philosophy: Knowledge and Reality
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to the method and primary problems of philosophy including argumentation, conceptual analysis, analysis and evaluation of fundamental assumptions and principles of various philosophical systems and philosophical interpretation of primary texts on topics from epistemology and metaphysics. (C-ID PHIL 100) (CSU, UC)

PHIL 0010. Philosophy of Religion
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Analysis of the major philosophical issues raised by, but not limited to traditional Western religion. Includes an examination of the arguments for God's existence and nature, immortality, the problem of evil, miracles, rationality of religious belief, the relation of faith to reason, and theories on the meaning of the religious language. (CSU, UC)

PHIL 0012. Introduction to Symbolic Logic
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to the principles of deductive reasoning including formal techniques of sentential and predicate logic. (C-ID PHIL 210) (CSU, UC)

PHIL 0013. Introduction to Asian Philosophy
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Major philosophies of Asia including Hinduism, Buddhism, Taoism, Confucianism, and Shinto. Focuses on issues such as immortality, the nature of reality, god, the self, society, transcendence and morality. Also looks at the influences of Eastern Philosophy on Western Culture. (CSU, UC)

PHIL 0020. History of Ancient Greek Philosophy
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
A study of the origin and rise of Western Philosophy from the pre-Socratic philosophers, Socrates, Plato, and Aristotle, up to the Hellenistic and Medieval periods. (C-ID PHIL 130) (CSU, UC)

PHIL 0021. History of Modern Philosophy
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Sixteenth through Eighteenth century philosophy with emphasis on broad epistemological or metaphysical theories, developments of empiricism and rationalism from Descartes to Kant. (C-ID PHIL 140) (CSU, UC)

PHIL 0027. Introduction to Philosophy of Women in Western Cultures
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to the concepts of womanhood and feminism in mythic, classic, medieval and major philosophical traditions. Emphasis on the images, roles and beliefs about women found in the humanities and philosophy with respect to their impact and contemporary relevance. (CSU, UC)

PHIL 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See independent study page in catalog. (CSU, UC-with unit limitation)

PHIL 0030. Introduction to Social and Political Philosophy
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Major philosophical issues surrounding the nature of society and justifications for the authority of the state. Focuses on how the concepts of the common good, individual rights, liberty, equality, and democracy relate to notions of justice, private property and the legitimate use of state power. (CSU, UC)

PHIL 0060. Introduction to Environmental Ethics
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Philosophical survey of the ethical questions and issues raised when considering the relationship between human beings and the environment. Topics include the moral standing of animals, land use and preservation policy, growth and sustainability, and environmental justice. Theoretical approaches include deep ecology, social ecology, ecofeminism, multicultural perspectives, and environmental pragmatism. (CSU, UC)

PHIL 0065. Introduction to the Philosophy of Science
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
The philosophical foundations of science such as criteria for distinguishing between science and pseudo-science, questions concerning scientific progress, justification of scientific hypotheses, the theory-dependence of observation, the nature of scientific revolutions, the possibility of objectivity and the challenges of relativism, feminism and marginalization. (CSU, UC)

Program Student Learning Outcomes (PSLOs)
- Read and critique philosophical texts.
- Apply the disciplinary language of philosophy to philosophical issues.
• Describe and analyze core philosophical problems, their metaphysical presuppositions and practical consequences.
• Craft a clear, coherent, and cogent philosophical essay.

Overview

Photography is offered as a creative means of visual expression with artistic and commercial application. Opportunities for experimental and applied aspects are provided from the beginning through advanced levels. A serious effort is made to structure offerings so that students can attain individual goals in the field of Photography. Photographic skills complement other diverse fields such as science, environmental studies, law enforcement, teaching, anthropology, art and real estate. This complementary aspect is also stressed in the program.

TRANSFER MAJOR REQUIREMENTS in Photography are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements.

Faculty

Kirkman Amyx
Professor, Photography
B.F.A., Art Center College of Design
M.F.A., San Jose State University

Randy L. Snook
Professor, Photography/Applied Art and Design
B.A., California State University, Sacramento
M.F.A., Lesley University Art Institute of Boston

Photography Advisory Committee

• The Professional Photographers of Sacramento Valley, Sacramento, CA
• Kat Walker Photography, Orangevale, CA
• Svitlana Vronska Photography, North Highlands, CA
• Ann Keen Photography, Auburn, CA

Degrees/Certificates

Associate Degree

• Photography (p. 227)
• Photography and Video (p. 228)

Certificate of Achievement

• Photography (p. 228)
• Photography and Video (p. 228)

Skills Certificates

• Alternative Processes in Photography (p. 229)
• Color Photography (p. 229)
• Digital Imaging (p. 229)
• Fine Art Photography (p. 229)
• Landscape Photography (p. 229)
• Narrative Photography (p. 230)
• Photographic Processes (p. 230)
• Portrait, Fashion and Wedding Photography (p. 230)

Photography

AA or AS Degree

Positions for which students of photography are qualified are professional photographer, commercial photographer, advertising and photographic journalism. Students must fulfill the following major requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

• Sierra College Associate Degree Requirements (p. 292);
• California State University General Education Breadth (p. 300) pattern;
• Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

Color Photography
Skills Certificate
Assists in preparing students to create visually stimulating images utilizing the power of color. Focuses on the aesthetic use of color, as well as technical mastery of color balancing, accuracy and manipulation. These skills are necessary for both laboratory technicians and photographers. A skills certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

Total Units 13

Courses

Understanding course descriptions (p. 312)

PHOT 0010. History and Aesthetics of Photography
Units: 3
Also known as ARHI 134
Hours: 54 lecture
Historical and thematic survey of photography as an art form and communication tool from its invention to the present. Explores various critical perspectives including aesthetic and design principles, influential themes, periods, and photographers. Investigates technical considerations, photography's role in the development of mass culture and other societal influences. (CSU, UC)

PHOT 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

PHOT 0030. Photographing Works of Art
Units: 0.5
Also known as AAD 30
Hours: 13 (7 lecture, 6 laboratory)
Methods and procedures involved in reproducing works of art into digital files for cataloging, portfolios, publication and show submissions. Covers equipment needed for both artificial and natural light situations, camera considerations, proper exposure, and presentation of copy work for both two-dimensional and three-dimensional art. Students must furnish presentation materials. (CSU)

PHOT 0060A. Elementary Photography
Units: 3
Hours: 72 (36 lecture, 36 activity)
Aesthetic use of digital and film cameras. Elements of design and influence of photography as an art form explored. Topics include subject selection, exposure control, composition, lighting, digital and film camera usage, film development, enlarging, print finishing, presentation, and responses to photographs within framework of historical and current perspectives. Students must furnish digital storage media, film and photographic printing paper. Providing an interchangeable lens digital or film camera recommended but not required. (CSU, UC)

Sierra College Catalog 2021-2022
PHOT 0060B. Intermediate Black and White Photography
Units: 3
Prerequisite: Completion of PHOT 60A with grade of "C" or better
Hours: 72 (36 lecture, 36 activity)
Technical and experimental aspects of black and white photographic tools and techniques stressing the creative use of photography. Topics include creative camera and darkroom experimentation, medium format and toy cameras, pinhole photography, archival permanence and the handmade book. Students must furnish film, paper and presentation materials. (CSU, UC)

PHOT 0065. Documentary Photography
Units: 3
Prerequisite: Completion of PHOT 60A or 78 with grade of "C" or better
Photographic essay as a focused body of work. Historical origins and cultural impact of documentary photography. Contemporary practitioners, organization of visual essays, and documentary video capture. Students select projects of personal interest and cultural relevance and participate in assigned group projects. Students must supply digital storage media or film, paper, and presentation materials. (CSU)

PHOT 0070A. Studio Lighting
Units: 3
Prerequisite: Completion of PHOT 60A with grade of "C" or better; and completion with grade of "C" or better or concurrent enrollment in PHOT 75 or 78
Hours: 90 (36 lecture, 54 laboratory)
The application of studio lighting techniques to portrait and commercial product photography. Concentration on creative and technical control of lighting, background, props and composition. Utilizes both studio strobe and continuous light sources. For students seeking a career in photography or one of its related fields, and for those who desire additional and advanced creative or technical work. Students must furnish digital storage media, paper and presentation materials. (CSU)

PHOT 0070B. Advanced Studio Lighting
Units: 3
Prerequisite: Completion of PHOT 70A with grade of "C" or better; and completion of PHOT 75 or 78 with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Additional creative and technical work with studio lighting and portfolio development. Concentration on refining studio techniques used in commercial and fine art photography. Students create a focused body of work over the course of the semester. Students must furnish digital storage media, printing paper and presentation materials. Providing an interchangeable lens digital camera recommended but not required. (CSU)

PHOT 0075. Introduction to Digital Imaging
Units: 3
Also known as AAD 75
Advisory: Completion of AAD 70 with grade of "C" or better
Hours: 72 (36 lecture, 36 activity)
Introduction to the acquisition and computer manipulation of photographs for design and photography. Analysis and critique of images from initial concept to final project creation. Basic scanning, image adjustments, retouching, compositing, and file preparation for printing and other uses. (CSU, UC)

PHOT 0076. Advanced Projects in Digital Imaging
Units: 3
Also known as AAD 76
Prerequisite: Completion of PHOT 75 or AAD 75 with grade of "C" or better
Hours: 72 (36 lecture, 36 activity)
Advanced digital project development using Photoshop. Creating original images from a variety of input devices including scanners and digital cameras. Speed building in editing techniques. Integration of other software programs. Evaluations and critiques of completed projects. (CSU)

PHOT 0078. Digital Photography
Units: 3
Prerequisite: Completion of PHOT 60A with grade of "C" or better
Use of digital cameras for direct capture of photographic images. Emphasis on practical use of the digital camera in real world situations. Creative and technical controls offered by digital cameras, image file management and image optimization. Color management and digital printing. Basic color capture with digital still cameras. (CSU)

PHOT 0080. Color Photography
Units: 3
Prerequisite: Completion of PHOT 78 or PHOT 75/AAD 75 with grade of "C" or better
Hours: 72 (36 lecture, 36 activity)
A concentration in the study of the history of color photography, color theory, color symbolism, and color as a communication element in photography. Composition, exposure, and theme in creating expressive color photographs also covered. In-depth study of camera usage, lighting, and digital processing techniques to produce accurate color and the creative use of color. Implementation of a color-managed workflow to produce accurate color from digital capture to print. Students create digital prints and slideshows utilizing the expressive use of color. Students must provide a digital camera. (CSU, UC)

PHOT 0085. Photojournalism
Units: 2
Prerequisite: Completion of PHOT 60A with grade of "C" or better; and completion with grade of "C" or better or concurrent enrollment in PHOT 75 or 78
Hours: 54 (18 lecture, 36 activity)
Theory and practice of photography for publication in newspapers and online news outlets. Emphasis on photography with single images and photographic essays. Simulations of professional assignments including deadlines. Preparation of digital files for print and online use. Students must furnish digital storage media. (CSU)

PHOT 0088. Business Practices for Photographers
Units: 3
Advisory: Completion of a minimum of three photography courses
Hours: 54 lecture
Successful business practices for commercial, portrait, and fine art photographers. Elements of starting and running a photography business, including overhead, taxes, insurance, copyright law, contracts, pricing, marketing and advertising. Overview of business resources provided by professional photography organizations. Creation of a business plan related to the students' career goals. (CSU)

Sierra College Catalog 2021-2022
PHOT 0090P. Outdoor Portrait Workshop
Units: 0.5-3
Prerequisite: Completion of PHOT 60A or 78 with grade of "C" or better
Hours: 13 (7 lecture, 6 activity) per .5 unit
Exploration of portrait in outdoor settings. Topics include camera, lens and equipment selection, camera use, lighting, posing, and composition. Students must furnish digital storage media. (CSU)

PHOT 0090T. Field Workshop: Travel Photography
Units: 0.5-3
Advisory: Completion of PHOT 60A with grade of "C" or better
Hours: 13 (7 lecture, 6 activity) per .5 unit
Intensive field workshop covering specific locations, methods and processes of travel photography in domestic and international locations. Includes visual themes, narrative and individual images, editorial and stock photography, composition, digital or film cameras, materials and equipment, exposure, selection and presentation of photographs. Overview of the population, habitat, environment and geography, culture and traditions of the region being studied. Special considerations of travel photography. Students must furnish camera, film or digital media, processing and presentation supplies. (CSU)

PHOT 0090W. Wedding and Event Photography Field Workshop
Units: 0.5-1
Prerequisite: Completion of PHOT 60A with grade of "C" or better
Hours: 13 (7 lecture, 6 activity) per .5 unit
Documentation of weddings and events, such as: conferences, trade shows, public relations events, campaign rallies, performances, holiday parties and Quinceañeras. Working with portable flash, available light and mixed lighting. Posing and capturing groups and individuals in a timely manner. Creating a shot list and other organizational tools. (CSU)

PHOT 0091. Alternative Processes
Units: 3
Prerequisite: Completion of PHOT 60A with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Exploration of alternative photographic processes, many of which were first developed in the 19th century and are known for producing expressive prints with a unique look. Merging of digital technology and non-traditional printing materials explored. Processes may include: cyanotype, salt printing, kallitype, anthotype, lumen, hand-coated silver emulsion, and inkjet transfers. (CSU)

PHOT 0092. Advanced Alternative Processes
Units: 3
Prerequisite: Completion of PHOT 92 with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Advanced study of alternative processes in photography designed to expand on the technical and creative concepts previously acquired. Exploration of the technical and aesthetic variations possible within the processes chosen for study. Concentration on matching creative vision with the appropriate process and the creation of a cohesive fine art portfolio over the course of the semester. Students must furnish printing paper and presentation materials. (CSU)
PHOT 0095. Internship in Photography
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Program Student Learning Outcomes (PSLOs)
• Analyze the major historical and contemporary trends and influences within the medium of photography.
• Critique photographs orally and in writing for content, composition, craftsmanship, and originality with terminology commonly used in art and photography.
• Create photographs demonstrating good exposure control under a wide variety of lighting situations, including both natural and studio lighting.
• Utilize the darkroom or computer to produce final images that have appropriate contrast, density and color as well as incorporate the elements of design, design, principles and compositional conventions.
• Distinguish between the key principles of copyright laws and understand industry business practices, and other legal and ethical considerations.
• Develop a portfolio of images that illustrates the student photographer's style, skill with the medium and subject area interests.

Overview
The Physics Department offers coursework satisfying the needs of students wishing to transfer to four-year colleges and other institutions for further study in science and engineering. Those students wishing a basic background in Physics for study in the many fields based upon science and careers in teaching, medicine, agriculture and other sciences will also find coursework.

TRANSFER MAJOR REQUIREMENTS in Physics are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements. Four-year graduates in Physics are qualified for positions in research, teaching, engineering, medicine and industry.

Faculty
Dominic Calabrese
Professor, Physics
B.S., DePaul University
M.S., University of Nebraska, Lincoln
Ph.D., University of Nebraska, Lincoln
Donald C. Harris
Professor, Physics
B.S., Ohio State University
Ph.D., Ohio State University
Aviva Shackell
Professor, Physics
B.S., University of California, Santa Barbara
Ph.D., University of California, Los Angeles

• UC Transfer Pathway (UCTP): Physics (p. 234)

Physics for Transfer
AS-T Degree
Physics is a program that provides students of diverse abilities and needs rigorous preparation that affords them opportunities to develop the technical, analytical and critical thinking skills necessary to achieve their wide ranging goals and become lifelong learners. Program curriculum introduces students to the fundamental principles that govern the nature of interactions in the physical world. The curriculum strongly emphasizes both the theoretical and experimental fundamentals in physics. Successful completion of the curriculum in physics prepares the student for transfer to four-year colleges and universities.

The Associate in Science in Physics for Transfer degree (AS-T) prepares students to transfer into the CSU system to complete a bachelor's degree in Physics or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor's degree.

To earn the Associate in Science in Physics for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:
• completion of all courses required for the major with grades of “C” or better; and
• completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.
It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

IGETC for STEM is only an option for students earning AS-T degrees in Biology for Transfer, Chemistry for Transfer, UCTP: Chemistry, and/or UCTP: Physics. IGETC for STEM certification requires the following courses before transfer:

- All courses in Areas 1 (except 1C for UC-bound students), 2, and 5 of the traditional IGETC;
- Two courses in Area 3 - one course in Area 3A and one course in Area 3B; and
- Two courses in Area 4 from two different disciplines.

The following deferred courses must be completed after transfer:

- One remaining lower-division general education course in Area 3;
- One remaining lower-division general education course in Area 4; and
- One course in Area 6 for UC-bound students who have not satisfied the requirement through proficiency.

(The deferred lower-division courses must be replaced with calculus and/or science courses that are required to be taken before transfer to the university.)

**Courses**

Understanding course descriptions (p. 312)

**PHYS 0000A. Preparation for Calculus-Based Physics**

*Units: 4*

Prerequisite: Completion of MATH 27 with grade of "C" or better

Advisory: Eligibility for ENGL 11 strongly recommended

Hours: 72 lecture

Intended to provide stronger preparation for Physics 205 than Physics 105. Focuses on measurement and the development of the conceptual and mathematical frameworks necessary for problem-solving in physics. (not transferable)

**PHYS 0010. Basic Concepts in Physics**

*Units: 3*

Prerequisite: Eligibility for Math D

Advisory: Eligibility for ENGL 11 strongly recommended

Hours: 54 lecture

Introduction to the laws of motion, properties of matter, heat, sound, electricity, magnetism, light, atomic and nuclear physics, and relativity.

Emphasis on familiar phenomena in everyday life. Intended for non-science majors. (CSU, UC-with unit limitation)

**PHYS 0010L. Basic Concepts in Physics Laboratory**

*Unit: 1*

Formerly known as PHYS 11

Prerequisite: Completion with grade of "C" or better or concurrent enrollment in PHYS 10

Advisory: Eligibility for ENGL 11 strongly recommended

Hours: 54 laboratory

An optional laboratory course taken in conjunction with PHYS 10. Integrates abstract concepts from PHYS 10 into concrete applications through experimentation. Topics include the SI system of measurement; motion; fluids and properties of matter; thermodynamics; waves; sound; electricity and magnetism; and light and optics. (CSU, UC-with unit limitation)
PHYS 0028. Independent Study

Units: 1-3

Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

PHYS 0105. General Physics I

Units: 4

Formerly known as PHYS 2A (PHYS 105 and 105L, combined)

Prerequisite: Completion of MATH 27 or equivalent with grade of "C" or better

Corequisite: Concurrent enrollment in PHYS 105L

Advisory: Eligibility for ENGL 11 strongly recommended

Hours: 72 lecture

Noncalculus introduction to the principles of mechanics, properties of matter and heat. Emphasis on applications relevant to several majors, including premedical, predental, optometry, forestry, architecture, and biological science. (combined with PHYS 105L, C-ID PHYS 105) (CSU, UC-with unit limitation)

PHYS 0105L. General Physics I Laboratory

Unit: 1

Formerly known as PHYS 2A (PHYS 105 and 105L, combined)

Prerequisite: Completion of MATH 27 or high school trigonometry with grade of "C" or better

Corequisite: Concurrent enrollment in PHYS 105

Advisory: Eligibility for ENGL 11 strongly recommended

Hours: 54 laboratory

Laboratory portion of PHYS 105. Noncalculus introduction to the principles of mechanics, properties of matter and heat. Emphasis on applications relevant to several majors, including premedical, predental, optometry, forestry, architecture, and biological science. (combined with PHYS 105L, C-ID PHYS 105) (CSU, UC-with unit limitation)

PHYS 0110. General Physics II

Units: 4

Formerly known as PHYS 2B (PHYS 110 and 110L, combined)

Prerequisite: Completion of MATH 105 and 105L with grades of "C" or better

Corequisite: Concurrent enrollment in PHYS 110L

Advisory: Eligibility for ENGL 11 strongly recommended

Hours: 72 lecture

Noncalculus introduction to the principles of waves, sound, light, electricity, magnetism, and modern physics. Emphasis on applications relevant to several majors, including premedical, predental, optometry, forestry, architecture, and biological science. (combined with PHYS 110L, C-ID PHYS 110) (CSU, UC-with unit limitation)

PHYS 0110L. General Physics II Laboratory

Unit: 1

Formerly known as PHYS 2B (PHYS 110 and 110L, combined)

Prerequisite: Completion of MATH 105 and 105L with grades of "C" or better

Corequisite: Concurrent enrollment in PHYS 110

Advisory: Eligibility for ENGL 11 strongly recommended

Hours: 54 laboratory

Laboratory portion of PHYS 110. Noncalculus introduction to the principles of waves, sound, light, electricity, magnetism, and modern physics. Emphasis on applications relevant to several majors, including premedical, predental, optometry, forestry, architecture, and biological science. (combined with PHYS 110L, C-ID PHYS 110) (CSU, UC-with unit limitation)

PHYS 0140. Survey of Chemistry and Physics

Units: 4

Also known as CHEM 140

Prerequisite: Completion of MATH D with grade of "C" or better, or placement by matriculation assessment process

Hours: 108 (54 lecture, 54 laboratory)

A conceptual introduction to the basic principles of physics and chemistry including matter, physical and chemical properties, forces and motion, energy, electromagnetism, electromagnetic waves, atomic structure, bonding, solutions and chemical reactions. The interdependence of chemistry and physics will be emphasized. This course is intended for non-science majors. (C-ID PHYS 140) (CSU, UC)

PHYS 0205. Principles of Physics: Mechanics

Units: 4

Formerly known as PHYS 4A (PHYS 205 and 205L, combined)

Prerequisite: Completion of MATH 30 and 31 with grades of "C" or better (MATH 31 may be taken concurrently); AND PHYS A, PHYS 105 and 105L, or high school physics with grade(s) of "C" or better

Corequisite: Concurrent enrollment in PHYS 205L

Advisory: Eligibility for ENGL 11 strongly recommended

Hours: 72 lecture

Calculus-based introduction to the principles of kinematics, dynamics, energy, momentum, rotational motion, gravitation and fluids. The Physics 205/210/215 sequence presents the general principles and analytical methods used in physics for physical science and engineering majors. (combined with PHYS 205L, C-ID PHYS 205) (CSU, UC-with unit limitation)

PHYS 0205L. Principles of Physics Laboratory: Mechanics

Unit: 1

Formerly known as PHYS 4A (PHYS 205 and 205L, combined)

Prerequisite: Completion of MATH 30 and 31 with grades of "C" or better (MATH 31 may be taken concurrently); AND PHYS A, PHYS 105 and 105L, or high school physics with grade(s) of "C" or better

Corequisite: Concurrent enrollment in PHYS 205

Advisory: Eligibility for ENGL 11 strongly recommended

Hours: 54 laboratory

Laboratory portion of PHYS 205. Calculus-based introduction to the principles of kinematics, dynamics, energy, momentum, rotational motion, gravitation and fluids. The Physics 205/210/215 sequence presents the general principles and analytical methods used in physics for physical science and engineering majors. (combined with PHYS 205L, C-ID PHYS 205) (CSU, UC-with unit limitation)

PHYS 0210. Principles of Physics: Electricity and Magnetism

Units: 3

Formerly known as PHYS 4B (PHYS 210 and 210L, combined)

Prerequisite: Completion of PHYS 205, PHYS 205L, and MATH 31 with grades of "C" or better

Corequisite: Concurrent enrollment in PHYS 210L

Advisory: Eligibility for ENGL 11 strongly recommended

Hours: 54 lecture

Electrostatics, AC and DC circuits, magnetism, Maxwell’s Equations, electromagnetic waves, and the electric and magnetic properties of matter. The 205/210/215 sequence presents general principles and analytical methods used in physics for physical science and engineering majors. (combined with PHYS 210L, C-ID PHYS 210) (CSU, UC-with unit limitation)
PHYS 0210L. Principles of Physics Laboratory: Electricity and Magnetism  
Unit: 1  
Formerly known as PHYS 4B (PHYS 210 and 210L, combined)  
Prerequisite: Completion of PHYS 205, PHYS 205L, and MATH 31 with  
grades of "C" or better  
Corequisite: Concurrent enrollment in PHYS 210  
Advisory: Eligibility for ENGL 11 strongly recommended  
Hours: 54 laboratory  
Laboratory portion of PHYS 210. Electrostatics, AC and DC circuits,  
magnetism, Maxwell's Equations, electromagnetic waves, and the electric  
and magnetic properties of matter. The 205-210-215 sequence presents  
general principles and analytical methods used in physics for physical  
science and engineering majors. (combined with PHYS 210, C-ID PHYS  
210) (CSU, UC-with unit limitation)  

PHYS 0210R. Problem Solving for Physics 210  
Unit: 1  
Formerly known as PHYS 4Y  
Corequisite: Concurrent enrollment in PHYS 210  
Hours: 18 lecture  
Optional problem solving course to accompany PHYS 210. Includes  
electric forces and fields, electrical potential, capacitors and dielectrics,  
magnetism, electromagnetic waves, and DC and AC circuits. (CSU, UC-  
with unit limitation)  

PHYS 0215. Principles of Physics: Heat, Waves and Modern Physics  
Units: 3  
Formerly known as PHYS 4C (PHYS 215 and 215L, combined)  
Prerequisite: Completion of PHYS 205, PHYS 205L, and MATH 31 with  
grades of "C" or better  
Corequisite: Concurrent enrollment in PHYS 215L  
Advisory: Eligibility for ENGL 11 strongly recommended  
Hours: 54 lecture  
Thermodynamics, kinetic theory of gases, waves, geometrical and  
physical optics, sound, and modern physics. The 205-210-215 sequence  
presents general principles and analytical methods used in physics for  
physical science and engineering majors. (combined with PHYS 215L, C- 
ID PHYS 215) (CSU, UC-with unit limitation)  

PHYS 0215L. Principles of Physics Laboratory: Heat, Waves and Modern  
Physics  
Unit: 1  
Formerly known as PHYS 4C (PHYS 215 and 215L, combined)  
Prerequisite: Completion of PHYS 205, PHYS 205L, and MATH 31 with  
grades of "C" or better  
Corequisite: Concurrent enrollment in PHYS 215  
Advisory: Eligibility for ENGL 11 strongly recommended  
Hours: 54 laboratory  
Laboratory portion of PHYS 215. Covers topics of thermodynamics,  
kinetic theory of gases, waves, geometrical and physical optics, sound,  
and modern physics. (combined with PHYS 215, C-ID PHYS 215) (CSU, 
UC-with unit limitation)  

PHYS 0215R. Problem Solving for Physics 215  
Unit: 1  
Formerly known as PHYS 4Z  
Corequisite: Concurrent enrollment in PHYS 215  
Hours: 18 lecture  
Optional problem solving course to accompany PHYS 215. Includes  
thermodynamics, mechanical waves, optics, and modern physics. (CSU, 
UC-with unit limitation)  

Program Student Learning Outcomes  
(PSLOs)  
• Correctly apply the appropriate mathematical tools and physical  
concepts to solve problems and model physical systems at a level  
commensurate with the level of mathematics required.  
• Apply basic physical principles conceptually to explain simple  
physical systems and everyday phenomena at a level commensurate  
with the level of mathematics required.  
• Utilize technology as an experimental tool at a level commensurate  
with the curriculum.  
• Evaluate, analyze, and interpret scientific data and utilize verbal  
and written communication skills to share results of physical  
measurements at a level commensurate with the curriculum.

Overview  
Political Science is a disciplined study of power, politics, and government.  
Courses focus on political authority and the making of policy and rules.  
They also focus on how diverse ideas and interests produce political  
behavior such as cooperation and conflict. Understanding and explaining  
political problems permits students to critically consider solutions.  
TRANSFER MAJOR REQUIREMENTS in Political Science are available  
in the Counseling Center. In all cases, students should consult with  
a counselor for specific transfer requirements. Four-year graduates in  
Political Science are qualified for staff and management positions in local,  
state and federal government as well as business and industry. Many work  
as lobbyists, journalists and in public relations.  

Faculty

Professor, Political Science  
B.A., University of California, Los Angeles  
M.A., George Washington University  
Ph.D., New York University  

Winsome E. Jackson  
Professor, Political Science/Women and Gender Studies  
B.A., University of Vermont  
M.P.A., Suffolk University  
Ed.D., University of San Francisco  

Political Science for Transfer  
AA-T Degree  
By completing this degree, students will learn about the operation of  
political authority at the local, national and international levels. Besides
studying American political institutions, students will examine other
governments, their civil societies, policy issues and decision making. In
addition, appreciation will be gained for the growing role of international
actors and importance of global issues. Helping to make sense of it all,
students will learn scientific methods and theories.

The Associate in Arts in Political Science for Transfer degree (AA-
T) prepares students to transfer into the CSU system to complete a
bachelor's degree in Political Science or a major deemed similar by a CSU
campus. Students earning an associate degree for transfer and meeting
the CSU minimum transfer admission requirements are guaranteed
admission with junior standing to the CSU system, but not to a particular
campus or major. Upon transfer, students will be required to complete no
more than 60 additional prescribed units to earn a bachelor's degree.

To earn the Associate in Arts in Political Science for Transfer degree,
students must complete 60 CSU-transferable semester units with a
minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of "C" or
  better; and
- completion of the California State University General Education
  Breadth (CSU GE) (p. 300) pattern or the Intersegmental General
  Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students
  transferring to a CSU campus using IGETC must complete Area 1C
  Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer
may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete
courses that satisfy the CSU United States History, Constitution and
American Ideals graduation requirement. In all cases, students should
consult with a counselor for more information on university admission
and transfer requirements.

RESTRICTION: International coursework from non-United States
regionally accredited institutions cannot be applied to associate degrees
for transfer.

Total Units 18

### Courses

Understanding course descriptions (p. 312)

**POLS 0001. American Government**

**Units:** 3

**Hours:** 54 lecture

Introduction to the principles and problems of the American political
system on national, state, and local levels. Includes discussion of
constitutions, federalism and executive, legislative, and judicial branches
of the government. Other topics include political behavior, elections and
parties, interest groups, and the policy making processes that address
political issues. (C-ID POLS 110) (CSU, UC)

**POLS 0002. Comparative Government**

**Units:** 3

**Hours:** 54 lecture

Compares the major political systems of selected countries of the world,
both autocratic and democratic. Comparison includes the origins and
development of governments, their constitutional principles, political
cultures and ideologies, institutions, parties, and government policies. (C-
ID POLS 130) (CSU, UC)

**POLS 0003. International Relations**

**Units:** 3

**Hours:** 54 lecture

Introduction to the political relations between governments and other
global actors. Examination of theories and concepts that help to explain
conflict and cooperation in a range of issue areas. (C-ID POLS 140) (CSU,
UC)

**POLS 0004. Russian and East European Political Systems**

**Units:** 3

**Hours:** 54 lecture

Comparison of Russian government and politics with that of other
Eastern European states. Discussion of the past imperial and communist
systems. Focus on social and political actors, decision-making
institutions and major policy issues. (CSU, UC)

**POLS 0005. California Politics and Government**

**Units:** 3

**Hours:** 54 lecture

An examination of state and local governments and their relations to the
federal government. Topics include interest groups, elections and policy
issues. (CSU, UC)

**POLS 0007. Politics of the Developing World**

**Units:** 3

**Hours:** 54 lecture

Study of revolution and political changes of selected countries in the
Developing World/Global South focusing on historical experiences of
European and American imperialism and colonialism. Major emphasis
on popular movements of self-determination and conflicts between
traditional indigenous values and non-traditional Western ideology.
Contemporary case studies include Latin America, Africa, and Asia. (CSU,
UC)

**POLS 0008. American Foreign Policy**

**Units:** 3

**Hours:** 54 lecture

Overview of American diplomatic history and the politics of foreign policy
formation and implementation. Survey of contemporary international
issues confronting the U.S. (CSU, UC)
POLS 0009. Politics of the Middle East
Units: 3
Hours: 54 lecture
An introduction to the politics and political systems of the Middle East. Focuses on the influence of colonialism, nationalism and Islam on forms of government, social turmoil and international conflicts. (CSU, UC)
POLS 0012. Terrorism
Units: 3
Hours: 54 lecture
Overview of terrorism, including history, motives, and political impact. Implications of counterrorism policies. (CSU, UC)
POLS 0016. Introduction to Political Theory
Units: 3
Hours: 54 lecture
Survey of major political theorists and their analyses of political concepts, such as state of nature, natural law, natural rights, and civil and political society. Examination of various theoretical approaches to politics, exploration of proposed solutions to basic political problems, and analysis of selected political theories and the relevance of theory to contemporary issues, such as environmentalism, feminism, and justice. (C-ID POLS 120) (CSU, UC)
POLS 0017. Introduction to Political Science Research Methods
Units: 3
Advisory: Completion of MATH 13 with grade of "C" or better; completion with grade of "C" or better or concurrent enrollment in any POLS course
Hours: 54 lecture
Surveys research methods employed in political science. Introduces research design, experimental procedures, descriptive methods, instrumentation, collection, interpretation, and reporting of research data, and the ethics of research. (C-ID POLS 160) (CSU, UC)
POLS 0018. California Government
Unit: 1
Hours: 18 lecture
Introduction to politics and government in California. A survey of state and local institutions and processes. Fulfills California state and local government requirement for students who have taken the equivalent of POLS 0001 outside of California. Not open to students who have completed POLS 0005. (CSU, UC)
POLS 0027. Women and Politics in a Global Society
Units: 3
Hours: 54 lecture
Exploration of past and current influences on the political and legal status of women as well as women's participation in the political process throughout the world. Includes political theory and strategy as it relates to women. (CSU, UC)
POLS 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)
POLS 0095. Internship in Political Science
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Program Student Learning Outcomes (PSLOs)
- Analyze power and explain how it operates.
- Identify key institutions in government and society and outline their interaction.
- Describe ideas that play key roles in shaping politics and appraise them.
- Describe the role of rules and outline the processes of creating, implementing and changing them.
- Discuss and evaluate the U.S. in a global context.
- Analyze and explain the impact of diversity on government and politics.
- Apply scientific theories on state-society relations.
- Describe issues in politics, outline policies and recommend reforms.

Psychology for Transfer

AA-T Degree

Psychology is defined as the scientific study of behavior. The degree program allows students to utilize research methods; evaluate the credibility of research, theories and applications; understand the core fields, paradigms and theories; apply psychological concepts, theoretical perspectives, empirical findings and historical trends to questions and issues in personal experience and contemporary society; and understand the ethical standards in academic and applied psychology.

The Associate in Arts in Psychology for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor’s degree in Psychology or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor’s degree.

To earn the Associate in Arts in Psychology for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

• completion of all courses required for the major with grades of “C” or better; and

• completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

**Total Units**: 20-22

### Courses

**Understanding course descriptions** (p. 312)

**PSYC 0028. Independent Study**

**Units**: 1-3

Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

**PSYC 0100. General Principles of Psychology**

**Units**: 3

Hours: 54 lecture

Introduction to the scientific study of behavior and mental processes. Focuses on the exploration of major psychological theories and concepts, methods, and research findings in psychology. Topics include the biological bases of behavior, perception, cognition and consciousness, learning, memory, emotion, motivation, development, personality, social psychology, psychological disorders and therapeutic approaches, and applied psychology. (C-ID PSY 110) (CSU, UC)

**PSYC 0102. Navigating Psychology: The Major and Careers**

**Unit**: 1

Prerequisite: Completion of PSYC 100 with grade of "C" or better

Hours: 18 lecture

Provides an overview of the discipline of psychology, including expectations for the psychology major, and career options in various areas, such as academic psychology, applied behavior analysis, counseling and mental health, education, industrial-organizational psychology and related fields. Students design plans of study and clarify their career goals through activities such as interviewing a professional in the field of psychology, resume writing, and interviewing. (CSU)

**PSYC 0103. Social Psychology**

**Units**: 3

Formerly known as PSYC 3

Hours: 54 lecture

Study of human interaction with emphasis on the individual within a social context. Topics include development of the self, social perception, interpersonal attraction, prejudice and discrimination, attitude change, moral development, altruism, aggression, social influence, power and leadership, and interaction in groups. (C-ID PSY 170) (CSU, UC)

**PSYC 0104. Developmental Psychology**

**Units**: 3

Formerly known as PSYC 4

Advisory: Completion of PSYC 100 with grade of "C" or better

Hours: 54 lecture

An overview of development from conception to death. Includes socioemotional, language and cognitive development, nature versus nurture, attachment, gender role development, and family structures. Examines psychological theories that apply to the lifespan. A multicultural and multiethic approach is stressed and the differences in child parent interaction are explored in these contexts. (C-ID PSY 180) (CSU, UC)
PSYC 0105. Research Methods in Psychology
Units: 4
Formerly known as PSYC 5
Prerequisite: Completion of PSYC 100 with grade of "C" or better;
completion of PSYC 142 or MATH 13 with grade of "C" or better
Advisory: Completion of ENGL 1A with grade of "C" or better
Hours: 108 (54 lecture, 54 laboratory)
Introduction to research methodology, experimental design, and
hypothesis testing in the behavioral sciences. Includes the execution,
analysis (with statistical software), interpretation, and reporting of
individual research projects. (C-ID PSY 205B) (CSU, UC)

PSYC 0106. Psychology of Adjustment
Units: 3
Formerly known as PSYC 6
Hours: 54 lecture
Basic theories of personal and social adjustment. Use of psychological
principles and methods in adapting to the challenges of life. Topics
include self image and self esteem, interpersonal relations, stress
management, mental health and illness, and approaches to personal
growth. (C-ID PSY 115) (CSU, UC)

PSYC 0107. Abnormal Psychology
Units: 3
Formerly known as PSYC 7
Advisory: Completion of PSYC 100 with grade of "C" or better; Eligibility
for ENGL 1A and ENGL 11
Hours: 54 lecture
Introduction to descriptive psychopathology: the origin, nature, and
treatment of psychological and behavioral disorders, including discussion
of relevant ethical and diagnostic issues. Major topics include research
methods, schizophrenia, anxiety-related disorders, trauma- and stressor-
related disorders, depressive disorders, bipolar disorders, obsessive-
 compulsive and related disorders, personality disorders, eating disorders,
substance use and addictive disorders, gender dysphoria, and conflicting
models of psychopathology. (C-ID PSY 120) (CSU, UC)

PSYC 0108. Psychology of Death and Dying
Units: 3
Formerly known as PSYC 8
Hours: 54 lecture
An investigation of beliefs, attitudes, and behaviors associated with
death, dying and bereavement. Terminal illness, suicide, euthanasia,
lust rites, legal aspects, death anxiety, cross-cultural beliefs and various
philosophical views on the phenomenon of death are explored. (CSU, UC)

PSYC 0110. Psychology of Intimate Relationships and Family
Units: 3
Formerly known as PSYC 10
Also known as HDEV 21
Hours: 54 lecture
Study of the meaning and functions of intimate relationships and family.
Consideration given to the nature of commitments, sexuality, alternative
relationships, communication, conflict resolution, economics, parenting,
crises, and marital separation. Recommended for majors in Human
Development and Family and for those in human service careers. (CSU,
UC)

PSYC 0127. Psychology of Women
Units: 3
Formerly known as PSYC 27
Hours: 54 lecture
Study of the psychological effects of society upon women including
biology, culture, social processes, and personality. Emphasis placed on
what it means to grow-up female in different contexts with particular
emphasis on the effects of culture, class, and ethnicity. (CSU, UC)

PSYC 0130. Human Sexuality
Units: 3
Formerly known as PSYC 30
Hours: 54 lecture
Overview of human sexuality from birth through adulthood: Covers major
topics such as gender, sexual anatomy, sexually-transmitted infections,
sexual response and disorders, sexual orientation, sexual coercion, and
commercial sex. (C-ID PSY 130) (CSU, UC)

PSYC 0140. Introduction to Biopsychology
Units: 3
Formerly known as PSYC 40
Prerequisite: Completion of PSYC 100 with grade of "C" or better
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
An introduction to biopsychology focusing on the relationship
between the nervous system and behavior. Emphasis on physiological,
biochemical, and neuroanatomical foundations of behavior and mental
processes. Topics include the central nervous system function and its
relation to psychoactive drug effects, sensory/perceptual processes,
sleep and dreaming, learning phenomena, memory mechanisms, human
communication disorders, and abnormal behavior. (C-ID PSY 150) (CSU,
UC)

PSYC 0140L. Biopsychology Laboratory
Unit: 1
Formerly known as PSYC 40L
Corequisite: Completion with grade of "C" or better or concurrent
enrollment in PSYC 140
Hours: 54 laboratory
This course focuses on the applied study of the nervous system and its
connection to behavior. Specific topics include organization of the brain,
anatomy and physiology of the neuron and an examination of sensory
motor systems and states of consciousness. Students are introduced to
sheep brain and cow eye dissection procedures, interactive computer
simulation programs and lab experiments including EEG and EMG data
collection. (CSU, UC)

PSYC 0142. Introduction to Psychological Statistics
Units: 3
Formerly known as PSYC 42
Prerequisite: Completion of MATH D with grade of "C" or better
Hours: 54 lecture
Statistical procedures used for experimental analysis in the social
and behavioral sciences. Descriptive and correlational statistics,
parametric and nonparametric inference tests, and current controversies
in hypothesis testing. (C-ID MATH 110) (C-ID SOCI 125) (CSU, UC-with unit
limitation)
PSYC 0150. Alcohol, Drugs and Society
Units: 3
Formerly known as PSYC 50
Hours: 54 lecture
The use, misuse, and abuse of all major families of psychoactive drugs, including opioids, stimulants, tobacco, marijuana, hallucinogens, alcohol, psychotherapeutic drugs, and sedative-hypnotics. Topics covered include cross-cultural usage, theories of addiction and treatment, government regulation, and mechanisms of drug action. (CSU)

PSYC 0160. Psychology and Film
Units: 3
Formerly known as PSYC 60
Hours: 54 lecture
Analysis of a selection of contemporary films that have played a critical role in shaping and reflecting cultural assumptions and fears. Emphasis on abnormal mental states and processes, social psychology, substance abuse, and ethics. Viewing of films, reading from psychology and psycholinguistics, and discussion included. (CSU, UC)

PSYC 0170. Environmental Psychology
Units: 3
Formerly known as PSYC 70
Hours: 54 lecture
Explores the dynamic relationship between humans and the natural world. Includes psychological research on how behavior impacts the natural environment and how the natural environment impacts behavior. Emphasis is on using this knowledge to promote sustainable practices. (CSU, UC)

PSYC 0180. Cultural Psychology
Units: 3
Prerequisite: Completion of PSYC 100 with grade of "C" or better
Hours: 54 lecture
Examination of psychological principles and theory emphasizing both contemporary and historical research on the influence of culture on human mind and behavior. Topics include the interplay between culture and developmental processes, cognition, emotion, motivation, world-view development, communication, gender, sexuality, health, social behaviors and cultural evolution. (CSU, UC)

Program Student Learning Outcomes (PSLOs)
- Appraise the research methods used in the field of psychology.
- Apply critical thinking skills to evaluate the credibility of research, theories, and applications in the field of psychology.
- Differentiate the core fields, paradigms, and theories of psychology.
- Apply psychological concepts, theoretical perspectives, empirical findings, and historical trends in psychology to questions and issues in their own lives and in contemporary society.
- Describe and apply ethical standards in academic and applied psychology.

Recreation Management

Overview
Recreation Management is designed to explore the skills needed to manage programs and events in a variety of recreational settings that include city parks and recreation programs, state and national parklands, hotels, playgrounds, forests, beaches, health clubs, tourism destinations and non-profit community centers. Career fields in recreation include public service, private recreation, outdoor recreation and leadership positions.

Recreation Management

AA or AS Degree
The Recreation Management program provides students an opportunity to learn how to motivate others to improve their lives through the constructive use of recreation. Successful completion of the Recreation Management associate degree prepares students for transfer to four-year universities. The curriculum has been designed to meet lower-division major requirements at most transfer institutions in Recreation, Recreation Administration and Resort and Lodging Management. Career opportunities include positions at recreation centers, corporate wellness programs, hotels, resorts and park and recreation programs. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

Recreation Specialist
Certificate of Achievement
This certificate program provides an enhanced understanding of the basic service industry skills necessary for successful employment in the recreation, parks, tourism and hospitality industry. This program is designed to meet the needs of students interested in seeking entry-level employment in a wide range of positions within the industry. Career opportunities include: recreation attendant, program coordinator, event planner, recreation program leader, pool manager, sports official (umpire and referee), ski resort worker, camp counselor, theme park attendant, tour guide, golf course employee and other related occupations. A certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

Courses

Understanding course descriptions (p. 312)

RECM 0010. Foundations of Recreation, Parks, and Tourism Management
Units: 3
Hours: 54 lecture
A foundational course focusing on the history, nature, scope and social aspects of leisure services in Western and international cultures. Includes philosophical and ethical issues as well as exploration of possible career paths. (CSU)

RECM 0020. Program Planning and Event Management
Units: 3
Hours: 54 lecture
Theory, delivery systems and processes of program planning, implementation, and evaluation applicable to a variety of public and private agencies. Addresses programs that serve different age groups, interests and needs within a range of environments. Leadership for both professionals and volunteers presented in terms of their relationship to the human services field. (CSU)

RECM 0030. Leadership in Recreation, Parks, and Tourism Management
Units: 3
Hours: 54 lecture
Leadership of recreation activities with emphasis on the social development and integration of individuals into group programs, mechanics of planning, techniques of presentation and a repertoire of social activities as tools of social recreation. (CSU)

RECM 0040. Leisure Aspects of the Hospitality Industry
Units: 3
Hours: 54 lecture
Provide students with tools to review the structure and financial performances of the hospitality industry; food and lodging, resorts, tourism enterprises, attractions, and related operations. Focusing on orientation of customer service, cultural/economic trends, and career opportunities. (CSU)

RECM 0070. Backpacking
Units: 2
Formerly known as PHED 76
Hours: 54 (18 lecture, 36 activity)
Basics of minimum impact camping and wilderness safety with maximum personal comfort and enjoyment. Emphasizes “leave-no-trace” camping skills, wilderness navigation, shelter use and site selection, group dynamics and leadership. Students should be ambulatory and in good physical health to complete the two required backpacking field trips. Camping, entrance, and transportation fees may be required. (CSU, UC-with unit limitation)

RECM 0071. Rock Climbing
Units: 2
Formerly known as PHED 77
Hours: 54 (18 lecture, 36 activity)
Covers various aspects of climbing including: how to use rope systems and other climbing gear safely, how to tie and use various knots, belaying techniques, call signals, balance, climbing techniques, footwork, flexibility, and rappelling. Students should be ambulatory and in good health to complete the required field trips. Entrance and transportation fees may be required. (CSU, UC-with unit limitation)

RECM 0072. Wilderness Survival
Units: 2
Formerly known as PHED 78
Hours: 54 (27 lecture, 27 laboratory)
Designed to enhance the student’s understanding of the outdoors and the natural world. Interactive discussions and experiments involving shelter, water, fire, food, tracking, hazards, and other basic survival skills. Field study required. (CSU)
RECM 0095. Internship in Recreation Management  
Units: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Program Student Learning Outcomes (PSLOs)
- Identify and practice high safety standards, support environmental needs, and provide a safe positive experience for other participants (students, student athletes, visiting athletes, community and faculty).
- Demonstrate knowledge and skills needed for recreational programs.
- Demonstrate personal responsibility and the importance of different leadership roles.
- Outline criteria for event planning, marketing and promoting in communities.
- Create a balance between physical fitness, social well-being, health, and academic success.

RISE 0001. First Year Seminar  
Units: 3  
Hours: 54 lecture  
Required first-year experience seminar for RISE students. Introduction to interdisciplinary active reading skills, information literacy, financial literacy, critical thinking, and student success skills. Examines intersectionality and cultural humility as related to student identities, experiences, support, and engagement. (CSU, UC)

Program Student Learning Outcomes (PSLOs)
- Develop and apply critical thinking skills.
- Develop and apply active reading strategies.
- Develop and apply financial literacy skills.
- Develop and apply academic and personal success skills.
- Access, evaluate, and analyze resources.
- Utilize intersectionality theory, student engagement theories, and cultural humility to examine students’ diverse experiences in college and society.

SKDV 0001. Techniques of Tutoring  
Unit: 1
Formerly known as SKDV 21A
Advisory: Eligibility for ENGL 1A
Hours: 18 lecture
Introduction to learning theories, styles and techniques as related to tutoring. Fundamentals of communication and motivation for effective tutoring. Strategies for planning tutoring sessions. Tutoring techniques and resources for addressing unique student needs. (CSU)
SKDV 0010. How to be a Successful Online Student
**Unit:** 1

Hours: 18 lecture

Designed to develop the skills for success in the online classroom. Includes defining online learning and uncovering its myths; online readiness; netiquette; learning styles; time management, study habits, goal setting and motivational techniques; the importance of fostering online community; use of emerging technologies including wikis, blogs and VoiceThreads; student services and resources. Exploration of the use of the campus course management system, completion of basic computer tasks and effective use of Internet tools. (CSU)

SKDV 0020. Information Literacy and Research Skills
**Unit:** 1

Hours: 18 lecture

Development of information literacy skills for academic and personal research. Emphasis on identifying, locating, evaluating and using information resources. (CSU)

SKDV 0028. Independent Study
**Units:** 1-3

Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

SKDV 0081. Supervised Tutoring
**Units:** 0

Designed to assist students who desire supplemental tutoring or learning assistance in basic skills or academic college-level subjects. Tutorials or learning assistance, or both, are recommended by counselors or instructors for the purpose of developing or augmenting learning by students. Tutorial or learning assistance content is based on student need. Use of tutorial or learning assistance services enrolls students in this non-fee, non-credit course, and does not substitute for any other course or coursework. May be repeated. (noncredit)

**Program Student Learning Outcomes (PSLOs)**

- Evaluate skills and knowledge necessary for academic success.
- Identify and investigate ways to improve skill set to achieve academic success.
- Apply knowledge of skills necessary for success in the academic arena.
- Identify and utilize appropriate academic support resources to improve academic performance.

**Sociology**

**Associate Dean**
Patrick Marasso

**Division Office**
W 107, Rocklin Campus

**Overview**

Sociology is a disciplined quest for the understanding of human behavior—particularly in post-industrial society. Through a systematic analysis of society, its groups, institutions and processes, sociologists hope to better understand and predict human behavior. The introductory course provides a foundation in sociological concepts, with the goal of having students acquire the perspective in sociology and the ability to see their personal position in a societal context. Other sociology courses focus on social problems, race and ethnic relations, gender and gender identity, and the family.

**TRANSFER REQUIREMENTS** in Sociology are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements. Positions for which four-year graduates in Sociology are qualified include, but are not confined to, research, social work, personnel and corrections/probation work.

**Faculty**

**Jennifer Kattman**
Professor, Sociology
B.A., California State University, Sacramento
M.A., California State University, Sacramento

**Megan E. Seely**
Professor, Sociology/Women and Gender Studies
B.A., California State University, Chico
M.A., California State University, Sacramento

**Degrees/Certificates**

**Associate Degrees for Transfer**

- Social Justice Studies for Transfer: AA-T degree (p. 249)
- Sociology for Transfer: AA-T degree (p. 250)

**Social Justice Studies for Transfer**

**AA-T Degree**

The Social Justice Studies Program utilizes an interdisciplinary approach to the study of social justice. The program explores the intersection of identities, for example race, class, gender and sexual orientation, and analyzes the socio-economic, cultural, environmental, and political influences on inequity and social justice.

The Associate in Arts in Social Justice Studies for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor’s degree in Social Justice or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor’s degree.

To earn the Associate in Arts in Social Justice for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of “C” or better; and
Sociology

Sociology is a disciplined quest for the understanding of human behavior, particularly in post-industrial society. Through a systematic analysis of society, its groups, institutions and processes, sociologists hope to better understand and predict human behavior. The introductory course provides a foundation in sociological concepts, with the goal of having students acquire the perspective in sociology and the ability to see their personal position in a societal context. Other sociology courses focus on social problems, race and ethnic relations, gender and gender identity, and the family.

The Associate in Arts in Sociology for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor’s degree in Sociology or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor’s degree.

To earn the Associate in Arts in Sociology for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of “C” or better; and
- completion of the California State University General Education Breadth (CSU GE) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States accredited institutions cannot be applied to associate degrees for transfer.

**Sociology for Transfer**

**AA-T Degree**

Sociology is a disciplined quest for the understanding of human behavior, particularly in post-industrial society. Through a systematic analysis of society, its groups, institutions and processes, sociologists hope to better understand and predict human behavior. The introductory course provides a foundation in sociological concepts, with the goal of having students acquire the perspective in sociology and the ability to see their personal position in a societal context. Other sociology courses focus on social problems, race and ethnic relations, gender and gender identity, and the family.

The Associate in Arts in Sociology for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor’s degree in Sociology or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor’s degree.

To earn the Associate in Arts in Sociology for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of “C” or better; and
- completion of the California State University General Education Breadth (CSU GE) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States accredited institutions cannot be applied to associate degrees for transfer.

- SOC 0110 Introduction to Social Justice

**Courses**

Understanding course descriptions (p. 312)
SOC 0001. Introduction to Sociology
Units: 3
Hours: 54 lecture
Sociological analysis of social institutions, social interaction and behavior; collective behavior, social change, deviance, conformity, and social stratification. (C-ID SOCI 110) (CSU, UC)

SOC 0002. Social Problems
Units: 3
Advisory: Completion of SOC 1 with grade of "C" or better
Hours: 54 lecture
A sociological approach to the study of major social problems, addressing areas such as social stratification and social institutions. Utilizes a critical approach and emphasizes the social construction of social problems. (C-ID SOCI 115) (CSU, UC)

SOC 0003. Race, Ethnicity and Inequality
Units: 3
Also known as ETHN 3
Hours: 54 lecture
Examines the historical and contemporary impacts of the social constructs of race and ethnicity in the United States. Closely analyzes racial and ethnic inequalities within social institutions such as politics, economics, education, housing, health and medicine, and criminal justice. Explores anti-racist movements, strategies, and practices to eliminate racial and ethnic inequality. (C-ID SOCI 150) (CSU, UC)

SOC 0004. The Family
Units: 3
Also known as HDEV 22
Advisory: Completion of SOC 1 with grade of "C" or better
Hours: 54 lecture
A sociological approach to the analysis of the family as a social institution. Of particular interest are the changing structure of family, gender roles, dating, marriage, intimacy, relationships, and parenting. (C-ID SOCI 130) (CSU, UC)

SOC 0005. Sociology of Women's Health
Units: 3
Advisory: Completion of ENGL A with grade of "C" or better
Hours: 54 lecture
Provides a sociological analysis of health issues that concern women throughout their life course. The impact of physiology, psychology, culture, society, and politics upon women's well-being are addressed using the feminist perspective. (CSU, UC)

SOC 0009. Introduction to Crime, Deviance, and Social Control
Units: 3
Advisory: Completion with grade of "C" or better or concurrent enrollment in SOC 1
Hours: 54 lecture
Sociological analysis of crime, the criminal justice system, deviance, and mechanisms of social control. Explores the history and social construction of crime, criminality, and deviance. Examines definitions of crime and deviance as well as methods used to control deviant behavior. (C-ID SOCI 160) (CSU, UC)

SOC 0010. Feminism and Social Action
Units: 3
Also known as WMST 4
Advisory: Completion of ENGL N with grade of "C" or better
Hours: 54 lecture
Examines sociological underpinnings of social action and explores unique contributions of feminism in challenging traditional gender scripts. Provides an overview of the ways in which women engage in deliberative social action to change the conditions of their lives and of their communities. Emphasizes sociological theory as applied to issues related to the institutions of family, health, religion, employment, sexual harassment, housing, and interpersonal violence. (CSU, UC)

SOC 0015. Introduction to Statistics in Sociology
Units: 3
Prerequisite: Completion of intermediate algebra or appropriate placement
Advisory: Completion with grade of "C" or better or concurrent enrollment in SOC 1
Hours: 54 lecture
Application of statistical methods to sociological data. Topics include: descriptive and inferential statistics including levels and types of measurement; measures of central tendency and dispersion; normal, t, and chi-square distributions, probability and hypothesis testing, correlation and regression. Statistical software applied to sociological and/or other social science data. (C-ID SOCI 125) (CSU, UC-with unit limitation)

SOC 0015S. Support for Introduction to Statistics in Sociology
Unit: 1
Corequisite: Concurrent enrollment in SOC 15
Hours: 18 lecture
Support option covering the core prerequisite skills, competencies, and concepts for Statistics in Sociology. Intended for students who are concurrently enrolled in SOC 15. Topics include concepts from arithmetic, pre-algebra, elementary and intermediate algebra, and descriptive statistics that are needed to understand the basics of college-level statistics. Concepts are taught through the context of sociological data analysis. Strongly recommended for students taking SOC 15 with little or no recent algebra knowledge. (not degree applicable) (pass/no pass grading)

SOC 0024. Introduction to Sociology of Sport
Units: 3
Advisory: Completion of or concurrent enrollment in SOC 1
Hours: 54 lecture
Introduction to the examination of sport in contemporary society using a sociological approach. Analyzes sport as a social institution and examines sport's interaction with politics, economics, education, religion, gender, race, media, and ethics. Focus on the impact of sport on participants, spectators, and society as a whole. (CSU)

SOC 0027. Sociology of Gender
Units: 3
Hours: 54 lecture
A cross-cultural comparison of gender roles, gender identities, and sexualities viewed from sociological perspectives. Examines the social construction of gender inequities and the debates on sex and gender. Analyzes the impact of social, cultural, and political factors on gender expectations and practices. (C-ID SOCI 140) (CSU, UC)
SOC 0028. Independent Study

Units: 1-3

Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

SOC 0047. Introduction to Hip Hop and Social Justice

Units: 3

Formerly known as SOC 11
Also known as ETHN 47
Hours: 54 lecture

Defining Hip Hop as both a noun and a verb, this course takes a critical look at the history, role, and influence of Hip Hop on social reality. Evaluates both the impact Hip Hop has had on culture and the manipulation of Hip Hop within social institutions. Builds a framework of understanding for socio-political and cultural conditions in exploring hip hop as a vehicle to social change and justice. (CSU, UC)

SOC 0095. Internship in Sociology

Units: 0.5-4

Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

SOC 0110. Introduction to Social Justice

Units: 3

Hours: 54 lecture

Course focuses on the interdisciplinary study of social justice. Examines social justice movements in the United States in relation to key social groups and identities. Provides a better understanding of the socio-economic, cultural, and political conditions among these key social groups. (C-ID SJS 110) (CSU, UC)

SOC 0815S. Support for Introduction to Statistics in Sociology

Units: 0

Corequisite: Concurrent enrollment in SOC 15
Hours: 18 lecture

Support option covering the core prerequisite skills, competencies, and concepts for Statistics in Sociology. Intended for students who are concurrently enrolled in SOC 15. Topics include concepts from arithmetic, pre-algebra, elementary and intermediate algebra, and descriptive statistics that are needed to understand the basics of college-level statistics. Concepts are taught through the context of sociological data analysis. Strongly recommended for students taking SOC 15 with little or no recent algebra knowledge. (noncredit)

Program Student Learning Outcomes (PSLOs)

- Apply sociological theory and critical analysis to key concepts in the study of society in a formal written assignment.
- Describe, analyze and apply sociological research.
- Apply principles of social justice to the study and practice of sociology.

Overview

The active part that the United States is now taking in world affairs makes it desirable that a greater number of Americans than ever before have knowledge of foreign languages and cultures. In the most recent census of California, 43.5% of our population speaks a language other than English at home; U.S. census projections show the Hispanic community growing across the nation. For this reason, students will benefit from learning Spanish in preparation for any career. The acquisition of desired practical communication skills is the primary objective of the Spanish program at Sierra College. Courses are organized around grammatical themes imbedded in cultural topics, requiring critical thinking, analysis and practical application. Instruction in the Communicative Method integrates the five key learning objectives of Speaking, Listening, Reading, Writing and Cultural Competence.

Career Opportunities in Spanish

Bilingual: teacher, professor, transcriber, sales representative, customer service representative, web publisher, medical/health worker, realtor, IRS/franchise tax board worker, social services case worker, community outreach specialist, human resources specialist;

Business: international relations consultant, international business personnel, foreign exchange trader, publishing specialist, foreign correspondent, foreign publications/textbook editor, research assistant, importer/exporter, translator/interpreter, international account manager, international banking officer, airline personnel, public relations officer;

Culture/Tourism: cultural events coordinator, travel agent, translator/interpreter, guide;

Spanish for Transfer

AA-T Degree
This Associate in Arts in Spanish for Transfer (AA-T) degree provides a comprehensive foundation in the Spanish language. The degree ensures the development of listening, reading, writing and speaking skills; examining important contributions to Spanish language literature; examining new ideas from the Spanish speaking world; and cultivating an openness to new ideas and an informed appreciation of Spanish speaking cultures.

The Associate in Arts in Spanish for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor’s degree in Spanish or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing to the CSU system, but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor’s degree.

To earn the Associate in Arts in Spanish for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

- completion of all courses required for the major with grades of “C” or better; and
- completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

Spanish

AA Degree
The Associate of Arts in Spanish degree prepares students for transfer to a baccalaureate program in Spanish and provides a comprehensive foundation in the Spanish language for career fields such as education, international relations, medicine, and social services. The degree ensures the development of listening, reading, writing, and speaking skills; examining important contributions to Spanish language literature; examining new ideas from the Spanish speaking world; and cultivating openness to new ideas and an informed appreciation of Spanish speaking cultures. The major is designed to meet the lower-division requirements for Spanish majors at four-year institutions. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of “C” or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (CSU GE) (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

**Spanish for the Healthcare Professions**  
**Skills Certificate**  
This skills certificate is designed for individuals whose professional careers and personal interests take them to the healthcare field. Spanish is the first language of a large percentage of the population and today's medical professionals must meet both the linguistic and cultural challenges that come with the growing diversity in the healthcare population. Whether you are new to the Spanish language or just want a refresher, this skills certificate emphasizes the language and cultural skills needed by nurses, physicians, pharmacists, technicians, support staff, dietitians, social workers, etc., who are entering or are currently employed in a healthcare setting. A skills certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

### Courses

Understanding course descriptions (p. 312)

**SPAN 0001. Elementary Spanish - Level I**  
**Units**: 5  
**Advisory**: Eligibility for ENGL 1A  
First of two semesters of Elementary Spanish. A beginning course which offers students practice in speaking, understanding, reading and writing Spanish, along with exploration of cultural aspects of the Spanish-speaking world. Corresponds to two years of high school study. (C-ID SPAN 100) (CSU, UC)

**SPAN 0002. Elementary Spanish - Level II**  
**Units**: 5  
Prerequisite: Completion of SPAN 1 or two years of high school Spanish with grade(s) of "C" or better  
Hours: 90 lecture  
Second of two semesters of Elementary Spanish. Provides further practice in speaking, understanding, reading and writing Spanish, along with exploration of cultural aspects of the Spanish-speaking world. (C-ID SPAN 110) (CSU, UC)

**SPAN 0003. Intermediate Spanish - Level I**  
**Units**: 4  
Prerequisite: Completion of SPAN 2 or three years of high school Spanish with grade(s) of "C" or better  
Hours: 72 lecture  
First of two semesters of Intermediate Spanish. Continued development of grammar, cultural understanding, conversation skills, writing, and reading through the study of grammar and literature. Students will interact with authentic language in a cultural context. (C-ID SPAN 200) (CSU, UC)

**SPAN 0004. Intermediate Spanish - Level II**  
**Units**: 4  
Prerequisite: Completion of SPAN 3 or four years of high school Spanish with grade(s) of "C" or better  
Hours: 72 lecture  
Second of two semesters of Intermediate Spanish. Continued development of grammar, cultural understanding, conversation skills, writing, and reading through the study of grammar and literature. Students will interact with authentic language in a cultural context. (C-ID SPAN 210) (CSU, UC)

**SPAN 0017. Intermediate Conversational Spanish**  
**Units**: 3  
Prerequisite: Completion of SPAN 2 or three years of high school Spanish with grade(s) of "C" or better  
Hours: 54 lecture  
Develops increasingly complex language abilities through new vocabulary and more advanced grammatical structures. Emphasizes oral communication, grammatical, reading, and writing skills at the intermediate level, and further explores cultural customs. (CSU, UC)

**SPAN 0019. Spanish for Public Safety**  
**Units**: 3  
Hours: 54 lecture  
Introductory course in Spanish designed for students whose professional careers take them to the Public Safety field. This course will provide students with the basic necessary skills to establish a conversation and handle situations with the Spanish-speaking public. (CSU)

**SPAN 0020. Spanish for the Healthcare Professions**  
**Units**: 3  
Prerequisite: Completion of SPAN 2 or three years of high school Spanish with grade(s) of "C" or better  
Hours: 54 lecture  
Intermediate course in Spanish designed for students whose professional careers and personal interest take them to the healthcare field. Course enables students to convey conversations with Spanish-speaking patients and their families. Students develop basic and intermediate skills in the target language to carry on medical/nursing functions or tasks. Helpful for students who have a basic knowledge of Spanish whose goal is to apply the target language to a healthcare setting. (CSU)

**SPAN 0028. Independent Study**  
**Units**: 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

**Program Student Learning Outcomes (PSLOs)**

- Improve listening skills in Spanish and draw reasonable inferences from observations.
- Improve reading skills in Spanish while examining important contributions to Spanish language literature.
- Improve writing skills in Spanish while examining new ideas from the Spanish-speaking world.
- Improve speaking skills in Spanish and develop problem-solving skills by working productively with others.
- Cultivate an openness to new ideas and an informed appreciation of Spanish-speaking cultures.

Overview

The Theatre Arts Department offers training, both theoretical and practical, in theatrical production, including performance, technical and business management aspects, as well as the serious study of the development of those aspects from the early Greeks up to the bright lights of Broadway. We believe that the creativity, the personal interaction and the excitement of participating in a performance are highly valuable experiences for any individual. The heightened awareness of beauty and truth are carried on into the later life of the student to perhaps enable him or her to appreciate more fully what is available.

It is recommended that students intending to major in this field take all courses offered by this department. Introductory music, art, communication and dramatic literature courses would also be valuable.

TRANSFER MAJOR REQUIREMENTS in Theatre Arts are available in the Counseling Center. In all cases, students should consult with a counselor for specific transfer requirements. Four-year graduates in Theatre Arts are qualified for positions in teaching, community theater, television, motion pictures and professional theatre.

Theatre Arts for Transfer

AA-T Degree

The Associate in Arts in Theatre Arts for Transfer degree (AA-T) program provides students with a strong foundation in Theatre Arts. Upon completion of the program, students will identify and recall the historical development, common practices and terminology of Western theatre; analyze texts from a performance point of view; communicate clearly and coherently in oral and written forms; collaborate harmoniously and effectively with others as a well-prepared member of the team; and participate effectively in a theatrical production.

The Associate in Arts in Theatre Arts for Transfer degree (AA-T) prepares students to transfer into the CSU system to complete a bachelor's degree in Theatre Arts, Performing Arts, or a major deemed similar by a CSU campus. Students earning an associate degree for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing within the CSU system. Students are also given priority admission consideration to their local CSU campus but not to a particular campus or major. Upon transfer, students will be required to complete no more than 60 additional prescribed units to earn a bachelor's degree.

To earn the Associate in Arts in Theatre Arts for Transfer degree, students must complete 60 CSU-transferable semester units with a minimum grade point average of 2.0, including both of the following:

• completion of all courses required for the major with grades of "C" or better; and
• completion of the California State University General Education Breadth (CSU GE) (p. 300) pattern or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307) pattern. (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.)

The exact wording of the law pertaining to associate degrees for transfer may be found in Education Code Section 66746.

It is highly recommended that, prior to transferring, students complete courses that satisfy the CSU United States History, Constitution and American Ideals graduation requirement. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

RESTRICTION: International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

---

### Stagecraft Skills Certificate

Trains students to build scenery and properties in the technical theater. Provides experience in construction, painting, hanging lighting instruments and working backstage. Prepsares students to communicate and participate as members of a production team with an understanding of appropriate terminology and procedures. A skills certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

28-30
**Costuming**

**Skills Certificate**

Designed for students interested in building period costumes and creating visual characters, as a cutter, stitcher or makeup artist. Focuses on the use of color, different fabrics and finishes and provides basic sewing techniques used for the stage. A skills certificate is designed to provide career technical skills; it is not equivalent to an associate degree.

Total Units: 13-15

**Courses**

Understanding course descriptions (p. 312)

**THEA 0010A. Acting I**

*Units: 3*

Formerly known as DRMA 10A

Hours: 72 (36 lecture, 36 activity)

Analysis and practice of acting techniques focusing on volume and diction, breathing, posture, stage movement and positioning, gestures and listening. Practice of character interpretation and expression through improvisation, selected scenes and monologues. (C-ID THTR 151) (CSU, UC)

**THEA 0010B. Acting II**

*Units: 3*

Formerly known as DRMA 10B

Prerequisite: Completion of THEA 10A with grade of "C" or better

Hours: 72 (36 lecture, 36 activity)

Analysis and practice of acting techniques focusing on approach to character development with particular emphasis on the realistic convention. Activities include one or more acting projects, as well as work on both contemporary and classical monologues and scenes. (C-ID THTR 152) (CSU, UC)

**THEA 0011. Stage Movement**

*Units: 3*

Formerly known as DRMA 11

Hours: 72 (36 lecture, 36 activity)

Analysis and practice of movement styles used in the theatre; basic movement, control, relaxation, and interpretation. Character development through physical exploration and scene study. (CSU, UC)

**THEA 0013. Introduction to Theatre**

*Units: 3*

Formerly known as DRMA 13

Hours: 54 lecture

Addresses the impact of theatre as it mirrors the human condition. Covers the social and political impact in the major historical periods, styles, and genres of theatre demonstrated by procedures, production practices, and contributions of significant individual artists, such as playwrights, actors, designers, and directors. Course is open to both majors and non-majors interested in acquiring a critical understanding and appreciation of theatre as a performing art. Required theatre production attendance. (C-ID THTR 111) (CSU, UC)

**THEA 0014. Stagecraft**

*Units: 3*

Formerly known as DRMA 14

Hours: 90 (18 lecture, 72 activity)

Covers set construction for main stage productions. Students study tools, hardware, painting, and learn proper construction techniques. Fundamentals of rigging and machinery and how to mount and shift stage scenery are also included. (C-ID THTR 171) (CSU, UC)

**THEA 0015. Stage Lighting**

*Units: 3*

Formerly known as DRMA 15

Hours: 90 (18 lecture, 72 activity)

Covers basic principles of color, light sources and instruments, electricity, how to hang, do circuiting, create a cue sheet, lighting plot, and design elements for stage lighting to run a theatrical production. (C-ID THTR 173) (CSU, UC)

**THEA 0016A. Costume History**

*Units: 3*

Formerly known as DRMA 16A

Hours: 54 lecture

Study of costumes from the Greek period to the present, with an emphasis on the use of historical costumes for the stage. Period costume design projects examined. Designed for both Theatre Arts majors and non-majors who are interested in acquiring an appreciation for and the terminology of apparel through history. (CSU, UC)

**THEA 0016B. Costume Construction**

*Units: 3*

Formerly known as DRMA 16B

Hours: 90 (18 lecture, 72 activity)

Study and implementation of costume construction techniques, from pattern drafting and fabric selection to sewing, serging, fitting, draping, and dyeing. (CSU, UC)

**THEA 0017. Stage Makeup**

*Units: 3*

Formerly known as DRMA 17

Hours: 90 (18 lecture, 72 activity)

Theory and practical application of stage make-up and prosthetics. Projects include facial structure alterations, "old age," character, supernatural and various faux injuries. Discussion and critique of student projects. (C-ID THTR 175) (CSU, UC)
THEA 0018. Acting for Musical Theatre  
Units: 3  
Prerequisite: Completion of MUS 10 with grade of "C" or better or permission from instructor following audition  
Advisory: Completion of THEA 10A or MUS 39A with grade of "C" or better or at least one year of private vocal lessons  
Hours: 72 (36 lecture, 36 activity)  
Requisite acting techniques to be successful in performing in a Broadway style musical. While the focus of the course is on acting, proper techniques in singing and movement will also be included. Students will practice and perform solos and duets. Dance or heavy movement are not emphasized in this course. (CSU, UC)  

THEA 0019A. Stage Properties  
Units: 3  
Formerly known as DRMA 19A  
Hours: 90 (18 lecture, 72 activity)  
Covers basic skills to create stage properties through a variety of construction and acquisition methods including locating, procuring, and fabricating specialized props for main stage productions. Students examine ways to utilize common, unusual and specialized materials. Includes period research for prop implementation and identification. (CSU, UC)  

THEA 0019B. Scenic Painting  
Units: 3  
Formerly known as DRMA 19B  
Hours: 90 (18 lecture, 72 activity)  
Study of scenic painting practices and standards including mixing and matching paints, implementing various painting techniques, and utilizing specialized and experimental materials and tools for practical use in theatrical productions. (CSU, UC)  

THEA 0021. Script Analysis  
Units: 3  
Formerly known as DRMA 21  
Hours: 54 lecture  
Introduces Dramatic Arts Majors and other students to the fundamental techniques of script analysis. Focus on students' ability to interpret and describe concepts and ideas related to historical and contemporary dramatic literature. Emphasis on development of techniques of script analysis specific to use in acting, directing, design, and critical and social analysis. (C-ID THTR 114) (CSU, UC)  

THEA 0022A. Production Crew I  
Units: 2  
Formerly known as DRMA 22A  
Hours: 80 activity  
Participation in a college production as a technical assistant, assistant to the designer, or crew member. Focus on one or more of the following areas during the development of the play: scenery building and painting, stage lighting, make-up, costuming, stage operations, publicity, and/or house management. (C-ID THTR 192) (CSU, UC)  

THEA 0022B. Production Crew II  
Units: 2  
Formerly known as DRMA 22B  
Prerequisite: Completion of THEA 22A with grade of "C" or better  
Hours: 80 activity  
Provides an opportunity for students to participate in a college production as a member of the technical crew or production staff at an intermediate level of responsibility. Focus on one or more of the following areas during the development of the play: scenery building and painting, stage lighting, make-up, costuming, stage operations, publicity, and/or house management. (C-ID THTR 192) (CSU, UC)  

THEA 0022C. Production Crew III  
Units: 2  
Formerly known as DRMA 22C  
Prerequisite: Completion of THEA 22B with grade of "C" or better  
Hours: 80 activity  
Provides an opportunity for students to participate in a college production in an intermediate leadership level as a member of the production crew. Focus on one or more of the following areas during the development of the play: scenery building and painting, stage lighting, make-up, costuming, stage operations, theatrical design, stage management, publicity, and/or house management. (C-ID THTR 192) (CSU, UC)  

THEA 0022D. Production Crew IV  
Units: 2  
Formerly known as DRMA 22D  
Prerequisite: Completion of THEA 22C with grade of "C" or better  
Hours: 80 activity  
Provides an opportunity to participate at an advanced leadership level as a member of the production crew, technical staff or design team of a college production. Focus on one or more of the following areas during the development of the play: scenery, lighting, make-up, costuming, stage operations, stage management, publicity, and/or house management. (C-ID THTR 192) (CSU, UC)  

THEA 0023A. Rehearsal and Performance - Cast I  
Units: 3  
Formerly known as DRMA 12B, DRMA 23A  
Hours: 120 activity  
The first of four courses that provides an opportunity for students to perform in their first role in a Sierra College production as a member of the cast. Students develop fundamental rehearsal and performance techniques. All actors are required to audition for roles. Acceptance into the class is determined on being cast in the production. (C-ID THTR 191) (CSU, UC)  

THEA 0023B. Rehearsal and Performance - Cast II  
Units: 3  
Formerly known as DRMA 23B  
Prerequisite: Completion of THEA 23A with grade of "C" or better  
Hours: 120 activity  
The second of four courses that provides an opportunity for students to perform in their second role in a Sierra College production as a member of the cast. Students investigate more sophisticated performance techniques as well as develop intermediate approaches to script analysis and characterization. All actors are required to audition for roles. Acceptance into the class is determined on being cast in the production. (C-ID THTR 191) (CSU, UC)  

THEA 0023C. Rehearsal and Performance - Cast III  
Units: 3  
Formerly known as DRMA 23C  
Prerequisite: Completion of THEA 23B with grade of "C" or better  
Hours: 120 activity  
The third of four courses that provides an opportunity for students to perform in their third role in a Sierra college production as a member of the cast. Students apply increasingly advanced rehearsal and performance techniques to the study of characters with great complexity and depth. All actors are required to audition for roles. Acceptance into the class is determined on being cast in the production. (C-ID THTR 191) (CSU, UC)
THEA 0023D. Rehearsal and Performance - Cast IV
Units: 3
Formerly known as DRMA 23D
Prerequisite: Completion of THEA 23C with grade of "C" or better
Hours: 120 activity
The fourth of four courses that provides an opportunity for students to perform in their fourth role in a Sierra College production as a member of the cast. Students apply an advanced skill set of acting techniques toward rehearsal and performance, and will be expected to chart in detail with critical analysis of the process from page to stage. This will include background research of their character, the playwright, reviews, and previous productions. All actors are required to audition for roles. Acceptance into the class is determined on being cast in the production. (C-ID THTR 191) (CSU, UC)

THEA 0024. Stage Management
Units: 3
Advisory: Completion of THEA 22A with grade of "C" or better
Hours: 90 (18 lecture, 72 activity)
Introduces students to the step-by-step process of stage managing a full-scale, live theatrical production. Students will learn the requisite pre-production, post-production, and performance day responsibilities in order to effectively manage the production. Skills acquired for this course include methods of communication with director, designers, cast and crew in a leadership position, writing rehearsal reports, monitoring rehearsals, and posting adjustments to the rehearsal schedule, running paper tech, cue-to-cue rehearsals, and calling cues for the performance over headset. (C-ID THTR 192) (CSU, UC)

THEA 0028. Independent Study
Units: 1-3
Formerly known as DRMA 28
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

THEA 0029. One Act Workshop
Units: 3
Hours: 81 (27 lecture, 54 activity)
Students will learn the basic requirements for mounting a one-act play from the perspectives of the director, backstage crew and actor. Classes will include lecture and rehearsal time culminating in a public performance of a one-act play. (CSU)

THEA 0095. Internship in Theatre Arts
Units: 0.5-4
Formerly known as DRMA 95
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

THEA 0809. Selected Topics in Film Studies
Units: 0
Formerly known as DRMA 809
Hours: 8 to 54 lecture as scheduled
Course designed for older adults. Introduction to a series of films examined for originality, creative virtuosity, impact, structure, and direction. Selected films illustrate a specific dimension of film genre. Genres change with each offering. May be repeated. (noncredit)

Program Student Learning Outcomes (PSLOs)
- Differentiate and evaluate verbally or in written form a theatre-related assignment or project (self-analysis and class work of other students) in terms of technical and aesthetic success.
- Analyze problem, formulate/invent idea then execute and use appropriate techniques to build or construct a solution/project that meets assignment criteria.
- Practice and demonstrate appropriate, safe and sustainable rehearsal/production practices, when inventing and producing solutions, to meet assigned project criteria.
- Use pre-compiled knowledge and devise alternative knowledge structures to demonstrate understanding (including scene breakdown) of plays or musicals.
- Identify, analyze, and communicate understanding of performed works or objects built for production.
- Identify, recognize and express through discussion and written analysis the achievements and contributions of significant and diverse artists (playwrights, designers, directors, actors, producers, stage technicians) and cultures throughout history.

Welding Technology

B3, Rocklin Campus

Overview
The Welding Technology curriculum provides training in the field of commercial and industrial welding and fabrication. Students enrolled in Welding Technology courses will receive both the theoretical technical knowledge and the hands-on skills that will prepare them for a career in welding. An associate degree, a certificate of achievement, and skills certificates may be earned in the Welding Technology program.

Faculty
Jesus de la Torre
Assistant Professor, Welding Technology
B.A., Sonoma State University
Aleda Vaughn  
Assistant Professor, Welding Technology  
A.S., American River College  
A.A., Cosumnes River College

Degrees/Certificates

Associate Degree

- Welding Technology (p. 260)

Certificate of Achievement

- Welding (p. 260)

Skills Certificates

- Gas Metal Arc Welding (p. 260)
- Gas Tungsten Arc Welding (p. 261)
- Metal Fabricator and Designer (p. 261)
- Shielded Metal Arc Welding (p. 261)
- Welding Entrepreneurship (p. 261)

Welding Technology

AA or AS Degree

Successful completion of the degree pattern in Welding Technology prepares students for transfer to the California State University system in industrial-related degree programs. It also provides the broad background necessary to compete successfully in commercial and industrial welding and related fabrication fields. Students must fulfill the following major requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

Gas Metal Arc Welding

Skills Certificate

The Gas Metal Arc Welding Skills Certificate prepares students for a broad understanding of the wire feed processes of GMAW using solid wires on Carbon Steel and Aluminum with multiple types of metal transfer modes. In addition, Flux Core wire processes, both gas shielded and self shielded are studied in the earning of this certificate. A skills certificate is
designed to provide career technical skill for the focused subject area; it is not equivalent to the Welding Certificate and does not replace Welder Certification which is solely skill performance based.

**Total Units** 8

**Gas Tungsten Arc Welding Skills Certificate**

The Gas Tungsten Arc Welding Skills Certificate prepares students for using complex emerging technological aspects of this welding process developed by welding equipment manufacturers since 2005. By exposure to welding a broad range of metals, with a concentration on sheet thicknesses, the student is earning the knowledge for the industry and artistic application of GTAW. A skills certificate is designed to provide career technical skill for the focused subject area; it is not equivalent to the Welding Certificate and does not replace Welder Certification which is solely skill performance based.

**Metal Fabricator and Designer Skills Certificate**

The Metal Fabricator and Designer Skills Certificate provides students knowledge of the processes, manner and techniques of metalworking used in the welding industry or artistic metal expression applications. It can be a lead into employment with a typical metal fabrication organization and may parallel the manner of methods used by Ironworkers, Boilermakers and Millwrights; however, each of these specialty areas of metalwork encompasses their own system of apprenticeship which this skills certificate is not designed to replace. A skills certificate is designed to provide career technical skill for the focused subject area; it is not equivalent to the Welding Certificate and does not replace Welder Certification which is solely skill performance based.

**Total Units** 12

**Courses**

Understanding course descriptions (p. 312)
WELD 0001A. Introductory Welding for Metalworking
Units: 2
Formerly known as WELD 15
Hours: 72 (18 lecture, 54 laboratory)
Hands-on survey class that focuses on the three common welding processes of Shielded Metal Arc Welding, Gas Metal Arc Welding, and Gas Tungsten Arc Welding, including correct setup and "how to" techniques. Plasma Arc Cutting and Oxyacetylene Cutting processes are also covered. This class is a survey of basic welding, cutting and fabrication used by the welding industry, metalworking artists, and interested hobbyists. Perfect for students who have never welded before. (CSU)

WELD 0001B. Principles of Fabrication
Units: 2
Formerly known as WELD 70
Prerequisite: Completion of WELD 1A and completion of WELD 2A, WELD 3B or WELD 5A with grades of "C" or better
Hours: 72 (18 lecture, 54 laboratory)
Foundation fabrication course includes elements of design and fabrication methods, tool and equipment utilization, materials planning, and print reading. Designed for welding students wanting to learn the foundation skills of steel fabrication and construction process. (not transferable)

WELD 0002A. Wire Feed Welding Processes - Career Path
Units: 2
Formerly known as WELD 40
Hours: 72 (18 lecture, 54 laboratory)
Designed for those interested in beginning stages of welding. Various forms of wire feed welding include Gas Metal Arc and Flux Core Welding processes. Explores the various modes of metal transfer when using the Gas Metal Arc Welding process. In Flux Cored Arc Welding, both Self Shielding and Dual Shielding, are covered. (not transferable)

WELD 0002B. Gas Metal Arc Welding of Stainless Steel
Units: 2
Prerequisite: Completion of WELD 2A with grade of "C" or better
Hours: 72 (18 lecture, 54 laboratory)
Covers equipment, metal preparation, and welding of stainless steels in all positions using Gas Metal Arc Welding. Students will learn to read and correctly complete welding procedures performed in industry. Helps prepare students for employment in high demand jobs. (not transferable)

WELD 0003A. Introduction to Gas Welding - Preparing for GTAW
Units: 2
Formerly known as WELD 10
Hours: 72 (18 lecture, 54 laboratory)
History and development of joining metals, metalworking, and gas welding methods. Students will learn the fundamentals of Oxyacetylene gas welding and gain manipulative skills that will prepare them for Gas Tungsten Arc Welding. Creativity, gas welding and fabrication techniques will be utilized to complete a student project. (CSU)

WELD 0003B. Gas Tungsten Arc Welding (TIG) - Career Path
Units: 2
Formerly known as WELD 50
Prerequisite: Completion of WELD 3A with grade of "C" or better
Advisory: Completion of WELD 1A with grade of "C" or better
Hours: 72 (18 lecture, 72 laboratory)
Tungsten Inert Gas Welding methods and techniques used to weld carbon steel, stainless, aluminum, and alloy steels. Instruction in equipment setup for different metals, filler selection, material identification, and welding techniques using Gas Tungsten Arc Welding. Laboratory exercises include multiple positions of fillet and groove welds with carbon steel, stainless steel and aluminum assignments on sheet materials and techniques as applied in tubing or pipe. (CSU)

WELD 0004. Welding Operator Orientation
Units: 0.5
Prerequisite: Completion of WELD 2A and 5A with grades of "C" or better
Orientation course to prepare students for enrollment in WELD 84 (pass/no pass grading) (not transferable)

WELD 0005A. Introduction to Shielded Metal Arc Welding (SMAW) - Career Path
Units: 2
Formerly known as WELD 20
Advisory: Concurrent enrollment in WELD 1A or previous welding experience
Hours: 72 (18 lecture, 54 laboratory)
An introduction to the principles of shielded metal arc welding (SMAW), setup/use of SMAW equipment, and safe use of tools and equipment including oxyacetylene cutting. Provides instruction in welding carbon steel weld joints in various positions. This is a required foundation welding technology course for students who wish to pursue a career in structural or pipe welding outdoors at various construction sites. (C-ID WELD 101X) (not transferable)

WELD 0005B. Intermediate Shielded Metal Arc Welding (SMAW) - Career Path
Units: 2
Formerly known as WELD 25
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in WELD 5A
Hours: 72 (18 lecture, 54 laboratory)
Students expand on knowledge and skills gained to perform structural plate welding using Shielded Metal Arc Welding (SMAW or Stick). Oxyacetylene Cutting (OAC) and Air Carbon Arc Cutting (CAC-A) are also performed. Intended as an intermediate level welding course for students following a career path in structural or pipe welding fields. Students are advised that WELD 5A and WELD 5B can be taken at the same time. (not transferable)
WELD 0005C. Structural Steel Welding Certification
Unit: 1
Formerly known as WELD 80
Prerequisite: Completion of WELD 5B and WELD 2A with grades of "C" or better
Advisory: Students must be competent in vertical and overhead position welding using certification welding processes of SMAW, FCAW-G and FCAW-S
Hours: 42 (6 lecture, 36 laboratory)
Designed to certify the welder within the guidelines of American Welding Society (AWS) Structural Steel Code D1.1. Focus on manipulative skill development with SMAW E-7018 in 4G and 3G, FCAW-G in 3G and FCAW-S in 3G and 4G in preparation for the actual certification test. (not transferable)

WELD 0011. Welding Metallurgy
Units: 3
Formerly known as WELD 60
Prerequisite: Completion of WELD 2A, WELD 3A or WELD 5A with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Exploration of the production and properties of ferrous metals used in the welding industry. The chemical and physical properties of metals, crystalization, and theoretical concepts of alloying. Laboratory experiments in metal identification, hardness and destructive testing, heat treating, sample preparation, and microphotography. (CSU)

WELD 0015A. Shielded Metal Arc Welding on Pipe
Units: 2
Formerly known as WELD 30
Prerequisite: Completion of WELD 5B with grade of "C" or better
Hours: 72 (18 lecture, 54 laboratory)

WELD 0015B. Pipe Welding Certification - Uphill
Unit: 1.5
Formerly known as WELD 82
Prerequisite: Completion of WELD 15A with grade of "C" or better and completion with grade of "C" or better or concurrent enrollment in WELD 5C
Advisory: Students must be competent in horizontal, vertical and overhead position welding with open root groove joints using the welding processes of SMAW; if GTAW root pass certification is the goal, WELD 3B skill set competency for GTAW is also needed
Hours: 54 (14 lecture, 40 laboratory)
Designed to certify the welder within the guidelines of Section IX of the American Society of Mechanical Engineers (ASME) Boiler and Pressure Vessel Code, or the American Petroleum Institute (API) Standard 1104 Welding of Pipelines and Related Facilities. Focus on manipulative skill development using SMAW, GTAW and GMAW processes in preparation for the actual certification test. (CSU)

WELD 0015C. Pipe Welding Certification - Downhill
Units: 0.5
Formerly known as WELD 83
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in WELD 15B
Advisory: Student must be competent in SMAW pipe welding with E-6010 electrode in positions of 2G, 5G and 6G
Hours: 36 (5 lecture, 31 laboratory)
Downhill pipe welding to prepare to qualify within the guidelines of American Petroleum Institute - welding of cross-country pipelines. Focus on manipulative skill development in preparation for certification test using downhill techniques. (not transferable)

WELD 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

WELD 0095. Internship in Welding Technology
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Program Student Learning Outcomes (PSLOs)
• Be aware of and demonstrate a high level of understanding of safety practices expected with metal-working equipment in a welding environment.
• Accept personal responsibility in developing manipulative skills of the craft with the knowledge and creativity to recognize, analyze, problem solve to successful completion.
• Apply reading, writing, and listening practice to interpret welding terminology, blueprints, procedures, and directions along with active verbal communication to facilitate mutual understanding in the workforce.

