

CALIFORNIA GENERAL EDUCATION TRANSFER CURRICULUM (CAL-GETC) CERTIFICATION

Students transferring to a California State University (CSU) or University of California (UC) campus have the option of completing the California General Education Transfer Curriculum (Cal-GETC) (<http://catalog.sierracollege.edu/student-resources/general-education/california-general-education-transfer-curriculum-cal-getc/>) pattern to meet lower-division general education requirements. It is strongly recommended that students complete the Cal-GETC pattern prior to transfer, if possible.

Courses used for Cal-GETC certification must be completed with a minimum grade of "C" ("C-" is not acceptable), or "P" if completed on a "Pass/No Pass" basis.

Upon transfer to a CSU campus, students must take nine semester units of upper-division general education courses.

Upper-division general education requirements vary between UC campuses.

Students may use certain Advanced Placement (AP) examinations with scores of 3 or higher to meet areas of Cal-GETC. Certain International Baccalaureate (IB) examinations with scores of 5 or higher may be used to meet areas of Cal-GETC.

Non-California Community College coursework must be accredited through an approved accrediting organization (formerly known as Regional Accreditors).

International coursework cannot be used to meet Cal-GETC requirements unless it is accredited through an approved accrediting organization (formerly known as Regional Accreditors).

The following are approved accreditors:

- Accrediting Commission for Community and Junior Colleges (ACCJC)
Western Association of Schools and Colleges
- Higher Learning Commission (HLC)
- Middle States Commission on Higher Education (MSCHE)
- New England Commission of Higher Education (NECHE)
- Northwest Commission on Colleges and Universities (NWCCU)
- Southern Association of Colleges and Schools Commission on Colleges (SACSCOC)
- WASC Senior College and University Commission (WSCUC)

Although other international courses may be accepted by four-year universities, evaluation of such courses is determined independently by each transfer institution.

California Community College Cal-GETC courses are approved annually for each upcoming academic year. If a course is taken before it is approved or after it is removed, it cannot be used to satisfy Cal-GETC. The Cal-GETC course lists for all California Community Colleges are available at www.assist.org (<http://www.assist.org/>).

Students must request that a Cal-GETC Certification be sent to the transfer institution along with the final Sierra College transcript.

Students pursuing majors with extensive lower-division unit requirements, including, but not limited to Engineering, are advised to focus on completing the pre-major requirements while meeting minimum admission requirements.

See a counselor for more information about Cal-GETC.