Women's Studies

AA Degree

Women's Studies is an interdisciplinary major based on the premise that gender is a historical variable that affects the social, economic and political structure of our society as well as the everyday lives of women and men. Employing a wide range of perspectives from disciplines such as history, literature, philosophy, sociology, psychology, art, anthropology and biology, students will explore and examine how these disciplines pertain to women and how women have contributed to the cultural and sociological landscape.

The AA degree provides students with core courses in Women's Studies. Students may utilize the Women's Studies curriculum to fulfill transferable general education requirements for CSU and UC systems as well as lower division Women's Studies courses for transfer to four-year institutions with women's studies majors. In all cases, students should consult with a counselor for more information on university admission and transfer requirements. Students must fulfill the following major requirements with grades of "C" or better, complete a minimum of 60 degree-applicable semester units (12 of which must be completed at Sierra College) with a grade point average of at least 2.0 and complete one of the following three general education patterns:

- Sierra College Associate Degree Requirements (p. 292);
- California State University General Education Breadth (p. 300) pattern;
- Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

Total Units 18
Courses
Understanding course descriptions (p. 312)

WMST 0001. Introduction to Women's Studies
Units: 3
Prerequisite: Eligibility for ENGL N
Hours: 54 lecture
Introduction to the origins, purpose and methods of Women's Studies. The subject matter will explore a wide range of social issues affecting women of diverse backgrounds and identities. Gender will be studied as it intersects with race, ethnicity, sexuality, class, dis/ability, age, religion, nationality and other systems of difference. (C-ID SJS 120) (CSU, UC)

WMST 0002. Introduction to LGBT Studies/Queer Theory
Units: 3
Also known as LGBT 1
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
A broad and general exploration of Lesbian, Gay, Bisexual, Transgender, Queer Studies and its relationship to Feminism. Emphasis on Sexual Orientation/Gender Identity and Expression and their intersections with Race/Ethnicity, Class, the LGBT Rights movement in the United States and globally. (C-ID SJS 130) (CSU, UC)

WMST 0003. Introduction to Women, Gender and Religion
Units: 3
Also known as HUM 9
Hours: 54 lecture
Religion from a feminist perspective through a cross-cultural examination of major religious traditions of the East and West, as well as tribal faith practices. Emphasis on the historical role of women and gender in rituals, sacred texts, institutional structures, doctrine and religious iconography with respect to the impact on contemporary women regarding faith, politics and identity. (CSU, UC)

WMST 0004. Feminism and Social Action
Units: 3
Also known as SOC 10
Advisory: Completion of ENGL N with grade of "C" or better
Hours: 54 lecture
Examines sociological underpinnings of social action and explores unique contributions of feminism in challenging traditional gender scripts. Provides an overview of the ways in which women engage in deliberative social action to change the conditions of their lives and of their communities. Emphasizes sociological theory as applied to issues related to the institutions of family, health, religion, employment, sexual harassment, housing, and interpersonal violence. (CSU, UC)

WMST 0095. Internship in Women and Gender Studies
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Program Student Learning Outcomes (PSLOs)

• Differentiate between sex and gender in the context of shifting definitions of woman.
• Define and deconstruct explicit and implicit privilege including, but not limited to, white privilege, male privilege and heterosexual privilege.
• Evaluate the social construction of gender and explore how it pertains to the particular inquiry of study undertaken (e.g., sexuality; queer theory; anthropology; art history).
• Apply cross-cultural, transnational or global awareness to "significant questions" concerning women and gender.
• Appraise gendered construction of knowledge and social institutions and how they directly apply to the subject under scrutiny.
ASSOCIATE DEGREE AND
CERTIFICATE PROGRAMS

Administration of Justice

• Administration of Justice for Transfer: AS-T Degree (p. 33)
• Administration of Justice—Corrections: AA/AS Degree (p. 33)
• Administration of Justice—Courts: AA/AS Degree (p. 33)
• Administration of Justice—Law Enforcement: AA/AS Degree (p. 33)
• Reserve Peace Officer: Certificate of Achievement (p. 33)

Advanced Manufacturing

• Advanced Manufacturing: AS Degree (p. 40)
• Advanced Manufacturing: Certificate of Achievement (p. 40)
• Foundations of Modern Machining: Skills Certificate (p. 40)

Agriculture

• Sustainable Agriculture: AS Degree (p. 42)
• Sustainable Agriculture: Certificate of Achievement (p. 42)
• Sustainable Agriculture Business: Skills Certificate (p. 42)
• Urban and Wildland Forestry: Skills Certificate (p. 42)

Allied Health

• Allied Health (p. 45)—General Option: AS Degree (p. 45)
• Allied Health (p. 45)—Pre-Nursing Option: AS Degree (p. 45)
• Allied Health (p. 45)—General Option: Certificate of Achievement (p. 45)
• Medical Assisting: Certificate of Achievement (p. 45)

Anthropology

• Anthropology for Transfer: AA-T Degree (p. 48)

Applied Art and Design

• Applied Art and Design—Digital Media: AA/AS Degree (p. 51)
• Applied Art and Design—Film and Video Production: AS Degree (p. 51)
• Applied Art and Design—Graphic Design: AA/AS Degree (p. 51)
• Applied Art and Design—Illustration: AA/AS Degree (p. 51)
• Applied Art and Design—Digital Media: Certificate of Achievement (p. 51)
• Applied Art and Design—Film and Video Production: Certificate of Achievement (p. 51)
• Applied Art and Design—Graphic Design: Certificate of Achievement (p. 51)
• Applied Art and Design—Illustration: Certificate of Achievement (p. 51)
• Digital Animation: Skills Certificate (p. 51)
• Digital Illustration: Skills Certificate (p. 51)
• Graphic Design: Skills Certificate (p. 51)
• Video Production and Editing: Skills Certificate (p. 51)
• Visual Arts and Media: Skills Certificate (p. 51)
• Web Design: Skills Certificate (p. 51)

Art

• Studio Arts for Transfer: AA-T Degree (p. 59)
• Studio Art: AA Degree (p. 59)

Art History

• Art History for Transfer: AA-T Degree (p. 64)

Automotive Technology

• Automotive Basics: Skills Certificate (p. 72)
• Automotive Basics: Noncredit Certificate of Completion (p. 72)

Biological Sciences

• Biology for Transfer: AS-T Degree (p. 73)
• Biological Sciences: AS Degree (p. 73)
• Watershed Ecology: AS Degree (p. 73)
• Watershed Ecology: Certificate of Achievement (p. 73)

Building Industries

• Construction Management: AS Degree (http://catalog.sierracollege.edu/departments/buildingindustries/#degreescertificatestext)
• Construction Basics: Skills Certificate (http://catalog.sierracollege.edu/departments/buildingindustries/#degreescertificatestext)
• Construction Fundamentals: Noncredit Certificate of Completion (http://catalog.sierracollege.edu/departments/buildingindustries/#degreescertificatestext)
• Energy Surveying and Lighting Retrofits Noncredit Certificate of Completion (http://catalog.sierracollege.edu/departments/buildingindustries/#degreescertificatestext)

Business

• Business Administration for Transfer: AS-T Degree (p. 82)
• Business Information Worker: AA/AS Degree (p. 82)
• Accounting: AA/AS Degree (p. 82)
• General Business: AA/AS Degree (p. 82)
• Interdisciplinary Entrepreneurship: AA/AS Degree (p. 82)
• Management: AA/AS Degree (p. 82)
• Marketing: AA/AS Degree (p. 82)
• Real Estate: AA/AS Degree (p. 82)
• Accounting: Certificate of Achievement (p. 82)
• Interdisciplinary Entrepreneurship: Certificate of Achievement (p. 82)
• General Business: Certificate of Achievement (p. 82)
• Management: Certificate of Achievement (p. 82)
• Marketing: Certificate of Achievement (p. 82)
• Real Estate: Certificate of Achievement (p. 82)
• Retail Management: Certificate of Achievement (p. 82)
• Taxation: Certificate of Achievement (p. 82)
• Business Information Worker - Applications: Skills Certificate (p. 82)
• Business Information Worker - Communications: Skills Certificate (p. 82)
• Interdisciplinary Business Entrepreneurship: Skills Certificate (p. 82)
• Payroll Professional: Skills Certificate (p. 82)
- Small Business Bookkeeping: Skills Certificate (p. 82)
- Computer Basics: Noncredit Certificate of Completion (p. 82)
- Entrepreneurship for Makers: Noncredit Certificate of Completion (p. 82)

**Chemistry**
- Chemistry for Transfer: AS-T (p. 94)
- Chemistry: AS Degree (p. 94)
- University of California Transfer Pathway (UCTP): Chemistry: AS-T (p. 94)

**Communication Studies**
- Communication Studies for Transfer: AA Degree (p. 101)
- Journalism for Transfer: AA-T Degree (p. 101)

**Computer Science**
- Computer Science for Transfer: AS-T Degree (p. 105)
- Computer Science—Computer Science: AA/AS Degree (p. 105)
- Computer Science—Management Information Systems: AA/AS Degree (p. 105)
- Computer Science—Embedded Systems: Certificate of Achievement (p. 105)

**Deaf Studies**
- Deaf Studies—American Sign Language: AA Degree (p. 108)
- Deaf Studies—American Sign Language: Certificate of Achievement (p. 108)

**Drafting and Engineering Support**
- Drafting and Engineering Support—Architectural/Civil: AA/AS Degree (p. 110)
- Drafting and Engineering Support—Mechanical/Civil: AA/AS Degree (p. 110)
- Drafting and Engineering Support—Architectural/Civil: Certificate of Achievement (p. 110)
- Drafting and Engineering Support—Mechanical/Civil: Certificate of Achievement (p. 110)
- Architectural Drafting Specialist: Skills Certificate (p. 110)
- Drafting Essentials: Skills Certificate (p. 110)
- Mechanical Drafting Specialist: Skills Certificate (p. 110)

**Earth Science**
- Geology for Transfer: AS-T Degree (p. 113)
- Geology: AS Degree (p. 113)

**Economics**
- Economics for Transfer: AA-T Degree (p. 118)

**Education**
- Elementary Teacher Education for Transfer: AA-T Degree (p. 119)
- Liberal Studies—Elementary Education: AA Degree (p. 119)

**Engineering**
- Engineering: AA/AS Degree (p. 121)
- Civil Engineering Technology: Certificate of Achievement (p. 121)
- General Engineering Technology: Certificate of Achievement (p. 121)

**English**
- English for Transfer: AA-T Degree (p. 125)

**English as a Second Language**
- English as a Second Language Academic Preparedness: Skills Certificate (p. 130)
- English as a Second Language Intermediate-High Oral Skills: Noncredit Certificate of Competency (p. 130)
- English as a Second Language Intermediate-High Writing and Reading Skills: Noncredit Certificate of Competency (p. 130)

**Environmental Sciences and Sustainability**
- Environmental Science for Transfer: AS-T Degree (p. 135)
- Environmental Sciences: AS Degree (p. 135)
- Environmental Studies: AA Degree (p. 135)

**Ethnic Studies**
- Chicana and Chicano Studies: AA Degree (p. 140)
- Social and Behavioral Sciences: AA/AS Degree (p. 140)

**Fashion**
- Fashion Industries: AS Degree (p. 144)
- Fashion Industries: Certificate of Achievement (p. 144)
- Fashion Media: Certificate of Achievement (p. 144)
- Fashion Design: Skills Certificate (p. 144)
- Fashion Merchandising: Skills Certificate (p. 144)

**Fire Technology**
- Fire Company Officer: AS Degree (p. 148)
- Fire Technology: AA/AS Degree (p. 148)
- Fire Academy: Certificate of Achievement (p. 148)
- Fire Company Officer: Certificate of Achievement (p. 148)
- Fire Technology: Certificate of Achievement (p. 148)
- Firefighter II: Skills Certificate (p. 148)

**Geography**
- Geography for Transfer: AA-T Degree (p. 157)

**Health Sciences**
- Emergency Medical Sciences: AS degree (p. 162)
- Health Science: AS Degree (p. 162)
- Emergency Medical Sciences: Certificate of Achievement (p. 162)
- Emergency Medical Sciences: Skills Certificate (p. 162)
- Pre-Paramedic: Skills Certificate (p. 162)

**History**
- History for Transfer: AA-T Degree (p. 167)
Human Development and Family
• Early Childhood Education for Transfer: AS-T Degree (p. 171)
• Early Childhood Education: AA/AS Degree (p. 171)
• Child Development Pre-Service Elementary Teacher: AA Degree (p. 171)

Admission and Enrollment

- Admission (p. 270)
- Getting Started at Sierra College (p. 271)
- Student Enrollment and Attendance (p. 275)
- Transfer of Credit to Sierra College (p. 276)

Admission

Eligibility

Admission to Sierra College is open to any person who:

1. Has a high school diploma, GED, or passed the high school proficiency examination, or
2. Is over 18 years of age and capable of profiting from instruction.

Admission Procedures

All new students and students returning to Sierra College after an absence of two primary (Fall or Spring) semesters must submit an application for admission prior to registering for classes. Electronic applications are available online at www.sierracollege.edu. Paper applications, also available in Spanish and Russian, may be obtained at a campus Admissions and Records office. Students are encouraged to submit official high school and college transcripts to Admissions and Records.

Each semester the college offers registration opportunities to those who file an application for admission. For more information regarding registration steps, please visit the Admissions and Records website (https://www.sierracollege.edu/admissions/).

Residency Requirements

For the purpose of determining tuition and enrollment fees, Sierra College students are subject to the legal residence restrictions established by the California legislature. Residency is determined at the time of admission and requires a statement of legal residence. Supporting documentation may also be required.

Any student who has not established California residency will be classified as a nonresident. Regulations allow certain students to apply for nonresident tuition waivers. Nonresident students who wish to request a residency status change must submit a Residency Reclassification Petition and required documentation by the end of the semester in question to Admissions and Records. Additional residency documentation options are available for active and discharged members of the military.

For further information on how California residency may be established, or how to apply for a nonresident tuition waiver, please click here (https://solutions.sierracollege.edu/TDClient/1795/Portal/KB/ArticleDet/?ID=74019) or contact Admissions and Records.

International Students

International students attend Sierra College from around the world. Based on ESL assessment scores and prior coursework, students will be placed in appropriate courses. Assistance with the application and registration process is provided by Admissions and Records. Students can access international student information and application forms on the college website (https://www.sierracollege.edu/student-services/support-programs/international-students/).

International students wishing to apply for study to the college on an F-1 visa must submit the following to Admissions and Records:

1. A completed Sierra College International Student Application.
2. Meet at least one of the following English Language Requirements:
   - TOEFL (Test of English as a Foreign Language) score of 133 CBT (computer-based test), 450 PBT (paper-based test), 45 iBT (internet-based test), or 5.0 IELTS (International English Language Testing System). This requirement is waived for students from countries that use English as the primary language in their educational systems.
   - An official bank statement (in English) dated within three months indicating that there are sufficient funds available to cover tuition expenses (minimum $18,000.00 U.S. dollars).
   - Official transcripts translated into English indicating successful completion at a secondary school equivalent to completion of an American high school and transcripts from any colleges or universities attended.
3. A copy of valid passport (photo page).
4. A non-refundable application processing fee of $100.00 payable to Sierra College in the form of a MasterCard or Visa credit card, cashier’s check, or check drawn on a U.S. bank (do not send cash). The $100.00 will be credited toward tuition at the time of registration.

International Student Priority Application Deadlines

NOTE: Prior to arriving in the United States, prospective students shall submit to Sierra College proof of freedom from tuberculosis dated no more than 90 days before the start of classes. This report must be professionally translated to English.

Mandatory Sierra College Health Insurance

All international students attending Sierra College must purchase mandatory health insurance from our approved provider. There are no exceptions, even for students who have health insurance through their home countries.

Other Important Health Information

When traveling from country to country, a student may be exposed to different diseases. Sierra College strongly encourages the following immunizations: Tetanus, Measles and Rubella.

Academic Enrichment Program

Sierra College provides special part-time admission to students who:
• have completed the eighth grade;
• satisfactory academic standing

Students must attend a high school which has a current Academic Enrichment Compliance form on file in the Admissions and Records office. Home schooled students must have an affidavit indicating they are legally home schooled.

Students must submit a Sierra College application for admission, an Academic Enrichment Permission form, and a high school transcript as needed. Enrollment must be recommended by the school principal or counselor, and have the consent of a parent or guardian. Students should be counseled by the high school staff to determine the courses in which they should enroll. Enrollment is limited to a maximum of 11 units per semester; specific courses in which students may not enroll are published online on the Academic Enrichment Restricted Course List. Students admitted under these provisions are subject to all college rules and regulations and are not eligible for student employment. Contact a campus Admissions and Records office for more information.

Getting Started at Sierra College

Sierra College provides core services, including counseling, advising, and other education and career planning services to ensure students have a successful transition to college.

Steps to Getting Started

1. Apply for admission.
3. Register for classes.

These steps, most of which may be completed online, provide a process that brings the College and the students together in a partnership agreement designed to help students develop and achieve their educational goals.

Agreement

Sierra College will:

• Assess students’ basic educational skills and career goals
• Orient students to the college’s programs, services and policies
• Provide top-quality instruction and services
• Offer a wide variety of courses
• Offer services to support students’ education
• Follow up on students’ progress toward educational goals

Students will:

• Complete College Terms and Conditions
• Declare an educational goal
• Meet with a counselor to design an educational plan
• Attend classes and complete assigned coursework
• Seek out support services as needed
• Strive to make progress toward goals

Required Steps to Register

Students who are new to Sierra College and returning students who have been away from Sierra College for three years or more must complete College Terms and Conditions and Career and Academic Planning (CAP) prior to registering for classes.

College Terms and Conditions

College Terms and Conditions may be reviewed and completed online through mySierra (the password protected portal that gives users access to secured information on the Sierra College intranet). College Terms and Conditions provides information about programs, student support services, academic expectations and class registration procedures.

Placement and Testing Services

As part of the process to enhance student success, Sierra College provides students with an initial recommended placement in transfer level math and English. English as a Second language students take an assessment for placement in ESL courses. Recommended course placement in math and English is based on the following:

• information provided by student on the college application

Counseling

Sierra College provides Career and Academic Planning (CAP) sessions in which students work with counselors to develop Student Educational Plans (SEP). Counselors may also refer students to support services and answer specific questions and concerns.

Exemptions

Some students are exempt from College Terms and Conditions and counseling requirements. Nevertheless, students are encouraged to avail themselves of these services. Students are exempt if they meet any of the following criteria:

• Hold an associate degree or higher;
• Apply with an educational goal of “educational development,” “maintain certificate or license,” or “advance in current job/career.”

Challenges or Appeals

A student may file a challenge or complaint if the student believes that the Student Success Act regulations are not being met. All challenges, appeals, complaints, or requests for information should be directed to Counseling.

Enrollment Priorities

Enrollment priority is provided for students enrolling at Sierra College for the purpose of degree or certificate attainment, transfer to a four-year college or university, or career advancement. Students must:

• have completed College Terms and Conditions;
• attended a counseling appointment and developed a student education plan;
• be in good academic standing, first semester academic or progress probation, or be making satisfactory semester progress with a grade point average of 2.0 or higher;
• have completed less than 100 degree-applicable units at Sierra College (excludes all courses numbered 500 and above, such as non-degree applicable English as a Second Language courses, basic skills courses, or special courses designed to address the educational limitations of students with disabilities).
Registration priority shall be provided to students in order of priority listed below (within each category, priority is assigned by number of units completed at Sierra College).

**Priority 1**
- Students who are receiving services through CalWORKs;
- Students who are determined to be eligible for services through Disabled Students Program and Services (DSPS);
- Students who are receiving services through Extended Opportunity Program and Services (EOPS);
- Students who are Tribal TANF recipients;
- Foster youth or former foster youth students up to and including the age of 25 by the first day of the term;
- Homeless youth;
- Veterans and Members of Armed Forces or State Military Reserve (have priority for 4 academic years). See Veterans Success Center for more information.

**Priority 2 Student groups in the following order:**
2. 1st semester Sierra Promise students.
3. Continuing, returning, and Ghidotti students.
4. New students – must have completed College Terms and Conditions, counseling/advising and a student education plan.

**Priority 3**
- Students who have lost enrollment priority.
- All other students (including but not limited to Academic Enrichment students).

Enrollment priority for any student (other than foster youth or former foster youth) shall be lost at the first registration opportunity for either of the following reasons:

1. The student is placed on academic and/or progress probation for two consecutive semesters and is subject to dismissal. (An automatic appeal will be granted for any student making satisfactory semester progress by earning a semester GPA of 2.0 or higher.)
2. The student has earned 100 or more degree-applicable units at Sierra College.

DSPS students who have been granted an accommodation of registration priority as part of their documented plan are not subject to loss of registration priority.

**Enrollment Priority Appeals**
Students may appeal the loss of priority enrollment status due to extenuating circumstances, or where a student with a disability applied for, but did not receive reasonable accommodation in a timely manner. Extenuating circumstances are verified cases of accidents, illnesses or other circumstances beyond the control of the student. Contact an Admissions and Records office for further information.

**Class Registration**
Students may register at the designated date and time or at any time thereafter during scheduled hours of registration. Students are encouraged to use mySierra web registration at www.sierracollege.edu during their scheduled time to ensure the best possible course selection.

**Waitlists**
A 20 space waitlist may be established for classes offered by Sierra College that have reached maximum enrollment.

- Eligible students who meet the course prerequisite may join the waitlist.
- Students enrolled on a waitlist for a course section will be permitted to enroll in another section of the same course.
- Students are permitted to join multiple waitlists for the same course.

When a seat becomes available in a class, a courtesy notification will be sent to the first student on the waitlist through mySierra email. The student will be given 48 hours from the date and time they become eligible to register in the class, or up to 11:59pm on the day prior to the first day of the class, whichever comes first. If the student does not register, they will be removed from the waitlist and the next student on the waitlist will be sent a courtesy notification of an open seat in the class. This process continues until all available seats are filled. It is recommended that students regularly monitor their mySierra email and waitlist status.

Students remaining on a waitlist once the class begins must attend the class. Students failing to attend the first class meeting may lose their places on the waitlist. Faculty who add students on the first and/or second day of class will give students on the waitlist first priority in the order in which the students are listed on the waitlist.

For more information, please contact Admissions and Records (https://www.sierracollege.edu/admissions/).

**Add/Drop Period**
Registration is available during the first two weeks of the fall and spring semesters. Permission to add must be obtained from the class professor. The professor supplies each student with an add code that allows the student to add the course through mySierra web registration or in person at a campus Admissions and Records office. All fees must be paid at the time of registration. Refer to the website for registration details and deadline dates and times.

Late Start and Fast Track classes have class-specific add/drop deadlines. This information is published in the class schedule and may be accessed by clicking on the CRN (course reference number) and reviewing the “Critical Dates for this Course.”

Students receiving financial aid must be enrolled in all classes by majority census to include late start classes. This date is known as Add/ Drop.

Note: Under no circumstances will class registration be processed after the withdrawal deadline.

**Payment Information**
Fees and tuition are due at the time of registration. Students are given a 10 calendar day grace period, after which they will be dropped from the classes for non-payment. Students registering for classes less than 10 days before
the semester begins must have their accounts paid in full before the first
day of the term. If there is an outstanding balance owed on the student
account after the semester begins, a hold will be placed on the record and
the account will be subject to collection. It is the student’s responsibility to
drop from courses they are no longer intending to take.

**Fees and Holds**

Students owing fees after the start of a semester will have holds placed
on their records. Students with holds for unpaid fees, fines, tuition, etc.,
must clear the holds before any future registration will be permitted. Sierra
College reserves the right to use methods permitted by law to collect fees
due, including referral to a collection agency. For further information, please
click here (https://www.sierracollege.edu/admissions/costs.php).

**Enrollment Fee**

Sierra College charges a State-mandated enrollment fee of $46.00 per unit
each semester. Enrollment fees are established by the California State
Legislature and are subject to change.

Recipients of CalWORKs, SSI/SSP, General Assistance, or qualified depen-
dents of deceased or disabled veterans may be exempt from the enrollment
fee. Check with the Financial Aid office prior to registration for fee credits,
fee waivers, grants and other means of financial assistance.

**Health Fee**

The mandatory health fee provides enrolled students with a range of medi-
cal services at the Sierra College Health Centers. The health fee is charged
as follows:

- $22.00 per semester for students enrolled in fall or spring semester
class(es);
- $18.00 for students enrolled in summer session class(es)

Exemptions are given for:

- Recipients of California College Promise Grant fee waiver Type “A”;
- Students enrolled exclusively in contract education classes, noncredit
classes, or Public Safety In-Service Training classes;
- Students enrolled in the special admitance/concurrently enrolled
high school students;
- Students enrolled in the Ghidotti Early College High School Program;
- High school students enrolled in Career and College Access
Pathways (CCAP) and Partnership for Advanced College Enrollment
(PACE) courses;
- Students enrolled at the Tahoe Truckee Unified School District;
- Students exclusively auditing classes;
- Students who are dependent upon prayer for healing (contact an
Admissions and Records office for the exemption form prior to
registration).

**Instructional Materials Fee**

Students may be required to provide instructional materials for a credit
or noncredit course, or purchase such materials from Sierra College.
Approved instructional materials and related fees are published in the
class schedule. Instructional materials fees are collected at the time of
registration.

---

**Nonresident Student Tuition and Nonresident Capital Outlay Fee**

Under state law, all community colleges are required to charge nonresident
tuition to out-of-state residents and international students. The charge for
the 2021-2022 catalog year is $307.00 per unit. Nonresident tuition is in ad-
dition to the enrollment fee.

State residency determinations for specific students, exceptions to
residency determinations, and exemptions shall be determined in
accordance with Education Code and Title 5. (Ed. Code Section
68000-68100, 68130.5, 76140 subd. (a)(4) & (a)(5)).

Contact Admissions and Records or visit our Fees and Expenses
website (https://www.sierracollege.edu/admissions/costs.php) for more
information.

In addition to the enrollment fee and nonresident student tuition,
nonresident students must pay a Nonresident Student Capital Outlay Fee of
$20.00 per unit. Students wishing to apply for an economic hardship waiver
must submit the completed paperwork to an Admissions and Records
office.

**Parking Fee**

Every vehicle using the Rocklin, Nevada County, or Tahoe-Truckee campus
parking facilities must display a valid parking permit, clearly visible through
the driver-side, front windshield of the vehicle, or a valid DMV disabled per-
son license plate or placard. Permits may be purchased through mySierra.
Students receiving financial aid may be eligible to purchase a permit for a
reduced fee. Contact a Financial Aid office for details.

**Regular Semester Fee**

| Standard Permit—Rocklin and Nevada County | $59.00 |
| Standard Permit—Tahoe-Truckee | $48.00 |
| Standard Permit—Financial Aid Eligible | $29.00 |
| Carpool Permit | $39.00 |
| Motorcycle Permit | $18.00 |

**Summer Session**

| Standard Permit—All Campuses | $29.00 |
| Standard Permit—Financial Aid Eligible | $29.00 |
| Carpool Permit | $29.00 |
| Motorcycle Permit | $9.00 |

Daily permits are available for $3.00 per day at permit dispensers located in
campus parking lots. There is no charge for parking from 4:00 p.m. Friday to 11:00
p.m. Sunday.

Parking permits are non-transferable. A parking permit does not guaran-
tee that a parking space will be available. Citations will be issued to ve-
hicles without permits and for violations of district policy and state law.
For more information regarding parking fees, rules, or refunds, contact
the Parking and Security Services office at (916) 660-7120, or visit the
campus parking web page (http://www.sierracollege.edu/about-us/admin-
services/parking/).
Student Body Photo ID Card/Activity Sticker

Students who have paid all registration fees are eligible for Student Body Photo Identification Cards. The cards are issued at the Rocklin Campus library, Nevada County or Tahoe-Truckee Campus Admissions and Records offices. Students are required to have the photo ID to check out materials at the Sierra College Library and to use the Mathematics Laboratory, Testing Center, and Instructional Laboratories. There is no fee for the ID card.

All students are automatically opted in, and pay $10 for the Student Body Activity Sticker each Fall and Spring semester. Students have the option to opt out of the Student Body Activity Sticker during online class registration. The sticker, when affixed to the Student Body ID Card, provides several student discounts and access to certain campus programs. Contact the Rocklin Campus Life Office at (916) 660-7380 for further details on student discounts, including refund information.

Student Center Fee

The mandatory Student Center Fee is designated solely for the purpose of funding and operating a student center. The fee, charged for the fall and spring semesters, is $1.00 per unit, to a maximum of $5.00 per semester. Exemptions are given to:

- Recipients of California College Promise Grant fee waiver Type A; and
- Students enrolled exclusively in noncredit courses.

Student Representation Fee

In accordance with Assembly Bill 1504 – Student Representation Fee, all students are automatically opted in, and pay $2.00 at the time of registration for each semester and summer term. All students are offered an option to opt-out of paying the fee, without providing a reason, prior to being charged the fee. The money collected shall be used to provide support for governmental affairs representatives of local or statewide student body organizations who may be stating their positions and viewpoints before city, county, and district governments, and before offices and agencies of state government. For this fee, $1.00 of every $2.00 collected will be used to support the Student Senate of the California Community Colleges (SSCCC), the statewide community college student organization recognized by the Board of Governors (BOG) of the California Community Colleges.

The SSCCC is a 501(c)3 nonprofit charitable organization that provides students with opportunities to take an active role in higher education advocacy, policy development, and participatory governance. Title 5 §51023.7 grants students the right to participate in the development of those policies and procedures that significantly impact them and the SSCCC is the mechanism for students to participate statewide in policy development. The SSCCC is guided by the delegates from all California community colleges and is recognized as the official voice of the over 2.1 million students by the Board of Governors, legislature, governor, and other education stakeholders. The new funding source will provide the SSCCC with resources to provide greater sustainability, institutional memory, and transparency, as well as funds for student leadership and advocacy training.

Additional Semester Expenses ¹

The following are approximate costs of other fees and expenses for a full-time student for one semester:

<table>
<thead>
<tr>
<th>Item</th>
<th>Cost</th>
</tr>
</thead>
<tbody>
<tr>
<td>Room and Board (on campus)</td>
<td>$3,700.00</td>
</tr>
<tr>
<td>Books and Supplies</td>
<td>$896.00</td>
</tr>
<tr>
<td>Transportation (by car)</td>
<td>$1,300.00</td>
</tr>
<tr>
<td>Personal (clothes, recreation, etc.)</td>
<td>$1,548.00</td>
</tr>
</tbody>
</table>

¹ These are estimates and are subject to change. Personal expenses vary with individual needs and tastes.

Refunds

Enrollment, health and student center fees are refundable to students who are dropped or drop themselves from full-term classes within the first two weeks of the fall and spring semesters. For specific short-term class refund deadlines, students should refer to their printed student schedule/bill or the published class schedule, check their mySierra account, contact their professor or contact an Admissions and Records office. Note: Refunds are not issued to students who drop or are dropped from classes by their professors after the census day.

Nonresident Student Tuition is refundable for reduction of unit load if the student withdraws from full-term classes during the first two weeks of a semester. Short-term classes have their own deadlines.

One-half of Nonresident Student Tuition is refundable if the student completely withdraws from Sierra College within the first six weeks of a semester, or the first two weeks of a summer session. This is not an automatic refund; students must submit a request to the Bursar’s office.

All students receive a Refund Selection Kit after their initial registration in classes. For more information about BankMobile, click here (http://bankmobiledisbursements.com/refundchoices/).

Refunds are automatically processed two to three weeks after the semester begins. For more information, read the Refund Information article (https://solutions.sierracollege.edu/tdclient/1795/Portal/KB/ArticleDet/?ID=74017) on the website.

Parking Permit Refunds

Applications for refunds will be accepted during the first two weeks of a semester or the first three days of a summer session. Applicants must present their parking permit to a campus Parking and Security Services office along with a completed parking refund request form. Allow six weeks for the refund to be processed.

American Opportunity and Lifetime Learning Education Tax Credits

In accordance with the Taxpayer Relief Act of 1997, Sierra College mails Tax Form 1098-T at the end of January to each student who paid enrollment fees in the prior calendar year and was officially enrolled as of the course census date. This information is also provided to the IRS. It is the student’s responsibility to provide proof of payment in accordance with IRS regulations. Please check with a tax preparer to determine if you are eligible for either of these tax credits or contact the IRS directly at (800) 829-1040 or at www.irs.gov (http://www.irs.gov). The records of students who have chosen an assigned identification number are not reported.

Student Enrollment and Attendance

Attendance

Regular attendance and participation in all classes are important student obligations. Attendance is an integral part of student success.

Attendance at First Class through Census Date

Students must attend the first scheduled meeting of each class in which they are enrolled or risk being dropped by the professor. Instructors shall clear their rolls of inactive students no later than the end of the last business day before the census day (typically Monday of the third week for full-term classes). Students who are dropped or drop themselves by the published, class-specific Add/Drop deadline are entitled to a refund.

Attendance During the Semester/Session

A professor has the right to drop any student who has accumulated excessive absences. Generally, excessive absences are defined as 10% of the total hours of class time or the equivalent of two weeks of a full-term class. The application of excessive absences may vary by department and/or instructor according to the demands of the curriculum. Any exceptions to this policy will be communicated to students by professors in the class syllabus. A student dropped by a professor in error may petition for reinstatement to the class. Following the Add/Drop deadline, students who choose to stop attending class(es) retain the responsibility of officially withdrawing themselves from the class(es).

Dropping and Withdrawing from Classes

Students may drop or withdraw from classes online through mySierra or in person at a campus Admissions and Records office. Students should refer to the website for specific drop and withdrawal deadlines.

Full-term classes dropped by the Add/Drop deadline (within the first two weeks of the semester) will not appear on the student's academic record. Short-term and summer session classes have class-specific deadlines which can be found on the student schedule/bill, by checking mySierra, or by verifying with an Admissions and Records office. Instructors shall clear their rolls of “no show” and inactive students no later than the end of the last calendar day before the census day. Students who are dropped or drop themselves by the add/drop deadline are entitled to a refund.

Classes withdrawn from after the add/drop period will appear on the student's record and cannot be removed. It is the student's responsibility to withdraw from classes that they do not wish to attend and to verify that they are no longer enrolled.

A student may withdraw up until the withdrawal deadline for the class. Students enrolled after the last day to withdraw will receive a grade for the class. Students are limited to receiving a “W” and/or a substandard grade (“D”, “F”, “NC”, “NP”) no more than three times for the same course. After the third such enrollment attempt, students will be blocked from additional enrollment. (Excused and Military withdrawals are not included in this limitation.) Please see Administrative Procedure 5075 (https://www.sierracollege.edu/_files/resources/about-us/board/policies/chapter5/Administrative-Procedure-5075.pdf) for more information.

Enrollment Status and Workload

To complete the average Associate degree (approximately 60 units) in two years, students should complete 30 units each academic year. However, for official enrollment verification purposes, students enrolled in 12 or more units per semester are considered full-time, students enrolled in 6-11.5 units are considered half-time, and students enrolled in less than 6 units are considered part-time.

For the summer session, 4 units is considered full-time; however, this does not apply in the determination of financial aid eligibility. Credit is not given for courses in which a student is not officially enrolled.

Students should expect to spend about 2 hours of time studying, reading, and completing assignments for each enrolled unit. For example, a student enrolled in 15 units should expect to spend about 30 hours per week outside of the classroom completing these activities.

Students may not enroll in more than 18 units without submitting an overload request. To be granted an overload of up to 20 units, a student must:

1. Have completed 12 or more units with a 3.0 GPA;
2. Not be on probation;
   a. Be eligible for ENGL 0001A by assessment or satisfactory completion of ENGL 0000N, ESL 0030C, or equivalent; and
3. Have satisfactorily completed ENGL 0001A, ENGL 0001B, ENGL 0001C, ENGL 0011, ENGL 0000N, ESL 0030C, PHIL 0004, or equivalent.

If a student’s GPA is 2.8–2.9 and all other requirements have been met, the student must have completed 30 or more college units.

Students wishing to enroll in 21 units or more, in addition to the above listed requirements, must have a minimum of 18 units completed, 15 of which must have been completed in a single semester, and obtain approval from a counselor and Dean of Enrollment Services.

Honors Courses

Many courses offered at Sierra College may, with the instructor's permission, be taken for honors credit. Students who are interested in a more challenging classroom experience may contract with a willing instructor for honors credit. Completion by a student of the honors contract together with an earned course grade of A or B will result in a notation on the student's transcript indicating that the course was completed "With Honors." For more information, visit the honors page (http://www.sierracollege.edu/student-services/support-programs/honors.php) on the website.

Illness or Emergency Leaves of Absence

Sierra College does not grant medical leaves of absence. Students who are absent for at least two consecutive weeks due to illness should obtain written documentation from their care provider to give to class professors. Regardless of illness, the student is responsible for all missed assignments and examinations.

Open Courses

It is the policy of Sierra College that, unless specifically exempted by statute, every course offered and maintained by the District shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets such prerequisites established pursuant to Title 5.
Overlapping and Multiple Course Enrollment

Students may not enroll in courses which meet at the same or overlapping time. Also, students may not enroll in more than one class section of the same course in the same semester or session. This is also true of courses designated as repeatable, unless the class sections don’t have overlapping time frames.

Prerequisites, Corequisites and Advisories

It is the intent of Sierra College to guide students to courses in which they will have the greatest chance of academic success. Therefore, some courses listed in this catalog have either a prerequisite, a corequisite, or advisory preparation. If no prerequisite, corequisite or advisory information is indicated there are no conditions of enrollment. The following are the definitions for prerequisites, corequisites and advisory preparation:

“Prerequisite” means a condition of enrollment that students are required to meet in order to demonstrate current readiness for enrollment in a course or educational program. “C” is the designated minimum grade for prerequisite courses.

“Corequisite” means a condition of enrollment consisting of a course that students are required to simultaneously take in order to enroll in another course.

“Advisory” means a condition of enrollment that students are advised but not required to meet before or in conjunction with enrollment in a course or educational program.

Prerequisite Clearance Procedures

Students who have met a prerequisite in high school or at another college may submit transcripts for review and prerequisite clearance. All documents, including the Prerequisite Clearance form (available online), should be submitted to Placement and Testing Services, emailed to assessment@sierracollege.edu. Results are available within 3-5 business days after submission and are accessible online via mySierra.

Prerequisite/Corequisite Appeal Procedures

Any prerequisite or corequisite may be appealed by a student on one or more of the grounds listed below:

1. The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite;
2. The student will be subject to undue delay in attaining the goal of his or her educational plan because the prerequisite or corequisite has not been made reasonably available;
3. The student believes that the prerequisite or corequisite has been established in violation of regulations and/or the College’s policy and procedures; or
4. The student believes that the prerequisite or corequisite is unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.

Prerequisite/Corequisite Appeal forms may be obtained at the following locations:

- Placement and Testing Services
- Counseling Centers
- Academic Division Offices.

Transfer of Credit to Sierra College

Advanced Placement Examination

Sierra College accepts Advanced Placement (AP) examinations with scores of three or higher. Currently enrolled students may be awarded up to six units of credit per examination. Credit is awarded for a Sierra College course or courses, as general education credit; or as elective credit.

Students automatically receive credit for AP examinations if official College Board Advanced Placement scores are sent to the College (Sierra College Code=4697). Grades are not assigned and the credit is not used in calculating grade point average. Students are notified when credit is granted. AP credit will not be used to alleviate a substandard grade.

If a student does not want credit, a written request asking that credit be removed from the transcript must be submitted to an Admissions and Records office.

Grade equivalencies:

- A: 4
- B: 3
- C: 2
- D: 1

Credit is awarded for courses with AP scores of three or higher.
Transfer students are cautioned that, regardless of Sierra College policy, some institutions determine Advanced Placement credit based on their own local policies and may recalculate credit. For further information please consult a counselor.

**College-Level Examination Program (CLEP)**

Sierra College accepts College-Level Examination Program (CLEP) examinations with minimum scores of fifty. Currently enrolled students may be awarded three units of credit per examination upon submission of official results. The exception to this is for examinations in languages other than English, as detailed in the following table. Credit is awarded as general education or elective credit.

Sierra College students automatically receive credit for CLEP examinations if official scores are sent to the college. Grades are not assigned and the credit is not used in calculating the grade point average. Students are notified when credit is granted. If a student does not want credit, a written request asking that credit be removed from the transcript must be submitted to an Admissions and Records office.

University of California campuses do not accept CLEP examinations. Transfer students are also cautioned that, regardless of Sierra College policy, some institutions determine CLEP credit based on their own local policies and may recalculate credit. For further information please consult a counselor.

**International Baccalaureate Examination**

Sierra College accepts International Baccalaureate (IB) Higher Level examinations with minimum scores of four or five, depending on the exam.
Currently enrolled students may be awarded three units of credit per examination upon submission of official results. Credit is awarded as general education credit.

Sierra College students automatically receive credit for IB examinations if official scores are sent to the College. Grades are not assigned and the credit is not used in calculating grade point average. Students are notified when credit is granted. If a student does not want credit, a written request asking that credit be removed from the transcript must be submitted to an Admissions and Records office.

Transfer students are cautioned that, regardless of Sierra College policy, some institutions determine IB credit based on their own local policies and may recalculate credit. For further information please consult a counselor.

International Transcript Acceptance
Students wishing to receive credit at Sierra College for courses completed at an international institution must request and pay for an evaluation of their international transcript(s) through one of the following agencies:

- Academic Records Evaluation Center
- Educational Records Evaluation Service
- International Education Research Foundation, Inc.
- World Education Services, Inc.

The evaluation must include a course by course review which determines semester unit value, grade and lower/upper division status. In most cases, students are granted elective credit only for lower division course work completed at international institutions. No credit is granted for upper-division courses. Students wishing to be granted credit for specific Sierra College general education/learning skills or major courses must submit course descriptions in English with course substitution petitions.

International coursework from non-United States regionally accredited institutions cannot be used to meet California State University General Education-Breadth requirements, Intersegmental General Education Transfer Curriculum requirements, and Associate Degree for Transfer requirements. Although international courses may be accepted by four-year universities, evaluation of such courses is determined independently by each transfer institution.

Military Service Credit
A veteran who was on active duty one year or longer and received an honorable discharge may request that 5 units of military training credit be applied to the Health Education/Physical Education associate degree requirement. Credit has no bearing on the student’s GPA and may not transfer to a four-year university. To request credit, students must submit a copy of their DD-214 to an Admissions and Records office or the Veterans Resource Center. Students must submit an application for admission before military credit may be awarded.

Veterans receiving VA educational benefits through the Sierra College Veterans Resource Center must apply for military credit by the end of their second semester of enrollment, regardless of the number of units completed at Sierra.

Transcripts from Other Colleges and Universities
Official transcripts from United States regionally accredited institutions are evaluated for acceptance of all lower-division degree-applicable credit courses. Once an official transcript is received, it becomes the property of Sierra College. Qualifying transcripts shall become part of the student’s permanent academic record. Appropriate units and subject content will be applied to major and general education areas to meet Sierra College graduation requirements and may not be removed. When course repetition occurs, the last grade and credit earned from an accredited institution will be included in the computation of the grade point average. Students should meet with a counselor to determine which courses fulfill Sierra College’s degree and/or certificate requirements.

Transfer credit is also used to fulfill prerequisite requirements. To ensure timely and accurate posting of transfer courses, students should submit their sealed official transcript(s) to a campus Admissions and Records office early in the application process. A Transfer Credit Request should also be submitted.

High School Articulation
High school articulation is a planned process linking programs and services to assist students in making smooth transitions from secondary to postsecondary levels without experiencing delays or duplication of learning. High school articulation agreements have been developed with many area high school and ROP programs which make it possible for students to gain college credit for specified courses once they have enrolled at Sierra College and have completed other requirements of the agreement.
California Dream Act
Sierra College participates with the California Dream Act to help determine financial aid eligibility for students admitted under AB 540 regulations. The California Dream Act application may be completed at https://dream.csac.ca.gov/. The application deadline is March 2 each year.

Academic Year
Academic programs are calculated in units and measured by semesters. Sierra College has established two 16-week semesters (fall and spring), and one 8-week summer session per academic year. This meets the federal 30-week minimum academic year definition.

This definition is important for financial aid purposes because it affects calculation of payment periods. Sierra College makes financial aid payments based on the semester rather than by weeks or classes attended.

Financial Aid Programs
When students apply for financial aid, the funds usually come from more than one source (federal, state, private, etc.). This combination of financial resources is referred to as packaging. State programs are always subject to an approved State budget.

Sierra College participates in the following financial aid programs:
- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- Federal Work Study
- William D. Ford Federal Direct Loan Program
- California College Promise Grant (CCPG) (Formally BOGFW)
- Cal Grant B and C
- Extended Opportunity Programs and Services (EOPS) Grants
- CARE Grants
- TRiO Grants
- NextUp (CAFYES)
- Full-time Success Grant for Cal Grant students
- Completion Grant
- Scholarships
- Promise Grant (AB19/AB2)

For more information on Financial Aid programs offered by Sierra College, please see our website (https://www.sierracollege.edu/student-services/financial-aid.php).

Pell Grant Lifetime Maximum
Effective fall 2012, students can only receive Pell Grants for 6 years or 12 semesters of full-time enrollment at all 2 and 4 year schools across the nation. Sierra College defines full-time enrollment as 12 or more units. Students enrolled less than full-time will have their lifetime eligibility adjusted accordingly. The maximum students can use in a lifetime is 600%. Students planning to complete a program and/or transfer within two years must complete 30 units per year or 15 units per semester.

Financial Aid Satisfactory Academic Progress (SAP)
Federal regulations require that all financial aid recipients make financial aid satisfactory academic progress and remain in good academic standing. At Sierra College, academic progress is reviewed at the end of each...

Determining Enrollment Status
Prior to each financial aid disbursement, the Financial Aid office verifies the number of units in which students are enrolled. For Fall 2021, students must be enrolled in all units by September 6, 2021. For Spring 2022, students must be enrolled in all units by February 6, 2022.

Enrollment status is defined as the number of units in which a student is enrolled at the final disbursement for the semester. Completed units mean that credit was received for the enrolled classes. Classes in which a student receives an "F", "I", "NF", "MW", "EW", or "W" are not counted as completed units for satisfactory academic progress, but are counted as units attempted.

To be considered as making satisfactory progress, students must complete 67% of all enrolled courses with a 2.0 cumulative GPA. Units earned through credit by examination are not counted for financial aid purposes.

Maximum Time Length and 90 Unit Limitation
Federal regulations allow students to receive aid for 150% of the published length of an undergraduate program. Because students can earn a degree by completing 60 units, students may receive aid for a maximum of 90 units, including accepted transfer units. Up to 30 units of remedial coursework, including ESL courses, are deducted. Students terminated from financial aid due to the maximum unit limit may appeal to the Financial Aid Advisory Committee (FAAC).

Repeated Coursework
Repeated coursework that falls under the following conditions cannot be included in enrollment status for Title IV Federal Aid eligibility:

- Repeating a previously passed course more than twice. A grade of D or better is considered passing.
- Repeating a previously passed course due to failing other coursework.

Remedial (including ESL) Coursework
Remedial and ESL courses are considered the same as credit courses for tuition, full-time academic standing, and SAP and are included in the 67% completion requirement. Financial aid may be paid for a maximum of 30 remedial units.

Transfer Units
It is the student’s responsibility to request transcripts from previously attended institutions if choosing to apply any units toward the current educational objective. Upon the student’s request, transcripts from regionally accredited colleges will be evaluated and all units applicable to the current educational objective will be counted when calculating the maximum time length for financial aid. All units attempted, even if earned before the student was receiving financial aid will be considered toward the maximum time length.

Definitions
Good: Students are considered in good standing if they complete at least 67% of all enrolled units and earn a 2.0 GPA or higher for the semester.

Warning: Students are placed on warning status if they complete less than 67% of all enrolled units for the semester. Students are removed from warning at the end of the next semester if they complete at least 67% of their units with a 2.0 GPA.

Termination: Students are terminated if they were on warning from a previous semester and then completed less than 67% of the courses for which aid was provided or if their cumulative GPA was less than 2.0.

Probation: Students are placed on probation if they receive an approved reinstatement petition. Students may continue on probation if their cumulative GPA is below 2.0 but their term GPA is above 2.0. This is considered making progress term-by-term. Students may be removed from probation if they complete at least 67% of their units and achieve a cumulative GPA of 2.0. Students placed on maximum unit probation may receive federal student loans.

67% Completion Rate: Students must pass at least 67% of their coursework each semester.

Financial Aid Termination: Students exceeding their maximum time length (90 attempted units), not completing the required number of units, or earning a cumulative grade point average of less than 2.0 may be terminated from financial aid. Students terminated because of insufficient units completed or a GPA deficiency will not receive further financial aid until they have filed and received an approved Reinstatement Petition.

Appeal Procedures: Any student who has been terminated from financial aid may submit an appeal to the Financial Aid Advisory Committee (FAAC). Students will need to complete the appeal within Campus Logic and upload all supporting documents. Appeals are reviewed and approved or denied based on individual circumstances and the student’s proposed course of action. If approved, financial aid may only be provided for courses listed on the Student Education Plan.

Students reaching the maximum time length of 90 units attempted may submit a written appeal to the FAAC. If approved, financial aid will be given for a specific length of time.

Financial Aid Disbursement and Refunds
All financial aid is refunded to students through the Bursar’s Office. Financial aid funds will first be used to satisfy any student debt owed to Sierra College. Any remaining balance goes directly to the student by the refund preference selected by the student through BankMobile. For more information about BankMobile, click here (http://bankmobiledisbursements.com/refundchoices/).

The first refund of financial aid (grants, federal student loans, and scholarships) to eligible students is the week following the add/drop period. For the fall and spring semesters, this is the end of the third week of the semester. For students who apply or complete their files after the third week, financial aid is usually ordered once a week. Orders are processed Monday mornings and direct deposit is normally completed by Thursday evening of the same week.

Pell Grants must be paid at the level of units in which students are enrolled at the end of the add/drop period for the semester. Students adding a class after the add/drop deadline will not receive Pell funds for the additional units to include any late start classes.

Federal Direct Student Loans are issued in two refunds. If a student loan covers fall and spring, the second refund will be available the third week of the spring semester, as long as the student is eligible and enrolled in 6 or more units. If the student loan covers only one semester, the second refund...
will be available after the withdrawal deadline has passed, as long as the student is still enrolled in 6 or more units.

Students who are first-time, first-year borrowers must wait until 30 days after the semester has begun to receive their first refund.

Scholarships are issued in two refunds; half for fall and half for spring.

Selective Service

All males under the age of 26 must register with the Selective Service. Failure to do so may jeopardize student eligibility for federal financial aid.

Student Services and Resources

Bookstores

The Sierra College bookstores are committed to providing the highest quality service to meet the needs of students, faculty, staff and the community of Sierra College.

Textbooks for classes at all campuses may be ordered online at the bookstore web page (http://sierra.bncollege.com). Sierra College merchandise, including t-shirts, sweatshirts, and Wolverine gift items may also be ordered online. Refund/return policy information is available at any location.

Selling Books

Books may be sold back at any time for up to 50% of the original selling price. The best time to sell is at the end of each semester when the bookstore purchases textbooks for the upcoming term. A Sierra College Student Body ID is required. No receipt is necessary and it doesn’t matter where the books were purchased. Instructor and international editions cannot be sold.

Rocklin Campus Bookstore Hours and Information

Monday—Thursday, 7:30 a.m.–6:30 p.m., Friday, 7:30 a.m.–12:00 p.m. Extended hours—first and last week of each semester; check the website for current hours. For further information call (916) 660-8200.

Nevada County Campus Bookstore Hours and Information

The NCC bookstore will be open on a limited basis for the first 3 weeks as well as the last week of each semester. For further information call (530) 274-5305.

Tahoe-Truckee Campus Bookstore Services

Books for Tahoe-Truckee classes are available at the Rocklin Campus Bookstore or can be ordered online. Orders for Tahoe-Truckee students must be shipped to the customer street address (no P.O. Boxes) or picked up at the Rocklin campus. For further information call (916) 660-8200.

Cafeteria/Campus Dining

The Rocklin campus cafeteria is housed in the Campus Center. Hot and cold food service available in the cafeteria includes: deli bar, grill, pizza and a coffee bar. Hours are subject to change; see the website for current hours.

The Nevada County campus cafeteria, located in the “C” building, provides a variety of food services Monday through Thursday, including vending machines.

CalWORKs

The CalWORKs program provides support services focused on helping Temporary Assistance for Needy Families (TANF)/cash aid recipient students obtain the necessary education and skills to begin and enhance their career growth and achieve long-term economic self-sufficiency. The program provides eligible students with counseling, work study opportunities for on-campus employment, assistance with campus services and referrals to public and private agencies as needed. The CalWORKs program objective is to assist students in achieving their educational and occupational goals. CalWORKs students may contact the Sierra College CalWORKs office at (916) 660-7367 or (530) 274-5322 in order to ensure that they meet their county CalWORKs requirements and can remain at Sierra College for educational training. Sierra College CalWORKs is not part of the county welfare department.

Career and Transfer Connections

Career and Transfer Connections partners with students, faculty and staff, industry professionals, and four-year university representatives to facilitate connections that support students’ career and transfer preparation. We help students gain career experience, earn credit for an internship, develop professional skills, learn about 4-year university resources, meet with 4-year university representatives, and complete university transfer applications. Our goal is to empower students with knowledge and equip them with tools to achieve their goals. For more information, visit sierracollege.edu/ctc, email ctc@sierracollege.edu, or call 916-660-7481.

Child Development Services

Sierra College partners with several educational agencies to provide child development programs for college students and the local community. Sierra College Child Development Centers serve as teacher training lab sites for Sierra College students who are pursuing careers working with children and families. All centers are staffed by certificated, nurturing teachers who view learning as an active, engaging process that provides ample opportunities for exploration, hands-on experiences, and decision-making in a content rich setting.

Sierra College, in partnership with the Placer County Department of Education, Early Childhood Education Department, offers State Preschool programs at no cost to income eligible families. These programs, serving 3-5 year-olds, are offered on the College’s Rocklin Campus, the “Little Blue House” in Lincoln and at Rock Creek Elementary School in Auburn. State Preschools operate a three-hour morning and three-hour afternoon session, with full-day options at Rock Creek.

The Sierra College Nevada County Campus Child Development Center, in partnership with the Nevada County Superintendent of Schools, offers two programs at no cost to income eligible families. The State Preschool/Head Start program is offered for seven hours a day, and the toddler program for 18–36 month-olds is offered year round with full-day care.

For hours of operation and further information, contact the following:

- Placer County Office of Education, Early Childhood Education: (530) 745-1380
- Nevada County Campus Child Development Center, Grass Valley: (530) 274-5350
Cooperative Agencies Resources for Education (CARE)

The CARE program provides services for those EOPS students who are single heads of household, receiving CalWORKs cash aid, and have at least one child under the age of fourteen. Students may also be eligible if a dependent child in the family receives CalWORKs cash aid.

CARE students may receive, in addition to the services provided to EOPS students, an additional financial aid grant to be used for educationally related expenses such as child care, textbooks/school supplies, and transportation. Contact the Rocklin EOPS office at (916) 660-7366, or the Nevada County EOPS office at (530) 274-5306 for further information and application assistance.

Counseling Services

Sierra College counselors provide academic advising, career, transfer, personal, and crisis counseling to students. Typical areas of concern to students are choosing majors or careers that are appropriate to their interests, abilities and values; coping with personal problems that may be causing stress; and selecting courses in the proper sequence to meet requirements and educational goals. Counselors also teach classes designed to facilitate personal growth, college success and career exploration. See the Personal Development department in this catalog.

In-person counseling is available by appointment and on a drop-in basis at each of the following locations. For appointment information call:

Rocklin Campus (916) 660-7400
Nevada County Campus (530) 274-5303
Tahoe-Truckee Campus (530) 550-2225

Online counseling services are available through the online counseling center on the website.

Disabled Students Programs and Services

Disabled Student Programs and Services (DSPS) is designed to assist students with disabilities so that the students may have access to all programs and activities on campus. The primary goal of DSPS is to encourage and promote independence in students so they may achieve their full potential. DSPS offers a number of specialized programs to help students with their academic, vocational, and career planning goals. 1) DSPS counselors are available to answer questions, help solve problems, and authorize accommodation services to mitigate students’ disability-related educational limitations. Students with disabilities are encouraged to meet with a counselor and become familiar with the services available to them. 2) The Learning Opportunity Center provides educational assessment, study strategies training, appropriate accommodations, and other support for students with learning disabilities. 3) Assistive Computer Technology (ACT) provides training in the use of adapted computer technology for word processing, internet access, and other applications integral to academic success and compensatory strategies. It also provides instructional material in accessible format and other alternate media services as appropriate to students with disabilities.

- For the Rocklin Campus or Roseville Center, call (916) 660-7460.
- For the Nevada County Campus or Tahoe-Truckee Campus, call (530) 274-5303.
- Tahoe-Truckee Campus call, (530) 550-2225

For more information please visit the DSPS website (https://www.sierracollege.edu/student-services/support-programs/dsps/).

Distance Learning Courses

Distance learning courses are full-credit courses which allow students to complete college studies from the convenience of their own home. These courses are especially appealing to students with busy schedules who have a difficult time coming to campus on a regular basis. Online courses may be accessed from anywhere at anytime through an Internet connection. Instructors typically distribute course content on a weekly basis and require students to maintain a high level of interaction throughout the course. Hybrid courses, which are a combination of online and on-ground formats, are also offered.

Distance learning support is located in the Learning Resource Center on the Rocklin and Nevada County campuses, and in the library on the Tahoe-Truckee campus. For more information, please the Distance Learning website (http://www.sierracollege.edu/distancelearning/).

Extended Opportunity Programs and Services (EOPS)

EOPS is a student success program that provides access to a college education and assistance with reaching an educational/career goal for those individuals affected by language, economic and social disadvantages. Eligible students may receive academic, career and personal counseling, specialized orientation, free tutoring, financial aid assistance, priority registration, help with the cost of books, transportation assistance, cafeteria meal cards and other services designed to support the student to stay in school and achieve their goals. Prescriptive/comprehensive Student Educational Plans (SEP) are developed for each EOPS student as part of the specialized counseling services provided by the program.

Students must meet certain income and educationally disadvantaged criteria to receive services. Contact the Rocklin EOPS office at (916) 660-7366, the Nevada County EOPS office at (530) 274-5306, or go to the EOPS web page (http://www.sierracollege.edu/student-services/support-programs/eops.php) for further information.

Food Pantry

The Food Pantry is open to all Sierra College students experiencing food insecurity regardless of income. The Food Pantry’s stock consists of non-perishable items such as cereal, canned goods, pasta, peanut butter, etc. For more information contact Campus Life at (916) 660-7380, or visit the Food Pantry website (https://www.sierracollege.edu/student-services/campus-life/pantry.php).

Guardian Scholars

The Guardian Scholars program provides services to current or former foster youth attending Sierra College. The program’s goal is to equip and empower students to succeed academically, through services that include counseling, textbook assistance, on-campus housing, care packs, college transfer assistance, as well as helping students navigate the many life and financial challenges that are barriers to their success.

Health Services

Sierra College Health Centers offer a wide variety of services. Nurse practitioners, licensed therapists, and a physician staff the clinics. Students are encouraged to utilize these services, which include:
• Education about healthy living and disease prevention
• Evaluation and treatment of students, who are ill, injured or need family planning
• Referrals to on-campus and community resources
• Laboratory testing
• Mental health therapy
• Immunizations
• Physical examinations.

Students must be registered in and actively attending classes to be eligible for services at a health center.

The Rocklin Campus Health Services Clinic is located in the Winstead Center. For further information call (916) 660-7490.

The Nevada County Campus Health Services Clinic is located in N3-101. For further information call (530) 274-5317.

**Housing**

Sierra College is one of the few community colleges in California that offers the unique experience of residence hall community living on our Rocklin campus. North Hall is a two-story co-ed residence hall. A total of 121 students live in double occupancy rooms; two double rooms share a bathroom. Facilities that are available for residents include a large recreation room, kitchenette and laundry room. Basic utilities are included as well as a meal plan for use in the cafeteria and select restaurants off-campus. In-room telephones and cable services are not included. Since campus housing is limited, Housing Interest Forms should be submitted as early as possible. Campus Housing Interest Forms and information may be obtained by calling the Housing office at (916) 660-7389 or online at www.sierracollege.edu/housing (http://www.sierracollege.edu/housing/). The Housing office is located in the Z Building.

**Learning Opportunity Center**

Sierra College offers a strong support program for students with verified learning disabilities. Services are provided to assist students in developing the skills they need to meet the academic demands of college and benefit fully from their educational experience.

A learning disability affects the information processing systems of individuals with average or above intelligence. This interference may affect intake, retention, retrieval, or expression of information. Students who have not yet been identified as being eligible for services as adults with a learning disability are evaluated individually through the LRDS 0610 assessment course.

The Learning Opportunity Center also offers resources for learning strategies, individual appointments to help students identify steps for improvement, screenings to indicate the possibility of ADHD, and referrals to other departments as needed for student support.

For further information regarding this program please call the Rocklin campus at (916) 660-7452, or the Nevada County campus at (530) 274-5330.

**Learning Resource Center**

The Rocklin campus Learning Resource Center includes the Library and Learning Commons, which provide a myriad of services including technology help, textbook reserves, and research and writing consultations and assistance. Within the space, students can take advantage of over 80 open-access computers, as well as collaborative working spaces, group study rooms, and quiet study areas. The library collection consists of over 85,000 print and 200,000 electronic books, and around-the-clock access to magazines, journals, newspapers, streaming films, and eBooks through subscription databases. Librarians are available to assist students in-person and online with research questions. The library website (https://www.sierracollege.edu/library/) also offers online research guides and information literacy tutorials.

While classes are in session during the fall and spring semesters, the Rocklin campus library is open Monday through Thursday from 7:30 a.m. to 8:00 p.m., Friday from 7:30 a.m. to 4:00 p.m., and Sunday from 12:00 p.m. to 8:00 p.m. These hours vary during the summer sessions and holiday weeks; see the library website (https://www.sierracollege.edu/library/) for current hours.

The Nevada County campus library occupies a two-story building and provides a full range of library services, as well as serving as the campus testing center. A faculty librarian is at the reference desk most of the library’s open hours. The open stack book and media collections shelve 15,000 titles and 30 print periodicals. Computers are available for research and homework. The library is open during the fall and spring semesters Monday through Thursday, 9:00 a.m. to 6:30 p.m. and Friday, 9:00 a.m. to 12:00 p.m. Summer session and holiday week hours are as announced.

The Tahoe-Truckee campus provides a range of library services in the Learning Center. While fall and spring classes are in session, hours are Monday through Thursday from 10:00 a.m. to 6:30 p.m. and by appointment.

**NextUp (CAFYES)**

NextUp, also known as CAFYES (Cooperating Agencies Foster Youth Educational Support) provides enhanced support and services to eligible current and former foster youth attending Sierra College. The additional services may include:

• Housing Assistance Grant
• Monthly NextUp (CAFYES) Grant
• Emergency Shelter Assistance
• Additional funds to buy required textbooks/materials
• Additional funds to buy school supplies
• Monthly Disbursements of: Grocery Food Cards, Meal Cards, Gas Cards or Bus Passes
• Transportation Assistance
• Specialized Counseling and Supportive Success Coach-Advocate

**On-Campus Student Jobs**

The Financial Aid offices at the Rocklin and Nevada County campuses assist currently enrolled Sierra College students in obtaining part-time jobs on campus. Currently, the college offers three on-campus employment programs. These are:

• Federal Work Study—Students must qualify under Federal guidelines by completing the FAFSA.
• District Student Help—This program is to assist students who do not qualify for Federal Work Study. Students must be enrolled in at least six units and maintain a 2.0 GPA.
• CalWORKs Work Study—Students must be currently receiving TANF or CalWORKs Assistance.
All programs pay on the student employee wage scale. Each program has special enrollment and academic requirements.

For further information regarding these programs, contact the Rocklin campus Financial Aid office at (916) 660-7310 or the Nevada County campus Financial Aid office at (530) 274-5346.

Parking and Security Services
The District Parking and Security Services office is located in building X1, Room 1 on the Rocklin campus. Parking and Security Services at the Nevada County campus is located in the N1 building. Security Officers are responsible for enforcing parking regulations, responding to emergencies, locking/unlocking facilities, providing public assistance, and providing security escorts. Information regarding security policies and campus crime statistics, as required by the Clery Act, is available on our website (https://www.sierracollege.edu/about-us/visit/security.php).

Dial 911 for an emergency, or dial extension 7120 for a non-emergency, from any of the help phones located throughout the Rocklin and Nevada County campuses. To contact the Rocklin office from non-campus phones, dial (916) 660-7120. The Nevada County Campus Parking and Security Services office may be reached at (530) 274-5323.

Placement and Testing Services
The Placement and Testing Services Center provides course placement, prerequisite clearance and make-Up testing.

The center serves all Sierra College students and provides accommodations for students with disabilities.

For further information please visit the testing web page (https://www.sierracollege.edu/student-services/placement-testing/).

Puente Program
Puente (Spanish for bridge) is a national model for student success and has provided tens of thousands of California students with the support to make college a reality. Students achieve success by graduating from Sierra College, enrolling in four-year colleges and universities, earning degrees, and eventually returning to the community as leaders and mentors to future generations. The Puente learning environment offers support in which students work one-on-one with a Counselor, English professor, and mentor to prepare for transfer. Coursework and cultural enrichment activities are included throughout the program and focus on the cultural experiences of the Mexican American/Latino community.

The Puente Program is co-sponsored by the University of California and the California Community College Chancellor’s Office. Applications and enrollment eligibility information (https://www.sierracollege.edu/student-services/support-programs/puente.php) are available on the Sierra College website or by contacting a campus Counseling department.

RISE
RISE is a multicultural support program serving historically underrepresented scholars earning an associate’s degree, career certificate, and/or transferring to a university. RISE scholars also join cultural learning communities that promote events, workshops, and field trips inclusive of Black and African-American, Latinx, multi-cultural, and LGBTQ+ experiences. For more information send an email to RISE@sierracollege.edu.

Sierra Promise
Sierra Promise is a commitment to provide local high schools students the opportunity to go to college. Students are encouraged to complete a FAFSA or California Dream Act Application, register for the maximum semester units for their education plan and participate in registration and orientation events sponsored by Sierra Promise. In return, students receive guided assistance through the enrollment process, receive priority registration for their first semester, and are connected to student success programs for additional academic and financial resources. For additional information please visit the Sierra Promise website (https://www.sierracollege.edu/admissions/promise.php).

Student Engagement Centers
Sierra College offers three distinct Student Engagement Centers (SECs):

- the Cross Cultural Center;
- the Pride Center; and
- the Women and Gender Resource Center.

The SECs provide cross-cultural, LGBTQIA, and gender intersectional programs and services to historically marginalized, underserved, and underrepresented students. These spaces, within the larger community of learners, provide leadership development training, student employment, and co-curricular activities beyond the classroom that support the academic experience for all students.

Please visit all three centers during the fall and spring semesters, Monday-Thursday 11:00 a.m. to 6:00 p.m. The Cross Cultural Center is located in K1, the Pride Center is located in I-4, and the Women and Gender Resource Center is located in I-1.

For more information, contact the Student Engagement Center at (916) 660-7550 or email sec@sierracollege.edu.

Success Center
The Success Center aligns with Interest Areas, which are groups of related academic programs offered at Sierra College. Services are designed to bridge the gaps between continuing students’ needs and the various campus resources, programs, and services Sierra College provides to help students succeed. Services include: tracking academic goals, exploring careers and interest areas, and assistance navigating Rocklin Campus programs and resources. The Success Center is located in the Learning Resource Center in room LR 444. For more information, contact the Success Center at (916) 660-7520, or email successcenter@sierracollege.edu.

TRiO Student Support Services
TRiO Student Support Services (TRiO SSS) is a federally funded program that helps students overcome class, social, and cultural barriers to education. TRiO supports first-generation college, low-income, and students with documented disabilities in achieving an associate degree and/or transferring to a four-year university. Eligible students may receive specialized academic counseling, personal counseling, a comprehensive academic map, priority registration, help with the cost of textbooks, campus tours to four-year universities, free additional tutoring, free off-campus events, a laptop, an educational technology loan, and education regarding budgeting for college. Students must meet specific eligibility requirements to be selected for services. For more information, contact the Sierra College TRiO office at (916) 660-7376, or go to the TRiO web
policies and requirements: 

Students receiving GI Bill benefits are subject to the following general support-programs/veterans.php located in the Learning Resource Center the Rocklin campus or educational benefits. The Sierra College Veterans Success Center is to veterans and their dependents who are eligible for various services/support-programs/umoja.php are available on the Sierra College website or in the Rocklin campus Counseling Center. For additional information, contact Tonya Times at ttimes@sierracollege.edu.

Umoja Learning Community

The Umoja Learning Community is open to all students and is designed to increase the retention and success rates as well as the graduation and transfer rates of African ancestry students. Umoja (a Kiswahili word meaning unity) is dedicated to enhancing the cultural and educational experiences of Black and African American students, seeking to educate the whole student—body, mind and spirit. The curriculum focuses on improving reading, writing, self-discipline and critical thinking skills. Umoja also provides assistance with the personal issues that often hinder Black and African American students in an educational setting. Benefits of participating in the Umoja program include a strong support system, integrated instruction, tutoring, motivational/cultural workshops and college campus tours, book loan program, and mentorship with campus faculty/staff and community members. Applications and enrollment eligibility information (https://www.sierracollege.edu/student-services/support-programs/umoja.php) are available on the Sierra College website or in the Rocklin campus Counseling Center. For additional information, contact Tonya Times at ttimes@sierracollege.edu.

Veterans Success Center

The Sierra College Veterans Success Center provides assistance to veterans and their dependents who are eligible for various educational benefits. The Sierra College Veterans Success Center is located in the Learning Resource Center the Rocklin campus or room N1 223 at the Nevada County Campus. For more information, please visit our website (https://www.sierracollege.edu/student-services/support-programs/veterans.php).

Students receiving GI Bill benefits are subject to the following general policies and requirements:

- Each program change requires an appointment with the Veterans Counselor to obtain an education plan.
- Academic progress toward the stated degree objective must be satisfactory. For details, see the Probation and Dismissal sections of this catalog. Failure to maintain a 2.0 GPA may result in termination of benefits.
- Adds, drops, changes of address, etc., must be reported to the Veterans Resource Center.

Students may receive credit towards degree requirements for training completed while in the military. Please submit transcripts to Admissions and Records. These may include Joint Services Transcript (JST); Sailor/ Marine American Council on Education Registry Transcript (SMART); Army and American Council on Education Registry Transcript Service (AARTS); Community College of the Air Force (CCAF) transcript; Coast Guard Institute (CGI) transcript; official transcripts from DANTES/USAFI; Defense Language Institute Foreign language Transcripts (DLIFLC); Defense Manpower Data Center (DMDC) DILPT Examinee Results; DA Form 330 Language Proficiency Questionnaire; or verified copies of DD214 or DD295 military records.

Veteran Dependent Exemption: Those children and spouses of U.S. veterans with service connected disabilities or U.S. veterans who died in service or from service-connected disabilities may be eligible for a college fee waiver. For more information contact your county Veterans Services Office or the California Department of Veterans Affairs.

Veterans Access, Choice and Accountability Act (VACA H.R. 3230)

"Covered individuals" who meet the eligibility criteria as defined in the VACA Act are exempt from nonresident tuition:

1. A veteran who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within three years of discharge from a period of active duty service of 90 days or more.

2. An individual who is entitled to rehabilitation under 38 U.S.C 3102(a).

3. A spouse or child entitled to transferred education benefits who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within 3 years of the transferor’s discharge from a period of active duty service of 90 days or more.

4. A spouse or child using benefits under the Marine Gunnery Sergeant John David Fry Scholarship (provides Post-9/11 GI Bill benefits to the children and surviving spouses of service members who died in the line of duty while on active duty) who lives in the state in which the institution of higher learning is located (regardless of his/her formal state of residence) and enrolls in the school within three years of the Service member’s death in the line of duty following a period of active duty service of 90 days or more.

5. After expiration of the 3-year period following discharge or death as described in 38 U.S.C.3679(c), a student who initially qualifies under the documentary evidence should correspond to dates of physical presence in California. Applicable requirements above will maintain “covered individual” status as long as he or she remains continuously enrolled (other than during regularly scheduled breaks between courses, semesters, or terms) at the institution, even if the student enrolls in multiple programs, and shall continue to be exempt from paying nonresident tuition and other fees.
Writing Center

The Sierra College Writing Centers provide students with professional support and guidance in all writing projects, regardless of course level or assignment complexity. Students may come to the Writing Center, second floor, Learning Resource Center at the Rocklin Campus, or Room N2-202 at the Nevada County Campus, for these services.

The Writing Center staff is committed to helping all students complete writing assignments successfully and on time, regardless of the student’s academic preparation or language background. For further information, call (916) 660-7230 or (530) 274-5265, or email writingcenter@sierracollege.edu.

Student Activities

Associated Students of Sierra College

All students become members of the Associated Students of Sierra College (ASSC) upon enrollment and are guaranteed equal and unbiased representation by the elected representatives of the Student Senate.

Campus Activities

Learning opportunities for Sierra College students extend beyond the classroom to the many extracurricular opportunities available at district campuses. The ASSC provides avenues to develop leadership skills and provide service to the college and the community while exploring a wide range of ideas and perspectives.

The Student Senate is the formal voice of the students and provides the opportunity to participate in the shared governance of Sierra College. The officers of the Student Senate represent the students to the faculty, staff, and Board of Trustees.

Student clubs enhance the college experience through student involvement in specialized fields of interest associated with an academic major, a personal interest in a particular activity, or service to the college or the community. See the complete list of campus clubs (http://www.sierracollege.edu/student-services/campus-life/clubs/) on the website.

The Campus Life office, located in J-7 at the Rocklin campus and NS-104 at the Nevada County Campus, is a resource center dedicated to enhancing the educational experience for all students. The Campus Life program provides pathways for students to become informed, educated leaders and citizens.

Athletics

Sierra College supports opportunities for student athletes to continue their pursuit of individual goals academically and athletically by providing a quality program of intercollegiate competition for men and women. Wolverine teams compete in the following:

Men’s Sports—baseball, basketball, football, golf, swimming and diving, water polo and wrestling;

Women’s Sports—basketball, beach volleyball, cross country, golf, soccer, softball, swimming and diving, tennis, track, volleyball, and water polo.

Sierra College is a member of the California Community College Athletic Association and competes in the Big 8 Conference and the Northern California Football Conference’s National NorCal Division. Other members of the Big 8 Conference include American River, Cosumnes River, Diablo Valley, Folsom Lake, Modesto, Sacramento City, San Joaquin Delta and Santa Rosa. Other football teams competing in the NorCal Division include American River College, Butte College, College of the Siskiyous, Feather River College, and Sacramento City College.

Any student interested in participating should check with the various coaches or the athletic director regarding special rules covering residence, number of units carried, transfers, etc. For information, call (916) 660-8100.

Honor Society

Sierra College students who have completed 12 units of degree applicable credit at Sierra College with a 3.5 GPA are eligible to join the college’s Beta Mu Zeta chapter of Phi Theta Kappa International Honor Society of the Two Year College. The purpose of Phi Theta Kappa is to recognize and encourage scholarship among two-year college students. Phi Theta Kappa provides opportunities for the development of leadership and service, for an intellectual climate for exchange of ideas and ideals, for lively fellowship for scholars and eligibility to apply for Phi Theta Kappa Transfer Scholarships. For additional information, visit the honors page (http://www.sierracollege.edu/student-services/support-programs/honors.php) on the website.

Associate Degree and Certificate Information

Associate in Arts for Transfer/Associate in Science for Transfer Degrees

California community colleges offer associate degrees for transfer to the California State University system. These degrees are designed to provide clear pathways to CSU majors and baccalaureate degrees. Students awarded associate degrees for transfer and meeting the CSU minimum transfer admission requirements are guaranteed admission with junior standing within the CSU system. Students are also given priority admission consideration to their local CSU campus, or to a program that is deemed similar to the community college major. This priority does not guarantee admission to a specific major or campus.

Students awarded associate degrees for transfer are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units.

For more information about associate degrees for transfer, go to www.adegreewithaguarantee.com (http://www.adegreewithaguarantee.com/).

Students should consult with a counselor for information on university admission and transfer requirements and to develop an educational plan...
that best meets their goals and needs. The following requirements apply for AA-T or AS-T degrees:

1. Completion of major requirements with grades of “C” or better.
2. Completion of 60 CSU-transferable semester units, 12 of which must be completed at Sierra College. (Units received through credit by examination do not count toward the 12-unit residency requirement.)
3. A minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA.
4. Certified completion of either the California State University General Education Breadth Requirements (CSU GE) (p. 300), or the Intersegmental General Education Transfer Curriculum (IGETC) (p. 307). (Students transferring to a CSU campus using IGETC must complete Area 1C Oral Communication to be eligible for admission.) **NOTE:** IGETC is the only approved option for the Biology for Transfer, Chemistry for Transfer, Computer Science for Transfer, and Environmental Science for Transfer degrees.

**RESTRICTION:** International coursework from non-United States regionally accredited institutions cannot be applied to associate degrees for transfer.

**Associate of Arts/Associate of Science Degrees**

Students planning to graduate with an associate degree must:

1. Complete major requirements with grades of “C” or better.
2. Complete a minimum of 60 degree-applicable semester units, 12 of which must be completed at Sierra College. (Units received through credit by examination do not count toward this requirement.)
3. Earn a minimum grade point average of at least 2.0 in all degree-applicable coursework.
4. Complete one of the following three general education patterns:
   a. Sierra College Associate Degree Requirements (p. 292);
   b. California State University General Education Breadth Requirements (CSU GE) (p. 300); or
   c. Intersegmental General Education Transfer Curriculum (IGETC) (p. 307).

**Note:** Students who possess a baccalaureate or higher degree completed at a college or university accredited through a CHEA (Council for Higher Education Accreditation) recognized Regional Accrediting Agency will have satisfied Sierra College general education and competency requirements for the Associate of Arts or Associate of Science degree.

**Certificates of Achievement**

A certificate of achievement is designed to demonstrate that a student has completed coursework and developed capabilities relating to career or general education. Certificates of achievement require a minimum of 16 units. Students must:

1. Earn grades of “C” or better in all required courses.
2. Complete at least 50% of the required coursework at Sierra College. (Units received through credit by examination do not count toward this requirement.)

Certificates of achievement are recorded on student transcripts.

**Gainful Employment Disclosure Information**

The U.S. Department of Education requires colleges to disclose certain information about Title IV eligible certificate of achievement programs that “prepare students for gainful employment in a recognized occupation.” The information is intended to assist current and prospective students as they make career and educational choices. Specific information for each certificate program is located at www.sierracollege.edu/gainfulemployment (http://www.sierracollege.edu/academics/gainful-employment.php).

**Skills Certificates**

A skills certificate is an acknowledgement that a student has attained a specified set of competencies within a career and technical education program, either in preparation to enter the field or upgrade of skills required for continued employment. Skills certificates require a minimum of 6 units and a maximum of 15.5 units. Students must:

1. Earn grades of “C” or better in all required courses.
2. Complete at least 50% of the required coursework at Sierra College. (Units received through credit by examination do not count toward this requirement.)

Skills certificates are not recorded on student transcripts.

**Catalog Rights**

Sierra College issues a new catalog every academic year. New programs may be introduced and course requirements for specific majors may change from one catalog to the next. For purposes of meeting Sierra College degree and/or certificate requirements, students may choose from the following Sierra College catalog options:

1. The catalog in effect at the time the student first enrolled at Sierra College or any year thereafter, as long as continuous enrollment has been maintained;
2. The catalog in effect at the intended semester/session of graduation; or
3. The catalog in effect at the time the student first enrolled at a California community college, a California State University, a University of California campus, and/or a regionally accredited institution of higher education, as long as continuous enrollment has been maintained.

Continuous enrollment is defined as enrollment in at least one course per calendar year (spring, summer, fall), with at least one of the following academic record symbols recorded on an official transcript: A, B, C, D, F, W, EW, MW, P, NP, or I. Students beginning enrollment during the summer have the option of choosing the prior academic year's catalog.

If continuous enrollment is interrupted, students may reestablish catalog rights based on the date of reenrollment at Sierra College or any other California community college, CSU, UC campus, or regionally accredited institution of higher education.

Regardless of catalog rights, a course may be used to satisfy a general education requirement if it was approved for the general education area at the time the course was successfully completed and the course complies with Title 5 regulations.

Catalog rights do not apply to entrance requirements for programs (e.g., Nursing).
General Education Reciprocity
Title 5 outlines and defines general education subject areas that each California Community College must include. As many students attend more than one college, and the courses that are locally approved for a particular GE area vary among colleges, Sierra College grants reciprocity for all lower-division general education designated courses completed at California Community Colleges, California State Universities, and University of California campuses, provided the courses comply with Title 5 regulations.

Associate Degree for Transfer Reciprocity
For AA-T and AS-T degrees, reciprocity will be granted for those courses taken at other California community colleges in Transfer Model Curriculum (TMC) aligned degrees, provided that the transfer courses appear in the same specific area in the major pattern. The flexibility to move courses between areas is dependent upon the parameters defined in the individual TMC. TMC templates are maintained on the California Community Colleges Chancellor’s Office website. If there are any questions about course applicability, the discipline faculty must make the determination.

Double-Counting
Sierra College encourages double-counting, which is the practice of allowing students to use a course to satisfy both a general education requirement and a major requirement. While a course may be listed in multiple general education areas, it may only be used to satisfy one general education requirement.

Honor Graduates
Upon graduation, students are recognized with honors when they have completed all degree-applicable credit courses with a cumulative grade point average of 3.5 or better. Other college lower-division coursework posted to the Sierra College transcript is included in this GPA calculation.

Degree and Certificate Petitions
Students desiring an associate degree or certificate must file a petition with a campus Admissions and Records office by the following semester deadlines:

<table>
<thead>
<tr>
<th>December 2021</th>
<th>October 1, 2021</th>
</tr>
</thead>
<tbody>
<tr>
<td>May or August 2022</td>
<td>March 1, 2022</td>
</tr>
</tbody>
</table>

Students requesting a duplicate diploma must submit a $10.00 fee per diploma. Students requesting a duplicate certificate must submit a $5.00 fee per certificate.

Degree Works
Degree Works is a web-based degree audit and academic advising tool that students may use to review progress toward graduation. The program takes courses from the student transcript and places them in general education and major areas so counselors and students can see the completed and remaining degree requirements. A ‘What-If’ option allows exploration of other majors for students thinking about changing majors. Degree Works is located in mySierra through the Academic Tools tab.

Auto-Awarding of Degrees and Certificates
Sierra College may discover and notify students that they are eligible for a degree and/or certificate based on satisfactory completion of course work and in progress classes. These awards may be in addition to other degrees and certificates that have been requested. Students will have two weeks to opt-out from the date they were notified of the pending award. Notifications will be sent to students’ Sierra College email account. Once a degree or certificate has been awarded it may not be removed from the students’ academic record.

Not all students will have awards discovered by auto-awarding. It is important that students meet with their counselor on a regular basis to ensure they are on track. All students should petition for their degree and/or certificates in advance of the March 1st and October 1st petition deadline. Students can view their degree/certificate petition status in DegreeWorks.

Students who will be taking classes at Sierra College in the next semester to meet additional educational goals/requirements and plan to receive financial aid, need to schedule an appointment with their counselor to ensure these classes are listed on their student educational plan.

Sierra College Associate Degree Requirements 2021-2022
Sierra College Philosophy for General Education: General education is designed to introduce students to the variety of means through which people comprehend the modern world. General education introduces the content and methodology of the major areas of knowledge: the humanities and fine arts, the natural sciences and the social sciences. The general education program provides the opportunity for students to develop the intellectual skills, information technology facility, affective and creative capabilities, social attitudes and appreciation for cultural diversity that will make them effective learners and citizens.

Note: Students who possess a baccalaureate or higher degree completed at a college or university accredited through a CHEA (Council for Higher Education Accreditation) recognized Regional Accrediting Agency will have satisfied Sierra College general education and competency requirements for the Associate of Arts or Associate of Science degree. International coursework from non-United States regionally accredited institutions cannot be used to waive Sierra College General Education.

I. General Education Breadth Requirements
A. Natural Sciences
(For an AS degree: must complete a laboratory science. Laboratory courses/course combinations are indicated by an asterisk.)

MATH 0042  Business Calculus
PSYC 0142  Introduction to Psychological Statistics
SOC 0015  Introduction to Statistics in Sociology

2. Completion of one year (or block schedule equivalent) of Algebra II or Integrated Mathematics III or higher level mathematics in high school with grades of "C-" or better (no college units granted).
3. Minimum score on ACT of 25 or SAT of 560 (no college units granted).

III. Major

Minimum of 18 units in a group of courses described in the catalog. Courses must be completed with grades of "C" or better

IV. Electives

Any additional degree-applicable credit courses

Total Degree-Applicable Units Required for the AA or AS Degree:

(At least 12 of the 60 degree-applicable units must be completed at Sierra College. Units received through Credit by Examination do not count toward this requirement. A cumulative grade point average of 2.0 or better in all degree-applicable coursework is required.)

Notes

1. Credit for only one course from English N, 50, 50L, or 60 may be applied to the degree.
2. While a course may be listed in multiple areas of general education breadth (Areas A-F), it may only be applied to one area.

California State University General Education Breadth Requirements 2021-2022

Special Note: Effective Fall 2021, students planning to graduate from the California State University (CSU) system must complete an Area F, Ethnic Studies course at the lower division level. At this time, Sierra College has one course approved for Area F, but if other options are needed, students and counselors can check ASSIST.ORG (http://www.assist.org) for other Community College campuses that have courses approved for this area. This requirement applies to new incoming students who are starting at Sierra College in Fall 2021. It is not mandatory for continuing students attending Sierra College prior to Fall 2021.

A. English Language Communication and Critical Thinking

Minimum of 9 semester units with one course each in subareas A1, A2 and A3, completed with grades of "C-" or better.

</table>

1. Course(s) may be applied to CSU GE Breadth areas C2 or D and this CSU graduation requirement.

**Notes**

1. To qualify as an upper-division transfer, a student must:
   - complete 60 or more CSU transferable semester units with a grade point average of at least 2.0 (2.4 if a nonresident) in all transferable college units attempted; and
   - complete at least 30 of those units from general education courses in areas A through B, including courses in each of the following areas with grades of "C-" or better: A1, A2, A3, and B4.

2. While a course may be listed in multiple areas, it may only be applied to one area. (The CSU graduation requirement in U.S. History, Constitution and American Ideals is not part of CSU GE Breadth; therefore, courses may be applied to both of these requirements.)

3. Students with Advanced Placement (AP), College-Level Examination Program (CLEP), and/or International Baccalaureate (IB) examinations should check with a counselor to verify application of the examinations to the appropriate general education areas.
4. International coursework from non-United States regionally accredited institutions cannot be applied to CSU GE Breadth requirements.

5. Courses on this CSU General Education Breadth list are approved annually for the academic year, which begins with the Fall 2021 semester and remains valid through Summer 2022. If a course is taken before it is approved or after it is removed, it cannot be used to satisfy CSU GE Breadth. See a counselor or check assist.org (http://www.assist.org) for up-to-date as well as historical course approval information.

6. Students pursuing majors with extensive lower-division unit requirements, such as Engineering, are advised to focus on completing the pre-major requirements while meeting minimum admission requirements. Consult with a counselor to determine the most appropriate transfer path.

7. A maximum of 70 semester units may be transferred to a CSU campus. Coursework completed above the 70 units may be used to meet CSU general education, major, and/or graduation requirements even if the units will not count toward the baccalaureate degree.

8. CSU Sacramento requires a 2.0 GPA in general education courses (except as noted in #1 above), and a foreign language for graduation.

9. The CSU Sacramento English 20 graduation requirement can be satisfied by completing Sierra's ENGL 0001B or ENGL 0001C. Either of these courses may "double count" to meet both the English 20 graduation requirement and the CSU General Education Breadth requirement for area A3. Consult with a counselor and/or see the CSUS catalog for graduation requirements.

Intersegmental General Education Transfer Curriculum 2021-2022

1. English Communication

(CSU: 3 courses, 9 semester/12–15 quarter units, one course each from areas 1A, 1B, and 1C; UC: 2 courses, 6 semester/8–10 quarter units, one course each from areas 1A and 1B)

6C. Equivalent proficiency demonstrated by a specified minimum score on College Board SAT II tests in languages other than English; or a score of 3, 4, or 5 on any languages other than English College Board Advanced Placement (AP) Examinations; or a score of 5 or higher on any languages other than English International Baccalaureate (IB) Higher Level Examinations.

6D. Completion of two years of formal schooling at the sixth grade level or higher in an institution where the language of instruction is not English with grades of “C” or better.

Notes

1. Students should consult with counselors to determine the most appropriate general education patterns for their intended majors and transfer institutions.

2. Courses listed in multiple areas will not be certified in more than one area except for courses in Language Other Than English.

3. Courses taken as preparation for a major will also satisfy the corresponding portion of the IGETC requirements.

4. Each course used to fulfill IGETC requirements must be completed with a minimum grade of “C” or better.

5. Advanced placement (AP) exams can be used to satisfy all areas of IGETC except for the Critical Thinking-English Composition and Oral Communication requirements. IGETC policy is to accept a score of 3 or higher to clear one course.

6. International Baccalaureate (IB) exams can be used to satisfy all areas of IGETC except for the Area 1 requirements. IGETC policy is to accept a score of 5 or higher to clear one course.

7. International coursework from non-United States regionally accredited institutions cannot be applied to IGETC requirements.

IGETC for Science, Technology, Engineering, or Mathematics (STEM)

IGETC for STEM is only an option for students earning AS-T degrees in Biology for Transfer (p. 73) and/or Chemistry for Transfer (p. 94). IGETC for STEM certification requires the following courses before transfer:

- All courses in Areas 1 (except 1C for UC-bound students), 2, and 5 of the traditional IGETC;
- Two courses in Area 3 - one course in Area 3A and one course in Area 3B; and
- Two courses in Area 4 from two different academic disciplines.

The following courses must be completed after transfer:

- One remaining lower-division general education course in Area 3;
- One remaining lower-division general education course in Area 4; and
- One course in Area 6 for UC-bound students who have not satisfied the requirement through proficiency.

1 The deferred lower-division courses must be replaced with calculus and/or science courses that are required to be taken before transfer to the university.

Course Information

- Understanding Course Descriptions (p. 312)
- Courses Designated as Repeatable (p. 345)
- Limitations on Active Participatory Courses (p. 314)
- Course Identification Numbering System (C-ID) (p. 316)
- Transferable Courses to the CSU System (p. 319)
- Transferable Courses to the UC System (p. 330)

Understanding Course Descriptions

The courses described in this catalog may not be offered every term or every year. Check the class schedule (https://banprodssb.sierracollege.edu:8810/PROD/pw_sigsched.p_Search/) for the current term's class offerings. Course outlines for all courses are on file in the Office of Instruction.

Course Numbering System

0-299 Degree-applicable credit courses (includes courses with letter designations), may be accepted by the California State Universities and the University of California system.
Course Prerequisites, Corequisites and Advisories

Sierra College strives to guide students into courses in which they will have the greatest chance for academic success. The following are the definitions for prerequisites, corequisites and advisory preparation:

"Prerequisite" means a condition of enrollment that students are required to meet in order to demonstrate current readiness for enrollment in a course or educational program. “C” is the designated minimum grade for prerequisite courses.

"Corequisite" means a condition of enrollment consisting of a course that students are required to simultaneously take in order to enroll in another course.

"Advisory" means a condition of enrollment that students are advised, but not required, to meet before or in conjunction with enrollment in a course or educational program.

Course Hours

Each course description lists approved course hours as the total number of lecture, laboratory and/or activity hours for the semester. These hours do not include expected independent work/study done outside of class.

Course Grading

Most courses may be taken for a letter grade or on a pass/no pass basis at the student's discretion. Courses that are restricted to specific grading are identified as such at the end of the course description. Courses that must be taken for a letter grade are noted, “letter grade only;” courses that may only be taken on a pass/no pass basis are identified with, “pass/no pass grading.” If no such identification is listed, students have the option to choose, within published deadlines, the type of grading. No more than one course may be taken on a pass/no pass basis per term.

Course Repeatability

Courses that are designated as repeatable are identified as such at the end of the course description, e.g., may be taken three times for credit. If no such notation is included, the course is not considered repeatable.

Course Identification Numbering System (C-ID)

The Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. A C-ID number at the end of a course description signals that participating California community colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses, regardless of their unique titles or local course number. Thus, if a schedule of classes or catalog lists a course bearing a C-ID number, for example SOCI 0110, students at that college can be assured that it will be accepted in lieu of a course bearing the C-ID SOCI 0110 designation at another community college. In other words, the C-ID designation can be used to identify comparable courses at different community colleges. Students should always go to www.assist.org (http://www.assist.org) to confirm how each college's course will be accepted at a particular four-year college or university for transfer credit.

The C-ID numbering system is useful for students attending more than one community college and is applied to many of the transferable
courses students need as preparation for transfer. Because these course requirements may change and because courses may be modified and qualified for or deleted from the C-ID database, students should always check with a counselor to determine how C-ID designated courses fit into their educational plans for transfer.

A list of approved C-ID courses (p. 316) is available in this catalog.

**Independent Study Courses**

**0028 Independent Study**

**Units:** 1-3

**Transfer Status:** Transferable to CSU, UC-with limitation

**Hours to Complete Course:** 54 hours per unit. Independent study courses may be taken one time for credit per discipline.

**Objectives:** These courses are designed for students interested in furthering their knowledge, at an independent study level, in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects and research projects.

**Enrollment Procedures:**

1. Request a Sierra College Independent Study Project form from the appropriate division office;
2. Contact the appropriate professor for approval;
3. Submit the completed Independent Study Project form to the division dean for approval and issuance of an add code;
4. If approved, students will be notified by the division office.

**Internship Courses**

**0095 Internship**

**Units:** 0.5-4

**Transfer Status:** Transferable to CSU-with limitation

**Hours to Complete Course:** 60 hours per unit for non-paid work; 75 hours per unit for paid work.

**Objectives:** Occupational Work Experience is designed for advanced students to expand their knowledge and skills in an area related to their college major.

**Limitations:** Students may earn up to a total of 16 units in internship courses (any course numbered 0095 and PDEV 0094).

**Enrollment Procedures:** Students must be continuing Sierra College students, have a minimum 2.0 GPA and attend a mandatory orientation. A written instructional agreement must be developed between the instructor, supervisor and student before the student is approved as an intern. Although some sites offer a wage or a stipend as compensation, most internships are unpaid.

---

Limitations on Active Participatory Courses

Courses formerly designated as repeatable “activity” courses are now defined as non-repeatable “active participatory courses.” These courses have individual study or group assignments as the basic means by which learning objectives are obtained. Active participatory courses in physical education, visual arts, and performing arts that are related in content include groups of distinct courses with similar primary educational activities that have been separated into skill levels or variations and are separated with different student learning objectives or outcomes for each level or variation.

Students are limited to a maximum of four enrollments within each of these course groupings, also known as course families, regardless of the number of courses included in each family. This limitation applies retroactively to all prior enrollments in courses now included in a family; applies even if students receive substandard grades or withdrawals for one or more of the enrollments; and applies to re-enrollments due to extenuating circumstances.

1 Transfer credit for these courses is given only after a review of the scope and content of the course by the enrolling UC campus. This usually occurs after transfer and may require recommendations from faculty.

2 Total of all internship units transferred to CSU may not exceed 16. Reference: Sierra College Board Policies/Administrative Procedures Chapter 4 (https://go.boarddocs.com/ca/sierra/Board.nsf/goto/?open&id=BT3R7V652279).

Course Identification Numbering System (C-ID)

The Course Identification Numbering System (C-ID) is a statewide numbering system, signaling that participating California community colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses. The C-ID numbering system is useful for students attending more than one community college and is applied to many of the transferable courses students need as preparation for transfer. Students should always go to www.assist.org to confirm how each college’s course will be accepted at a particular four-year college or university for transfer credit. Because these course requirements may change and because courses may be modified and qualified for or deleted from the C-ID database, students should always check with a counselor to determine how C-ID designated courses fit into their educational plans for transfer.

- Student Discipline Procedures and Due Process (p. 339)
- Students’ Rights and Grievances (p. 340)

Honesty in Academic Work

Success in college, as in other aspects of life, demands absolute honesty at all times. Sierra College expects that students, as well as faculty, will observe the principles of ethical conduct in their treatment of fellow members of the academic community and in their accomplishment of academic work. Students are responsible for familiarizing themselves with these principles as they pertain to each course in which they enroll. When completing assignments, students should be careful to follow the principles of ethical conduct. Students who are uncertain about the ethics involved in particular courses or assignments should make it a point to talk with instructors. Proven misconduct or violation of these principles will be disciplined as set forth in this policy.

The instructor has absolute authority over issuing the final course grade (Education Code, Section 76224).

It is important to remember that the principles of academic honesty in no way restrict free inquiry and the open exchange of diverse, and sometimes unpopular, ideas. These the College encourages, for they are vital to learning and the pursuit of reason and truth.

Students who fail to comply with this policy will be subject to disciplinary action as described in Administrative Procedure 5515 (https://go.boarddocs.com/ca/sierra/Board.nsf/files/BT3NYD61260F/$file/Administrative-Procedure-5515.pdf).

Standards of Student Conduct

By enrolling in Sierra College, a student agrees to be a responsible member of the District community; obey the law; comply with the published rules and regulations of the District; respect the rights, privileges and property of the other members of the District community; and not interfere with legitimate District affairs. All rules and regulations applying to conduct also apply to student employees, whether all or a portion of the salary is paid by the District.

The District Superintendent/President has established procedures for the imposition of discipline on students in accordance with the requirements for due process of the federal and state law and regulations.

The procedures clearly define the conduct that is subject to discipline, and identify potential disciplinary actions, including but not limited to the removal, suspension or expulsion of a student.
The District Superintendent/President notifies the Board of all long term suspensions of one or more school terms. The Board considers any recommendation from the Superintendent/President for expulsion.

The standards of student conduct are included in the Students’ Rights and Responsibilities Handbook. (https://www.sierracollege.edu/_files/resources/admissions/documents/Student-RR-1-2018.pdf)

**Student Discipline Procedures and Due Process**

The purpose of this procedure is to provide a prompt and equitable means to address violations of the Standards of Student Conduct outlined in Board Policy 5500. (https://www.sierracollege.edu/_files/resources/about-us/board/policies/chapter5/Board-Policy-5500.pdf) Each case is handled individually; while due process is always employed, some of the procedures outlined below may not be necessary in every case.

A. Grounds for Student Discipline. The College may impose student discipline for any conduct deemed to constitute willful disruption of the orderly operation of College activities including each of the grounds for discipline set out in Board Policy 5520, and, to the extent not listed in BP 5520, any ground identified in Education Code sections 66017, 66301, 66302, 76030, and any conduct constituting "good cause" within the scope of Education Code section 76033.

B. Types of Student Discipline. Discipline includes reprimand, suspension and expulsion, imposed according to the process described below.

C. Process for Imposing Student Discipline. Students accused of alleged misconduct shall be referred to the Disciplinary Officer. The Disciplinary Officer may require the student to complete a written statement relevant to the alleged misconduct and giving the student's position. The Disciplinary Officer has the right to impose disciplinary action based on good cause as set out in Board Policy 5500 following the disciplinary action procedures below.

1. Discipline Not Requiring Hearing.

   (a) By Discipline Officer. The Discipline Officer has authority and discretion, after consideration of available evidence including the student’s statement, to impose discipline short of suspension which does not require any due process hearing.

   (b) By Instructor. An instructor may remove a student from class for the day of the removal and the next class meeting (no matter the length or type of class) for any good cause. The instructor shall immediately report the removal to the Disciplinary Officer.

   (c) Interim (Up to 10 Day) Suspension in Certain Cases.

   2. The following procedures shall apply to discipline, such as suspension, which requires a due process hearing. Subject to the exception for interim suspension, described above, imposition of suspension and similarly severe forms of discipline require that a due process hearing be offered prior to imposition of the discipline. Due process includes the following steps:

      (a) Notice to Student. If the Discipline Officer elects to proceed with discipline after reviewing (or not receiving) the student response to initial notification, the Discipline Officer shall notify the student of the proposed discipline and offer a due process hearing at which the hearing body (the Student Conduct Committee) will consider the evidence and make a determination of whether discipline shall be imposed.

      (b) Formation of a Student Conduct Committee. The Discipline Officer shall arrange for the appointment of a Student Conduct Committee to hear the evidence and determine whether to impose discipline.

      (c) Conduct of Hearing and Decision. At least 48 hours prior to commencement of the hearing, the Discipline Officer shall supply the student with a copy of all the written evidence the Discipline Officer intends to present at the hearing.

      (d) Notice of Decision and Appeal. Once received from the Committee, the Discipline Officer shall transmit the decision to the student, along with a form for appeal. The student shall then have the right to appeal the decision to the Superintendent/President.

      (e) Expulsion Process. Expulsion shall be by decision of the Governing Board upon recommendation of the Superintendent/President. Expulsion of a student is the permanent denial of student status and all attending rights and privileges. The District Superintendent/President may recommend expulsion of a student for “good cause” as defined in Board Policy 5500.

      (f) Response to Court Orders. If an order requested by the College to protect its property or any person lawfully present thereon is issued upon finding of good cause by a court against a student of the College, and the order prevents the student from attending classes and maintaining academic standing, the College may, prior to expiration of the order, require the student to apply for reinstatement after the expiration of the order. Thereafter if the student applies for reinstatement the Governing Board shall conduct a review of the application which considers all of the following issues: the gravity of the offense leading to the court order, the evidence (if any) of subsequent offenses, and the likelihood that the student would cause substantial disruption if he or she is reinstated. After considering review, the Governing Board, or the designee with authority pursuant to Education Code section 76038(f), shall take one of the following actions: Deny reinstatement, permit reinstatement, or permit conditional reinstatement subject to specified conditions.

1. Students accused of alleged misconduct shall be referred to the Disciplinary Officer. The Disciplinary Officer may require a written statement relevant to the alleged misconduct. The Disciplinary Officer has the right to impose disciplinary action based on good cause as set out in Board Policy 5500 following the disciplinary action procedures below.

2. In cases of alleged student misconduct, the Disciplinary Officer or designee shall use all reasonable means to contact the student to notify him or her of the allegations and to provide an opportunity for the student to respond. The Disciplinary Officer shall offer the student the opportunity to respond and address the accusations and/or instances of alleged misconduct verbally or in writing. Students must respond within two (2) days of receiving notice. Failure to respond shall be deemed a waiver of the right to contest any discipline imposed or other action taken.

   (a) The District will provide the student with written notification of the conduct warranting discipline. The notice shall include the specific section of the Standards of Student Conduct the student is accused of violating, and a short statement of facts supporting the accusation.
3. After considering the student’s response and considering all information relative to the issue, the Disciplinary Officer may choose to take any of the following actions:

(a) Drop the charges for lack of evidence.

(b) Issue a warning.

(c) Prohibit the student from intentionally contacting (e.g., by telephone or e-mail), or otherwise disturbing the peace of others specifically named for a specified period of time.

(d) Remove a student from one or more classes or activities (sports, student government, field trips, drama events, etc.) for up to ten (10) days. Any decision to remove a student for up to ten (10) days is final and may not be appealed.

(e) Recommend expulsion to the Board of Trustees.

(f) Any other action the Disciplinary Officer deems appropriate.

**Failure to Comply with Program-Specific Policies and Procedures**

Sierra College offers educational programs and services that require compliance with specific policies, procedures and standards including but not limited to: Nursing, Public Safety, Study Abroad, Health Center, and Residence Life. Students who fail to comply with these policies will be disciplined according to the specific mandates of the program. This does not preclude discipline against students enrolled in those programs and services for other alleged misconduct under these procedures. See AP 5521 (http://www.sierracollege.edu/_files/resources/about-us/board/policies/chapter5/Administrative-Procedure-5521.pdf) Nursing Student Discipline Procedures and Due Process, and AP 5522 (http://www.sierracollege.edu/_files/resources/about-us/board/policies/chapter5/Administrative-Procedure-5522.pdf) Firefighter Academy, Law Enforcement Academy and Emergency Medical Technician Program Student Discipline Procedures and Due Process.

**Financial Aid**

Any student suspended or expelled from the District shall be ineligible for scholarships, loans, grants, or any other financial aid during the period of suspension or expulsion.

**Employment**

Any student suspended or expelled from the District shall be ineligible for student employee status with the District for the period of suspension or expulsion.

**Fees**

No student suspended or expelled shall be refunded or credited any fees paid by and/or for the student.

1. Discipline Not Requiring Hearing.
   a. By Discipline Officer. The Discipline Officer has authority and discretion, after consideration of available evidence including the student’s statement, to impose discipline short of suspension which does not require any due process hearing.
   b. By Instructor. An instructor may remove a student from class for the day of the removal and the next class meeting (no matter the length or type of class) for any good cause. The instructor shall immediately report the removal to the Disciplinary Officer.

**Students’ Rights and Grievances**

Students are encouraged to pursue their academic studies and become involved in other College-sponsored activities that promote their intellectual growth and personal development, free of unfair and improper actions on the part of any member of the academic community. If, at any time, a student feels that he or she has been subject to an unjust action or decision, redress may be sought as prescribed in Administrative Procedure 5530.

**Academic Accommodations** Students with verified disabilities have the right to receive appropriate academic adjustments and auxiliary aids as specified in the Americans with Disabilities Act and Section 504 of the Federal Rehabilitation Act of 1973 (see Administrative Procedure 5140).

**Course Grades** Grades, to the extent permitted by Education Code 876224(a), which provides, “When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetency, shall be final” (See Administrative Procedure 4231).

**Discrimination** See Administrative Procedures 3410 and 3435.

**Harassment** See Administrative Procedures 3430 and 3435.

Students are afforded the following rights:

- The right of free expression protected by state and federal constitutions and Education Code 76120.
- The right to have academic records treated in a confidential and responsible manner with due regard to the personal nature of the information these records contain. Student records will be released only with the written consent of the student or as provided by law and pursuant to Administrative Procedure 5040. (https://go.boarddocs.com/ca/sierra/Board.nsf/files/BT3NSG60C482/$file/Administrative-Procedure-5040.pdf)
- The right to take reasonable exception to the data or views offered in any course of study without disrupting the instructional environment and to reserve judgment about matters of opinion.
- The right to be free from unfair or improper action.
- The right to participate in the formation of policy affecting students in accordance with established procedures for shared governance.
- The right to petition to form an organization around any particular interest, including the freedom to organize and to join student organizations, subject to published campus and District regulations.

Students who allege that an action or decision by the District has violated their rights as listed above may file a grievance as outlined in Administrative
Informal Grievance Process

Students are encouraged to follow the college grievance process. Issues that are not resolved may be referred to the California Community Colleges Chancellor’s Office (https://www.ccccso.edu/Complaint-Process-Notice/).

Grievances

A grievable matter is an alleged action or decision of the District that adversely affects the status of a student or violates the rights of a student as set forth in Administrative Procedure 5530 (https://go.boarddocs.com/ca/sierra/Board.nsf/files/BT3NZM6139C1/$file/Administrative-Procedure-5530.pdf). The following allegations or issues shall not be heard under this Administrative Procedure:

- Discipline of students see Administrative Procedures 5520 and 5521 (https://www.sierracollege.edu/about-us/board/policies/chapter5.php)
- Discipline of employees
- Traffic or parking citations (through Campus Security)
- Grade changes see Administrative Procedure 4231 (https://go.boarddocs.com/ca/sierra/Board.nsf/files/BT3NPQ6061E0/$file/Administrative-Procedure-4231.pdf)
- Discrimination or sexual harassment complaints other than academic accommodation. See Board Policies 3410 and 3430 and Administrative Procedures 3410, 3430 and 3435 (https://www.sierracollege.edu/about-us/board/policies/chapter3.php)

Procedures for grievances and complaints are provided below and provide exclusive means for resolving any alleged unfair or improper action. The purpose of this procedure is to secure an equitable solution to student complaints at the lowest level possible. Some education programs may have specific processes and procedures for grievances and complaints.

The District Superintendent/President shall appoint an employee who shall serve as the Grievance Officer. The Grievance Officer shall serve to assist all parties to facilitate a full, fair and efficient resolution of the grievance, shall coordinate all scheduling of hearings, and shall avoid an adversarial role.

Failure of the District to meet any of the deadlines specified in this procedure shall not be construed against the District nor result in a finding in favor of the student.

Informal Grievance Process

A student who believes that his/her rights have been violated must make a reasonable, good faith attempt to resolve the matter through the informal grievance process before the formal process can be requested. At any point during the informal grievance process level, a student may also informally and orally present the complaint to the Grievance Officer.

First Step

The student should discuss the problem directly with the person involved or see the grievance officer for assistance in problem resolution within sixty instructional days from the date the student became aware of the problem or the alleged act. Failure of the student to act within the above-specified sixty day period shall constitute a waiver of the right to pursue the matter further.

Second Step

If the problem cannot be resolved at the first step, the student shall discuss the problem with the immediate supervisor of the person against whom the complaint is directed. The immediate supervisor shall make every effort to resolve the problem with the student and the person being grieved.

Third Step

If the problem cannot be resolved at the second step, the student shall discuss the grievance with the next-level administrator within ten working days from receiving a decision from the immediate supervisor.

Formal Grievance Process

Within five instructional days of the completion of the informal grievance process, the student may file a formal grievance by submitting a Grievance Form to the Grievance Officer. The Grievance Form may be obtained from the Grievance Officer. The Grievance Officer will determine whether the allegations are grievable under administrative procedure as follows:

- The grievant was an enrolled student at the time the alleged incident occurred;
- The student has completed the informal process;
- The timelines have been met;
- The complaint, if true, would constitute a violation of Board Policy 5530 (https://go.boarddocs.com/ca/sierra/Board.nsf/files/BT3NZM6139C1/$file/Administrative-Procedure-5530.pdf);
- There is a remedy which is within the authority of the District to grant;
- There is not another prescribed administrative channel for due process.

If the grounds for grievance have been satisfied, a formal hearing before the Grievance Committee will be scheduled within ten instructional days of the request. The student must contact the office of the Vice President, Student Services for the hearing date.

Grievance Hearings

The Grievance Committee shall consist of three members: one administrator appointed by the Management Senate; one faculty member appointed by the Academic Senate; and one student appointed by the Student Senate. The Grievance Officer shall serve as the chair. Committee members shall not in any way be connected to the event out of which the action arose.

Hearing Process

1. The hearing shall be convened within ten instructional days of the request. The hearing shall be limited to one meeting unless required otherwise by due process.
2. The student shall be given not less than 48 hours advance written notice of the time, date and place of the hearing.
3. If the student is accompanied by an attorney, the name and address of that attorney must be submitted to the Office of the Vice President, Student Services at the time of filing the request for a formal grievance. Failure to do so shall constitute good cause for a continuance of the hearing and good cause to exclude the attorney.

If the student is represented by an attorney, the District will also be represented by an attorney. The role of the advisor or attorney shall be passive in this procedure. The advisor or attorney may be present at the appeal hearing and may counsel the student responding to questions relating to the incident. The advisor or attorney may not address the Grievance Committee and shall not be permitted to
participate in any way during the hearing except to offer counsel to the student.

4. The decision of the Grievance Officer shall be final on all matters relating to the conduct of the hearing unless there is a two-thirds majority vote of the members of the Grievance Committee to the contrary.

5. The hearings need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence shall be admitted if it is the sort of evidence on which responsible persons are accustomed to rely in the conduct of serious affairs. Hearsay evidence may be used for the purpose of supplementing or explaining other evidence, but shall not be sufficient in itself to support a finding. Unduly repetitious evidence may be excluded.

6. The burden of proof by a preponderance of the evidence shall be carried by the grievant.

7. The Grievance Officer shall assist all parties in the securing of supporting information.

8. Each party of the grievance may provide the Grievance Committee with police reports, written and/or oral statements. Written statements of individuals not present at the hearing must be made under penalty of perjury and must be submitted to the Grievance Office prior to the start of the hearing. If the written statement is disputed by either side, the Grievance Officer may continue the hearing to allow the objecting party to secure the attendance of the witness, obtain contradictory evidence, or such other remedy determined by the Grievance Officer.

9. All proceedings of the Grievance Committee shall be closed to everyone other than the Committee members, the Grievance Officer, the student grievant, a witness while presenting evidence, the advisor or attorney for the student, and the advisor or attorney for the District, the person being grieved, and the advisor or attorney for the person being grieved. All participants shall maintain the strictest confidentiality.

10. Final deliberations will be conducted with only the Grievance Committee members present.

11. The Grievance Committee will consider all relevant evidence pertaining to the appeal and issue a written report to the District Superintendent/President.

12. All Grievance Committee hearing proceedings shall be recorded. The recordings shall be maintained by the Grievance Officer for two calendar years, along with copies of all decisions made. Access to the recordings and copies of decisions made shall be limited to the parties involved, unless otherwise required by law.

13. The Grievance Committee will provide its findings to the District Superintendent/President within three instructional days after the conclusion of the hearing.

Decision by the District Superintendent/President

- The grievant shall not have a right to a hearing by the District Superintendent/President.
- The District Superintendent/President shall review the report of the Grievance Committee.
- The District Superintendent/President may consult with the Grievance Officer.
- The District Superintendent/President shall submit a written decision to all parties concerned.
- The District Superintendent/President may accept or reject the findings and recommendations of the Grievance Committee.
- Once the District Superintendent/President makes a decision, the grievance process has been completed.
- There is no right of appeal to the Board of Trustees.

**Academic Freedom Policy**

**Definition**

Academic Freedom is the freedom and duty of professionally qualified persons to inquire and investigate, to discuss, publish or teach the truth as they see it in line with the tools of their discipline, subject to no religious or political control or authority, except the control of standards of professional ethics or the authority of the rational methods by which truths and conclusions are established in the disciplines involved. Both the protection of academic freedom and the requirements of academic responsibility mentioned in Board Policy 4030 apply not only to the full-time probationary and the tenured teacher but also to all others, such as part-time teachers and teaching assistants who exercise teaching responsibilities.

**Philosophy Statement**

Sierra College supports the American Association of University Professors (AAUP) Statement of Principles on Academic Freedom and Tenure, both the rights and duties specified therein. The philosophy statement that follows reiterates the principles specified in the AAUP Statement.

Institutions of higher education are conducted for the common good and not to further the interest of either the individual teacher or the institution as a whole. The common good depends upon the free speech for truth and its free exposition. Academic freedom is essential to these purposes and applies to both teaching and research. Freedom in research is fundamental to the advancement of truth. Academic freedom in its teaching aspect is fundamental for the protection of the rights of the teacher in teaching and of the student to freedom in learning. It carries with it duties correlative with rights.

a. The teacher is entitled to full freedom to research in the publication of results, subject to the adequate performance of their other academic duties; but research for pecuniary return should be based upon an understanding with the authorities of the institution.

b. The teacher is entitled to freedom in the classroom in discussing their subject, but they should be careful not to introduce into their teaching controversial matter that has no relation to their subject. The intent of this statement is not to discourage what is “controversial.” Controversy is at the heart of free academic inquiry. Indeed, there would be no need for an Academic Freedom policy to protect teaching of the uncontroversial. This passage serves to underscore the need for teachers to avoid persistently intruding material that has no relation to their subject and hence cannot be in line with the tools of their discipline.

c. The college teacher is a citizen, a member of a learned profession, and an officer of an educational institution. When they speak or write as a citizen, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As a person of learning and an educational officer, they should remember that the public might judge their
profession and their institution by their utterances. Hence an individual should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that they are not an institutional spokesperson.

Other duties correlative with the rights of Academic Freedom include the following.

a. While the teacher has the duty to design assessments to measure a student's mastery of course content, s/he must recognize and respect the distinction between the student's mastery of course content and the student's freedom of belief. Teachers assess student learning for mastery of course content. Decisions as to course content and quality of scholarship are to be made by reference to the standards of the academic profession, as interpreted and applied by the community of scholars who are qualified by expertise and training to establish such standards. A student's freedom of belief references an individual student's subjective decision to agree or disagree with the curricular content of a particular course within a broader academic discipline. Instructors have a duty to enhance student learning by assessing mastery of course content but have no authority to compel student belief.

b. The College has a duty to adopt a student grievance policy for instances where a student believes her/his rights to have been violated. Sierra College has adopted a student grievance policy and this policy is readily available to all students in this catalog and the "Student Rights and Responsibilities Handbook." College employees have a responsibility to educate students about the grievance policy and to facilitate the student grievance process.

Academic Honors

President's Honor Roll

Full-time students earning a grade point average of 3.5 or better are included on the President's Honor Roll each semester. To qualify, students must complete 12 or more units of graded work (A, B, C, D, or F) at Sierra College. Credit by Examination and courses taken Pass/No Pass do not count toward this requirement.

Dean's List

Full-time students earning a grade point average of 3.0 to 3.499 are placed on the Dean's List. To qualify, students must complete 12 or more units of graded work (A, B, C, D, or F) at Sierra College. Credit by Examination and courses taken Pass/No Pass do not count toward this requirement.

Academic Renewal

A student's past substandard academic performance may not, for a variety of reasons, be reflective of the student's subsequent demonstrated ability. In such instances, the student's prior record may impair progress toward a legitimate educational goal. The policy outlined here is designed to permit alleviation of such previously recorded, substandard academic performance at Sierra College so that the student can achieve an appropriate academic goal in a reasonable period of time. This process is termed "Academic Renewal," and all Academic Renewal actions are irreversible.

Academic Renewal shall conform to the following guidelines:

- Academic Renewal can only be applied to "D" and "F" grades.
- The number of units alleviated may not exceed 30, or be in excess of the number of units satisfactorily completed by the student since taking the courses to be alleviated, whichever is lower (unless the Academic Standards Committee finds extenuating circumstances to justify extending the 30 unit limitation).
- Such alleviation shall be permitted only after eighteen (18) units have been completed and a minimum of twelve (12) months have elapsed since the earning of the grades to be alleviated.
- The student must have a grade point average of 2.5 or higher in all courses attempted since taking the courses to be alleviated.

A student seeking academic renewal must meet with a Sierra College counselor to complete an Academic Renewal petition. The petition must be signed by the counselor before it is submitted to a campus Admissions and Records Office. If any of the required 18 units are earned at another college, an official transcript must be submitted with the petition. The Academic Standards Committee will review the request.

Academic Standing

Good Academic Standing

A student who has attempted at least 12 units at Sierra College, has earned a cumulative grade point average of 2.0 or higher in all units attempted, and has completed over 50% of all units attempted is considered to be in good academic standing. Students in good academic standing are limited to enrolling in no more than 18 units per semester.

Academic Probation

A student who has attempted at least 12 units at Sierra College and has earned a cumulative grade point average of less than 2.0 in all units attempted, shall be placed on academic probation. "All units attempted" is defined as all units of credit for which the student is enrolled at Sierra College. Students on academic probation may be held to a student educational plan developed with a counselor. Academic Probation is posted on the student's permanent record.

Progress Probation

A student who has enrolled in at least 12 units at Sierra College and has grades of "W," "I," "NC" or "NP" in fifty percent or more of the total units attempted, shall be placed on progress probation. Students on progress probation may be held to a student educational plan developed with a counselor. Progress Probation is posted on the student's permanent record.

Unit Limitation

Students on academic or progress probation may not enroll in more than 13 units. Exceptions to this limit may only be made upon petition and under extreme circumstances, at the discretion of the Dean of Student Services. Students entering a second or later semester of probation may be limited to fewer units, or to a list of specific courses as listed on the student educational plan.
Removal from Probation
Students on academic probation shall be removed from probation when the cumulative Sierra College grade point average reaches 2.0 or higher.

Students on progress probation shall be removed from probation when the percentage of "W," "I," "NC" and "NP" units at Sierra College drops below fifty percent.

Dismissal
Students on academic probation shall be subject to dismissal if their cumulative grade point average is less than 2.0 in all units attempted in each of two consecutive semesters, excluding summer.

Students on progress probation shall be subject to dismissal if the percentage of "W," "I," "NC" and "NP" units reaches or exceeds fifty percent in each of two consecutive semesters attended.

Upon notification of dismissal, the student will not be eligible to enroll in any classes for one semester. Dismissal is posted on the student’s permanent academic record.

Dismissal Appeal Automatic Exception
Students on academic OR progress probation making satisfactory semester progress by earning a semester grade point average of 2.0 or higher are not subject to dismissal as long as the 2.0 minimum semester grade point average is maintained. Students remain on probation and may not enroll in more than 13 units until good academic standing has been achieved.

Dismissal Appeal Request
Students may request exceptions to the standards of dismissal through a written appeal to the Dismissal Committee within seven calendar days of the dismissal notice being sent. The appeal must indicate a clear statement of the grounds on which continued enrollment should be granted and provide supporting evidence. The decision of the Dismissal Committee is final and will be communicated to the student in writing by the Dean of Student Services prior to the start of the subsequent semester.

Readmission After Dismissal
A student who has been dismissed may request readmission after one semester. To request readmission, a student must:

• re-submit a Sierra College application for admission;
• develop an updated academic plan with a counselor; and
• submit a Dismissal Readmission petition.

Readmitted students return to probation in their first semester, and may be held to a limit of units below 13, or to specific courses as approved by the counselor accepting the Dismissal Readmission petition. Students who have been dismissed two times will have their petitions reviewed by the Dismissal Committee, and may have their readmission postponed or denied if, in the judgment of the committee, the student has not presented sufficient evidence that the problems leading to the past dismissals have been rectified.

Reference: Board Policy Chapter 4 (https://go.boarddocs.com/ca/sierra/Board.nsf/goto/?open&id=BSZUQ87D20D2#) and Administrative Procedure Chapter 4 (https://go.boarddocs.com/ca/sierra/Board.nsf/goto/?open&id=BSZUQ87D20D2#)

Auditing Courses
Auditing allows students to attend a course without officially registering. There is no record of attendance and no grade will be issued. Completing assignments and tests is not required, and professors have no obligation to grade the assignments of auditors. Students may audit one course per semester with the professor’s permission. Auditors must be eligible for admission as regularly enrolled students (any person over the age of 18 or possessing a high school diploma or its equivalent.) Priority is always given first to students who register for credit; auditing is on a space available basis, and auditors are not permitted to change enrollment in the course to receive credit. Courses that include field trips are not eligible for audit.

Audit petitions are available at Admissions and Records office. Students wishing to audit may attend the initial class meetings at the professor’s discretion. A prospective auditor may request approval to audit at the conclusion of the add/drop period. If the professor approves and signs the audit petition, the auditor must obtain the signature of the appropriate division dean. The completed petition is then submitted to an Admissions and Records office. Audit petitions are not accepted until after the add/drop period has ended.

A $15 per unit non-refundable audit fee will be charged unless the student is enrolled in 10 or more units and requesting to audit 3 units or less. Students are also responsible for any other applicable course fees. Students auditing a class without simultaneous enrollment in any other class are not eligible for tutoring services or campus health center services.

Computer and Network Use
The District has the right to monitor any and all aspects of the computer use and telephone voice mail systems, including employee or student email or voice mail, to ensure compliance with policies and procedures. The computers, computer accounts, and voice mail accounts given to employees and students are to assist them in the performance of their job duties or their academic studies. Employees and students should not have any expectation of privacy in anything they create, send, or receive via the computer or telephone. The computer and telecommunication systems belong to the District and are intended for business and academic purposes only.

Computer and telecommunication resources and services include, but are not limited to, the following: host computers, file servers, work stations, stand-alone computers, lap-tops, software, and internal or external communications networks (Internet, commercial online services, mobile devices, and email systems) that are accessed directly or indirectly from the District’s computer facilities.

Courses Designated as Repeatable

Under special circumstances, courses may be designated as repeatable. When a course is repeated, the grade received each time shall be included for purposes of calculating the student’s grade point average. The following types of courses may be designated as repeatable:

- Courses for which repetition is required to meet the major requirements of CSU or UC for completion of a bachelor’s degree;
- Intercolligate athletics courses; and
- Intercolligate academic or vocational competition courses.

Students are allowed to repeat these courses up to three times for a total of four enrollments. This enrollment limitation applies even if the student receives a substandard grade or "W" during one or more of the enrollments in such a course, or the student petitions to re-enroll due to extenuating circumstances.

Credit for Prior Learning (CPL)

Students may demonstrate proficiency in a course eligible for Credit for Prior Learning (CPL) and receive college credit through the approved alternative methods for awarding credit listed below:

- Achievement of a satisfactory score on an Advanced Placement (AP) examination (https://catalog.sierracollege.edu/student-resources/admission-enrollment/academic-transfer-credit-programs/)
- Achievement of a satisfactory score on a high-level International Baccalaureate (IB) examination (https://catalog.sierracollege.edu/student-resources/admission-enrollment/academic-transfer-credit-programs/)
- Achievement of a satisfactory score on the College Level Examination Program (CLEP) (https://catalog.sierracollege.edu/student-resources/admission-enrollment/academic-transfer-credit-programs/)
- Evaluation of Joint Service Transcripts (JST)
- Achievement of an examination administered by other agencies approved by the District
- Evaluation of industry recognized credential documentation
- Evaluation of student-created portfolios
- Satisfactory completion of an institutional examination, known as Credit by Examination, administered by the college in lieu of completion of an active course listed in the current college catalog.

Once a student has a completed education plan, they shall be referred to the college’s appropriate authority for assessment of prior learning if the student is a veteran or an active-duty member of the Armed Forces, holds industry-recognized credentials, or requests credit for a course based on their prior learning.

CSU GE-Breadth and IGETC Certifications

Students transferring to California State Universities have the option of completing the California State University General Education-Breadth (CSU GE-B) pattern to meet lower-division general education requirements. Students admitted to a CSU campus with full certification may not be held to any additional lower-division general education requirements. Upon transfer to a CSU campus, students must take nine units of upper-division general education courses.

The Intersegmental General Education Transfer Curriculum (IGETC) provides an option for students to fulfill lower-division general education requirements before transferring to either a CSU or a UC campus. Students transferring to a CSU campus may choose to use the CSU GE-B pattern in lieu of IGETC, as all of the IGETC coursework is embedded in the CSU GE-B pattern.

Students may use certain Advanced Placement (AP) examinations with scores of 3 or higher to meet areas of CSU GE-B and IGETC. Certain International Baccalaureate (IB) examinations with scores of 4 or higher may be used toward CSU GE-B and scores of 5 or higher to meet areas of IGETC.

International coursework cannot be used to meet CSU GE-B and/or IGETC requirements. Although international courses may be accepted by four-year universities, evaluation of such courses is determined independently by each transfer institution.

The California Community College CSU GE-B and IGETC courses are approved annually for the academic year. If a course is taken before it is approved or after it is removed, it cannot be used to satisfy CSU or UC transfer general education. The CSU GE-B and IGETC course lists for all California Community Colleges are available at www.assist.org (http://www.assist.org/).

Students must request that a CSU General Education Certification or an IGETC Certification be sent to the transfer institution along with the final Sierra College transcript.

Students pursuing majors with extensive lower-division unit requirements, such as Engineering, are advised to focus on completing the pre-major requirements while meeting minimum admission requirements. See a counselor for more information on either of these transfer general education certification programs.

Directory Information

Directory information includes:

- name;
- dates of attendance;
- degrees and awards received, including honors, scholarship awards, athletic awards, and academic honors recognition;
- participation in officially recognized activities and sports, including weight, height, and high school of athletic team members.

Students who do not wish this information to be released must file a Restriction to Access request with an Admissions and Records office during the first two weeks of the semester or the first three days of the summer session. This request must be submitted every term.
Upon request, the college may release the following information to the federal military for the purpose of federal military recruitment: name, address, telephone number, date and place of birth, levels of education, major(s), degrees received, prior military experience, and/or the most recent previous educational institutions attended.

Disabled Students Programs and Services Academic Accommodations Policy

Disabled Students Programs and Services (DSPS) provides programs and support services to students with verified disabilities. The program assures that disabled students have equality of access to classes and programs.

The goal of providing reasonable academic accommodations to disabled students is to minimize the effects of the disability in the educational process. The disabled student needs to be given the opportunity both to acquire information and to be evaluated in a way which allows the student to fully demonstrate knowledge of the subject. Academic accommodations are individually determined by DSPS certificated faculty in consultation with the student and are based on a review of the functional educational limitations associated with the disability. Appropriate reasonable accommodations will be made in a timely manner.

Student Responsibilities

1. The student must be enrolled in Sierra College classes and must provide the DSPS office with a written verification of their disability including identification of educational limitation(s) due to the disability.
2. Before each semester and/or as needed during the semester the student will schedule an appointment to meet privately with a DSPS certificated faculty member to request academic accommodation(s). The student may, at any time, also request the accommodation directly from the classroom professor.
3. The DSPS certificated faculty member will evaluate the requested accommodation on a course-specific basis and will consult as necessary with the student, class professor(s), and DSPS Coordinator to identify the appropriate reasonable academic accommodation for each class. Where it is determined that the accommodation would fundamentally alter the nature of a class or program, the DSPS certificated faculty member will consult further with the professor to determine whether an alternative accommodation can be identified. A Disabled Student Services Academic Accommodation Certification form will be completed for each class and provided to the student at the time of the appointment.
4. The student will give a copy to the classroom professor to certify the college’s authorization of the accommodation. A copy of the certification will be provided to the student and a copy will be maintained in the student’s DSPS file.

If the student disagrees with the accommodation determination:

1. The student should contact the DSPS certificated faculty at any time for further interaction. If the student continues to disagree with the accommodation, he/she will be referred to the DSPS Coordinator or designee. If there is not further contact made by the student it will be assumed that the student no longer disagrees with the accommodation determination.
2. The DSPS Coordinator or designee will discuss and confer with the DSPS certificated faculty member, the class instructor and other resources as appropriate to review the student’s disability and make a determination regarding the appropriate accommodation within five instructional days from the date the student contacted the DSPS Coordinator.
3. If the student is still not satisfied with the disposition of this accommodation, the DSPS Coordinator will refer the request to the District ADA/504 Compliance Officer. The Compliance Officer will confer with all necessary parties and make a final determination on behalf of the District within thirty instructional days from the date the certification was signed by the DSPS certificated faculty member.

Drug-Free Environment

Sierra College is committed to providing a drug-free workplace and campus environment for students, faculty and staff. It emphasizes prevention and intervention through education. The unlawful manufacture, distribution dispensing, possession or use of alcohol or any controlled substance is prohibited on District property, during District-sponsored field trips, activities or workshops, and in any facility or vehicle operated by the district.

Violation of this prohibition will result in appropriate action up to and including termination of employment, expulsion, and referral for prosecution, or, as permitted by law, may require satisfactory participation in an alcohol or drug abuse assistance or rehabilitation program. For confidential assistance and referral regarding drug and alcohol use, call:

Rocklin Campus
Counseling (916) 660-7400
Health Center (916) 660-7490

Counseling (530) 274-5303

Grade Changes

Course instructors determine the grades to be awarded to students, which shall be final except in cases of mistake, fraud, bad faith, or incompetence. “Mistake” may include, but is not limited to, clerical errors and errors made by an instructor in calculating a student’s grade. “Fraud” may include, but
is not limited to, inaccurate recording or change of a grade by any person who gains access to grade records without authorization.

The removal or change of an incorrect grade from a student’s record shall only be done pursuant to Education Code 76232 or by alternative method that ensures that each student shall be afforded an objective and reasonable review of the requested grade change.

Provisions will be made to allow another faculty member to substitute for the instructor if the student has filed a discrimination complaint, if the instructor is not available or where the District determines that it is possible there may have been gross misconduct by the original instructor. Students requesting a grade change due to alleged harassment or discrimination shall refer to Administrative Procedure 3435. In the case of fraud, bad faith or incompetence, the final determination concerning removal or change of grade will be made by an instructional dean appointed by the Vice President of Instruction. In all cases, the instructor who first awarded the grade will be given written notice of the change.

### Change of Grade from Evaluative Symbol to Evaluative Symbol

Students wishing to challenge an evaluative grade received in a course (A, B, C, D, F, P, NP) must submit a change of grade request within one year after completing the course for which the grade change is being requested. After this period, if there are extenuating circumstances (i.e., verified cases of accidents, illnesses, or other circumstances beyond the control of the student), a change of grade request may be submitted to the Academic Standards Committee; however, the period for a request may not exceed three years after the completion of the course.

#### Procedures Within One Year
- A student shall file a Grade Change Petition with an Admissions and Records office within one year after completing the course. Specific reasons for the request must be stated.
- The petition must be approved and signed by the appropriate instructor and dean. The instructor must cite a reason consistent with one of the conditions in Education Code 76224.
- Approved grade change petitions will be processed by an Admissions and Records office.

#### Procedures After the First Year, but Within Three Years
- If there are extenuating circumstances, a student shall file a Grade Change Petition with an Admissions and Records office up to but no later than three years after the completion of the course. In addition to procedures within one year listed above, the student must also attach to the petition sufficient documentation proving an accident, illness, or other circumstances beyond the control of the student that prevented them from submitting the grade change petition within one year of the course completion date.
- An Admissions and Records office shall validate the required data and forward the petition to the Academic Standards Committee for consideration.
- Academic Standards Committee approved grade change petitions will be processed by an Admissions and Records office.

### Change of Grade from Evaluative Symbol to Non-Evaluative Symbol

To change an evaluative grade (A, B, C, D, F, P, NP) to a non-evaluative symbol (EW, W, MW, I, IP), an extenuating circumstance must be verified in writing. Extenuating circumstances are verified cases of accidents, illnesses, or other circumstances beyond the control of the student. A request for a change of grade to a non-evaluative symbol may not exceed three years after the completion of the course.

#### Procedures Within Three Years
- A student shall file a Grade Change Petition with an Admissions and Records office indicating the specific change requested.
- The petition must be supported and signed by the appropriate instructor and dean.
- The student must attach sufficient documentation proving an accident, illness, or extenuating circumstances beyond the control of the student.
- A campus Admissions and Records office will validate the required data and confirm the satisfaction of the conditions specified by Title 5 Section 55025.
- The petition will be forwarded to the Academic Standards Committee for consideration.
- Academic Standards Committee approved grade change petitions will be processed by a Admissions and Records office.

### Change of Grade from Evaluative or Non-Evaluative Symbol to a Drop Prior to Census Date

- The student shall file a No Show Petition with a campus Admissions and Records office indicating no class attendance within the add/drop period. The petition must be filed within 30 days after the end of the class or by June 30th of the academic year in which the grade was received, whichever is earlier.
- The petition must be supported and signed by the appropriate instructor and dean.
- Approved petitions will be processed by a Admissions and Records office.

### Grade Points and Units

The unit of work at Sierra College is the semester hour. Courses require a minimum of three hours of student work per week, per unit for the equivalent of an 18 week semester. One unit of lecture requires one hour of class time and two hours of outside study or homework per week. As laboratory courses require minimal study/work outside of class, one unit of laboratory requires three hours of class time per week. Expected hours per week may be adjusted based on the length of the term. All college work is measured in terms of both quantity and quality. The measure of quantity is the unit and the measure of quality is the grade point.

Grade points are awarded as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points per Unit</th>
</tr>
</thead>
<tbody>
<tr>
<td>Grade of A</td>
<td>4 points per unit</td>
</tr>
<tr>
<td>Grade of B</td>
<td>3 points per unit</td>
</tr>
<tr>
<td>Grade of C</td>
<td>2 points per unit</td>
</tr>
<tr>
<td>Grade of D</td>
<td>1 point per unit</td>
</tr>
<tr>
<td>Grade of F</td>
<td>0 points per unit</td>
</tr>
</tbody>
</table>

Grade point average (GPA) is calculated by dividing the total number of grade points by the total number of units attempted.
Nondegree-applicable credit courses shall not be included in calculating student degree-applicable grade point average.

## Grading and Academic Record Symbols

Pursuant to section 55023 of Title 5, the grading practices of the District shall be as follows:

### Evaluative Symbols

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
</tr>
<tr>
<td>B</td>
<td>Good</td>
</tr>
<tr>
<td>C</td>
<td>Satisfactory</td>
</tr>
<tr>
<td>D</td>
<td>Less than satisfactory</td>
</tr>
<tr>
<td>F</td>
<td>Failing</td>
</tr>
<tr>
<td>P</td>
<td>Passing (at least satisfactory); units awarded not counted in grade point average; has the same meaning as “CR,” as that symbol was defined prior to the Summer 2009 term.</td>
</tr>
<tr>
<td>NP</td>
<td>No Pass (less than satisfactory or failing); units not counted in grade point average; has the same meaning as “NC,” as that symbol was defined prior to the Summer 2009 term.</td>
</tr>
<tr>
<td>SP</td>
<td>Satisfactory Progress towards completion of the course (used for noncredit courses only)</td>
</tr>
</tbody>
</table>

### Non-Evaluative Symbols

<table>
<thead>
<tr>
<th>Symbol</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>I</td>
<td>Incomplete academic work for unforeseeable, emergency and justifiable reasons at the end of the academic term; not used in calculating units attempted or for grade points.</td>
</tr>
<tr>
<td>IP</td>
<td>The In Progress symbol denotes that the class extends beyond the normal end of an academic term. It indicates that work is in progress but that assignment of an evaluative symbol must await its completion.</td>
</tr>
<tr>
<td>RD</td>
<td>The Report Delayed symbol is used when there is a delay in reporting the grade of a student due to circumstances beyond the control of the student.</td>
</tr>
<tr>
<td>W</td>
<td>Withdrawal from class or college is authorized through two thirds of the course term. The academic record of a student who remains in class beyond that date must reflect a grade other than a “W.” Courses dropped prior to census, or its equivalent for short term courses, will not appear on the student’s academic record.</td>
</tr>
</tbody>
</table>

Military Withdrawal may be assigned when a student who is a member of an active or reserve United States military service receives orders compelling a withdrawal from courses. Upon verification of such orders, military withdrawal may be assigned at any time after the Add/Drop period. Military withdrawal shall not be counted in progress probation, dismissal calculations, or in calculating the permitted number of withdrawals.

An excused withdrawal (EW) occurs when a student is permitted to withdraw from a course(s) due to specific events beyond the control of the student affecting his/her ability to complete a course(s) and may include a job transfer outside the geographical region, an illness in the family where the student is the primary caregiver, when the student who is incarcerated in a California state prison or county jail is released from custody or involuntarily transferred before the end of the term, when the student is subject to an immigration action, or other extenuating circumstance making completion impracticable. In the case of an incarcerated student, an excused withdrawal cannot be applied if the failure to complete the course(s) was the result of the student’s behavioral violation or if the student requested and was granted a mid-semester transfer. Upon verification of these conditions and consistent with the District’s required documentation substantiating the condition, a withdrawal symbol of “EW” may be noted at any time after the period established by the District during which no notation is made for withdrawals. An excused withdrawal will not be counted toward the permitted number of withdrawals or counted as an enrollment attempt, nor will it be counted in progress probation and dismissal calculations.

Since professors have the responsibility for evaluating student performance and assigning final grades, students are encouraged to discuss their grades with professors at any time. All grades are final and are not subject to change except as outlined in Education Code Section 76224.

Grades will be available approximately four weeks after the end of each semester.
Incomplete Academic Work

If, due to unforeseeable, emergency and justifiable reasons, a student has not completed academic work at the end of a semester/session, an incomplete “I” symbol may be requested. It is the primary responsibility of the student to request an incomplete. A student may obtain an Incomplete Petition from a campus Admissions and Records office and submit it to the professor for approval. If approved, the professor will file a written record of the conditions for removal of the “I” and the grade assigned in lieu of its removal. The student may not re-enroll in the course, but instead works with the professor to complete the required academic work no later than one year after the end of the term in which the incomplete was assigned. The student must submit a grade change petition upon completion of the work. A final grade will be assigned when the work stipulated has been completed and evaluated, or when the time limit for completing the work has passed.

Incomplete symbols are not used in calculating units attempted or grade points.

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act

In compliance with the Clery Act, Sierra College publishes and distributes an annual security report. The report includes statistics for the previous three years concerning reported crimes that occurred on-campus; in certain off-campus buildings or property owned or controlled by Sierra College; and on public property within or immediately adjacent to and accessible from the campus. The report also includes institutional policies concerning campus security, such as policies concerning sexual assault, and other matters. You may obtain a copy of the report by contacting the Campus Parking and Security Services Office or by accessing our website (https://www.sierracollege.edu/about-us/visit/security.php). Public information regarding sex offenders may be obtained by accessing the Megan’s Law website at www.meganslaw.ca.gov.

Art Families

Courses formerly designated as repeatable “activity” courses are now defined as non-repeatable “active participatory courses.” These courses have individual study or group assignments as the basic means by which learning objectives are obtained. Active participatory courses in physical education, visual arts, and performing arts that are related in content include groups of distinct courses with similar primary educational activities that have been separated into skill levels or variations and are separated with different student learning objectives or outcomes for each level or variation.

Students are limited to a maximum of four enrollments within each of these course groupings, also known as course families, regardless of the number of courses included in each family. This limitation applies retroactively to all prior enrollments in courses now included in a family; applies even if students receive substandard grades or withdrawals for one or more of the enrollments; and applies to re-enrollments due to extenuating circumstances.

Non-Discrimination Policy

The Sierra Joint Community College District has established non-discrimination policies which conform to applicable state and federal laws. These statutes prohibit discrimination and sexual harassment against all students. It is District policy to provide equal opportunities for all students in admission and access to academic courses, counseling programs, athletic programs, apprenticeship programs, assessment procedures, vocational/ career education and other activities, without regard to students' race, color, religious creed, national origin, ancestry, ethnic group identification, physical or mental disability, gender, sexual orientation or lack of English language skills. Inquiries concerning compliance may be addressed to the Equal Employment Opportunity Officer, (916) 660-7006.

The Sierra Joint Community College District does not discriminate on the basis of disability in admission, access, treatment, or employment for any of its programs and activities. Section 504 of the Rehabilitation Act of 1973, as amended, and the regulations adopted thereunder prohibit such discrimination. Students seeking information regarding Section 504 should contact the Disabled Student Programs and Services Office at (916) 660-7460. The District is in compliance with the Americans with Disabilities Act of 1990. Inquiries concerning compliance may be addressed to the Equal Employment Opportunity Officer, (916) 660-7006. Students seeking information regarding Section 504 of the 1973 Rehabilitation Act should contact the Disabled Student Programs and Services Office at (916) 660-7460.

The course must be outside the student's major.

Students must submit a Pass/No Pass petition by the end of the first 30% of the class term. Check on mySierra or with a campus Admissions and Records office for deadlines.

A grade of "A," "B," or "C" will become a "P" (Pass); a grade of "D" or "F" will become an "NP" (No Pass).

Units earned with a P grade are not used to calculate grade point averages.
5. Units attempted for which NP is recorded are used in determining probation and dismissal.
6. A non-repeatable class in which a P was received may not be repeated. A class in which an NP was received may be repeated on a Pass/No Pass basis only.
7. Once the class has begun, the filed petition for Pass/No Pass cannot be withdrawn nor the decision be reversed; however, changes in major may result in P/NP grades being changed to letter grades after review by a counselor.

Posting of Materials

Students and the community at large shall be provided with bulletin boards for use in posting student materials at convenient campus locations.

Prerequisites, Corequisites and Advisories

It is the intent of Sierra College to guide students to courses in which they will have the greatest chance of academic success. Therefore, some courses listed in this catalog have either a prerequisite, a corequisite, or advisory preparation. If no prerequisite, corequisite or advisory information is indicated there are no conditions of enrollment. The following are the definitions for prerequisites, corequisites and advisory preparation:

“Prerequisite” means a condition of enrollment consisting of a course that students are required to meet in order to demonstrate readiness for enrollment in a course or educational program. “C” is the designated minimum grade for prerequisite courses.

“Corequisite” means a condition of enrollment consisting of a course that students are required to take simultaneously in order to enroll in another course.

“Advisory” means a condition of enrollment that students are advised but not required to meet before or in conjunction with enrollment in a course or educational program.

Prerequisite Clearance Procedures

Students who have met a prerequisite in high school or at another college may submit transcripts for review and prerequisite clearance. All documents, including the Prerequisite Clearance form (available online), should be submitted to Placement and Testing Services, emailed to assessment@sierracollege.edu. Results are available within 3-5 business days after submission and are accessible online via mySierra.

Prerequisite/Corequisite Appeal Procedures

Any prerequisite or corequisite may be appealed by a student on one or more of the grounds listed below:

1. The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite;
2. The student will be subject to undue delay in attaining the goal of his or her educational plan because the prerequisite or corequisite has not been made reasonably available;
3. The student believes that the prerequisite or corequisite has been established in violation of regulations and/or the College’s policy and procedures; or
4. The student believes that the prerequisite or corequisite is unlawfully discriminatory or is being applied in an unlawfully discriminatory manner.

Prerequisite/Corequisite Appeal forms may be obtained at the following locations:

- Placement and Testing Services
- Counseling Centers
- Academic Division Offices.

The Prerequisite/Corequisite Appeal form must be submitted to the appropriate academic division office for the prerequisite/corequisite being appealed. The appeal will be reviewed within 5 working days, and the results will be accessible online via mySierra. If approved, the student will be permitted to enroll in the course.

Prohibition of Harassment

All forms of harassment are contrary to basic standards of conduct between individuals and are prohibited by state and federal law, as well as Board Policy, and will not be tolerated. Sierra College is committed to providing an academic and work environment free of unlawful harassment. The District shall be free of sexual harassment and all forms of sexual intimidation and exploitation including acts of sexual violence. It shall also be free of other unlawful harassment, including that which is based on any of the following statuses: race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, or sexual orientation of any person, or military and veteran status, or perception of having one or more of the foregoing characteristics. Students who wish to review Sierra College's complete Prohibition of Harassment policy, or who believe they may have been the victim of harassment should contact the Equal Employment Opportunity Officer, (916) 660-7006.

Remedial Coursework Limit

Students may choose to enroll in remedial coursework and are limited to no more than 30 semester units of credit for remedial coursework unless exempt by statute. These nondegree-applicable basic skills credit courses are taught in reading, writing, computation, and English as a
Second Language, and are numbered in the 500 series. Students enrolled in English as a Second Language and students identified by the District as having a learning disability are exempted from the unit limitation. Students may petition for a waiver of the unit limitation if they show significant, measurable progress toward the development of skills appropriate to enrollment in degree-applicable credit courses. For further details, contact a counselor.

Smoking, Use of Tobacco, Non-Regulated Nicotine and Other Vapor Producing Products on Campus

Sierra College is committed to providing a safe and healthy environment for its students, employees, and visitors. In light of evidence that the use of tobacco and exposure to secondhand smoke pose significant health hazards, the District has established a smoke, vapor, and tobacco-free environment. The use of such products is prohibited upon all District owned or controlled properties and in all vehicles owned, leased, or operated by the District. This includes cigarettes, pipes, cigars, other tobacco products, or the smoking of any substance. The use of smokeless tobacco products (e.g., chewing tobacco) and the use of non-regulated nicotine or other vapor producing products (e.g., electronic cigarettes) is also prohibited. Violators of this policy shall be deemed to have disrupted the orderly operation of the College, may be required to leave the premises, and shall be subject to citation and fines.

Speech: Time, Place and Manner

The District is committed to providing its students and the community at large the ability to exercise their rights of free expression subject to the time, place and manner contained in Board Policy 3900.

District sites are non-public forums except for the areas that are defined as limited public forums. These limited public forums are available to students and the community and include all outdoor areas that are outside 30 feet of any building or similar structure. The District reserves the right to revoke the limited public forum designation and apply a non-public forum designation based not on speech content but on previously scheduled, dedicated use of a particular space that has been reserved for District-related functions.

The use of the limited public forums is subject to the following:

Persons using the limited public forum and/or distributing material in the limited public forums shall not: impede the progress of passersby, nor shall they force passersby to take material; not touch, strike or impede the progress of passersby, except for incidental or accidental contact, or contact initiated by a passerby; not use any means of amplification that creates a noise or diversion that disturbs or tends to disturb the orderly conduct of the campus or classes taking place at that time.

No persons using the limited public forums shall solicit donations of money, through direct requests for funds, sales of tickets or otherwise, except where he or she is using the limited public forums on behalf of and collecting funds for an organization that is registered with the Secretary of State as a nonprofit corporation or is an approved Associated Students Organization or club.

All persons using the limited public forums shall be allowed to distribute petitions, circulars, leaflets, newspapers, and other printed matter. Such distribution shall take place only within the limited public forums. Material distributed in the limited public forums that is discarded or dropped in or around the limited public forums other than in an appropriate receptacle must be retrieved and removed or properly discarded by those persons distributing the material prior to their departure from the limited public forum that day.

Speech shall be prohibited that is defamatory, obscene according to current legal standards, or which so incites others as to create a clear and present danger of the commission of unlawful acts on district property or the violation of district policies or procedures, or the substantial disruption of the orderly operation of the District.

Nothing in this policy shall prohibit the regulation of hate violence, so long as the regulation conforms to the requirements of the First Amendment to the United States Constitution, and of Section 2 of Article 1 of the California Constitution. The District will take action as appropriate for harassment, threats, intimidation, or hate violence unless such speech is constitutionally protected.

Student Course Repetition

Course repetition occurs when a student, who has previously received an evaluative symbol in a credit course, re-enrolls in that course and receives an evaluative symbol.

- Students may not repeat a course if a grade of “C” or better was earned, unless the course is identified as repeatable in the course description. An exception may be granted for extenuating circumstances or lapse of time.

- Students may repeat a course determined to be legally mandated regardless of whether substandard academic work has been previously recorded. Such courses may be repeated for credit any number of times. Students may re-enroll in courses that the District has determined to be required by statute or regulation as a condition of paid or volunteer employment. Students may be required to provide evidence that they are required to re-enroll as a condition of their paid or volunteer employment. The grade received by the student each time will be included in calculations of the student’s grade point average.

- Students may petition to re-enroll in a course as a result of a significant change in industry or licensure standards as necessary for the student’s employment or licensure.

- Students with disabilities may enroll multiple times in courses designated as “special classes” when an individualized determination verifies that such repetition is required as a disability-related accommodation.

- Students are allowed to enroll more than once in an occupational work experience course for a total of no more than 16 semester units.
Occupational Work Experience includes all courses numbered 95 and Personal Development 94. The grade received each time shall be included for purposes of calculating the student’s GPA.

- A non-repeatable course may be attempted up to a maximum of three times per credit course if a substandard grade (grade lower than a “C,” “NC,” “NP” or a withdrawal (“W”) was earned. Enrollment attempts include any combination of withdrawals and substandard grades. (Note: excused and military withdrawals are not included.) An exception may be granted for extenuating circumstances.
- When course repetition occurs, the last grade (“A,” “B,” “C,” “D,” “F”) and credit earned will be included in the computation of the grade point average.
- Courses that are repeated are recorded on the student’s permanent academic record using the appropriate symbol for repetition.
- Annotating the permanent academic record is done in such a manner that all work remains legible, insuring a true and complete academic history.
- Nothing will conflict with Education Code Section 76224 pertaining to the finality of grades assigned by instructors, or with Title 5 or district procedures.
- Courses offered for a variable number of units must be repeated for the same or greater number of units.

Course Repetition Due to Extenuating Circumstances

A student may petition to repeat a course based on a finding that the student’s previous attempt (whether substandard grade, passing grade, or withdrawal) was, at least in part, the result of extenuating circumstances. Extenuating circumstances are verified cases of accident, illness or other circumstances beyond the control of the student.

The petition is filed with an Admissions and Records office and must indicate the extenuating circumstances warranting the repeat. When repetition is approved, the previous grade and credit will be disregarded in computing the student’s GPA. The petition must have approval from the division dean and recommendation from a counselor and/or instructor.

Course Repetition Due to Significant Lapse of Time

A student may be permitted or required to repeat a course one time in which a “C” or better grade was earned if:

1. There has been a significant lapse of time since the grade was received. Significant lapse of time is defined as a minimum of seven years; each discipline has the authority to institute significant lapse of time as less than seven years by program and/or course. A list of exceptions is maintained in the Instruction Office; and
2. The District has established a recency prerequisite for a course or program; or
3. An institution of higher education to which a student wishes to transfer has established a recency requirement that the student cannot satisfy without repeating the course.

When a student needs to repeat an active participatory course due to significant lapse of time, each repetition attempt will be counted toward the established repetition limits. However, if a student has already exhausted the number of permitted repetitions, then one additional repetition due to significant lapse of time may be permitted.

When a course is repeated due to significant lapse of time, the new grade and unit(s) will be included in the student’s grade point average and total units completed. The grade and unit(s) from a previous attempt will be disregarded.

Student Records

Student records are maintained by campus Admissions and Records offices. Students are responsible for regularly checking their mySierra account to ensure receiving registration and financial aid information.

Family Educational Rights and Privacy Act (FERPA)

Sierra College maintains student records and privacy in accordance with the Family Educational Rights and Privacy Act (FERPA) of 1974, as amended. FERPA sets forth requirements regarding the privacy of student records and protects students’ rights to inspect and review their education records, to request to amend their education records, and to limit disclosure of personally identifiable information contained in education records.

Student education records are defined as records, files and other materials that contain information directly related to a student, and are maintained by the institution or by a party acting for the institution. Education records are NOT: sole possession records, law enforcement unit records, employment records, medical records, or post-attendance records.

Student education records that are personally identifiable will not be released to a third party without the student’s written consent unless one of the following situations applies:

- To college faculty, staff and administrators with a legitimate educational interest in the information.
- In response to a request for directory information.
- To Federal, State and local education authorities involving an audit, evaluation or compliance with education programs.
- Agents acting on behalf of the college (e.g., National Student Loan Clearinghouse).
- In connection with processing financial aid.
- Accrediting institutions.
- To comply with a judicial order or subpoena.
- In connection with a health or safety emergency if the information will assist in resolving the emergency.

Student Right-to-Know Disclosure

In compliance with the Student Right-to-Know and Campus Security Act of 1990 (Public Law 101-542), it is the policy of our college district to make available its completion and transfer rates to all current and prospective students. Beginning in Fall 2016, a cohort of all certificate-, degree-, and transfer-seeking first-time, full-time students were tracked over a three year period. Their completion and transfer rates are listed above. These rates do not represent the success rates of the entire student population at the College nor do they account for student outcomes occurring after this three year tracking period.
Based upon the cohort defined above, a Completer is a student who attained a certificate or degree or became ‘transfer prepared’ during a three year period, from Fall 2016 to Spring 2019. Students who have completed 60 transferable units with a GPA of 2.0 or better are considered ‘transfer prepared’. Students who transferred to another post-secondary institution, prior to attaining a degree, certificate, or becoming ‘transfer prepared’ during a five semester period, from Spring 2017 to Spring 2019, are transfer students.

More information about Student Right-to-Know Rates and how they should be interpreted may be found at the California Community College Student Right-to-Know Rate Disclosure website (http://srtk.cccco.edu/271/srtk20.htm).

Title IX Information

It is the policy of the Sierra Joint Community College District to ensure compliance with Title IX of the Education Amendments of 1972 by assuring that no student or employee shall on the basis of sex be excluded from participation in, be denied the benefits of, or be subject to discrimination under any educational program or activity receiving federal financial assistance.

Sierra College prohibits all forms of sexual violence, harassment, and discrimination. Such conduct violates Sierra College policies and may violate California law. Students or employees who engage in such behavior are subject to disciplinary and possible legal consequences. Under Title IX, discrimination and sexual violence can include: sexual assault, sexual harassment, exhibitionism, gender-based discrimination or harassment, intimate partner violence, non-consensual sexual contact, rape, sextortion, stalking, and voyeurism.

Students are responsible for familiarizing themselves with Sierra College’s policies and definitions related to Title IX Sexual Violence. All students are required to view an online sexual violence presentation that is accessible through their mySierra account. Detailed information about sexual violence prevention, including information on confidential campus and community resources is located under ‘Title IX Safety and Security’ on the Sierra College website.

Such programs and activities include admission of students, assessment procedures, counseling programs, access to academic courses, athletic programs, career technical education and other activities. Inquiries concerning compliance may be addressed to the Equal Employment Opportunity Officer, (916) 660-7006.

Transcripts

An official transcript is a sealed or verifiable PDF document of your academic record at Sierra College. Students may order an official electronic transcript or a sealed official transcript. A PDF transcript is considered official for the recipient only. When re-sent, PDF transcripts become unofficial.

Official academic transcripts may be requested through the following methods:

- Current Sierra College students and students who attended within the past year may order transcripts online through mySierra (https://sso.sierracollege.edu/cas/login/?service=https%3A%2F%2Fmysierra.sierracollege.edu%2Fc%2Fportal%2Flogin). This is the fastest way to order online, as a signature authorization is not required.
- Students who attended Sierra College over a year ago may order transcripts online through TranscriptsPlus (https://www.credentialexc.com/tplus/?ALUMTR001290). An authorization form may be required.

The first two official transcripts ever requested from Sierra College are free of charge, excluding on-demand transcripts. The processing and transcript charges are as follows:

- PDF delivery service at a cost of $5.00 per transcript;
- Standard mail service at a cost of $7.00 per transcript;
- Rush processing - pick up (photo identification required) at a cost of $15 per transcript;
- On-demand, in-person delivery at a cost of $20.00 per transcript;
- Domestic and international Federal Express delivery at a cost of $23.00 - $43.00 per transcript.

Allow 5–7 business days for processing regular orders and up to 14 days for orders with attachments or IGETC/GE Certifications. For quicker processing, visit the Rocklin campus Admissions and Records Office for on-demand orders.

Processing times do not include U.S. Postal Service mailing time. For more information on ordering official transcripts (https://solutions.sierracollege.edu/TC/Portal/KB/ArticleDet/?ID=74016), please visit the website or contact a campus Admissions and Records office, (916) 660-7340 or (530) 274-5302.

Unofficial transcripts are available through mySierra for students who have attended within the last year or are currently enrolled at Sierra College. Students who attended more than a year ago cannot order unofficial transcripts online; however, unofficial transcripts are available free of charge at an Admissions and Records office.

Transfer Articulation Agreements

Sierra College maintains formal articulation agreements with many transfer colleges and universities. These agreements specify how courses will be accepted at the transfer institutions. Articulation agreements with California State University and University of California campuses may be viewed at www.assist.org (http://www.assist.org/web-assist/welcome.html). ASSIST is the online official repository of articulation for California’s public colleges and universities and provides the most accurate and up-to-date information about student transfer in California. ASSIST does not take the place of a counselor; it is intended to help students and counselors work together to establish an appropriate path toward transferring from a public California community college to a public California university.

Use of Copyrighted Material

Employees and students shall not use copyrighted materials in a way which violates one of the copyright owner’s exclusive rights without permission from the owner unless that use is allowed by the laws pertaining to fair use.
Visitors on Campus

All persons visiting the campus are expected to conduct themselves in accordance with standards of the District which are designed to perpetuate its educational purposes, and to comply with campus rules, city and county ordinances, appropriate educational code sections, and state laws.

Visitors are welcome at all public meetings held at District facilities. However, no person, including but not limited to children, relatives or friends of students or employees, shall attend any class, laboratory, field trip or any other instructional or educational activity for which they are not registered or enrolled without verifiable permission from the Dean, Director, Supervisor, or Instructor of Record.

Weapons on Campus

Firearms, knives, explosives, or other dangerous objects are prohibited on any District campus, District center, or in any facility of the District except for activities conducted under the direction of District officials or as authorized by an official law enforcement agency.

COURSES

Administration of Justice (ADMJ)

ADMJ 0028. Independent Study
Units: 1-3
Described for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering currently exists. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

ADMJ 0050. Introduction to Administration of Justice
Units: 3
Hours: 54 lecture
Exploration of the history and philosophical roots of the U.S. justice system; in-depth study of the system and its sub-systems with emphasis on the total environment in which they operate; roles and role expectations of professionals as perceived from within and outside of the system; study of theories of crime, punishment, rehabilitation; exploration of research methodology of the discipline; analysis of the system’s interrelationship with society, punishments and incarceration alternatives. (C-ID AJ 110) (CSU, UC)

ADMJ 0051. Traffic Investigations and Enforcement
Units: 3
Hours: 54 lecture
Study of traffic management and enforcement. Emphasis on traffic law enforcement procedures, Vehicle Code violations, public safety, and collision investigations. (CSU)

ADMJ 0052. Criminal Court Process
Units: 3
Hours: 54 lecture
Comprehensive examination of the origin, development, philosophy and legal basis of criminal procedures in California; procedural statutes, case law, constitutional law and judicial rules governing pre-arrest, arrest, custody, crime charging, motions; applicable rules of discovery and evidence; California grand jury system; pretrial court procedures; adult and juvenile court procedures; verdict, sentencing and the appellate process. (C-ID AJ 122) (CSU)

ADMJ 0053. Police Field Operations
Units: 3
Hours: 54 lecture
History and development of patrol philosophy; field activities including patrol, complaints, requests for services, field interviews, searches, arrests, traffic problems, disturbances and other community or criminal incidents. (CSU)

ADMJ 0054. Introduction to Investigation
Units: 3
Hours: 54 lecture
Fundamentals of investigation; addresses the techniques, procedures, and investigation of crime, including organization of crime scene searches and recording; collection and preservation of evidence; sources of information; surveillance; interview and interrogation; follow-up investigation; resources; scientific analysis of evidence, case preparation and the role of the investigator in the trial process. (C-ID AJ 140) (CSU)

ADMJ 0055. Concepts of Criminal Law
Units: 3
Hours: 54 lecture
Historical development, philosophy of common and statutory law, and constitutional provisions related to due process; definitions, classifications, and general elements of crimes as applied to the administration of justice; legal research, review of case law, methodology, and concepts of law as a social force and analysis of criminal liability, defense to crimes and the classification of crimes against persons, property, morals and public welfare. (C-ID AJ 120) (CSU, UC)

ADMJ 0056. Introduction to Evidence
Units: 3
Hours: 54 lecture
Origin, development, philosophy and legal basis of evidence; types of evidence; ways of presenting evidence; judicial decisions and statutory rules of evidence governing the admissibility of testimony, writings, materials and objects at a criminal trial; constitutional and procedural considerations affecting searches, seizures, admissions, confessions and methods of identification. (C-ID AJ 124) (CSU)

ADMJ 0057. Juvenile Law and Procedure
Units: 3
Hours: 54 lecture
Organization, functions and jurisdiction of juvenile agencies; the processing and detention of juveniles; techniques of handling juvenile offenders and victims; prevention and suppression of delinquency; diagnosis and referral; community resources; law and court procedures. (C-ID AJ 220) (CSU)

ADMJ 0058. Community and the Justice System
Units: 3
Hours: 54 lecture
In-depth study of the relationship between the criminal justice system and the community; causal and symptomatic aspects of community misunderstanding, lack of cooperation and mistrust; the concept that community relations develop through a continuing process of interaction between the criminal justice system and members of the public. Methods for understanding how such a relationship is developed, changed and maintained. Examines the complex, dynamic relationship between communities and the justice system in addressing crime and conflict with an emphasis on the challenges and prospects of administering justice within a diverse multicultural population. (C-ID AJ 160) (CSU, UC)

ADMJ 0060. Defensive Tactics for Law Enforcement
Unit: 1
Hours: 36 (18 lecture, 18 laboratory)
Skills and techniques to address combative subjects both armed and unarmed; includes take downs, control holds, escapes, handcuffing, and weapon retention or removal. (not transferable)

ADMJ 0061A. Firearms Familiarization
Units: 2
Hours: 54 (27 lecture, 27 laboratory)
Introductory course covering history of firearms, types and selection of weapons, ammunition and auxiliary equipment, firearm nomenclature, principles of safe shooting, weapon safety, maintenance and care, legal and moral aspects of weapon usage for both law enforcement and non-law enforcement, and development of individual shooting skills and safety. Qualifying at the firing range with a handgun. Safety fee required. (not transferable)
ADMJ 0061B. Advanced Firearms
Units: 2
Prerequisite: Completion of any of the following: ADMJ 61A; 61C; 112; 115; 120; Basic Police Academy course certified by California POST
Hours: 54 (27 lecture, 27 laboratory)
An advanced course further developing skills and theory introduced in ADMJ 61A, with practical applications in varied complex settings. Emphasis on further study and practice of functional testing of firearms, sight alignment adjustments, and self-evaluation of shooting performance. Development of additional skills and knowledge necessary to teach firearm safety and techniques to enhance shooting skills. Safety fee required. (not transferable)

ADMJ 0061C. Firearms: Semi-Automatics
Units: 2
Hours: 54 (27 lecture, 27 laboratory)
Practical semi-automatic handgun course. Includes history and evolution of semi-automatics, types and uses, nomenclature, ammunition, marksmanship techniques, malfunctions, safety, and development of individual shooting skills. Safety fee required. (not transferable)

ADMJ 0061D. Firearms Instructor
Units: 2
Prerequisite: Successful completion of ADMJ 61A, 61B and 61C; or completion of ADMJ 61B and a Peace Officer Standards and Training (POST) certified Police Academy; or equivalent firearms training as determined by the Administration of Justice Program Coordinator
Hours: 54 (36 lecture, 18 laboratory)
Knowledge and skills to train others in firearm safety, marksmanship and range program development. Includes fundamentals of marksmanship, curriculum development, firearms safety, range management, handgun/shotgun theory and nomenclature, developing qualification courses and diagnosing shooting problems through practical shooting exercises. Firearms Instructor certificate issued for those achieving 80% on the written examination and range qualifications. (not transferable)

ADMJ 0061E. Firearms Instructor POST
Units: 2.5
Prerequisite: Successful completion of a California Commission on Peace Officer Standards and Training (POST) certified Police Academy and possess a POST basic certificate
Hours: 80 (36 lecture, 44 laboratory)
Knowledge and skills to train police officers in firearm safety, marksmanship and range program development. Includes fundamentals of marksmanship, curriculum development, firearms safety, range management, handgun/shotgun theory and nomenclature, developing qualification courses and diagnosing shooting problems through practical shooting exercises. Firearms Instructor certificate issued for those achieving 80% on the written examination and range qualifications. Safety fee required. (not transferable)

ADMJ 0062. Introduction to Corrections
Units: 3
Hours: 54 lecture
Provides a history and critical analysis of the various types of punishment, alternatives to punishment, and impact of punishment on the criminal justice system; explanations of criminal behavior; functions and objectives of the criminal justice system concerned with institutionalization, probation, parole, and other sentencing alternatives; critical examination of the types of correctional institutions, their clients, and contemporary correctional issues. (C-ID AJ 200) (CSU)

ADMJ 0067. Managing the Adult Offender
Units: 3
Advisory: Completion of ADMJ 62 with grade of "C" or better
Hours: 54 lecture
Survey course emphasizing behavior and characteristics of male and female offenders and the role of the correctional employee. Institutional environment, inmate subcultures, values, victimology, and gangs also discussed and analyzed. Population management issues, statistics, inmate rights, discipline and contemporary custody and treatment techniques identified and studied. (CSU)

ADMJ 0069. Institutional Corrections and Casework
Units: 3
Formerly known as ADMJ 63 and 66
Prerequisite: Completion of ADMJ 62 or 67 with grade of "C" or better
Hours: 54 lecture
Institutional security levels, operations, and design. Inmate classification, institutional programs, treatment and intervention modalities and casework responsibility. Fiscal issues, legislation, current issues and societal attitudes affecting corrections. Custodial and ancillary career opportunities. Tours of various correctional institutions required. (CSU)

ADMJ 0070. Substantive Law - Crimes and Punishments
Units: 3
Hours: 54 lecture
An in-depth study of Penal Code and other codes which have an application to law enforcement and administration of justice. Includes misdemeanor and felony violations of the criminal statutes involving crimes against persons and property, public peace, dangerous weapons, narcotics, and vice violations. (CSU)

ADMJ 0072. Illegal Drugs - Recognition and Influence
Units: 3
Hours: 54 lecture
Study of current drugs of abuse including identification, street terms, prices, methods of use, history, and recognizing persons under the influence. Current law and law enforcement trends. Introduction to human physiology and drugs. (CSU)

ADMJ 0073. Report Writing for Criminal Justice
Units: 3
Hours: 54 lecture
Techniques for effectively communicating factual information in a clear, concise and thorough manner in the various types of reports used within the criminal justice system; emphasis on criminal justice terminology, use of English, and organization of information; practical experience in interviewing, note taking and report writing throughout the criminal justice system. (CSU)

ADMJ 0074. Computer Use in Criminal Justice
Units: 3
Hours: 72 (54 lecture, 18 laboratory)
An introduction to system strategies and computer techniques used by law enforcement agencies. Computer procedures, terminology, and program applications that produce crime support data. Database applications found in law enforcement identification, CAD (Computer Assisted Dispatch) systems, statistics, investigations and records management systems. (CSU)
ADMJ 0075. Values and Ethics in Criminal Justice  
*Units: 3*  
Hours: 54 lecture  
Stresses the importance of values and ethics and appropriate moral judgments necessary in the administration of justice field. Provides an understanding of values and integrity which must be displayed, and communication skills necessary to be an effective criminal justice practitioner. (CSU)

ADMJ 0076. Street and Prison Gangs  
*Units: 3*  
Hours: 54 lecture  
Theories of gang membership and behavior; law enforcement, community, and correctional intervention; characteristics and activities of prison and street gangs; impact on correctional and law enforcement operations and society. (CSU)

ADMJ 0077. Terrorist Tactics and the Role of the First Responder  
*Units: 3*  
Hours: 54 lecture  
Through the use of case studies, first responders gain knowledge and understanding of terrorist behavior, typologies of terrorism and extremism, its ideology and role in domestic and international terrorism, preventative measures, threat, vulnerability and risk assessment procedures, weaponry, post-blast issues and other concerns. (CSU)

ADMJ 0078. Introduction to Public Safety Dispatch  
*Units: 3*  
Also known as FIRE 80 and HSCI 80  
Hours: 54 lecture  
Overview of the critical role of the Public Safety Dispatcher as first point-of-contact for coordinating emergency responses; exploration of advancements in telecommunications and emergency notifications systems; use of proper radio codes and crisis-intervention techniques used to calm and communicate with distraught callers; awareness of job requirements and hiring process for career pathways in Public Safety Dispatching. (CSU)

ADMJ 0080. Introduction to Crime Scene Investigation  
*Units: 3*  
Hours: 54 lecture  
Fundamentals of crime scene investigation and the forensic sciences for the basic investigator and field crime scene technician; addresses the theory, techniques, and procedures for evidence identification and collection at major and minor crime scenes; preservation of evidence, chain of custody; roles and responsibilities of investigators; scientific principals of forensics; inter-agency collaboration and resources; proper documentation in preparation for criminal trials. (CSU)

ADMJ 0088. Computer Forensics Fundamentals  
*Units: 3*  
Also known as IT 165  
Advisory: Completion of ADMJ 54 and IT 120 with grades of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Introduction to the methods used to properly conduct a computer forensics investigation, beginning with a discussion of ethics, while mapping the objectives of the International Association of Computer Investigative Specialists (IACIS) certification. Topics covered include an overview of computer forensics as a profession; the computer investigation process; understanding operating systems boot processes and disk structures; data acquisition and analysis; technical writing; and a review of familiar computer forensics tools. Also includes exploration and practice of 21st century career skills: Analysis/Solution Mindset. (CSU)

ADMJ 0089. Fraud Examination  
*Units: 3*  
Advisory: Completion of ADMJ 54 with grade of "C" or better  
Hours: 54 lecture  
Covers principles and methodology of fraud detection and deterrence. Includes topics such as skimming, cash larceny, check tampering, register disbursement schemes, billing schemes, payroll and expense reimbursement schemes, non-cash misappropriations, corruption, accounting principles and fraud, fraudulent financial statements, and interviewing witnesses. (CSU)

ADMJ 0095. Internship in Administration of Justice  
*Units: 0.5-4*  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

ADMJ 0110. PC 832 - Arrest  
*Units: 2*  
Hours: 44 (36 lecture, 8 laboratory)  
Covers ethics, courts, community relations, laws of arrest, use of force, search and seizure, investigations, and arrest and control methods. Meets California Penal Code Section 832 requirement for individuals having limited Peace Officer powers to complete a training course prescribed by the Commission on Peace Officer Standards and Training (POST). No longer meets modular Police Academy requirements. May be repeated for credit to meet legally mandated education/training requirements. (not transferable)

ADMJ 0112. PC 832 - Firearms  
*Units: 0.5*  
Advisory: Completion of ADMJ 110 with grade of "C" or better  
Hours: 24 (8 lecture, 16 laboratory)  
Covers use of lethal force, shooting principles, safety guidelines and range qualifications. Meets California Penal Code Section 832 firearms requirement for individuals having limited Peace Officer powers to complete a training course prescribed by the Commission on Peace Officer Standards and Training (POST). Students are required to present a California Department of Justice certification of no disqualifying criminal history preventing attendance, due on the first day of instruction. May be repeated for credit to meet legally mandated education/training requirements. (pass/no pass grading) (not transferable)
ADMJ 0115. POST Module III Academy Training  
Units: 8  
Advisory: Completion of ADMJ 61A, ADMJ 73, and ENGL N with grades of "C" or better  
Hours: 179 (131 lecture, 48 laboratory)  
Satisfies Module III training requirements of the Commission on Peace Officer Standards and Training Module III. Covers professionalism and ethics, report writing, preservation of evidence, crimes against the justice system, vehicle operations, traffic enforcement, laws of search and seizure, custody, arrest/control/baton, emergency care, firearms/chemical agents, community policing, information systems and cultural diversity issues. Students are required to obtain California Department of Justice certification of no disqualifying criminal history preventing attendance, due on the first day of instruction. Students must also possess a valid driver’s license and vehicle insurance during the course. Safety and materials fees required. May be repeated for credit to meet legally mandated education/training requirements. (not transferable)  

ADMJ 0120. POST Module II Academy Training  
Units: 9.5  
Advisory: Completion of ADMJ 61C, ADMJ 73, and ENGL N with grades of "C" or better  
Hours: 231 (143 lecture, 88 laboratory)  
Satisfies training requirements of the Commission on Peace Officer Standards and Training Module II. Covers community relations, criminal laws, search and seizure, evidence, report writing, enforcement techniques, crime scene investigation, property crimes, crimes against persons, investigations, arrest and control, firearms/chemical agents, crimes against the justice system, and cultural diversity/discrimination. Students are required to have successfully completed Commission on Peace Officer Standards and Training Module II training standards and to obtain California Department of Justice certification of no disqualifying criminal history preventing attendance, due on the first day of instruction. Students are required to possess a valid driver’s license and vehicle insurance during the course. Students are also required to have passed the POST Entry Level Law Enforcement Test Battery (PELLETB) with a minimum t-score of 42 within one year prior to the first day of class. Safety and materials fees required. May be repeated for credit to meet legally mandated education/training requirements. (not transferable)  

ADMJ 0151. Administration of Justice Pathways  
Units: 2  
Hours: 40 lecture  
Covers career pathways in the Administration of Justice. Includes educational planning of available degree programs, labor market research, and the hiring process: development of a resume, background investigations, personal history statements, interview dynamics, and hiring examinations. (not transferable)  

ADMJ 0200. Impact of Abuse and Violence  
Units: 3  
Hours: 54 lecture  
Covers historical, cultural, psychological and social precursors and effects of the three primary forms of domestic violence: spousal/partner, child and elder abuse. Responsibilities and roles of law enforcement, prosecution, court, corrections, medical and social service professionals are studied. Crisis intervention, multi-disciplinary investigation and interviewing, forensic examination and adjudication issues are addressed. Examine other legal issues including mandated reporting and protective orders and explores both prevention and intervention resources available in the community. (not transferable)  

ADMJ 0610. Special Weapons and Tactics - Advanced  
Units: 0.5  
Prerequisite: Completion of POST Basic Academy and employment as a Peace Officer assigned to a Special Weapons and Tactics team  
Hours: 24 (5 lecture, 19 laboratory)  
Reality based training focusing on team challenges designed to test a SWAT team's methods and capabilities. Emphasis on team movement, hostage rescues, advanced firearms usage, physical endurance, and team problem exercises. May be repeated for credit to meet legally mandated requirements. (pass/no pass grading) (not degree applicable)  

ADMJ 0630. Professional Training for Criminal Justice Personnel  
Units: 0.5-3  
Prerequisite: Appropriate federal and/or state certification (POST/STC) entry standards  
Hours: 54 laboratory per unit  
Satisfies required standards for law enforcement personnel in areas of knowledge, techniques and perishable skills. Emphasis on laws of arrest; search and seizure; first aid and CPR; firearms; defensive tactics; illegal drugs, officers safety; civil liability; ethics; communication skills; interview and interrogations; investigations; crime scene processing; and report writing. May be repeated for credit to meet legally mandated education/training requirements. (pass/no pass grading) (not degree applicable)  

ADMJ 0631. Spanish for Law Enforcement  
Units: 0.5  
Prerequisite: Completion of PC 832 - Arrest, POST Module III Academy Training or POST Basic Academy  
Hours: 9 lecture  
Functional Spanish course designed for law enforcement personnel. Students learn the basic commands to complete a car stop, handcuffing and the Miranda advisement. (pass/no pass grading) (not degree applicable)  

ADMJ 0632. Crime Scene Investigations for the Patrol Officer  
Units: 0.5  
Prerequisite: Completion of POST Basic Academy  
Hours: 16 lecture  
Fine tune the skills obtained in the Basic Academy regarding crime scene investigations for the patrol officer. Topics include fingerprinting, chain of evidence, videographing and the recognition of evidence and the importance of recording placement. (pass/no pass grading) (not degree applicable)  

ADMJ 0633. Media Relations for Law Enforcement  
Units: 0.5  
Hours: 9 lecture  
Designed to prepare the line officer to work with the media and give a press release. (pass/no pass grading) (not degree applicable)  

ADMJ 0634. Report Writing Review for Law Enforcement  
Units: 0.5  
Prerequisite: Completion of PC 832 - Arrest, POST Module III Academy Training, or POST Basic Academy  
Hours: 9 lecture  
Course designed for law enforcement personnel who need a refresher report writing course. (pass/no pass grading) (not degree applicable)
ADMJ 0635. Interview and Interrogation for Law Enforcement  
*Units: 0.5*
Prerequisite: Completion of POST Basic Academy  
*Hours: 9 lecture*
Designed to provide officers with the knowledge to recognize distinct differences between interviews and interrogations. Covers legal issues and how to obtain truth from suspects, witnesses and victims. (pass/no pass grading) (not degree applicable)

ADMJ 0636. Basic Traffic Collision Investigation  
*Unit: 1*
Prerequisite: Completion of POST Basic Academy  
*Hours: 24 (18 lecture, 6 laboratory)*
Designed to provide officers with knowledge and skills to conduct traffic collision investigations and develop reasonable cause for establishing fault pursuant to California Vehicle Code Section 40600. (pass/no pass grading) (not degree applicable)

ADMJ 0637. Drug Abuse Recognition  
*Unit: 1*
Prerequisite: Completion of POST Basic Academy  
*Hours: 24 lecture*
Provides officers with the knowledge and skills to recognize signs and symptoms of drug influence, the DAR 7-step system, drug trends, how drugs affect the central nervous system, drug laws, report preparation and expert court testimony. (pass/no pass grading) (not degree applicable)

**Advanced Manufacturing (ADVM)**

ADVM 0062. Introduction to Computer Aided Design and Manufacturing (CAD/CAM)  
*Units: 2.5*
*Hours: 81 (27 lecture, 54 laboratory)*
Introduction to CAD/CAM using Fusion 360. Covers practical on-the-job skills needed for precision machining. Students will learn skills needed to read and understand detailed drawings, create a process plan for machining parts, create 3D CAD files from 2D drawings, create 2D drawings from 3D models, plan and create CNC toolpaths and export G-code for manufacturing. (not transferable)

ADVM 0063. Design and 2-D Manufacturing of 3-D Objects  
*Units: 2*
*Hours: 72 (18 lecture, 54 laboratory)*
Students will learn the basic working principles of water jet cutting, laser cutting, laser engraving, plasma cutting, CNC and manual press brake machinery. Class projects will be modeled using computer software and then cut, engraved, or formed using the appropriate manufacturing process for the job. (not transferable)

ADVM 0064. Computer-Aided 2D Design  
*Units: 3*
Formerly known as WELD 64  
*Hours: 90 (36 lecture, 54 laboratory)*
Study of Computer Numerically Controlled (CNC) cutting systems in the 2D world using industry standard hardware and development software. Topics include design principles, copyright, selection of materials, billing of materials and job estimating, basic G and M code commands, use of consumables, cut quality evaluation, and trouble-shooting techniques. (not transferable)

ADVM 0066. CNC Machining Level 1  
*Units: 3*
Formerly known as WELD 66  
Advisory: Completion of ADVM 62 with grade of "C" or better  
*Hours: 90 (36 lecture, 54 laboratory)*
Intermediate course making billet aluminum parts from start to finish using HAAS CNC milling machines. Fusion 360 will be used to model and program class assignments which are then posted to HAAS machines where students will learn how to set up and operate HAAS CNC vertical machining centers. After the parts have been machined, students will use common industry measuring and inspection techniques to insure their parts are in tolerance. (not transferable)

ADVM 0067. CNC Machining Level 2  
*Units: 3*
Formerly known as WELD 67  
Prerequisite: Completion of ADVM 66 with grade of "C" or better  
*Hours: 90 (36 lecture, 54 laboratory)*
Applications using multi-axis CNC machining. Developing complicated part geometry with Computer Aided Design (CAD), importing files, planning machine operations, and developing machine codes by Computer-Aided Machining (CAM) with multi-axis focus. Includes simulation modeling used to proof the assigned laboratory exercises and set-up for 3+2 and 4th and 5th axis operation of CNC machining centers. (not transferable)

ADVM 0068. Advanced Mill 4th and 5th Axis  
*Units: 3*
Prerequisite: Completion of ADVM 66 with grade of "C" or better  
*Hours: 90 (36 lecture, 54 laboratory)*
Advanced CNC machining 4th and 5th axis Mill work. Developing complicated part geometry with Computer Aided Design (CAD), Post process CAM tool path development, planning machine operations, and developing machine codes and techniques for cost effectiveness. CNC Lathe operations. (CSU)

**Agriculture (AGRI)**

AGRI 0028. Independent Study  
*Units: 1-3*
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

AGRI 0095. Internship in Agriculture  
*Units: 0.5-4*
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)
AGRI 0156. Introduction to Plant Science  
*Units: 4*  
Formerly known as HORT 2  
Also known as BIOL 21  
Advisory: Eligibility for ENGL 1A  
Hours: 108 (54 lecture, 54 laboratory)  
Emphasizes structure, growth, physiology and reproduction of flowering plants and their responses to modifications and environment; including propagation, media, soil and plant nutrition. Explores the interrelationship of plant science with other life sciences and technology. Applies principles of plant science to agricultural systems. (CSU, UC)

AGRI 0159. Integrated Pest Management  
*Units: 3*  
Formerly known as HORT 52  
Hours: 54 lecture  
Comprehensive study of integrated pest management with emphasis on sustainable management practices of landscape and small crop pests. Includes identification and study of insects, weeds, plant diseases, vertebrate pests, and beneficial organisms. Studies least toxic pest control strategies, labeling, formulations and safe handling of pesticides. (CSU)

AGRI 0160B. Methods of Propagation  
*Unit: 1*  
Formerly known as HORT 134B  
Hours: 54 laboratory  
Provides an advanced level of skill, technique and experience in spring plant production. In-depth studies of propagation materials, sexual and asexual reproduction, transplanting and planting. Preparation and use of propagation and planting media. (not transferable)

AGRI 0164. Sustainable Tree Care  
*Units: 3*  
Formerly known as HORT 40  
Hours: 90 (36 lecture, 54 laboratory)  
Sustainable horticultural principles and practices for management and care of trees in urban and landscape settings. Includes tree biology and culture, proper tree selection, maintenance, planting, staking, pruning techniques, tree hazard assessment, and risk management. Current issues in urban forestry and trees in the urban environment will be covered. (CSU)

AGRI 0196. Introduction to Sustainable Agriculture  
*Units: 3*  
Hours: 54 lecture  
Introduction to the concepts and principles of agroecology as applied to the design and management of sustainable agricultural systems. Includes examination of case studies connecting sustainable agriculture principles to farming practices. (CSU, UC)

AGRI 0198. Food, Society and the Environment  
*Units: 3*  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Multiple perspectives and global connections between the environment, society and food production. Emphasis on agriculture’s central position between nature and society and its key role in humanity’s search for a productive and sustainable environment. (CSU, UC)

AGRI 0200. Introduction to Animal Science  
*Units: 4*  
Advisory: Eligibility for ENGL 1A  
Hours: 108 (54 lecture, 54 laboratory)  
A scientific approach to the field of animal science and the interrelationships of domestic animals and their contribution to the modern agriculture industry. Introduces various disciplines, including cell function, genetics, anatomy and physiology, reproduction, nutrition, animal health, animal products and animal behavior. (C-ID AG-AS 104) (CSU, UC)

AGRI 0203. Animal Feeds and Nutrition  
*Units: 4*  
Formerly known as AGRI 12  
Advisory: Eligibility for ENGL 1A  
Hours: 108 (54 lecture, 54 laboratory)  
An introduction to the feeds and nutrition of animals including basic digestive system anatomy and physiology; composition and selection of feeds; characteristics of nutrients; principles of nutrition; nutrient requirements of non-ruminant and ruminant animals; and formulating diets to meet these requirements. (CSU)

AGRI 0212. Direct Farm Marketing  
*Units: 2*  
Hours: 36 lecture  
Overview of direct farm marketing. Includes innovative marketing alternatives for the small to medium size grower, proven methods of product development, promotion, pricing and distribution. (not transferable)

AGRI 0213. Agriculture Mechanics  
*Units: 3*  
Hours: 90 (36 lecture, 54 laboratory)  
Shop skills essential to mechanized agriculture, including welding, metal and wood fabrication tools, electrical and plumbing. Proper selection, use, repair, and safety of the tools and equipment will be emphasized. (CSU)

AGRI 0215. Introduction to Agricultural Business and Economics  
*Units: 3*  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Provides an overview of the role agriculture business and economics play in United States and world economies and how these aspects impact the agricultural producer in day to day management, the consumer and the food system. Production and supply, marketing and demand, resource allocation and commodity pricing will be discussed as well as social and economic challenges of agriculture in urban and industrialized economies emphasizing California. (CSU, UC)

AGRI 0221. Introduction to Soil Science  
*Units: 3*  
Advisory: Eligibility for ENGL 1A  
Hours: 90 (36 lecture, 54 laboratory)  
Soils as natural bodies formed by interactive environmental processes, classification and characteristics. Soil response to use and management including erosion, moisture retention, structure, cultivation, organic matter and microbiology. Laboratory topics include soil type, classification, soil reaction, soil fertility and physical properties of soil. (C-ID AG-PS 128 L) (CSU, UC)
Allied Health (ALH)

ALH 0001. Electronic Health Record/Billing
Units: 2.5
Prerequisite: Completion of BIOL 55, BUS 250, HED 2, and HSCI 3 with grades of "C" or better
Hours: 63 (36 lecture, 27 laboratory)
How to document the total patient encounter in the Electronic Health Record using a current vendor product along with Medisoft Clinical Practice Management which incorporates the electronic billing process. (letter grade only) (not transferable)

ALH 0002. Medical Coding
Units: 2.5
Hours: 63 (36 lecture, 27 laboratory)
Students will acquire basic knowledge of the functions of coding in the ambulatory medical setting. In addition, students will learn to interpret and locate codes in both the CPT (Current Procedural Terminology) and ICD-10-CM (International Classification of Disease, clinical modification 10) manuals. (letter grade only) (not transferable)

ALH 0003. Introduction to Pharmacology for Medical Assisting
Units: 2.5
Hours: 63 (36 lecture, 27 laboratory)
Introduction to the principles of pharmacology and medication forms, routes of administration, and common medication for each body system as used in the ambulatory setting. (letter grade only) (not transferable)

ALH 0004. Physical Exam Procedures
Units: 3
Hours: 90 (36 lecture, 54 laboratory)
Prepares students to perform clinical tasks within the scope of practice of a medical assistant. Skill competencies include preparation of exam rooms, acquisition of patient history and vital signs, introduction to oral medication administration, nutritional education planning, orthopedic bracing/casting, handling office emergencies, and performing CPR and electrocardiograms. (letter grade only) (not transferable)

ALH 0005. Medical Office Procedures
Units: 3
Prerequisite: Completion of ALH 1, 2, 3, and 4 with grades of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Designed for the Clinical Medical Assistant to learn legal/ethical and accepted procedures for any ambulatory setting. (letter grade only) (not transferable)

ALH 0006. Medical Office Laboratory Procedures
Units: 3
Prerequisite: Completion of ALH 1, 2, 3, and 4 with grades of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Students will acquire skills to competently implement and evaluate standard laboratory tests as performed in medical offices or general lab settings. Emphasis on specimen collection, handling and storing procedures, analysis and interpretation of normal and abnormal lab values. Acquire phlebotomy skills that prepare students to practice within their scope of work as a medical assistant. (letter grade only) (not transferable)

ALH 0007. Medical Aspesis and Surgical Procedures
Units: 3
Prerequisite: Completion of ALH 1, 2, 3, and 4 with grades of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Students will acquire knowledge to apply theory to practice while assisting with minor office surgeries and wound care. Sterile and aseptic techniques, sterile field and instrument sanitization procedures and protocols prepare students with the necessary skills to practice within the scope of practice of a medical assistant. (letter grade only) (not transferable)

ALH 0008. Medication Administration and Injection Procedures
Units: 3
Prerequisite: Completion of ALH 1, 2, 3, and 4 with grades of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Students will acquire and apply knowledge of various routes of medication administration and the related injection safety, techniques, and site selection. Medication dosage calculations, medication side effects and emergencies pertaining to medication administration will prepare students to practice within the scope of practice of a medical assistant. (letter grade only) (not transferable)

ALH 0009. Medical Assisting Clinical Practicum Experience
Units: 3
Prerequisite: Completion of ALH 5, 6, 7, and 8 with grades of "C" or better
Hours: 162 laboratory
Students will acquire clinical Medical Assisting experience in the work setting under the supervision of a licensed physician in a Board-Certified medical office setting or outpatient facility. (letter grade only) (not transferable)

ALH 0010. Introduction to Phlebotomy
Units: 3
Hours: 91 (43 lecture, 48 laboratory)
Introduction to the principles of Phlebotomy. Emphasis on phlebotomy techniques, infection control, safety, specimen collection and handling, medical and legal considerations, patient care and preparation and performance in venipunctures, capillary punctures, and basic laboratory tests expected of the entry level phlebotomy position (CPT 1). Upon successful completion of ALH 10 and ALH 11, students will be eligible to sit for the phlebotomy exam to become a Certified Phlebotomy Technician I (CPT 1) with the state of California. (letter grade only) (CSU)

ALH 0011. Phlebotomy Clinical Practicum Experience
Units: 0.5
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in ALH 10
Hours: 40 laboratory
Students will acquire Phlebotomy experience in the work setting under the supervision of a certified phlebotomist. The clinical practicum is conducted as a non-paid clinical laboratory experience. Students will perform at least 50 venipuncture procedures on patients that represent a variety of age groups and medical conditions. Emphasis on phlebotomy techniques, infection control, safety, specimen collection and handling, medical and legal considerations, patient care and preparation and performance in venipunctures, capillary punctures, and basic laboratory tests expected of the entry level phlebotomy position (CPT 1). (letter grade only) (CSU)
Alh 0020. Introduction to Allied Health
Unit: 1
Hours: 18 lecture
Introduction to career choices in the Allied Health field. Topics include: education and career mapping, job outlooks, occupational and professional requirements, pay ranges, and employer expectations. Students will get hands-on experience related to various Allied Health occupations and gain insight into job roles and responsibilities through guest speakers. Course includes an overview of health care delivery systems, associated career opportunities, infection control, and laws governing patient confidentiality. Students will have the opportunity to participate in organized field trips. (Letter grade only) (CSU)

Anthropology (ANTH)

Anthropology 0001. Biological Anthropology
Units: 3
Hours: 54 lecture
Broad introduction to the science of biological anthropology. Topics include: the field of anthropology, the scientific method, evolutionary theory, genetics and inheritance, human variation, biology and behavior of living primates, and the fossil evidence of human evolution. (C-ID ANTH 110) (CSU, UC)

Anthropology 0001L. Biological Anthropology Laboratory
Unit: 1
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in ANTH 1
Hours: 54 laboratory
Introductory laboratory course designed to investigate the science of biological anthropology. Areas of study include the production and distribution of genetic variation, human osteology, human variation, comparative primate taxonomy, behavior and osteology, and fossil evidence for human evolution. Field trip required. Students are responsible for fees associated with required field trip. (C-ID ANTH 115L) (CSU, UC)

Anthropology 0002. Cultural Anthropology
Units: 3
Hours: 54 lecture
Introduction to the study of human culture. Examines continuity and diversity in lifeways, knowledge, perspectives, practices and social institutions. Examples drawn from many different cultures and addresses multiple aspects of people's lives. Explores cultural change and intercultural interactions at local and global scales. Addresses the contemporary relevance of culture, cultural humility and cultural anthropology. (C-ID ANTH 120) (CSU, UC)

Anthropology 0004. Native Peoples of North America
Units: 3
Hours: 54 lecture
Anthropological survey of the indigenous peoples and cultures of North America. Emphasizes ecological knowledges/practices, languages, material culture, social organizations, religion, mythologies, world view, and artistic representations and responses to change. Critical examination of the impact of tribal nations on each other as well as the interactions with other groups of people. Examines current conditions of Native American tribes and communities as well as contributions of Native Americans to the cultures of the Americas. Field trips may be required. (CSU, UC)

Anthropology 0005. Introduction to Archaeology
Units: 3
Hours: 54 lecture
Survey of the history and theory of archaeology. Emphasis placed on techniques of archaeological data collection and analysis, cultural innovations and variations, reconstruction and interpretation of the past, and Cultural Resource Management work. Field trips may be required. (C-ID ANTH 130) (CSU, UC)

Anthropology 0006. Introduction to Linguistic Anthropology
Units: 3
Prerequisite: Completion of ENGL 1A with grade of "C" or better
Hours: 54 lecture
Investigate how language works and how it changes over time. Study beliefs about language and their impacts. Examine how people use language to build and share meaning, to form, perform and change identities as well as to enact or resist power. (C-ID ANTH 150) (CSU, UC)

Anthropology 0007. Native Peoples of California
Units: 3
Hours: 54 lecture
Anthropological survey of the indigenous peoples and cultures of California. Emphasizes ecological knowledges/practices, languages, material culture, social organizations, religion, mythologies, world view, artistic representations and responses to change. Critical examination of the impact of tribal nations on each other as well as the interactions with other groups of people. Examines current conditions of Native American tribes and communities in California as well as contributions of indigenous Californians to the cultures of the Americas. Field trips may be required. (CSU, UC)

Anthropology 0009. Magic, Witchcraft, Ritual, Myth and Religion
Units: 3
Hours: 54 lecture
Exploration of supernatural beliefs and practices around the world and over time. Analysis of the forms and functions of myths, rituals, altered states of consciousness, spirit possession, religious movements, witchcraft, and curing. Investigation of the relationship between science, supernatural belief systems, and medicine. Examples drawn from many different cultures and addresses multiple aspects of people's religious and spiritual lives. (CSU, UC)

Anthropology 0010. Introduction to Forensic Anthropology
Units: 3
Hours: 54 lecture
Overview of forensic anthropology, an applied field of physical anthropology. Emphasis on current techniques used in the analysis of human skeletal remains, medico-legal procedures, and the role of the anthropologist in the investigative process. Examines the basics of bone biology, methods of skeletal analysis, and recognition of bone trauma and pathological processes. (CSU, UC)

Anthropology 0014. Global Problems
Units: 3
Hours: 54 lecture
An anthropological approach to the study of major global problems and current world situations. Examine the multidimensional impacts of global capitalism and assess participation within it. Course utilizes a critical approach and emphasizes knowledge from indigenous and other social movements which resist and advocate for alternatives. Highlights discussions about practical strategies for personal and collective positive global impacts. (CSU, UC)
ANTH 0027. Anthropology of Sex, Gender and Sexuality  
Units: 3  
Hours: 54 lecture  
Introduction to the study of sex, gender and sexuality from multiple anthropological perspectives, including biological, cultural, linguistic and archaeological. Examine the diversity and complexities of human sexes, genders and sexualities in many different sociocultural, historical, and cross-species contexts. Investigate complex interactions of biological and cultural systems in the development and dynamics of sexes, genders and sexualities. Discuss relevant issues and current research pertaining to sex, gender and sexuality. (CSU, UC)  

ANTH 0028. Independent Study  
Units: 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)  

Applied Art and Design (AAD)  

AAD 0012. Visual Communication  
Units: 3  
Also known as COMM 12  
Hours: 54 lecture  
Study of visual communication including design principles, aesthetics, visual perception, non-verbal messages, relationship to verbal communication, audience analysis, mass media and persuasion. Historical overview of visual media as well as current trends and technology. (C-ID JOUR 170) (CSU, UC)  

AAD 0020. Portfolio Development and Presentation  
Units: 3  
Advisory: Completion of AAD 70, 75, or 85 with grade of "C" or better  
Hours: 72 (36 lecture, 36 activity)  
Function and use of the portfolio as a marketing device for artists and designers. Styles, materials, resources in portfolio design. Evaluation of professional goals and image building. Students create and present both a print and digital portfolio of their work as a final project. For advanced students. (CSU)  

AAD 0028. Independent Study  
Units: 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)  

AAD 0030. Photographing Works of Art  
Units: 0.5  
Also known as PHOT 30  
Hours: 13 (7 lecture, 6 laboratory)  
Methods and procedures involved in reproducing works of art into digital files for cataloging, portfolios, publication and show submissions. Covers equipment needed for both artificial and natural light situations, camera considerations, proper exposure, and presentation of copy work for both two-dimensional and three-dimensional art. Students must furnish presentation materials. (CSU)  

AAD 0044. Sketching for Design  
Units: 3  
Hours: 72 (36 lecture, 36 activity)  
Introduction to concept sketching techniques for design, illustration, photography and multimedia utilizing a variety of drawing media and creative problem solving concepts. Emphasis on developing visual communication skills for advertising, graphics, illustration, product design, and storyboarding for time-based media. (CSU)  

AAD 0052. Publication Design I  
Units: 3  
Advisory: Completion of AAD 60 or AAD 70 with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Introductory course in use of computer for page layout and composition. Critical application of basic computer operating principles. Emphasis on publication design and the use of type and layout as key elements in graphic communication. Covers importing text and graphics, arranging publication pages, and producing camera ready artwork for reproduction. (CSU)  

AAD 0053. Publication Design II  
Units: 3  
Prerequisite: Completion of AAD 52, 54 or 62 with grade of "C" or better  
Advisory: Completion of AAD 60 with grade of "C" or better  
Hours: 72 (36 lecture, 36 activity)  
Page layout for developing and producing high-quality multi-page documents. Emphasis on publication design, production, typography, graphics, and pre-press. Includes research and application of effective magazine layout concepts, cover design, grid theory, graphics, text elements and printing standards and processes. (CSU)  

AAD 0054. Typography  
Units: 3  
Prerequisite: Completion of AAD 52, 53, 61, 62, or 75 with grade of "C" or better  
Advisory: Completion of AAD 60 with grade of "C" or better  
Hours: 72 (36 lecture, 36 activity)  
A professional and historical approach to understanding typographic principles and form, effects of type on the style and communication in print and screen. Includes study of historical and contemporary graphics and typographic design, conceptualizing, developing and refining typographical forms, methods for analyzing typographic usage, and proper application of type in a variety of print publications, screen environments, hand drawn and computer generated typed forms. (CSU)  

AAD 0055. Illustration  
Units: 3  
Also known as ART 55  
Prerequisite: Completion of AAD 44, 60, 62, 75 or ART 4A with grade of "C" or better  
Hours: 72 (36 lecture, 36 activity)  
Professional practices of illustration, including concept development, communication of ideas, identification and use of appropriate styles and techniques, time management, pricing and contracts, and presentation of finished artwork. (CSU)  

AAD 0060. Graphic Design: Principles and Process  
Units: 3  
Advisory: Completion of AAD 44, AAD 70, ART 2, or ART 4A, with grade of "C" or better  
Hours: 72 (36 lecture, 36 activity)  
Introductory course emphasizing concept development, fundamental principles of design and design solutions. Exploration of materials and techniques for visualizing and presenting ideas, analyzing and critiquing design and combining diverse elements in effective layouts from concept through final critique. (CSU)
AAD 0061. Graphic Design II: Digital Design and Production  
*Units: 3*  
Prerequisite: Completion of AAD 52, 62, or 75 with grade of "C" or better  
Advisory: Completion of AAD 60 with grade of "C" or better  
Hours: 90 (36 lecture, 54 activity)  
Advanced problem solving skills in graphic design through projects and critique. Use of the computer to design and produce full color graphics and print materials, including industry standards and procedures for working with art directors, service bureaus, and printers in pre-press operations. (CSU)  

AAD 0062. Graphic Computer Illustration  
*Units: 3*  
Advisory: Completion of AAD 44, AAD 60, AAD 70, or ART 4A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Computer illustration for effective graphic communication. Emphasis on software tools and techniques in creation of graphic illustrations for use in a wide range of media including print, multimedia, and World Wide Web. Application of design principles, the use of type and layout in combination with illustrations through class projects. Covers importing text and graphics, developing and executing design concepts, and producing camera ready artwork for reproduction using appropriate file formats and standards for integration into other electronic media. (CSU, UC)  

AAD 0066. Business Practices for the Applied Arts  
*Units: 3*  
Hours: 54 lecture  
Introduction to business practices for graphic designers, multimedia and illustration artists and other creative service providers. Initial client contact to final billing process; basic elements of running a small studio; following an Applied Art and Design creative project from inception to completion; discussion of copyright protection; building relationships and contracts with clients and suppliers. (CSU)  

AAD 0070. Introduction to Digital Design  
*Units: 3*  
Hours: 72 (36 lecture, 36 activity)  
Introduction to fundamental concepts and techniques of art and design on the computer. Includes basic computer skills, digital image capture, image manipulation, drawing, page layout, and preparation of images for print, web or multimedia. Students develop creative projects using current graphics software. (C-ID ARTS 250) (CSU, UC)  

AAD 0071. Introduction to Digital Painting  
*Units: 3*  
Also known as ART 71  
Prerequisite: Completion of AAD 44 or ART 4A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to the concepts, tools, and techniques of drawing and painting using creative software. Exploration of traditional artistic techniques in a digital environment. Includes development of skills such as building form, creating color, composing subjects and describing space. Development of portfolio-quality projects in both digital form and print. (CSU)  

AAD 0073. Digital Art Studio: Concepts and Practices  
*Units: 3*  
Also known as ART 73  
Prerequisite: Completion of ART 4A or AAD 44 with grade of "C" or better  
Advisory: Completion of AAD 70 with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to the tools, concepts, and processes for digital art creation with an emphasis on experimental animation, video, mixed media, digital imaging, installation, and new genres. Topics include integration of traditional design, color, and compositional principles with contemporary digital tools in an art studio context. (CSU, UC)  

AAD 0075. Introduction to Digital Imaging  
*Units: 3*  
Also known as PHOT 75  
Advisory: Completion of AAD 70 with grade of "C" or better  
Hours: 72 (36 lecture, 36 activity)  
Introduction to the acquisition and computer manipulation of photographs for design and photography. Analysis and critique of images from initial concept to final project creation. Basic scanning, image adjustments, retouching, compositing, and file preparation for printing and other uses. (CSU, UC)  

AAD 0076. Advanced Projects in Digital Imaging  
*Units: 3*  
Also known as PHOT 76  
Prerequisite: Completion of PHOT 75 or AAD 75 with grade of "C" or better  
Hours: 72 (36 lecture, 36 activity)  
Advanced digital project development using Photoshop. Creating original images from a variety of input devices including scanners and digital cameras. Speed building in editing techniques. Integration of other software programs. Evaluations and critiques of completed projects. (CSU)  

AAD 0079. Introduction to Digital Filmmaking  
*Units: 3*  
Also known as COMM 31A  
Hours: 90 (36 lecture, 54 laboratory)  
Use of digital cameras for producing short form video projects. Introduction to principles, techniques and the terminology of video production and digital filmmaking. Guided classroom exercises and projects, including pre-production planning, video and audio recording techniques, on-location set-ups and studio set-ups, lighting for filmmaking, and basic video editing and output. (CSU)  

AAD 0082. Intermediate Digital Filmmaking  
*Units: 3*  
Prerequisite: Completion of AAD 79/COMM 31A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Examines the pre-production, production and post-production process of filmmaking at an intermediate level. Students produce advanced digital films that incorporate industry standard pre-production preparation such as script writing, storyboarding, and development of a production book. The production process incorporates sound recording, mixed soundtracks, camera work with an emphasis on visual metaphors, and detailed lighting schemes. Post-production focuses on advanced picture and sound editing techniques along with formatting for distribution. (CSU)
AAD 0083. Introduction to Three-Dimensional Modeling  
Units: 3  
Advisory: Completion of AAD 70 and ART 4A with grades of "C" or better  
Hours: 108 (27 lecture, 81 laboratory)  
Three-dimensional modeling on the computer including construction of three-dimensional forms, use of surface textures, application of lighting effects, and animation of completed constructions. Students will create original projects including environments, objects, buttons, three-dimensional texts and animations for use in fine art, graphic design, multimedia and the World Wide Web. (CSU)

AAD 0085. Introduction to Web Design  
Units: 3  
Advisory: Completion of AAD 70 or 75 with grade of "C" or better  
Hours: 90 (36 lecture, 36 laboratory, 18 activity)  
An introduction to web design, covering topics and strategies necessary for the creation and design of websites. Topics include HyperText Markup Language (HTML); Cascading Style Sheets (CSS); design issues specific to web delivery; the creation and optimization of graphics and images for the web; accessibility; search engine optimization and current industry standards. (CSU)

AAD 0086. Intermediate Web Design  
Units: 3  
Prerequisite: Completion of AAD 85 with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Intermediate course in front-end web design. Current topics in website creation covered as they relate to visual design and user interfaces such as strategies for combining layout, graphics, text, typography, and interactivity in fully functioning websites. Special topics include coverage of industry standards and current technologies. (CSU)

AAD 0087. Content Management Systems for Designers  
Units: 3  
Prerequisite: Completion of AAD 85 with grade of "C" or better  
Advisory: Completion of AAD 86 with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Intermediate level course in front-end Web development and design with a focus on using CMS (Content Management Systems). Students learn how to install a CMS; work on a local server for development; enhance the site functionality with plugins, widgets, and themes; customize the appearance of the site to meet brand requirements; manage visitor interactions; and manage updates and security issues. (CSU)

AAD 0088. History of Filmmaking  
Units: 3  
Hours: 54 lecture  
Enter level film history course covering the birth of cinema to present-day. Also covers cinema's relationship to new media and digital technology. Students will acquire general knowledge of film language that is the product of its historical and cultural contexts. Historical study begins in Europe and the United States where cinema was first developed and moves across various regions around the world as it relates to cinematic history. (CSU, UC)

AAD 0089. Documentary Filmmaking  
Units: 3  
Also known as PHOT 89  
Prerequisite: Completion of AAD 79/COMM 31A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Examines the principles, techniques and terminology that are specific to documentary filmmaking. Students produce documentary films that incorporate industry standard pre-production preparation such as creating contracts, research, location surveys, and script writing. Major topics include camera operation, capturing b-roll, location sound recording, mixing, editing and formatting for distribution. (CSU, UC)

AAD 0090. Interaction Design  
Units: 3  
Prerequisite: Completion of AAD 85 with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to Interaction Design for the web and devices with a focus on User Experience and User Interface design. The use of CSS, HTML and JavaScript for creating interactive elements and animations will be covered. Use of scripts, animation and multimedia tools and processes will be covered, as will the use of forms and inputs. Stylistic concerns, content development and design process will be examined. Students create original websites focusing on integrating interactivity and animation in a meaningful way. (CSU)

AAD 0093. Introduction to Motion Graphics  
Units: 3  
Prerequisite: Completion of AAD 79 with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Application of graphic design principles to filmmaking and video production using various forms of animation and visual effects. Exploration of traditional and experimental approaches to creating dynamic visual content for use in video, design and animation. Topics include the integration of text, video, graphics, and sound into short animation pieces as well as components for larger productions. Aesthetic, conceptual and technological considerations discussed and applied. (CSU, UC)

AAD 0094. Digital Animation  
Units: 3  
Prerequisite: Completion of AAD 70, AAD 44, or ART 4A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Study of animation structure, concepts, development of storyboard, creation of graphics, use of timeline, and stage. Explores techniques of cell animation, rotoscoping, key framing, camera moves, angles and cuts, lip sync, acquisition, creation and manipulation of sound effects. Projects published for use on the Web, video, film and social media. (CSU)

AAD 0095. Internship in Applied Art and Design  
Units: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)
ART 0002. Two-Dimensional Design Foundations  
Units: 3  
Formerly known as ART 6A  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to the concepts, applications, and historical references related to two-dimensional art and composition, including the study of the basic principles and elements of line, shape, texture, value, color, proportion and spatial illusion. Students develop a visual vocabulary for creative expression through lecture presentations, studio projects, problem solving, and written assignments. (C-ID ARTS 100) (CSU, UC)

ART 0003. Three-Dimensional Design Foundations  
Units: 3  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to the concepts, applications, and historical references related to three-dimensional design and spatial composition, including the study of the elements of art and principles of design as they apply to three-dimensional space and form. Development of visual vocabulary for creative expression through lecture presentations and use of appropriate materials for non-representational three-dimensional studio projects. (C-ID ARTS 101) (CSU, UC)

ART 0004A. Drawing I  
Units: 3  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to drawing, including gesture and contour drawing; rendering of volumetric form showing light and shadow; description of forms in space; and basic principles of compositional arrangement. Instruction in the use of black and white drawing media including pencil, charcoal, and ink. References to various historical and cultural styles and techniques. (C-ID ARTS 110) (CSU, UC)

ART 0004B. Drawing II  
Units: 3  
Prerequisite: Completion of ART 4A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Continued exploration of the various concerns of drawing, including gesture and contour drawing, rendering of volumetric form showing light and shadow, description of forms in space, and basic principles of compositional arrangement using color drawing media including pencils, pastels, and inks. Drawing studied with reference to various historical, contemporary, and cultural styles and techniques. Creative studies in scale, non-traditional materials, and substrates also explored. (C-ID ARTS 205) (CSU, UC)

ART 0005A. Figure Drawing I  
Units: 3  
Prerequisite: Completion of ART 4A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to drawing the human figure from direct observation using live models and a variety of black and white drawing media and techniques. Topics include an introduction to human anatomy and the historical and contemporary roles of figure drawing in Western art. Students practice objective, descriptive approaches to drawing the figure. (C-ID ARTS 200) (CSU, UC)

ART 0005B. Figure Drawing II  
Units: 3  
Prerequisite: Completion of ART 5A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Advanced drawing of the human figure from direct observation of live models. Continued explorations of the human form in space, anatomical construction, proportions, and composition with emphasis on the use of color. Study of figurative art in non-Western historical and cultural contexts. Students practice subjective, expressive interpretations of the human figure, building on fundamental drawing skills to develop personalized approaches to drawing the human form through exercises covering various historical and contemporary approaches to drawing. (CSU, UC)

ART 0006C. Color Theory  
Units: 3  
Hours: 90 (36 lecture, 54 laboratory)  
Basic principles and properties of color. Theoretical study and direct studio projects of such colorists as Josef Albers and Johannes Itten. Study of the physics of light and color; physiology of color vision; psychological and compositional effects of color use; cultural interpretations and traditions; history of color theory and its impact on art and design. (C-ID ARTS 270) (CSU, UC)

ART 0007A. Oil Painting I  
Units: 3  
Advisory: Completion of ART 4A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
An introduction to the techniques and concepts of oil painting. Painting techniques explored in historical/cultural contexts, with emphasis on perceptual skills and creative responses to materials and subjects. Compositional strategy, introduction to color theory, and sources of inspiration are explored through in-class and independent painting assignments. (CSU, UC)

ART 0007B. Oil Painting II  
Units: 3  
Prerequisite: Completion of ART 7A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Further in-depth study of oil painting techniques and concepts. Painting techniques explored in historical/cultural contexts, with emphasis on perceptual skills and creative responses to materials and subjects. Compositional strategy, color theory, and sources of inspiration are explored through in-class and independent painting assignments, with emphasis on development of personal expression and style. (CSU, UC)

ART 0008A. Watercolor Painting I  
Units: 3  
Prerequisite: Completion of ART 4A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to watercolor as a transparent painting medium through exploration of traditional watercolor methods and techniques. Topics include composition, color use, development of sources of personal inspiration, and the study of watercolor in the context of the historical Western tradition. (C-ID ARTS 210) (CSU, UC)
ART 0008B. Watercolor Painting II  
Units: 3  
Prerequisite: Completion of ART 8A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Advanced, in-depth study of the techniques and processes of painting in transparent watercolor. Continued exploration of design and composition with emphasis on the subjective and expressive use of color, including abstract and non-objective approaches. Students practice subjective uses of watercolor to develop personal style. Watercolor painting studied in relation to non-Western historical and cultural contexts. (CSU, UC)

ART 0009A. Acrylic Painting I  
Units: 3  
Advisory: Completion of ART 4A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
An introduction to the techniques and concepts of acrylic painting. Painting techniques explored in historical, cultural, and contemporary contexts, with emphasis on perceptual skills and creative responses to materials and subjects. Compositional strategy, introduction to color theory, and sources of inspiration explored through in-class and independent painting assignments. (C-ID ARTS 210) (CSU, UC)

ART 0009B. Acrylic Painting II  
Units: 3  
Prerequisite: Completion of ART 9A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Further in-depth study of acrylic painting techniques and concepts. Painting techniques explored in historical/cultural contexts, with emphasis on perceptual skills and creative responses to materials and subjects. Compositional strategy, color theory, and sources of inspiration are explored through in-class and independent painting assignments, with emphasis on development of personal expression and style. (CSU, UC)

ART 0012A. Sculpture I  
Units: 3  
Hours: 90 (36 lecture, 54 laboratory)  
Introduces the fundamental issues of sculpture through a variety of materials, processes and techniques. Skills acquired in a wide range of techniques and materials, both traditional (wood, metal, plaster) as well as non-traditional (fabric, video projections, performance, sustainable/salvaged/recycled materials). Emphasis on conceptual idea development, connecting metaphorical ideas and symbolic meaning to the crafting/making of sculptural objects. (CSU, UC)

ART 0012B. Sculpture II  
Units: 3  
Prerequisite: Completion of ART 12A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
In-depth exploration of sculpture philosophy and materials with a focused emphasis toward development of personal direction and individual style. Students work with a variety of materials to create works of art. (CSU, UC)

ART 0017. Ceramic Sculpture/Handbuilding  
Units: 3  
Hours: 90 (36 lecture, 54 laboratory)  
Exploration of various ceramic hand-forming methods with clay as a medium; cultural, traditional, and contemporary ceramics techniques explored through the development of three-dimensional projects. Emphasis on handbuilding and hand forming techniques. (CSU, UC)

ART 0018A. Ceramics I  
Units: 3  
Advisory: Eligibility for ENGL 1A  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to the ideas, techniques, history and tradition of the art and craft of ceramics. Designed for students interested in working with clay, the course provides experiences in making functional as well as sculptural pieces using a variety of techniques. Emphasizes well-thought-out forms, designs and functional uses along with good craftsmanship. Ceramics explored through handbuilding projects, wheel throwing, decorating and glazing of ceramic works. A rigorous exploration of clay as a craft and art form. (CSU, UC)

ART 0018B. Ceramics II  
Units: 3  
Prerequisite: Completion of ART 18A with grade of "C" or better  
Advisory: Eligibility for ENGL 1A  
Hours: 90 (36 lecture, 54 laboratory)  
Students integrate techniques and concepts learned in introductory ceramics to produce works of a more prioritized and personal nature. Introduces advanced techniques and concepts of using clay for creative expression to produce a fundamentally more self-directed portfolio using the potter's wheel and or hand building techniques. Provides increased sensitivity to the materials, to aesthetic design, and to further development of individual and imaginative use of the materials. Glaze technology is introduced. (CSU, UC)

ART 0019. Figure Sculpture  
Units: 3  
Advisory: Completion of ART 12A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to figure sculpture using the live model. Emphasis on understanding the human figure as it relates culturally to contemporary and traditional sculptural concepts. Introduction to a variety of construction materials beginning with clay, plaster and mixed media. (CSU, UC)

ART 0020. Raku Ceramics  
Units: 3  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to Raku, a traditional ceramics process. Explores origins and cultural developments and their application to the contemporary world. Includes fabrication techniques, glaze chemistry, firing techniques, and design theory. (CSU, UC)

ART 0022. Metal Arts  
Units: 3  
Hours: 90 (36 lecture, 54 laboratory)  
Exploration of metalworking techniques, design principles, and material use for sculpture, functional and nonfunctional art forms. Common welding processes, forming, bending, and blacksmithing techniques for ferrous and nonferrous metals. (CSU)

ART 0024. Advanced Metal Arts  
Units: 3  
Prerequisite: Completion of ART 22 with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Advanced exploration of metal techniques, design principles, and material use for sculpture and functional and nonfunctional art forms. Emphasis on development of a personal creative vision, furthering technical skills, and complex problem solving. Includes ferrous and nonferrous metal machining, advanced welding techniques, advanced forming methods, and public outdoor art installation. (CSU)
ART 0028. Independent Study  
**Units:** 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

**ART 0032A. Introduction to Fiber Arts**  
**Units:** 3  
Formerly known as ART 32  
Hours: 90 (36 lecture, 54 laboratory)  
Introduces basic materials, methods and vocabulary used in fiber and textile media as well as the hands-on development of expressive visual ideas. Develops familiarity with materials and basic understanding of several off-loom construction techniques. Emphasis on techniques requiring little specialized equipment with materials that are found readily in the environment. Contemporary and historical development and cultural relevance of the fiber media is also explored. (C-ID ARTS 282) (CSU, UC)

**ART 0033. Art Metal Casting**  
**Units:** 3  
Hours: 90 (36 lecture, 54 laboratory)  
Foundations of art casting techniques and skills with an emphasis on the elements of art and principles of design. Introduction to mold making, wax working, traditional and nontraditional metal casting methods, finishing finishing for bronze and aluminum. (CSU)

**ART 0034. Collage and Assemblage**  
**Units:** 3  
Formerly known as ART 303  
Hours: 90 (36 lecture, 54 laboratory)  
Explores the variation and formation of an altered surface with found and constructed materials. The application of historical and contemporary techniques and concepts provides the foundation for creating two and three dimensional works of art. Development of a personal visual language is essential to this course. (CSU)

**ART 0040A. Printmaking I**  
**Units:** 3  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to printmaking processes. Direct practice in wood cut, lino cut, and collagraph; planographic processes, such as monotype and monoprint; drypoint, a form of intaglio printing using a non-toxic etching process; stencil techniques; chine colle; color printing; registration; and traditional and contemporary printmaking practices. Students practice skills required to work in a shared studio environment using an etching press and practice hand-pressing using various implements. Most inks used are soy-based and non-toxic. (C-ID ARTS 220) (CSU, UC)

**ART 0040B. Printmaking II**  
**Units:** 3  
Prerequisite: Completion of ART 40A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Further in-depth study of printmaking processes. Direct practice in relief, intaglio, collagraph, monotype, and digital prints and transfers. Exploration of traditional and contemporary printmaking practices. Techniques of creating and labeling print editions. Students practice skills required to work in a shared studio environment using an etching press and practice hand-pressing using various implements. Most inks used are soy-based and non-toxic. (CSU, UC)

**ART 0041. Introduction to Jewelry and Metalsmithing**  
**Units:** 3  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to a wide range of methods, techniques, and materials used to create jewelry and small-scale metal artwork and objects. Includes examination of the history and contemporary practices of jewelry-making and small metal casting/fabrication with a global cultural perspective. (CSU)

**ART 0052. Portrait Drawing and Painting**  
**Units:** 3  
Advisory: Completion of ART 4A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to drawing and painting the human portrait from live models. Basic proportions, facial features, basic rendering and painting techniques, and portrayal of individual portrait characteristics with a variety of drawing and painting media. Historical study of the art form of portraiture integrated into studio projects. (CSU)

**ART 0055. Illustration**  
**Units:** 3  
Also known as AAD 55  
Prerequisite: Completion of AAD 44, 60, 62, 75 or ART 4A with grade of "C" or better  
Hours: 72 (36 lecture, 36 activity)  
Professional practices of illustration, including concept development, communication of ideas, identification and use of appropriate styles and techniques, time management, pricing and contracts, and presentation of finished artwork. (CSU)

**ART 0071. Introduction to Digital Painting**  
**Units:** 3  
Also known as AAD 71  
Prerequisite: Completion of AAD 44 or ART 4A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to the concepts, tools, and techniques of drawing and painting using creative software. Exploration of traditional artistic techniques in a digital environment. Includes development of skills such as building form, creating color, composing subjects and describing space. Development of portfolio-quality projects in both digital form and print. (CSU)

**ART 0073. Digital Art Studio: Concepts and Practices**  
**Units:** 3  
Also known as AAD 73  
Prerequisite: Completion of AAD 44 or ART 4A with grade of "C" or better  
Advisory: Completion of AAD 70 with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to the tools, concepts, and processes for digital art creation with an emphasis on experimental animation, video, mixed media, digital imaging, installation, and new genres. Topics include integration of traditional design, color, and compositional principles with contemporary digital tools in an art studio context. (CSU, UC)

**ART 0095. Internship in Art**  
**Units:** 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)
Astronomy (ASTR)

ASTR 0002. Introduction to Planetary Systems
Units: 3
Advisory: Completion of ENGL N with grade of "C" or better
Hours: 54 lecture
General principles and fundamental facts of astronomy associated with planetary systems. Includes historical developments of planetary astronomy, basic principles of planetary system observations and analysis, and general concepts for interpreting the night sky with charts and almanacs. Particular detail given to the formation, evolution, and current condition of the Sun and Solar System, as well as current knowledge of other planetary systems. (CSU, UC)

ASTR 0005. Introduction to Stars, Galaxies, and the Universe
Units: 3
Advisory: Completion of ENGL N with grade of "C" or better
Hours: 54 lecture
General principles and fundamental facts of astronomy emphasizing stars, galaxies, and the universe. Includes historical developments of astronomy, basic principles of astronomical observations and analysis, and general concepts for interpreting the night sky with charts. Particular detail given to structure and evolution of stars, general characteristics of deep sky objects (star clusters, nebulae, and galaxies), large-scale structure of the Universe, and cosmology. (CSU, UC)
ASTR 0007. Life in the Universe  
*Units: 3*
Formerly known as INT 11  
*Hours: 54 lecture*
Study of the emerging discipline of astrobiology. Designed for science and non-science majors. Relevant principles of biology, astronomy, and earth science used in searching for life in the universe. Includes cultural and philosophical implications of life existing elsewhere in the universe. (CSU, UC)

ASTR 0010. Elementary Astronomy  
*Units: 3*
Advisory: Completion of ENGL N with grade of "C" or better  
*Hours: 54 lecture*
General principles and the fundamental facts of astronomy. Includes historical developments of astronomy, the formation, evolution and current condition of sun and solar system, stellar structure and evolution, deep sky objects (star clusters, nebulae, galaxies), structure of universe, and cosmology. Not open to students who have successfully completed both ASTR 2 and ASTR 5. (CSU, UC)

ASTR 0011. Observational Astronomy  
*Unit: 1*
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in ASTR 2, 5, or 10  
Advisory: Completion of ENGL N with grade of "C" or better  
*Hours: 54 laboratory*
Basic interpretation of astronomical observations through telescopes, binoculars, computers, cameras, and other simple measuring equipment. Use of planetarium to facilitate recognition of constellations, stars, planetary motions, and study coordinate systems and celestial motions. Development of observational skills to study outdoor sky and outcomes of indoor laboratory experiments. Emphasis on quantitative and qualitative analysis of variety of astronomical data. (CSU, UC)

ASTR 0014. Astrophotography and Imaging  
*Unit: 1*
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in ASTR 2, 5, or 10  
Advisory: Completion of ENGL N with grade of "C" or better  
*Hours: 54 laboratory*
Basic principles and practices of astrophotography and image processing. Astronomical observations and data collection associated with the use of telescopes, binoculars, computers, cameras, and other related equipment. Development of observational techniques and data analysis procedures for the study of the outdoor sky with related indoor experiments and studies. Particular emphasis placed on quantitative and qualitative analysis of a variety of astronomical data collected with cameras. NOTE: About 5 nights of activities will be required. (CSU, UC)

ASTR 0025. Frontiers in Astronomy  
*Units: 3*
Prerequisite: Completion of ASTR 5 or 10 with grade of "C" or better  
*Hours: 54 lecture*
Topics at the forefront of astronomical research including an in-depth look beyond introductory astronomy. Emphasis on theoretical principles and supporting observational data. Includes relativity and warped spacetime, black holes, dark matter, quasars, gravitational waves, grand unified and super symmetry theories, and other recent developments in cosmology. (CSU, UC)

ASTR 0028. Independent Study  
*Units: 1-3*
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

Athletics (ATHL)

ATHL 0100. Baseball Training  
*Units: 0.5-3*
Formerly known as PHED 102  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced baseball skills, conditioning and previous competitive experience  
*Hours: 58 laboratory per unit*
Stresses baseball training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate baseball. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0101. Basketball Training  
*Units: 0.5-3*
Formerly known as PHED 106  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced basketball skills, conditioning and previous competitive experience  
*Hours: 58 laboratory per unit*
Stresses basketball training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate basketball. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0102. Cross Country Training  
*Units: 0.5-3*
Formerly known as PHED 115  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced cross country skills, conditioning and previous competitive experience  
*Hours: 58 laboratory per unit*
Stresses knowledge of running and training skills, strategy, and appreciation for developing improved fitness awareness through distance training. Intended for students with varsity high school experience who are preparing for competitive intercollegiate cross country. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0105. Springboard Diving Training  
*Units: 0.5-3*
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced diving skills, conditioning and previous competitive experience  
*Hours: 58 laboratory per unit*
Stresses diving training, skills, knowledge, strategy, and appreciation. Intended for students with high school and/or recreational experience who are preparing for competitive intercollegiate diving. May be taken four times for credit. (CSU, UC-with unit limitation)
ATHL 0106. Football Training  
Units: 0.5-3  
Formerly known as PHED 101  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced football skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Stresses football training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate football. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0107. Golf Training  
Units: 0.5-3  
Formerly known as PHED 103  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced golfing skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Stresses golf training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate golf. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0109. Soccer Training  
Units: 0.5-3  
Formerly known as PHED 116  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced soccer skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Stresses soccer training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate soccer. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0110. Softball Training  
Units: 0.5-3  
Formerly known as PHED 111  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced softball skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Stresses softball training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate softball. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0111. Swimming Training  
Units: 0.5-3  
Formerly known as PHED 107  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced swimming skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Stresses swimming training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate swimming. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0112. Tennis Training  
Units: 0.5-3  
Formerly known as PHED 104  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced tennis skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Stresses tennis training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate tennis. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0113. Track and Field Training  
Units: 0.5-3  
Formerly known as PHED 105  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced track or field event skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Stresses physical training, skills, knowledge, and appreciation of track and field events. Intended for students with varsity high school experience who are preparing for competitive intercollegiate track and field. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0115. Beach Volleyball Training  
Units: 0.5-3  
Prerequisite: Enrollment limitation: permission of instructor required; for students with varsity high school experience who are preparing for competitive intercollegiate beach volleyball. May be taken four times for credit. (CSU)

ATHL 0116. Volleyball Training  
Units: 0.5-3  
Formerly known as PHED 110  
Prerequisite: Enrollment limitation: permission of instructor required; for students with varsity high school experience who are preparing for competitive intercollegiate volleyball. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0117. Water Polo Training  
Units: 0.5-3  
Formerly known as PHED 108  
Prerequisite: Enrollment limitation: permission of instructor required; for students with varsity high school experience who are preparing for competitive intercollegiate water polo. May be taken four times for credit. (CSU, UC-with unit limitation)
ATHL 0118. Wrestling Training  
Units: 0.5-3  
Formerly known as PHED 112  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced wrestling skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Stresses wrestling training, skills, knowledge, strategy, and appreciation. Intended for students with varsity high school experience who are preparing for competitive intercollegiate wrestling. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0150. Intercollegiate Baseball (M)  
Units: 1-3  
Formerly known as PHED 161  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced baseball skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Intercollegiate baseball competition conducted through NCAA and California Community College Athletic Association (CCCAA) rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0151. Intercollegiate Basketball (M)  
Units: 1-3  
Formerly known as PHED 143  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced basketball skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Intercollegiate men's basketball competition conducted through NCAA and California Commission on Athletics rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0152. Intercollegiate Basketball (W)  
Units: 1-3  
Formerly known as PHED 123  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced basketball skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Intercollegiate women's basketball competition conducted through NCAA and California Commission on Athletics rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0153. Intercollegiate Football (M)  
Units: 1-3  
Formerly known as PHED 142  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced football skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Intercollegiate football competition conducted through NCFA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0154. Intercollegiate Golf (M)  
Units: 1-3  
Formerly known as PHED 162  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced golf skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Intercollegiate men's golf competition conducted through NCAA and California Commission on Athletics rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0155. Intercollegiate Golf (W)  
Units: 1-3  
Formerly known as PHED 127  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced golf skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Intercollegiate women's golf competition conducted through NCAA and California Commission on Athletics rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0156. Intercollegiate Soccer (W)  
Units: 1-3  
Formerly known as PHED 124  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced soccer skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Intercollegiate women's soccer competition conducted through FIFA laws of the game and CCCAA rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0157. Intercollegiate Softball (W)  
Units: 1-3  
Formerly known as PHED 131  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced softball skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Intercollegiate women's softball competition conducted through NCAA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0158. Intercollegiate Swimming (M)  
Units: 1-3  
Formerly known as PHED 165  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced swimming skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Intercollegiate men's swimming and diving competition conducted through NCAA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0159. Intercollegiate Swimming (W)  
Units: 1-3  
Formerly known as PHED 134  
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced swimming skills, conditioning and previous competitive experience  
Hours: 58 laboratory per unit  
Intercollegiate women's swimming and diving competition conducted through NCAA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)
ATHL 0161. Intercollegiate Tennis (W)
Units: 1-3
Formerly known as PHED 122
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced tennis skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate women's tennis competition conducted through NCAA and California Commission on Athletics rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0162. Intercollegiate Volleyball (W)
Units: 1-3
Formerly known as PHED 122
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced volleyball skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate women's volleyball competition conducted through the California Commission on Athletics rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0163. Intercollegiate Water Polo (M)
Units: 1-3
Formerly known as PHED 146
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced water polo skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate men's water polo competition conducted through NCAA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0164. Intercollegiate Water Polo (W)
Units: 1-3
Formerly known as PHED 146
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced water polo skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate women's water polo competition conducted through NCAA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0165. Intercollegiate Wrestling (M)
Units: 1-3
Formerly known as PHED 145
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced wrestling skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate wrestling competition conducted through NCAA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0166. Intercollegiate Beach Volleyball (W)
Units: 1-3
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced beach volleyball skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate women's beach volleyball competition conducted through NCAA and California Community College Athletic Association Rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0167. Intercollegiate Cross Country (W)
Units: 1-3
Formerly known as PHED 126
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced cross country skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate women's cross country competition conducted through NCAA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0169. Intercollegiate Track and Field (W)
Units: 1-3
Formerly known as PHED 133
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced track and field skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Intercollegiate women's track and field competition conducted through NCAA and California Community College Athletic Association rules. May be taken four times for credit. (CSU, UC-with unit limitation)

ATHL 0199. Intercollegiate Sports Conditioning
Units: 0.5-2.5
Prerequisite: Enrollment limitation: permission of instructor required; for students with advanced sport specific skills, conditioning and previous competitive experience
Hours: 58 laboratory per unit
Instruction in sport-specific strength and conditioning protocols related to improving muscular strength, power, agility, and speed. Principles of sport-specific technical and tactical methodology presented. May be taken four times for credit. (CSU, UC-with unit limitation)

Automotive Technology (AUTO)

AUTO 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

AUTO 0095. Internship in Automotive Technology
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)
Biological Sciences (BIOL)

BIOL 0001. General Biology
Units: 4
Prerequisite: Completion of CHEM 1A, CHEM 3A/3B, or higher level chemistry course with grade of "C" or better; AND completion of MATH D or equivalent with grade of "C" or better; AND eligibility for ENGL 11
Advisory: Eligibility for ENGL 1A
Hours: 108 (54 lecture, 54 laboratory)
First course in the General Biology sequence for biology majors and pre-allied health students. Covers general biological concepts, with an emphasis on cellular and molecular biology, genetics, and evolution. (C-ID BIOL 190) (CSU, UC)

BIOL 0002. Botany
Units: 4.5
Prerequisite: Completion of BIOL 1 with grade of "C" or better; AND completion of MATH D or equivalent with grade of "C" or better
Advisory: Eligibility for ENGL 1A
Hours: 144 (54 lecture, 90 laboratory)
Introduction to botany, including classification, morphology, anatomy, physiology, diversity, ecology, and evolution emphasizing members of the Kingdoms Plantae, Fungi, Protista, and Prokaryotae. Topics relating to flowering plants stressed. Correlation of topics with scientific method and modern biological research. Non-life science majors see BIOL 14. (C-ID BIOL 155) (CSU, UC)

BIOL 0003. General Zoology
Units: 4.5
Prerequisite: Completion of BIOL 1 or BIOL 33 with grade of "C" or better; AND completion of MATH D or equivalent with grade of "C" or better
Advisory: Eligibility for ENGL 1A
Hours: 144 (54 lecture, 90 laboratory)
Detailed survey of the animal kingdom stressing evolution and ecology of animals and functional anatomy of their major organ systems. Recommended for life science majors, premedical, preveterinary and related professional programs. (C-ID BIOL 150) (CSU, UC-with unit limitation)

BIOL 0004. Microbiology
Units: 5
Prerequisite: Completion of high school chemistry, CHEM A, or higher level chemistry course with grade of "C" or better
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 162 (54 lecture, 108 laboratory)
Introduction to the biochemistry, morphology, physiology, genetics, and classification of microorganisms. Emphasis on the significance of microorganisms to human health and global ecology. Laboratory topics include traditional and modern techniques of microbial classification, recombinant DNA technology, and bacteriophage biology. Students enrolling in BIOL 4 after having taken BIOL 8A will lose credit for BIOL 8A. (CSU, UC-with unit limitation)

AUTO 0100. Basic Automotive Services and Repair
Units: 4
Hours: 108 (54 lecture, 54 laboratory)
Presents introductory automotive technical skills used by entry-level service technicians. Course content includes vehicle operation, tool usage, practical measuring skills, fasteners, electrical meter usage, common automotive services and problem solving techniques. Class projects are performed in an automotive shop environment to provide a hands-on experience with common industry tools and equipment. Emphasis is placed on basic shop service operations which meet Automotive Service Excellence (ASE) maintenance and light repair standards. This course will help the student prepare for the ASE G1 service exam. (not transferable)

AUTO 0140. Automotive Skill Development
Units: 3
Prerequisite: Completion of AUTO 100 with grade of "C" or better
Hours: 110 (26 lecture, 84 laboratory)
Covers basic automotive component diagnosis, service and repair for major vehicle systems including: brakes, suspension, heating, air conditioning, electrical, engines and transmissions. Shop activities are designed to further develop skill, speed, and experience capabilities of automotive majors to meet industry diagnostic and repair performance expectations. Emphasis is placed on shop service operations which meet Automotive Service Excellence (ASE) maintenance and light repair standards. This course will help students prepare for the ASE G1 service exam. (not transferable)

AUTO 0800. Basic Automotive Services and Repair
Units: 0
Hours: 108 (54 lecture, 54 laboratory)
Presents introductory automotive technical skills used by entry-level service technicians. Course content includes vehicle operation, tool usage, practical measuring skills, fasteners, electrical meter usage, common automotive services and problem solving techniques. Class projects are performed in an automotive shop environment to provide a hands-on experience with common industry tools and equipment. Emphasis is placed on basic shop service operations which meet Automotive Service Excellence (ASE) maintenance and light repair standards. This course will help the student prepare for the ASE G1 service exam. (pass/no pass grading) (noncredit)

AUTO 0840. Automotive Skill Development
Units: 0
Prerequisite: Completion of AUTO 100 with grade of "C" or better or AUTO 800 with grade of "Pass"
Hours: 110 (26 lecture, 84 laboratory)
Covers basic automotive component diagnosis, service and repair for major vehicle systems including: brakes, suspension, heating, air conditioning, electrical, engines and transmissions. Shop activities are designed to further develop skill, speed, and experience capabilities of automotive majors to meet industry diagnostic and repair performance expectations. Emphasis is placed on shop service operations which meet Automotive Service Excellence (ASE) maintenance and light repair standards. This course will help students prepare for the ASE G1 service exam. (pass/no pass grading) (noncredit)
BIOL 0005. Human Anatomy
Units: 5
Prerequisite: Eligibility for ENGL 11
Advisory: Completion of BIOL 55, 56, HSCI 3, or previous science course with grade of "C" or better, or experience in health care field; completion of MATH D with grade of "C" or better; eligibility for ENGL 1A
Hours: 162 (54 lecture, 108 laboratory)
Structural organization, relationships among structures, and histology of the human body: gross and microscopic structure of the integumentary, skeletal, muscular, nervous, endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary and reproductive systems, from cellular to organ system levels of organization. This is a rigorous course in human anatomy primarily intended for nursing, allied health, kinesiology, and other health related majors. Cadaver prosections used for instruction. The sequence of BIOL 7A/7B is equivalent to BIOL 5.
Nonmajors see BIOL 55, 56, and 56L. Students enrolling in BIOL 5 after having taken BIOL 7A will lose credit for BIOL 7A. (C-ID BIOL 110B) (CSU, UC-with unit limitation)

BIOL 0005X. Success in Anatomy
Unit: 1
Corequisite: Concurrent enrollment in BIOL 5
Hours: 18 lecture
Optional course for students concurrently enrolled in BIOL 5 to gain a deeper understanding of course material through discussions focused on anatomical concepts, terminology, and the implementation of anatomical knowledge to clinical and problem solving situations. Advanced study techniques, necessary for success in science courses, are modeled to strengthen student self-awareness, confidence, and ability to monitor learning. (CSU, UC)

BIOL 0006. Human Physiology
Units: 5
Prerequisite: Completion of CHEM 2A or 1A or 3A/3B; AND BIOL 5 or 7A/7B or 55 with grades of "C" or better
Advisory: Completion of MATH D with grade of "C" or better; completion of a non-majors general biology course with grade of "C" or better; and eligibility for ENGL 1A
Hours: 126 (72 lecture, 54 laboratory)
Study of the physiology, integration, and homeostasis of the human body from chemical through organism levels. Organ systems covered are integumentary, muscular, nervous, sensory, cardiovascular, lymphatic and immune, respiratory, urinary, digestive, endocrine, and reproductive system. Experiments using living and non-living models are performed in lab using methods of data acquisition, recording systems, and analysis of data. Primarily intended for Nursing, Allied Health, Kinesiology, and other health or life science majors. (C-ID BIOL 120B) (CSU, UC-with unit limitation)

BIOL 0007A. Human Anatomy I
Units: 2.5
Prerequisite: Eligibility for ENGL 11
Advisory: Completion of BIOL 55, 56, HSCI 3, or previous science course with grade of "C" or better, or experience in health care field; completion of MATH D with grade of "C" or better; eligibility for ENGL 1A
Hours: 72 (36 lecture, 36 laboratory)
Structure, relationships among structures, and histology of the human body from cellular to organ system levels of organization. Includes integumentary, skeletal, nervous, and sensory systems. Cadaver prosections are used for instruction. The sequence of BIOL 7A/7B is equivalent to BIOL 5. Students enrolling in BIOL 5 after having taken BIOL 7A will lose credit for BIOL 7A. (combined with BIOL 7B, C-ID BIOL 110B) (CSU, UC-with unit limitation)

BIOL 0007B. Human Anatomy II
Units: 2.5
Prerequisite: Completion of BIOL 7A with grade of "C" or better
Hours: 72 (36 lecture, 36 laboratory)
Structure, relationships among structures, and histology of the human body from cellular to organ system levels of organization. Includes muscle, cardiovascular, lymphatic, endocrine, respiratory, digestive, urinary and reproductive systems. Cadaver prosections are used for instruction. The sequence of BIOL 7A/7B is equivalent to BIOL 5.
(combined with BIOL 7A, C-ID BIOL 110B) (CSU, UC-with unit limitation)

BIOL 0008A. Microbiology I
Units: 2.5
Prerequisite: Completion of high school chemistry, CHEM A, or higher level chemistry course with grade of "C" or better
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 81 (27 lecture, 54 laboratory)
Introduction to the biochemistry, morphology, classification and physiology of microorganisms, especially bacteria. Emphasis on the significance of microorganisms to human health and global ecology. The sequence of BIOL 8A/8B is equivalent to BIOL 4. Students enrolling in BIOL 4 after having taken BIOL 8A will lose credit for BIOL 8A. (CSU, UC-with unit limitation)

BIOL 0008B. Microbiology II
Units: 2.5
Prerequisite: Completion of BIOL 8A with grade of "C" or better
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 81 (27 lecture, 54 laboratory)
Introduction to microbial genetics and metabolic regulation, viruses, microbial control, host defense, immunization, epidemiology, mechanisms of pathogenicity, and significance of microorganisms, especially bacteria and viruses. Emphasis on the significance of microorganisms to human health and global ecology. Laboratory topics include traditional and modern techniques of microbial classification, recombinant DNA technology, and bacteriophage biology. The sequence of BIOL 8A/8B is equivalent to BIOL 4. CSU, UC-with unit limitation)

BIOL 0010. Introduction to Biology
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Designed for non-life science majors desiring an introductory biology course without a lab. Introduces the main concepts of biology, covering molecular and cell biology, heredity and nature of genes, biotechnology, evolution, diversity of life, and principles of ecology. Students enrolling in BIOL 11 after having taken BIOL 10 will lose credit for BIOL 10. (CSU, UC-with unit limitation)

BIOL 0011. Concepts of Biology
Units: 4
Advisory: Eligibility for ENGL 1A and MATH 12
Hours: 108 (54 lecture, 54 laboratory)
Designed for non-life science majors desiring an introductory biology course with a lab. Introduces the main concepts of biology, covering molecular and cell biology, heredity and nature of genes, biotechnology, evolution, diversity of life, and principles of ecology. Students enrolling in BIOL 11 after having taken BIOL 10 will lose credit for BIOL 10. Not recommended for students who have completed BIOL 56 and 56L. (CSU, UC-with unit limitation)
BIOL 0013. Field Methods in Ecology
Units: 3
Formerly known as BIOL 13B
Advisory: Completion of BIOL 14 strongly recommended
Hours: 90 (36 lecture, 54 laboratory)
Introduction to methods for sampling and studying environmental parameters of ecosystems and organisms. Identification of microscopic and macroscopic organisms, quantitative and qualitative field research techniques and procedures applicable to environmental assessment and population monitoring. Field trips required. (CSU)

BIOL 0014. Natural History, Ecology and Conservation
Units: 4
Also known as ESS 14
Advisory: Eligibility for ENGL 1A
Hours: 108 (54 lecture, 54 laboratory)
Introduction to the study of biology and ecology of organisms and ecosystems of the world, with an emphasis on California. Special focus on significance of functioning ecosystems and human influence on biological environment. (CSU, UC)

BIOL 0015. Marine Biology
Units: 4
Advisory: Eligibility for ENGL 11
Hours: 108 (54 lecture, 54 laboratory)
Introduction to basic biological and ecological principles of major saltwater environments. Stresses conservation and appropriate utilization of marine resources. Designed for both science and non-science majors. Laboratory hours partially fulfilled by required field trips. Hiking and boat travel may be necessary. Camping and entrance fees may be required. Students may be required to provide their own transportation on field trips. (CSU, UC)

BIOL 0016A. Local Ecosystems of Placer County
Units: 0.5
Hours: 13 (7 lecture, 6 laboratory)
Field study that introduces local natural areas and their inhabitants. Selected ecosystems in Placer County are investigated in the field to identify and study the characteristic plants and animals and discover their relationships with the physical environment. Students may be required to provide their own transportation. (CSU)

BIOL 0016B. Local Ecosystems of Nevada County
Units: 0.5
Hours: 13 (7 lecture, 6 laboratory)
Field study that introduces local natural areas and their inhabitants. Selected ecosystems within Nevada County are investigated in the field to identify and study the characteristics of plants and animals and discover their relationships with the physical environment. Students may be required to provide their own transportation. (CSU)

BIOL 0016C. Vernal Pools and the California Prairie
Units: 0.5
Hours: 13 (7 lecture, 6 laboratory)
Field study that explores the ecological past, present, and future of California’s Great Valley ecosystems. Emphasis on remaining natural areas and conservation efforts. Special attention given to grasslands and vernal pool habitats. Students may be required to provide their own transportation. (CSU)

BIOL 0016D. Biology of Waterfowl and Marsh Birds
Units: 0.5
Hours: 13 (7 lecture, 6 laboratory)
Field identification and observation of marsh birds (primarily ducks, geese, swans, and wading birds). Includes general waterfowl biology and ecology. Emphasizes evolution, migration, reproductive cycles, current population trends, and habitat needs. Operational needs and conflicts of national and local wildlife refuge system are discussed. Students may need to provide their own transportation. (CSU)

BIOL 0016E. Ecology of the Sierran Conifer Forest
Units: 0.5
Hours: 13 (7 lecture, 6 laboratory)
Field study that introduces forest biology/ecology, emphasizing interrelationships between the Sierran forest inhabitants (animals, plants, fungi) and their environment. Study sites include a variety of forest and other associated mountain ecological communities. Depending on season offered, special topics may include: fungi biology, wildflower ecology, tree anatomy and physiology, forest nutrient cycles, forest birds, and soil organisms. Students may be required to provide their own transportation. (CSU)

BIOL 0016F. Ecology of the Sierran Conifer Forest
Units: 0.5
Hours: 13 (7 lecture, 6 laboratory)
Field study that introduces forest biology/ecology, emphasizing interrelationships between the Sierran forest inhabitants (animals, plants, fungi) and their environment. Study sites include a variety of forest and other associated mountain ecological communities. Depending on season offered, special topics may include: fungi biology, wildflower ecology, tree anatomy and physiology, forest nutrient cycles, forest birds, and soil organisms. Students may be required to provide their own transportation. (CSU)

BIOL 0016G. Weekend Field Paleontology and Ancient Environments
Units: 1-2
Also known as ESCI 16G
Hours: 30 (12 lecture, 18 laboratory) per unit
Investigations into the ecology of environments in the geologic past through field work at fossil sites. Comparisons/contrasts made between ancient (fossil) communities and the current (living) communities of selected study sites. Differences and similarities between the plants and animals used as evidence to reconstruct ancient ecological communities. Students may be required to provide their own transportation. (CSU)

BIOL 0016H. Ecology of the Mendocino Coast
Unit: 1
Hours: 30 (12 lecture, 18 laboratory)
Field study examining the Northern California Coast and its diverse ecological environments. Using the Fort Bragg/Mendocino/Fort Ross areas, investigates the biological relationships found in: the redwood, riparian, pygmy, mixed evergreen and closed-cone pine forests, and the shoreline communities of tidepool, sandy beach, dune, prairie and scrub. Plants, animals, environmental factors and effects of human activities are assessed for each of the ecological communities examined. Hiking may be necessary. Camping and entrance fees may be required. Students may be required to provide their own transportation. (CSU)

BIOL 0016I. Biology of Mono Lake and the Great Basin
Unit: 1
Hours: 30 (12 lecture, 18 laboratory)
Field study investigating the natural history and ecology of the Great Basin with special emphasis on Mono Lake and the Mono Basin. Examines physical, biological, historical, and ecological aspects that make the Mono Basin unique. Emphasis on biological and ecological aspects of the Mono Basin. Students may be required to provide their own transportation. (CSU)
**BIOL 0016J. Ecology of Point Reyes National Seashore**
*Unit: 1*
Hours: 30 (12 lecture, 18 laboratory)
Field study exploring the coastal mosaic of Point Reyes National Seashore and vicinity. Using the ecological communities present (forests, shoreline, pond and prairie), this area provides a rich biological "laboratory" to study its unique organisms and natural ecosystems, including grasslands, mudflats, forests, marshes, cliffs, beach, and dune sites. Depending on season offered, emphasis may be on wildflowers, mushrooms, owls, elk, reptiles or other life forms. Hiking may be necessary. Camping and entrance fees may be required. Students may be required to provide their own transportation. (CSU)

**BIOL 0016K. Foothill Ecology of the Sierra Nevada**
*Unit: 1.5*
Hours: 45 (18 lecture, 27 laboratory)
Field study investigating the ecology of the foothills to mid-montane zones of the Sierra Nevada. Focus on major terrestrial and aquatic ecosystems and ecological islands from 500 to 6000 feet elevation. Camping fees may be required. Students may be required to provide their own transportation. (CSU)

**BIOL 0016L. Aquatic and Riparian Environments of California Waterways**
*Unit: 1.5*
Hours: 45 (18 lecture, 27 laboratory)
Field study of the biological diversity and ecology of aquatic environments and the biology of water life. Focuses on the "water cycle" and its biological importance and human interactions. Ponds, vernal pools, streams, rivers, lakes, springs, meadows, bogs, marshes (fresh and salt), shorelines, deltas, and bay/estuary environments are investigated. Study sites may include Lake Tahoe, the American River, San Francisco Bay and other aquatic locations. Hiking or boat travel may be necessary. Camping, entrance and transportation fees may be required. Students may be required to provide their own transportation. (CSU)

**BIOL 0016M. Marine Mammals and Birds**
*Unit: 1.5*
Hours: 45 (18 lecture, 27 laboratory)
Field study of the biology of marine mammals and marine birds. Shore and pelagic organisms are studied, emphasizing California-associated species and their habitats. Field and lecture topics include: ecology, evolution, behavior, reproduction, distribution, anatomy, physiology, identification, and population status of whales, true and eared seals, sea otters, shore, bay and pelagic birds. Hiking and boat travel may be necessary. Camping and entrance fees may be required. Students may be required to provide their own transportation. (CSU)

**BIOL 0016N. Ecology of the Modoc Plateau**
*Unit: 1.5*
Hours: 45 (18 lecture, 27 laboratory)
Field ecology of volcanic and cold desert landscapes found in the Modoc Plateau region of California/Oregon. Ecosystems and environmental relationships stressed. Areas of emphasis include forest ecology, fresh water marsh/watershed, environmental factors, volcanic geology, plant succession, and human influences. Study sites include Lava Beds National Monument and Tule Lake Wildlife Refuge. Hiking may be necessary. Camping, entrance and transportation fees may be required. Students may be required to provide their own transportation. (CSU)

**BIOL 0016O. Ecology of the High Sierra and White Mountain**
*Units: 2*
Hours: 54 (27 lecture, 27 laboratory)
Field study which examines high-elevation mountain ecosystems using the high Sierra Nevada and White-Inyo Mountain Range of California as specific study sites. Observation and study of sub-alpine and alpine ecosystems like forests, montane chaparral, meadows, aquatic habitats, alpine tundra, and fell-fields. Fees may be required for camping and other activities. Students may be required to provide their own transportation. (CSU)

**BIOL 0016P. Death Valley and Desert Ecosystems**
*Units: 2*
Hours: 54 (27 lecture, 27 laboratory)
Field study that explores the unique desert ecosystems of Death Valley National Park and nearby areas. Extreme differences of elevation from high mountains to below sea level provide a rich variety of desert environments, plants, and animals. Field work emphasizes identification of animals and plants (many unique to these exotic desert habitats), their special physical and behavioral adaptations to the harsh desert climate and habitats, and the effects of human activities upon the fragile desert ecosystems. Hiking may be necessary. Camping, entrance and transportation fees may be required. Students may be required to provide their own transportation. (CSU)

**BIOL 0016Q. Ecology of Mid-Western North America**
*Units: 2*
Hours: 54 (27 lecture, 27 laboratory)
Field introduction to ecology of the major biomes, communities and life zones of the Midwestern and Western regions of the United States, emphasizing plains grasslands, montane forests, desert badlands, alpine zones, and aquatic habitats. Each ecological area explored as to its climate, common plants and animals, range, distribution, relationships, geology, historical changes, paleoecology and other environmental factors. Fossil and other evidence of past environments compared to present communities. Hiking may be necessary. Camping, entrance and transportation fees may be required. (CSU)

**BIOL 0016R. Canyon Lands of the Southwest**
*Units: 2*
Hours: 54 (27 lecture, 27 laboratory)
Field biology and ecology of the Southwestern Canyon lands and semi-arid regions associated with the Grand Canyon, Zion, Bryce and nearby natural areas. Local plants, animals, microenvironments, river systems, human impacts and resource management and special biotic relationships with the canyon landscapes emphasized. Hiking may be necessary. Camping, entrance and transportation fees may be required. (CSU)

**BIOL 0016T. Coastal Habitats of Northern California**
*Units: 2*
Hours: 54 (27 lecture, 27 laboratory)
Field course exploring the unique biological and ecological features of the California north coast, which may include Redwoods National Park, Prairie Creek Redwoods, and Big Lagoon. Coastal ecosystems studied include the redwood forest, coastal grassland, rocky tidepool, marshes, stream, bog, coastal strand, and mixed-evergreen forest (their climate, geology, ecology, and plant and animal diversity). The human impacts of a growing population with resource demands discussed. Hiking may be necessary. Camping, entrance and transportation fees may be required. Students may be required to provide their own transportation. (CSU)
BIOL 0016U. Coastal Habitats of Central California  
*Units: 2*
Field study of the unique features of the central California coast between Morro Bay, Big Sur, Monterey Bay, and Point Reyes National Seashore. Coastal habitats explored, identifying coastal plants, animals, and geologic processes, and emphasizing the interrelationships characteristic of coastal environments. Environments studied include sandy beach, ocean bay, tidepools, mudflat, coastal forests, oak woodland, grasslands and coastal scrub. Areas are contrasted with other coastal regions. Human impacts and living styles viewed as they effect the natural environments. Hiking and boat travel may be necessary. Camping, entrance and transportation fees may be required. (CSU)

BIOL 0016V. Deserts of Southern California  
*Units: 2*
Hours: 54 (27 lecture, 27 laboratory)
Explore and study the "hot" deserts of Southern California (the Mojave and Sonoran/Colorado Deserts and regional variations), discovering their unique animals and plants which are adapted to these extreme and beautiful environments. Deserts compared to nearby coastal habitats or the desert ecosystems in Arizona (depending on local conditions). California study sites visited include, at least, Joshua Tree National Park, Mojave Desert, Salton Sea, and Anza-Borrego State Park. Focuses upon the interdependency between the physical environments and the biological inhabitants that live there. Hiking may be necessary. Camping, entrance and transportation fees may be required. Students may be required to provide their own transportation. (CSU)

BIOL 0016W. Biology/Ecology of the Klamath and the Southern Cascade  
*Units: 2*
Hours: 54 (27 lecture, 27 laboratory)
Field study that introduces the biology/ecology of the Klamath and southern Cascade Mountain Ranges. Study sites include a variety of locations and habitats such as Mt. Lassen, Crater Lake, and Marble Mountains. Special topics include ecological succession and montane biogeography. Fees for camping and transportation may be required. (CSU)

BIOL 0016Y. Ecology of Selected Wilderness Ecosystems  
*Units: 2*
Hours: 54 (27 lecture, 27 laboratory)
Field study of selected wilderness sites, comparing their biological inventory, ecological relationships, physical environments, and sensitivity to human interactions and activities. Both qualitative and quantitative field survey techniques are used to record ecological data at each study site. Management techniques, history, and objectives of wilderness preservation and resource use conflicts are emphasized. Camping and transportation fees may be required. Students may be required to provide their own transportation. (CSU)

BIOL 0016Z. Ecology of the American River  
*Units: 0.5*
Hours: 13 (7 lecture, 6 laboratory)
Field study of the aquatic, riparian, and associated ecosystems of Sierra Nevada river systems with specific attention on the American River system. Students may be required to provide their own transportation. (CSU)

BIOL 0017B. Ecology of the Sutter Buttes  
*Units: 0.5*
Hours: 13 (7 lecture, 6 laboratory)
Field study that introduces the ecology of the Sutter Buttes. The area is investigated in the field to identify and study the characteristic plants and animals and discover their relationships with the physical environment. Students may be required to provide their own transportation. Moderate hiking will be required. (CSU)

BIOL 0021. Introduction to Plant Science  
*Units: 4*
Also known as AGRI 156  
Advisory: Eligibility for ENGL 1A  
Hours: 108 (54 lecture, 54 laboratory)  
Emphasizes structure, growth, physiology and reproduction of flowering plants and their responses to modifications and environment; including propagation, media, soil and plant nutrition. Explores the interrelationship of plant science with other life sciences and technology. Applies principles of plant science to agricultural systems. (CSU, UC)

BIOL 0023. Wildflower Identification  
*Unit: 1*
Hours: 26 (13 lecture, 13 activity)
Plant identification, terminology, keying, uses, and ecology. Field trips may require ability to hike moderate distances on unlevel ground. (CSU)

BIOL 0024. Wildland Trees and Shrubs (Dendrology)  
*Units: 4*
Advisory: Eligibility for ENGL 1A  
Hours: 108 (54 lecture, 54 laboratory)
Botanical characteristics, taxonomy, physiology, and community relationships of the major trees and shrubs in the Western United States. Discussion of commercial uses and geographic ranges of these plants. Identifying specimens under field conditions and using herbarium specimens. (CSU)

BIOL 0028. Independent Study  
*Units: 1-3*
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

BIOL 0030. Introduction to Ornithology  
*Units: 3*
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Introduction to the general ecology, evolution, and physiology of birds, with an emphasis on northern California avifauna. (CSU, UC)

BIOL 0033. Introduction to Zoology  
*Units: 4*
Advisory: Eligibility for ENGL 1A  
Hours: 108 (54 lecture, 54 laboratory)  
A survey of the animal kingdom emphasizing the evolution, structure, function, ecology, and natural history of major groups of animals. Designed for nonscience majors. (CSU, UC-with unit limitation)
BIOL 0035. Introduction to Entomology  
Units: 3  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Introduction to the general ecology, evolution, and physiology of insects, with examples from the insect fauna of northern California. Describes the key relationships (medical, agricultural, etc.) insects have with humans. Recommended for general education students or other majors interested in entomology. (CSU, UC)  

BIOL 0036. Introduction to Mammalogy  
Units: 3  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Introduction to the general ecology, evolution, and physiology of mammals, with an emphasis on species of northern California. Topics include: identifying characteristics, local species, ecological relationships, human interactions, and behavioral, structural, and physiological adaptations. Recommended for general education students or other majors interested in mammals. (CSU, UC)  

BIOL 0055. General Human Anatomy and Physiology  
Units: 4  
Advisory: Eligibility for ENGL 11 strongly recommended  
Hours: 108 (54 lecture, 54 laboratory)  
An overview of the basic anatomy and physiology of all body systems. Designed for non-science majors and those interested in human anatomy and physiology. Experiments and observations performed on models, nonliving systems, and oneself. (CSU, UC-with unit limitation)  

BIOL 0056. Biology: A Human Perspective  
Units: 3  
Advisory: Eligibility for ENGL 11 strongly recommended  
Hours: 54 lecture  
Principles of biology and how they relate to humans. Emphasis on the human organism, including anatomy, physiology, medicine, research, genetics, evolution, ecology and human impacts on the environment. Not recommended for Biological Sciences majors or students who have completed BIOL 11. (CSU, UC-with unit limitation)  

BIOL 0056L. Biology: A Human Perspective Laboratory  
Unit: 1  
Corequisite: Concurrent enrollment in BIOL 56  
Advisory: Eligibility for ENGL 11 strongly recommended  
Hours: 54 laboratory  
Optional laboratory course to be taken with BIOL 56. Topics parallel lecture course, including anatomy, physiology, medicine, research, genetics, evolution, ecology and human impacts on the environment. (CSU, UC-with unit limitation)  

BIOL 0095. Internship in Biological Sciences  
Units: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)  

Building Industries (BI)  

BI 0001. OSHA Construction Safety Training  
Unit: 1  
Formerly known as CET 1  
Hours: 18 hours  
Covers a variety of construction safety and health hazards workers may encounter. Provides safety information to construction workers about employee and employer rights and responsibilities. Emphasizes identification, avoidance, abatement, control, and prevention of job-related hazards on construction sites. This course is taught by authorized industry outreach trainers, and upon successful completion, students will receive the OSHA 10 Hour card. (not transferable)  

BI 0002. OSHA 30-Hour Construction Safety Training  
Units: 2  
Hours: 36 lecture  
Covers specific OSHA requirements as they apply to the construction industry and teaches safety awareness to help recognize and reduce the risks of job site hazards. This course is an orientation and covers safety and health hazards workers may face on construction work sites with emphasis on hazard identification, avoidance, control and prevention and is intended for supervisors or workers who have some safety responsibility. Upon successful completion, 30 hour OSHA card issued by instructor. (not transferable)  

BI 0003. Introduction to Construction and CNC Woodworking  
Units: 3  
Formerly known as CET 3  
Advisory: Completion with grade of "C" or better or concurrent enrollment in BI 1  
Hours: 108 (36 lecture, 72 laboratory)  
Designed to teach the skills required to be successful in the construction and woodworking industries. Topics include fundamentals of woodworking, safe operation of hand tools, introduction to wood CNC manufacturing, project drawings, and environmentally sound design and construction techniques. Hands-on experience with construction and woodworking tools and materials based on assigned student project(s). (not transferable)  

BI 0005. Introduction to the Built Environment  
Units: 3  
Formerly known as CET 5  
Hours: 54 lecture  
Introduction to the building industry: trends, organizations, construction processes, contracting laws, regulations, business aspects and career pathways. (CSU)  

BI 0007. Building with Green Construction Materials  
Units: 4  
Formerly known as CET 7  
Advisory: Completion with grade of "C" or better or concurrent enrollment in BI 1  
Hours: 180 (18 lecture, 162 laboratory)  
Project-based study of the performance characteristics of building materials using sustainable construction techniques and materials. Includes the basic properties and installation techniques of metals, aggregates, cement products, asphalt products and wood. Safe handling of construction materials and tools. (CSU)
BI 0020. Foundations and Framing
Units: 3
Formerly known as CET 20
Hours: 108 (36 lecture, 72 laboratory)
Fundamentals of construction foundation and framing techniques involving layout and construction to include, establishing elevations, site preparation, types of foundation forms, rebar and bolt installation, concrete placement techniques for slab on grade, cast in place (CIP), and pre-cast installations, structural steel, various types of floor systems, and applicable code requirements specific to the above. Introduction to California Green Technology and "Net Zero Energy" policies and sustainability practices for residential, commercial, and industrial construction. (CSU)

BI 0022. Introduction to Energy Efficiency Construction
Units: 3
Formerly known as CET 22
Hours: 108 (36 lecture, 72 laboratory)
Fundamentals of residential, commercial, and industrial framing techniques to include interior and exterior walls, ceilings, roof systems, stair design, installation and placement of sub trades including dry mechanical, plumbing, electrical, and structural steel post and beam installations. Introduction the future of construction as it evolves utilizing California Green Technology, “Net Zero Energy” policies, and sustainability practices. (CSU)

BI 0024. Fundamentals of Construction Documents and Estimating
Units: 3
Formerly known as CET 24
Hours: 54 lecture
Establishes a vocabulary and understanding of construction related documents including the symbols and detail views of building plans. Cost estimating to include material and labor cost calculations, specifications, problem solving, and bid preparations. (CSU)

BI 0026. Residential House Wiring and Codes
Units: 3
Formerly known as CET 26
Hours: 108 (36 lecture, 72 laboratory)
Introduction in the electrical trade. Inside wiring as applied to residential, commercial, and industrial structures. Electrical service requirements for photovoltaic systems. Use of tools and materials of the trade. Review of the National Electrical Code and the applications and California Electrical Code updates to the California Green Technology and “Net Zero Energy” policies. (CSU)

BI 0028. Independent Study
Units: 1-3
Formerly known as CET 28
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

BI 0030. Finish Carpentry
Units: 3
Formerly known as CET 30
Advisory: Completion with grade of "C" or better or concurrent enrollment in BI 3
Hours: 108 (36 lecture, 72 laboratory)
Fundamentals of woodworking hand tools, power hand tools and woodworking machinery to safely develop knowledge and skills leading to finish trim carpentry. Emphasis on residential construction finish carpentry standards, details, nomenclature, trims, and methods of setting interior and exterior doors, window jamb and trims, closet packs, cabinet installs, wainscoting, stair trim and railings, base and ceiling trims and finished flooring applications. (not transferable)

BI 0032. Residential Building Codes
Units: 3
Formerly known as CET 32
Hours: 54 lecture
Instruction in building codes for light frame one- or two-story dwellings related to local jurisdictions and the State of California. Application of codes to existing buildings with a study of regulations and abatement procedures for standard frame and Insulated Concrete Forms (ICF) green technology buildings. Includes codes related to California Green Technology and "Net Zero Energy" policies. (not transferable)

BI 0034. Plumbing and Mechanical Installation and Design
Units: 3
Formerly known as CET 34
Hours: 108 (36 lecture, 72 laboratory)
Introduction to the planning, installing, and maintaining of mechanical (HVAC/R) and plumbing systems in accordance with local codes and ordinances. Includes use of materials and codes related to California Green Technology and "Net Zero Energy" policies. (CSU)

BI 0095. Internship in Building Industries
Units: 0.5-4
Formerly known as CET 95
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU)

BI 0800. Introduction to Energy Surveying
Units: 0
Formerly known as CET 800
Prerequisite: Completion of BI 1 with grade of "C" or better, or equivalent as determined by the program chair
Hours: 40 (24 lecture, 16 laboratory)
Competency-based course of instruction designed to align with the American Society of Heating Refrigeration and Air Conditioning Engineers (ASHRAE) Level-1 energy auditing standards. Provides hands-on experience in residential and commercial energy auditing. Emphasis on principles and sources of energy, detailed facilities evaluation techniques, data collection for energy auditing, establishing baselines, and conducting accurate inventories. Includes workplace safety policies and practices to comply with OSHA guidelines. Students required to secure personal protective equipment as of first class session. (pass/no pass grading) (noncredit)
BI 0801. Basic Electricity and Wiring Fundamentals  
Units: 0  
Formerly known as CET 801  
Prerequisite: Completion of BI 800 with grade of "Pass"  
Hours: 40 (20 lecture, 20 laboratory)  
This comprehensive introduction to electrical wiring provides a well-rounded understanding of the fundamentals of basic electricity, electrical safety, electrical circuitry, and the processes and procedures of the electrical wiring trades. Includes relevant electrical codes. Students required to secure personal protective equipment as of first class session. (pass/no pass grading) (noncredit)

BI 0802. Introduction to Lighting Retrofits  
Units: 0  
Formerly known as CET 802  
Prerequisite: Completion of BI 801 with grade of "Pass"  
Hours: 40 (20 lecture, 20 laboratory)  
Provides well-rounded competency-based understanding of lighting retrofit trade fundamentals through hands-on experience in commercial retrofit procedures and skills. Includes electrical safety, policies, and practices as relate to retrofit work. Students required to secure personal protective equipment as of first class session. (pass/no pass grading) (noncredit)

BI 0804. Rapid Prototyping for Product Design  
Units: 0  
Formerly known as CET 804  
Hours: 18 (9 lecture, 9 laboratory)  
Hands-on exposure to processes used to fabricate prototypes. An introduction to tools and technologies for prototyping, including design for manufacture. Example products show the process from idea to market including the series of prototypes that helped get the product to successful sales. Course materials cover safe hand tool use, power woodworking hand tools, wood shop tools, laser cutting, and CNC routers. (pass/no pass grading) (noncredit)

BI 0805. Introduction to Industry and Occupational Safety for the Building Trade  
Units: 0  
Formerly known as CET 805  
Hours: 28 (24 lecture, 4 laboratory)  
Provides an introduction to the building trades as an occupation. Covers a variety of construction safety and health hazards workers may encounter. Provides safety information to construction workers about employee and employer rights and responsibilities. Emphasizes identification, avoidance, abatement, control, and prevention of job-related hazards on construction sites. Upon successful completion, 10 hour OSHA card issued by instructor. (pass/no pass grading) (noncredit)

BI 0806. Introduction to Building Trades and Tools  
Units: 0  
Formerly known as CET 806  
Prerequisite: Completion of BI 805 with grade of "Pass"  
Hours: 48 (27 lecture, 21 laboratory)  
Provides an overview of the local/regional building trade industry. Introduces students to the proper and safe operation of hand and power tools used in construction. Covers the fundamentals of construction math, measurements and blueprints. Emphasizes the employability skills such as time management, communication and proper attire for success in the construction industry. (pass/no pass grading) (noncredit)

BI 0807. Basic Material Handling and Building  
Units: 0  
Formerly known as CET 807  
Prerequisite: Completion of BI 806 with grade of "Pass"  
Hours: 53 (36 lecture, 17 laboratory)  
Provides an overview of building materials and techniques for construction. Introduces students to basic trades including plumbing, electrical, and HVAC. Covers the fundamentals of framing, flooring, and tiling. Explains relevant building codes. (pass/no pass grading) (noncredit)

Business (BUS)  

BUS 0028. Independent Study  
Units: 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

BUS 0095. Internship in Business  
Units: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

BUS 0125. Volunteer Income Tax Assistance - Basic  
Units: 3  
Formerly known as BUS 17  
Advisory: Completion of BUS 220 or BUS 221 with grade of "C" or better  
Hours: 72 (36 lecture, 36 activity)  
Prepares students to qualify as basic level tax preparers and assist taxpayer-clients in the preparation and filing of both federal and California income tax returns. Within the class time, students will successfully complete the IRS-approved training and pass the IRS individual income tax exam. The student will obtain practical experience by providing free tax assistance to community clients who meet qualifying criteria for the service as set by the IRS. This course is intended for the student who will assist individual and family taxpayers with basic tax concerns. The course meets Internal Revenue Service requirements and is recognized as a Volunteer Income Tax Assistance. (not transferable)
BUS 0126. Volunteer Income Tax Assistance - Advanced  
**Units:** 3  
Formerly known as BUS 18  
**Prerequisite:** Completion of BUS 125 with grade of "C" or better or through passage of VITA basic exam within the past 2 years  
**Advisory:** Completion of BUS 220 or BUS 221 with grade of "C" or better  
**Hours:** 72 (36 lecture, 36 activity)  
Provides students an opportunity to prepare higher-level tax returns including returns with itemized deductions, and self-employment income, review and approve the returns prepared by other students, and to manage a Volunteer Income Tax Assistance (VITA) program. The student will also obtain practical experience by providing free tax assistance to community clients who meet qualifying criteria for the service as set by the IRS. This course is intended for the student who will assist individual and family taxpayers with advanced tax concerns. The course meets Internal Revenue Service requirements and is recognized as a Volunteer Income Tax Assistance (VITA) program. (not transferable)  

BUS 0130. Payroll: Essential Laws and Regulations  
**Units:** 3  
Formerly known as BUS 11  
**Advisory:** Completion of BUS 144 or BUS 201 with grade of "C" or better  
**Hours:** 54 lecture  
Covers fundamental payroll laws and calculations. Topics include the Federal Labor Standards Act (FLSA) and related California laws including hours of work, regular and overtime pay, minimum wage, child labor laws, the Equal Pay Act, and taxable or non-taxable compensation. This class is part of a three-class series designed to prepare students for accounting careers and payroll industry certification. (not transferable)  

BUS 0131. Payroll: Taxes, Withholdings and Payments  
**Units:** 3  
Formerly known as BUS 12  
**Advisory:** Completion of BUS 144 or BUS 201 with grade of "C" or better  
**Hours:** 54 lecture  
Covers payroll-related topics including employee benefits, payment methods and requirements, withholdings for federal and California income taxes, Social Security, and Medicare. Additional topics include deposit and reporting requirements, voluntary and involuntary deductions, and Internal Revenue Code enforcement and penalties. This class is part of a three-class series designed to prepare students for accounting careers and payroll industry certification. (not transferable)  

BUS 0132. Payroll: Accounting, Management, International Issues and Ethics  
**Units:** 3  
Formerly known as BUS 13  
**Advisory:** Completion of BUS 144 or BUS 201 with grade of "C" or better  
**Hours:** 54 lecture  
Covers payroll-related topics including recordkeeping and records retention; accounting principles, practices, and systems; payroll management; U.S. citizens working abroad and foreign citizens working in the U.S.; and ethics. This class is part of a three-class series designed to prepare students for accounting careers and payroll industry certification. (not transferable)  

BUS 0144. Accounting Fundamentals for Business Owners and Entrepreneurs  
**Units:** 3  
Formerly known as BUS A  
**Prerequisite:** Completion of BUS 144 or BUS 201 with grade of "C" or better  
**Hours:** 54 lecture  
An introductory course for students without previous study in bookkeeping or accounting. Provides practical skills for bookkeepers, account clerks, business owners, managers, administrative assistants and others needing practical knowledge of basic accounting. Includes basic accounting principles, payroll, sales and purchasing cycles. This course is not a prerequisite for BUS 1. (not transferable)  

BUS 0145. Planning, Financing and Operating a Small Business  
**Units:** 3  
Formerly known as BUS B  
**Advisory:** Completion of BUS 144 with grade of "C" or better  
**Hours:** 54 lecture  
Practical study of the accounting and financial management methods essential for the efficient operation of small businesses. Provides entrepreneurs with skills to prepare and analyze financial statements, tax planning, ratio analysis and financial projections; and manage cash flow, accounts receivable, accounts payable, inventory management, and break-even analysis. (not transferable)  

BUS 0146. Computerized Accounting for Windows  
**Units:** 3  
Formerly known as BUS 8  
**Prerequisite:** Completion of BUS 144 or BUS 201 or equivalent with grade of "C" or better  
**Hours:** 54 lecture  
Introduction to the principles and procedures of accrual accounting using an industry computer accounting program. Accounting applications include general ledger, purchases and accounts payable, sales and accounts receivable, payroll, merchandise inventory, and job costing. Includes completion of the accounting cycle, preparation of financial statements, and analysis of financial statements for service and retail organizations. (not transferable)  

BUS 0159. New World of Work - 21st Century Skills  
**Units:** 2  
**Hours:** 36 lecture  
Interactive lessons designed to teach college students, adult learners, and workforce development representatives the transferable skills all modern workers need for success in our global economy. Topics include: Adaptability, Analysis/Solution Mindset, Collaboration, Communication, Digital Fluency, Entrepreneurial Mindset, Empathy, Resilience, Self-Awareness and Social/Diversity Awareness. (CSU)  

BUS 0201. Financial Accounting I  
**Units:** 3  
Formerly known as BUS 1  
**Hours:** 54 lecture  
Principles of accounting and recording transactions within the accounting cycle. Students analyze financial statements, compare and contrast different forms of business entities, and discuss internal controls for entities to reduce the risk of fraud. Topics also include the preparation of a bank reconciliation, petty cash transactions, inventories, and cost of goods sold. (combined with BUS 202, C-ID ACCT 110) (CSU, UC)
BUS 0202. Financial Accounting II

*Units: 3*

Formerly known as BUS 2
Prerequisite: Completion of BUS 201 with grade of "C" or better

Hours: 54 lecture
Concepts of accounts receivable and how to account for bad debts and depreciation of assets. Study of current and long term liabilities and how to account for them, including accounts payable, payroll taxes, mortgages, and bonds. Covers the concept of equity including stocks and dividends. Financial ratio analysis tools also help students quickly assess the overall financial health of a business. (combined with BUS 201, C-ID ACCT 110) (CSU, UC)

BUS 0203. Managerial Accounting

*Units: 3*

Formerly known as BUS 3
Prerequisite: Completion of BUS 202 with grade of "C" or better

Hours: 54 lecture
Examination of how managers use accounting information in decision-making, planning, directing operations, and controlling operations. Focus on cost terms and concepts, cost behavior, cost structure, and cost-volume-profit analysis. Examination of profit planning, standard costs, operations, and capital budgeting, cost control, and accounting for costs in manufacturing organizations. (C-ID ACCT 120) (CSU, UC)

BUS 0210. Ethical Studies in Accounting and Business

*Units: 3*

Formerly known as BUS 10
Advisory: Completion of ENGL 1A; and BUS 144 or BUS 201 with grades of "C" or better

Hours: 54 lecture
Explores ethics that must be addressed by bookkeepers, small business employees, and accountants. Topics in ethics include ethical foundations for personal and professional practice. A variety of case studies are evaluated to gain perspective into ethical lapses, fraud, and legal liability. Prevention techniques for and consequences of unethical and fraudulent behavior in the workplace and society are examined. (CSU)

BUS 0215. Personal Finance

*Units: 3*

Formerly known as BUS 101
Prerequisite: Completion of Elementary Algebra or appropriate placement

Hours: 54 lecture
Practical approach to personal finance principles. Offers a basic understanding of spending, saving, budgeting, borrowing, lending and investing money; credit and debit cards, credit reports/scores, identity theft, insurance, compound interest, retirement, estate planning, and investments. The social, psychological, and economic issues related to financial planning will be explored in addition to calculating the financial impacts of their decisions. This course will emphasize the principles to develop economic decision-making skills. Students will create a personal financial plan, including goals, budgets and a savings plan. (CSU, UC)

BUS 0216. Investments

*Units: 3*

Formerly known as BUS 19

Hours: 54 lecture
Introduction to investment opportunities, principles and practices. Includes investments in government and corporate securities, mutual funds, real estate, and tax advantaged securities. (CSU)

BUS 0220. Federal Income Taxation of Individuals

*Units: 3*

Formerly known as BUS 9

Hours: 54 lecture
Study of the United States individual income tax system. Rights and responsibilities of taxpayers under the Internal Revenue Code. Introduction to filing status, exemptions, income exclusions and inclusions, capital gains/losses, itemized deductions, employee business expenses, sale of home, and tax planning. (CSU)

BUS 0221. Federal and California Individual Taxation

*Units: 4*

Formerly known as BUS 14
Advisory: Completion of BUS 201 with grade of "C" or better

Hours: 72 lecture
Study of the United States and California individual income tax system. Rights and responsibilities of taxpayers under the Internal Revenue Code. Introduction to filing status, exemptions, income exclusions and inclusions, capital gains/losses, itemized deductions, employee business expenses, sale of home, and tax planning. (CSU)

BUS 0222. Taxation for Businesses and Specialized Returns

*Units: 4*

Formerly known as BUS 15
Prerequisite: Completion of BUS 220 or BUS 221 with grade of "C" or better

Hours: 72 lecture
Continuing study of income tax compliance with an emphasis on the taxation of business entities including corporations, partnerships, limited liability companies, S corporations, estates, and trusts. Topics include tax and non-tax characteristics of business entities, income tax filing requirements, business income/expenses/deductions/credits, differences in book and taxable income, selection of accounting methods and periods, and advising business taxpayers. (CSU)

BUS 0223. Tax Representation, Practices and Procedures

*Units: 2*

Formerly known as BUS 16
Prerequisite: Completion of BUS 220 or BUS 221 with grade of "C" or better

Hours: 36 lecture
Practices and requirements for Enrolled Agents and other tax professionals. Topics include how to represent a client before the IRS including the need for a power of attorney, compiling supporting documentation, collection processes, and appeals. Requirements for Enrolled Agents to practice in front of the IRS, record maintenance, and electronic filing requirements will also be discussed. (CSU)

BUS 0241. Entrepreneurship - Starting a Small Business

*Units: 3*

Formerly known as BUS 141

Hours: 54 lecture
Develops skills in evaluating, articulating, refining, and pitching a new product or service offering, either as a new business idea or as an additional offering in an existing business. Examines the steps and process of starting a new business from the logistics of establishing the business, supply chain planning, initial financing, building a management team, and forecasting. (CSU)
BUS 0242. Entrepreneurship - Small Business Management
Units: 3
Formerly known as BUS 140
Hours: 54 lecture
Practical aspects of managing a small business. Focus will be on how to grow and manage an existing business (including independent contractors/freelancers and online businesses). Areas of coverage include: forms of ownership, franchising, and preparing a business plan; financing growth for a business; accounting and marketing fundamentals; managing human resources, technology, regulation, how to grow/scale, professional networking and insurance requirements. (CSU)

BUS 0243. Social Entrepreneurship
Units: 3
Formerly known as BUS 143
Hours: 54 lecture
Introduction to social entrepreneurship: the practice of identifying and designing sustainable, socially-minded enterprises. Challenges students as change agents to combine innovation, resources and opportunity to address social and environmental problems. (CSU)

BUS 0250. Computer Applications for Business
Units: 3
Formerly known as IT 10
Hours: 72 (54 lecture, 18 laboratory)
An overview of business and academic use of common office application software for word processing, spreadsheets, charting data, databases, and presentations. Using current operating system software, managing files, using online tools, transmitting files via the Internet. Common computer hardware and software system concepts; impact of computers on society, networks and security. (CSU)

BUS 0251. Creating Business Documents with Word
Units: 3
Formerly known as IT 20
Advisory: Completion of BUS 250 and SKDV 10 with grades of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Advanced word processing techniques, including styles and outlines, generating form letters, mailing labels and envelopes using mail merge, working with master documents, indexes and tables of content, creating reports using wizards and templates, applying macros, integrating software, creating web pages and online forms. (CSU)

BUS 0252. Excel for Business Applications
Units: 3
Formerly known as IT 25
Advisory: Completion of BUS 250 and SKDV 10 with grades of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Design and use of "what-if" analysis, static and dynamic web pages, financial functions, data and lookup tables, amortization schedules and templates. Includes working with multiple worksheets and workbooks, analyzing worksheet results, sorting and querying a worksheet database, using macros, and integrating software. (CSU)

BUS 0255. Introduction to the Virtual Entrepreneur
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Explores topics such as setting up a freelance or consulting business out of a virtual office structure, time and organizational management, effective communication using digital platforms, and how to work independently. Students will identify, evaluate, and employ various managing techniques such as online networking, creating websites, utilizing Web-based resources, manage skills, services, and products in preparation for the gig economy. Examines organizational concepts, decision making, ethics, customer service, bidding for jobs, finding consulting opportunities, financial aspects of a virtual office, programs/software, security and hardware needed in a virtual office. (not transferable)

BUS 0260. Introduction to Business
Units: 3
Formerly known as BUS 20
Hours: 54 lecture
A survey in business providing a multidisciplinary examination of how culture, society, economic systems, legal, international, political, financial institutions, and human behavior interact to affect a business organization's policy and practices within the U.S. and a global society. Demonstrates how these influences impact the primary areas of business including: organizational structure and design, leadership, human resource management, organized labor practices, marketing, organizational communication, technology, entrepreneurship, legal, accounting, financial practices, stocks and securities market. (C-ID BUS 110) (CSU, UC)

BUS 0261. Customer Service Skills
Units: 3
Formerly known as BUS 116
Hours: 54 lecture
Provides the student with understanding and knowledge of the importance of meeting customer needs in a service economy. Emphasis on developing specific skills and abilities critical to providing excellent customer service. Introduction to the concepts of internal and external customers, customer satisfaction and retention. Topics include communicating with customers, developing a positive attitude, handling complaints and ethical issues. (CSU)

BUS 0265. Business Communications
Units: 3
Formerly known as BUS 102
Prerequisite: Completion of ENGL 1A with grade of "C" or better
Hours: 54 lecture
Applies the principles of effective communication to the creation of letters, memos, emails, and written and oral reports for a variety of business situations. The course emphasizes planning, organizing, composing, and revising business documents using word processing software for written documents and presentation-graphics software to create and deliver professional-level oral reports. (C-ID BUS 115) (CSU)
BUS 0266. Introduction to Oral Communication
Units: 3
Formerly known as BUS 85
Advisory: Completion of ENGL N or equivalent with grade of "C" or better or placement by matriculation assessment process recommended
Hours: 54 lecture
Introduction to oral communication necessary in the workplace and community. Involves verbal/nonverbal techniques, listening skills, group dynamics, interviewing processes, conflict management, basic research techniques and delivering oral presentations with emphasis on business situations. Build interpersonal communication skills and enhance public speaking skills through interactive activities in a supportive environment. (CSU)

BUS 0270. Business Law
Units: 3
Formerly known as BUS 48
Hours: 54 lecture
Fundamental legal principles pertaining to business transactions. Introduction to the legal process. Topics include sources of law and ethics, contracts, torts, agency, criminal law, business organizations, and judicial and administrative processes. (C-ID BUS 125) (CSU, UC)

BUS 0271. Law and Society
Units: 3
Formerly known as BUS 49
Hours: 54 lecture
Introduction to the law as an instrument of social and political control in society. Topics include sources of law and ethics, contracts, torts, agency, judicial and administrative processes, employment law, forms of business organizations, and domestic and international governmental regulations. (C-ID BUS 120) (CSU, UC)

BUS 0273. International Business Practices
Units: 3
Formerly known as BUS 55
Advisory: Eligibility for ENGL 1A or equivalent
Hours: 54 lecture
Foundations for understanding the global marketplace and effective international business practices and procedures. Students identify/compare cultural differences and acquire skills necessary for interacting with foreign business professionals. Topics include: international trade, importing/exporting, currencies and exchange, ethics, international travel, technological impacts, and careers in international business. (CSU)

BUS 0275. Management Concepts and Applications
Units: 3
Formerly known as BUS 100
Hours: 54 lecture
Career focused course that explores management concepts. Includes the four management functions of planning, controlling, leading, and organizing, with emphasis on practical application of skills in communication, leadership, decision-making, staffing, motivation, delegation, and team-building to supervise others. Students are given opportunities to apply newly acquired ideas and techniques to workplace situations. (CSU)

BUS 0276. Organizational Behavior and Human Relations
Units: 3
Formerly known as BUS 99
Advisory: Completion of ENGL 1A with grade of "C" or better
Hours: 54 lecture
Closely examines the collective behavior of an organization's individuals and groups. The content and activities focus on the fundamentals of Organizational Behavior—how to diagnose organizational problems, motivate, resolve conflicts, negotiate, lead organizational change efforts, and reduce stress. Carefully examines the interactions among people within organizations to satisfy employee needs while achieving organizational objectives. (CSU)

BUS 0277. Human Resource Management
Units: 3
Formerly known as BUS 103
Advisory: Completion of ENGL N with grade of "C" or better or placement by matriculation assessment process recommended
Hours: 54 lecture
A foundational management course for understanding how to manage human capital. Topics, practical application projects and case studies that demonstrate the importance of human resources to drive innovation and competitive advantage. Five functional areas covered include staffing, human resource development, employee relations, workplace health and safety, and compensation. (CSU)

BUS 0280. Introduction to Marketing
Units: 3
Formerly known as BUS 120
Hours: 54 lecture
Explore the fundamental concepts, relationships, and structure necessary for an overall understanding of the field of marketing. Includes marketing research, identifying and selecting target markets, understanding consumer behavior, and making product, pricing, distribution, and promotion decisions. (CSU)

BUS 0281. Advertising
Units: 3
Formerly known as BUS 121
Hours: 54 lecture
Analyze the principles and practices of effective advertising. Marketing research, consumer behavior, target marketing, and media strategy are examined as tools for effective advertising. Creative methods and strategies are examined for the development of various types of advertising. (CSU)

BUS 0282. Marketing in the Digital Age
Units: 3
Formerly known as BUS 122
Advisory: Completion of BUS 280 and BUS 250 with grades of "C" or better or equivalent
Hours: 54 lecture
Exploration, analysis and development of effective and innovative marketing techniques using digital tools available in an evolving world of technology and digital information. Emphasis is on developing marketing tools and programs using the latest technological tools to enhance your marketing efforts on and through the internet. (CSU)
BUS 0283. Retailing
Units: 3
Formerly known as BUS 123
Hours: 54 lecture
Examines concepts and principles involved in making decisions for retail firms. Types of retailers, sales methods, customer relations, store organization, principles of pricing, visual merchandising, buying and advertising are covered. Current retail strategies, brick and mortar stores, catalogs, home shopping networks, and E-retailing are examined. Activities, design and layout of various stores, window decorations, color choices, music, display styles and other retail needs will be analyzed. This course is recommended for any student ever considering working in the retail field, owning their own business or managing a business in the future. (CSU)

BUS 0284. Selling Dynamics
Units: 3
Formerly known as BUS 124
Hours: 54 lecture
Demonstrates the importance of effective personal selling techniques, communication skills and organizational success. The course will examine the personal selling philosophy and career opportunities in professional consumer and business selling. Explore the presentation process, presentation strategies and trade shows. Techniques are illustrated in the steps of selling: approach, sales demonstration, overcoming objections, negotiation, closing, and servicing the sale. Examine the social, ethical, and legal issues of selling. This course is recommended for any student who wants to develop better personal and selling techniques for resume, job or promotion opportunities. (CSU)

BUS 0290. Real Estate Principles
Units: 3
Formerly known as BUS 40
Hours: 54 lecture
Fundamental real estate course covering laws and principles of California real estate; gives understanding, background, and terminology necessary for advanced study in specialized courses. Helpful to those preparing for the real estate salesperson license examination. (CSU)

BUS 0291. Real Estate Practice
Units: 3
Formerly known as BUS 41
Advisory: Completion of BUS 290 with grade of "C" or better
Hours: 54 lecture
Day-to-day operations in real estate, including listing, prospecting, advertising, financing, sales techniques, escrow, and ethics. Helpful to those preparing for the real estate salesperson license examination. (CSU)

BUS 0292. Legal Aspects of Real Estate
Units: 3
Formerly known as BUS 47
Advisory: Completion of BUS 290 with grade of "C" or better
Hours: 54 lecture
Study of the practical aspects of California real estate law, including sources of law, government regulation, property ownership divisions, transfer, title, contracts, escrow, and landlord/tenant relationships. (CSU)

BUS 0809. Personal Investment and Retirement Planning for Retirees
Units: 0
Hours: 8 lecture
Course designed for older adults. Techniques are offered to manage investments during retirement; includes generating both income and growth for investments, fixed income, stocks, mutual funds, annuities. May be repeated. (noncredit)

BUS 0815. Personal Finance
Units: 0
Hours: 54 lecture
Practical approach to personal finance principles. Offers a basic understanding of spending, saving, budgeting, borrowing, lending and investing money; credit and debit cards, credit reports/scores, identity theft, insurance, compound interest, retirement, estate planning, and investments. The social, psychological, and economic issues related to financial planning will be explored in addition to calculating the financial impacts of their decisions. This course will emphasize the principles to develop economic decision-making skills. Students will create a personal financial plan, including goals, budgets and a savings plan. (pass/no pass grading) (noncredit)

BUS 0841. Entrepreneurship - Starting a Small Business
Units: 0
Hours: 54 lecture
Develops skills in evaluating, articulating, refining, and pitching a new product or service offering, either as a new business idea or as an additional offering in an existing business. Examines the steps and process of starting a new business from the logistics of establishing the business, supply chain planning, initial financing, building a management team, and forecasting. (pass/no pass grading) (noncredit)

BUS 0856. Beginning Computer Keyboarding
Units: 0
Formerly known as IT 835
Hours: 36 (27 lecture, 9 laboratory)
Introduces touch typing of alphabetic, numeric, and symbol keys. It covers keyboarding techniques, speed-and-accuracy development, and essential computer-keyboarding information. This course is specifically designed for the beginning typist as well as those who have been typing for a long time using improper technique. Not recommended for students with one year of high school keyboarding. (pass/no pass grading) (noncredit)

BUS 0857. Beginning Computer Familiarization
Units: 0
Formerly known as IT 820
Advisory: Completion of BUS 856 with grade of "Pass"
Hours: 36 (27 lecture, 9 laboratory)
This introductory course develops basic computer skills needed for college-level courses, workplace productivity, and personal enrichment. It provides the individuals who are new to computing or who have very little computing experiences with slower paced, general, non-technical information as well as in-class hands-on instruction reinforcement. This course introduces use of common computer terminology and concepts, file management, electronic mail, online course management system, and internet. (pass/no pass grading) (noncredit)

BUS 0858. Beginning Computer Applications
Units: 0
Formerly known as IT 830
Advisory: Completion of BUS 856 and BUS 857 with grades of "Pass"
Hours: 36 (27 lecture, 9 laboratory)
Designed to introduce students to the use of word processing, spreadsheet, presentations, and database programs. It provides the individuals who are new to computing or who have very little computing experiences with slower paced, general, non-technical information as well as in-class hands-on instruction reinforcement. The course includes basic operations of creating, editing, formatting, saving, retrieving, and printing documents. (pass/no pass grading) (noncredit)
CHEM 0001A. General Chemistry I

Units: 5
Prerequisite: Completion of CHEM A or equivalent with grade of "C" or better; and completion of MATH D with grade of "C" or better, or placement by matriculation assessment process, or equivalent; and satisfactory score on the Chemistry Placement Examination. Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 162 (54 lecture, 108 laboratory)
Introduction to the general principles of chemistry with emphasis upon quantitative relationships. Properties of matter related whenever possible to present concepts of atomic structure and to the periodic table. Includes atomic structure, the mole concept, gas laws, stoichiometry, redox, states of matter, solutions, and an introduction to modern theories of chemical bonding through related lecture and laboratory exercises. Students enrolling in CHEM 1A after having completed CHEM 3A will lose credit for CHEM 3A. Note: Not open to students who have completed CHEM 3B. CHEM 1A/1B sequence may be started any semester. (C-ID CHEM 110) (combined with CHEM 1B, C-ID CHEM 120S) (CSU, UC-with unit limitation)

CHEM 0001B. General Chemistry II

Units: 5
Prerequisite: Completion of CHEM 1A or 3B with grade of "C" or better
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 162 (54 lecture, 108 laboratory)
A continuation of CHEM 1A. Includes modern theories of bonding, acid-base theory, equilibrium, thermodynamics, electro-chemistry, nuclear chemistry, chemical kinetics, and a brief introduction to organic and biochemistry through related lecture and laboratory exercises. Note: CHEM 1A/1B sequence may be started any semester. (combined with CHEM 1A or CHEM 3A/3B, C-ID CHEM 120S) (CSU, UC-with unit limitation)

CHEM 0001X. Problem Solving for Chemistry 1A

Unit: 1
Prerequisite: Completion of CHEM A or equivalent with grade of "C" or better; and completion of MATH D with grade of "C" or better, or placement by matriculation assessment process, or equivalent; and satisfactory score on the Chemistry Placement Examination. Corequisite: Concurrent enrollment in CHEM 1A
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 18 lecture
Optional problem solving course to accompany CHEM 1A. Students use critical thinking and problem solving strategies to solve general chemistry problems in topics that include atomic structure, the mole concept, gas laws, stoichiometry, redox, intermolecular forces, solid state chemistry, solution chemistry, and chemical bonding. (CSU)

CHEM 0001Y. Problem Solving for Chemistry 1B

Unit: 1
Prerequisite: Completion of CHEM 1A or 3B with grade of "C" or better
Corequisite: Concurrent enrollment in CHEM 1B
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 18 lecture
Optional problem solving course to accompany CHEM 1B. Students use critical thinking and problem solving strategies to solve general chemistry problems in topics that include equilibrium, chemical kinetics, acid-base theory, thermodynamics, electro-chemistry, nuclear chemistry, and brief introductions to organic and biochemistry. (CSU)

CHEM 0002A. Introduction to Chemistry I

Units: 5
Prerequisite: Completion of MATH A with grade of "C" or better, or placement by matriculation assessment process, or equivalent
Advisory: Eligibility for ENGL 1A; completion of CHEM A with grade of "C" or better or equivalent; completion of MATH D with grade of "C" or better or equivalent
Hours: 162 (54 lecture, 108 laboratory)
Designed to meet the requirements for certain nursing, dental hygiene, physical therapy, agriculture, and forestry programs (Inorganic Chemistry). An introduction to the fundamental principles of general inorganic chemistry through related lecture and laboratory exercises. (C-ID CHEM 101) (CSU, UC-with unit limitation)

CHEM 0002B. Introduction to Chemistry II

Units: 5
Prerequisite: Completion of CHEM 2A with grade of "C" or better
Advisory: Eligibility for ENGL 1A
Hours: 162 (54 lecture, 108 laboratory)
Designed to meet the requirements for certain nursing, dental hygiene, physical therapy, agriculture, and forestry programs (Organic Chemistry). A study of the major classes of organic compounds, including nomenclature structure, properties, and isomerism. Emphasizes the chemistry and metabolism of carbohydrates, lipids, and proteins, including nucleo-protein and enzymes through related lecture and laboratory exercises. (C-ID CHEM 102) (CSU, UC-with unit limitation)
CHEM 0002X. Problem Solving for Chemistry 2A  
*Unit: 1*
Prerequisite: Completion of one year high school algebra or MATH A with grade of "C" or better  
Corequisite: Concurrent enrollment in CHEM 2A  
Advisory: Eligibility for ENGL 1A; completion of high school chemistry or CHEM A with grade of "C" or better; completion of two years of high school algebra or MATH D with grade(s) of "C" or better  
Hours: 18 lecture  
Optional problem solving course to accompany CHEM 2A. Students use critical thinking and problem solving strategies to solve chemistry problems in topics that include atomic structure, the mole concept, gas laws, stoichiometry, and chemical bonding. (CSU)

CHEM 0002Y. Problem Solving for Chemistry 2B  
*Unit: 1*
Prerequisite: Completion of CHEM 2A with grade of "C" or better  
Corequisite: Concurrent enrollment in CHEM 2B  
Advisory: Eligibility for ENGL 1A  
Hours: 18 lecture  
Optional problem solving course to accompany CHEM 2B. Students use critical thinking and problem solving strategies to solve organic and biochemistry problems. Both lecture and discussion groups utilized. (CSU)

CHEM 0003A. General Chemistry I - Part 1  
*Units: 3*
Prerequisite: Completion of MATH D with grade of "C" or better, or placement by matriculation assessment process, or equivalent  
Corequisite: Concurrent enrollment in CHEM 3X  
Advisory: Eligibility for ENGL 11 strongly recommended  
Hours: 90 (36 lecture, 54 laboratory)  
The first semester of a two-semester course in general chemistry consisting of that material normally included in one semester of CHEM 1A. Topics covered include the mole concept, chemical nomenclature, gas laws, and stoichiometry. This sequence fulfills the prerequisite for CHEM 1B. Students enrolling in CHEM 1A after having taken CHEM 3A will lose credit for CHEM 3A. (combined with CHEM 3B, C-ID CHEM 110)  
(combined with CHEM 3B and 1B, C-ID CHEM 120S) (CSU, UC-with unit limitation)

CHEM 0003B. General Chemistry I - Part 2  
*Units: 3*
Prerequisite: Completion of CHEM 3A with grade of "C" or better  
Corequisite: Concurrent enrollment in CHEM 3Y  
Advisory: Eligibility for ENGL 11 strongly recommended  
Hours: 90 (36 lecture, 54 laboratory)  
The second semester of a two-semester course in general chemistry consisting of that material normally included in one semester of CHEM 1A. Topics include atomic structure, states of matter, solutions, and chemical bonding. This sequence fulfills the prerequisite for CHEM 1B.  
(combined with CHEM 3A, C-ID CHEM 110) (combined with CHEM 3A and 1B, C-ID CHEM 120S) (CSU, UC-with unit limitation)

CHEM 0003X. Problem Solving for Chemistry 3A  
*Units: 2*
Prerequisite: Completion of MATH D with grade of "C" or better, or placement by matriculation assessment process, or equivalent  
Corequisite: Concurrent enrollment in CHEM 3A  
Advisory: Eligibility for ENGL 11 strongly recommended  
Hours: 36 lecture  
Problem solving course to accompany CHEM 3A. Students use critical thinking and problem solving strategies to solve general chemistry problems in topics that include the mole concept, chemical nomenclature, gas laws, and stoichiometry. (pass/no pass grading) (not transferable)

CHEM 0003Y. Problem Solving for Chemistry 3B  
*Units: 2*
Prerequisite: Completion of CHEM 3A with grade of "C" or better  
Corequisite: Concurrent enrollment in CHEM 3B  
Advisory: Eligibility for ENGL 11 strongly recommended  
Hours: 36 lecture  
Problem solving course to accompany CHEM 3B. Students use critical thinking and problem solving strategies to solve general chemistry problems in topics that include atomic structure, chemical bonding, states of matter, and solutions. (pass/no pass grading) (not transferable)

CHEM 0005. Chemistry - Quantitative Analysis  
*Units: 4*
Prerequisite: Completion of CHEM 1B with grade of "C" or better  
Advisory: Eligibility for ENGL 11 strongly recommended  
Hours: 144 (36 lecture, 108 laboratory)  
Theory and techniques of quantitative chemical measurement, including gravimetric, volumetric, and introductory instrumental analysis. Required for all chemistry, chemical engineering, medicine, dentistry, veterinary medicine, and related majors. (CSU, UC)

CHEM 0012A. Organic Chemistry I  
*Units: 5*
Prerequisite: Completion of CHEM 1B with grade of "C" or better  
Advisory: Eligibility for ENGL 11 strongly recommended  
Hours: 162 (54 lecture, 108 laboratory)  
An extensive course in the chemistry of the compounds of carbon, which emphasizes structure, kinetics, thermodynamics, spectroscopy, and synthesis. The laboratory provides direct experience with the reaction, synthesis, purification, identification, and characterization (IR, GC, TLC, bp, mp, chemical tests) of organic compounds. Discussions about the emerging field of "Green Chemistry" and performance of Green Chemistry experiments in the laboratory. Required for majors in chemistry as well as many other related fields. (C-ID CHEM 150; and, combined with CHEM 12B, C-ID CHEM 160S) (CSU, UC)

CHEM 0012B. Organic Chemistry II  
*Units: 5*
Prerequisite: Completion of CHEM 12A with grade of "C" or better  
Advisory: Eligibility for ENGL 11 strongly recommended  
Hours: 162 (54 lecture, 108 laboratory)  
Focuses on carbon based molecules and emphasizes structure, kinetics, thermodynamics, spectroscopy, and synthesis. Includes the emerging field of "Green Chemistry." Required for majors in Chemistry as well as many other related fields. (combined with CHEM 12A, C-ID CHEM 160S) (CSU, UC)
COMM 0002. Argumentation and Rhetorical Criticism  
*Units: 3*

Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  

An exploration of argumentation and the influence of rhetoric on thought in theory and cultural practice. Includes critical evaluation of claims, how to conduct expertise-based research, share evidence, engage in reasoning and critical thinking, and recognize popular forms of communication fallacies. (C-ID COMM 120) (CSU, UC)

COMM 0003. Small Group Communication  
*Units: 3*

Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  

Principles of communication in a variety of small group contexts. Explores theory, application, and evaluation of small group communication processes. Topics critically engage the nuances of problem solving, conflict management, decision making, and leadership in relational and cultural settings. Content may include some individual public speaking and speech outlining. (C-ID COMM 140) (CSU, UC)

COMM 0005. Communication Foundations  
*Units: 3*

Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  

Introduction to concepts and skills needed for effective communication in a variety of contexts. Includes practical experiences and skill building in small group, interpersonal, intercultural and public speaking contexts. (CSU, UC-with unit limitation)

COMM 0006. Performance of Diverse Literatures  
*Units: 3*

Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  

Introduction to performance studies and issues of diversity and social justice through a focus on key texts that bring these issues to light. Through the analysis, selection, and interpretation of genres such as poetry, oral history, prose, and dramatic works, students deepen their appreciation for literature, gain skill in performance, and insight into the role of voice, identity, and social justice. Focus on critiquing performance in context and the application of oral interpretation techniques, analysis of literature for themes, script writing, delivery, and the production of solo and group performance events. (C-ID COMM 170) (CSU, UC)

COMM 0007. Intercultural Communication  
*Units: 3*

Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  

Introduction to concepts and skills needed for effective communication in a variety of contexts. Includes practical experiences and skill building in small group, interpersonal, intercultural and public speaking contexts. (CSU, UC-with unit limitation)

COMM 0008. Interpersonal Communication  
*Units: 3*

Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  

Exploration of relationships through the principles and theories of interpersonal communication. Analysis and study includes an examination of (non)verbal transactions, dynamics of communication in personal and professional contexts, as well as development of ability to participate competently in relationships formed with others and in groups. (C-ID COMM 130) (CSU, UC)
COMM 0010. Communication Theory, Methods, and Practice  
Units: 3  
Advisory: Eligibility for ENGL 1A; completion with grade of "C" or better or concurrent enrollment in COMM 1 or 5  
Hours: 54 lecture  
Study of communication theory and practice through an examination of critical approaches, key concepts, and methods that serve as specializations to the field. Application of methods through hands-on research and a culminating capstone project. (C-ID COMM 180) (CSU, UC)

COMM 0012. Visual Communication  
Units: 3  
Also known as AAD 12  
Hours: 54 lecture  
Study of visual communication including design principles, aesthetics, visual perception, non-verbal messages, relationship to verbal communication, audience analysis, mass media and persuasion. Historical overview of visual media as well as current trends and technology. (C-ID JOUR 170) (CSU, UC)

COMM 0028. Independent Study  
Units: 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

COMM 0031A. Introduction to Digital Filmmaking  
Units: 3  
Also known as AAD 79  
Hours: 90 (36 lecture, 54 laboratory)  
Use of digital cameras for producing short form video projects. Introduction to principles, techniques and the terminology of video production and digital filmmaking. Guided classroom exercises and projects, including pre-production planning, video and audio recording techniques, on-location set-ups and studio set-ups, lighting for production and digital filmmaking. Basic video editing and output. (CSU)

COMM 0070. Mass Communication: Media and Society  
Units: 3  
Formerly known as COMM 15  
Advisory: Completion of ENGL 1A with grade of "C" or better  
Hours: 54 lecture  
Survey of mass communication focused on juxtapositions of media, society, and journalism. Examines the historical connections between race/class/gender/sex and other various identity positions, and how we analyze and critique media as part of national and international cultures. (C-ID JOUR 100) (CSU, UC)

COMM 0071. Newswriting and Reporting Techniques  
Units: 3  
Formerly known as COMM 21  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
An introduction to gathering, synthesizing/organizing and writing news in various journalistic and media styles across multiple platforms. Includes role journalists play in relating voice and agency, as well as evaluating legal issues and ethical implications. Introduction to the role of reporting and writing based on original interviews, storytelling, and research to produce content and define context. Addresses the history of journalism and the effects of mass communication and media on the self and broader cultures and society. (C-ID JOUR 110) (CSU, UC)

COMM 0072. Multimedia Reporting  
Units: 3  
Formerly known as COMM 30  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Introduction to multimedia storytelling with a journalism emphasis. Techniques explored include use of video, photos, audio, animation, and text to convey interactive news and feature stories through the Internet and other electronic media. Also includes techniques in digital research, critical thinking, and synthesis. (C-ID JOUR 120) (CSU)

COMM 0078. Media Practicum I  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 72 (36 lecture, 36 activity)  
Application of the principles of Journalism and Communication Studies to develop work for distribution to a campus and community audience. Includes weekly assignments to access a variety of student media across multiple platforms, including print, podcast, radio, and online, to develop news and non-fiction feature products. Practical experience in visual communication, online setting, multimedia journalism and emerging mass-communication technologies. (C-ID JOUR 130) (CSU)

COMM 0079. Media Practicum II  
Units: 3  
Prerequisite: Completion of COMM 78 with grade of "C" or better  
Advisory: Completion with grade of "C" or better, or concurrent enrollment in ENGL 1B or 1C  
Hours: 72 (36 lecture, 36 activity)  
Intermediate student media practicum that regularly produces a news or feature non-fiction product with a communication and/or media emphasis by and for students and distributed to a campus or community audience. Includes weekly news assignments that provide practical experience in design/layout, visual, online, multimedia journalism, emerging technologies and performance. May include a variety of student media across multiple platforms, including print, broadcast, podcast, radio, and online. (C-ID JOUR 131) (CSU)

COMM 0095. Internship in Communication Studies  
Units: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Computer Science (CSCI)  
CSCI 0010. Introduction to Computing  
Units: 3  
Advisory: Completion of MATH A with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Survey of computer science technologies and methods. Introduction to computer hardware and software, structured programming, operating system concepts, communications and social impacts of computer technology. Explore current and emerging topics such as robotics, computer security and artificial intelligence. (CSU, UC)
CSCI 0012. Programming Concepts and Methodology I  
**Units:** 3  
**Prerequisite:** Completion of CSCI 10 with grade of "C" or better  
**Hours:** 72 (54 lecture, 18 laboratory)  
Introduces the discipline of computer science using a high level language utilizing programming and practical hands-on problem solving. (C-ID COMP 122) (CSU, UC)

CSCI 0013. Programming Concepts and Methodology II  
**Units:** 3  
**Prerequisite:** Completion of CSCI 12 with grade of "C" or better  
**Hours:** 72 (54 lecture, 18 laboratory)  
Application of software engineering techniques to the design and development of large programs; data abstraction and structures and associated algorithms. (C-ID COMP 132) (CSU, UC)

CSCI 0014. Data Structures  
**Units:** 3  
**Prerequisite:** Completion of CSCI 66 with grade of "C" or better; and completion with grade of "C" or better, or concurrent enrollment in CSCI 26  
**Advisory:** Completion of CSCI 13 with grade of "C" or better  
**Hours:** 72 (54 lecture, 18 laboratory)  
A comprehensive introduction of data structures for computer science. Topics include: lists, stacks, trees, hash tables, and heaps. Associated algorithms are also covered: searching, sorting, traversal, path finding, spanning tree, and network flow. C++ is used as the implementation language. (CSU, UC)

CSCI 0021. The Game Development Process  
**Units:** 3  
**Advisory:** Completion of MATH D with grade of "C" or better  
**Hours:** 72 (54 lecture, 18 laboratory)  
Introduction to the history, technology, ethics, and design of computer games. A generally accessible course about the process of creating computer games from concept to implementation, including documentation, storyboards, character design, gameplay, animation and marketing. Students use these concepts to create a complete computer game of their own design. Programming experience not required. (CSU, UC)

CSCI 0026. Discrete Structures for Computer Science  
**Units:** 3  
**Prerequisite:** Completion of CSCI 12 and MATH 12 with grades of "C" or better  
**Hours:** 72 (54 lecture, 18 laboratory)  
Introduction to the essential discrete structures used in Computer Science, with emphasis on their applications. Includes elementary formal logic and set theory, elementary combinatorics, recursive programming and algorithm analysis, Boolean algebra, digital logic, combinatorial circuits, graph theory, circuit design and minimization, and computer arithmetic. (C-ID COMP 152) (CSU, UC)

CSCI 0027. Visual Basic .NET Programming I  
**Units:** 3  
**Prerequisite:** Completion of CSCI 10 with grade of "C" or better  
**Hours:** 72 (54 lecture, 18 laboratory)  
Introduction to methods and techniques of Visual Basic .NET programming. Includes coverage of user interface design, variables, decisions, menus, functions, object-oriented programming, looping, arrays, and printing. Designed to bring students up to the necessary skill and knowledge level for an intermediate-level programming course. (CSU)

CSCI 0028. Independent Study  
**Units:** 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

CSCI 0039. Introduction to Computer Architecture and Assembly Language  
**Units:** 3  
**Prerequisite:** Completion of CSCI 10 with grade of "C" or better  
**Hours:** 72 (54 lecture, 18 laboratory)  
Assembly language programming techniques and introductory computer architecture concepts. Topics include addressing modes; pseudo operations; stack processing; subroutine linkage; arithmetic and logical operations; input and output; digital logic. Programs are designed, coded, tested, and debugged. (C-ID COMP 142) (CSU, UC)

CSCI 0046. System Programming with C  
**Units:** 3  
**Prerequisite:** Completion of CSCI 12 with grade of "C" or better  
**Advisory:** Completion of CSCI 50 with grade of "C" or better  
**Hours:** 72 (54 lecture, 18 laboratory)  
Introduction to the C language and system programming on a Unix-like operating system. Topics include the standard C library, memory allocation, file I/O, permissions, system calls, networking, and process management. Development in a Unix environment will cover editors, shell scripting, makefiles, source code control, and debugging. (CSU, UC)

CSCI 0050. Introduction to Unix/Linux  
**Units:** 3  
**Prerequisite:** Completion of CSCI 10 with grade of "C" or better  
**Hours:** 72 (54 lecture, 18 laboratory)  
An introduction to the Unix and Linux operating systems with an emphasis on system programming. Topics include the filesystem, permissions, regular expressions, processes, networking, basic system administration, and shell scripting. Extensive hands-on experience using the command line interface. (CSU, UC)

CSCI 0052. Introduction to SQL  
**Units:** 3  
**Prerequisite:** Completion of CSCI 10 with grade of "C" or better  
**Hours:** 72 (54 lecture, 18 laboratory)  
Survey of SQL (Structured Query Language). Includes database models, database design, table and view definition, transaction and data manipulation, queries and reports, data integrity, stored procedures, triggers, recovery and security. Hands-on experience using a popular SQL database. (CSU)

CSCI 0054. Visual Basic .NET Programming II  
**Units:** 3  
**Prerequisite:** Completion of CSCI 27 with grade of "C" or better  
**Hours:** 72 (54 lecture, 18 laboratory)  
Intermediate Visual Basic .NET programming. Includes coverage of multitier applications, database applications, databases using related tables, database updates, using Web forms, Web forms database and updates, XML Web services, and writing database reports using Crystal Reports. (CSU, UC)
CSCI 0059P. Web Programming with PHP  
**Units:** 3  
Formerly known as CSCI 303  
Prerequisite: Completion of CSCI 12 or 27 with grade of "C" or better  
Advisory: Completion of CSCI 62 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Create dynamic, session-oriented, data-driven web sites using the PHP scripting language. Covers processing fill-out forms, database backends, session management, authentication and searching. (CSU)  

CSCI 0062. Web Programming I  
**Units:** 3  
Prerequisite: Completion of CSCI 10 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Introduction to methods and techniques of Web programming. Includes coverage of HyperText Markup Language (HTML), Cascading Style Sheets (CSS), and Extensible HyperText Markup Language (XHTML). Designed to bring students up to the necessary skill and knowledge level for an intermediate Web programming course. (CSU)  

CSCI 0066. Object-Oriented Programming Using C++  
**Units:** 3  
Prerequisite: Completion of CSCI 12 with grade of "C" or better  
Advisory: Completion of CSCI 46 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
An introduction to the concepts of object-oriented programming and the application of the C++ language. Extensive programming practice using C++ as the vehicle toward modular, reusable object-oriented code. (CSU, UC)  

CSCI 0076A. Game Programming  
**Units:** 3  
Prerequisite: Completion of CSCI 12 with grade of "C" or better  
Advisory: Completion with grade of "C" or better or concurrent enrollment in CSCI 13  
Hours: 72 (54 lecture, 18 laboratory)  
Explore the algorithms, data structure, and techniques used to program computer video games. Emphasis on arcade-style video games (new and classic) written in Java. Topics include 2D animation, sprites, interaction, music, and sound. Underlying issues include graphical user interface programming, multi-threaded applications, realtime programming, use of sophisticated APIs, and societal impacts of computer gaming. (CSU, UC)  

CSCI 0079. Mobile Device Programming  
**Units:** 3  
Formerly known as CSCI 309  
Prerequisite: Completion of CSCI 12 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Introduction to creating applications for mobile devices including Apple iPhone, iPad, and Google Android. Topics include touch interfaces, GUI elements, sensor input, simple animation and game play, network communication, and database access. (CSU)  

CSCI 0095. Internship in Computer Science  
**Units:** 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)  

---  

**Deaf Studies (DFST)**  

DFST 0001. American Sign Language I  
**Units:** 4  
Hours: 72 lecture  
Introduction to the fundamental principles of American Sign Language (ASL). Preparation for visual/gestural communication including basic information relating to Deaf culture, intensive work on comprehension skills and grammatical structures. (CSU, UC)  

DFST 0002. American Sign Language II  
**Units:** 4  
Prerequisite: Completion of DFST 1 with grade of "C" or better  
Hours: 72 lecture  
Continuation of American Sign Language I (ASL I). Designed for students who wish to enhance their proficiency in ASL usage and stresses continued development of basic conversational skills with emphasis on vocabulary and expressive skills. (CSU, UC)  

DFST 0003. American Sign Language III  
**Units:** 4  
Prerequisite: Completion of DFST 2 with grade of "C" or better  
Hours: 72 lecture  
Continuation of American Sign Language II (ASL II). Shifts from comprehension to production of ASL. Further study of vocabulary and grammatical patterns. Continues to develop ASL competencies in numerous conversational settings. Brings ASL fluency to a point of self-generated ASL for the purpose of furthering language use in ASL. (CSU, UC)  

DFST 0004. American Sign Language IV  
**Units:** 4  
Prerequisite: Completion of DFST 3 with grade of "C" or better  
Hours: 72 lecture  
Continuation of American Sign Language III. Advanced study of ASL grammar. Further development and refinements of ASL skills and fluency. Intensive work on expressive and receptive skills. Further study of Deaf cultural issues. (CSU, UC)  

DFST 0010. Introduction to Deaf Studies  
**Units:** 3  
Hours: 54 lecture  
Introduces topics central to the Deaf and Deaf community, including audiology, interpreting, education, culture, history, linguistics, sociology, and psychology. Designed to introduce basic information regarding the American Deaf experience in the United States: Deaf Community, Deaf Culture and American Sign Language. (CSU, UC)  

DFST 0028. Independent Study  
**Units:** 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)
DFST 0095. Internship in Deaf Studies  
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Drafting and Engineering Support (DES)

DES 0001. Technical Drafting I  
Units: 3
Formerly known as EST 1
Hours: 90 (36 lecture; 54 laboratory which may be scheduled TBA)
Fundamental use of design equipment to create both two dimensional technical sketches and two and three dimensional computer generated (CAD) working drawings that are used for product definition. Introduction to product and process definition as specified by engineering design disciplines. This course teaches introductory 3D AutoCAD skills. Designed for students with no previous experience in engineering design/drafting. (CSU)

DES 0002. Technical Drafting II  
Units: 3
Formerly known as EST 2
Prerequisite: Completion of DES 1 with grade of "C" or better or equivalent as determined by instructor
Hours: 90 (36 lecture; 54 laboratory which may be scheduled TBA)
Intermediate concepts of engineering design including sections, auxiliaries, threads, fasteners, and dimensional tolerancing. Basic concepts of Geometric Dimensioning and Tolerancing. Design for manufacturability and assembly explored to include material selection and properties of materials. This course teaches intermediate/advanced 3D AutoCAD skills. Designed for students who have attained a fundamental knowledge of the processes and practices of engineering design/drafting. (CSU)

DES 0003D. Design for Additive Manufacturing - 3D Printing  
Units: 3
Hours: 90 (36 lecture, 54 laboratory)
Introduction to design for 3D printing through machine operation and use of design software to create geometric models to satisfy defined requirements. Introduction to product design process and exploration of additive manufacturing (3D printings) impact on that process, as well as manufacturing. Designed for students with no prior experience with 3D printing or design. (not transferable)

DES 0010. Civil Applications of Computer-Aided Design  
Units: 3
Formerly known as EST 10
Prerequisite: Completion of DES 2 or 20 with grade of "C" or better or equivalent as determined by instructor
Hours: 90 (36 lecture; 54 laboratory which may be scheduled TBA)
Development of drafting skills used in the areas of industrial and civil engineering support. Emphasis on land division, determination of location and direction, development of plots based upon legal description and the fundamentals of utilizing surveying data as applied to preliminary and final maps. Designed for students who have attained an intermediate knowledge of the processes and practices of engineering design/drafting support. Introduction to AutoCAD Civil 3D software. (CSU)

DES 0011. Three-Dimensional Modeling  
Units: 3
Formerly known as EST 11
Prerequisite: Completion of DES 2 or DES 3D or MECH 44 or ENGR 22A or ADVM 66 with grade of "C" or better or equivalent as determined by instructor
Hours: 90 (36 lecture; 54 laboratory which may be scheduled TBA)
Processes employed in developing design solutions using a feature based parametric solid modeler. Includes 3D part and assembly modeling, and the development of 2-dimensional part, assemblies, welding and sheet metal drawings per ASME standards. SolidWorks is the solid modeler used. (CSU, UC)

DES 0012. Geometric Dimensioning and Tolerancing  
Units: 3
Formerly known as EST 12
Prerequisite: Completion of DES 2 or DES 11 or ADVM 66 or ENGR 22B with grade of "C" or better or equivalent as determined by instructor
Hours: 54 lecture
Expands upon basic knowledge of dimensioning mechanical drawings by adding form and feature controls in order to clearly define parts. Review of basic dimensioning and tolerancing. Topics, as defined in ASME Standards, include geometric tolerancing symbols and terms, rules of geometric dimensioning and tolerancing, datums, material condition symbols, tolerances of form and profile, tolerances of orientation and runout, location tolerances and virtual condition. (CSU)

DES 0020. Architectural Drawing I  
Units: 3
Formerly known as EST 20
Hours: 90 (36 lecture; 54 laboratory which may be scheduled TBA)
Introduction to the fundamentals of residential construction and design documentation. Drawings of a residence are developed and detailed, to include sketches, site plan and floor plans, foundation, elevations, and section views. AutoCAD instruction is incorporated to develop CAD drawings and electronic data sets. (CSU)
DES 0021. Architectural Drawing II  
*Units: 3*  
Formerly known as EST 21  
Prerequisite: Completion of DES 20 with grade of "C" or better or equivalent as determined by instructor  
Hours: 90 (36 lecture; 54 laboratory which may be scheduled TBA)  
Advances the skills and knowledge of residential architectural drawing production started in DES 20. Course focuses on production of residential architectural drawings of a 2-story wood framed house in the context of current and relevant building codes, construction materials and methods, industry standard work flow, production and graphic standards through the use of a drawing software application. Additional skills of software utilization, drawing management, complex drawing creation and printing will be covered. This course teaches intermediate AutoCAD skills. (CSU)  

DES 0022. Architectural Drawing III-BIM (Building Information Modeling)  
*Units: 3*  
Prerequisite: Completion of DES 21 with grade of "C" or better or equivalent as determined by instructor  
Hours: 90 (36 lecture; 54 laboratory which may be scheduled TBA)  
Continuation of the architectural design started in DES 20 and 21. Students utilize Building Information Modeling (BIM) using REVIT software to develop commercial architectural documentation (including electronic data sets) in adherence to the International Building Code (IBC) and local county and state codes. (CSU)  

DES 0028. Independent Study  
*Units: 1-3*  
Formerly known as EST 28  
Designed for students interested in furthering their knowledge at an independent study level. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)  

DES 0040. Managing the Computer-Aided Design (CAD) Environment  
*Units: 3*  
Formerly known as EST 40  
Prerequisite: Completion of DES 10, 11 or 22 with grade of "C" or better, or equivalent as determined by instructor  
Advisory: Completion of DES 3D with grade of "C" or better  
Hours: 90 (36 lecture; 54 laboratory which may be scheduled TBA)  
Designed for the advanced Drafting and Engineering Support student. Topics include proper CAD management skills and the development of "as built" models used in the manufacturing, architectural and civil disciplines. Focus on utilizing, creating and instituting CAD standards, policies and procedures. Development of prototypes integral to the design process in their chosen area of concentration (mechanical, civil and/or architecture). (CSU)  

DES 0095. Internship in Drafting and Engineering Support  
*Units: 0.5-4*  
Formerly known as EST 95  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)
ESCI 0007. Energy, Environment, and Climate  
Units: 3  
Also known as ESS 7  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Analysis of the nature of energy and the environmental impact of its societal use in the context of Earth's record of changing climate. Explores current global climate change due to post-1750 greenhouse gas emissions and strategies for mitigation and adaptation to changing climate predictions, emphasizing future alternative energy sources. Designed for students majoring in areas related to the environmental sciences and/or those interested in developing a substantiated understanding of the role played by citizens in ensuring a healthy environment for future generations. (CSU, UC)

ESCI 0010. Introduction to Earth Science  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Introduction to concepts of geology, oceanography, meteorology, and astronomy for science or non-science majors. (C-ID GEOL 120) (CSU, UC)

ESCI 0010L. Introduction to Earth Science Laboratory  
Unit: 1  
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in ESCI 10  
Hours: 54 laboratory  
Exploration of the solid Earth, its atmosphere, hydrosphere, and place in the solar system. Learning through investigation and systematic laboratory procedures, focused on the physical and chemical systems of the Earth such as the tectonic cycle, rock cycle, hydrologic cycle, weather and climate. Field trip(s) may be required during regular lab time. (C-ID GEOL 120L) (CSU, UC)

ESCI 0015. Introduction to Oceanography  
Units: 3  
Advisory: Eligibility for ENGL 1A or equivalent  
Hours: 54 lecture  
Physical, chemical, and biological aspects of our ocean environment with emphasis on geologic processes. (CSU, UC)

ESCI 0015L. Introduction to Oceanography Laboratory  
Unit: 1  
Prerequisite: Completion of or concurrent enrollment in ESCI 15  
Hours: 54 laboratory  
Exploration of the ocean environment, including physical, chemical and biological aspects. Learning through investigation and systematic laboratory procedures. (CSU, UC)

ESCI 0016G. Weekend Field Paleontology and Ancient Environments  
Units: 1-2  
Also known as BIOL 16G  
Formerly known as GEOL 16G  
Hours: 30 (12 lecture, 18 laboratory) per unit  
Investigations into the ecology of environments in the geologic past through field work at fossil sites. Comparisons/contrasts made between ancient (fossil) communities and the current (living) communities of selected study sites. Differences and similarities between the plants and animals used as evidence to reconstruct ancient ecological communities. Students may be required to provide their own transportation. (CSU)

ESCI 0028. Independent Study  
Units: 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

ESCI 0050. Geology of National Parks and Monuments  
Units: 3  
Formerly known as GEOL 50  
Hours: 54 lecture  
Investigation of geology and geologic history in the formation of North American national parks and monuments including the Grand Canyon, Bryce, Zion, and Yosemite. (CSU, UC)

ESCI 0054A. Sierra Nevada and Western Basin and Range Provinces  
Units: 0.5  
Formerly known as GEOL 51A  
Hours: 9 lecture  
Field lecture course designed to teach students the geology of portions of the Sierra Nevada and Western Basin and Range Provinces. Sites along I-80 and old highway 40 are examined. (CSU)

ESCI 0054B. Great Valley and Coast Range Provinces  
Units: 0.5  
Formerly known as GEOL 51B  
Hours: 9 lecture  
Field lecture course designed to teach students the geology of portions of the Great Valley and the Coast Range Provinces. Sites along I-80, the Russian River, the Pacific Coast, and the San Andreas Fault are examined. (CSU)

ESCI 0054C. Great Valley, Coast Ranges, and Sutter Buttes  
Units: 0.5  
Formerly known as GEOL 51C  
Hours: 9 lecture  
Field lecture course designed to teach students the geology of portions of the Great Valley, the Coast Ranges, and the Sutter Buttes. Sites west from Roseville through Woodland and Capay Valley to Clear Lake, the Central Sacramento Valley, and the Sutter Buttes are examined. (CSU)

ESCI 0054D. Western Sierra Nevada and the Mother Lode  
Units: 0.5  
Formerly known as GEOL 51D  
Hours: 9 lecture  
Field lecture course designed to teach students the geology of portions of the Western Sierra Nevada and the Mother Lode. Sites along Highway 49 are examined. Entrance and transportation fees may be required. (CSU)

ESCI 0054E. Major Rock Units of the Northern Sierra  
Units: 0.5  
Formerly known as GEOL 51E  
Hours: 9 lecture  
Field lecture course designed to teach students the geology of major rock units of the Northern Sierra Nevada. Moderate day hike is involved. Entrance fees may be required. (CSU)

ESCI 0055A. Weekend Field Geology - Eastern Sierra  
Unit: 1  
Hours: 18 lecture  
Weekend field trip to the eastern Sierra Nevada. A 1 hour and 50 minute pre-session will be held prior to the trip. Hiking may be necessary. Camping, entrance, and transportation fees may be required. (CSU)
ESCI 0055B. Weekend Field Geology - Yosemite  
**Unit:** 1  
**Hours:** 18 lecture  
Weekend field trip to Yosemite covering the origin, evolution, and geology of Yosemite National Park and surrounding areas. A 1 hour and 50 minute pre-session will be held prior to the trip. Hiking may be necessary. Camping, entrance, and transportation fees may be required. (CSU)

ESCI 0055C. Weekend Field Geology - Point Reyes  
**Unit:** 1  
**Hours:** 18 lecture  
Exploration of the natural history of the Point Reyes area, emphasizing its geologic history and geomorphology. Camping, entrance and transportation fees may be required. (CSU)

ESCI 0055D. Weekend Field Geology - Southern Coast Range  
**Unit:** 1  
**Hours:** 18 lecture  
Exploration of the natural history of southern Coast Ranges. May include national parks (eg. Carrizo Plain, Pinnacles) and selected areas of the San Andreas Fault. Some hiking required. Camping and/or park entrance fees may be required. A 1 hour and 50 minute classroom pre-session is required. (CSU)

ESCI 0055E. Weekend Geology and Volcanoes of Northeastern California  
**Unit:** 1  
**Hours:** 18 lecture  
Exploration of the natural history of the volcanoes and mountains of northeastern California. May include national parks (eg. Lassen, Lava Beds). Some hiking required. Camping and/or park entrance fees may be required. A 1 hour and 50 minute classroom pre-session is required. (CSU)

ESCI 0055F. Weekend Field Geology  
**Unit:** 1  
Formerly known as GEOL 52F  
**Hours:** 18 lecture  
Weekend (sometimes including Friday) field trips to selected locations of geologic interest in California and bordering areas. Hiking may be necessary. Camping, entrance and transportation fees may be required. (CSU)

ESCI 0056A. Field Geology of Western North America - Death Valley  
**Units:** 2  
**Hours:** 54 (27 lecture, 27 laboratory)  
One-week field experience to Death Valley and eastern Sierra Nevada. Emphasis placed on the geologic history of the area. We will be seeing rocks spanning over 1 billion years of earth history. A three-hour pre-session prior to the trip is required. Hiking may be necessary. Camping, entrance, and transportation fees may be required. (CSU)

ESCI 0056B. Field Geology of Western North America - Geology of Utah  
**Units:** 2  
**Hours:** 54 (27 lecture, 27 laboratory)  
Field course covering the National Parks of northern Arizona, and Utah including, but not limited to: Zion, Bryce, Canyonlands, Grand Canyon, Monument Valley, Arches, and Capitol Reef. Entrance and transportation fees may be required. (CSU)

ESCI 0056C. Field Geology of Western North America - Western Deserts  
**Units:** 2  
**Hours:** 54 (27 lecture, 27 laboratory)  
Field experience covering areas of the Southern California desert, including Carrizo Plain, Barstow, Joshua Tree National Park, Salton Sea, and Anza Borrego State Park. Emphasis will be placed on the geologic history of the region. A three-hour pre-session prior to the trip is required. Hiking may be necessary. Camping, entrance, and transportation fees may be required. (CSU)

ESCI 0056D. Field Geology in the Sierra Nevada  
**Units:** 2  
**Hours:** 36 lecture  
Exploration of the natural history of the Sierra Nevada. May include national parks (eg. Yosemite, Sequoia, Kings Canyon, Mono Lake). Some hiking required. Camping and/or park entrance fees may be required. A 2 hour and 50 minute classroom pre-session is required. (CSU)

ESCI 0056E. Geology of the Cascade Volcanoes  
**Units:** 2  
**Hours:** 36 lecture  
Exploration of the natural history of the volcanoes and mountains of the Cascade Range of western North America. May include national parks (eg. Lassen, Lava Beds, Crater Lake, Mount Saint Helens, Rainier). Some hiking required. Camping and/or park entrance fees may be required. A 2 hour and 50 minute classroom pre-session is required. (CSU)

ESCI 0056F. Field Geology of Western North America  
**Units:** 2  
Formerly known as GEOL 53F  
**Hours:** 54 (27 lecture, 27 laboratory)  
One-week field experience to selected areas of geologic interest. Emphasis placed on the geologic history of the many parks and monuments of the west. A three-hour pre-session prior to the trip is required. Hiking may be necessary. Camping, entrance and transportation fees may be required. (CSU)

ESCI 0056G. Coastal Geology  
**Units:** 2  
**Hours:** 36 lecture  
Exploration of the natural history of the western American coast. May include national parks (eg. Pfeiffer, Point Reyes, Redwoods). Some hiking required. Camping and/or park entrance fees may be required. A 2 hour and 50 minute classroom pre-session is required. (CSU)

ESCI 0095. Internship in Earth Science  
**Units:** 0.5-4  
**Formerly known as GEOL 95**  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)
Economics (ECON)

ECON 0001A. Principles of Macroeconomics  
Units: 3  
Prerequisite: Completion of two years of high school algebra or MATH D with grade of "C" or better, or placement by matriculation assessment process  
Hours: 54 lecture  
Introductory course focusing on aggregate economic analysis. Topics include: market systems, aggregate measures of economic activity, macroeconomic equilibrium, money and financial institutions, monetary and fiscal policy, international economics, and economic growth. (C-ID ECON 202) (CSU, UC)

ECON 0001B. Principles of Microeconomics  
Units: 3  
Prerequisite: Completion of two years of high school algebra or MATH D with grade of "C" or better, or placement by matriculation assessment process  
Hours: 54 lecture  
Introductory course focusing on choices of individual economic decision-makers. Topics include scarcity, specialization and trade, market equilibrium, elasticity, production and cost theory, market structures, factor markets, and market failure. (C-ID ECON 201) (CSU, UC)

ECON 0028. Independent Study  
Units: 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

Education (EDU)

EDU 0007. Tutoring Elementary Students in Reading  
Units: 3  
Prerequisite: Eligibility for ENGL 11 or completion of ENGL 1A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
An opportunity to learn and practice basic methods of tutoring elementary school children in reading. Combines lecture/discussion with field experience doing extensive tutoring at local elementary school. Negative TB test and fingerprint clearance required. Satisfies one of the two required field experience courses for the CSUS Liberal Studies Program. (CSU)

EDU 0010. Introduction to Elementary Education with Field Experience  
Units: 3  
Advisory: Completion of HDEV 1 with grade of "C" or better; eligibility for ENGL 1A  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to the concepts and issues related to teaching diverse learners in contemporary K-12 schools. Topics include teaching as a profession and career, historical and philosophical foundations of the American education system, contemporary educational issues, California’s content standards and frameworks, and teacher performance standards. In addition to class time, requires a minimum of 45 hours of structured field work in public school elementary classroom that represent California’s diverse student population. Fulfills one of the early field experiences for the CSUS Liberal Studies major. Negative TB test and fingerprint screening required. (C-ID EDUC 200) (CSU, UC)

EDU 0028. Independent Study  
Units: 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

EDU 0095. Internship in Education  
Units: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Engineering (ENGR)

ENGR 0010. Engineering Survey Measurements  
Units: 4  
Prerequisite: Completion of MATH 27 with grade of "C" or better  
Advisory: Completion with grade of "C" or better or concurrent enrollment in ENGR 22A  
Hours: 108 (54 lecture, 54 laboratory)  
Theory and practice with total stations (with and without data collectors), leveling instruments, and tapes. Creation of a boundary and topographic survey requiring traverse adjustment and area within irregular boundaries. Mock construction project requiring a construction survey including field staking. Problems including horizontal and vertical curves, slopes and alignments, cut and fill, topographic maps and volume calculation. Introduction to GPS. Designed for engineering students and required for Civil Engineering majors. (C-ID ENGR 180) (CSU, UC)

ENGR 0017. Introduction to Circuit Theory  
Units: 3  
Prerequisite: Completion of MATH 32, PHYS 210 and PHYS 210L with grades of "C" or better; completion with grade of "C" or better or concurrent enrollment in MATH 33  
Hours: 54 lecture  
Introduction to circuit analysis. Includes all basic, passive circuit elements and operational amplifiers. Covers constant and time variant circuit networks; network analysis and simplification techniques; response of circuit networks, natural and forced; steady state sinusoidal circuit analysis development from the network differential equations; power calculations; analysis involving operational amplifiers. (CSU, UC)

ENGR 0017L. Circuit Theory Laboratory  
Unit: 1  
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in ENGR 17; and completion of PHYS 210 and 210L with grades of "C" or better  
Hours: 54 laboratory  
Designed to parallel ENGR 17. Experimental verification of circuit analysis concepts. Laboratory exercises include DC, transient and AC measurements on circuits including resistors, capacitors, inductors and operational amplifiers. Basic electrical instrumentation is used. (CSU, UC)
ENGR 0022A. Engineering Drawing and CAD  
Units: 3  
Hours: 90 (36 lecture, 54 laboratory)  
Introduction to the graphical methods, equipment and software used to produce and interpret engineering drawings. Fundamentals of technical drawing including sketching, geometric constructions, orthographic projection, dimensioning, sectional views, auxiliary views, threads and fasteners, and pictorial projection. Emphasis on the production of two-dimensional working drawings utilizing freehand sketching and computer-aided drafting (CAD) hardware and software. (CSU)

ENGR 0022B. Descriptive Geometry and Solid Modeling  
Units: 3  
Formerly known as ENGR 23  
Prerequisite: Completion of ENGR 22A; or DES 1 and 2 with grade(s) of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Fundamental principles of descriptive geometry with application to technical drawing and engineering problems. Visualizing spatial relationships from orthographic drawings. Includes sketches and computer-aided drafting (CAD) projects. Provides an introduction to solid modeling including part and assembly modeling. Designed for Engineering and Drafting and Engineering Support majors. (CSU, UC)

ENGR 0028. Independent Study  
Units: 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

ENGR 0035. Statics  
Units: 3  
Prerequisite: Completion of PHYS 205, PHYS 205L, and MATH 31 with grades of "C" or better  
Advisory: Completion of ENGR 22A with grade of "C" or better  
Hours: 54 lecture  
Introduces the concepts of engineering based on forces in equilibrium. Includes concentrated forces, distributed forces, forces due to friction, and inertia as they apply to machines, structures, and systems. Upon completion, students should be able to solve problems which require the ability to analyze systems of forces and bodies in static equilibrium. (C-ID ENGR 130) (CSU, UC)

ENGR 0037. Manufacturing Processes  
Units: 3  
Advisory: Completion of ENGR 22A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Application of multiple fabrication techniques including tools and materials required for the manufacture of a mechanical assembly. Introduction to design and documentation of a final product. Manufacturing processes in the areas of forming, joining, material removal, casting, assembly and prototyping which includes hands on use of manufacturing equipment. Each student fabricates a final project based on principles of manufacturing. (CSU, UC)

ENGR 0045. Materials Science  
Units: 3  
Prerequisite: Completion of PHYS 205 and 205L with grades of "C" or better; and completion with grade of "C" or better or concurrent enrollment in CHEM 1A  
Basic principles of physical and chemical behavior of metals, polymers, composites and ceramics in engineering applications; topics include bonding, crystalline structure and imperfections, diffusion, kinetics, phase diagrams, corrosion, mechanical and electrical properties. Laboratory experiments analyze actual behavior of materials; topics include metallography, mechanical properties of metals and heat treatment. (CSU, UC)

ENGR 0095. Internship in Engineering  
Units: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

ENGR 0110. Introduction to Engineering Design  
Units: 3  
Hours: 54 lecture  
Explores the branches of engineering, the functions of an engineer, and the industries in which engineers work. Explains the engineering education pathways and explores effective strategies for students to reach their full academic potential. Presents an introduction to the methods and tools of engineering problem solving and design including the interface of the engineer with society and engineering ethics. Develops communication skills pertinent to the engineering profession. Introduces the fundamentals of engineering design, problem solving, planning, prototyping and some fabrication. (C-ID ENGR 110) (CSU, UC)

ENGR 0150. Introduction to the Engineering Profession  
Unit: 1  
Hours: 18 lecture  
Exploration of the engineering profession, focusing on branches of engineering and relationships between them, spectrum of work functions, professionalism and ethics. Includes orientation to Sierra College engineering program, evaluation of engineering as a personal career choice and participating in engineering activities. (CSU, UC)

ENGR 0220. Programming and Problem Solving in Engineering  
Units: 4  
Prerequisite: Completion of MATH 30 and PHYS 205 and 205L with grades of "C" or better. Advisory: PHYS 205 may be taken concurrently  
Hours: 108 (54 lecture, 54 laboratory)  
Utilizes the MATLAB environment to provide students with a working knowledge of computer-based problem-solving methods relevant to science and engineering. It introduces the fundamentals of procedural and object-oriented programming, numerical analysis, and data structures. Examples and assignments in the course are drawn from practical applications in engineering, physics, and mathematics. (C-ID ENGR 220)(CSU, UC)
English (ENGL)

ENGL 0000N. Introduction to College Writing
Units: 4
Prerequisite: Placement by matriculation assessment process or completion of ENGL 802 with grade of "Pass"
Hours: 72 lecture
Emphasis on the development and integration of thinking, reading, organizing, and writing skills, as required for successful execution of college level composition. Prepares students for ENGL 1A. Students enrolling in ENGL N after having taken ENGL A and/or ENGL 50 will lose credit for ENGL A and/or ENGL 50. (not transferable)

ENGL 0000S. English 1A Support
Units: 2
Prerequisite: Placement by matriculation assessment process
Corequisite: Concurrent enrollment in English 1A
Hours: 36 lecture
This class supports students who are concurrently enrolled in English 1A, emphasizing the development and integration of critical thinking, reading, organizing, and writing skills as required for successful execution of college level composition. (not transferable) (pass/no pass grading)

ENGL 0001A. College Reading, Writing and Research
Units: 4
Prerequisite: Placement by matriculation assessment process or completion of ENGL N with grade of "C" or better
Hours: 72 lecture
Develops and refines students' reading, writing, and critical thinking skills by introducing the conventions of academic conversations and arguments in an academic community. Students read and discuss a variety of works from different literary genres, focusing on non-fiction and expository texts, reading 20 or more pages per week. The course also emphasizes research skills, including accessing college library databases, evaluating and documenting sources, using MLA style, and practicing academic integrity. Students write essays in expository and argumentative prose, including at least one research paper, in response to class reading and outside research, for a total of at least 6500 words. (C-ID ENGL 100) (CSU, UC)

ENGL 0001B. Critical Thinking and Writing about Literature
Units: 3
Prerequisite: Completion of ENGL 1A with grade of "C" or better
Hours: 54 lecture
Develops critical thinking, reading, and writing skills applicable to the analysis of prose, poetry, drama, and criticism from diverse cultural sources and perspectives. Emphasis on the techniques and principles of effective written argument. 6,500 words of formal writing and some research required. (C-ID ENGL 120) (CSU, UC)

ENGL 0001C. Critical Thinking and Writing across the Curriculum
Units: 3
Prerequisite: Completion of ENGL 1A with grade of "C" or better
Hours: 54 lecture
Develops critical thinking, reading, and writing skills as they apply to textual analysis of primary and secondary sources, essays, articles, and book-length works from a range of academic and cultural contexts. Emphasis on the techniques and principles of effective written argument in research-based writing across the curriculum. Requires 6,500 words of formal writing. (C-ID ENGL 105) (CSU, UC)

ENGL 0002. Structure of English
Units: 3
Prerequisite: Completion of ENGL 1A with grade of "C" or better
Hours: 54 lecture
Study of structure of English grammar, both descriptive and prescriptive. Introduction to terminology and structure of traditional grammar; analysis of standard rules for agreement, punctuation, pronoun reference, etc.; introduction to varied methods of language acquisition among culturally diverse populations. For students who plan to teach or who are particularly interested in grammar as it relates to writing. Intended to meet CSU requirement for Liberal Studies major. (CSU, UC)

ENGL 0011. Analytical and Critical Thinking in Reading
Units: 3
Prerequisite: Placement by matriculation assessment process OR completion of ENGL N with grade of "C" or better
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Designed to teach critical thinking and critical examination of texts and other printed material. Emphasizes principles of critical thinking, logic and fallacies, reasoning strategies, author's purpose and bias, research evaluation, propaganda, advertising, and reading for academic purpose. Includes instruction in analyzing digital texts. (CSU)

ENGL 0012. Writing in the Workplace
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Principles and practices of workplace writing. Includes organizing, writing, and revising clear, readable documents for the workplace, such as letters, memos, emails, summaries, reports, job application documents, instructions, proposals, and business graphics. (CSU)

ENGL 0016. Introduction to LGBTIQ Literature
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Survey course consisting of an introduction to and critical analysis of selected LGBTIQ (Lesbian, Gay, Bisexual, Transgender, Intersex, Queer) texts over a range of historical periods and genres, including essay, poetry, autobiography, short fiction, novel, and drama. Significant coverage of and emphasis on the cultural and historical contexts that shaped the production of LGBTIQ literature. (CSU, UC)

ENGL 0017. Introduction to Shakespeare and Popular Culture
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Presents Shakespeare's plays as works of popular culture that have been and continue to be reinvented in a range of artistic forms. This course will involve reading, viewing, discussing, and writing about selected plays of Shakespeare in correlation with contemporary texts. Includes discussion and analysis of the original historical context, contemporary critical views and interpretations, and adaptations of Shakespeare's original texts. (CSU, UC)

ENGL 0018. Creative Writing (Non-Fiction)
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Composition of non-fiction prose, with non-fiction reading and analysis assignments drawn from the following genres: autobiography and memoir, philosophical/contemplative reflections, travel writing, nature writing and political/social commentary. Includes discussion and criticism, in workshop mode, of original student writing. (CSU, UC)
ENGL 0019. Introduction to Creative Writing
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Composition of imaginative writing, with reading assignments of literary models in poetry, fiction, and drama. Includes analysis of the models as well as discussion and criticism, in a workshop mode, of original student poems, fiction, and plays. (C-ID ENGL 200) (CSU, UC-with unit limitation)
ENGL 0020. Creative Writing (Poetry)
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Writing poetry, with reading assignments of literary models in classical, modern, and contemporary poetry. Includes analysis of the models as well as discussion and criticism, in a workshop mode, of original student poems. (CSU, UC)
ENGL 0021. Creative Writing (Fiction)
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Writing fiction, with reading assignments of literary models in short story and/or novel. Includes analysis of the models as well as discussion and criticism, in a workshop mode, of original student prose. (CSU, UC)
ENGL 0024. Introduction to Literary Criticism and Critical Concepts
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to the issues, concepts, and contexts central to literary interpretation, with particular concentration on the relationships of aesthetics, culture, history, politics, issues of race, gender, and class, to conceptions of literary meaning and developments in literary form. Includes surveys and history of major approaches to literary criticism and applications of these approaches to literary analysis. (CSU, UC)
ENGL 0027. Literature by Women
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Survey of women's literature, including novels/novellas, the short story, poetry, drama, and essays. Within the literature, which spans time, culture, and genre, we will explore patterns and themes involving women's personal, psychological, political, economic, intellectual, social, and cultural lives. (CSU, UC)
ENGL 0028. Independent Study
Units: 1-3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)
ENGL 0029. Introduction to Drama as Literature
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to drama as literature emphasizing the critical analysis of individual plays; the analysis and exploration of the social, historical, and critical contexts of the writing and performance of dramatic literature; and exploration and analysis of the changing nature of its performance and reception. Class explores significant works of drama from a variety of cultures and historical periods. Intended for both English and Drama majors and non-majors. (CSU, UC)
ENGL 0030A. American Literature - Beginnings through Civil War
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Survey of major authors, themes and genres of American literature from its beginnings through the Civil War. Students may begin with either 30A or 30B. (C-ID ENGL 130) (CSU, UC)
ENGL 0030B. American Literature - Civil War to the Present
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Survey of major authors, themes and genres of American literature from the Civil War to the present. Students may begin with either 30A or 30B. (C-ID ENGL 135) (CSU, UC)
ENGL 0032. Introduction to Poetry
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Develops a critical appreciation of poetry as genre through study of selected poets and historical periods; examines poetic structures, styles, themes, and contexts. Students read representative works in English as well as selected works in translation. (CSU, UC)
ENGL 0033. Introduction to Shakespeare (The Drama)
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Reading and discussion of selected plays of Shakespeare; includes discussion of the historical context and contemporary critical views. (CSU, UC)
ENGL 0034. Introduction to the Novel
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
Reading, discussion, and critical analysis of selected novels from the eighteenth century to present. Includes discussion of the historical context and contemporary critical views. (CSU, UC)
ENGL 0035. Introduction to the Short Story
Units: 3
Prerequisite: Eligibility for ENGL 1A
Hours: 54 lecture
ENGL 0040. The Filmed Novel  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Intended to increase students' knowledge of and appreciation for the genres of the novel and the film while developing an understanding of the challenges of adapting one art form into another. Serves as an introduction to the history and terminology of these art forms and provides the basic knowledge necessary to analyze them. Covers the choices made by the screenwriters and directors as they sought to overcome the problems posed by transforming the novel into a movie. (CSU, UC)

ENGL 0042. The Documentary Film  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Development of a critical appreciation of modern documentary film across a variety of subject matter: sports, advertising, politics, music, art, biography, foreign affairs, business, science, and history. (CSU, UC)

ENGL 0044. Children's Literature  
Units: 3  
Also known as HDEV 44  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Examination of high quality children's literature, both classic and contemporary, including criteria for selection, uses in child development and education, and practices in presentation and analysis. It includes the discussion of the history of children's literature and current issues such as censorship, literacy, multiculturalism, and diversity. This course is intended for prospective and current teachers, preschool aides, early child education (ECE) majors, librarians, parents, and students interested in the field of literature for children ages 0-13. (C-ID ENGL 180) (CSU, UC)

ENGL 0045. Young Adult Literature  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
An examination of high quality literary works written for for young adults, including discussion of literary form, the criteria for selection, practice in presentation and analysis, and aesthetic appreciation in young readers. Includes the discussion of the history of young adult literature and current issues such as censorship, literacy, multiculturalism, and diversity. May include representative writers such as Shakespeare, Dickens, Twain, and Tolkien as well as contemporary, diverse writers such as Angelou, Lowry, Rowling, Salinger, and Zusak. (CSU, UC)

ENGL 0046A. English Literature  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Survey of English literature from the Anglo-Saxon period through the mid 18th century. Study of selected major authors and texts of each period as well as significant or representative minor authors and texts. Incorporates analysis of the development of literary forms, developments and transformations of central themes, and developments in the historical, socioeconomic, and cultural contexts of the literature. Students may begin with either 46A or 46B. (C-ID ENGL 160) (CSU, UC)

ENGL 0046B. English Literature  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Survey of English literature from the romantic movement through the late 20th to early 21st century. Includes works of principal Romantic, Victorian, and 20th century poets, novelists, playwrights, and/or essayists, as well as selected works of significant and representative minor authors. Incorporates analysis of the development of literary forms, developments and transformations of central themes, and developments in the historical, socioeconomic, and cultural contexts of the literature. Students may begin with either 46A or 46B. (C-ID ENGL 165) (CSU, UC)

ENGL 0047A. World Literature  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Survey of world literature in translation from the ancient world through the 16th Century. Includes representative works from major world literary cultures and eras; explores traditions where appropriate. Incorporates analysis of the development of literary forms, developments and transformations of central themes, and developments in the historical, and cultural contexts of the literature. Includes cross-cultural analysis and exploration of cross-cultural influences in literary culture. Students may begin with either 47A or 47B. (C-ID ENGL 140) (CSU, UC)

ENGL 0047B. World Literature  
Units: 3  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Survey of world literature in translation from the seventeenth through twenty-first centuries. Includes representative works from major world literary cultures and eras, including post-colonial developments; explores literary traditions in defined cultural contexts. Incorporates analysis of the development of literary forms, developments and transformations of central themes, and developments in the historical, and cultural contexts of the literature. Includes cross-cultural analysis and exploration of cross-cultural influences in literary culture. Students may begin with either 47A or 47B. (C-ID ENGL 145) (CSU, UC)

ENGL 0048. Literature of Science Fiction  
Units: 3  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Major themes and types of science fiction literature, its primary artists, and its literary and historical relevance. (CSU, UC)
ENGL 0050L. Mastering College Academic Literacy Laboratory
Unit: 1
Prerequisite: Completion of ENGL 570 and 570L with grades of “C” or better or placement by matriculation assessment process; AND completion with grade of “C” or better, or concurrent enrollment in, ENGL 50
Hours: 54 laboratory
Application of inferential comprehension and research strategies to a variety of college level texts. (not transferable)

ENGL 0802. Foundations of Academic Literacy
Units: 0
Prerequisite: Placement by matriculation assessment process
Hours: 80 activity
Course prepares students to begin English N, an integrated developmental college composition and reading course. Reading comprehension, composition, grammar, and sentence development skills are addressed. (pass/no pass grading) (noncredit)

ENGL 0812. Poetry Writing and Experiment
Units: 0
Hours: 8 to 18 lecture as scheduled
Designed for older adults interested in exploring the writing of poetry. Exercises and experiments with language in writing poetry. Uses primarily American poets (from Walt Whitman to Susan Howe and from George Oppen to Emily Dickinson) to determine how writers use image, form, sound and rhythm effectively. Develops a language with which to speak about the craft of poetry. May be repeated. (noncredit)

ENGL 0814. Selected Topics in Creative Writing
Units: 0
Hours: 8 to 54 lecture as scheduled
Course for older adults interested in exploring creative writing. Exercises in creative writing, drawing ideas from personal observation and experience. Overcome obstacles of how and where to begin writing, what to write about, and how to shape ideas into a variety of formats - creative paragraphs, short stories, nonfiction and fiction. Experiment with various styles, structures and forms of writing. Focus and topics will vary with each offering. May be repeated. (noncredit)

ENGL 0815. Selected Topics in Literature
Units: 0
Hours: 8 to 54 lecture as scheduled
Course for older adults interested in exploring literature. Study of selected styles of work and/or authors in literature. Examination of theme and impact of work on society. Includes discussion of the influences of the geographic, economic, cultural, and physical setting at the time of writing. May be repeated. (noncredit)

English as a Second Language (ESL)

ESL 0020C. Introduction to Academic Reading and Writing
Units: 5
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 530C with grade of “C” or better
Advisory: Concurrent enrollment in ESL 25G and 25L
Hours: 90 lecture
Introduction for non-native speakers to academic reading and writing, beginning rhetorical analysis, analytical summary-response, timed-writing, editing, and beginning research. (CSU)

ESL 0024P. Accent Reduction and Pronunciation for ESL Students
Unit: 1
Prerequisite: Placement by ESL matriculation assessment process at or above the ESL 530 level or completion of ESL 5200 with grade of “C” or better
Advisory: Concurrent enrollment in ESL 530G and/or ESL 25L
Hours: 18 lecture
Focuses on accent reduction for non-native speakers of English. Offers intensive practice and refinement of pronunciation skills that enable students to sound more like native-speakers of English. (not transferable)

ESL 0025C. Advanced Reading and Writing
Units: 6
Prerequisite: Completion of ESL 530C or 830C or ESL 20C with grade of “C” or better
Hours: 108 lecture
Language acquisition and development for college-level vocabulary, reading, writing, and research. Prepares students for academic coursework including critical and literary analysis of cultural perspectives including contributions and social experiences of under-represented ethnic or racial groups, essay writing, summary and paraphrasing, research papers, incorporation of academic sources, timed-writing, and revision editing. Prepares students for ENGL 1A. (CSU, UC)

ESL 0025G. Academic Grammar and Editing
Units: 3
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 530C or 5300 with grade of “C” or better
Advisory: Concurrent enrollment in ESL 20C
Hours: 54 lecture
Multi-skill course emphasizing academic grammar and editing skills for non-native speakers. Focus on verb tense usage and sequence, clauses, passive voice for academic writing, conditionals, editing strategies, and application of grammar appropriate to writing purpose. Open to students eligible for ESL 20 or ESL 30. (CSU)

ESL 0025L. Academic Listening and Speaking
Units: 3
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 5300 with grade of “C” or better
Hours: 72 (54 lecture, 18 laboratory)
Speaking and listening course for non-native speakers with emphasis on advanced oral skills and tasks necessary to succeed in academic situations, including note-taking, listening comprehension, and academic speaking tasks. Open to students eligible for ESL 540 or ESL 30. (CSU)

ESL 0030C. Academic Reading and Writing
Units: 5
Prerequisite: Placement by matriculation assessment process or completion of ESL 20C or ESL 540C with grade(s) of “C” or better
Hours: 108 (90 lecture, 18 laboratory)
Essay organization, incorporation of academic sources, timed-writing, and revision editing. Emphasizes critical thinking skills and evaluation of academic texts for research purposes. Prepares students for ENGL 1A. Course equivalent to ESL 30W and 30R, combined. Students enrolling in ESL 30C after successfully completing ESL 30W and/or ESL 30R will lose credit for ESL 30W and/or ESL 30R. (CSU, UC-with unit limitation)
ESL 0510C. Novice-High Integrated Writing, Reading and Grammar
Units: 5
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or 805 with grade of "Pass" and completion with grade of "C" or better or concurrent enrollment in ESL 510S or completion with grade of "Pass" or concurrent enrollment in ESL 810S.
Advisory: Concurrent enrollment in ESL 510O and ESL 512T or ESL 512P (or ESL 812T or ESL 812P)
Hours: 90 lecture
Novice-High integrated skills course for non-native speakers of English focusing on written production for college, vocational and community success. Emphasis on comprehension and analysis of level-appropriate authentic materials and written responses using focused paragraphs and level-appropriate vocabulary and grammar. (not degree applicable)

ESL 0510O. ESL Novice-High Skills for Success
Unit: 1
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or 805 with grade of "Pass"
Advisory: Concurrent enrollment in ESL 510C or 810C and ESL 512T or ESL 512P (or ESL 812T or ESL 812P)
Hours: 54 lecture
Novice-high course for non-native speakers. Course topics for college, community, and career may include instructional videos, public service announcements, and adapted videos to develop oral language production and listening comprehension using level-appropriate vocabulary and grammar. (not degree applicable)

ESL 0510S. ESL Novice-High Skills for Success
Unit: 1
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or 805 with grade of "Pass" and completion with grade of "C" or better or concurrent enrollment in ESL 510C or completion with grade of "Pass" or concurrent enrollment in 810C.
Advisory: Concurrent enrollment in ESL 510O (or 8100) and ESL 512T or ESL 512P (or ESL 812T or ESL 812P)
Hours: 18 lecture
Integrated skills course for non-native English speakers to support student success in ESL 510C. Topics include writing and editing, grammar improvement, support services, and success strategies. (not degree applicable)

ESL 0512G. Basic Grammar
Units: 2-3
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or ESL 805 with grade of "Pass"
Hours: 36 lecture (2 units); 54 lecture (3 units)
Basic grammar skills for non-native English speakers with focus on sentence-level usage. (not degree applicable)

ESL 0512P. Basic Pronunciation for ESL Students
Unit: 1
Prerequisite: Eligibility for ESL 510 or 520 levels
Advisory: Concurrent enrollment in ESL 510 or 520 level courses
Hours: 18 lecture
Course focuses on the learning of basic pronunciation skills for non-native speakers of English. It offers intensive practice of commonly occurring vowel and consonant sounds and combinations of sounds with an introduction to intonation and stress using novice-high and low-intermediate vocabulary level. (not degree applicable)

ESL 0512T. ESL through Basic Computer Technology
Unit: 1
Prerequisite: Eligibility for ESL 510 or 520 levels
Hours: 27 (9 lecture, 18 activity)
Introduction for non-native speakers of English to basic computer vocabulary, keyboarding, mySierra basics, Canvas basics, Microsoft Word basics and use of ESL software and internet sites. Prepares students for ESL 515 and supports coursework at the ESL 510 and 520 levels. (not degree applicable)

ESL 0520C. Intermediate Integrated Writing, Reading, and Grammar
Units: 5
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 510C with grade of "C" or better or completion of ESL 810C with grade of "Pass" and completion with grade of "C" or better or concurrent enrollment in ESL 520S or completion with grade of "Pass" or concurrent enrollment in ESL 820S.
Advisory: Concurrent enrollment in ESL 520O (or 8200) and either ESL 522T or ESL 522F (or ESL 822T or ESL 822F)
Hours: 90 lecture
Intermediate level integrated skills course for non-native speakers of English focusing on written production for college, vocational, and community success. Emphasis on comprehension and analysis of level-appropriate authentic materials and written responses using focused multi-paragraph writing and level-appropriate vocabulary and grammar. (not degree applicable)

ESL 0520O. Intermediate Integrated Listening, Speaking, and Grammar
Units: 3
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 510O with grade of "C" or better or completion of ESL 810O with grade of "Pass" or concurrent enrollment in ESL 522T or ESL 522F (or ESL 822T or ESL 822F)
Advisory: Concurrent enrollment in ESL 520S or completion with grade of "Pass" or concurrent enrollment in ESL 820S.
Hours: 54 lecture
Intermediate course for non-native speakers. Course topics for college, community, and career may include authentic academic lectures, TED talks, and media such videos to develop oral language production and listening comprehension using level-appropriate vocabulary and grammar. (not degree applicable)

ESL 0520S. Intermediate Integrated Writing, Reading, and Grammar
Units: 5
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 510S with grade of "C" or better, or completion of ESL 810S with grade of "Pass", and completion with grade of "C" or better or concurrent enrollment in ESL 520C or completion with grade of "Pass" or concurrent enrollment in ESL 820C.
Advisory: Concurrent enrollment in ESL 520O and ESL 522T or ESL 522F (or ESL 822T or ESL 822F)
Hours: 90 lecture
Intermediate level integrated skills course for non-native speakers of English focusing on written production for college, vocational, and community success. Emphasis on comprehension and analysis of level-appropriate authentic materials and written responses using focused multi-paragraph writing and level-appropriate vocabulary and grammar. (not degree applicable)

ESL 0520N. Intermediate Level Skills for Success
Unit: 1
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 510C with grade of "C" or better or completion of ESL 810C with grade of "Pass" or concurrent enrollment in ESL 520C or completion with grade of "Pass" or concurrent enrollment in ESL 820C.
Advisory: Concurrent enrollment in ESL 520O and ESL 522T or ESL 522F (or ESL 822T or ESL 822F)
Hours: 54 lecture
Intermediate course for non-native speakers. Course topics for college, community, and career may include authentic academic lectures, TED talks, and media such videos to develop oral language production and listening comprehension using level-appropriate vocabulary and grammar. (not degree applicable)
ESL 0522F. Intermediate ESL Through Film

Unit: 1
Prerequisite: Eligibility for ESL 520 or 530 levels
Hours: 27 (9 lecture, 18 activity)
Intermediate speaking and listening skills for non-native speakers of English through film. Popular American films enhance cultural competency and build fluency in the exchange of ideas in small groups. Includes viewing of films and film excerpts, lectures, group discussions, oral presentations, and reading and writing summaries and reviews. (not degree applicable)

ESL 0522G. Intermediate Grammar

Units: 3
Prerequisite: Placement by matriculation assessment process or completion of ESL 512G with grade of "C" or better or ESL 812G with grade of "Pass" or completion of ESL 510C with grade of "C" or better or ESL 810C with grade of "Pass"
Hours: 54 lecture
Intermediate grammar skills for non-native English speakers with focus on verbs, modifiers, word order, and sentence structure. (not degree applicable)

ESL 0522T. Intermediate ESL through Computer Technology

Unit: 1
Prerequisite: Eligibility for ESL 520 or 530 levels
Advisory: Completion of ESL 512T with grade of "C" or better recommended
Hours: 27 (9 lecture, 18 activity)
Intermediate language skills for non-native speakers of English for computer vocabulary, keyboarding, basic office programs (Word, PowerPoint) on ground and in the cloud, college programs (mySierra, Canvas), search engines for research and use of ESL software and internet sites. Supports coursework at the ESL 520 and 530 levels. (not degree applicable)

ESL 0530C. Intermediate-High Integrated Writing, Reading, and Grammar

Units: 5
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 520C with a grade of "C" or better, or completion of ESL 820C with a grade of "Pass", and completion with grade of "C" or better, or concurrent enrollment in ESL 530S
Advisory: Concurrent enrollment in ESL 530O and either ESL 522T or ESL 522F (or ESL 822T or ESL 822F)
Hours: 90 lecture
Intermediate-high level integrated skills course for non-native speakers of English focusing on written production for college and career. Emphasis on comprehension and analysis of level-appropriate authentic materials with genre-based and essay style writing, vocabulary and grammar. (not degree applicable)

ESL 0530S. Intermediate-High Level Skills for Success

Unit: 1
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 520S with grade of "C" or better, or completion of ESL 820S with grade of "Pass," and completion with grade of "C" or better or concurrent enrollment in ESL 530C or completion with grade of "Pass" or concurrent enrollment in 830C
Advisory: Concurrent enrollment in ESL 530O and ESL 522T or ESL 522F (or ESL 822T or ESL 822F)
Hours: 18 lecture
Integrated skills course for non-native English speakers to support student success in ESL 530C. Topics include writing and editing, grammar assessment and improvement, vocabulary development, support services, and success strategies. (not degree applicable)

ESL 0532G. Intermediate-High Grammar

Units: 3
Prerequisite: Placement by matriculation assessment process or completion of ESL 520C or 522G with grade of "C" or better or ESL 820C or 822G with grade of "Pass"
Hours: 54 lecture
Intermediate-high grammar skills for non-native English speakers with focus on error correction, verbs, clauses, and complex sentence structure. (not degree applicable)

ESL 0540C. Introduction to Academic Reading/Writing for Non-Native Speakers

Units: 5
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 530R and 530W with grades of "C" or better
Advisory: Concurrent enrollment in ESL 25G
Hours: 108 (90 lecture, 18 laboratory)
Introduction for non-native speakers to essay organization, timed-writing, and editing, as well as comprehension and evaluation of academic texts. Prepares students for the 30 level courses. Course equivalent to 540R and 540W, combined. Not open to students who have successfully completed ESL 540R or 540W. (not degree applicable)

ESL 0800. Introduction to College ESL

Units: 0
Prerequisite: Placement by ESL matriculation assessment process
Hours: 90 lecture
Novice level course of listening, speaking, reading, vocabulary, grammar and writing skills to prepare students for novice-high, credit ESL courses. Emphasis on common situations and functions of college, vocation, and community. Activities include introduction to college resources and basic use of computers. Consistent attendance is required. (pass/no pass grading) (noncredit)

ESL 0805. English for Work Success

Units: 0
Hours: 48-96 activity as scheduled
Novice-level vocational English as a Second Language focusing on workplace language needs and skills. Emphasis on listening and speaking in workplace situations and related grammar, structure, vocabulary, reading and writing skills. May be repeated. (pass/no pass grading) (noncredit)
ESL 0810C. Novice-High Integrated Writing, Reading and Grammar
Units: 0
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or 805 with grade of "Pass" and completion with grade of "C" or better or concurrent enrollment in ESL 510S or completion with grade of "Pass" or concurrent enrollment in ESL 810S
Advisory: Concurrent enrollment in ESL 810O and either ESL 812T or ESL 812P (or ESL 512T or ESL 512P)
Hours: 90 lecture
Novice-High integrated skills course for non-native speakers of English focusing on written production for college, vocational and community success. Emphasis on comprehension and analysis of level-appropriate authentic materials and written responses using focused paragraphs and level-appropriate vocabulary and grammar. (pass/no pass grading) (noncredit)

ESL 0810O. Novice-High Integrated Listening, Speaking, and Grammar
Units: 0
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or 805 with grade of "Pass"
Advisory: Concurrent enrollment in ESL 810C and ESL 812T or ESL 812P (or ESL 512T or ESL 512P)
Hours: 54 lecture
Novice-high course for non-native speakers. Course topics for college, community, and career may include instructional videos, public service announcements, and adapted videos to develop oral language production and listening comprehension using level-appropriate vocabulary and grammar. (pass/no pass grading) (noncredit)

ESL 0810S. ESL Novice-High Skills for Success
Units: 0
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or 805 with grade of "Pass" and completion with grade of "C" or better or concurrent enrollment in ESL 510C or completion with grade of "Pass" or concurrent enrollment in ESL 810C
Advisory: Concurrent enrollment in ESL 810O and ESL 812T or ESL 812P (or ESL 512T or ESL 512P)
Hours: 18 lecture
Integrated skills course for non-native English speakers to support student success in ESL 510C. Topics include writing and editing, grammar improvement, support services, and success strategies. (pass/no pass grading) (noncredit)

ESL 0812G. Basic Grammar
Units: 0
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or ESL 805 with grade of "Pass" or completion of ESL 500 with grade of "C" or better
Hours: 36-54 lecture as scheduled
Basic grammar skills for non-native English speakers with focus on sentence-level usage. (pass/no pass grading) (noncredit)

ESL 0812P. Basic Pronunciation for ESL Students
Units: 0
Prerequisite: Placement by matriculation assessment process or completion of ESL 800 or 805 with grade of "Pass"
Advisory: Concurrent enrollment in ESL 810L or 510 level courses
Hours: 18 lecture
Course focuses on the learning of basic pronunciation skills for non-native speakers of English. It offers intensive practice of commonly occurring vowel and consonant sounds and combinations of sounds with an introduction to intonation and stress using novice-high and low-intermediate vocabulary level. (pass/no pass grading) (noncredit)

ESL 0812T. ESL Through Basic Computer Technology
Units: 0
Prerequisite: Eligibility for ESL 810/510 or 520 levels
Hours: 27 (9 lecture, 18 activity)
Introduction for non-native speakers of English to basic computer vocabulary, keyboarding, mySierra basics, LMS basics, Microsoft Word basics and use of ESL software and internet sites. Supports coursework at the ESL 510/810 and 520/820 levels. (pass/no pass grading) (noncredit)

ESL 0820C. Intermediate Integrated Writing, Reading, and Grammar
Units: 0
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 510C with grade of "C" or better or completion of ESL 810C with grade of "Pass" and completion with grade of "C" or better or concurrent enrollment in ESL 520S or completion with grade of "Pass" or concurrent enrollment in ESL 820S
Advisory: Concurrent enrollment in ESL 820O (or 520O) and either ESL 822T or ESL 822F (or ESL 522T or ESL 522F)
Hours: 90 lecture
Intermediate level integrated skills course for non-native speakers of English focusing on written production for college, vocational, and community success. Emphasis on comprehension and analysis of level-appropriate authentic materials and written responses using focused multi-paragraph writing and level-appropriate vocabulary and grammar. (pass/no pass grading) (noncredit)

ESL 0820O. Intermediate Integrated Listening, Speaking and Grammar
Units: 0
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 510C with grade of "C" or better or completion of ESL 810C with grade of "Pass"
Advisory: Concurrent enrollment in ESL 820C or 520C and ESL 822T or ESL 822F (or ESL 522T or ESL 522F)
Hours: 54 lecture
Intermediate course for non-native speakers. Course topics for college, community, and career may include authentic academic lectures, TED talks, and media such videos to develop oral language production and listening comprehension using level-appropriate vocabulary and grammar. (pass/no pass grading) (noncredit)

ESL 0820S. Intermediate Integrated Writing, Reading, and Grammar
Units: 0
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 510C with grade of "C" or better or completion of ESL 810C with grade of "Pass"
Advisory: Concurrent enrollment in ESL 820C or 520C and ESL 822T or ESL 822F (or ESL 522T or ESL 522F)
Hours: 90 lecture
Intermediate course for non-native speakers. Course topics for college, community, and career may include authentic academic lectures, TED talks, and media such videos to develop oral language production and listening comprehension using level-appropriate vocabulary and grammar. (pass/no pass grading) (noncredit)

ESL 0820S. Intermediate Level Skills for Success
Units: 0
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 510S with grade of "C" or better, or completion of ESL 810S with grade of "Pass," and completion with grade of "C" or better or concurrent enrollment in ESL 520C or completion with grade of "Pass" or concurrent enrollment in ESL 820C
Advisory: Concurrent enrollment in ESL 820S or ESL 520S
Hours: 18 lecture
Integrated skills course for non-native English speakers to support student success in ESL 820C. Topics include writing and editing, grammar improvement, support services, and success strategies. (pass/no pass grading) (noncredit)
ESL 0822F. Intermediate ESL Through Film
Units: 0
Prerequisite: Eligibility for ESL 520 (or ESL 820) or 530 levels
Hours: 27 (9 lecture, 18 activity)
Intermediate speaking and listening skills for non-native speakers of English through film. Popular American films enhance cultural competency and build fluency in the exchange of ideas in small groups. Includes viewing of films and film excerpts, lectures, group discussions, oral presentations, and reading and writing summaries and reviews. (pass/no pass grading) (noncredit)

ESL 0822G. Intermediate Grammar
Units: 0
Prerequisite: Placement by matriculation assessment process or completion of ESL 512G with grade of "C" or better or ESL 812G with grade of "Pass" or completion of ESL 510C with grade of "C" or better or ESL 810C with grade of "Pass"
Hours: 54 lecture
Intermediate grammar skills for non-native English speakers with focus on verbs, modifiers, word order, and sentence structure. (pass/no pass grading) (noncredit)

ESL 0822T. Intermediate ESL through Computer Technology
Units: 0
Prerequisite: Eligibility for ESL 520 (or ESL 820) or 530 levels
Advisory: Completion of ESL 812T with grade of "Pass" or completion of ESL 512T with grade of "C" or better recommended
Hours: 27 (9 lecture, 18 activity)
Intermediate language skills for non-native speakers of English for computer vocabulary, keyboarding, basic office programs (Word, PowerPoint) on ground and in the cloud, college programs (mySierra, Canvas), search engines for research and use of ESL software and internet sites. Supports coursework at the ESL 820 and higher (ESL 520 and higher) levels. (pass/no pass grading) (noncredit)

ESL 0830C. Intermediate-High Integrated Writing, Reading, and Grammar
Units: 0
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 520C with grade of "C" or better, or completion of ESL 820C with grade of "Pass", and concurrent enrollment in or completion with grade of "C" or better in ESL 530S or completion with grade of "Pass" in ESL 830S
Advisory: Concurrent enrollment in ESL 5300 or ESL 8300 and ESL 522T or ESL 522F (or ESL 822T or ESL 822F)
Hours: 90 lecture
Intermediate-high level integrated skills course for non-native speakers of English focusing on written production for college and career. Emphasis on comprehension and analysis of level-appropriate authentic materials with genre-based and essay style writing, vocabulary and grammar. (pass/no pass grading) (noncredit)

ESL 0830O. Intermediate-High Integrated Listening, Speaking, and Grammar
Units: 0
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 520O with grade of "C" or better, or completion of ESL 8200 with grade of "Pass"
Advisory: Concurrent enrollment in ESL 530C or 830C and ESL 522T or ESL 522F (or ESL 822T or ESL 822F)
Hours: 54 lecture
Intermediate-high course for non-native speakers. Course topics for college, community, and career may include authentic academic lectures, TED talks, and media such videos to develop oral language production and listening comprehension using level-appropriate vocabulary and grammar. (pass/no pass grading) (noncredit)

ESL 0830S. Intermediate-High Level Skills for Success
Units: 0
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 520S with grade of "C" or better, or completion of ESL 820S with grade of "Pass," and concurrent enrollment in or completion of ESL 530C with grade of "C" or better or ESL 830C with grade of "Pass"
Advisory: Concurrent enrollment in ESL 5300 or ESL 8300 and ESL 522T or ESL 522F (or ESL 822T or ESL 822F)
Hours: 18 lecture
Intermediate skills course for non-native English speakers to support student success in ESL 830C. Topics include writing and editing, grammar assessment and improvement, vocabulary development, support services and success strategies. (pass/no pass grading) (noncredit)

ESL 0832G. Intermediate-High Grammar
Units: 0
Prerequisite: Placement by ESL matriculation assessment process or completion of ESL 520C or 522G with grade of "C" or better or ESL 820C or 822G with grade of "Pass"
Hours: 54 lecture
Intermediate-high grammar skills for non-native English speakers with focus on error correction, verbs, clauses, and complex sentence structure. (pass/no pass grading) (noncredit)

Environmental Sciences and Sustainability (ESS)

ESS 0001. Introduction to Environmental Sciences and Sustainability
Units: 3
Formerly known as INT 1
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
A study of the natural world and how it is influenced by human activity. This course will introduce and analyze the scientific basis of major environmental issues and evaluate potential solutions within the context of diverse human cultures and societies. Topics include principles of physical and biological systems, biogeochemical cycles, global climate, natural laws, land, air and water resources, consumption and waste, pollution, toxicology, human population growth, and sustainability on a local, regional and global level. (CSU, UC)
ESS 0001L. Introduction to Environmental Science Laboratory
Unit: 1
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in ESS 1
Hours: 54 laboratory
Hands-on, inquiry-based learning in topics associated with environmental science. Laboratory and field studies including applications of physical science principles, ecological studies, and exposure to sustainability issues related to human society. Promotes critical thinking, problem solving, scientific and environmental literacy. May include field trip(s) during or in lieu of lab time. (CSU, UC)

ESS 0006. The Sierra Nevada
Units: 3
Formerly known as INT 6
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Integrated study of the Sierra Nevada including its physical attributes, geological characteristics, origin and development, flora and fauna, water resources, historical and economic significance, and influences on literature, art, and culture. Includes contemporary environmental, economic, and management issues in the Sierra. (CSU, UC)

ESS 0006F. Sierra Nevada Field Trip
Units: 0.5-1
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in ESS 6
Hours: 18 lecture per unit
Field lecture course designed to be taken concurrently with ESS 6. A field study of selected sites in the Sierra Nevada ecoregion, comparing their biological inventory, ecological relationships, physical environments, and sensitivity to human interactions and activities. Moderate hiking and/or camping may be involved. (CSU)

ESS 0007. Energy, Environment, and Climate
Units: 3
Also known as ESCI 7
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Analysis of the nature of energy and the environmental impact of its societal use in the context of Earth’s record of changing climate. Explores current global climate change due to post-1750 greenhouse gas emissions and strategies for mitigation and adaptation to changing climate predictions, emphasizing future alternative energy sources. Designed for students majoring in areas related to the environmental sciences and/or those interested in developing a substantiated understanding of the role played by citizens in ensuring a healthy environment for future generations. (CSU, UC)

ESS 0008. California Water
Units: 4
Hours: 108 (54 lecture, 54 laboratory)
Interdisciplinary examination of California water ecosystems, infrastructure, uses, and impacts. Students will learn about: hydrology; aquatic ecosystems including rivers, lakes, wetlands, estuaries, and marine environments; water infrastructure including dams, levees, aqueducts, and wastewater treatment facilities; groundwater recharge, withdrawal, use and impacts; the role of water in agricultural, urban, environmental and political systems; water quality; water storage and transfers; water policy; and conflicts arising from water scarcity. May include field trips during or in lieu of lab time. Students may be required to provide their own transportation. (CSU, UC)

ESS 0010. Conservation of Natural Resources
Units: 3
Formerly known as AGRI 190 and NATR 10
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Use and protection of natural resources, including soil, water, forest, mineral, plant, and animal life. Ecological principles, history of the conservation movement, modern problems in resource use, and the citizen’s role in conservation. (CSU, UC)

ESS 0013. Environmental Regulations
Unit: 1
Formerly known as BIOL 13A
Advisory: Completion of BIOL/ESS 14, ESS 1 or ESS 10 with grade of "C" or better
Hours: 18 lecture
Survey of major California environmental regulations and relevant federal regulations. Designed using case study analyses to explore environmental laws applicable to water, land and air resources. (CSU)

ESS 0014. Natural History, Ecology and Conservation
Units: 4
Also known as BIOL 14
Advisory: Eligibility for ENGL 1A
Hours: 108 (54 lecture, 54 laboratory)
Introduction to the study of biology and ecology of organisms and ecosystems of the world, with an emphasis on California. Special focus on significance of functioning ecosystems and human influence on biological environment. (CSU, UC)

ESS 0028. Independent Study
Units: 1-3
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses. (CSU-with unit limitation)

ESS 0095. Internship in Environmental Studies and Sustainability
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses. (CSU-with unit limitation)

Ethnic Studies (ETHN)

ETHN 0003. Race, Ethnicity and Inequality
Units: 3
Also known as SOC 3
Hours: 54 lecture
Examines the historical and contemporary impacts of the social constructs of race and ethnicity in the United States. Closely analyzes racial and ethnic inequalities within social institutions such as politics, economics, education, housing, health and medicine, and criminal justice. Explores anti-racist movements, strategies, and practices to eliminate racial and ethnic inequality. (CSU, UC)
ETHN 0011. Introduction to Ethnic Studies
Units: 3
Formerly known as SSCI 10
Hours: 54 lecture
Introduction to the diverse cultural, social, economic, historical, and political issues relating to the past and present experiences and life circumstances of Asian Americans, Latinx Americans, Black Americans, and Native Americans, along with other racial and ethnic groups. From a socio-historical perspective, the intersections of race and ethnicity with class, gender, sexuality, religion, spirituality, national origin, immigration status, ability, and age will be explored. (CSU, UC)

ETHN 0013. Dialogues in American Culture
Units: 3
Formerly known as SSCI 13
Hours: 54 lecture
Introduces students to a variety of contemporary topics through guest lectures and discussions. Explores the rich diversity of people, cultures, and opportunities within America, emphasizing theoretical and practical understanding of diversity. Employing a wide range of interdisciplinary social and behavioral science perspectives. The lecture-discussions and films explore topics including ethnicity, aging, (dis) ability, social class, gender, sexual orientation, religion, race, identity, politics and science. (CSU, UC)

ETHN 0018A. The African American Experience in American History to 1877
Units: 3
Also known as HIST 18A
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
History of African Americans from the pre-European West African city state kingdoms to the end of Reconstruction; major events in America’s development emphasizing the role of people of African descent in the political, social and economic life of the United States; the institution of slavery; free blacks in the North and the abolitionist movement. (CSU, UC)

ETHN 0018B. The African American Experience in American History since 1877
Units: 3
Also known as HIST 18B
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
History of African Americans in the United States since the Civil War; major events in America’s development emphasizing the role of people of African descent in the political, social and economic life of the United States; Reconstruction; Jim Crow era; Booker T. Washington and W.E.B. DuBois; the Civil Rights Movement; and African Americans in the Reagan-Bush and Clinton eras. (CSU, UC)

ETHN 0020. Introduction to African American Studies
Units: 3
Formerly known as SSCI 20
Hours: 54 lecture
Introduction to the study of African American culture and experience in the United States. Places the African American experience at the center of the discourse and incorporates methodology from other disciplines that serve as a foundation for integrative and comparative perspectives. A critical examination of the African American experience and its antecedents. (CSU, UC)

ETHN 0023. Chicano/Mexican American History
Units: 3
Also known as HIST 23
Hours: 54 lecture
Comprehensive survey of the history of Mexican Americans, from the Pre-contact era to the present. Emphasis on experiences and contributions of Chicanas/os in the United States regarding culture, economy, government, law, education and politics. Includes a study of the United States Constitution. (CSU, UC)

ETHN 0025. Native American History
Units: 3
Also known as HIST 25
Hours: 54 lecture
History of Native American nations and peoples from Pre-Contact to the present. Covers the impact of European contact, trade, and colonization; examines the effects of United States political, economic, and social policies on Native Americans throughout U.S. history with an emphasis on the U.S. Constitution and Federal Indian Law. Emphasis on Native American peoples’ attempts to protect their sovereignty, retain their cultural identity, and revitalize their societies across time. (CSU, UC)

ETHN 0028. Independent Study
Units: 1-3
Formerly known as SSCI 28
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

ETHN 0030. Introduction to Chicana/o Studies
Units: 3
Formerly known as SSCI 16
Hours: 54 lecture
Introductory study of the Mexican American/Latino experience in the United States. Offers an interdisciplinary approach to the examination of art, literature, film, language, ethnomusicology, culinary culture, folklore, religion, gender and immigration. Examines race, ethnicity and culture in the Chicano/Latino community and the creation of Ethnic Studies programs in the United States. (CSU, UC)

ETHN 0035. Immigrants and Refugees in America: The European Experience
Units: 3
Formerly known as SSCI 35
Hours: 54 lecture
Survey of immigration, acculturation, assimilation and cultures of peoples from northern, western, southern, eastern and central Europe. Includes a comparative overview of pre-immigration, immigration and post-immigration experiences of the people from these groups to the United States. (CSU, UC)

ETHN 0045. Native American Cultures and the Impact of Federal Policy
Units: 3
Formerly known as SSCI 45
Hours: 54 lecture
In-depth study of Native American cultures and the impact of state and federal laws pertaining to tribal sovereignty and self-governance. Covers the effects of and resistance to colonization and cultural appropriation upon Native American cultures and religions. Students gain a practical understanding of the legal, political and cultural challenges faced by Native American tribal nations in our own region and across the country. (CSU, UC)
**ETHN 0047. Introduction to Hip Hop and Social Justice**  
*Units: 3*  
Also known as SOC 47  
Hours: 54 lecture  
Defining Hip Hop as both a noun and a verb, this course takes a critical look at the history, role, and influence of Hip Hop on social reality. Evaluates both the impact Hip Hop has had on culture and the manipulation of Hip Hop within social institutions. Builds a framework of understanding for socio-political and cultural conditions in exploring Hip Hop as a vehicle to social change and justice. (CSU, UC)

**ETHN 0050. Ethnic Images in Film**  
*Units: 3*  
Formerly known as SSCI 50  
Hours: 54 lecture  
Interdisciplinary approach to study the intersections of ethnic culture, race, socio-economic class, and gender in the United States through the medium of film. Examines film content for representation and accuracy, the multiple dimensions of media stereotypes, and the authenticity of diverse ethnic experiences with particular emphasis on gender, race and class. Note: not a course in film making or film criticism. (CSU, UC)

**ETHN 0053. Introduction to Native American Studies**  
*Units: 3*  
Formerly known as SSCI 41  
Hours: 54 lecture  
Survey of the cultures of Native American people of North America focusing on the social, religious, economic, and artistic nature of various native groups. Examination of the antiquity, distribution, and linguistic history of native cultures. Addresses the contemporary status of native cultural traditions taking into account social change and adaptation. Emphasis on geographic, cultural, historical, and botanical environments of local native cultures. An optional field trip may be included. (CSU, UC)

## Fashion (FASH)

**FASH 0001. Introduction to Fashion**  
*Units: 3*  
Hours: 54 lecture  
Exploration of the diversity and complexities of the fashion business. Career opportunities and qualifications are studied. The relationship between the fashion world and the public, including sources of fashion, influences on fashion, and fashion prediction and promotion, are addressed. (CSU)

**FASH 0002. Fashion Analysis and Selection**  
*Units: 3*  
Hours: 54 lecture  
Consideration of the psychological, sociological, and physical factors which have an impact on dress. Principles of design as they relate to clothing and appearance. Consumer issues related to the selection and use of clothing. (CSU)

**FASH 0003. Textiles**  
*Units: 3*  
Hours: 54 lecture  
Introduction to the study of characteristics and uses of natural and synthetic fibers and fabrics. Emphasizes evaluation and selection of textile products. (CSU, UC)

**FASH 0004A. Basic Clothing Construction**  
*Units: 3*  
Hours: 108 (27 lecture, 81 laboratory)  
Techniques of garment construction; use of commercial patterns, pattern alterations, and fitting techniques; comparison of construction techniques and costs between ready-to-wear and custom-made clothing; the social and psychological aspects of clothing selection, with emphasis on basic design principles. (CSU)

**FASH 0004B. Intermediate Clothing Construction**  
*Units: 3*  
Prerequisite: Completion of FASH 4A with grade of "C" or better  
Hours: 108 (27 lecture, 81 laboratory)  
Intermediate and advanced techniques of garment construction. Designed for individuals with basic knowledge of sewing principles. Development and improvement of skills in working with designer patterns; techniques of handling specialty fabrics, including knit fabrics; use of sergers. (CSU)

**FASH 0007. Fashion Promotion**  
*Units: 3*  
Hours: 54 lecture  
Emphasis on the role of promotion in the selling and advertising of fashion goods. All avenues of fashion promotion explored and evaluated including: advertising, publicity, special events, fashion show production, direct marketing and target market research. Promotion skills developed through the planning and promotion of special events. (CSU)

**FASH 0008. Fashion Illustration**  
*Units: 3*  
Hours: 108 (36 lecture, 72 laboratory)  
Illustration techniques with emphasis on figure proportions used in the fashion industry. Various media used to communicate fashion and apparel details. Illustration software presented with focus on technical drawings. (CSU)

**FASH 0012. Fashion History**  
*Units: 3*  
Advisory: Completion of ENGL N with grade of "C" or better  
Hours: 54 lecture  
Fashion and adornment through the ages to the present. Emphasis on the historical flow and how fashion themes are reinterpreted or influence designs in later periods including the present. Provides a basis for understanding and appreciating fashion as well as how the times and environment affect styling, colors, fabric and details. Field trip may be required. (CSU)

**FASH 0013. Buying for the Fashion Industry**  
*Units: 3*  
Hours: 54 lecture  
Examines the roles and responsibilities of fashion industry buyers and merchandising managers that must balance the needs of retailers, objectives of vendors, and preferences of consumers. The roles of trend forecasting, inventory analysis and assortment planning are discussed as they relate to the fashion industry. Introduction to domestic and international fashion markets and market weeks. Prepares students for fashion industry careers as vendors, buyers, or retailers of fashion goods and services. (CSU)
FASH 0014. Visual Merchandising
Units: 3
Hours: 72 (36 lecture, 36 activity)
Introduces contemporary display techniques, equipment, and materials for designing three-dimensional product presentations within the retail environment. Emphasis is placed on fashion items and includes the use of mannequins and dress forms. Students complete a window display on campus. Field trips required. (CSU)

FASH 0015. Clothing and Culture
Units: 3
Hours: 54 lecture
Study of clothing and its relationship to culture, society, and the individual. The psychological and sociological influences of dress, the physical aspects of appearance, and the influences of gender, sexuality, ethnicity, and class on the development of personal identity are explored through the study of style in traditional cultures, popular culture and everyday life. (CSU)

FASH 0016. Fashion Portfolio Development
Units: 3
Prerequisite: Completion of FASH 4A, 7, 8, and 14 with grades of "C" or better
Hours: 72 (36 lecture, 36 activity)
Creation and use of fashion portfolio for college transfer to a four year school and/or job interviews in the fashion industries. Students brand and market themselves highlighting individual skills and strengths. Exploration of different presentation styles includes print and digital material. As a culmination of study, students present the portfolio in interview format as final project. For advanced students. (not transferable)

FASH 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

FASH 0095. Internship in Fashion
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)
FIRE 0008. Building Construction for Fire Protection  
Units: 3  
Advisory: Completion with grade of "C" or better or concurrent enrollment in FIRE 1  
Hours: 54 lecture  
Components of building construction related to firefighter and life safety. Elements of construction and design of structures as key factors when inspecting buildings, preplanning fire operations, and operating at emergencies. (C-ID FIRE 150X) (CSU-with unit limitation)

FIRE 0010. Principles of Fire and Emergency Services Safety and Survival  
Units: 3  
Hours: 54 lecture  
Introduces the basic principles and history related to the national firefighter life safety initiatives, focusing on the need for cultural and behavior change throughout the emergency services. (C-ID FIRE 150X) (CSU-with unit limitation)

FIRE 0028. Independent Study  
Units: 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU-with unit limitation)

FIRE 0050. Basic Wildland Firefighter Training  
Units: 3  
Hours: 61 (54 lecture, 7 laboratory)  
Training in proper techniques to effectively and safely perform as a member of a fire crew in controlling and suppressing wildfire. Includes physics of fire behavior, complexities and inter-relationships of weather, topography, and wildland fuel beds in fire behavior; Incident Management Organization, personal safety, situational awareness and hazard recognition. Meets NWCG S-130, S-190, S-134, L-180 and I-100 requirements. (CSU-with unit limitation)

FIRE 0073. Fire Hydraulics  
Units: 3  
Hours: 54 lecture  
Investigate the principles and characteristics of water and water flow, water supply systems, fire apparatus and pumps, and fire streams. Review of applied mathematics; hydraulic laws; and application of formulas and mental calculation to hydraulics and water supply problems, as applied to the fire service. (CSU-with unit limitation)

FIRE 0074. Fire Apparatus and Equipment  
Units: 3  
Advisory: Completion with grade of "C" or better or concurrent enrollment in FIRE 1  
Hours: 54 lecture  
Principles and techniques for maintaining and operating fire service pumping and other mobile apparatus. Fire service equipment and apparatus troubleshooting; principles and techniques of preventive maintenance; construction and operation of fire service pumps and pump accessories; basic highway operating techniques for fire apparatus; fire apparatus specifications and testing procedures. (CSU-with unit limitation)

FIRE 0075. Wildland Fire Control  
Units: 3  
Hours: 54 lecture  
Principles and techniques of wildland fire prevention, behavior, control, and suppression. Covers legal aspects of wildland fire protection, mutual aid, fire investigating and reporting methods, and ecology factors of wildland and urban interface fires. Complies with S-190, Basic Wildland Fire Behavior certification. (CSU-with unit limitation)

FIRE 0078. Fire Tactics and Strategy  
Units: 3  
Prerequisite: Completion of FIRE 1 with grade of "C" or better or equivalent as determined by the Fire Technology Program Coordinator  
Hours: 54 lecture  
Provides the principles of fire control through utilization of manpower, equipment, extinguishing agents, fire command and control procedures. (C-ID FIRE 160X) (CSU)

FIRE 0079. Fire Investigation  
Units: 3  
Advisory: Completion of FIRE 1 and 8 with grades of "C" or better  
Hours: 54 lecture  
Introduces the general practices involved in fire investigation. Topics include determining the cause of fires (accidental, suspicious, and incendiary); types of fires; related laws; introduction to incendiary fires; motives for starting fires; recognizing and preserving evidence; interviewing witnesses and suspects; and arrest, detention, and court procedures. (CSU)

FIRE 0080. Introduction to Public Safety Dispatch  
Units: 3  
Also known as ADMJ 78 and HSCI 80  
Hours: 54 lecture  
Overview of the critical role of the Public Safety Dispatcher as first point-of-contact for coordinating emergency responses; exploration of advancements in telecommunications and emergency notifications systems; use of proper radio codes and crisis-intervention techniques used to calm and communicate with distraught callers; awareness of job requirements and hiring process for career pathways in Public Safety Dispatching. (CSU)

FIRE 0095. Internship in Fire Technology  
Units: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

FIRE 0097. Ethical Leadership in the Classroom  
Units: 0.5  
Formerly known as FIRE 639  
Hours: 9 lecture  
An examination of fundamental ethical values of fire service instructors by exploring examples of ethical behavior in the classroom environment. Includes basic concepts, terms and theories of ethical decision making, code of ethics, and concepts in ethical leadership. (C-ID FIRE 251X) (CSU)
FIRE 0098. Fire Technology Career Pathways  
Units: 2  
Hours: 40 lecture  
Career exploration in fire technology. Includes educational planning of available degree programs, labor market research, and the hiring process: development of a resume, background investigations, personal history statements, interview dynamics, and hiring examinations. (not transferable)  

FIRE 0099. Introduction to Fire Academy  
Unit: 1  
Advisory: Completion of ENGL N with grade of "C" or better  
Hours: 32 (11 lecture, 21 laboratory)  
Designed to prepare students with the basic knowledge and skills necessary to succeed in the Firefighter I Academy. Topics include: ropes and knots, donning and doffing SCBA's, fire hose rolls and loads, physical fitness, fire department duties, responsibilities and conduct. (not transferable)  

FIRE 0100. Firefighter Academy  
Units: 17  
Prerequisite: Completion of FIRE 1 and HSCI 2 with grades of "C" or better, possession of a current Emergency Medical Technician certificate, and submission of a physician's physical verification, including a spirometry test  
Corequisite: Concurrent enrollment in FIRE 100A  
Advisory: Completion of FIRE 99 with grade of "C" or better  
Hours: 580 (181 lecture, 399 laboratory)  
Designed for entry level firefighters. Approved by the California State Board of Fire Services and California State Fire Marshal's Office. Fulfills all educational and training requirements for Firefighter I and II. Leads to State and/or National Firefighter I certification and upon completion of experience requirement, certification of Firefighter II. Includes: Structural Firefighting, Wildland Firefighting, Hazardous Materials, Incident command system, Auto Extrication, and Firefighter Survival. Certificate of Completion issued with grade of "C" or better in both FIRE 100 and 100A. Physically demanding program. Materials fee required. (not transferable)  

FIRE 0100A. Fire Academy Physical Training  
Units: 2.5  
Formerly known as KIN 97  
Corequisite: Concurrent enrollment in FIRE 100  
Hours: 80 (28 lecture, 52 laboratory)  
Designed for Firefighter I Academy Trainees, emphasizing lifetime fitness, principles of physical fitness, individual fitness programs, managing body composition, stress indicators and management, nutrition, and development of muscular strength and cardiovascular efficiency. (CSU)  

FIRE 0101. Firefighter Certification Testing  
Unit: 1  
Prerequisite: Completion of FIRE 100 with grade of C or better or, 1) A signed statement by the agency's Fire Chief or designee stating the sponsored student has completed all SFT training requirements and skills sheets for Firefighter-I, or 2) Documentation of approval from the California State Fire Training for a certification retest, or 3) Completion of a Firefighter I academy and applying for certification testing  
Hours: 56 (8 lecture, 48 laboratory)  
Prepares students to meet the State Fire Training (SFT) requirements for Firefighter I (FFI) and II (FFII) including the capstone knowledge and skills necessary to pass FFI FFII. Upon successful completion, students receive a pass letter from SFT and a FFI and FFII pass certificate from the college. (pass/no pass grading) (not transferable)  

FIRE 0102. Firefighter II Training  
Units: 4.5  
Prerequisite: Certified Firefighter I or equivalent as determined by the Fire Technology Program Coordinator; possession of a current Emergency Medical Technician certificate; and submission of a physician's physical verification, including a spirometry test  
Hours: 128 (58 lecture, 70 laboratory)  
Provides the skills and knowledge needed for the entry level firefighter to perform his/her duties safely, effectively, and competently. Covers general knowledge germane to the profession, fire department communications, fireground operations, rescue operations, prevention, preparedness and maintenance. (not transferable)  

FIRE 0103. Cal Fire Basic Firefighter  
Units: 9  
Prerequisite: Completion of FIRE 170 with grade of "C" or better, and possess Public Safety First Aid and CPR certification or equivalent as determined by the Program Coordinator  
Hours: 219 (139.5 lecture, 79.5 laboratory)  

FIRE 0170. Hazardous Materials - Operational Level  
Units: 0.5, 1  
Formerly known as FIRE 41  
Hours: 16 lecture for 0.5 unit; 24 lecture for 1 unit  
First responder course covering common alarms, roles and responsibilities, legal aspects, exposure and response safety, medical surveillance, recognition and identification, basic chemistry, personal protective equipment, scene management, preincident planning and table-top exercises. Meets federal and state training requirements. (CSU-with unit limitation)  

FIRE 0171. Introduction to Wildland Fire Behavior S-190  
Units: 0.5  
Hours: 9 lecture  
Wildland fire behavior factors important for understanding fire spread principles and applying safe and effective suppression techniques. Meets standards prescribed by the National Wildfire Coordinating Group and the CA Incident Command Certification System for S-190 certification. (not transferable)  

FIRE 0172. Intermediate Wildland Fire Behavior S-290  
Units: 2  
Prerequisite: Completion of FIRE 171 with grade of "C" or better or a certified S-190 course as prescribed by the National Wildfire Coordinating Group  
Hours: 40 lecture  
Aligns with S-290 Intermediate Fire Behavior of the National Wildfire Coordinating Group (NWCG). Provides professional development related to the topic of wildland fire behavior. Provides instruction in the identification and prediction of wildland fire behavior in various fuel types and under varying weather conditions. Prepares municipal, county, state, and federal fire personnel to meet certification standards set forth by the National Inter-agency Incident Management System. (C-ID FIRE 241X) (not transferable)
FIRE 0173. Hazardous Materials - Incident Commander
Unit: 1
Formerly known as FIRE 202
Prerequisite: Completion of FIRE 241 with grade of "C" or better or a certified Hazardous Materials First Responder Operational course; and I-100 (Basic Incident Command System) or equivalent as determined by the Fire Technology Program Coordinator
Hours: 24 lecture
Provides participants with the capability to assume the role of Incident Commander, as defined in the Occupational Safety and Health Act Hazardous Waste Operations (OSHA HAZWOPER) regulation, during an emergency response to an actual or potential hazardous materials release. (C-ID FIRE 232X) (not transferable)

FIRE 0174. Human Resource Management for Company Officers - CO 2A
Units: 2
Prerequisite: Completion of FIRE 102 with grade of "C" or better or completion of California State Firefighter II educational requirements Completion of California State Firefighter II educational requirements
Hours: 40 lecture
Aligns with Company Officer 2A of the Company Officer Program. This course provides information on the use of human resources to accomplish assignments, evaluating member performance, supervising personnel, and integrating health and safety plans, policies, and procedures into daily activities as well as the emergency scene. (C-ID FIRE 200X) (CSU-with unit limitation)

FIRE 0175. General Administrative Functions for Company Officers - CO 2B
Units: 1
Prerequisite: Completion of FIRE 102 with grade of "C" or better or completion of California State Firefighter II educational requirements Advisory: Completion of FIRE 174 with grade of "C" or better
Hours: 24 lecture
Aligns with Company Officer 2B of the Company Officer Program. Provides information on general administrative functions and the implementation of department policies and procedures and addresses conveying the fire department's role, image, and mission to the public. (C-ID FIRE 210X) (CSU-with unit limitation)

FIRE 0176. Fire Inspections and Investigation for Company Officers - CO 2C
Units: 2
Prerequisite: Completion of FIRE 102 with grade of "C" or better or completion of California State Firefighter II educational requirements Hours: 40 lecture
Aligns with Company Officer 2C of the Company Officer Program. Provides an overview of the information necessary to conduct inspections, identify hazards and address violations, performing a fire investigation to determine preliminary cause and to secure the incident scene and preserve evidence. (C-ID FIRE 220X) (CSU-with unit limitation)

FIRE 0177. All-Risk Command Operations for Company Officers - CO 2D
Unit: 1.5
Prerequisite: Completion of California State Firefighter II educational requirements; completion of FIRE 173 and FIRE 241 with grades of "C" or better
Hours: 40 (24 lecture, 16 laboratory)
Designed for the working firefighter. Provides information on conducting incident size-up; developing and implementing an initial plan of action involving single and multi-unit operations for various types of emergency incidents to mitigate the situation following agency safety procedures; conducting pre-incident planning; and developing and conducting a post-incident analysis. One of a series of courses required for Company Officer certification by California State Fire Training. (CSU-with unit limitation)

FIRE 0178. Wildland Incident Operations for Company Officers - CO 2E
Unit: 1.5
Prerequisite: Completion of California State Firefighter II educational requirements; completion of FIRE 172 and FIRE 177 with grades of "C" or better or provide copies of S-290 (classroom delivery only) and HAZ MAT Incident Commander certifications, or equivalent as determined by the instructor
Hours: 40 (24 lecture, 16 laboratory)
Designed for the working firefighter, this course provides information on evaluating and reporting incident conditions, analyzing incident needs, developing and implementing a plan of action to deploy incident resources completing all operations to suppress a wildland fire, establishing an incident command post, creating an incident action plan, and completing incident records and reports. This Company Officer course is one of a series required for Company Officer certification by California State Fire Training. (CSU-with unit limitation)

FIRE 0179. Instructional Methodology - Instructor I
Unit: 1.5
Advisory: IS-100.B (Introduction to the Incident Command System) and IS-700.A (FEMA - National Incident Management System)
Hours: 40 (24 lecture, 16 laboratory)
Designed for working firefighters, this course provides the skills and knowledge needed for the entry level professional instructor to perform his or her duties safely, effectively, and competently. The curriculum is based on the 2012 edition of NFPA 1041 Standard for Fire Service Instructor Professional Qualifications. At the end of this course, candidates for Instructor I certification are able to teach and deliver instruction from a prepared lesson plan utilizing instructional aids and evaluation instruments. The Instructor I is also able to adapt a lesson plan and complete the reporting requirements to the local jurisdiction. Course is one of a series required for Company Officer Certification by California State Fire Training. (CSU-with unit limitation)

FIRE 0180. Instructional Development - Instructor II
Unit: 1.5
Prerequisite: Completion of FIRE 179 with grade of "C" or better Advisory: IS-100.B (Introduction to the Incident Command System) and IS-700.A (FEMA - National Incident Management System)
Hours: 40 (24 lecture, 16 laboratory)
Designed for those seeking to become fire service instructors and provides the skills and knowledge needed for the intermediate level professional instructor to perform his or her duties safely, effectively, and competently. At the end of this course, candidates for Instructor II certification are able to develop lesson plans and evaluation instruments, teach and deliver instruction, and evaluate and coach other instructors. The Instructor II is also able to analyze resources and formulate a program budget. (CSU-with unit limitation)
FIRE 0181. Fire Investigation 1A, Basic Fire Investigation

Units: 2
Formerly known as FIRE 154
Prerequisite: Completion of FIRE 3 with grade of "C" or better Hours: 39.5 lecture
Designed for fire investigators and law enforcement officers responsible for conducting fire investigations. This course provides information on securing the fire scene and determining the origin and cause of the fire. Topics include responsibilities of a fire investigator, securing the fire ground, conducting an exterior and interior survey, analyzing fire patterns, interpreting individual fire patterns, discriminating the effects of explosions, examining and removing fire debris, reconstructing the area of origin, inspecting the performance of building systems. (not transferable)

FIRE 0182. Fire Investigation 1B, Evidence and Documentation

Unit: 1.5
Formerly known as FIRE 155
Prerequisite: Completion of FIRE 181 with grade of "C" or better Hours: 33.5 lecture
Designed for fire investigators and law enforcement officers responsible for conducting fire investigations. This course provides information on scene documentation and evidence collection/preservation. Topics include photographing the scene, diagramming the scene, constructing investigative notes, processing evidence and establishing chain of custody, processing victims and fatalities, selecting evidence for analysis, maintaining a chain of custody, preparing a fire investigation report, and disposing of evidence. (not transferable)

FIRE 0183. Fire Investigation 1C, Preparation for Legal Proceedings

Units: 2
Prerequisite: Completion of FIRE 181, 182 and ADMJ 110 with grades of "C" or better Hours: 40 lecture
Designed for fire investigators and law enforcement officers responsible for conducting fire investigations. This course provides information on legal considerations for a court proceeding. Topics include coordinating expert resources, formulating an opinion, presenting investigative findings, and testifying during legal proceedings. (not transferable)

FIRE 0190. Human Resource Management for Chief Fire Officers - 3A

Unit: 1
Prerequisite: Meet the educational requirements for Company Officer by one of the following: completion of FIRE 174, 175, 176, 177, 178, and 179 with grades of "C" or better; or completion of Office of the State Fire Marshal Company Officer 2A, 2B, 2C, 2D, 2E, and Instructor I courses; or equivalent as determined by the Fire Technology Program Coordinator Hours: 26 lecture
Designed for Company Officers advancing to the Chief Officer classification. Provides basic knowledge of human resource requirements related to the roles and responsibilities of a Chief Fire Officer. Includes developing plans for providing employee accommodation, developing hiring procedures, establishing personnel assignments, describing methods of facilitating and encouraging professional development, developing an ongoing education training program, developing promotion procedures, developing proposals for improving employee benefits, and developing a measurable accident and injury prevention program. (not transferable)

FIRE 0191. Budget and Fiscal Responsibilities for Chief Fire Officers - 3B

Unit: 1
Prerequisite: Meet the educational requirements for Company Officer by one of the following: completion of FIRE 174, 175, 176, 177, 178, and 179 with grades of "C" or better; or completion of Office of the State Fire Marshal Company Officer 2A, 2B, 2C, 2D, 2E, and Instructor I courses; or equivalent as determined by the Fire Technology Program Coordinator Hours: 18 lecture
Provides a basic knowledge of the budgeting requirements related to the roles and responsibilities of a Chief Fire Officer, including developing a budget management system, developing a division or departmental budget, and describing the process for ensuring competitive bidding. (not transferable)

FIRE 0192. General Administrative Functions for Chief Fire Officers - 3C

Unit: 1
Prerequisite: Meet the educational requirements for Company Officer by one of the following: completion of FIRE 174, 175, 176, 177, 178, and 179 with grades of "C" or better; or completion of Office of the State Fire Marshal Company Officer 2A, 2B, 2C, 2D, 2E, and Instructor I courses; or equivalent as determined by the Fire Technology Program Coordinator Hours: 24 lecture
Provides a basic knowledge of the administration requirements related to the roles and responsibilities of a Chief Fire Officer, including directing a department record management system, analyzing and interpreting records and data, developing a model plan for continuous organizational improvement, developing a plan to facilitate approval, preparing community awareness programs, and evaluating the inspection program of the authority having jurisdiction (AHJ). (not transferable)

FIRE 0193. Emergency Service Delivery Resp. for Chief Fire Officers - 3D

Unit: 1
Prerequisite: Meet the educational requirements for Company Officer by one of the following: completion of FIRE 174, 175, 176, 177, 178, and 179 with grades of "C" or better; or completion of Office of the State Fire Marshal Company Officer 2A, 2B, 2C, 2D, 2E, and Instructor I courses; or equivalent as determined by the Fire Technology Program Coordinator Hours: 24 lecture
Provides a basic knowledge of the emergency service requirements related to the roles and responsibilities of a Chief Fire Officer, including developing a plan for the integration of fire services resources, developing an agency resource contingency plan, evaluating incident facilities, supervising multiple resources, developing and utilizing an incident action plan, obtaining incident information to facilitate transfer of command, developing and conducting a post-incident analysis, and maintaining incident records. (not transferable)

FIRE 0241. I-200: Incident Command System

Units: 0.5
Hours: 12 lecture
Aligns with I-200: Incident Command System of the Federal Emergency Management Agency (FEMA) ICS Program. This course is an introduction to the Incident Command System (ICS) National Training curriculum. Includes principles and features, organization overview, incident facilities, resources, and common responsibilities. ICS 200 certification is the minimum requirement for attending ICS 200 level courses and functioning in a Unit Leader position during an incident. (C-ID FIRE 231X) (not transferable)
FIRE 0242. 1-300: Intermediate ICS for Expanding Incidents  
Unit: 1  
Prerequisite: Completion of FIRE 241 with grade of "C" or better  
Hours: 24 lecture  
Covers organization and staffing, incident resources management, organizing for incidents or events, incident and event planning and air operations within the Incident Command System national training curriculum. (pass/no pass grading) (not transferable)  

FIRE 0243. 1-400: Advanced ICS for Complex Incidents  
Units: 0.5  
Prerequisite: Completion of FIRE 242 with grade of "C" or better  
Hours: 16 lecture  
Covers command and general staff, unified command, major incident management and area command within the Incident Command System national training curriculum. (pass/no pass grading) (not transferable)  

FIRE 0608. Basic Structural Firefighter  
Units: 4.5  
Hours: 150 (55 lecture, 95 laboratory)  
Entry-level course for volunteer firefighters. Topics include fire behavior, safety, personal protective equipment, forcible entry, rescue, ground ladders, hoses, fire streams and nozzles, and fire control principles. (not transferable) (not degree applicable) (pass/no pass grading)  

FIRE 0618. Fire Control 4  
Units: 0.5  
Prerequisite: Completion of Fire 100 and 170 with grades of "C" or better or equivalent as determined by the Program Coordinator.  
Hours: 16 (8 lecture, 8 laboratory)  
This course provides the knowledge and skills that prepare a firefighter to extinguish an ignitable liquid fire, control a flammable gas fire, and develop an incident action plan for a pipeline emergency. (not transferable) (not degree applicable) (pass/no pass grading)  

FIRE 0632. Auto Extrication  
Units: 0.5  
Hours: 24 (9.5 lecture, 14.5 laboratory)  
Provides the knowledge and skills to prepare a firefighter to extricate victim(s) from a common passenger vehicle in a safe and effective manner. (not transferable) (not degree applicable) (pass/no pass grading)  

FIRE 0634. Driver Operator 1A  
Unit: 1.5  
Prerequisite: Hold a valid Class C driver's license  
Hours: 40 (23 lecture, 17 activity)  
Provides information on fire apparatus, preventative maintenance and driving/operating. Topics include routine tests, inspections, and servicing functions; operate, back, maneuver, and turn a fire apparatus in a variety of conditions; and operate all fixed systems and equipment on a fire apparatus. Students must provide full structural personal protective equipment and fire apparatus for the final two days of class. Fulfills the requirements for a Class C Firefighter Endorsement. (not transferable) (not degree applicable) (pass/no pass grading)  

FIRE 0635. Driver/Operator 1B - Pumping Apparatus Operations  
Unit: 1.5  
Prerequisite: Completion of FIRE 634 with grade of "C" or better, and completion of Firefighter 1, or equivalent as determined by the Fire Technology Program Coordinator, and hold a valid Class C Firefighter endorsed driver’s license  
Hours: 40 (18 lecture, 22 activity)  
Provides information on pumping apparatus preventive maintenance and operations. Topics include routine tests, inspections, and servicing functions; producing hand, master, and foam fire streams, relay pump operations; and supplying water to fire sprinkler and standpipe systems. Students must provide full structural personal protective equipment and fire apparatus for the final three days of class. (not transferable) (not degree applicable) (pass/no pass grading)  

FIRE 0637. Confined Space Awareness  
Units: 0.5  
Hours: 9 lecture  
Instruction in identifying a permit and non-permit required confined space, the hazards associated with confined spaces, target industries and hazards, state regulations, communications and equipment requirements. This course does not qualify participants to make permit required entries. (not transferable) (not degree applicable) (pass/no pass grading)  

FIRE 0638. Low Angle Rope Rescue Operational  
Units: 0.5  
Hours: 24 (8 lecture, 16 laboratory)  
Designed to equip the student with the techniques and methods for using rope, webbing, hardware friction devices and litters in low angle rescue situations. Areas covered include rope and related equipment, anchor systems, safety lines, stretcher lashing and rigging, mechanical advantage systems and single and two line rescue systems. (not transferable) (not degree applicable) (pass/no pass grading)  

FIRE 0640. Hazardous Materials Technician 1A, Basic Chemistry  
Units: 2  
Prerequisite: Completion of FIRE 170 with grade of "C" or better or approved Federal/State equivalent course  
Hours: 40 lecture  
Basic aspects of chemistry and physics related to management of a hazardous materials incident. Covers physical and chemical properties of matter, atomic structure, periodic table, metals and non-metals, salts, hydrocarbons and derivatives, forms of energy, the combustion process, flammable and combustible liquids. Meets standards prescribed by the CA State Fire Marshal, and Office of Emergency Services. (not transferable) (not degree applicable) (pass/no pass grading)  

FIRE 0641. Hazardous Materials Technician 1B, Applied Chemistry  
Unit: 1.5  
Prerequisite: Completion of FIRE 640 with grade of "C" or better or approved Federal/State equivalent course(s)  
Hours: 40 (24 lecture, 16 laboratory)  
Basic terminology and theory of chemistry as it relates to hazardous materials. Covers chemical aspects of the hazard classes, toxicology, including hazard and risk assessment, function and use of detection instruments, monitoring hazardous atmospheres and use of a field identification kit to identify unknown solids and liquids. Meets standards prescribed by the CA State Fire Marshal and Office of Emergency Services. (not transferable) (not degree applicable) (pass/no pass grading)
FIRE 0642. Hazardous Materials Technician 1C, Incident Considerations
Unit: 1.5
Prerequisite: Completion of FIRE 641 with grade of "C" or better or approved Federal/State equivalent course(s)
Hours: 40 (26 lecture, 14 laboratory)
Hazardous materials on-scene incident considerations. Covers data research, meteorological considerations, protective actions, personal protective equipment, incident command aspects, site safety concepts, legislative and regulatory measures influencing emergency response and contingency planning. Meets standards prescribed by the CA State Fire Marshal and Office of Emergency Services. (not transferable) (not degree applicable) (pass/no pass grading)

FIRE 0643. Hazardous Materials Technician 1D, Tactical Field Operations
Unit: 1.5
Prerequisite: Completion of FIRE 642 with grade of "C" or better or approved Federal/State equivalent course(s)
Hours: 40 (24 lecture, 16 laboratory)
Experience with tactical field operations. Covers confinement, control, hazmat triage and sabotage, performing in chemical protective clothing, preservation of evidence, decontamination, and emergency medical system considerations. Meets standards prescribed by the CA State Fire Marshal and Office of Emergency Services. (not transferable) (not degree applicable) (pass/no pass grading)

FIRE 0644. Hazardous Materials Specialist 1F
Unit: 1.5
Prerequisite: Completion of FIRE 643 with grade of "C" or better or approved Federal/State equivalent course(s)
Hours: 40 (32 lecture, 8 laboratory)
Introduction to mitigation techniques. Includes plugging, patching and repairing methods; advanced chemical field identification testing procedures, and fixed facility repair considerations. Part one of a two part series leading to certification as a Hazardous Materials Specialist. Meets requirements of CA Code of Regulations Title 8, Section 519(q).
(not transferable) (not degree applicable) (pass/no pass grading)

FIRE 0645. Hazardous Materials Specialist 1G
Unit: 1
Prerequisite: Completion of FIRE 644 with grade of "C" or better or approved Federal/State equivalent course(s)
Hours: 40 (16 lecture, 24 laboratory)
Covers material presented in Hazardous Materials Courses 1A-1F in an environment of scenario based full scale exercises. Participants evaluated for their ability to perform and be certified as a member of a Hazardous Materials Team. (not transferable) (not degree applicable) (pass/no pass grading)

FIRE 0650. Rescue Systems I
Unit: 1.5
Prerequisite: Completion of FIRE 638 with grade of "C" or better or completion of a State Fire Marshal approved Low Angle Rope Rescue Operational course
Hours: 40 (21 lecture, 19 laboratory)
Rescue systems, ropes and related equipment, heavy object operations, breaking and breaching operations, ladder rescues, and emergency shoring. Required for CA Urban Search and Rescue basic and light operational level training. (not transferable) (not degree applicable) (pass/no pass grading)

French (FREN)

FREN 0001. Elementary French - Level I
Units: 4
Hours: 72 lecture
Listening, speaking, reading, and writing in French. Fundamentals of French pronunciation and grammar. Introduction to the culture of the French-speaking people. Corresponds to two years of high school study. (CSU, UC)

FREN 0002. Elementary French - Level II
Units: 4
Prerequisite: Completion of FREN 1 or two years of high school French with grade(s) of "C" or better
Hours: 72 lecture
Continuation of FREN 1 with greater emphasis on speaking and writing. Explores culture, historical figures, and events of the areas where French is spoken. (CSU, UC)

FREN 0003. Intermediate French - Level I
Units: 4
Prerequisite: Completion of FREN 2 or three years of high school French with grade(s) of "C" or better
Hours: 72 lecture
Designed for those who have had previous training in the French language. Review of grammar with increased emphasis upon speaking and linguistic structure of the language, reading of excerpts from works of French-speaking authors, study of cultural distinctions among the French-speaking peoples, and writing at the intermediate level. (CSU, UC)

FREN 0004. Intermediate French - Level II
Units: 4
Prerequisite: Completion of FREN 3 or four years of high school French with grade(s) of "C" or better
Hours: 72 lecture
Designed for those who have had previous training in the French language. Study of advanced grammar with increased emphasis upon the skills of reading and interpreting works of French literature. Greater focus upon writing and speaking skills. (CSU, UC)

FREN 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

Geography (GEOG)

GEOG 0001. Physical Geography
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Explore Earth's landscape and environmental processes, including the Earth's atmosphere, weather, climate regions, hydrosphere, oceans, clouds, rivers, biosphere, and the Earth landforms, such as mountain building and river systems. Emphasis on the holistic understanding landscape patterns and environmental systems as they relate to location. Also examines human influence on the natural world. (C-ID GEOG 110) (combined with GEOG 1L, C-ID GEOG 115) (CSU, UC)
GEOG 0001L. Physical Geography Laboratory
Unit: 1
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in GEOG 1
Hours: 54 laboratory
Earth's physical systems, atmosphere, weather and climate, landforms and fluvial systems; includes map reading and investigating remote sensing, GPS, and Geographic Information Systems (GIS). (C-ID GEOG 111) (combined with GEOG 1, C-ID GEOG 115) (CSU, UC)

GEOG 0002. Cultural Geography
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Population, migration, religion, languages, agriculture, economic development and exploration of how humans interact with their environment. Analysis of differences of cultures including housing types, agricultural techniques, and popular and folk customs. Investigation of humans as the primary modifier of the physical landscape within the limits of the Earth's natural resources. (C-ID GEOG 120) (CSU, UC)

GEOG 0003. Geography of California
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
An introduction to California's diversified geography including climate, landforms, natural vegetation, and water resources, the cultural landscapes of ethnic diversity, our Native American past, urban and agricultural regions, and the economic challenges of the future. Emphasis on cultural diversity, human alteration of the landscape, contemporary problems and resource competition. (C-ID GEOG 140) (CSU, UC)

GEOG 0004. Weather and Climate
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
The elements and controls of weather and climate - atmospheric heating, the heat budget, air circulation and winds, moisture, clouds, and precipitation; world climates, their classifications; data collection and interpretation, investigate global climates to microclimates. (C-ID GEOG 130) (CSU, UC)

GEOG 0005. World Regional Geography
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
An introduction to the world's major geographic regions; their cultural practices, politics, economics, religions, history and environmental characteristics. Location and analysis of important geographic features including mountains, rivers, countries and major cities of Asia, Australia, Africa, North America, Europe and South America. (C-ID GEOG 125) (CSU, UC)

GEOG 0015. Field Geography of Northern California
Units: 0.5
Hours: 13 (7 lecture, 6 laboratory)
Explore the natural and cultural history of a region in Northern California. This field course provides an introduction to the area's diversified geography including its location, physical landforms, economic diversity, urban settlement patterns and an overview of historical and cultural features. May involve light hiking and overnight camping. (CSU)

GEOG 0016. Field Geography
Units: 1-2
Hours: 30 (12 lecture, 18 laboratory) per unit
Field lecture courses to regions of geographic interest to include physical, cultural, urban and/or historical elements. (C-ID GEOG 160) (CSU)

GEOG 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

GEOG 0085. Application of Geospatial Technologies
Unit: 1
Hours: 18 lecture
Investigation of Geographic Information Systems (GIS) case studies used in industry and government; explores how industry uses GIS with emphasis on natural resource management and watershed analysis. Additional focus on remote sensing, aerial photography, GPS technology. (CSU)

GEOG 0086. Global Positioning System (GPS) for GIS
Unit: 1
Hours: 18 lecture
Global Positioning System (GPS) theory, techniques, and case studies, GPS set-up, spatial database organization, field collection, editing, and integration into the GIS. Culminates with final GPS mapping project. (CSU)

GEOG 0090. Introduction to Geographic Information Systems (GIS)
Units: 4
Hours: 72 lecture
Study of Geographic Information Systems (GIS) and its applications to spatial data management. Focus on project design, data acquisition, database management, geographic analysis, and map design. Explores how GIS solves spatial problems, such as those in natural resources, earth and life sciences, environmental planning, local government, business, transportation, and other related fields. (C-ID GEOG 155) (CSU, UC)

GEOG 0091A. Beginning Geospatial Design
Unit: 1
Hours: 18 lecture
Introduction to Geographic Information Systems (GIS) cartographic and database design. Emphasis on GIS and mapping design for practical applications in the fields of natural resource management, disaster mapping, urban planning, business and other related fields. GIS skills include organizing geographic features and attributes, classifying data, labeling, symbology, and proper layout to create maps for GIS analysis. (CSU)

GEOG 0091B. Intermediate Geospatial Design
Unit: 1
Prerequisite: Completion with a grade of "C" or better or concurrent enrollment in GEOG 90 or 91A
Hours: 18 lecture
Builds on basic principles of beginning GIS Design, creating and editing maps, organizing GIS data for spatial analysis, and producing map layouts. (CSU)
GEOG 0093. Advanced GIS
Units: 4
Prerequisite: Completion of GEOG 90 with grade of "C" or better
Hours: 72 lecture
Builds on Intermediate GIS focusing on advanced technical skills and mapping, such as working with spatial databases, GIS models, vector and raster analysis, cartographic presentation and various outputs. Student completes a research project and assembles a map portfolio. (CSU)

GEOG 0094. Geospatial Analysis
Units: 3
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in GEOG 90 or 91B
Hours: 54 lecture
Geospatial analysis reveals patterns, relationships, and trends that solve real-world challenges. With GIS tools, students create surface contours, derive slopes, calculate flow direction, draw watersheds, determine line of sight and identify hotspots. GIS modeling and extensions are used. (CSU)

GEOG 0095. Internship in Geography
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

German (GER)

GER 0001. Elementary German - Level I
Units: 4
Hours: 72 lecture
Introduction to German language and culture, including speaking, listening, linguistic and grammatical structure, reading, pronunciation and intonation patterns. Corresponds to two years of high school study. (CSU, UC)

GER 0002. Elementary German - Level II
Units: 4
Prerequisite: Completion of GER 1 or two years of high school German with grade(s) of "C" or better
Hours: 72 lecture
Designed for those who have had previous training in the German language. Continuation of GER 1. Emphasis on speaking, listening, linguistic and grammatical structure, reading, writing. Further study of learning pronunciation and intonation patterns, together with continued discussion of unique cultural characteristics of the German-speaking peoples. Students continue to memorize dialogues, become knowledgeable of utilizing a substantial vocabulary, and conduct translations of culturally meaningful reading selections. (CSU, UC)

GER 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

Health Education (HED)

HED 0001. Standard First Aid/Community CPR
Units: 3
Hours: 54 lecture
Theory and detailed demonstration of first aid care of the injured. Students learn to assess a victim's condition and incorporate proper treatment. Standard first aid, CPR, and AED certifications granted upon successful completion of requirements. Recognition and treatment for cardiac and respiratory emergencies, first aid for bleeding, shock, burns, poisoning, stroke, and various injuries. (C-ID KIN 101) (CSU, UC)

HED 0002. Health Education
Units: 3
Hours: 54 lecture
Studies aspects of mental, emotional, and physical health. Emphasis placed on knowledge for development of attitude, understanding, and practice of a preventive lifestyle for healthy living and optimal wellness. Specific instructional areas include chronic diseases, physical activity, nutrition, weight management, birth control methods, human sexuality, alcohol, tobacco, and illicit chemical use, stress, and factors that contribute to wellness and longevity. Experience in personal health assessment and the changing of health behaviors is stressed. (CSU, UC)

HED 0010. Health and Aging
Units: 3
Hours: 54 lecture
Basic principles and concepts of the aging process; includes the physical, social, emotional, and mental components of health. Benefits of health promotion and preventive action for the aging are also explored. (CSU)
Health Sciences (HSCI)

HSCI 0002. Emergency Medical Technician
Units: 9
Advisory: Completion of HSCI 3, HSCI 7 or BIOL 55 with grade of "C" or better; eligibility for ENGL 11
Hours: 225 (139 lecture, 86 laboratory)
Provides knowledge and critical thinking skills necessary to deliver emergency medical care in a prehospital environment. Covers legal and moral aspects, scene safety, primary and secondary patient assessments, intervention and stabilization skills, proper use of emergency medical equipment, awareness of bloodborne pathogens and communicable diseases, recognition of signs and symptoms, and pathophysiology of medical emergencies and traumatic injuries. Includes practical hands-on skills training and interactive simulations. Includes certification for American Heart Association CPR professional and bloodborne pathogen and infection control. Tactical EMS training and a state certification in "TEMS First Responder Operations". Clinical experience is an assigned field and/or clinical observation. Attendance and participation is mandatory; a cumulative score of 80% on all written quizzes and exams, and passing score on all practical skills testing are required for qualification for national and state EMT certification. Meets updated National Education Standards for EMT curriculum, and all requirements of the California Code of Regulations Title 22, the California EMS Authority and the National Registry of Emergency Medical Technicians (NREMT). Upon successful completion, student is eligible to take the NREMT EMT examination and qualify for a California State EMT certification. Students must be 18 years of age at start of course; provide a Tuberculosis (TB) Blood Test (Quantiferon) or a negative chest x-ray; provide proof of immunizations for Mumps, Measles, Rubella (MMR); Varicella zoster-vaccination or positive titer; Hepatitis B series completion and titer, or Hepatitis B series in progress and a signed declination; Diphtheria, Tetanus and Pertussis (Tdap); current influenza vaccine; Student are required to take a drug screen test demonstrating the absence of evidence of controlled substance use, and provide criminal background screening satisfying the requirements of the State EMS Authority and EMT program clinical providers. (CSU)

HSCI 0003. Medical Terminology
Units: 3
Hours: 54 lecture
Comprehensive overview of the medical language using a systems oriented approach of the human body. Covers the formation, spelling, correct pronunciation, and proper usage of common medical terms and abbreviations. The terminology is relative to the medical applications used within a wide variety of health care professions. Course meets the prerequisite requirements of numerous allied health care training programs, and is highly recommended as a preparatory course for EMT, Paramedic and Nursing programs. (CSU)

HSCI 0007. Emergency Medical Responder
Units: 3.5
Hours: 80 (62 lecture, 18 laboratory)
Provides the knowledge and practical skills training required to be certified as an Emergency Medical Responder (EMR). Comprehensive training includes oxygen therapy and delivery, basic airway adjuncts, positive pressure ventilation, bleeding control, extremity splinting and spinal immobilization. Emphasizes a systematic patient assessment, critical thinking and medical interventions at the first responder level. Provides the mandated training for recognizing the risks of bloodborne pathogens, infection control, body substance isolation (BSI), and personal protection equipment in accordance with OSHA standard 29 CFR 1910.1030 specific to the EMS first responder and healthcare professional. Upon completion with a grade of "C" or better, students are issued a certificate of completion and are eligible to apply for an EMR certification through the state of California. (CSU)

HSCI 0012. Professional CPR and Infection Control
Units: 0.5
Hours: 16 (10 lecture, 6 activity)
Provides the American Heart Association (AHA) Basic Life Support/CPR certification for Healthcare Providers. Also provides mandated training for recognizing risks of bloodborne pathogens, infection control, body substance isolation (BSI), and personal protection equipment in accordance with OSHA standard 29 CFR 1910.1030 specific to the healthcare professional. (not transferable)

HSCI 0030. Functional Anatomy and Pathophysiology For EMS Professionals
Units: 3
Prerequisite: Completion of HSCI 2 with grade of "C" or better, or current state certification as an Emergency Medical Technician
Hours: 54 lecture
Designed for students pursuing careers in Emergency Medical Services (EMS) and advanced levels ofprehospital care. Provides overview of functional anatomy, symptomology and pathophysiology of disease, medical emergencies, and effects of traumatic injuries. EMS management and review of field treatment protocols enhance ability to treat and stabilize emergency medical situations in the field. (CSU)
HSCI 0050. Introduction to Advanced Life Support
Units: 3.5
Prerequisite: Completion of HSCI 2 with grade of "C" or better, or a similar state certified EMT course; must be currently certified as an EMT in the state of California or certified through the National Registry of Emergency Medical Technicians (NREMT)
Advisory: Completion of HSCI 3 and BIOL 55 with grades of "C" or better
Hours: 80 (60 lecture, 20 laboratory)
Introduction to the advanced knowledge and critical thinking skills necessary to prepare for a paramedic program, advanced emergency medical technician (AEMT) training, registered nursing (RN), physician assistant (PA), and other allied health training programs. Assessment-based course focuses on advanced life support (ALS) interventions; electrocardiogram (EKG) recognition and interpretation; pharmacology; advanced airway management; intravenous and intraosseous fluid and drug infusion; basic anatomy, physiology and principles of pathophysiology; introduction to local, state and national ALS protocols. Practical skills labs focus on improving patient assessment techniques, managing realistic case study scenarios, and introduction to AEMT, paramedic skills, protocols, and interventions. Course format is interactive and simulates the intense pace and discipline required of AEMT, paramedic and other allied health vocational training. Mandated student participation, passing of written exams and practical skills assessments required for completion. Course is approved for eighty (80) hours of instructor based continuing education (CE) by the National Registry of Emergency Medical Technicians (NREMT) and as a California state EMS CE Provider. (CSU)

HSCI 0051. Advanced Emergency Medical Technician (AEMT) Didactic
Units: 6
Prerequisite: Current AHA Healthcare Provider CPR certification and current California State EMT certification required
Advisory: Completion of HSCI 3, HSCI 50, and BIOL 55 with grades of "C" or better; eligibility for ENGL 11
Hours: 144 (90 lecture, 54 laboratory)
Provides academic preparation and psychomotor skills training to prepare the student for HSCI 52, the Advanced Emergency Medical Technician (AEMT) clinical and field Internship. Successful completion of HSCI 51 and HSCI 52 make the student eligible to take the National Registry of EMTs (NREMT) Advanced EMT certification exam. Topics include Limited Advanced Life Support (LALS) knowledge, application and problem solving skills necessary to work as an AEMT in the Emergency Medical Services (EMS) field for an ambulance service, fire department, hospital emergency department or other specialized service. A "C" letter grade, as well as successful completion of the HSCI 51 exit exam and psychomotor skills test, are required to be eligible for HSCI 52. This course conforms to the 2007 National EMS Scope of Practice Model and the 2009 EMS National Education Standards, complies with Title 22, Division 9, Chapter 3 of the California State Code of Regulations, and is approved by the Sierra Sacramento-Valley Emergency Medical Services Agency. Field trips or off-campus lab assignments are required. (not transferable)

HSCI 0052. Advanced Emergency Medical Technician - Clinical/Field Experience
Units: 3.5
Prerequisite: Completion of HSCI 2 and HSCI 51 with grades of "C" or better, or equivalent training; HSCI 52 must be completed no more than seven months after the completion of HSCI 0051; current AHA Healthcare Provider CPR certification and current California State EMT certification required; must submit to a drug screen test demonstrating the absence of any evidence of controlled substance use and provide a criminal background check satisfying the requirements of the State EMS Authority, and the AEMT program clinical providers; must provide two negative TB tests by two-step PPD process, or a negative chest x-ray; provide proof of immunizations for Mumps, Measles, Rubella (MMR); Varicella zoster-vaccination or positive titer; Hepatitis B status screening or signed declination; Diphtheria, Tetanus and Pertussis (Tdap); current influenza vaccine
Advisory: Completion of HSCI 3, HSCI 50, and BIOL 55 with grades of "C" or better; eligibility for ENGL 11
Hours: 200 laboratory
Provides the supervised clinical and field experience training requirements for Advanced Emergency Medical Technician, at the limited advanced life support (LALS) scope of practice. Successful completion of HSCI 51 and HSCI 52 makes the student eligible to take the National Registry of EMTs (NREMT) Advanced Emergency Medical Technician (AEMT) certification exam. Course is approved by the Sierra Sacramento Valley - Emergency Medical Services (EMS) Agency, and conforms to the 2007 National EMS Scope of Practice Model, the 2009 EMS National Education Standards and complies with Title 22, Division 9, Chapter 3 of the California State Code of Regulations. (not transferable)

HSCI 0053. Paramedic - Advanced Life Support Part 1
Units: 7
Prerequisite: Completion of HSCI 2 with grade of "C" or better; admission into the California State University Sacramento, Paramedic Program; current California State Emergency Medical Technician (EMT) Certification; current American Heart Association Healthcare Provider CPR certification
Advisory: Completion of HSCI 50, BIOL 55 and HSCI 03 with grade of "C" or better
Hours: 200 (90 lecture, 110 laboratory)
Part one of a four-part series of courses providing the foundational knowledge required for the paramedic level of care in the Emergency Medical System (EMS). Theory and psychomotor application of prehospital care including the anatomy and physiology of respiratory and cardiovascular disease processes, medical disorders and emergencies across the adult life span. Students will learn to identify abnormal physical assessments and apply appropriate priority interventions. Competencies in accessing and evaluating patient monitoring technologies, integrating advanced life support theories to perform paramedic skills related to prehospital care standards for medical emergencies and disorders. Students will receive certified training in Advanced Cardiac Life Support (ACLS). (CSU)
HSCI 0054. Paramedic - Advanced Life Support Part 2  
Units: 8  
Prerequisite: Completion of HSCI 53 with grade of "C" or better; current enrollment in the CSU Sacramento Paramedic Program  
Hours: 254 (92 lecture, 162 laboratory)  
Part two of a four-part series of courses providing the foundational knowledge required for the paramedic level of care in the Emergency Medical System (EMS). Theory and psychomotor application of prehospital care including the anatomy and physiology related to body systems and the impact of trauma, disease processes and medical disorders for common obstetric, pediatric, and geriatric patient emergencies. Students will learn to identify abnormal physical assessments and apply appropriate priority interventions. Competencies in accessing and evaluating patient monitoring technologies, and integrating advanced life support theories to perform paramedic skills related to prehospital care standards for traumatic injuries and medical emergencies. Students will receive certified training in Pediatric Advanced Life Support (PALS), International Trauma Life Support (ITLS), Advanced Medical Life Support (AMLS) and Emergency Vehicle Operations (EVOC). (CSU)

HSCI 0055. Paramedic Clinical Experience  
Units: 5  
Prerequisite: Completion of HSCI 54 with grade of "C" or better; current enrollment in the CSU Sacramento Paramedic Program  
Hours: 246 (18 lecture, 228 laboratory)  
Part three of a four-part series providing the foundational knowledge required for the paramedic level of care in the Emergency Medical System (EMS). The Clinical section provides student with an acute clinical care experience under the direct supervision of a Registered Nurse and Paramedic preceptor. The student will identify abnormal physical assessments and be able to apply appropriate priority interventions. Students will be exposed to dynamic clinical environments including the emergency department and labor and delivery. Supervised clinical training on advanced human simulation; participation in Homeland Security First Emergency Response Training; 24 hours assigned in EMS field ride-a-longs. (CSU)

HSCI 0056. Paramedic Field Internship  
Units: 10  
Prerequisite: Completion of HSCI 55 with grade of "C" or better; current enrollment in the CSU Sacramento Paramedic Program  
Hours: 498 (18 lecture, 480 laboratory)  
Part four of a four-part series providing the foundational knowledge required for the paramedic level of care in the Emergency Medical System (EMS). The Field Internship section provides the paramedic student the culminating field experience minimum of 480 hours on an Advanced Life Support (ALS) ambulance and/or fire engine. The paramedic student will work in a variety of patient care situations under the direct supervision of a Paramedic Preceptor, and will demonstrate the ability to perform an assessment, identify abnormal physical findings, and be able to apply appropriate priority interventions while working in dynamic field environments. (CSU)

HSCI 0080. Introduction to Public Safety Dispatch  
Units: 3  
Also known as ADMJ 78 and FIRE 80  
Hours: 54 lecture  
Overview of the critical role of the Public Safety Dispatcher as first point-of-contact for coordinating emergency responses; exploration of advancements in telecommunications and emergency notifications systems; use of proper radio codes and crisis-intervention techniques used to calm and communicate with distraught callers; awareness of job requirements and hiring process for career pathways in Public Safety Dispatching. (CSU)

HSCI 0600. Emergency Medical Technician Continuing Education  
Unit: 1  
Prerequisite: Must be eligible for certification or re-certification as an EMT in the State of California  
Hours: 24 (16 lecture, 8 laboratory)  
Provides 24 hours of continuing education required for state re-certification as an Emergency Medical Technician (EMT). Reviews current standards for airway management and ventilation, patient assessment, cardiac care and resuscitation, injury management and stabilization, legal and ethical issues, vital signs, assisting with medication administration, and review of the updated and optional EMT scope of practice. Students update their psychomotor skills and demonstrate proficiency in organized skills labs. Students that successfully complete the course receive a certificate of completion. May be repeated for credit to meet legally mandated continuing education and re-certification requirements. (pass/no pass grading) (not degree applicable)

History (HIST)

HIST 0004A. Western Civilization to 1715  
Units: 3  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Survey of the development of western culture from its beginning to 1715; exploration of the scope and definition of western culture and civilization interrelating political and social events with art, literature, and philosophy; covering the ancient Middle East, Greece, Rome, Late Antiquity, the Medieval era, and early Modern Europe. (C-ID HIST 170) (CSU, UC)

HIST 0004B. Western Civilization since 1715  
Units: 3  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
Survey of European history and the development of western culture, from 1715 to present, interrelating political and social events with art, literature, and philosophy; covering the Ancient Regime, the Age of Democratic Revolutions, industrialization, the rise of fascism and communism, the two world wars, the Cold War, the postwar era, and the European Union. (C-ID HIST 180) (CSU, UC)

HIST 0017A. History of the United States to 1877  
Units: 3  
Hours: 54 lecture  
History of the United States from its origins to 1877. Emphasis on evolution of colonial societies, the American Revolution and the establishment of the Republic, Constitution and constitutional developments, and emergence of a national political tradition; ethnic and racial pluralism of settlement, growth and development; the market revolution and emergence of democracy; institution of slavery, territorial expansion, and events, issues, and developments culminating in the Civil War and the Reconstruction of the South. (C-ID HIST 130) (CSU, UC)
HIST 0017B. History of the United States since 1865
Units: 3
Hours: 54 lecture
History of the United States from 1865 to the present. Emphasis on national political, economic, intellectual, and social trends and their impact on constitutional law; industrialization and urbanization; evolution of American ethnic, cultural and racial pluralism; role of United States in world affairs. Also addresses California state and local issues in a broad, national context. (C-ID HIST 140) (CSU, UC)

HIST 0018A. The African American Experience in American History to 1877
Units: 3
Also known as ETHN 18A
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
History of African Americans from the pre-European West African city state kingdoms to the end of Reconstruction; major events in America's development emphasizing the role of people of African descent in the political, social and economic life of the United States; the institution of slavery; free blacks in the North and the abolitionist movement. (CSU, UC)

HIST 0018B. The African American Experience in American History since 1877
Units: 3
Also known as ETHN 18B
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
History of African Americans in the United States since the Civil War; major events in America's development emphasizing the role of people of African descent in the political, social and economic life of the United States; Reconstruction; Jim Crow era; Booker T. Washington and W.E.B. DuBois; the Civil Rights Movement; and African Americans in the Reagan-Bush and Clinton eras. (CSU, UC)

HIST 0019A. History of Traditional East Asia
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Survey of the major cultural, social, and political traditions and institutions of India, China, Japan, and Southeast Asia from the earliest civilizations to the 17th century. Includes imperial and dynastic developments, artistic and philosophical expression, economies and commerce, and impact of pan-Asian Buddhist and Muslim movements. (CSU, UC)

HIST 0019B. History of Modern East Asia
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
East Asia from the 17th century to present. Includes Asian societies on the eve of modernization, regional responses to Western imperialism, modern nationalist movements, Asia during the two world wars, and role of Asia in modern global economics and diplomacy. Comparisons of China, Japan, and Indian subcontinent; reference to Korea and Southeast Asia. (CSU, UC)

HIST 0020. California History
Units: 3
Hours: 54 lecture
Comprehensive survey of the history of California from prehistoric to contemporary times. Emphasis on the environment and the three main eras of human settlement: California Indian, Spanish and Mexican, and American periods. Study of diverse Indian groups; various movements of people over time and different perspectives on government, law, economics, and culture. Local, state, regional, national, Pacific Rim, and global issues. (CSU, UC)

HIST 0021. Contemporary United States History
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Study of American social, political and economic history since 1945; course emphasis on the impact of the Cold War and the struggles of civil rights and social justice that have shaped contemporary America. Also examined: the effects of globalization, technology, environmental challenges and religion in the post-war era. (CSU, UC)

HIST 0022. American Military History
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture

HIST 0023. Chicano/Mexican American History
Units: 3
Also known as ETHN 23
Hours: 54 lecture
Comprehensive survey of the history of Mexican Americans, from the Pre-contact era to the present. Emphasis on experiences and contributions of Chicanas/os in the United States regarding culture, economy, government, law, education and politics. Includes a study of the United States Constitution. (CSU, UC)

HIST 0024. Russian History - 10th Century to Present
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Survey of Russian history from the 10th century to the present. Includes the Slavic, Kievian, Muscovite, and Imperial eras through the Revolutions of 1917, the rise and fall of the Soviet Union, and the post-Soviet era. Emphasis on the major political, social, economic, and cultural trends that define Russian and Soviet civilizations. (CSU, UC)

HIST 0025. Native American History
Units: 3
Also known as ETHN 25
Hours: 54 lecture
History of Native American nations and peoples from Pre-Contact to the present. Covers the impact of European contact, trade, and colonization; examines the effects of United States political, economic, and social policies on Native Americans throughout U.S. history with an emphasis on the U.S. Constitution and Federal Indian Law. Emphasis on Native American peoples’ attempts to protect their sovereignty, retain their cultural identity, and revitalize their societies across time. (CSU, UC)
HIST 0026. Women in World History
Units: 3
Advisory: Eligibility for English 1A
Hours: 54 lecture
A broad and general exploration of women's historical involvement around the world from prehistory to the present. Emphasis on women’s experiences and contributions to historical developments regarding social, economic, and cultural life, government, politics, personal issues, race and racism, ethnicity, sexuality and gender. Explores the ideologies, issues, and events that have shaped the lives, roles, and contributions of women to determine the role of women in politics, economics and society. (CSU, UC)

HIST 0027. Women in American History
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Survey of women's roles in American history from its pre-colonial origins to the present. Emphasis on women's experiences and contributions to historical developments regarding social, economic, and cultural life, government, politics, personal issues, the U.S. Constitution, race and racism, ethnicity, sexuality and gender. (CSU, UC)

HIST 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

HDEV 0004. Child, Family, and Community
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
An examination of the processes of socialization focusing on the interrelationship of family, school, and community. Examines the influence of historical and socio-cultural contexts. Explores the role of collaboration between family, community, and schools in supporting children's development. (C-ID CDEV 110) (CSU, UC)

HDEV 0001. Human Development Through the Lifespan
Units: 3
Hours: 54 lecture
Study of the physical, cognitive, psychosocial and emotional changes in development through the life span. Focuses on practical application of developmental principles and patterns of growth from conception through late adulthood, including death and bereavement processes. Designed as a foundation course for careers in social service, psychological, health and medical fields. (CSU, UC-with unit limitation)

HDEV 0002. Principles and Practices of Teaching Young Children
Units: 3
Hours: 54 lecture
Examination of the underlying theoretical principles of developmentally appropriate practices in early care and education. Emphasis on the role of the early childhood educator, the importance of teacher child relationships, curriculum, and effective teaching strategies and environmental design for supporting development in young children. This course includes a review of the historical roots of early childhood programs, and the evolution of the professional practices promoting advocacy, ethics, and professional identity including career pathways and professional standards. (C-ID ECE 120) (CSU)

HDEV 0003. Observation and Assessment
Units: 3
Prerequisite: Completion of HDEV 1 or 9 with grade of "C" or better; completion of HDEV 2 with grade of "C" or better
Hours: 54 lecture
The appropriate use of assessment and observation tools and strategies to document young children's development, learning and behavior. Emphasizes use of findings to inform and plan learning environments and experiences. Recording strategies, rating systems, portfolios, and multiple assessment tools will be explored, along with strategies for collaboration with families and professionals. Child observations will be conducted and analyzed. (C-ID ECE 200) (CSU)

HDEV 0004. Child, Family, and Community
Units: 3
Hours: 54 lecture
An examination of the processes of socialization focusing on the interrelationship of family, school, and community. Examines the influence of historical and socio-cultural contexts. Explores the role of collaboration between family, community, and schools in supporting children's development. (C-ID CDEV 110) (CSU, UC)
HDEV 0005. Introduction to Curriculum
Units: 3
Prerequisite: Completion of HDEV 1 or 9 with grade of "C" or better; completion of HDEV 2 with grade of "C" or better
Hours: 54 lecture
Prepares students for early childhood teaching programs. (C-ID ECE 130) (CSU)

HDEV 0007. Health, Safety, and Nutrition
Units: 3
Formerly known as HDEV 6 and 8
Hours: 54 lecture
Laws, regulations, standards, policies, procedures, and best practices related to health, safety, nutrition, and in early childhood settings. Includes prevention strategies, nutrition, and meal planning for various ages and planning educational experiences integrated into daily routines designed to teach children positive health, nutrition habits. (C-ID ECE 220) (CSU)

HDEV 0009. Child Growth and Development
Units: 3
Hours: 54 lecture
This course examines the major physical, cognitive/language, social and emotional developmental milestones for children from conception through adolescence. Emphasis on interactions between maturational processes and environmental factors. While studying developmental theory, students will evaluate individual differences, and analyze characteristics of development at various stages according to developmental theories. Designed as a foundation course for careers in early childhood and for those seeking a teaching credential. (C-ID CDEV 100) (UC, with unit limitation)

HDEV 0010. Practicum Experience in Early Childhood Education
Units: 3
Prerequisite: Completion of HDEV 3 and 5 with grades of "C" or better
Corequisite: Concurrent enrollment in HDEV 10L
Advisory: Completion of HDEV 25 with grade of "C" or better
Hours: 54 lecture
Focuses on child centered, play-oriented approaches to teaching, learning, and assessment. Knowledge of developmentally appropriate curriculum content areas will also be emphasized as students design and evaluate experiences that promote development and learning for all young children. Students must co-enroll in HDEV 10L to secure their practicum/student teaching space in a local high quality child development program. (combined with HDEV 0010L C-ID ECE 210) (CSU)

HDEV 0010L. Practicum Experience in Early Childhood Education Lab
Unit: 1.5
Prerequisite: Completion of HDEV 3 and 5 with grades of "C" or better
Corequisite: Concurrent enrollment in HDEV 10
Advisory: Completion of HDEV 25 with grade of "C" or better
Hours: 90 laboratory
Ninety hours of student teaching experience will be required for this course, in addition to enrollment in the lecture portion of HDEV 10. Students will be placed in pre-selected local classroom settings within district boundaries. Please see class schedule for student teaching placement meeting information, as well as immunization requirements. (combined with HDEV 0010 C-ID ECE 210) (CSU)

HDEV 0011. Infant and Toddler Development
Units: 3
Hours: 54 lecture
A study of infants and toddlers from pre-conception to age three including physical, cognitive, language, social, and emotional growth and development. Applies theoretical frameworks to interpret behavior and interactions between heredity and environment. Emphasizes the role of family and relationships in development. (CSU)

HDEV 0012. Infant/Toddler Care and Education
Units: 3
Hours: 54 lecture
Applies current theory and research to the care and education of infants and toddlers in group settings. Examines essential policies, principles and practices that lead to quality care and developmentally appropriate curriculum for children birth to 36 months. (CSU)

HDEV 0013. School Age Child
Units: 3
Advisory: Completion of HDEV 9 with grade of "C" or better
Hours: 54 lecture
Study of the child from 6-12 years of age, including physical, cognitive, social, and moral development. Fundamentals of planning educational and recreational programs with an emphasis on developmentally appropriate practice. (CSU)

HDEV 0014. Programs for School Age Children
Units: 3
Prerequisite: Completion of HDEV 13 with grade of "C" or better
Advisory: Completion of HDEV 9 with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Study of principles and standards for school-age child development programs. Emphasis on implementation of recommended practices in supervised laboratory settings. Includes planning and presenting developmentally appropriate activities in all curriculum areas. Meets specialization requirement, with HDEV 13, of Master Teacher Child Development Permit. (CSU)

HDEV 0015. Introduction to Children with Exceptional Needs
Units: 3
Prerequisite: Completion of HDEV 1 or 9 with grade of "C" or better
Corequisite: Concurrent enrollment in HDEV 19L
Hours: 54 lecture
Overview of the developmental issues, characteristics, and learning differences of children from birth to adolescence with exceptional needs, including gifted and talented. Current educational strategies including assessment and curriculum design will be presented. Community resources, advocacy, and challenges for children with exceptional needs and their families will be examined. (CSU)
HDEV 0019L. Introduction to Children with Exceptional Needs Lab
Units: 0.5
Prerequisite: Completion of HDEV 1 or 9 with grade of "C" or better; completion of or concurrent enrollment in HDEV 19
Hours: 30 laboratory
Provides experience working in a school environment with children and youth who have disabilities. Designed as a laboratory for those who have completed or are concurrently enrolled in HDEV 19. Covers skills for students who want to be general educators, special educators, school and social service providers and/or community members, who are essential in providing inclusive/integrated environments for differently-abled children and youth. Environmental modifications including classroom, school, agency, and community settings are studied. Classroom modifications in curriculum, assessment, behavior management, and instructional methods are examined. This course meets the requirement for special education in inclusive settings. (CSU)

HDEV 0021. Psychology of Intimate Relationships and Family
Units: 3
Also known as PSYC 110
Hours: 54 lecture
Study of the meaning and functions of intimate relationships and family. Consideration given to the nature of commitments, sexuality, alternative relationships, communication, conflict resolution, economics, parenting, crises, and marital separation. Recommended for majors in Human Development and Family and for those in human service careers. (CSU, UC)

HDEV 0022. The Family
Units: 3
Also known as SOC 4
Advisory: Completion of SOC 1 with grade of "C" or better
Hours: 54 lecture
A sociological approach to the analysis of the family as a social institution. Of particular interest are the changing structure of family, gender roles, dating, marriage, intimacy, relationships, and parenting. (C-ID SOCI 130) (CSU, UC)

HDEV 0023. Dynamics of Parenthood
Units: 3
Formerly known as HDEV 23ABCD
Hours: 54 lecture
A survey of historical and contemporary attitudes toward parenting. Review of research on child-rearing practices and parent-child relationships. Exploration of current approaches for effective interaction and communication of family members. Emphasis on the influence of personality, developmental stage, family structures, ethnic and cultural factors. (CSU)

HDEV 0025. Teaching in a Diverse Society
Units: 3
Hours: 54 lecture
Examines the impact of various societal influences on the development of children's social identity. Covers developmentally appropriate, inclusive, and anti-bias approaches. Self-examination and reflection on issues related to social identity, stereotypes, and bias will be emphasized. (C-ID ECE 230) (CSU)

HDEV 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

HDEV 0029. Storytelling and Puppetry
Units: 3
Formerly known as HDEV 17 and 18
Hours: 54 lecture
Storytelling and puppetry explored as a means of enhancing oral language, listening skills and creativity in young children. Examines stories from many cultures. Emphasizes the art of telling stories. Focuses on the methods, materials, and experiences needed to use storytelling and puppetry effectively with children. Hands-on involvement with practical application for teachers, teacher aides, librarians, therapists, recreation leaders, church and youth group leaders, artists, dramatists, and parents. (CSU)

HDEV 0030. Creative Process in Children
Units: 3
Hours: 54 lecture
Introduction to the aesthetic development and creative expression of children. Exploration of art methods, materials, creative process, and developmental stages. Enables students to implement effective teaching strategies for encouraging children's artistic and overall creative development. (CSU)

HDEV 0038. Adult Supervision and Mentoring in Early Care and Education
Units: 3
Prerequisite: Completion of HDEV 2 and 9 with grades of "C" or better
Hours: 54 lecture
Methods and principles of supervising student teachers, volunteers, staff, and other adults in early childcare and education settings. Emphasis is on the roles and development of early childhood professionals as mentors and leaders. (CSU)

HDEV 0040. Administration I: Programs in Early Childhood Education
Units: 3
Prerequisite: Completion of HDEV 2 and 9 with grades of "C" or better
Hours: 54 lecture
Introduction to the administration of early childhood programs. Covers program types, budget, management, regulations, laws and development and implementation of policies and procedures. Examines administrative tools, philosophies, and techniques needed to organize, open, and operate an early care and education program. (CSU)

HDEV 0041. Personnel and Leadership in Early Childhood Education
Units: 3
Formerly known as HDEV 41A/41B/41C
Prerequisite: Completion of HDEV 40 with grade of "C" or better
Hours: 54 lecture
Effective strategies for personnel management and leadership in early care and education settings. Includes legal and ethical responsibilities, supervision techniques, professional development, and reflective practices for a diverse and inclusive early care and education program. (CSU)

HDEV 0043. Music and Movement for Young Children
Units: 3
Hours: 54 lecture
Theoretical perspectives and practical applications of the use of music and movement with children from infancy to age eight in group settings. Emphasis on exploration of music and movement as ways to involve young children with cultural diversity and traditions, creative expression, promotion of an understanding of the connection to healthy living and physical activity, and stimulation of brain development. Methods and materials used in singing, rhythms, creative music, reading and listening, development of music and movement lesson plans, and creation of inexpensive musical instruments. (CSU)
HDEV 0044. Children's Literature  
Units: 3  
Also known as ENGL 44  
Prerequisite: Eligibility for ENGL 1A  
Hours: 54 lecture  
Examination of high quality children's literature, both classic and contemporary, including criteria for selection, uses in child development and education, and practices in presentation and analysis. It includes the discussion of the history of children's literature and current issues such as censorship, literacy, multiculturalism, and diversity. This course is intended for prospective and current teachers, preschool aides, early child education (ECE) majors, librarians, parents, and students interested in the field of literacy for children ages 0-13. (C-ID ENGL 180) (CSU, UC)

HDEV 0046. Language and Literacy  
Units: 3  
Hours: 54 lecture  
Designed to support educators in the area of early language and literacy development. Focus on planning and implementing developmentally appropriate experiences that enhance the quality and quantity of oral language, provide for a print-rich environment and assist children in their growing understanding of print. Encourages literacy learning in a meaningful context and provides strategies for working with families and diverse populations. (CSU)

HDEV 0047. Math and Science in Early Childhood Education  
Units: 3  
Hours: 54 lecture  
Designed to support educators in the development of math and science skills in children ages 0-8. Exploration of fundamental math and science concepts and principles, as well as guidance in selecting and implementing appropriate math and science activities in an integrated curriculum. (CSU)

HDEV 0050. Introduction to Family Child Care  
Units: 3  
Advisory: Completion of HDEV 9 with grade of "C" or better  
Hours: 54 lecture  
Provides students an overview of what is needed to open and operate an in-home child care program. Topics include licensing requirements, the role of regulatory agencies, business practices, health and safety practices, developmentally appropriate practices for mixed aged groupings, behavior guidance, supportive environments for both families and children, planning play-based curriculum in the home, and environmental design considerations. (not transferable)

HDEV 0051. Bilingual Education: Introduction to Educating English Learners  
Units: 3  
Advisory: Concurrent enrollment in EDU 7 or EDU 10  
Hours: 54 lecture  
Introduction to the concepts of bilingual education as it pertains to English Language Learners in California and the greater United States. Topics include the history of bilingual education, relevant legislation, first and second language acquisition theories, and linguistic development. The course involves required observation and tutoring of English Language Learners using materials and strategies responsive to the students' primary language and assessed levels of English proficiency. (CSU)

HDEV 0061. Nutrition throughout the Life Cycle  
Units: 3  
Also known as NUTF 13  
Advisory: Completion of NUTF 10 with grade of "C" or better  
Hours: 54 lecture  
Examination of nutritional requirements, concerns, and interventions during several stages of the life cycle, from preconception to old age. Analysis of cultural, environmental, physical, and economic factors affecting nutritional status. Practical application of adequate nutrition through dietary selection and promotion of health throughout each life cycle stage. (CSU)

HDEV 0095. Internship in Human Development and Family  
Units: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

HDEV 0800. Music and Movement for Young Children  
Units: 0  
Hours: 54 lecture  
Theoretical perspectives and practical applications of the use of music and movement with children from infancy to age eight in group settings. Emphasis on exploration of music and movement as ways to involve young children with cultural diversity and traditions, creative expression, promotion of an understanding of the connection to healthy living and physical activity, and stimulation of brain development. Methods and materials used in singing, rhythms, creative music, reading and listening, development of music and movement lesson plans, and creation of inexpensive musical instruments. (pass/no pass grading) (noncredit)

HDEV 0802. Storytelling and Puppetry  
Units: 0  
Hours: 54 lecture  
Storytelling and puppetry explored as a means of enhancing oral language, listening skills and creativity in young children. Examines stories from many cultures. Emphasizes the art of telling stories. Focuses on the methods, materials, and experiences needed to use storytelling and puppetry effectively with children. Hands-on involvement with practical application for teachers, teacher aides, librarians, therapists, recreation leaders, church and youth group leaders, artists, dramatists, and parents. (pass/no pass grading) (noncredit)

HDEV 0803. Language and Literacy  
Units: 0  
Hours: 54 lecture  
Designed to support educators in the area of early language and literacy development. Focus on planning and implementing developmentally appropriate experiences that enhance the quality and quantity of oral language, provide for a print-rich environment and assist children in their growing understanding of print. Encourages literacy learning in a meaningful context and provides strategies for working with families and diverse populations. (pass/no pass grading) (noncredit)
HDEV 0804. Creative Process in Children
Units: 0
Hours: 54 lecture
Introduction to the aesthetic development and creative expression of children. Exploration of art methods, materials, creative process, and developmental stages. Enables students to implement effective teaching strategies for encouraging children's artistic and overall creative development. (pass/no pass grading) (noncredit)

HDEV 0805. Math and Science in Early Childhood Education
Units: 0
Hours: 54 lecture
Designed to support educators in the development of math and science skills in children ages 0-8. Exploration of fundamental math and science concepts and principles, as well as guidance in selecting and implementing appropriate math and science activities in an integrated curriculum. (pass/no pass grading) (noncredit)

Humanities (HUM)

HUM 0001. Introduction to Humanities I
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to the western cultural tradition through a survey of its religion, art, philosophy, literature, music, and architecture; covers prehistory through the Middle Ages. (CSU, UC)

HUM 0002. Introduction to Humanities II
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to the western cultural tradition through a survey of its religion, art, philosophy, literature, music, and architecture; covers the Renaissance through the modern world. (CSU, UC)

HUM 0003. Introduction to Asian Humanities
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Survey of the religion, art, philosophy, literature, music, and architecture of Asia - from prehistory to the present - with an emphasis on India, China and Japan. (CSU, UC)

HUM 0005. Classical Roots of the Contemporary Western World
Units: 3
Formerly known as HUM 300G
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
An examination of the Classical World's influence on the Contemporary Western World with special emphasis on theology, body image, love and sex, gender roles, democracy, conceptions of the good life, and entertainment based upon evidence from the art, architecture, literature, and philosophy of the Classical World. (CSU, UC)

HUM 0009. Introduction to Women, Gender and Religion
Units: 3
Also known as WMST 3
Hours: 54 lecture
Religion from a feminist perspective through a cross-cultural examination of major religious traditions of the East and West, as well as tribal faith practices. Emphasis on the historical role of women and gender in rituals, sacred texts, institutional structures, doctrine and religious iconography with respect to the impact on contemporary women regarding faith, politics and identity. (CSU, UC)

HUM 0010. World Religions
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Interdisciplinary survey of the beliefs and practices of the world's major religious traditions; focuses on primal religions, Hinduism, Judaism, Taoism, Confucianism, Buddhism, Christianity and Islam. (CSU, UC)

HUM 0015. Introduction to Mythology
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
The major elements of western mythology, its history and development as part of the human experience and its influence on art, literature and politics. (CSU, UC)

HUM 0017. Introduction to Atheism
Units: 3
Hours: 54 lecture
Introduction to the philosophy of atheism, its historical roots, major thinkers, and expressions in art, literature and philosophy. Includes history of free inquiry and thought, secular humanism, humanistic ethics and scientific naturalism. (CSU, UC)

HUM 0020. Introduction to the Hebrew Bible
Units: 3
Hours: 54 lecture
Introduction to the texts of the Hebrew Bible ("Old Testament" or "Torah") and associated writings from the Ancient Near East. Analyzes the texts in their historical and cultural context, and surveys their various genres (poetry, prophecy, law, mythology, history, wisdom, etc.) Explores the relationship between Hebrew Scriptures and archaeology, literature, history, current Biblical scholarship, and women's studies. (CSU, UC)

HUM 0021. Introduction to the New Testament
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to New Testament literature in its cultural and historical context. Employs methods of critical analysis of Biblical materials, surveying issues related to their authorship, genre and content. Explores the historical Jesus, literary depictions of Jesus in the gospels, the career and writings of the apostle Paul, the structure and beliefs of the early Christian church, and Christian apocalypticism. Emphasizes the impact of the New Testament on western culture. (CSU, UC)

HUM 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

HUM 0095. Internship in Humanities
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU, UC-with unit limitation)
HUM 0300H. Italian Culture and Civilization  
*Units: 3*  
*Hours: 54 lecture*  
Introduction to Italian life and culture through the examination of art, literature, architecture, music, films, and popular culture. (CSU)

**Information Technology (IT)**

**IT 0015. Business Information Systems**  
*Units: 3*  
Formerly known as CIS 62  
Advisory: Eligibility for ENGL 1A  
*Hours: 72 (54 lecture, 18 laboratory)*  
Examination of information systems and their role in business. Focus on information systems, database management systems, networking, e-commerce, ethics and security, computer systems hardware and software components. Application of these concepts and methods through hands-on projects developing computer-based solutions to business problems. Also includes exploration and practice of 21st century career skills: Digital Fluency - Professional Networking (Social Media), Collaboration – Teamwork, Social/Diversity Awareness. (C-ID ITIS 120) (CSU)

**IT 0028. Independent Study**  
*Units: 1-3*  
Formerly known as CIS 28  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

**IT 0055. Database Management**  
*Units: 3*  
Formerly known as CIS 90  
Advisory: Completion of BUS 252 with grade of "C" or better  
*Hours: 72 (54 lecture, 18 laboratory)*  
Discover the intricacies of relational databases using the current version of Microsoft Access. Includes designing database structures: tables, queries, forms, reports, and macros. Also includes integrating with the Web, Excel and other programs. Emphasis on hands-on learning. Also includes exploration and practice of 21st century career skills: Analysis/Solution Mindset, Critical Thinking, Problem Solving and Digital Fluency. (CSU)

**IT 0060. Project Management Concepts and Software**  
*Units: 3*  
Formerly known as CIS 136  
Advisory: Completion of IT 55 with grade of "C" or better  
*Hours: 72 (54 lecture, 18 laboratory)*  
Explores Project Management concepts and terminologies along with the use of Microsoft Office Project and other project management tools through discussions, hands-on exercises and classroom learning experiences. Includes WBS, budgeting, and resource allocation and other important PM topics such as Scope and Project Team Development. Helps prepare students to use the software package in their daily duties as a project manager or project assistant. Also includes exploration and practice of 21st century career skills: Adaptability, Collaboration and Social/Diversity Awareness. (not transferable)

**IT 0065. Data Analytics/Visualization Using Tableau**  
*Units: 3*  
Formerly known as CIS 91  
Advisory: Completion of BUS 252 and IT 55 with grades of "C" or better  
*Hours: 72 (54 lecture, 18 laboratory)*  
Learn how to use Tableau, a leading data analysis and visualization tool, to bring the world's data into views that everyone can use and understand. Go beyond basic charts by building powerful dashboards and drill down reports to support business decision makers or help explain visually the global impact of a single voice. (not transferable)

**IT 0070. Systems Analysis and Design**  
*Units: 3*  
Advisory: Completion of BUS 250 and IT 15 with grades of "C" or better  
*Hours: 72 (54 lecture, 18 laboratory)*  
This course is a detailed study of business systems analysis and design theory and application techniques. Issues in systems analysis and design, from project identification, requirements, specification and analysis, design to implementation and maintenance, will be presented. Focus will be on tools and principles related to object oriented systems analysis and design. Attention is given to the role of the systems analyst within the business environment. Also includes exploration and practice of 21st century career skills: Adaptability, Analysis/Solution Mindset, and Communication. (CSU)

**IT 0075. Python for Many Uses**  
*Units: 3*  
Advisory: Completion of IT 105 with grade of "C" or better  
*Hours: 72 (54 lecture, 18 laboratory)*  
Learn to use Python to manipulate data for analytics, to manage IoT devices and/or for creating scripts to improve network security. This course will start at a very basic level and work up to applied solutions for real world work environments. (CSU)

**IT 0080. IoT - Internet of Things**  
*Units: 3*  
Advisory: Eligibility for ENGL 1A; Completion with grades of "C" or better or concurrent enrollment in IT 75 and IT 105 recommended  
*Hours: 72 (54 lecture, 18 laboratory)*  
Introduction to the Internet of Things (IoT), where people, processes, things, and data are connected via emerging Internet technologies. A variety of networking and computer hardware devices will be integrated into end-to-end systems to solve practical problems. (CSU)

**IT 0090. IT Fundamentals**  
*Unit: 1.5*  
*Hours: 36 (27 lecture, 9 laboratory)*  
Designed to prepare students to identify and explain basic computer components, set up a basic workstation, conduct basic software installation, establish basic network connectivity, identify compatibility issues, and identify/prevent basic security risks. Further, this course will prepare students in the areas of safety and preventative maintenance of computers. This course is intended for students who are considering a career in IT and later considering the pursuit of completing IT 100 and the CompTIA A+ certification exam. (not transferable)
IT 0095. Internship in Information Technology  
**Units:** 0.5-4  
Formerly known as CIS 95  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

**IT 0100. Information and Communication Technology Essentials**  
**Units:** 4  
Formerly known as CIS 26  
Hours: 72 lecture  
Provides an introduction to the computer hardware and software skills needed to help meet the growing demand for entry-level ICT professionals. Focuses on the fundamentals of computer hardware and software as well as advanced concepts such as security, networking, and the responsibilities of an ICT professional. Preparation for CompTIA's A+ certification exam. Also includes exploration and practice of 21st century career skills: Self Awareness, Communication, Social/Diversity Awareness. (C-ID ITIS 110) (CSU)

**IT 0105. Computer Network Fundamentals**  
**Units:** 3  
Formerly known as CIS 65  
Prerequisite: Completion of IT 100 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Introduces the architecture, structure, functions, components, and models of the Internet and other computer networks. The principles and structure of IP (Internet Protocol) addressing and the fundamentals of Ethernet concepts, media, and operations are introduced to provide a foundation for further study of computer networks. Uses OSI (Open Systems Interconnection) and TCP (Transmission Control Protocol) layered models to examine the nature and roles of protocols and services at the application, network, data link, and physical layers. Preparation for the CompTIA Network+ certification exam. Also includes exploration and practice of 21st century career skills: Digital Fluency and Resilience. (C-ID ITIS 150) (CSU)

**IT 0110. Installing, Configuring and Administering a Client OS**  
**Units:** 3  
Formerly known as CIS 141  
Advisory: Completion of IT 105 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Setup and support for a desktop operating system using a current desktop operating system in a networked environment. Creation of local and domain-level accounts, creation of shared resources, use of network services, remote access, resource management and monitoring, and security considerations. Also includes exploration and practice of 21st century career skills: Analysis/Solution Mindset, Digital Fluency and Adaptability. (CSU)

**IT 0115. Server Systems Administration**  
**Units:** 3  
Formerly known as CIS 142  
Prerequisite: Completion of IT 105 with grade of "C" or better  
Advisory: Completion of IT 15 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Provides knowledge and skills required to build, maintain, troubleshoot and support Microsoft server OS technologies. Covers environmental issues, disaster recovery, physical/software security procedures, industry terminology and concepts, server roles, specializations, and interaction within the overall computing environment. Also includes exploration and practice of 21st century career skills: Analysis/Solution Mindset, Communication, Collaboration. (C-ID ITIS 155) (CSU)

**IT 0120. Introduction to Information Systems Security**  
**Units:** 3  
Formerly known as CIS 147  
Prerequisite: Completion of IT 105 with grade of "C" or better  
Advisory: Completion of IT 115 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Introduction to the fundamental principles and topics of Information Technology Security and Risk Management at the organizational level. Addresses hardware, software, processes, communications, applications, and policies and procedures with respect to organizational Cybersecurity and Risk Management. Preparation for the CompTIA Security+ certification exams. (C-ID ITIS 160) (CSU)

**IT 0125. Routing and Switching Essentials**  
**Units:** 3  
Formerly known as CIS 66  
Prerequisite: Completion of IT 105 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Architecture, components, and operations of routers and switches in a small network. Configuring a router and a switch for basic functionality. Configure and troubleshoot routers and switches and resolve common issues with RIPv1, RIPv2, single-area and multi-area OSPF, virtual LANs, and inter-VLAN routing in both IPv4 and IPv6 networks. Along with IT 105, prepares students for the current version of the Cisco Certified Entry-level Network Technician (CCENT) certification examination. Also includes exploration and practice of 21st century career skills: Analysis/Solution Mindset, Collaboration, and Adaptability. (CSU)

**IT 0130. Cisco CCNA 3 Enterprise Networking, Security and Automation**  
**Units:** 3  
Prerequisite: Completion of IT 125 with grade of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
This is the third of three courses that are aligned to the CCNA Certification Exam. In Enterprise Networking, Security, and Automation, students will take the skills and knowledge that they learned in the previous two courses and apply them to wide area networks (WANs). WANs are large, complex networks that require advanced understanding of network operation and security. This class also introduces students to two important areas of networking: virtualization and automation. By the end of this course, students will be able to configure, troubleshoot, and secure enterprise network devices. Students will be versed in application programming interfaces (APIs) and the configuration management tools that make network automation possible. When students have completed ENSA, they will have gained the practical experience they need to prepare for the CCNA certification exam. (CSU)
IT 0140. Implementing Network Security and Firewalls
*Units: 3*
Prerequisite: Completion of IT 120 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Firewalls are one of the primary tools used to prevent unauthorized access to corporate networks. Students will learn how to design and configure firewalls to allow access to key services while maintaining an organization's security, as well as how to implement firewall-to-firewall Virtual Private Networks (VPNs). Also includes exploration and practice of 21st century career skills: Analysis/Solution Mindset, Collaboration, and Adaptability. (CSU)

IT 0145. Introduction to Cybersecurity: Ethical Hacking
*Units: 3*
Formerly known as CIS 152
Prerequisite: Completion of IT 120 with grade of "C" or better
Advisory: Completion of CSCI 50 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Immerses IT Professionals in hands-on intensive environment providing in-depth knowledge and experience with current essential security systems. Provides understanding of perimeter defenses and leads to scanning and attacking networks; no real networks are harmed. Students learn how intruders escalate privileges and the steps to be taken to secure a system. Also covers Intrusion Detection, Policy Creation, Social Engineering, DDoS Attacks, Buffer Overflows, and Virtual Creation. Focus includes legal and regulatory requirements, ethical issues, basic methodology and technical tools used for ethical hacking and penetration tests. Students establish a pre-test agreement with the enterprise, discover and exploit vulnerabilities, participate as a member of a pen test team and prepare a penetration test report. Also includes exploration and practice of 21st century career skills: Self-Awareness and Empathy. (CSU)

IT 0150. Principles of Cybersecurity Analysis
*Units: 3*
Formerly known as CIS 153
Prerequisite: Completion of IT 120 with grade of "C" or better or CompTIA Security+ certification as determined by the Information Technology Department Chair
Hours: 72 (54 lecture, 18 laboratory)
Focuses on the critical knowledge and skills required to prevent, detect and combat cybersecurity threats; includes the application of behavioral analytics to improve the overall state of IT security. Covers exam objectives relating to the CompTIA Cybersecurity Analyst (CSA+) industry certification. (CSU)

IT 0155. Virtualization Concepts and Technologies
*Units: 3*
Formerly known as CIS 148
Advisory: Completion of IT 105 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Knowledge and skills necessary to understand and implement Virtualization Concepts. The core concepts of creating and managing virtual machines, network servers, and network design presented. Labs demonstrate benefits associated with virtualization such as fault tolerance and high availability. Successful completion of this course meets the educational requirement for VMware certification. Also includes exploration and practice of 21st century career skills: Adaptability and Analysis/Solution Mindset. (CSU)

IT 0165. Computer Forensics Fundamentals
*Units: 3*
Formerly known as CIS 88
Also known as ADMJ 88
Advisory: Completion of ADMJ 54 and IT 120 with grades of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Introduction to the methods used to properly conduct a computer forensics investigation, beginning with a discussion of ethics, while mapping the objectives of the International Association of Computer Investigative Specialists (IACIS) certification. Topics covered include an overview of computer forensics as a profession; the computer investigation process; understanding operating systems boot processes and disk structures; data acquisition and analysis; technical writing; and a review of familiar computer forensics tools. Also includes exploration and practice of 21st century career skills: Analysis/Solution Mindset. (CSU)

IT 0170. AWS Cloud Foundations
*Unit: 1.5*
Hours: 36 (27 lecture, 9 laboratory)
Intended for students who seek an overall understanding of cloud computing concepts, independent of specific technical roles. This course provides a detailed overview of cloud concepts, Amazon Web Services (AWS) core services, security, architecture, pricing, and support. Can be used to prepare for the AWS Cloud Practitioner exam. (CSU)

IT 0175. AWS Cloud Architecting
*Units: 3*
Prerequisite: Completion of IT 105 and IT 170 with grades of "C" or better
Advisory: Completion of IT 15 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Covers the fundamentals of building IT infrastructure on Amazon Web Services (AWS). The course is designed to teach solutions architects how to optimize their use of the AWS Cloud by understanding AWS services and how they fit into cloud-based solutions. Although architectural solutions can differ depending on the industry, type of application, and size of the business, this course emphasizes best practices for the AWS Cloud that apply to all of them. It also recommends various design patterns to help you think through the process of architecting optimal IT solutions on AWS. Throughout the course, students will explore case studies that showcase how some AWS customers have designed their infrastructures and the strategies and services that they have implemented. Finally, this course provides opportunities for students to build a variety of infrastructures through a guided, hands-on approach. (CSU)

IT 0865. CompTIA Network+ Exam Prep
*Units: 0*
Formerly known as CIS 865
Advisory: Completion of IT 105 with grade of "C" or better or equivalent
Hours: 12 lecture
Intended to prepare students to take and pass the CompTIA Network + Certification Exam. Students taking this class should have taken IT 105 class or equivalent, and have a thorough understanding of the key concepts covered in exam. The course will discuss the layout and content areas of the exam, example test questions, and high-level review of key concepts when needed. (pass/no pass grading) (noncredit)
Japanese (JPN)

JPN 0001. Elementary Japanese - Level I
Units: 4
Hours: 72 lecture
Introduction to Japanese language; reading, writing, with emphasis on speaking. Pronunciation, sound system, intonation, basic vocabulary and grammar of spoken Japanese. Grammar emphasis is word order, postpositions, and some conjugation in simple sentences. Introduction to geography, customs and culture of Japan. Students required to learn Hiragana script and Kanji characters. Correlates to two years of high school study. (CSU, UC)

JPN 0002. Elementary Japanese - Level II
Units: 4
Prerequisite: Completion of JPN 1 or two years of high school Japanese with grade(s) of "C" or better
Hours: 72 lecture
Continuation of JPN 1 with increased emphasis on reading, writing and grammatical forms. Stresses vocabulary, idioms, postpositions, and grammar. Study of more complex subordinate phrases and clauses. Includes Hiragana, as well as, Katakana and simple Kanji ideographs. Further study of geography, customs, and culture of Japan. (CSU, UC)

JPN 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

Italian (ITAL)

ITAL 0001. Elementary Italian - Level I
Units: 4
Hours: 72 lecture
Intensive instruction in understanding, speaking, reading, and writing elementary Italian. Basic grammar, regular and some irregular verbs in the present tense of the indicative mood. Daily practice in speaking and writing. Corresponds to two years of high school study. (CSU, UC)

ITAL 0002. Elementary Italian - Level II
Units: 4
Prerequisite: Completion of ITAL 1 or two years of high school Italian with grade(s) of "C" or better
Hours: 72 lecture
Intensive basic grammar, greater emphasis on speaking and writing. Emphasis on culture and events of the areas where Italian is spoken. (CSU, UC)

ITAL 0004. Cross Training
Units: 2
Designed to educate students in the areas of aerobic and cardiovascular fitness using a variety of fitness equipment, as well as evaluate and improve present aerobic fitness level. (CSU, UC-with unit limitation)

ITAL 0005A. Weight Training
Units: 0.5-2
Formerly known as PHED 5A
Hours: 36 activity per unit
Weight training as a lifetime fitness activity; progressive resistance exercises with free weights and weight machines to develop muscular strength and endurance. (CSU, UC-with unit limitation)

ITAL 0005B. Strength Training - Circuit and Power Lifting
Units: 0.5-2
Formerly known as PHED 5B
Hours: 36 activity per unit
Strength training exercises in progressive circuit and power lifting with free weights and weight machines. Designed to develop core strength, muscular strength and endurance. (CSU, UC-with unit limitation)

ITAL 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

Kinesiology (KIN)

KIN 0003A. Cardio Fitness - Level I
Units: 0.5-2
Formerly known as PHED 3A
Hours: 36 activity per unit
Designed to educate students in the areas of basic aerobic and cardiovascular fitness using a variety of fitness equipment, as well as evaluate and improve present aerobic fitness level. (CSU, UC-with unit limitation)

KIN 0003B. Cardio Fitness - Level II
Units: 0.5-2
Formerly known as PHED 3B
Hours: 36 activity per unit
Designed to educate students in the areas of aerobic circuit training as well as evaluate and improve present aerobic fitness level. (CSU, UC-with unit limitation)

KIN 0004. Cross Training
Units: 2
Formerly known as PHED 87
Hours: 54 (18 lecture, 36 activity)
Daily physical fitness training utilizing aerobic and anaerobic training methods including: swim workouts, resistance training, stationary exercise equipment and running. (CSU, UC-with unit limitation)

KIN 0005A. Weight Training
Units: 0.5-2
Formerly known as PHED 5A
Hours: 36 activity per unit
Weight training as a lifetime fitness activity; progressive resistance exercises with free weights and weight machines to develop muscular strength and endurance. (CSU, UC-with unit limitation)

KIN 0005B. Strength Training - Circuit and Power Lifting
Units: 0.5-2
Formerly known as PHED 5B
Hours: 36 activity per unit
Strength training exercises in progressive circuit and power lifting with free weights and weight machines. Designed to develop core strength, muscular strength and endurance. (CSU, UC-with unit limitation)

KIN 0006. Physical Fitness
Units: 0.5-2
Formerly known as PHED 6
Hours: 36 activity per unit
Emphasis on life-long exercise principles using a variety of muscular strength and endurance, aerobics and flexibility workouts. Examines cardio-respiratory fitness, exercise principles, and how to design and evaluate fitness programs/workouts. Students experience different types of workouts and are encouraged to apply the information to their own body and level of conditioning. (CSU, UC-with unit limitation)
KIN 0007. Aerobic Fitness  
Units: 0.5-2  
Formerly known as PHED 7  
Hours: 36 activity per unit  
Creative exercises to promote a wide range of flexibility, muscular strength and endurance, and cardiovascular endurance. Includes a choreographed warm-up, aerobic segment, floorwork, and warm-down utilizing a variety of calisthenic and dance techniques and skills. (CSU, UC-with unit limitation)

KIN 0009. Cardio Kickboxing  
Units: 0.5-2  
Formerly known as PHED 13  
Hours: 36 activity per unit  
An intense non-contact cardiovascular workout utilizing kicking and punching techniques for differing fitness levels to include: warm-up, cardiovascular segment, muscle conditioning exercises, stretching, and cool down. (CSU, UC-with unit limitation)

KIN 0010. Fitness and Weight Management Boot Camp  
Units: 2-3  
Formerly known as PHED 22  
Hours: 54 (18 lecture, 36 activity) 2 units; 72 (36 lecture, 36 activity) 3 units  
Encourages a healthy attitude toward exercise, wellness and weight management. Topics include assessing and improving fitness levels, as well as nutrition, healthy living, and active lifestyle strategies that are involved in attaining and maintaining appropriate levels of wellness. Students with body mass indexes of 25 or over are best suited for this course because of the emphasis on weight management. (CSU, UC-with unit limitation)

KIN 0011. Instructional Methods for Group Fitness  
Units: 3  
Formerly known as PHED 85  
Hours: 72 (36 lecture, 36 activity)  
Addresses methods of instruction in leading group exercise in health clubs, resorts, institutions, corporate programs or medically supervised exercise programs. Topics include movement choreography, communication and cueing, music selection and counting. Practical application of kinesiology and muscle physiology are used to design various music based class formats and other current group fitness trends. (CSU)

KIN 0012. Instructional Methods for Personal Trainers  
Units: 3  
Hours: 72 (36 lecture, 36 laboratory)  
Emphasizes the development of instructional skills based on learning modalities and pedagogical practices for individuals working as a personal trainer in the fitness industry. Activities focused on those used to develop muscular endurance, muscular strength, muscular hypertrophy, and flexibility using various equipment options. Practical application of exercise science principles in anatomy, physiology, kinesiology, and exercise physiology used for exercise instruction and program design. (CSU)

KIN 0018. Peaceful Self Defense  
Units: 0.5-2  
Formerly known as PHED 69  
Hours: 36 activity per unit  
Introduction to fundamental principles, concepts, and theories of martial arts. Includes basic self defense, nonviolent self defense strategies, cardio conditioning, strength building exercises, flexibility training, nutrition, deep relaxation, and meditation with a focus on mind-body connection as it pertains to the art of physical combat. Benefits students of all skill levels. (CSU, UC-with unit limitation)

KIN 0019. Basic Self Defense  
Units: 1-2  
Formerly known as PHED 66  
Hours: 36 activity per unit  
Basic level course designed to teach students how to recognize and avoid potential threats, and to mentally and physically prepare themselves to respond to physical attacks if they should occur. Covers responses to a variety of attack situations including pushes, grabs, chokes, punches, kicks, rear attacks, ground attacks, and assaults with handguns, long-guns and knives. Special emphasis is placed on takedowns, disarming and controlling attackers. (CSU, UC-with unit limitation)

KIN 0020. Multi Self Defense System  
Units: 0.5-2  
Formerly known as PHED 80  
Hours: 36 activity per unit  
A multi combat self defense system combining the martial arts of Escrima (stick and knife fighting), Jujitsu, and Kenpo. Focus on teaching application of principles leading to utilizing ordinary items to help defend oneself. Emphasis on strengthening the body and improving endurance. (CSU, UC-with unit limitation)

KIN 0023. Tai Chi  
Units: 0.5-2  
Formerly known as PHED 14  
Hours: 36 activity per unit  
Ancient Chinese martial art that improves balance and coordination, promotes health, and reduces stress. Emphasizes meditation in motion and self-defense. Focus on mind/body harmony through balancing body energy (chi). (CSU, UC-with unit limitation)

KIN 0024. Self-Defense for Personal Safety  
Unit: 1.5  
Formerly known as PHED 63  
Hours: 54 (18 lecture, 36 laboratory)  
Provides individuals with information about personal safety and develops skills to avoid harm. Covers awareness in a variety of locations, such as home, workplace, school, online environment, car and parking lot. Topics include avoidance and awareness of potential dangers, appropriate responses, self-defense strategies (physical and non-physical), legal aspects of self-defense, physical fitness, sensitivity to violent crime victims, and the psychological factors involved in victimization. (CSU)

KIN 0026. Badminton  
Units: 0.5-2  
Formerly known as PHED 11  
Hours: 36 activity per unit  
Fundamental techniques of badminton skills including: service, drop shots, clear shots, forehand and backhand strokes. Covers strategy of singles and doubles play, rules, and game etiquette. Provides an opportunity for competition. (CSU, UC-with unit limitation)
KIN 0027. Recreational Basketball
Units: 0.5-2
Formerly known as PHED 23
Hours: 36 activity per unit
Introduction to basketball as a recreational/cardio sport, designed to assist students in acquiring basic skills and increasing aerobic fitness, balance, and advanced fitness levels, while actively participating in basketball activities. (CSU, UC-with unit limitation)

KIN 0028. Independent Study
Units: 1-3
Formerly known as PHED 28
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

KIN 0029. Flag Football
Units: 0.5-2
Formerly known as PHED 29
Hours: 36 activity per unit
Fundamental theory and practice of flag football skills and knowledge including: passing, kicking, receiving, blocking, defending and rushing. Covers the strategy of team play, rules and etiquette. Provides the opportunity for skill development and competition. (CSU, UC-with unit limitation)

KIN 0030. Golf
Units: 0.5-2
Formerly known as PHED 10
Hours: 36 activity per unit
Development of sufficient basic proficiency in golf to recognize and enjoy it as a lifetime activity; includes U.S.G.A. rules, etiquette and the fundamental mechanics involved in the use of irons and woods. (CSU, UC-with unit limitation)

KIN 0031A. Soccer Level I
Units: 0.5-2
Formerly known as PHED 27A
Hours: 36 activity per unit
Fundamental theory and practice, including passing, dribbling, shooting, formations, and strategy. Primary emphasis on the application of skills, rules, and introduction to strategy in game play. (CSU, UC-with unit limitation)

KIN 0031B. Soccer Level II
Units: 0.5-2
Formerly known as PHED 27B
Hours: 36 activity per unit
Tactical theory and practice, including small group attacking, small group defending, team attacking and team defending. Primary emphasis on tactics and strategy within the game. (CSU, UC-with unit limitation)

KIN 0032. Tennis
Units: 0.5-2
Formerly known as PHED 16
Hours: 36 activity per unit
Fundamental techniques of service, forehand, volleys, and backhand. Covers strategy, rules, and etiquette. Provides an opportunity for competition in both singles and doubles play. (CSU, UC-with unit limitation)

KIN 0032B. Advanced Tennis
Units: 0.5-2
Hours: 36 activity per unit
Advanced techniques of service, forehand, and backhand. Also advanced return of serve techniques and strategies. Provides an opportunity for more intense competition in both singles and doubles play. (CSU, UC-with unit limitation)

KIN 0033. Volleyball
Units: 0.5-2
Formerly known as PHED 26
Hours: 36 activity per unit
Fundamental skills, rules, and strategies of volleyball. Primary emphasis on the application of skills and strategy needed to play volleyball. (CSU, UC-with unit limitation)

KIN 0034. Beach Volleyball
Units: 0.5-2
Hours: 36 activity per unit
Provides instruction and practice in fundamental beach volleyball techniques. Individual skills, such as passing, setting, hitting, blocking and serving, as well as team offensive and defensive strategies. (CSU, UC-with unit limitation)

KIN 0035A. Futsal - Level I
Units: 0.5-2
Hours: 36 activity per unit
Introductory course includes game strategy, tactics, and laws of the game. Futsal is a modified form of soccer played indoors on a hard surface with a low bouncing ball. Students develop basic skills in dribbling, passing, heading, shooting and receiving, along with offensive and defensive strategies. (CSU, UC-with unit limitation)

KIN 0035B. Futsal - Level II
Units: 0.5-2
Advisory: Completion of KIN 35A with grade of “C” or better
Hours: 36 activity per unit
Students develop advanced tactical theory and practice, including small group attacking, small group defending, team attacking and team defending. Primary emphasis on tactics and strategy within the game. (CSU, UC-with unit limitation)

KIN 0040. Water Exercise for Fitness
Units: 0.5-2
Formerly known as PHED 8
Hours: 36 activity per unit
Designed to improve muscle tone and cardiovascular fitness. Exercises conducted in the water, utilizing the resistance of water against body movement. Strength and conditioning exercises are integrated with aerobic exercises so that students may have the potential for maximum benefit in a short time. Suitable for students with injuries or physical limitations. (CSU, UC-with unit limitation)

KIN 0041. Fundamentals of Swimming
Units: 0.5-2
Formerly known as PHED 36
Hours: 36 activity per unit
Development of physical and mental adjustment to the water. For non-swimmers through advanced. Basic instruction in swimming, use of swimming equipment, water safety skills, water entry and exit, and water exercises and techniques. Instruction and practice in developing aerobic fitness. (CSU, UC-with unit limitation)
KIN 0042. Swimming Conditioning  
Units: 0.5-2  
Formerly known as PHED 39  
Hours: 36 activity per unit  
Development of muscular and cardiovascular endurance. Instruction in distance training, interval training, water exercise, sprint training, stroke techniques, equipment usage, and water games associated with swimming. (CSU, UC-with unit limitation)

KIN 0050A. Ballet I  
Units: 0.5-2  
Formerly known as PHED 56A  
Hours: 36 activity per unit  
Introduction to fundamentals of classical ballet focusing on the development of technique through proper alignment, flexibility and strength. Elements of history, terminology and appreciation of ballet as an art form are explored. (CSU, UC)

KIN 0050B. Ballet II  
Units: 0.5-2  
Formerly known as PHED 56B  
Advisory: Completion of KIN 50A with grade of "C" or better  
Hours: 36 activity per unit  
Continuation of classical ballet training, exploring elements of ballet history, musicality, terminology, technique, and performance. Pointe technique and character dance are also presented. (CSU, UC)

KIN 0051. Jazz Dance  
Units: 0.5-2  
Formerly known as PHED 54  
Hours: 36 activity per unit  
Fundamentals of jazz dance with emphasis on ballet basics, flexibility, coordination, weight transference, isolation, floor and barre work, including jazz history, composition basics, stylization, and improvisation. (CSU, UC)

KIN 0053. Ballroom Dance  
Units: 0.5-2  
Formerly known as PHED 51D  
Hours: 36 activity per unit  
Basic skills in social and ballroom dance steps, including Swing, Salsa, Tango, Waltz, Fox Trot, Cha-Cha, Rumba, Mambo, and Samba. Includes dance etiquette, development of rhythm, and the history of social dances. (CSU, UC)

KIN 0054. Modern Dance  
Units: 0.5-2  
Formerly known as PHED 53  
Hours: 36 activity per unit  
Development and improvement in body alignment, flexibility, strength endurance, balance coordination, relaxation coordination and modern dance techniques so that the body can be used as an instrument of creative expression. (CSU, UC)

KIN 0055. Line Dance  
Units: 0.5-2  
Formerly known as PHED 51C  
Hours: 36 activity per unit  
Basic skills in line dancing. Traditional, past and current dances are taught. Includes development of rhythm and the history of line dances. (CSU, UC)

KIN 0062. Fundamentals of Yoga  
Units: 0.5-2  
Formerly known as PHED 55  
Hours: 36 activity per unit  
Development of basic Yoga postures, breathing practices, stretching, and relaxation techniques as a method to improve flexibility, decrease stress and improve physical and mental well-being. (CSU, UC-with unit limitation)

KIN 0065. Yoga History and Culture  
Units: 3  
Hours: 54 lecture  
Designed as a survey of the history and culture of yoga, both as a historical practice and a physical discipline. Students will learn about yoga's transformation from ancient to contemporary times, Ayurveda nutrition and yoga as a career option. (letter grade only) (CSU)

KIN 0066. Yoga Pedagogy Lecture  
Units: 0.5-2  
Formerly known as PHED 68  
Hours: 36 activity per unit  
Exploration of the body/mind connection through techniques of visualization, affirmation, concentration and meditation. (CSU)

KIN 0069. Mat Pilates  
Units: 0.5-2  
Formerly known as PHED 19  
Hours: 36 activity per unit  
Designed to improve "core" muscles of the torso, improve posture, suppleness, and elongate the body. Targets legs, back, hips, and abdominal muscle groups. Includes warm up, muscle strengthening exercises, muscle endurance exercises, flexibility training, and cool down. Student must provide Yoga or Pilates "sticky" mat. (CSU, UC-with unit limitation)

KIN 0070. Yoga Pedagogy Lab  
Unit: 1  
Prerequisite: Concurrent enrollment in or completion of KIN 66 with grade of "C" or better  
Hours: 54 laboratory  
Designed as an introduction to teaching the physical discipline of Hatha yoga. Students will learn about different types of Hatha yoga, anatomy, injury prevention, cueing, ethics, and development of their own yoga class. (CSU)

KIN 0071. Adapted Aquatics  
Units: 0.5-2  
Formerly known as PHED 73  
Advisory: Physician's approval recommended for participation  
Hours: 36 activity per unit  
For physically and/or developmentally challenged individuals, providing individually prescribed exercises, adaptive and/or modified swimming, and exercises designed to improve ambulation, balance, and cardiorespiratory endurance. (CSU, UC-with unit limitation)
KIN 0072. Adapted Aerobic Fitness
Units: 0.5-2
Formerly known as PHED 74
Advisory: Physician’s approval recommended for participation
Hours: 36 activity per unit
Aerobic fitness training for individuals with developmental and or physical challenges. Emphasis on improving individual levels of aerobic fitness through the use of fitness machines. Class activities adapted and modified to meet individual needs. (CSU, UC-with unit limitation)

KIN 0073. Adapted Individualized Exercises
Units: 0.5-2
Formerly known as PHED 72
Advisory: Physician’s approval recommended for participation
Hours: 36 activity per unit
The purpose of this class is to improve joint flexibility, muscle endurance and muscle strength in students having difficulty with ambulation, balance, and/or motor skills. Individualized Progressive Resistance exercise programs will be developed based on the student’s physical and or developmental abilities, physician’s recommendation, and student’s personal goals. (CSU, UC-with unit limitation)

KIN 0080. ACE Personal Trainer Preparation
Units: 3
Formerly known as PHED 32
Hours: 54 lecture
Synthesis of principles and theories in exercise physiology, kinesiology, nutrition, and basic behavioral sciences. Application of principles to physical fitness testing and exercise program design and implementation. Prepares students for the American Council on Exercise (ACE) personal trainer certification examination. (CSU)

KIN 0081. Introduction to Kinesiology
Units: 3
Formerly known as PHED 81
Hours: 54 lecture
Introduces the interdisciplinary approach to the study of human movement. An overview of the importance of the sub-disciplines in kinesiology are discussed along with career opportunities in teaching, coaching, allied health, and fitness professions. (C-ID KIN 100) (CSU, UC-with unit limitation)

KIN 0082. Sports Officiating
Units: 2
Formerly known as PHED 82
Hours: 54 (36 lecture, 18 laboratory)
Officiating team and individual sports. Emphasizes officiating concepts, skills, fundamentals and etiquette of basketball, baseball/softball, volleyball and soccer. Students are required to perform physical activities associated with officiating. (CSU)

KIN 0083. Physiology of Fitness
Units: 3
Formerly known as PHED 83
Hours: 54 lecture
Introductory course in sports physiology with special emphasis on body systems and how each adapts and responds to physical movement. Review of training strategies implemented to increase functionality of organ systems to improve physical fitness and performance. Provides students with exposure to a variety of performance goals and fitness levels including exercise for health, fitness, recreation, and sports competition. (CSU, UC-with unit limitation)

KIN 0084. Care and Prevention of Athletic Injuries
Units: 3
Formerly known as PHED 84
Hours: 54 lecture
Designed for students interested in the prevention, evaluation and care of athletic injuries. Introduction to theoretical concepts and practical skills necessary for the proper and effective management of common athletic injuries and medical conditions. Includes the prevention, recognition, evaluation, management and rehabilitation of injuries, taping techniques, and emergency procedures. (CSU)

KIN 0086. Psychology of Sport
Units: 3
Formerly known as PHED 86
Hours: 54 lecture
Surveys the theory, research, and applications of psychology pertaining to exercise and sports. Presents current topics and issues relevant to sport psychology. Designed for students interested in coaching, athletic training and personal performance. (CSU)

KIN 0087A. Theory of Baseball
Units: 3
Formerly known as PHED 89A
Hours: 54 lecture
Study and analysis of competitive baseball. Emphasis on defense, offense, pitching, base running, and team strategy. Designed for students with baseball experience and/or the desire to coach baseball at any level. (CSU, UC-with unit limitation)

KIN 0087B. Theory of Basketball
Units: 3
Formerly known as PHED 89B
Hours: 54 lecture
Study and analysis of competitive basketball. Emphasis on defense, offense, individual and team skill development, rules and games preparation and strategy. Designed for students with basketball experience and/or the desire to coach basketball at any level. (CSU, UC-with unit limitation)

KIN 0087C. Theory of Football
Units: 3
Formerly known as PHED 89F
Hours: 54 lecture
Study and analysis of competitive football. Emphasis on defense, offense, special teams and strategies. Designed for students with football experience and/or the desire to coach football at any level. (CSU, UC-with unit limitation)

KIN 0087D. Theory of Soccer
Units: 3
Formerly known as PHED 89H
Hours: 54 lecture
Theories of offensive and defensive strategies in competitive soccer. Includes study, analysis, and critique of skills and strategies in preparation for all levels of soccer competition. Designed for students with soccer experience and/or the desire to coach soccer at any level. (CSU, UC-with unit limitation)
KIN 0087E. Theory of Softball  
Units: 3  
Formerly known as PHED 89C  
Hours: 54 lecture  
Study and analysis of competitive softball. Emphasis on defense, offense, pitching, baserunning, team strategies, stats recording and scorekeeping. Designed for students with softball experience and/or the desire to coach softball at any level. (CSU, UC-with unit limitation)

KIN 0087F. Theory of Volleyball  
Units: 3  
Formerly known as PHED 89G  
Hours: 54 lecture  
Study and analysis of competitive volleyball. Emphasis on defense, offense, individual and team skill development, rules and games preparation and strategy. Designed for students with volleyball experience and/or the desire to coach volleyball at any level. (CSU, UC-with unit limitation)

KIN 0088. Introduction to Coaching Team Sports  
Units: 3  
Formerly known as PHED 88  
Hours: 54 lecture  
Designed for students interested in coaching team sports. Emphasizes the components of team concepts and the organizational skills needed to implement and conduct a team sport program. (CSU, UC-with unit limitation)

KIN 0095. Internship in Kinesiology  
Units: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

KIN 0096. Sports Activities  
Units: 0.5-2  
Formerly known as PHED 93  
Hours: 36 activity per unit  
Intra-class competition in the group activities of basketball, flag football, volleyball, soccer, ultimate sports and softball. (CSU, UC-with unit limitation)

KIN 0100. Coaching the Young Athlete  
Units: 3  
Hours: 54 lecture  
Students will be introduced to the challenges of age and gender specific considerations in training of young athletes. Topics include training guidelines for young athletes, stages of athletic development, long-term training plans, specific strategies of motivation related to age groups, and providing an environment that promotes learning and fun. (CSU)

KIN 0101. Sport First Aid for Coaches  
Units: 3  
Hours: 54 lecture  
Provides new and experienced coaches with the action steps for the care and prevention of athletic injuries and illnesses. Includes performing physical assessments; strategies for reducing athletes’ risk of injury or illness; developing a medical emergency plan; returning athletes to play; and educating athletes and coaches on the effects and dangers of performance enhancers. (CSU)

KIN 0802. Adaptive Motor Skill Development  
Units: 0  
Formerly known as PHED 802  
Advisory: Physician’s approval recommended for participation  
Hours: 54 laboratory  
Physical activities to meet the varied needs of substantially disabled students. Activities include team sports, jogging/walking, weight training, Special Olympic training, swimming, and yoga. May be repeated. (noncredit)

Learning Disabilities (LRDS)  

LRDS 0610. Learning Disabilities Orientation  
Units: 0.5  
Hours: 9 lecture  
Orientation to the Learning Disabilities program and assessment of learning strengths and weaknesses to determine eligibility for learning disability services. Procedures and services offered follow the criteria mandated by the California Community College Chancellor’s Office Learning Disabilities Eligibility and Service Model. Students must complete an application for learning disability services and be approved for enrollment by the instructor. Students are asked to provide relevant documentation related to eligibility for services. (pass/no pass grading) (not degree applicable)

Lesbian, Gay, Bisexual and Transgender Studies (LGBT)  

LGBT 0001. Introduction to LGBT Studies/Queer Theory  
Units: 3  
Formerly known as HUM 27  
Also known as WMST 2  
Advisory: Eligibility for ENGL 1A  
Hours: 54 lecture  
A broad and general exploration of Lesbian, Gay, Bisexual, Transgender, Queer Studies and its relationship to Feminism. Emphasis on Sexual Orientation/Gender Identity and Expression and their intersections with Race/Ethnicity. Class, the LGBT Rights movement in the United States and globally. (C-ID SJS 130) (CSU, UC)

LGBT 0002. Queer (LGBTIQ) Film History  
Units: 3  
Formerly known as HUM 26  
Hours: 72 (36 lecture, 36 activity)  
Historical representations of Lesbian, Gay, Bisexual, Transgender and Queer sexualities in mainstream commercial cinema, as well as underground and independent films, from the silent era to the present. Examines theoretical approaches to the study of queer cinema, the way social attitudes shape cultural representation, and the relationship between audience interpretation and filmmakers’ intentions. An emphasis on the way that sexual orientation/gender identity intersects with race/ethnicity and socioeconomic background. (CSU, UC)

LGBT 0010. LGBT Narratives  
Unit: 1  
Hours: 18 lecture  
Introduction to LGBT narratives including biographical, literary, scientific, political and visual cultural. Designed for students interested in Spectrum’s Oral History Project. (not transferable)
LGBT 0028. Independent Study  
*Units: 1-3*

Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

Library Science (LIBS)  

LIBS 0028. Independent Study  
*Units: 1-3*

Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

LIBS 0095. Internship in Library Science  
*Units: 0.5-4*

Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Mathematics (MATH)  

MATH 0000A. Elementary Algebra  
*Units: 4-5*

Hours: 72 lecture (4 units); 90 lecture (5 units)
Real numbers and their properties, first degree equations and inequalities, graphs of linear equations in two variables, systems of linear equations in two variables, properties of integer exponents, polynomial operations, basic factoring, rational expressions, radical expressions, quadratic equations, and applied problems and problem solving. (not transferable)

MATH 0000B. Plane Geometry  
*Units: 4*

Prerequisite: Completion of MATH A with grade of "C" or better or placement by matriculation assessment process
Hours: 72 lecture
Study of points, lines, angles, polygons, triangles, similarity, congruence, geometric proofs, area, volume, perimeter, the circle, right triangle trigonometry. (not transferable)

MATH 0000D. Intermediate Algebra  
*Units: 4-5*

Prerequisite: Completion of MATH A with grade of "C" or better or placement by matriculation assessment process
Hours: 72 lecture (4 units); 90 lecture (5 units)
Exponents, radicals, complex numbers, factoring, linear and quadratic equations and inequalities; linear, quadratic, exponential and logarithmic functions; graphing, and systems of equations. (not transferable)

MATH 0000E. Practical Mathematics  
*Units: 6*

Hours: 108 lecture
Gain an appreciation of mathematics and its applications and develop a growth mindset towards mathematics. Students persevere through problem solving, enhancing their quantitative reasoning. Topics to be covered are: numeracy, arithmetic, proportional reasoning, algebraic reasoning, trigonometric reasoning, data analysis. Students will develop the marketable skills needed to apply mathematics to analyze, model and interpret real world data. (not transferable)

MATH 0000G. B-STEM Intermediate Algebra  
*Units: 5*

Hours: 90 lecture
B-STEM Intermediate Algebra is a one semester course for business, science, technology, engineering and math majors covering the topics of linear equations and applications, absolute value equations and inequalities, factoring, operations on rational and radical expressions, functions including composition and inverses, quadratic functions and graphs, exponential and logarithmic expressions and equations, and systems of equations. Computational techniques developed in beginning algebra are prerequisite skills for this course. This course is appropriate for students on a business or STEM pathway and have some knowledge of beginning algebra or who have had at least two years of high school algebra but have not used it for several years. (not transferable)

MATH 0010. Problem Solving  
*Units: 4*

Prerequisite: Completion of Intermediate Algebra or appropriate placement
Hours: 72 lecture
Individual and small-group problem solving geared toward real life situations and nontraditional problems. Problem solving strategies include: draw a diagram, eliminate possibilities, make a systematic list, look for a pattern, guess and check, solve an easier related problem, subproblems, use manipulatives, work backward, act it out, unit analysis, use algebra, finite differences, and many others. Divergent thinking and technical communication skills of writing and oral presentation are enhanced. Designed to teach students to think more effectively and vastly increase their problem solving ability. (CSU)

MATH 0012. College Algebra  
*Units: 4,6*

Prerequisite: Completion of MATH D or Math G with grade of "C" or better, or placement by matriculation assessment process
Hours: 72 lecture (4 units); 108 lecture (6 units)
Study of algebra topics beyond MATH D; including functions, graphs, logarithms, systems of equations, matrices, analytic geometry sequences, mathematical induction, and introduction to counting techniques. (CSU-with unit limitation, UC-with unit limitation)
MATH 0012S. Just in Time Support for Math 12 College Algebra

Units: 2
Corequisite: Concurrent enrollment in Math 12
Hours: 36 lecture
Just in time support covering the core prerequisite skills, competencies, and concepts from College Algebra. Intended for students who are concurrently enrolled in Math 12. Topics include competencies from Intermediate Algebra that are needed to understand the basics of College Algebra. (not degree applicable) (pass/no pass grading)

MATH 0013. Elementary Statistics

Units: 4
Prerequisite: Completion of MATH D or E with grade of "C" or better; or appropriate placement
Hours: 72 lecture
Introduction to the basic concepts of statistics. Emphasis on statistical reasoning and application of statistical methods. Topics include: graphical and numerical methods of descriptive statistics; methods of sampling; basic elements of probability; binomial, normal, and sampling distributions; the Central Limit Theorem; confidence interval estimates and hypothesis testing procedures for one and two population means and proportions; chi-square tests for goodness-of-fit and independence; linear regression and correlation; and an introduction to analysis of variance (ANOVA). Applications using data from business, economics, education, psychology, and the social and life sciences. (C-ID MATH 110) (CSU, UC-with unit limitation)

MATH 0013A. Elementary Statistics with Support (Part 1)

Units: 3
Prerequisite: Completion of MATH D or E with grade of "C" or better, or appropriate placement.
Hours: 54 Lecture
Part one of a two-part course in elementary statistics. Provides additional instructional support to enhance learning and promote conceptual understanding of statistics. Emphasis on statistical reasoning and application of statistical methods. Topics include: graphical and numerical methods of descriptive statistics; methods of sampling; basic elements of probability; binomial, normal, and sampling distributions; and the Central Limit Theorem. Applications using data from business, economics, education, psychology, and the social and life sciences. (CSU, UC-with unit limitation)

MATH 0013B. Elementary Statistics with Support (Part 2)

Units: 3
Prerequisite: Completion of MATH 13A with grade of "C" or better
Hours: 54 Lecture
Part two of a two-part course in elementary statistics. Provides additional instructional support to enhance learning and promote conceptual understanding of statistics. Emphasis on statistical reasoning and application of statistical methods. Topics include: confidence interval estimates and hypothesis testing procedures for one and two population means and proportions; chi-square tests for goodness-of-fit and independence; linear regression and correlation; and an introduction to analysis of variance (ANOVA). Applications using data from business, economics, education, psychology, and the social and life sciences. (CSU, UC-with unit limitation)

MATH 0013S. Just in Time Support for Elementary Statistics

Units: 2
Corequisite: Concurrent enrollment in MATH 13
Hours: 36 lecture
Just in time support option covering the core prerequisite skills, competencies, and concepts for Elementary Statistics. Intended for students who are concurrently enrolled in MATH 13. Topics include concepts from arithmetic, pre-algebra, elementary and intermediate algebra, and descriptive statistics that are needed to understand the basics of college-level statistics. Concepts are taught through the context of descriptive data analysis including an introduction to technologies such as Desmos, Excel, Statcrunch, Minitab, SPSS or graphing calculators. Recommended for students taking MATH 13 with little or no recent algebra knowledge. (not transferable) (not degree applicable) (pass/no pass grading)

MATH 0015. Discrete Mathematics

Units: 4
Prerequisite: Completion of MATH 30 with grade of "C" or better
Hours: 72 lecture
Study of set theory, relations and functions, logic, combinitorics and probability, algorithms, computability, matrix algebra, graph theory, recurrence relations, number theory including modular arithmetic. Various forms of mathematical proof are developed: proof by induction, proof by contradiction. (CSU, UC)

MATH 0016A. Calculus for Social and Life Sciences

Units: 4
Prerequisite: Completion of MATH 12 with grade of "C" or better or placement by matriculation assessment process
Advisory: Not recommended for students with grade of "C" or better in MATH 30
Hours: 72 lecture
Review of functions, limits, differentiation and integration of algebraic functions, calculus for exponential and logarithmic functions, applications of calculus in social and life sciences. This course is not intended for students majoring in mathematics, engineering, physics, or chemistry. (CSU, UC-with unit limitation)

MATH 0016B. Calculus for Social and Life Sciences

Units: 4
Prerequisite: Completion of MATH 16A or 30 with grade of "C" or better
Advisory: Completion of MATH 27 with grade of "C" or better
Hours: 72 lecture
Differentiation and integration of trigonometric functions, functions of several variables, partial derivatives, double integrals, introduction to differential equations, sequences and series, applications of calculus in the social and life sciences. (CSU, UC-with unit limitation)

MATH 0017. Concepts of Mathematics

Units: 3
Prerequisite: Three years of high school mathematics which includes two years of algebra and one year of geometry; or MATH D and B with grades of "C" or better; or placement by matriculation assessment process
Hours: 54 lecture
Exploration of mathematical patterns and relations, formulation of conjectures based on the explorations, proving (or disproving) the conjectures. Includes different problem solving techniques, number theory, probability, statistics, sequences and series, and geometry. Intended for students interested in elementary education. (CSU, UC-with unit limitation)
MATH 0017S. Concepts of Mathematics Support
Units: 2
Corequisite: Concurrent enrollment in Math 17
Hours: 36 lecture
Concurrent support for competency and concepts from Euclidean Geometry. Intended for students concurrently enrolled in Math 17. (not degree applicable) (pass/no pass grading)

MATH 0018. The Nature of Mathematics
Units: 3
Prerequisite: Completion of Intermediate Algebra or appropriate placement
Introduces students to the art and application of mathematics in the world around them. Topics include mathematical modeling, voting and apportionment, and mathematical reasoning with applications chosen from a variety of disciplines. Not recommended for students entering elementary school teaching or business. (CSU, UC-with unit limitation)

MATH 0019. Mathematical Concepts for Elementary School Teachers
Units: 3
Prerequisite: Completion of two years of high school algebra or MATH D with grade(s) of “C” or better or placement by matriculation assessment process
Focuses on the development of quantitative reasoning skills through in-depth, integrated explorations of topics in mathematics, including the real number system and its subsystems. The emphasis is on comprehension and analysis of mathematical concepts and applications of logical systems. (C-ID MATH 120) (CSU, UC)

MATH 0024. Modern Business Mathematics
Units: 3
Prerequisite: Two years of high school algebra or MATH D or MATH G with grade(s) of “C” or better, or placement by matriculation assessment process
Applications of mathematics in economics and business contexts. Topics include tables and graphs, functions, finance (interest and exponential models), rates of change including applications and optimization, and linear programming. (CSU)

MATH 0024S. Just in Time Support for Math 24 Modern Business Mathematics
Unit: 1.5
Corequisite: Concurrent enrollment in Math 24
Just in time support option covering the core prerequisite skills, competencies, and concepts for Modern Business Mathematics. Intended for students who are concurrently enrolled in MATH 24. Topics include numeracy; computational skills; the vocabulary of algebra; simplification, manipulation and evaluation of expressions and functions; solving and graphing linear equations and inequalities in one and two variables; solving and graphing systems of equations in two variables; factoring; algebraic operations on polynomial and rational expressions. Recommended for students taking Math 24 with little or no recent algebra knowledge. (not degree applicable) (pass/no pass grading)

MATH 0027. Trigonometry
Units: 4
Formerly known as MATH 8
Prerequisite: Completion of MATH D or MATH G with grade of “C” or better, or placement by matriculation assessment process
Hours: 72 lecture
Fundamentals of trigonometry. Topics include review of algebraic functions, definitions of trigonometric and circular functions, graphs, identities and applications. Other material includes solving trigonometric equations, solving triangles using the Laws of Sines and Cosines, parametric equations, vectors, polar coordinates and graphs, polar representations of complex numbers and conic sections. (CSU)

MATH 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

MATH 0029. Pre-Calculus Mathematics
Units: 4
Prerequisite: Completion of MATH 27 with grade of “C” or better or placement by matriculation assessment process
Hours: 72 lecture
Preparation for calculus. Study of polynomials, rational functions, exponential and logarithmic functions, trigonometric functions, systems of linear equations, matrices, determinants, rectangular and polar coordinates, conic sections, complex number systems, mathematical induction, binomial theorem, and sequences. Recommended for students who plan to take MATH 30. (CSU, UC-with unit limitation)

MATH 0030. Analytical Geometry and Calculus I
Units: 4
Prerequisite: Completion of MATH 12 and MATH 27, or MATH 29 with grades of “C” or better, or placement by matriculation assessment process
Hours: 72 lecture
Introduction to differential and integral calculus. Content includes limits, continuity, differentiation and integration of algebraic, trigonometric, exponential, logarithmic, hyperbolic and other transcendental functions; as well as application problems. (C-ID MATH 210) (combined with MATH 31, C-ID MATH 900S) (CSU, UC-with unit limitation)

MATH 0031. Analytical Geometry and Calculus II
Units: 4
Prerequisite: Completion of MATH 30 with grade of "C" or better
Hours: 72 lecture
Continuation of MATH 30. Content includes techniques of integration, improper integrals, applications of integration, infinite series, parametric equations and polar coordinates. (C-ID MATH 220) (combined with MATH 30, C-ID MATH 900S) (CSU, UC-with unit limitation)

MATH 0032. Analytical Geometry and Calculus III
Units: 4
Prerequisite: Completion of MATH 31 with grade of "C" or better
Hours: 72 lecture
Continuation of MATH 31. Vectors and analytic geometry in the plane and space; functions of several variables; partial differentiation, multiple integrals, and application problems; vector functions and their derivatives; motion in space; and surface and line integrals, Stokes’ and Green’s Theorems, and the Divergence Theorem. (C-ID MATH 230) (CSU, UC)
MATH 0033. Differential Equations and Linear Algebra  
Units: 6  
Prerequisite: Completion of MATH 31 with grade of "C" or better  
Advisory: Completion of MATH 32 with grade of "C" or better strongly recommended  
Hours: 108 lecture  
First and second order ordinary differential equations, linear differential equations, numerical methods and series solutions, Laplace transforms, modeling and stability theory, systems of linear differential equations, matrices, determinants, vector spaces, linear transformations, orthogonality, eigenvalues and eigenvectors. (C-ID MATH 910S) (CSU, UC)  

MATH 0042. Business Calculus  
Units: 4  
Prerequisite: Completion of MATH D or MATH G with grade of "C" or better, or placement by matriculation assessment process  
Advisory: Completion of MATH 12 strongly recommended, especially for students who have not recently taken MATH D or MATH G  
Hours: 72 lecture  
Introduction to differential and integral calculus with particular emphasis on applications in the fields of business, economics, and social sciences. Includes: concepts of a function, limits, derivatives, integrals of polynomial, exponential and logarithmic functions, optimization problems, and calculus of functions of more than one variable. Recommended for Business Majors transferring to CSU, Sacramento. Not recommended for students with credit for MATH 30. (C-ID MATH 140) (CSU, UC-with unit limitation)  

MATH 0042S. Just in Time Support for Math 42 Business Calculus  
Units: 2  
Corequisite: Concurrent enrollment in Math 42  
Hours: 36 lecture  
Just in time support option covering the core prerequisite skills, competencies, and concepts for Business Calculus. Intended for students who are concurrently enrolled in MATH 42. Topics include numeracy; computational skills; the vocabulary of algebra; simplification, manipulation and evaluation of expressions and functions; solving and graphing linear equations and inequalities in one and two variables; solving and graphing systems of equations in two variables; factoring, algebraic operations on polynomial and rational expressions. Recommended for students taking Math 42 with little or no recent algebra knowledge. (not degree applicable) (pass/no pass grading)  

MATH 0584. Math Success-Overcoming Math Anxiety  
Unit: 1  
Hours: 18 lecture  
Designed to assist students to recognize common fears and misconceptions of mathematics and develop personal strategies to overcome math and test anxiety. Specific study skills and strategies are discussed. Individual math learning styles are analyzed. (not degree applicable)  

MATH 0800S. Just in Time Support for B-STEM Intermediate Algebra  
Units: 0  
Corequisite: Concurrent enrollment in Math G  
Hours: 54 lecture  
Just in time support option covering the core prerequisite skills, competencies, and concepts for Intermediate Algebra. Intended for students who are concurrently enrolled in MATH G - B-STEM Intermediate Algebra. Topics include: numeracy, computational skills, the vocabulary of algebra, evaluation of expressions and functions, solving and graphing linear equations and inequalities in one and two variables, solving and graphing systems of equations in two variables, factoring, algebraic operations on polynomial and rational expressions. Recommended for students taking Math G – B-STEM Intermediate Algebra with little or no recent algebra knowledge. (pass/no pass grading) (noncredit)  

MATH 0812S. Just in Time Support for Math 12 College Algebra  
Units: 0  
Corequisite: Concurrent enrollment in Math 12  
Hours: 36 lecture  
Just in time support covering the core prerequisite skills, competencies, and concepts from College Algebra. Intended for students who are concurrently enrolled in Math 12. Topics include competencies from Intermediate Algebra that are needed to understand the basics of College Algebra. (pass/no pass grading) (noncredit)  

MATH 0813S. Just in Time Support for Elementary Statistics  
Units: 0  
Corequisite: Concurrent enrollment in MATH 13  
Hours: 36 lecture  
Just in time support option covering the core prerequisite skills, competencies, and concepts for Elementary Statistics. Intended for students who are concurrently enrolled in MATH 13. Topics include concepts from arithmetic, pre-algebra, elementary and intermediate algebra, and descriptive statistics that are needed to understand the basics of college-level statistics. Concepts are taught through the context of descriptive data analysis including an introduction to technologies such as Desmos, Excel, Statcrunch, Minitab, SPSS or graphing calculators. Recommended for students taking MATH 13 with little or no recent algebra knowledge. (pass/no pass grading) (noncredit)  

MATH 0824S. Just in Time Support for Math 24 Modern Business Mathematics  
Units: 0  
Formerly known as MATH 824  
Corequisite: Concurrent enrollment in Math 24  
Hours: 27 lecture  
Just in time support option covering the core prerequisite skills, competencies, and concepts for Modern Business Mathematics. Intended for students who are concurrently enrolled in MATH 24. Topics include numeracy; computational skills; the vocabulary of algebra; simplification, manipulation and evaluation of expressions and functions; solving and graphing linear equations and inequalities in one and two variables; solving and graphing systems of equations in two variables; factoring, algebraic operations on polynomial and rational expressions. Recommended for students taking Math 24 with little or no recent algebra knowledge. (noncredit)
MATH 0842S. Just in Time Support for Math 42 Business Calculus
Units: 0
Formerly known as MATH 842
Corequisite: Concurrent enrollment in Math 42
Hours: 36 lecture
Just in time support option covering the core prerequisite skills, competencies, and concepts for Business Calculus. Intended for students who are concurrently enrolled in Math 42. Topics include numeracy; computational skills; the vocabulary of algebra; simplification, manipulation and evaluation of expressions and functions; solving and graphing linear equations and inequalities in one and two variables; solving and graphing systems of equations in two variables; factoring; algebraic operations on polynomial and rational expressions. Recommended for students taking Math 42 with little or no recent algebra knowledge. (noncredit)

Mechatronics (MECH)

MECH 0001. The Science of Electronics
Units: 3
Formerly known as CIE 1
Hours: 54 lecture
Survey of electronics technology presented in the context of the principles of science. Application of the scientific method to topics ranging from basic circuits to microprocessors, including electronic music, robotics, electric vehicles, fiber optics, semiconductors, and medical imaging. Scientific, historical, political, and economic connections to electronics technology. (CSU)

MECH 0004. Fundamentals of Mechatronics
Units: 4
Formerly known as CIE 4
Hours: 108 (54 lecture, 54 laboratory)
Introduction to mechatronics, which combines electronics, mechanics, pneumatics, and hydraulics, under computer control; as applied to robotics and automation. Presented through hands-on, project-based experiments that demonstrate industrial applications. (CSU)

MECH 0008. Introduction to Electronics
Units: 3
Formerly known as CIE 8
Hours: 54 lecture
General principles, concepts, terminology, and applications of electronics in the context of mechatronics technology. (CSU)

MECH 0010. Fundamentals of Electronics
Units: 4
Formerly known as CIE 10
Advisory: Concurrent enrollment in MECH 14
Hours: 126 (54 lecture, 72 laboratory)
A fundamental study of electronic devices, circuits, and systems as applied to robotics, computers and industrial automation. Presented through hands-on, project-based experiments. (CSU)

MECH 0014. Fabrication Techniques
Units: 2
Formerly known as CIE 14
Advisory: Concurrent enrollment in MECH 10
Hours: 72 (18 lecture, 54 laboratory)
Introductory course covering the function and construction of electronic projects and equipment. Includes design and fabrication of enclosures, single and double-sided printed circuit boards, safe use of power and hand tools, through-hole, point-to-point and surface-mount soldering, rework techniques, and wiring. Research component vendors and develop a spreadsheet-based Bill Of Materials. (CSU)

MECH 0025. Computers for Robotics and Automation
Units: 4
Formerly known as CIE 25/CIS 25/CST 25
Hours: 108 (54 lecture, 54 laboratory)
Concentrated study of computer hardware and software as applied to industrial automation and robotics. Includes hardware and software installation, configuration, upgrading, diagnostics, troubleshooting, and repair. Topics include communication protocols, basic input/output system (BIOS), power-on self test (POST) procedures, disk operating system (DOS), Windows, Linux, and local area network (LAN) fundamentals. Industrial applications include data acquisition, and robotic control. (CSU)

MECH 0028. Independent Study
Units: 1-3
Formerly known as CIE 28
Hours: 54 laboratory hours per unit
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

MECH 0044. Mechatronic Processes and Materials
Units: 2
Formerly known as CIE 44
Hours: 72 (18 lecture, 54 laboratory)
Application of tools and materials required for design, installation and repair of mechatronic systems. Each student fabricates a final project applying system-based mechatronic principles and skills. (CSU)

MECH 0054. Mechatronics System
Units: 4
Formerly known as CIE 54
Prerequisite: Completion of MECH 4 with grade of "C" or better
Hours: 108 (54 lecture, 54 laboratory)
Full integration of mechatronic principles into complete closed-loop systems such as automated production equipment and industrial robots. Topics include sensors, optical encoders, analog-to-digital and digital-to-analog conversion, closed-loop AC and DC motor control, hydraulic power concepts, hydraulic motors, pneumatic and hydraulic valves and actuators and fluid power computer simulation tools. (CSU)
MECH 0090. Microcontroller Embedded Systems  
*Units: 4*
Formerly known as CIE 90  
Prerequisite: Completion of MECH 10 and MECH 14 with grades of "C" or better  
Hours: 108 (54 lecture, 54 laboratory)  
Study of microcontroller based embedded systems using industry standard hardware and development software. Topics and laboratory exercises covering system architecture, applications of embedded systems, real world interfacing, software development, test and troubleshooting techniques. (CSU)  

MECH 0095. Internship in Mechatronics  
*Units: 0.5-4*
Formerly known as CIE 95  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)  

Music (MUS)  

MUS 0002. Music Appreciation  
*Units: 3*
Hours: 54 lecture  
Foundation course recommended for all students seeking a basis for the understanding and enjoyment of music. Discussion of music elements, orchestral instruments, vocabulary, and historical styles and periods using time-proven masterworks. (C-ID MUS 100) (CSU, UC)  

MUS 0003A. Ear Training I  
*Unit: 1*
Prerequisite: Completion of MUS 10 with grade of "C" or better or equivalent knowledge of music notation  
Advisory: Concurrent enrollment in MUS 6A and MUS 40A  
Hours: 44 (18 lecture, 26 laboratory)  
This course applies and develops materials of MUS 6A used for musical analysis and dictation of rhythms, intervals, chords and melodies plus sight singing of short, simple diatonic melodies. (C-ID MUS 125) (CSU, UC)  

MUS 0003B. Ear Training II  
*Unit: 1*
Prerequisite: Completion of MUS 3A with grade of "C" or better  
Advisory: Concurrent enrollment in MUS 6B and MUS 40B  
Hours: 40 (14 lecture, 26 laboratory)  
This course applies and develops the rhythmic, melodic and harmonic materials of MUS 6B through ear training, sight singing, analysis and dictation. (C-ID MUS 135) (CSU, UC)  

MUS 0004A. Advanced Ear Training I  
*Unit: 1*
Prerequisite: Completion of MUS 3B with grade of "C" or better  
Advisory: Concurrent enrollment in MUS 9A and MUS 40C  
Hours: 40 (14 lecture, 26 laboratory)  
This course applies and develops the rhythmic, melodic and harmonic materials of MUS 9A through ear training, sight singing, analysis and dictation. (C-ID MUS 145) (CSU, UC)  

MUS 0004B. Advanced Ear Training II  
*Unit: 1*
Prerequisite: Completion of MUS 4A with grade of "C" or better  
Advisory: Concurrent enrollment in MUS 9B and MUS 40D  
Hours: 40 (14 lecture, 26 laboratory)  
This course applies and develops the rhythmic, melodic, and harmonic materials of MUS 9B through ear training, sight singing, analysis, and dictation. (C-ID MUS 155) (CSU, UC)  

MUS 0006A. Music Theory I  
*Units: 3*
Prerequisite: Completion of MUS 10 with grade of "C" or better or equivalent knowledge of music notation  
Advisory: Completion of MUS 40A with grade of "C" or better or equivalent piano skill; completion with grade of "C" or better or concurrent enrollment in MUS 3A  
Hours: 54 lecture  
Through guided composition and analysis, incorporates the following concepts: rhythm and meter; basic properties of sound; intervals; diatonic scales and triads; diatonic chords, basic cadential formulas and phrase structure; dominant seventh; figured bass symbols; and non-harmonic tones. Develops skills in handwritten notation. (C-ID MUS 120) (CSU, UC)  

MUS 0006B. Music Theory II  
*Units: 3*
Prerequisite: Completion of MUS 6A with grade of "C" or better or passing score on examination  
Advisory: Completion of MUS 40B with grade of "C" or better or equivalent keyboard skills and ability to read music notation  
Hours: 72 (54 lecture, 18 laboratory)  
Introduction to electronic music creation, audio synthesis, sequencing, MIDI technology, and computer-aided music notation. Areas of coverage include signal flow, creation of sound patches and tracks, computer-aided score notation, and hardware/computer-aided sequencing. (CSU)  

MUS 0007. Composition with Electronic Media  
*Units: 3*
Advisory: Completion of MUS 10 and 40A with grades of "C" or better  
Hours: 72 (54 lecture, 18 laboratory)  
Introduction to electronic music creation, audio synthesis, sequencing, MIDI technology, and computer-aided music notation. Areas of coverage include signal flow, creation of sound patches and tracks, computer-aided score notation, and hardware/computer-aided sequencing. (CSU)  

MUS 0009A. Music Theory III  
*Units: 3*
Prerequisite: Completion of MUS 6B with grade of "C" or better  
Advisory: Completion of MUS 40C with grade of "C" or better or equivalent piano skill; completion with grade of "C" or better or concurrent enrollment in MUS 4A  
Hours: 54 lecture  
Incorporates the concepts from MUS 6B. In addition, through guided composition and analysis, includes: an introduction to two-part counterpoint; voice leading involving four-part chorale writing; diatonic harmony; and an introduction to secondary/applied chords and modulation. (C-ID MUS 130) (CSU, UC)  

MUS 0009B. Advanced Ear Training III  
*Unit: 1*
Prerequisite: Completion of MUS 9B with grade of "C" or better  
Advisory: Concurrent enrollment in MUS 9C and MUS 40E  
Hours: 40 (14 lecture, 26 laboratory)  
This course applies and develops the rhythmic, melodic and harmonic materials of MUS 9C through ear training, sight singing, analysis and dictation. (C-ID MUS 146) (CSU, UC)
MUS 0009B. Music Theory IV
Units: 3
Prerequisite: Completion of MUS 9A with grade of "C" or better
Advisory: Completion of MUS 40D with grade of "C" or better or equivalent piano skill; completion with grade of "C" or better or concurrent enrollment in MUS 4B
Hours: 54 lecture
Incorporates the concepts from MUS 9A. In addition, through writing and analysis, includes: post-Romantic techniques such as borrowed chords and modal mixture, chromatic mediants, Neapolitan and augmented-sixth chords, 9th, 11th and 13th chords, altered chords and dominants; and 20th century techniques such as: Impressionism, tone rows, set theory, pandiatonicism and polytonalism, meter and rhythm. (C-ID MUS 150) (CSU, UC)

MUS 0010. Music Fundamentals
Units: 3
Hours: 54 lecture
An elementary course designed to provide the basic musical skills, knowledge, and competencies necessary for reading or listening to music. Covers elements of music, scales, notation, rhythm, and sight reading. No prior musical training necessary. Note: Not open to students who are taking or have successfully completed MUS 3A-3B or MUS 6A-6B. (CSU, UC-with unit limitation)

MUS 0011. Introduction and History of Jazz
Units: 3
Hours: 54 lecture
Introduction to the history of jazz from traditional European, African and Latin origins to various contemporary and fusion styles. Contributions of great jazz artists studied. Focus placed on developing critical skills applicable to listening to jazz arrangements and improvisation. (CSU, UC)

MUS 0012A. Survey of Music History and Literature to 1750
Units: 3
Hours: 54 lecture
Study of the history of Western art music from antiquity through the Baroque Era including the influences of the Catholic Church, contributions of various personalities and cultures with selected readings, recordings, and score study. (CSU, UC)

MUS 0012B. Survey of Music History and Literature from 1750 to Present
Units: 3
Hours: 54 lecture
Study of the history of Western art music from the end of the Baroque era to the present, including contributions of other cultures with selected readings and recordings. (CSU, UC)

MUS 0013. Introduction to Music: History of Rock and Roll
Units: 3
Hours: 54 lecture
History of Rock and Roll music in social, political, cultural, and economic context. Includes guided listening and video presentations to show the evolution of Rock from its roots to current stylistic trends. (CSU, UC)

MUS 0014. Introduction to Commercial Music Production
Units: 3
Advisory: Completion of MECH 10 with grade of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Emphasis on audio concepts including basic and essential audio theory, development of critical listening skills, and perception of audio in the form of acoustic and electrical energy. Discussion and exercises in signal flow, recording facility configuration, sound reinforcement system set-up and working within different acoustic environments. Introductory training in equipment selection and placement as well as basic tracking techniques are offered. (CSU)

MUS 0015. Audio Recording
Units: 3
Advisory: Completion with grade of "C" or better or concurrent enrollment in MUS 14
Hours: 72 (54 lecture, 18 laboratory)
Studio media content production techniques with targeted training on capture of individual instrumental and vocal sources. Coverage of analogue and digital multi-track recording techniques. Overview of basic and essential audio concepts. Opportunity for practical implementation of signal processing techniques and use of related technology such as digital signal processing. Small group multi-track projects will be required. (CSU)

MUS 0016. Media Content and Public Event Technology
Units: 3
Advisory: Completion of MUS 10 and MUS 40A with grades of "C" or better
Hours: 72 (54 lecture, 18 laboratory)
Orientation to areas of professional activity in the fields of media content creation and public event technical support. Introduction to public and private-sector entities and areas of independent, entrepreneurial professional practice. Training in concepts including basic and essential audio theory, development of critical listening skills, and perception of audio in the form of acoustic and electrical energy. Discussion and exercises in signal flow, media production facility configuration, sound reinforcement system set-up and working within different acoustic environments. Introductory training in production equipment selection and configuration. (CSU)

MUS 0018. Live Sound
Units: 2
Advisory: Completion with grade of "C" or better or concurrent enrollment in MUS 16
Hours: 72 (18 lecture, 54 laboratory)
Training provided in a variety of public event technical support scenarios where sound reinforcement is required, including live musical performance, theatrical production, AV/multimedia, and corporate event support. Students will receive introductory training in sound system components and configuration, venue and event evaluation, production techniques and logistics, and production-related business practices. Students will engage in hands-on training in PA system setup, operation, troubleshooting, teardown, transport, and maintenance procedures. (CSU)

MUS 0025. Introduction to Entertainment Industry
Units: 3
Hours: 54 lecture
Exploration of non-performance career options in multiple areas of the media content management and public event technical support industries. Areas of emphasis include professional practices in the music and theatrical production fields including marketing, publishing, copyrighting, licensing, and contracts. Students will be introduced to strategies for working with unions, guilds, artists, producers, managers, and performance venue personnel. (CSU)
MUS 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

MUS 0029. Audiovisual Event Production
Units: 3
Prerequisite: Completion of MUS 16 with grade of "C" or better
Hours: 72 (36 lecture, 36 activity)
Training in audiovisual technical support for public events. Students will receive introductory training in multimedia presentation, meeting/conference support system components and configuration, venue and event needs evaluation, production logistics, in-house system design and integration, and audiovisual related business practices. Students will engage in hands-on training in system design, setup, transport, installation, operation, maintenance, troubleshooting, and repair procedures. (CSU)

MUS 0039A. Beginning Voice
Units: 2
Formerly known as MUS 39
Hours: 54 (18 lecture, 36 activity)
Introductory study of efficient vocal production and performance. Beginning exercises for breath management, extending the vocal range, increasing vocal resonance and volume, and singing in an expressive manner introduced. Vocal exercises and solos are performed to demonstrate these skills. (CSU, UC)

MUS 0039B. Intermediate Voice
Units: 2
Prerequisite: Completion of MUS 39A with grade of "C" or better
Hours: 54 (18 lecture, 36 activity)
In-depth study of specific elements of efficient vocal technique and performance. Includes vowel purity, belt singing, and managing stage fright. Vocal exercises and songs from various music styles are performed, including selections made by students. (CSU, UC)

MUS 0039C. Advanced Voice I
Units: 2
Prerequisite: Completion of MUS 39B with grade of "C" or better
Hours: 54 (18 lecture, 36 activity)
In-depth study of specific elements of efficient vocal technique and performance. Includes breath management in relation to posture, expressive singing via physical movement, unifying the register and range extension, resonance and vocal registers, expressive singing, stage presence, and the International Phonetic Alphabet (IPA) to sing Italian songs. Vocal exercises and songs from various music styles are performed including selections made by students. (CSU, UC)

MUS 0039D. Advanced Voice II
Units: 2
Prerequisite: Completion of MUS 39C with grade of "C" or better
Hours: 54 (18 lecture, 36 activity)
In-depth study of specific elements of efficient vocal technique and performance. Includes breath management using an efficient onset and release, managing the performance, resonance balancing using consonants, and song analysis to prepare a vocal piece for performance. (CSU, UC)

MUS 0040A. Beginning Piano I
Units: 2
Hours: 54 (36 lecture, 18 laboratory)
Beginning instruction in the fundamentals of playing piano. Note reading and basic playing techniques are introduced. Designed to develop musicianship and facility. (CSU, UC)

MUS 0040B. Beginning Piano II
Units: 2
Prerequisite: Completion of MUS 40A with grade of "C" or better or equivalent piano skill with permission of instructor
Hours: 54 (36 lecture, 18 laboratory)
Continuation of MUS 40A using more advanced materials. Developing skills in harmonizing a melody, playing scales, sight-reading, chord inversions and repertoire. (CSU, UC)

MUS 0040C. Intermediate Piano I
Units: 2
Prerequisite: Completion of MUS 40B with grade of "C" or better or equivalent with permission of the instructor
Hours: 54 (36 lecture, 18 laboratory)
Continuation of MUS 40B, with music drawn from intermediate levels. Ensemble playing, sight-reading and harmonization skills and knowledge. Individual needs and interests considered. (CSU, UC)

MUS 0040D. Intermediate Piano II
Units: 2
Prerequisite: Completion of MUS 40C with grade of "C" or better or equivalent with permission of instructor
Hours: 54 (36 lecture, 18 laboratory)
Continuation of MUS 40C, with music drawn from intermediate, late intermediate to early advanced levels. Ensemble playing, sight-reading, harmonization and improvisation developed. Individual needs and interests considered. (CSU, UC)

MUS 0042. Chamber Singers
Unit: 1.5
Prerequisite: Enrollment Limitation: audition required; auditions generally occur the first week of class, and include sight singing, preparation of a short musical excerpt, and an aural skills assessment
Hours: 54 (18 lecture, 36 laboratory)
Explores the literature and performance practices of vocal ensembles from the Renaissance to the present. Public performances, festivals, and field trips required. May be taken four times for credit. (C-ID MUS 180) (CSU, UC)

MUS 0046. Jazz Ensemble
Unit: 1.5
Prerequisite: Enrollment Limitation: audition required; auditions generally occur the first week of class and require demonstrated ability to play at least one instrument commonly used in jazz ensemble
Advisory: Three to four years experience on instrument
Hours: 54 (18 lecture, 36 laboratory)
Rehearsal and performance of literature written for instrumental jazz ensemble, with emphasis on current musical trends. Study of improvisation. Public performances required. May be taken four times for credit. (C-ID MUS 180) (CSU, UC)
MUS 0047. Vocal Jazz Ensemble  
Unit: 1.5  
Prerequisite: Enrollment Limitation: audition required; auditions generally occur the first week of class, and include sight singing, improvisation and preparation of a short musical excerpt, and an aural skills assessment  
Advisory: Previous choral experience  
Hours: 54 (18 lecture, 36 laboratory)  
Study and performance of modern and vocal jazz styles, tone production, and rhythms. Public performances and field trips required. May be taken four times for credit. (C-ID MUS 180) (CSU, UC)

MUS 0048. Concert Choir  
Unit: 1.5  
Prerequisite: Enrollment Limitation: audition required; auditions generally occur the first week of class, and include ability to match pitch and produce a good tone  
Hours: 54 (18 lecture, 36 laboratory)  
A variety of choral experience performing repertoire, both sacred and secular, from the medieval, baroque, classical, romantic and modern periods of music history. Focuses on performance practice, musical style and poetic interpretation. May be taken four times for credit. (C-ID MUS 180) (CSU, UC)

MUS 0049. Jazz Improvisation Performance Ensemble  
Unit: 1.5  
Prerequisite: Enrollment Limitation: audition required; auditions generally occur the first week of class and require demonstrated ability to play a melodic instrument and read music in the treble or bass clef  
Advisory: Three to four years experience on instrument  
Hours: 54 (18 lecture, 36 laboratory)  
Fundamentals of jazz improvisation, including chord-scale application. Analysis of diverse styles of the great jazz artists through recordings and transcriptions. Development of a unique improvisational style as applied to performance. May be taken four times for credit. (C-ID MUS 180) (CSU, UC)

MUS 0050. Wind Ensemble  
Unit: 1.5  
Prerequisite: Enrollment Limitation: audition required; auditions generally occur the first week of class and include demonstrated ability to play an instrument found in a wind or chamber ensemble  
Advisory: Three to four years experience on instrument  
Hours: 54 (18 lecture, 36 laboratory)  
Training in the interpretation and performance of standard band literature, with emphasis on sight reading new band music. Advanced students given the opportunity for solo work. At least one public performance each semester. May be taken four times for credit. (C-ID MUS 180) (CSU, UC)

MUS 0051. Applied Music  
Unit: 1  
Formerly known as MUS 51A  
Prerequisite: Enrollment Limitation: audition before music faculty of level appropriate repertoire demonstrating technical and interpretive skills and ability to read music, limited todeclared music majors only  
Advisory: Three to four years experience on an instrument or voice prior to enrollment. Concurrent enrollment in an appropriate ensemble: MUS 42, 46, 47, 48, 50, or 54  
Hours: 40 (7 lecture, 33 laboratory)  
Individualized study of departmentally approved fine art performance curriculum. Emphasis on the progressive development of skills needed for solo performance. Student evaluated through a juried performance and a departmental recital. May be taken four times for credit. (C-ID MUS 160) (CSU, UC-with limitation)

MUS 0054. Symphonic Band  
Unit: 1.5  
Prerequisite: Enrollment Limitation: audition required; auditions generally occur the first week of class, and include demonstrated ability to play a symphonic band instrument  
Advisory: Three to four years experience on instrument  
Hours: 54 (18 lecture, 36 laboratory)  
Training in the interpretation and performance of standard band literature, with emphasis on sight reading new band music. Advanced students given the opportunity for solo work. At least one public performance each semester. May be taken four times for credit. (C-ID MUS 180) (CSU, UC)

MUS 0057A. Beginning Guitar  
Unit: 1.5  
Hours: 36 (18 lecture, 18 activity)  
Learning fundamentals of the guitar: components of instrument, reading music notations, key structure and chord structure (open position), and finger picking. Students required to supply own instruments. (CSU, UC)

MUS 0057B. Beginning Guitar  
Unit: 1.5  
Prerequisite: Completion of MUS 57A with grade of "C" or better or equivalent with permission of instructor  
Hours: 36 (18 lecture, 18 activity)  
Further study of guitar fundamentals, including advanced finger picking and strumming techniques; two and three part note reading; and expanded notation and rhythmic development. Students required to supply own instruments. (CSU, UC)

MUS 0058A. Intermediate Guitar  
Unit: 1.5  
Prerequisite: Completion of MUS 57B with grade of "C" or better or equivalent with permission of instructor  
Hours: 36 (18 lecture, 18 activity)  
Learning chromatics, chord structure in closed positions, harmony as applied to pieces, and major and minor scales. These techniques applied to compositions in group performance. Students required to supply own instruments. (CSU, UC)

MUS 0058B. Intermediate Guitar  
Unit: 1.5  
Prerequisite: Completion of MUS 58A with grade of "C" or better or equivalent with permission of instructor  
Hours: 36 (18 lecture, 18 activity)  
Further study of chord melody construction. Learning moveable chords and application to song types, including 9th, 11th, and 13th chords. Students required to supply own instruments. (CSU, UC)

MUS 0810. Selected Topics in Music  
Units: 0  
Hours: 8 to 54 lecture as scheduled  
Course designed for older adults. Study of selected styles and periods of music. Includes discussion of musical elements, composition, orchestration, vocabulary and history for the selected topics. May be repeated. (noncredit)
Nursing Assistant (NRSA)

NRSA 0003. Precertification Nursing Assistant Training  
Units: 6.5  
Hours: 202 (85 lecture, 117 laboratory)  
Introduction to nursing practice based on the humanistic philosophy of Abraham Maslow. Includes basic skills necessary to assist in satisfying the patient's physical, psychological, social, and cultural needs. Students must be fingerprinted and submit documentation related to received conviction; certification may be denied. Students must meet regulatory requirements for class attendance, health clearance, background check clearance, and valid social security number to participate in the course. Upon successful completion, students are eligible to take the State of California Certification Examination to become a Nursing Assistant qualified for employment in an acute or long-term health care facility. Testing and certification fees are required. (letter grade only) (not transferable)

Nursing, Registered (NRSR)

NRSR 0017. High-Risk Pediatric Nursing  
Units: 0.5  
Prerequisite: Enrolled as LVN to RN Upward Mobility student  
Hours: 9 lecture  
Provides the LVN Upward Mobility student with the content/concepts for the management of nursing care for the child with complex nursing needs, such as a high-risk medical condition and chronic or end-of-life care. The content rounds out the basic pediatric nursing content the student received in the vocational nursing program and meets BRN curriculum requirements. (CSU)

NRSR 0021. Nursing Fundamentals and Geriatric Nursing  
Units: 11  
Prerequisite: Completion of BIOL 4 or 8A/8B, 5 or 7A/7B, 6, NUTF 10, HDEV 1, PSYC 100, MATH A, and ENGL 1A with grades of "C" or better  
Hours: 396 (99 lecture, 297 laboratory)  
Introduction to nursing with overview of its evolution, present trends and issues, legal and ethical aspects and the major concepts underlying today's practice. Theory and correlated clinical practice related to utilizing the nursing process based on Roy's Adaptation Model to provide direct care to stable adult and geriatric patients. Emphasis on basic human needs and promoting adaptive mechanisms for attaining and maintaining wellness. Students gain the knowledge and skills necessary to perform all basic nursing procedures. (letter grade only) (CSU)

NRSR 0022. Medical Surgical I and Pediatric Nursing  
Units: 11  
Prerequisite: Completion or equivalent of NRSR 21 with grade of "C" or better as determined by Dean/department chair  
Hours: 387 (104 lecture, 283 laboratory)  
Theory and correlated clinical practice related to utilizing the nursing process based on Roy’s Adaptation Model to promote adaptation by adult and pediatric clients and their families experiencing common and/or remedial illnesses/stressors. Students further develop skills and apply theory introduced in NRSR 21 in varied and more complex settings, and gain additional theory and skills related to new clinical areas and levels of responsibility. (letter grade only) (CSU)

NRSR 0023. Medical Surgical II and Mental Health Nursing  
Units: 11  
Prerequisite: Completion of NRSR 22 with grade of "C" or better Current LVN licensure and BIOL 4 or 8A/8B, 5 or 7A/7B, 6, NUTF 10, HDEV 1, PSYC 100, MATH A, and ENGL 1A with grades of "C" or better; Completion of or concurrent enrollment in COMM 1 and SOC 1 or ANTH 2 with grades of "C" or better  
Hours: 387 (104 lecture, 283 laboratory)  
Theory and clinical practice related to application of the nursing process based on Roy's Adaptation Model. Students provide care for the adult client having a variety of complex medical-surgical health problems and learn to apply the nursing process for clients experiencing common mental health issues. Focus is on the role of the registered nurse in therapeutic communication, health teaching, leadership, management, and team work. Students further develop skills and apply theory introduced in NRSR 22 in varied and more complex settings, and gain additional theory and skills related to new clinical areas and levels of responsibility. (letter grade only) (CSU)

NRSR 0024. Advanced Medical Surgical and Maternal-Newborn Nursing  
Units: 11  
Prerequisite: Completion of NRSR 23 with grade of "C" or better  
Hours: 396 (99 lecture, 297 laboratory)  
Theory and correlated clinical practice related to the application of the nursing process based on Roy's Adaptation Model for multiple adult and geriatric clients with complex health problems experiencing acute illness. Students learn to promote adaptation for the maternal-newborn clients experiencing illness/stressors. Students further develop skills and apply theory introduced in previous semesters in varied and more complex settings, and gain additional theory and skills related to new clinical areas and levels of responsibility. (letter grade only) (CSU)

NRSR 0025. High Risk Obstetrical/Newborn Nursing  
Units: 0.5  
Prerequisite: Enrolled as an LVN to RN upward mobility student  
Hours: 16 (7 lecture, 9 laboratory)  
Provides the LVN upward mobility student with the content/concepts for the management of nursing care for the obstetrical and newborn patient with complex nursing needs, such as a high-risk intrapartum, complicated birth, and post delivery care of maternal/newborn patients. Content builds upon the basic obstetrical nursing content the student received in the vocational nursing program and meets BRN curriculum requirements. (CSU)

Nutrition and Food Science (NUTF)

NUTF 0005. Food Preparation for Nutrition and Life Fitness  
Units: 3  
Advisory: Eligibility for ENGL 1A  
Hours: 90 (36 lecture, 54 laboratory)  
Focuses on the application of food science principles. Emphasis on ingredient function and interaction, food preparation techniques, sensory evaluation, food safety and sanitation, and nutrient composition of foods. Modification of recipes to optimize nutrient content. (C-ID NUTR 120) (CSU)
NUTF 0010. Principles of Nutrition
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Scientific concepts of nutrition related to the function of nutrients in basic life processes and current health issues with emphasis on individual needs. The specific nutrient needs throughout the lifespan will also be examined. (C-ID NUTR 110) (CSU, UC)

NUTF 0013. Nutrition Throughout the Life Cycle
Units: 3
Also known as HDEV 61
Advisory: Completion of NUTF 10 with grade of "C" or better
Hours: 54 lecture
Examination of nutritional requirements, concerns, and interventions during several stages of the life cycle, from preconception to old age. Analysis of cultural, environmental, physical, and economic factors affecting nutritional status. Practical application of adequate nutrition through dietary selection and promotion of health throughout each life cycle stage. (CSU)

NUTF 0014. Sports Nutrition
Units: 3
Advisory: Completion of NUTF 10 with grade of "C" or better
Hours: 54 lecture
Presents fundamental nutrition concepts and applies them to individuals interested in physical activity, exercise, and sport. Nutrition topics include short-term and long-term nutrient intake, hydration status, supplement use, and body composition as they relate to physical performance. Basic fitness information regarding the key components of fitness, energy systems, and energy balance will also be explored. (CSU)

NUTF 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

NUTF 0095. Internship in Nutrition and Food Science
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

---

Personal Development (PDEV)

PDEV 0001. College and Life Success
Units: 3
Hours: 54 lecture
Strategies for creating success in college, life and career. Apply psychological, social, and physiological principles of development, learning, motivation and wellness to support success. Explore personality, interests, and values to increase self-understanding and support informed educational, career and life decisions. Strengthen academic study strategies such as note taking, memorizing and test taking skills. Apply life management techniques to accomplish goals. Develop a plan for wellness and living a long and healthy life. Practice creative and critical thinking techniques, problem-solving, and decision-making. (CSU, UC-with unit limitation)

PDEV 0006. Career Planning
Units: 3
Hours: 54 lecture
Individual assessments of personality, interests, values, and skills to help identify appropriate careers and college majors. Occupational research, research on educational requirements, goal setting, decision-making, and job search strategies including networking, resume writing, interviewing and portfolio development. (CSU)

PDEV 0008. Introduction to College
Units: 0.5-2
Hours: 9 lecture per .5 unit
Introduction to higher education, college terms, student resources, student success practices, steps to choosing a career direction, related interest area, program and/or major, the college catalog, degree/certificate requirements, and an overview of the transfer process to four-year colleges/universities. Students formulate an educational plan to increase success in reaching educational goals. (CSU, UC-with unit limitation)

PDEV 0009. Assertiveness Training
Unit: 1
Hours: 18 lecture
Step by step strategies for becoming more assertive, rather than passive or aggressive. Learn verbal and nonverbal skills for communicating with people more authentically, effectively and fairly. Examines cultural and social differences in assertive communication. (CSU)

PDEV 0012. Peer Mentor Training
Units: 3
Hours: 54 lecture
Experiential introduction to the method and process of being a skilled helper in academic peer support programs. Emphasis on communication skills, relationship development, knowledge of higher education, college policies and resources with the goal of promoting the academic and psychosocial factors that contribute to college and life success. (CSU)

PDEV 0021. Career Exploration through Self Assessment
Units: 0.5-1
Hours: 9 lecture per .5 unit
Introduction to the career decision making process using career assessment and educational planning tools. Includes self assessment of personality, values, interests and skills; analysis and exploration of course of study and career options; development of a career action plan; and creation of a student educational plan. (CSU)
PDEV 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

PDEV 0052. Student Leadership Development
Units: 2
Hours: 36 lecture
Leadership in student government, campus clubs and non-academic contexts. Application of practical leadership skills on out-of-class projects; includes planning and running effective meetings, parliamentary procedure, group leadership and motivation techniques. (CSU)

PDEV 0070. Stress and Well Being
Units: 3
Hours: 54 lecture
An overview of stress, including types, causes, effects and explores solutions to mitigate its negative impacts. Explores the relationship between psychological and socio-cultural factors in creating stress and affecting ones ability to manage it. Introduces coping techniques including meditation, cognitive strategies and the practice of wellness. (CSU, UC)

PDEV 0094. Career Exploration Internship
Units: 0.5-4
Exposure to business/industry under the direction of a worksite supervisor, related to student's educational or occupational goals. Develops career awareness, experience and knowledge with a focus on job skills that enhance academic learning. Mandatory orientation session and faculty approval to determine eligibility. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

PDEV 0095. Internship in Personal Development/Human Services
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

PDEV 0800. Career Essentials - Looking Inside
Units: 0
Hours: 10 lecture
Introduction to the career decision-making process using career assessment tools to formulate a career profile. Includes self assessment of personality, values, interests, skills and learning style. (pass/no pass grading) (noncredit)

PDEV 0801. Career Essentials - Exploring the World of Work
Units: 0
Prerequisite: Completion of PDEV 800 with grade of "Pass"
Hours: 8 lecture
Introduction to the world of work including industry sectors, career clusters and pathways. Overview of current and projected trends in expanding career areas, educational/training requirements, salary and outlook. Research career options using a variety of resources. Develop understanding of decision-making process and apply to career choices. (pass/no pass grading) (noncredit)

PDEV 0802. Career Essentials - Getting Hired
Units: 0
Hours: 10 lecture
Overview and explanation of the job search process, including the role of social media, personal branding and evolving employer expectations. Understanding and application of current job search techniques including finding and researching positions and companies, networking, resume writing, interviewing, and evaluating and negotiating job offers. (pass/no pass grading) (noncredit)

Philosophy (PHIL)

PHIL 0002. Introduction to Philosophy: Ethics
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
The concept of morality and values, Western systems of ethics including Virtue Ethics, Utilitarianisms, Kantian ethics, Feminist Moral Theory and their application to contemporary moral dilemmas. (C-ID PHIL 120) (CSU, UC)

PHIL 0004. Introduction to Critical Thinking
Units: 3
Prerequisite: Completion of ENGL 1A with grade of "C" or better
Hours: 54 lecture
A study of the principles of inductive and deductive inference and their practical applications in everyday situations such as analyzing, criticizing, and advocating ideas, evaluation of arguments, and problem solving. Examines the use of language, formal and informal fallacies, syllogistic argument forms and the scientific method. Develops the ability to integrate principles of critical thinking with the techniques of effective written argument. (C-ID PHIL 110) (CSU, UC)

PHIL 0006. Introduction to Philosophy: Knowledge and Reality
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to the method and primary problems of philosophy including argumentation, conceptual analysis, analysis and evaluation of fundamental assumptions and principles of various philosophical systems and philosophical interpretation of primary texts on topics from epistemology and metaphysics. (C-ID PHIL 100) (CSU, UC)

PHIL 0010. Philosophy of Religion
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Analysis of the major philosophical issues raised by, but not limited to traditional Western religion. Includes an examination of the arguments for God's existence and nature, immortality, the problem of evil, miracles, rationality of religious belief, the relation of faith to reason, and theories on the meaning of the religious language. (CSU, UC)

PHIL 0012. Introduction to Symbolic Logic
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to the principles of deductive reasoning including formal techniques of sentential and predicate logic. (C-ID PHIL 210) (CSU, UC)
PHIL 0013. Introduction to Asian Philosophy
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Major philosophies of Asia including Hinduism, Buddhism, Taoism, Confucianism, and Shinto. Focuses on issues such as immortality, the nature of reality, god, the self, society, transcendence and morality. Also looks at the influences of Eastern Philosophy on Western Culture. (CSU, UC)

PHIL 0020. History of Ancient Greek Philosophy
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
A study of the origin and rise of Western Philosophy from the pre-Socratic philosophers, Socrates, Plato, and Aristotle, up to the Hellenistic and Medieval periods. (C-ID PHIL 130) (CSU, UC)

PHIL 0021. History of Modern Philosophy
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Sixteenth through Eighteenth century philosophy with emphasis on broad epistemological or metaphysical theories, developments of empiricism and rationalism from Descartes to Kant. (C-ID PHIL 140) (CSU, UC)

PHIL 0027. Introduction to Philosophy of Women in Western Cultures
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
Introduction to the concepts of womanhood and feminism in mythic, classic, medieval and major philosophical traditions. Emphasis on the images, roles and beliefs about women found in the humanities and philosophy with respect to their impact and contemporary relevance. (CSU, UC)

PHIL 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC with unit limitation)

PHIL 0030. Introduction to Social and Political Philosophy
Units: 3
Hours: 54 lecture
Major philosophical issues surrounding the nature of society and justifications for the authority of the state. Focuses on how the concepts of the common good, individual rights, liberty, equality, and democracy relate to notions of justice, private property and the legitimate use of state power. (CSU, UC)

PHIL 0065. Introduction to the Philosophy of Science
Units: 3
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
The philosophical foundations of science such as criteria for distinguishing between science and pseudo-science, questions concerning scientific progress, justification of scientific hypotheses, the theory-dependence of observation, the nature of scientific revolutions, the possibility of objectivity and the challenges of relativism, feminism and marginalization. (CSU, UC)

Photography (PHOT)

PHOT 0010. History and Aesthetics of Photography
Units: 3
Also known as ARHI 134
Hours: 54 lecture
Historical and thematic survey of photography as an art form and communication tool from its invention to the present. Explores various critical perspectives including aesthetic and design principles, influential themes, periods, and photographers. Investigates technical considerations, photography's role in the development of mass culture and other societal influences. (CSU, UC)

PHOT 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

PHOT 0030. Photographing Works of Art
Units: 0.5
Also known as AAD 30
Hours: 13 (7 lecture, 6 laboratory)
Methods and procedures involved in reproducing works of art into digital files for cataloging, portfolios, publication and show submissions. Covers equipment needed for both artificial and natural light situations, camera considerations, proper exposure, and presentation of copy work for both two-dimensional and three-dimensional art. Students must furnish presentation materials. (CSU)

PHOT 0060A. Elementary Photography
Units: 3
Hours: 72 (36 lecture, 36 activity)
Aesthetic use of digital and film cameras. Elements of design and influence of photography as an art form explored. Topics include subject selection, exposure control, composition, lighting, digital and film camera usage, film development, enlarging, print finishing, presentation, and responses to photographs within framework of historical and current perspectives. Students must furnish digital storage media, film and photographic printing paper. Providing an interchangeable lens digital or film camera recommended but not required. (CSU, UC)
PHOT 0060B. Intermediate Black and White Photography
Units: 3
Prerequisite: Completion of PHOT 60A with grade of "C" or better
Hours: 72 (36 lecture, 36 activity)
Technical and experimental aspects of black and white photographic tools and techniques stressing the creative use of photography. Topics include creative camera and darkroom experimentation, medium format and toy cameras, pinhole photography, archival permanence and the handmade book. Students must furnish film, paper and presentation materials. (CSU, UC)

PHOT 0065. Documentary Photography
Units: 3
Prerequisite: Completion of PHOT 60A or 78 with grade of "C" or better
Hours: 90 (36 lecture, 36 activity)
Photographic essay as a focused body of work. Historical origins and cultural impact of documentary photography. Contemporary practitioners, organization of visual essays, and documentary video capture. Students select projects of personal interest and cultural relevance and participate in assigned group projects. Students must supply digital storage media, paper, and presentation materials. (CSU)

PHOT 0070A. Studio Lighting
Units: 3
Prerequisite: Completion of PHOT 60A with grade of "C" or better; and completion with grade of "C" or better or concurrent enrollment in PHOT 75 or 78
Hours: 90 (36 lecture, 54 laboratory)
The application of studio lighting techniques to portrait and commercial product photography. Concentration on creative and technical control of lighting, background, props and composition. Utilizes both studio strobe and continuous light sources. For students seeking a career in photography or one of its related fields, and for those who desire additional and advanced creative or technical work. Students must furnish digital storage media, paper and presentation materials. (CSU)

PHOT 0070B. Advanced Studio Lighting
Units: 3
Prerequisite: Completion of PHOT 70A with grade of "C" or better; and completion of PHOT 75 or 78 with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
Additional creative and technical work with studio lighting and portfolio development. Concentration on refining studio techniques used in commercial and fine art photography. Students create a focused body of work over the course of the semester. Students must furnish digital storage media, printing paper and presentation materials. Providing an interchangeable lens digital camera recommended but not required. (CSU)

PHOT 0075. Introduction to Digital Imaging
Units: 3
Also known as AAD 75
Advisory: Completion of AAD 70 with grade of "C" or better
Hours: 72 (36 lecture, 36 activity)
Introduction to the acquisition and computer manipulation of photographs for design and photography. Analysis and critique of images from initial concept to final project creation. Basic scanning, image adjustments, retouching, compositing, and file preparation for printing and other uses. (CSU, UC)

PHOT 0076. Advanced Projects in Digital Imaging
Units: 3
Also known as AAD 76
Prerequisite: Completion of PHOT 75 or AAD 75 with grade of "C" or better
Hours: 72 (36 lecture, 36 activity)
Advanced digital project development using Photoshop. Creating original images from a variety of input devices including scanners and digital cameras. Speed building in editing techniques. Integration of other software programs. Evaluations and critiques of completed projects. (CSU)

PHOT 0078. Digital Photography
Units: 3
Prerequisite: Completion of PHOT 60A with grade of "C" or better
Hours: 72 (36 lecture, 36 activity)

PHOT 0080. Color Photography
Units: 3
Prerequisite: Completion of PHOT 60A with grade of "C" or better; and completion of PHOT 75 or AAD 75 with grade of "C" or better
Hours: 90 (36 lecture, 54 laboratory)
A concentration in the study of the history of color photography, color theory, color symbolism, and color as a communication element in photography. Composition, exposure, and theme in creating expressive color photographs also covered. In-depth study of camera usage, lighting, and digital processing techniques to produce accurate color and the creative use of color. Implementation of a color-managed workflow to produce accurate color from digital capture to print. Students create digital prints and slideshows utilizing the expressive use of color. Students must provide a digital camera. (CSU, UC)

PHOT 0085. Photojournalism
Units: 2
Prerequisite: Completion of PHOT 75 or PHOT 78 with grade of "C" or better
Hours: 54 (18 lecture, 36 activity)
Theory and practice of photography for publication in newspapers and online news outlets. Emphasis on ethics, communication with single images and photographic essays. Simulations of professional assignments including deadlines. Preparation of digital files for print and online use. Students must furnish digital storage media. (CSU)

PHOT 0088. Business Practices for Photographers
Units: 3
Advisory: Completion of a minimum of three photography courses
Hours: 54 lecture
Successful business practices for commercial, portrait, and fine art photographers. Elements of starting and running a photography business, including overhead, taxes, insurance, copyright law, contracts, pricing, marketing and advertising. Overview of business resources provided by professional photography organizations. Creation of a business plan related to the students' career goals. (CSU)
PHOT 0089. Documentary Filmmaking  
Units: 3  
Also known as AAD 89  
Prerequisite: Completion of AAD 79/COMM 31A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Examines the principles, techniques and terminology that are specific to documentary filmmaking. Students produce documentary films that incorporate industry standard pre-production preparation such as creating contracts, research, location surveys, and script writing. Major topics include camera operation, capturing b-roll, location sound recording, mixing, editing and formatting for distribution. (CSU)

PHOT 0090B. Field Workshop: Cityscape  
Units: 0.5-3  
Advisory: Completion of PHOT 60A or 78 with grade of "C" or better  
Hours: 13 (7 lecture, 6 activity) per .5 unit  
Exploration of the city and urban environments as subject matter. Topics include camera and lens use, composition, equipment, metering and lighting, and the traditions of cityscape photography. Location of field study will vary. Students must supply camera, digital media or film and presentation materials. (CSU)

PHOT 0090I. Night Photography Field Workshop  
Units: 0.5-3  
Advisory: Completion of PHOT 60A or 78 with grade of "C" or better  
Hours: 13 (7 lecture, 6 activity) per .5 unit  
Intensive field workshop covering methods and processes of night, artificial and available light photography. Topics include camera and lens use, equipment, metering, lighting, and the unique aspects of the event, region or situation being studied. Specific locations and lighting circumstances vary. Students must furnish digital storage media. (CSU)

PHOT 0090J. Photojournalism Field Workshop  
Units: 0.5-3  
Advisory: Completion of PHOT 60A or 78 with grade of "C" or better  
Hours: 13 (7 lecture, 6 activity) per .5 unit  
Intensive field workshop covering specific events, methods, and processes of photojournalism. Topics include camera and lens use, composition, equipment, metering and lighting, working methods of photojournalists and the unique aspects of the event or region being studied. Students must furnish digital storage media. (CSU)

PHOT 0090L. Field Workshop: Landscape  
Units: 0.5-3  
Advisory: Completion of PHOT 60A or 78 with grade of "C" or better  
Hours: 13 (7 lecture, 6 activity) per .5 unit  
Exploration of landscape photography. Topics include camera and lens use, composition, equipment, metering and lighting, the social contribution of landscape photography and the unique aspects of region being studied. Location of field study will vary. Students must supply camera, digital media or film and presentation materials. (CSU)

PHOT 0090N. Color Nature Photography Field Workshop  
Units: 0.5-3  
Advisory: Completion of PHOT 60A or 78 with grade of "C" or better  
Hours: 13 (7 lecture, 6 activity) per .5 unit  
Exploration of color nature photography. Topics include subject selection, the impact and use of color, capturing accurate vs. altered color, equipment, composition, metering and overcoming the challenges of location and weather. Students must furnish digital storage media. (CSU)

PHOT 0090P. Outdoor Portrait Workshop  
Units: 0.5-3  
Prerequisite: Completion of PHOT 60A or 78 with grade of "C" or better  
Hours: 13 (7 lecture, 6 activity) per .5 unit  
Exploration of portraiture in outdoor settings. Topics include camera, lens and equipment selection, camera use, lighting, posing, and composition. Students must furnish digital storage media. (CSU)

PHOT 0090T. Field Workshop: Travel Photography  
Units: 0.5-3  
Advisory: Completion of PHOT 60A with grade of "C" or better  
Hours: 13 (7 lecture, 6 activity) per .5 unit  
Intensive field workshop covering specific locations, methods and processes of travel photography in domestic and international locations. Includes visual themes, narrative and individual images, editorial and stock photography, composition, digital or film cameras, materials and equipment, exposure, selection and presentation of photographs. Overview of the population, habitat and geography, culture and traditions of the region being studied. Special considerations of travel photography. Students must furnish camera, film or digital media, processing and presentation supplies. (CSU)

PHOT 0090W. Wedding and Event Photography Field Workshop  
Units: 0.5-1  
Prerequisite: Completion of PHOT 60A with grade of "C" or better  
Hours: 13 (7 lecture, 6 activity) per .5 unit  
Documentation of weddings and events, such as: conferences, trade shows, public relations events, campaign rallies, performances, holiday parties and Quinceañeras. Working with portable flash, available light and mixed lighting. Posing and capturing groups and individuals in a timely manner. Creating a shot list and other organizational tools. (CSU)

PHOT 0092. Alternative Processes  
Units: 3  
Prerequisite: Completion of PHOT 60A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Exploration of alternative photographic processes, many of which were first developed in the 19th century and are known for producing expressive prints with a unique look. Merging of digital technology and non-traditional printing materials explored. Processes may include: cyanotype, salt printing, kallitype, anthotype, lumen, hand-coated silver emulsion, and inkjet transfers. (CSU)

PHOT 0093. Advanced Alternative Processes  
Units: 3  
Prerequisite: Completion of PHOT 92 with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Advanced study of alternative processes in photography designed to expand on the technical and creative concepts previously acquired. Exploration of the technical and aesthetic variations possible within the processes chosen for study. Concentration on matching creative vision with the appropriate process and the creation of a cohesive fine art portfolio over the course of the semester. Students must furnish printing paper and presentation materials. (CSU)
PHOT 0095. Internship in Photography
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Physics (PHYS)

PHYS 0000A. Preparation for Calculus-Based Physics
Units: 4
Prerequisite: Completion of MATH 27 with grade of "C" or better
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 72 lecture
Intended to provide stronger preparation for Physics 205 than Physics 105. Focuses on measurement and the development of the conceptual and mathematical frameworks necessary for problem-solving in physics. (not transferable)

PHYS 0010. Basic Concepts in Physics
Units: 3
Prerequisite: Eligibility for Math D
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 54 lecture
Introduction to the laws of motion, properties of matter, heat, sound, electricity, magnetism, light, atomic and nuclear physics, and relativity. Emphasis on familiar phenomena in everyday life. Intended for nonscience majors. (CSU, UC-with unit limitation)

PHYS 0010L. Basic Concepts in Physics Laboratory
Unit: 1
Formerly known as PHYS 11
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in PHYS 10
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 54 laboratory
An optional laboratory course taken in conjunction with PHYS 10. Integrates abstract concepts from PHYS 10 into concrete applications through experimentation. Topics include the SI system of measurement; motion; fluids and properties of matter; thermodynamics; waves; sound; electricity and magnetism; and light and optics. (CSU, UC-with unit limitation)

PHYS 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

PHYS 0105. General Physics I
Units: 4
Formerly known as PHYS 2A (PHYS 105 and 105L, combined)
Prerequisite: Completion of MATH 27 or equivalent with grade of "C" or better
Corequisite: Concurrent enrollment in PHYS 105
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 72 lecture
Noncalculus introduction to the principles of mechanics, properties of matter and heat. Emphasis on applications relevant to several majors, including premedical, predental, optometry, forestry, architecture, and biological science. (combined with PHYS 105L, C-ID PHYS 105) (CSU, UC-with unit limitation)

PHYS 0105L. General Physics I Laboratory
Unit: 1
Formerly known as PHYS 2A (PHYS 105 and 105L, combined)
Prerequisite: Completion of MATH 27 or high school trigonometry with grade of "C" or better
Corequisite: Concurrent enrollment in PHYS 105
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 54 laboratory
Laboratory portion of PHYS 105. Noncalculus introduction to the principles of mechanics, properties of matter and heat. Emphasis on applications relevant to several majors, including premedical, predental, optometry, forestry, architecture, and biological science. (combined with PHYS 105, C-ID PHYS 105) (CSU, UC-with unit limitation)

PHYS 0110. General Physics II
Units: 4
Formerly known as PHYS 2B (PHYS 110 and 110L, combined)
Prerequisite: Completion of PHYS 105 and 105L with grades of "C" or better
Corequisite: Concurrent enrollment in PHYS 110
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 72 lecture
Noncalculus introduction to the principles of waves, sound, light, electricity, magnetism, and modern physics. Emphasis on applications relevant to several majors, including premedical, predental, optometry, forestry, architecture, and biological science. (combined with PHYS 110L, C-ID PHYS 110) (CSU, UC-with unit limitation)

PHYS 0110L. General Physics II Laboratory
Unit: 1
Formerly known as PHYS 2B (PHYS 110 and 110L, combined)
Prerequisite: Completion of PHYS 105 and 105L with grades of "C" or better
Corequisite: Concurrent enrollment in PHYS 110
Hours: 54 laboratory
Laboratory portion of PHYS 110. Noncalculus introduction to the principles of waves, sound, light, electricity, magnetism, and modern physics. Emphasis on applications relevant to several majors, including premedical, predental, optometry, forestry, architecture, and biological science. (combined with PHYS 110, C-ID PHYS 110) (CSU, UC-with unit limitation)
PHYS 0140. Survey of Chemistry and Physics
Units: 4
Also known as CHEM 140
Prerequisite: Completion of MATH D with grade of "C" or better, or placement by matriculation assessment process
Hours: 108 (54 lecture, 54 laboratory)
A conceptual introduction to the basic principles of physics and chemistry including matter, physical and chemical properties, forces and motion, energy, electromagnetism, electromagnetic waves, atomic structure, bonding, solutions and chemical reactions. The interdependence of chemistry and physics will be emphasized. This course is intended for non-science majors. (C-ID PHYS 140) (CSU, UC)

PHYS 0205. Principles of Physics: Mechanics
Units: 4
Formerly known as PHYS 4A (PHYS 205 and 205L, combined)
Prerequisite: Completion of MATH 30 and 31 with grades of "C" or better (MATH 31 may be taken concurrently); AND PHYS A or PHYS 105 and 105L, or high school physics with grade(s) of "C" or better
Corequisite: Concurrent enrollment in PHYS 205L
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 72 lecture
Calculus-based introduction to the principles of kinematics, dynamics, energy, momentum, rotational motion, gravitation and fluids. The Physics 205/210/215 sequence presents the general principles and analytical methods used in physics for physical science and engineering majors. (combined with PHYS 205L, C-ID PHYS 205) (CSU, UC-with unit limitation)

PHYS 0205L. Principles of Physics Laboratory: Mechanics
Unit: 1
Formerly known as PHYS 4A (PHYS 205 and 205L, combined)
Prerequisite: Completion of MATH 30 and 31 with grades of "C" or better (MATH 31 may be taken concurrently); AND PHYS A, PHYS 105 and 105L, or high school physics with grade(s) of "C" or better
Corequisite: Concurrent enrollment in PHYS 205
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 54 laboratory
Laboratory portion of PHYS 205. Calculus-based introduction to the principles of kinematics, dynamics, energy, momentum, rotational motion, gravitation and fluids. The Physics 205/210/215 sequence presents the general principles and analytical methods used in physics for physical science and engineering majors. (combined with PHYS 205, C-ID PHYS 205) (CSU, UC-with unit limitation)

PHYS 0210. Principles of Physics: Electricity and Magnetism
Units: 3
Formerly known as PHYS 4B (PHYS 210 and 210L, combined)
Prerequisite: Completion of PHYS 205, PHYS 205L, and MATH 31 with grades of "C" or better
Corequisite: Concurrent enrollment in PHYS 210
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 54 lecture
Electrostatics, AC and DC circuits, magnetism, Maxwell's Equations, electromagnetic waves, and the electric and magnetic properties of matter. The 205-210-215 sequence presents general principles and analytical methods used in physics for physical science and engineering majors. (combined with PHYS 210L, C-ID PHYS 210) (CSU, UC-with unit limitation)

PHYS 0210L. Principles of Physics Laboratory: Electricity and Magnetism
Unit: 1
Formerly known as PHYS 4B (PHYS 210 and 210L, combined)
Prerequisite: Completion of PHYS 205, PHYS 205L, and MATH 31 with grades of "C" or better
Corequisite: Concurrent enrollment in PHYS 210
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 54 laboratory
Laboratory portion of PHYS 210. Electrostatics, AC and DC circuits, magnetism, Maxwell's Equations, electromagnetic waves, and the electric and magnetic properties of matter. The 205-210-215 sequence presents general principles and analytical methods used in physics for physical science and engineering majors. (combined with PHYS 210, C-ID PHYS 210) (CSU, UC-with unit limitation)

PHYS 0210R. Problem Solving for Physics 210
Unit: 1
Formerly known as PHYS 4Y
Corequisite: Concurrent enrollment in PHYS 210
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 18 lecture
Optional problem solving course to accompany PHYS 210. Includes electric forces and fields, electrical potential, capacitors and dielectrics, magnetism, electromagnetic waves, and DC and AC circuits. (CSU, UC-with unit limitation)

PHYS 0215. Principles of Physics: Heat, Waves and Modern Physics
Units: 3
Formerly known as PHYS 4C (PHYS 215 and 215L, combined)
Prerequisite: Completion of PHYS 205, PHYS 205L, and MATH 31 with grades of "C" or better
Corequisite: Concurrent enrollment in PHYS 215L
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 54 lecture
Thermodynamics, kinetic theory of gases, waves, geometrical and physical optics, sound, and modern physics. The 205-210-215 sequence presents general principles and analytical methods used in physics for physical science and engineering majors. (combined with PHYS 215L, C-ID PHYS 215) (CSU, UC-with unit limitation)

PHYS 0215L. Principles of Physics Laboratory: Heat, Waves and Modern Physics
Unit: 1
Formerly known as PHYS 4C (PHYS 215 and 215L, combined)
Prerequisite: Completion of PHYS 205, PHYS 205L, and MATH 31 with grades of "C" or better
Corequisite: Concurrent enrollment in PHYS 215L
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 54 laboratory
Laboratory portion of PHYS 215. Covers topics of thermodynamics, kinetic theory of gases, waves, geometrical and physical optics, sound, and modern physics. (combined with PHYS 215, C-ID PHYS 215) (CSU, UC-with unit limitation)

PHYS 0215R. Problem Solving for Physics 215
Unit: 1
Formerly known as PHYS 4Z
Corequisite: Concurrent enrollment in PHYS 215
Advisory: Eligibility for ENGL 11 strongly recommended
Hours: 18 lecture
Optional problem solving course to accompany PHYS 215. Includes thermodynamics, mechanical waves, optics, and modern physics. (CSU, UC-with unit limitation)
Political Science (POLS)

POLS 0001. American Government  
Units: 3  
Hours: 54 lecture  
Introduction to the principles and problems of the American political system on national, state, and local levels. Includes discussion of constitutions, federalism and executive, legislative, and judicial branches of the government. Other topics include political behavior, elections and parties, interest groups, and the policy making processes that address political issues. (C-ID POLS 110) (CSU, UC)

POLS 0002. Comparative Government  
Units: 3  
Hours: 54 lecture  
Compares the major political systems of selected countries of the world, both autocratic and democratic. Comparison includes the origins and development of governments, their constitutional principles, political cultures and ideologies, institutions, parties, and government policies. (C-ID POLS 130) (CSU, UC)

POLS 0003. International Relations  
Units: 3  
Hours: 54 lecture  
Introduction to the political relations between governments and other global actors. Examination of theories and concepts that help to explain conflict and cooperation in a range of issue areas. (C-ID POLS 140) (CSU, UC)

POLS 0004. Russian and East European Political Systems  
Units: 3  
Hours: 54 lecture  
Comparison of Russian government and politics with that of other Eastern European states. Discussion of the past imperial and communist systems. Focus on social and political actors, decision-making institutions and major policy issues. (C-ID POLS 160) (CSU, UC)

POLS 0005. California Politics and Government  
Units: 3  
Hours: 54 lecture  
An examination of state and local governments and their relations to the federal government. Topics include interest groups, elections and policy issues. (CSU, UC)

POLS 0007. Politics of the Developing World  
Units: 3  
Hours: 54 lecture  
Study of revolution and political changes of selected countries in the Developing World/Global South focusing on historical experiences of European and American imperialism and colonialism. Major emphasis on popular movements of self-determination and conflicts between traditional indigenous values and non-traditional Western ideology. Contemporary case studies include Latin America, Africa, and Asia. (CSU, UC)

POLS 0008. American Foreign Policy  
Units: 3  
Hours: 54 lecture  
Overview of American diplomatic history and the politics of foreign policy formation and implementation. Survey of contemporary international issues confronting the U.S. (CSU, UC)

POLS 0009. Politics of the Middle East  
Units: 3  
Hours: 54 lecture  
An introduction to the politics and political systems of the Middle East. Focuses on the influence of colonialism, nationalism and Islam on forms of government, social turmoil and international conflicts. (CSU, UC)

POLS 0012. Terrorism  
Units: 3  
Hours: 54 lecture  
Overview of terrorism, including history, motives, and political impact. Implications of counterterrorism policies. (CSU, UC)

POLS 0016. Introduction to Political Theory  
Units: 3  
Hours: 54 lecture  
Survey of major political theorists and their analyses of political concepts, such as state of nature, natural law, natural rights, and civil and political society. Examination of various theoretical approaches to politics, exploration of proposed solutions to basic political problems, and analysis of selected political theories and the relevance of theory to contemporary issues, such as environmentalism, feminism, and justice. (C-ID POLS 120) (CSU, UC)

POLS 0017. Introduction to Political Science Research Methods  
Units: 3  
Hours: 54 lecture  
Survey of major political theorists and their analyses of political concepts, such as state of nature, natural law, natural rights, and civil and political society. Examination of various theoretical approaches to politics, exploration of proposed solutions to basic political problems, and analysis of selected political theories and the relevance of theory to contemporary issues, such as environmentalism, feminism, and justice. (C-ID POLS 120) (CSU, UC)

POLS 0018. California Government  
Units: 1  
Hours: 18 lecture  
Introduction to politics and government in California. A survey of state and local institutions and processes. Fulfills California state and local government requirement for students who have taken the equivalent of POLS 0001 outside of California. Not open to students who have completed POLS 0005. (CSU, UC)

POLS 0027. Women and Politics in a Global Society  
Units: 3  
Hours: 54 lecture  
Exploration of past and current influences on the political and legal status of women as well as women's participation in the political process throughout the world. Includes political theory and strategy as it relates to women. (CSU, UC)

POLS 0028. Independent Study  
Units: 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)
POLS 0095. Internship in Political Science  
*Units*: 0.5-4  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

**Psychology (PSYC)**

PSYC 0028. Independent Study  
*Units*: 1-3  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

PSYC 0100. General Principles of Psychology  
*Units*: 3  
Introduction to the scientific study of behavior and mental processes. Focuses on the exploration of major psychological theories and concepts, methods, and research findings in psychology. Topics include the biological bases of behavior, perception, cognition and consciousness, learning, memory, emotion, motivation, development, personality, social psychology, psychological disorders and therapeutic approaches, and applied psychology. (C-ID PSY 110) (CSU, UC)

PSYC 0102. Navigating Psychology: The Major and Careers  
*Unit*: 1  
Prerequisite: Completion of PSYC 100 with grade of "C" or better  
Hours: 18 lecture  
Provides an overview of the discipline of psychology, including expectations for the psychology major, and career options in various areas, such as academic psychology, applied behavior analysis, counseling and mental health, education, industrial-organizational psychology and related fields. Students design plans of study and clarify their career goals through activities such as interviewing a professional in the field of psychology, resume writing, and interviewing. (CSU)

PSYC 0103. Social Psychology  
*Units*: 3  
Formerly known as PSYC 3  
Hours: 54 lecture  
Study of human interaction with emphasis on the individual within a social context. Topics include development of the self, social perception, interpersonal attraction, prejudice and discrimination, attitude change, moral development, altruism, aggression, social influence, power and leadership, and interaction in groups. (C-ID PSY 170) (CSU, UC)

PSYC 0104. Developmental Psychology  
*Units*: 3  
Formerly known as PSYC 4  
Advisory: Completion of PSYC 100 with grade of "C" or better  
Hours: 54 lecture  
An overview of development from conception to death. Includes socioemotional, language and cognitive development, nature versus nurture, attachment, gender role development, and family structures. Examines psychological theories that apply to the lifespan. A multicultural and multiethnic approach is stressed and the differences in child parent interaction are explored in these contexts. (C-ID PSY 180) (CSU, UC)

PSYC 0105. Research Methods in Psychology  
*Units*: 4  
Formerly known as PSYC 5  
Prerequisite: Completion of PSYC 100 with grade of "C" or better; completion of PSYC 142 or MATH 13 with grade of "C" or better  
Advisory: Completion of ENGL 1A with grade of "C" or better  
Hours: 108 (54 lecture, 54 laboratory)  
Introduction to research methodology, experimental design, and hypothesis testing in the behavioral sciences. Includes the execution, analysis (with statistical software), interpretation, and reporting of individual research projects. (C-ID PSY 205B) (CSU, UC)

PSYC 0106. Psychology of Adjustment  
*Units*: 3  
Formerly known as PSYC 6  
Hours: 54 lecture  
Basic theories of personal and social adjustment. Use of psychological principles and methods in adapting to the challenges of life. Topics include self image and self esteem, interpersonal relations, stress management, mental health and illness, and approaches to personal growth. (C-ID PSY 115) (CSU, UC)

PSYC 0107. Abnormal Psychology  
*Units*: 3  
Formerly known as PSYC 7  
Advisory: Completion of PSYC 100 with grade of "C" or better; Eligibility for ENGL 1A and ENGL 11  
Hours: 54 lecture  
Introduction to descriptive psychopathology: the origin, nature, and treatment of psychological and behavioral disorders, including discussion of relevant ethical and diagnostic issues. Major topics include research methods, schizophrenia, anxiety-related disorders, trauma- and stressor-related disorders, depressive disorders, bipolar disorders, obsessive-compulsive and related disorders, personality disorders, eating disorders, substance use and addictive disorders, gender dysphoria, and conflicting models of psychopathology. (C-ID PSY 120) (CSU, UC)

PSYC 0108. Psychology of Death and Dying  
*Units*: 3  
Formerly known as PSYC 8  
Hours: 54 lecture  
An investigation of beliefs, attitudes, and behaviors associated with death, dying and bereavement. Terminal illness, suicide, euthanasia, last rites, legal aspects, death anxiety, cross-cultural beliefs and various philosophical views on the phenomenon of death are explored. (CSU, UC)
PSYC 0110. Psychology of Intimate Relationships and Family
Units: 3
Formerly known as PSYC 10
Also known as HDEV 21
Hours: 54 lecture
Study of the meaning and functions of intimate relationships and family. Consideration given to the nature of commitments, sexuality, alternative relationships, communication, conflict resolution, economics, parenting, crises, and marital separation. Recommended for majors in Human Development and Family and for those in human service careers. (CSU, UC)

PSYC 0127. Psychology of Women
Units: 3
Formerly known as PSYC 27
Hours: 54 lecture
Study of the psychological effects of society upon women including biology, culture, social processes, and personality. Emphasis placed on what it means to grow-up female in different contexts with particular emphasis on the effects of culture, class, and ethnicity. (CSU, UC)

PSYC 0130. Human Sexuality
Units: 3
Formerly known as PSYC 30
Hours: 54 lecture
Overview of human sexuality from birth through adulthood: Covers major topics such as gender, sexual anatomy, sexually-transmitted infections, sexual response and disorders, sexual orientation, sexual coercion, and commercial sex. (C-ID PSY 130) (CSU, UC)

PSYC 0140. Introduction to Biopsychology
Units: 3
Formerly known as PSYC 40
Prerequisite: Completion of PSYC 100 with grade of "C" or better
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
An introduction to biopsychology focusing on the relationship between the nervous system and behavior. Emphasis on physiological, biochemical, and neuroanatomical foundations of behavior and mental processes. Topics include the central nervous system function and its relation to psychoactive drug effects, sensory/perceptual processes, sleep and dreaming, learning phenomena, memory mechanisms, human communication disorders, and abnormal behavior. (C-ID PSY 150) (CSU, UC)

PSYC 0140L. Biopsychology Laboratory
Unit: 1
Formerly known as PSYC 40L
Corequisite: Completion with grade of "C" or better or concurrent enrollment in PSYC 140
Hours: 54 laboratory
This course focuses on the applied study of the nervous system and its connection to behavior. Specific topics include organization of the brain, anatomy and physiology of the neuron and an examination of sensory motor systems and states of consciousness. Students are introduced to sheep brain and cow eye dissection procedures, interactive computer simulation programs and lab experiments including EEG and EMG data collection. (CSU, UC)

PSYC 0142. Introduction to Psychological Statistics
Units: 3
Formerly known as PSYC 42
Prerequisite: Completion of MATH D with grade of "C" or better
Hours: 54 lecture
Statistical procedures used for experimental analysis in the social and behavioral sciences. Descriptive and correlational statistics, parametric and nonparametric inference tests, and current controversies in hypothesis testing. (C-ID MATH 110) (C-ID SOCI 125) (CSU, UC-with unit limitation)

PSYC 0150. Alcohol, Drugs and Society
Units: 3
Formerly known as PSYC 50
Hours: 54 lecture
The use, misuse, and abuse of all major families of psychoactive drugs, including opioids, stimulants, tobacco, marijuana, hallucinogens, alcohol, psychotherapeutic drugs, and sedative-hypnotics. Topics covered include cross-cultural usage, theories of addiction and treatment, government regulation, and mechanisms of drug action. (CSU)

PSYC 0160. Psychology and Film
Units: 3
Formerly known as PSYC 60
Hours: 54 lecture
Analysis of a selection of contemporary films that have played a critical role in shaping and reflecting cultural assumptions and fears. Emphasis on abnormal mental states and processes, social psychology, substance abuse, and ethics. Viewing of films, reading from psychology and psycholinguistics, and discussion included. (CSU, UC)

PSYC 0170. Environmental Psychology
Units: 3
Formerly known as PSYC 70
Hours: 54 lecture
Explores the dynamic relationship between humans and the natural world. Includes psychological research on how behavior impacts the natural environment and how the natural environment impacts behavior. Emphasis is on using this knowledge to promote sustainable practices. (CSU, UC)

PSYC 0180. Cultural Psychology
Units: 3
Prerequisite: Completion of PSYC 100 with grade of "C" or better
Hours: 54 lecture
Examination of psychological principles and theory emphasizing both contemporary and historical research on the influence of culture on human mind and behavior. Topics include the interplay between culture and developmental processes, cognition, emotion, motivation, world-view development, communication, gender, sexuality, health, social behaviors and cultural evolution. (CSU, UC)

Recreation Management (RECM)

RECM 0010. Foundations of Recreation, Parks, and Tourism Management
Units: 3
Hours: 54 lecture
A foundational course focusing on the history, nature, scope and social aspects of leisure services in Western and international cultures. Includes philosophical and ethical issues as well as exploration of possible career paths. (CSU)
RECM 0020. Program Planning and Event Management
Units: 3
Hours: 54 lecture
Theory, delivery systems and processes of program planning, implementation, and evaluation applicable to a variety of public and private agencies. Addresses programs that serve different age groups, interests and needs within a range of environments. Leadership for both professionals and volunteers presented in terms of their relationship to the human services field. (CSU)

RECM 0030. Leadership in Recreation, Parks, and Tourism Management
Units: 3
Hours: 54 lecture
Leadership of recreation activities with emphasis on the social development and integration of individuals into group programs, mechanics of planning, techniques of presentation and a repertoire of social activities as tools of social recreation. (CSU)

RECM 0040. Leisure Aspects of the Hospitality Industry
Units: 3
Hours: 54 lecture
Provide students with tools to review the structure and financial performances of the hospitality industry, food and lodging, resorts, tourism enterprises, attractions, and related operations. Focusing on orientation of customer service, cultural/economic trends, and career opportunities. (CSU)

RECM 0070. Backpacking
Units: 2
Formerly known as PHED 76
Hours: 54 (18 lecture, 36 activity)
Basics of minimum impact camping and wilderness safety with maximum personal comfort and enjoyment. Emphasizes “leave-no-trace” camping skills, wilderness navigation, shelter use and site selection, group dynamics and leadership. Students should be ambulatory and in good physical health to complete the two required backpacking field trips. Camping, entrance, and transportation fees may be required. (CSU, UC-with unit limitation)

RECM 0071. Rock Climbing
Units: 2
Formerly known as PHED 77
Hours: 54 (18 lecture, 36 activity)
Covers various aspects of climbing including: how to use rope systems and other climbing gear safely, how to tie and use various knots, belaying techniques, call signals, balance, climbing techniques, footwork, flexibility, and rappelling. Students should be ambulatory and in good health to complete the required field trips. Entrance and transportation fees may be required. (CSU, UC-with unit limitation)

RECM 0072. Wilderness Survival
Units: 2
Formerly known as PHED 78
Hours: 54 (27 lecture, 27 laboratory)
Designed to enhance the student’s understanding of the outdoors and the natural world. Interactive discussions and experiments involving shelter, water, fire, food, tracking, hazards, and other basic survival skills. Field study required. (CSU)

RECM 0095. Internship in Recreation Management
Units: 0.5-4
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

Rise (RISE)

RISE 0001. First Year Seminar
Units: 3
Hours: 54 lecture
Required first-year experience seminar for RISE students. Introduction to interdisciplinary active reading skills, information literacy, financial literacy, critical thinking, and student success skills. Examines intersectionality and cultural humility as related to student identities, experiences, support, and engagement. (CSU, UC)

Skill Development (SKDV)

SKDV 0001. Techniques of Tutoring
Unit: 1
Formerly known as SKDV 21A
Advisory: Eligibility for ENGL 1A
Hours: 18 lecture
Introduction to learning theories, styles and techniques as related to tutoring. Fundamentals of communication and motivation for effective tutoring. Strategies for planning tutoring sessions. Tutoring techniques and resources for addressing unique student needs. (CSU)

SKDV 0010. How to be a Successful Online Student
Unit: 1
Hours: 18 lecture
Designed to develop the skills for success in the online classroom. Includes defining online learning and uncovering its myths; online readiness; netiquette; learning styles; time management, study habits, goal setting and motivational techniques; the importance of fostering online community; use of emerging technologies including wikis, blogs and VoiceThreads; student services and resources. Exploration of the use of the campus course management system, completion of basic computer tasks and effective use of Internet tools. (CSU)

SKDV 0020. Information Literacy and Research Skills
Unit: 1
Hours: 18 lecture
Development of information literacy skills for academic and personal research. Emphasis on identifying, locating, evaluating and using information resources. (CSU)

SKDV 0028. Independent Study
Units: 1-3
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)
SKDV 0801. Supervised Tutoring  
Units: 0  
Designed to assist students who desire supplemental tutoring or learning assistance in basic skills or academic college-level subjects. Tutorials or learning assistance, or both, are recommended by counselors or instructors for the purpose of developing or augmenting learning by students. Tutorial or learning assistance content is based on student need. Use of tutorial or learning assistance services enrolls students in this non-fee, non-credit course, and does not substitute for any other course or coursework. May be repeated. (noncredit)

Sociology (SOC)

SOC 0001. Introduction to Sociology  
Units: 3  
Hours: 54 lecture  
Sociological analysis of social institutions, social interaction and behavior, collective behavior, social change, deviance, conformity, and social stratification. (C-ID SOCI 110) (CSU, UC)

SOC 0002. Social Problems  
Units: 3  
Advisory: Completion of SOC 1 with grade of "C" or better  
Hours: 54 lecture  
A sociological approach to the study of major social problems, addressing areas such as social stratification and social institutions. Utilizes a critical approach and emphasizes the social construction of social problems. (C-ID SOCI 115) (CSU, UC)

SOC 0003. Race, Ethnicity and Inequality  
Units: 3  
Also known as ETHN 3  
Hours: 54 lecture  
Examines the historical and contemporary impacts of the social constructs of race and ethnicity in the United States. Closely analyzes racial and ethnic inequalities within social institutions such as politics, economics, education, housing, health and medicine, and criminal justice. Explores anti-racist movements, strategies, and practices to eliminate racial and ethnic inequality. (C-ID SOCI 150) (CSU, UC)

SOC 0004. The Family  
Units: 3  
Also known as HDEV 22  
Advisory: Completion of SOC 1 with grade of "C" or better  
Hours: 54 lecture  
A sociological approach to the analysis of the family as a social institution. Of particular interest are the changing structure of family, gender roles, dating, marriage, intimacy, relationships, and parenting. (C-ID SOCI 130) (CSU, UC)

SOC 0005. Sociology of Women's Health  
Units: 3  
Advisory: Completion of ENGL A with grade of "C" or better  
Hours: 54 lecture  
Provides a sociological analysis of health issues that concern women throughout their life course. The impact of physiology, psychology, culture, society, and politics upon women's well-being are addressed using the feminist perspective. (CSU, UC)

SOC 0009. Introduction to Crime, Deviance, and Social Control  
Units: 3  
Advisory: Completion with grade of "C" or better or concurrent enrollment in SOC 1  
Hours: 54 lecture  
Sociological analysis of crime, the criminal justice system, deviance, and mechanisms of social control. Explores the history and social construction of crime, criminality, and deviance. Examines definitions of crime and deviance as well as methods used to control deviant behavior. (C-ID SOCI 160) (CSU, UC)

SOC 0010. Feminism and Social Action  
Units: 3  
Also known as WMST 4  
Advisory: Completion of ENGL N with grade of "C" or better  
Hours: 54 lecture  
Examines sociological underpinnings of social action and explores unique contributions of feminism in challenging traditional gender scripts. Provides an overview of the ways in which women engage in deliberative social action to change the conditions of their lives and of their communities. Emphasizes sociological theory as applied to issues related to the institutions of family, health, religion, employment, sexual harassment, housing, and interpersonal violence. (CSU, UC)

SOC 0015. Introduction to Statistics in Sociology  
Units: 3  
Prerequisite: Completion of intermediate algebra or appropriate placement  
Advisory: Completion with grade of "C" or better or concurrent enrollment in SOC 1  
Hours: 54 lecture  
Application of statistical methods to sociological data. Topics include: descriptive and inferential statistics including levels and types of measurement; measures of central tendency and dispersion; normal, t, and chi-square distributions, probability and hypothesis testing, correlation and regression. Statistical software applied to sociological and/or other social science data. (C-ID SOCI 125) (CSU, UC-with unit limitation)

SOC 0015S. Support for Introduction to Statistics in Sociology  
Unit: 1  
Corequisite: Concurrent enrollment in SOC 15  
Hours: 18 lecture  
Support option covering the core prerequisite skills, competencies, and concepts for Statistics in Sociology. Intended for students who are concurrently enrolled in SOC 15. Topics include concepts from arithmetic, pre-algebra, elementary and intermediate algebra, and descriptive statistics that are needed to understand the basics of college-level statistics. Concepts are taught through the context of sociological data analysis. Strongly recommended for students taking SOC 15 with little or no recent algebra knowledge. (not degree applicable) (pass/no pass grading)

SOC 0024. Introduction to Sociology of Sport  
Units: 3  
Advisory: Completion of or concurrent enrollment in SOC 1  
Hours: 54 lecture  
Introduction to the examination of sport in contemporary society using a sociological approach. Analyzes sport as a social institution and examines sport's interaction with politics, economics, education, religion, gender, race, media, and ethics. Focus on the impact of sport on participants, spectators, and society as a whole. (CSU)
SOC 0027. Sociology of Gender  
*Units: 3*  
*Hours: 54 lecture*  
A cross-cultural comparison of gender roles, gender identities, and sexualities viewed from sociological perspectives. Examines the social construction of gender inequities and the debates on sex and gender. Analyzes the impact of social, cultural, and political factors on gender expectations and practices. (C-ID SOCI 140) (CSU, UC)

SOC 0028. Independent Study  
*Units: 1-3*  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC with unit limitation)

SOC 0047. Introduction to Hip Hop and Social Justice  
*Units: 3*  
Formerly known as SOC 11  
Also known as ETHN 47  
*Hours: 54 lecture*  
Defining Hip Hop as both a noun and a verb, this course takes a critical look at the history, role, and influence of Hip Hop on social reality. Evaluates both the impact Hip Hop has had on culture and the manipulation of Hip Hop within social institutions. Builds a framework of understanding for socio-political and cultural conditions in exploring hip hop as a vehicle to social change and justice. (CSU, UC)

SOC 0095. Internship in Sociology  
*Units: 0.5-4*  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU with unit limitation)

SOC 0110. Introduction to Social Justice  
*Units: 3*  
*Hours: 54 lecture*  
Course focuses on the interdisciplinary study of social justice. Examines social justice movements in the United States in relation to key social groups and identities. Provides a better understanding of the socio-economic, cultural, and political conditions among these key social groups. (C-ID SJS 110) (CSU, UC)

SPAN 0001. Elementary Spanish - Level I  
*Units: 5*  
*Advisory: Eligibility for ENGL 1A*  
*Hours: 90 lecture*  
First of two semesters of Elementary Spanish. A beginning course which offers students practice in speaking, understanding, reading and writing Spanish, along with exploration of cultural aspects of the Spanish-speaking world. Corresponds to two years of high school study. (C-ID SPAN 100) (CSU, UC)

SPAN 0002. Elementary Spanish - Level II  
*Units: 5*  
Prerequisite: Completion of SPAN 1 or two years of high school Spanish with grade(s) of "C" or better  
*Hours: 90 lecture*  
Second of two semesters of Elementary Spanish. Provides further practice in speaking, understanding, reading and writing Spanish, along with exploration of cultural aspects of the Spanish-speaking world. (C-ID SPAN 110) (CSU, UC)

SPAN 0003. Intermediate Spanish - Level I  
*Units: 4*  
Prerequisite: Completion of SPAN 2 or three years of high school Spanish with grade(s) of "C" or better  
*Hours: 72 lecture*  
First of two semesters of Intermediate Spanish. Continued development of grammar, cultural understanding, conversation skills, writing, and reading through the study of grammar and literature. Students will interact with authentic language in a cultural context. (C-ID SPAN 200) (CSU, UC)

SPAN 0004. Intermediate Spanish - Level II  
*Units: 4*  
Prerequisite: Completion of SPAN 3 or four years of high school Spanish with grade(s) of "C" or better  
*Hours: 72 lecture*  
Second of two semesters of Intermediate Spanish. Continued development of grammar, cultural understanding, conversation skills, writing, and reading through the study of grammar and literature. Students will interact with authentic language in a cultural context. (C-ID SPAN 210) (CSU, UC)

SPAN 0017. Intermediate Conversational Spanish  
*Units: 3*  
*Prerequisite: Completion of SPAN 2 or three years of high school Spanish with grade(s) of "C" or better*  
*Hours: 54 lecture*  
Develops increasingly complex language abilities through new vocabulary and more advanced grammatical structures. Emphasizes oral communication, grammatical, reading, and writing skills at the intermediate level, and further explores cultural customs. (CSU, UC)

SPAN 0019. Spanish for Public Safety  
*Units: 3*  
*Hours: 54 lecture*  
Introductory course in Spanish designed for students whose professional careers take them to the Public Safety field. This course will provide students with the basic necessary skills to establish a conversation and handle situations with the Spanish-speaking public. (CSU)
SPAN 0020. Spanish for the Healthcare Professions
Units: 3
Prerequisite: Completion of SPAN 2 or three years of high school Spanish with grade(s) of "C" or better
Hours: 54 lecture

Spanish for the Healthcare Professions is designed for students whose professional careers and personal interest take them to the healthcare field. Course emphasizes the use of Spanish-speaking patients and their families. Students develop basic and intermediate skills in the target language to carry on medical/nursing functions or tasks. Helpful for students who have a basic knowledge of Spanish whose goal is to apply the target language to a healthcare setting. (CSU)

SPAN 0028. Independent Study
Units: 1-3

Theatre Arts (THEA)

THEA 0010A. Acting I
Units: 3
Formerly known as DRMA 10A
Hours: 72 (36 lecture, 36 activity)
Analysis and practice of acting techniques focusing on volume and diction, breathing, posture, stage movement and positioning, gestures and listening. Practice of character interpretation and expression through improvisation, selected scenes and monologues. (C-ID THTR 151) (CSU, UC)

THEA 0010B. Acting II
Units: 3
Formerly known as DRMA 10B
Prerequisite: Completion of THEA 10A with grade of "C" or better
Hours: 72 (36 lecture, 36 activity)
Analysis and practice of acting techniques focusing on approach to character development with particular emphasis on the realistic convention. Activities include one or more acting projects, as well as work on both contemporary and classical monologues and scenes. (C-ID THTR 152) (CSU, UC)

THEA 0011. Stage Movement
Units: 3
Formerly known as DRMA 11
Hours: 72 (36 lecture, 36 activity)
Analysis and practice of movement styles used in the theatre; basic movement, control, relaxation, and interpretation. Character development through physical exploration and scene study. (CSU, UC)

THEA 0013. Introduction to Theatre
Units: 3
Formerly known as DRMA 13
Hours: 54 lecture
Addresses the impact of theatre as it mirrors the human condition. Covers the social and political impact in the major historical periods, styles, and genres of theatre demonstrated by procedures, production practices, and contributions of significant individual artists, such as playwrights, actors, designers, and directors. Course is open to both majors and non-majors interested in acquiring a critical understanding and appreciation of theatre as a performing art. Required theatre production attendance. (C-ID THTR 111) (CSU, UC)

THEA 0014. Stagecraft
Units: 3
Formerly known as DRMA 14
Hours: 90 (18 lecture, 72 activity)
Covers set construction for main stage productions. Students study tools, hardware, painting, and learn proper construction techniques. Fundamentals of rigging and machinery and how to mount and shift stage scenery are also included. (C-ID THTR 171) (CSU, UC)

THEA 0015. Stage Lighting
Units: 3
Formerly known as DRMA 15
Hours: 90 (18 lecture, 72 activity)
Covers basic principles of color, light sources and instruments, electricity, how to hang, do circuiting, create a cue sheet, lighting plot, and design elements for stage lighting to run a theatrical production. (C-ID THTR 173) (CSU, UC)

THEA 0016A. Costume History
Units: 3
Formerly known as DRMA 16A
Hours: 54 lecture
Study of costumes from the Greek period to the present, with an emphasis on the use of historical costumes for the stage. Period costume design projects examined. Designed for both Theatre Arts majors and non-majors who are interested in acquiring an appreciation for and the terminology of apparel through history. (CSU, UC)

THEA 0016B. Costume Construction
Units: 3
Formerly known as DRMA 16B
Hours: 90 (18 lecture, 72 activity)
Study and implementation of costume construction techniques, from pattern drafting and fabric selection to sewing, serging, fitting, draping, and dyeing. (CSU, UC)

THEA 0017. Stage Makeup
Units: 3
Formerly known as DRMA 17
Hours: 90 (18 lecture, 72 activity)
Theory and practical application of stage make-up and prosthetics. Projects include facial structure alterations, "old age," character, supernatural and various faux injuries. Discussion and critique of student projects. (C-ID THTR 175) (CSU, UC)

THEA 0018. Acting for Musical Theatre
Units: 3
Prerequisite: Completion of MUS 10 with grade of "C" or better or permission from instructor following audition
Advise: Completion of THEA 10A or MUS 39A with grade of "C" or better or at least one year of private vocal lessons
Hours: 72 (36 lecture, 36 activity)
Requisite acting techniques to be successful in performing in a Broadway style musical. While the focus of the course is on acting, proper techniques in singing and movement will also be included. Students will practice and perform solos and duets. Dance or heavy movement are not emphasized in this course. (CSU, UC)
THEA 0019A. Stage Properties
Units: 3
Formerly known as DRMA 19A
Hours: 90 (18 lecture, 72 activity)
Covers basic skills to create stage properties through a variety of construction and acquisition methods including locating, procuring, and fabricating specialized props for main stage productions. Students examine ways to utilize common, unusual and specialized materials. Includes period research for prop implementation and identification. (CSU, UC)

THEA 0019B. Scenic Painting
Units: 3
Formerly known as DRMA 19B
Hours: 90 (18 lecture, 72 activity)
Study of scenic painting practices and standards including mixing and matching paints, implementing various painting techniques, and utilizing specialized and experimental materials and tools for practical use in theatrical productions. (CSU, UC)

THEA 0021. Script Analysis
Units: 3
Formerly known as DRMA 21
Hours: 54 lecture
Introduces Dramatic Arts Majors and other students to the fundamental techniques of script analysis. Focus on students' ability to interpret and describe concepts and ideas related to historical and contemporary dramatic literature. Emphasis on development of techniques of script analysis specific to use in acting, directing, design, and critical and social analysis. (C-ID THTR 114) (CSU, UC)

THEA 0022A. Production Crew I
Units: 2
Formerly known as DRMA 22A
Hours: 80 activity
Participation in a college production as a technical assistant, assistant to the designer, or crew member. Focus on one or more of the following areas during the development of the play: scenery building and painting, stage lighting, make-up, costuming, stage operations, publicity, and/or house management. (C-ID THTR 192) (CSU, UC)

THEA 0022B. Production Crew II
Units: 2
Formerly known as DRMA 22B
Prerequisite: Completion of THEA 22A with grade of "C" or better
Hours: 80 activity
Provides an opportunity for students to participate in a college production as a member of the technical crew or production staff at an intermediate level of responsibility. Focus on one or more of the following areas during the development of the play: scenery building and painting, stage lighting, make-up, costuming, stage operations, publicity, and/or house management. (C-ID THTR 192) (CSU, UC)

THEA 0022C. Production Crew III
Units: 2
Formerly known as DRMA 22C
Prerequisite: Completion of THEA 22B with grade of "C" or better
Hours: 80 activity
Provides an opportunity for students to participate in a college production in an intermediate leadership level as a member of the production crew. Focus on one or more of the following areas during the development of the play: scenery building and painting, stage lighting, make-up, costuming, stage operations, theatrical design, stage management, publicity, and/or house management. (C-ID THTR 192) (CSU, UC)

THEA 0022D. Production Crew IV
Units: 2
Formerly known as DRMA 22D
Prerequisite: Completion of THEA 22C with grade of "C" or better
Hours: 80 activity
Provides an opportunity to participate at an advanced leadership level as a member of the production crew, technical staff or design team of a college production. Focus on one or more of the following areas during the development of the play: scenery, lighting, make-up, costuming, stage operations, stage management, publicity, and/or house management. (C-ID THTR 192) (CSU, UC)

THEA 0023A. Rehearsal and Performance - Cast I
Units: 3
Formerly known as DRMA 12B, DRMA 23A
Hours: 120 activity
The first of four courses that provides an opportunity for students to perform in their first role in a Sierra College production as a member of the cast. Students develop fundamental rehearsal and performance techniques. All actors are required to audition for roles. Acceptance into the class is determined on being cast in the production. (C-ID THTR 191) (CSU, UC)

THEA 0023B. Rehearsal and Performance - Cast II
Units: 3
Formerly known as DRMA 23B
Prerequisite: Completion of THEA 23A with grade of "C" or better
Hours: 120 activity
The second of four courses that provides an opportunity for students to perform in their second role in a Sierra College production as a member of the cast. Students investigate more sophisticated performance techniques as well as develop intermediate approaches to script analysis and characterization. All actors are required to audition for roles. Acceptance into the class is dependent upon being cast in the production. (C-ID THTR 191) (CSU, UC)

THEA 0023C. Rehearsal and Performance - Cast III
Units: 3
Formerly known as DRMA 23C
Prerequisite: Completion of THEA 23B with grade of "C" or better
Hours: 120 activity
The third of four courses that provides an opportunity for students to perform in their third role in a Sierra college production as a member of the cast. Students apply increasingly advanced rehearsal and performance techniques to the study of characters with great complexity and depth. All actors are required to audition for roles. Acceptance into the class is determined on being cast in the production. (C-ID THTR 191) (CSU, UC)

THEA 0023D. Rehearsal and Performance - Cast IV
Units: 3
Formerly known as DRMA 23D
Prerequisite: Completion of THEA 23C with grade of "C" or better
Hours: 120 activity
The fourth of four courses that provides an opportunity for students to perform in their fourth role in a Sierra College production as a member of the cast. Students apply an advanced skill set of acting techniques toward rehearsal and performance, and will be expected to chart in detail with critical analysis of the process from page to stage. This will include background research of their character, the playwright, reviews, and previous productions. All actors are required to audition for roles. Acceptance into the class is determined on being cast in the production. (C-ID THTR 191) (CSU, UC)
THEA 0024. Stage Management  
Units: 3  
Advisory: Completion of THEA 22A with grade of "C" or better  
Hours: 90 (18 lecture, 72 activity)  
Introduces students to the step-by-step process of stage managing a full-scale, live theatrical production. Students will learn the requisite pre-production, post-production, and performance day responsibilities in order to effectively manage the production. Skills acquired for this course include methods of communication with director, designers, cast and crew in a leadership position, writing rehearsal reports, monitoring rehearsals, and posting adjustments to the rehearsal schedule, running paper tech, cue-to-cue rehearsals, and calling cues for the performance over headset. (C-ID THTR 192) (CSU, UC)

THEA 0028. Independent Study  
Units: 1-3  
Formerly known as DRMA 28  
Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU, UC-with unit limitation)

THEA 0029. One Act Workshop  
Units: 3  
Hours: 81 (27 lecture, 54 activity)  
Students will learn the basic requirements for mounting a one-act play from the perspectives of the director, backstage crew and actor. Classes will include lecture and rehearsal time culminating in a public performance of a one-act play. (CSU)

THEA 0095. Internship in Theatre Arts  
Units: 0.5-4  
Formerly known as DRMA 95  
Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU with unit limitation)

THEA 0809. Selected Topics in Film Studies  
Units: 0  
Formerly known as DRMA 809  
Hours: 8 to 54 lecture as scheduled  
Course designed for older adults. Introduction to a series of films examined for originality, creative virtuosity, impact, structure, and direction. Selected films illustrate a specific dimension of film genre. Genres change with each offering. May be repeated. (noncredit)
WELD 0003B. Gas Tungsten Arc Welding (TIG) - Career Path  
Units: 2  
Formerly known as WELD 50  
Prerequisite: Completion of WELD 3A with grade of "C" or better  
Advisory: Completion of WELD 1A with grade of "C" or better  
Hours: 72 (18 lecture, 72 laboratory)  
Tungsten Inert Gas Welding methods and techniques used to weld carbon steel, stainless, aluminum, and alloy steels. Instruction in equipment setup for different metals, filler selection, material identification, and welding techniques using Gas Tungsten Arc Welding. Laboratory exercises include multiple positions of fillet and groove welds with carbon steel, stainless steel and aluminum assignments on sheet materials and techniques as applied in tubing or pipe. (CSU)

WELD 0004. Welding Operator Orientation  
Units: 0.5  
Prerequisite: Completion of WELD 2A and 5A with grades of "C" or better  
Hours: 9 lecture  
Orientation course to prepare students for enrollment in WELD 84 (pass/no pass grading) (not transferable)

WELD 0005A. Introduction to Shielded Metal Arc Welding (SMAW) - Career Path  
Units: 2  
Formerly known as WELD 20  
Advisory: Concurrent enrollment in WELD 1A or previous welding experience  
Hours: 72 (18 lecture, 54 laboratory)  
An introduction to the principles of shielded metal arc welding (SMAW), setup/use of SMAW equipment, and safe use of tools and equipment including oxyacetylene cutting. Provides instruction in welding carbon steel weld joints in various positions. This is a required foundation welding technology course for students who wish to pursue a career in structural or pipe welding outdoors at various construction sites. (C-ID WELD 101X) (not transferable)

WELD 0005B. Intermediate Shielded Metal Arc Welding (SMAW) - Career Path  
Units: 2  
Formerly known as WELD 25  
Prerequisite: Completion of WELD 5B with grade of "C" or better  
Hours: 72 (18 lecture, 54 laboratory)  
Students expand on knowledge and skills gained to perform structural plate welding using Shielded Metal Arc Welding (SMAW or Stick). Oxyacetylene Cutting (OAC) and Air Carbon Arc Cutting (CAC-A) are also performed. Intended as an intermediate level welding course for students following a career path in structural or pipe welding fields. Students are advised that WELD 5A and WELD 5B can be taken at the same time. (not transferable)

WELD 0005C. Structural Steel Welding Certification  
Unit: 1  
Formerly known as WELD 80  
Prerequisite: Completion of WELD 5B and WELD 2A with grades of "C" or better  
Advisory: Students must be competent in vertical and overhead position welding using certification welding processes of SMAW, FCAW-G and FCAW-S  
Hours: 42 (6 lecture, 36 laboratory)  
Designed to certify the welder within the guidelines of American Welding Society (AWS) Structural Steel Code D1.1. Focus on manipulative skill development with SMAW E-7018 in 4G and 3G, FCAW-G in 3G and FCAW-S in 3G and 4G in preparation for the actual certification test. (not transferable)

WELD 0011. Welding Metallurgy  
Units: 3  
Formerly known as WELD 60  
Prerequisite: Completion of WELD 2A, WELD 3A or WELD 5A with grade of "C" or better  
Hours: 90 (36 lecture, 54 laboratory)  
Exploration of the production and properties of ferrous metals used in the welding industry. The chemical and physical properties of metals, crystallization, and theoretical concepts of alloying. Laboratory experiments in metal identification, hardness and destructive testing, heat treating, sample preparation, and microphotography. (CSU)

WELD 0015A. Shielded Metal Arc Welding on Pipe  
Units: 2  
Formerly known as WELD 30  
Prerequisite: Completion of WELD 5B with grade of "C" or better  
Hours: 72 (18 lecture, 54 laboratory)  

WELD 0015B. Pipe Welding Certification - Uphill  
Unit: 1.5  
Formerly known as WELD 82  
Prerequisite: Completion of WELD 15A with grade of "C" or better and completion with grade of "C" or better or concurrent enrollment in WELD 5C  
Advisory: Students must be competent in horizontal, vertical and overhead position welding with open root groove joints using the welding processes of SMAW; if GTAW root pass certification is the goal, WELD 3B skill set competency for GTAW is also needed  
Hours: 54 (14 lecture, 40 laboratory)  
Designed to certify the welder within the guidelines of Section IX of the American Society of Mechanical Engineers (ASME) Boiler and Pressure Vessel Code, or the American Petroleum Institute (API) Standard 1104 Welding of Pipelines and Related Facilities. Focus on manipulative skill development using SMAW, GTAW and GMAW processes in preparation for the actual certification test. (CSU)
WELD 0015C. Pipe Welding Certification - Downhill

Units: 0.5

Formerly known as WELD 83
Prerequisite: Completion with grade of "C" or better or concurrent enrollment in WELD 15B
Advisory: Student must be competent in SMAW pipe welding with E-6010 electrode in positions of 2G, 5G and 6G
Hours: 36 (5 lecture, 31 laboratory)
Downhill pipe welding to prepare to qualify within the guidelines of American Petroleum Institute - welding of cross-country pipelines. Focus on manipulative skill development in preparation for certification test using downhill techniques. (not transferable)

WELD 0028. Independent Study

Units: 1-3

Designed for students interested in furthering their knowledge at an independent study level in an area where no specific curriculum offering is currently available. Independent study might include, but is not limited to, research papers, special subject area projects, and research projects. See Independent Study page in catalog. (CSU)

WELD 0095. Internship in Welding Technology

Units: 0.5-4

Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)

WMST 0001. Introduction to Women's Studies

Units: 3

Prerequisite: Eligibility for ENGL N
Hours: 54 lecture
Introduction to the origins, purpose and methods of Women's Studies. The subject matter will explore a wide range of social issues affecting women of diverse backgrounds and identities. Gender will be studied as it intersects with race, ethnicity, sexuality, class, dis/ability, age, religion, nationality and other systems of difference. (C-ID SJS 120) (CSU, UC)

WMST 0002. Introduction to LGBT Studies/Queer Theory

Units: 3

Also known as LGBT 1
Advisory: Eligibility for ENGL 1A
Hours: 54 lecture
A broad and general exploration of Lesbian, Gay, Bisexual, Transgender, Queer Studies and its relationship to Feminism. Emphasis on Sexual Orientation/Gender Identity and Expression and their intersections with Race/Ethnicity, Class, the LGBT Rights movement in the United States and globally. (C-ID SJS 130) (CSU, UC)

WMST 0003. Introduction to Women, Gender and Religion

Units: 3

Also known as HUM 9
Hours: 54 lecture
Religion from a feminist perspective through a cross-cultural examination of major religious traditions of the East and West, as well as tribal faith practices. Emphasis on the historical role of women and gender in rituals, sacred texts, institutional structures, doctrine and religious iconography with respect to the impact on contemporary women regarding faith, politics and identity. (CSU, UC)

WMST 0004. Feminism and Social Action

Units: 3

Also known as SOC 10
Advisory: Completion of ENGL N with grade of "C" or better
Hours: 54 lecture
Examines sociological underpinnings of social action and explores unique contributions of feminism in challenging traditional gender scripts. Provides an overview of the ways in which women engage in deliberative social action to change the conditions of their lives and of their communities. Emphasizes sociological theory as applied to issues related to the institutions of family, health, religion, employment, sexual harassment, housing, and interpersonal violence. (CSU, UC)

WMST 0095. Internship in Women and Gender Studies

Units: 0.5-4

Designed for advanced students to work in an area related to their educational or occupational goal. Provides new on-the-job technical training under the direction of a worksite supervisor, allowing students to expand knowledge and skills in the chosen field. Mandatory orientation session and faculty approval to determine eligibility. One unit of credit is equal to each 60 hours of non-paid work, or each 75 hours of paid work. Students may earn up to a total of 16 units in internship courses (any course numbered 95 and PDEV 94). (CSU-with unit limitation)
